Former Library Head Succumbs In Florida

Miss Elizabeth Howard West, 74, former librarian at Tech, died Saturday at the home of a sister, Mrs. R. P. Reese of 1511 Brainard street, Pensacola, Florida.

Beard Growers Exhibit Ability For Dead Week

A rejuvenated dead week program highlighted by a beard growing contest was being planned in the boys dormitories this week.

Old Lady Praises Tech's Generosity

A letter addressed to "The heart of the West, Texas Tech," was delivered to the Toreador this week. The letter, signed by "An old Lady friend" was an expression of gratitude to some Tech organization which had delivered gifts to her home Christmas.

W. Albert Noyes Picture Presented By Weymouth

A framed picture of W. Albert Noyes, Jr., president of the American Chemistry society and professor at the University of Rochester, has been presented to the college by Chanslor E. Weymouth, treasurer of the Tech Board of Directors.

Officers For Press Club Named At Tuesday Meeting

Aubrey L. Shouse, senior journalism major from Merkel, Okla., was elected president of the Press club. Other officers elected include: Bob Lilly, first vice-president; Billy Carpenter, second vice-president; Clint Formby, parliamentary; Mary Ellen Duffy, secretary; Betty Ramsey, treasurer; Jan Blackwell, sergeant-at-arms.

Damage Is Slight From Two Fires At Tech Tuesday

Campus has five fires in past seven months. Damage was slight in two fires which local firemen extinguished on the campus Tuesday afternoon, college officials said.

Stassen's Speech Date Changed

Date of former Minnesota Gov. Harold Stassen's visit to Lubbock, including a speech at Tech convocation in the gym from 11 to 11:45 a. m., has been moved up to Monday, Jan. 19.

Exam Schedule Not Available

Final examination schedule was not available for publication this week and may not be ready for next Friday's Toreador, which will be the last of the semester.

Stainbrook Article On Fossils Draws Wide Acclaim

An article by Dr. Merrill A. Stainbrook on fossils discovered in the Percha shale formations in New Mexico and Arizona, recently published in the Journal of Paleontology, has attracted international attention.

Miss Lewis To Discuss Experience As Warder Of Federal Penitentiary

An unusual program on social service will be presented at 2 p. m. Sunday in the Aggie auditorium when Fireside Forum presents Miss Quannah Lewis, English instructor and former custodial officer of the Federal Industrial Institution for Women at Alderson, West Virginia.

Exam Schedule Not Available

Final examination schedule was not available for publication this week and may not be ready for next Friday's Toreador, which will be the last of the semester.

Dr. And Mrs. William Gates Will Return Next September

Dr. and Mrs. William Bryan Gates, former Tech faculty members, will return to the college faculty in September, 1948, President W. M. Whyburn announced.

President Whyburn Speaks At College Station Meeting

Dr. W. M. Whyburn, Tech president, will speak on "Contributions of Colleges to a Stable Agriculture" at a dinner today in College Station during the twenty-first annual meeting of the Texas Agricultural Workers association.

Dr. Whyburn Breaks Ground For Naval Armory On Campus

NAVAL RESERVE ARMORY CONSTRUCTION STARTED—Pres. W. M. Whyburn, center, wielding the shovel, presided at informal ground-breaking ceremonies Tuesday morning for the \$127,780 Naval Reserve armory to be constructed southeast of the old football stadium.

English Instructor On Fireside Forum

Miss Lewis To Discuss Experience As Warder Of Federal Penitentiary

Miss Lewis is Tech Ex. Miss Lewis, who holds a BA degree from the University of Oklahoma and an MA from Tech in English, has attracted international attention.

Exam Schedule Not Available

Final examination schedule was not available for publication this week and may not be ready for next Friday's Toreador, which will be the last of the semester.

No Bottlenecks, Please

During the past few months, intensive study has been given to registration problems by many college officials. To the student eye, the greatest handicap is lengthy lines, and officials have spent much of their time devising methods of eliminating those numerous sore spots. Although final registration plans have not been released, the tentative schedule shows a saving of many hours which Techsans formerly spent standing in lines. And as the officials work to speed registration, they would do well to alleviate the last, and worst, line. A college administrator has disclosed that one department has, up to the present time, refused to allow a change in the distribution of activity tickets. As you will recall, there was only one person giving activity cards at last fall's registration, and while her duty with each student was brief, there was a continuous lengthy line to her desk. Such a situation, if repeated next month, is inexcusable.

Distribution of verbal orchids on registration must be withheld until the last student has bought his books and is ready for class. Only then will it be known if the IBM machines will be great registration aids; if the bookstore can capably serve all the students; and if lines have been shortened to an irreducible minimum.

Strictly G. I.

Vets To Pre-Register
First step in spring registration for Tech veterans will begin Monday in Ad-110, H. A. Anderson, veterans coordinator, has announced. Veterans will begin drawing requisition books and paying fees according to the following alphabetical schedule.

Monday, A-C; Tuesday, D-H; Wednesday, I-M; Thursday, N-S; Friday, S-Z.
Anderson stated that the above schedule should be strictly observed to avoid congestion, and that pre-registration would not be conducted for veterans other than those who abide by the above schedule.

Change in Training Status
Notice of change of training status should be executed and submitted immediately for veterans who plan to discontinue training at the end of this semester, Anderson said. Vets who plan to pay their own way next year as well as those who are sure they will not be in school next semester should report to James R. Gammill, training spe-

Dowell Elected President Of FFA For Spring Term

G. S. Dowell, senior from Wichita Falls, has been elected president of the Texas Tech Collegiate chapter of the Future Farmers of America. Election of officers for the spring semester was held Monday night.

Other officers include Tyson Eubanks, vice president; Carrol Wilson, secretary; John Johnson, treasurer; Robert Cox, reporter; Phillip Wynn, sentinel; J. O. Lumsden, parliamentarian; and W. E. McGlothlin, historian.

Next meeting of FFA will be held Feb. 9, Cox said.

Finalist in the veterans training center or to Ad-110 prior to the week of Jan. 26, Anderson said.

GI Insurance Deadline Extended
Veterans wishing to reinstate their GI insurance may do so now, according to the Veterans administration. Deadline for reinstating GI insurance without a physical exam has been extended from Dec. 31, 1947, to July 31, 1948, it was announced.

Sun Bowl Aftermath

Take me back to Lubbock!—hic!

From Where You Sit

Dear Editor:

I am a pessimist. Little things like the Russian situation and Tech's chances for an undefeated football season next year are worried about by too many people.

I choose to believe that:

- (1) Something is rotten in the state of Denmark;
- (2) A rose is a rose is a rose is a rose;
- (3) There's a pigeon in the grass, alas.

Another thing (which you don't hear much about now) is this fix UT and A&M got into. You might even say they did it with their eyes open.

A couple of years ago, Rep. Preston Smith wanted those two colleges to acquire and permit the legislature to split the income from the permanent university fund with Tech and the other state colleges. Now if you don't understand what the permanent fund is, that makes 183 of us—you, me and 181 state legislators.

While UT and A&M didn't think there was enough money from the permanent fund investments, they were very generous and decided to let the taxpayers help Tech and the 13 other state supported colleges.

And they tried their best. Remember that amendment passed last summer, which is being contested in the courts? Why, it would give Tech seven million dollars, and the rest of these 13 schools would each get a bucketful of money.

And do you know what UT and A&M got from it? Being fair and just (as exemplified by the lawyers and politicians, doctors and horse-doctors, press agents and playboys who have gone to school there) they offered Tech more than its share—which fact came to me from a propaganda release. Although their combined enrollment is more than three times that of Tech's, they are taking only twice as much money, it says here.

They're a nice bunch of boys and I'm sorry for them.

DEAN ELECTED PREXY

R. A. Dean, senior from Hamlin, was elected president of the Society of Petroleum Engineers and Geologists Monday night, succeeding Joe Lockett, fall semester president who resigned. Joe Pevehouse, junior from Lubbock, was elected treasurer, succeeding John Eyers, who will complete his degree work this semester, Lockett said.

Centaur Formal, Ko Shari Dinner, Military Dance Highlight Weekend

Weekend activities will feature a Centaur formal dance, S.A.M.E. dinner dance, and Ko Shari dinner.

Members of the Society of American Military Engineers and dates will attend a dinner and dance at 8 o'clock tonight in the old Mexican Inn. Lt. Edward Lindsey and Lt. Col. and Mrs. L. C. Adams will be special guests. Several prospective members and dates have also been invited.

A New Year's party will be from 8 to 10 tonight in the Rec hall. No more dances have been scheduled until Feb. 6, Francis Bearden, director, said.

Centaur's will honor new members and pledges with a formal

Christmas Cards Woven of Fabric

Unusual in the Christmas card field were the fabric greetings woven by senior textile engineering students at Tech.

Fashioned of white cotton warp with rayon filling in shades of red, green, gold and blue, the design showed a shuttle and bobbin with thread from the bobbin forming the script words, "Merry Xmas." The fabric squares measured about eight inches on a side.

All students used the same central design, but each threaded the complicated Jacquard loom to weave his own name at the bottom of his personal greeting cards.

Tech Meets Arizona U. Tonight; Try For Third Conference Win

Defending Champs Boast Many Stars

Arizona's conference champion Wildcats, and favorites to repeat, tangle with a Red Raider quintet that has been tagged as a dark-horse for the Border loop crown at 8 p. m. tonight in Tech gym. The Arizona crew has completed an eastern tour on which they played some of the leading cage powers in the nation.

Coach Fred Enke's powerful Wildcats have scored early season upsets over the highly-rated Baylor Bears (62-54) and Loyola of Los Angeles (60-49). Enke has most of the men back this year that lost in the first round of last season's national tourney to Kentucky university, tournament winners, 77-53 in Madison Square Garden.

Richmond Leads Wildcats
Arizona is paced by Linc Richmond, all-conference forward the past two seasons, all-Southwest last spring and leading conference scorer in 1946-47. Richmond has been unable to play in early season games due to a knee injury and operation resulting from football, but may be able to go by tonight. He averaged 17.8 points a game through 24 contests last year.

Fred Enke Jr. at guard is also a two time all-conference performer for the Wildcats. Enke is son of the Arizona basketball coach and this year received national recognition as a football player. He is equally adept at basketball.

Junior Crum plays center for Coach Enke and was named to the all-conference second team last year. Crum is a strong rebound artist and dependable pivot man. He scored 212 points last year to rank behind Richmond on the Arizona squad.

Man For Man Defense Used

The Arizona team uses the western wide-open style of play, employing the fast break offense trimmed to breathless speed all over the court," according to Don Phillips, athletic publicity director for the University of Arizona. They use a pivot post and utilize a shifting man for man defense much the same as the Red Raiders.

Arizona has played 10 games this season. Of these they have won six and lost three with one score unknown. Their season record: Arizona 55, Alumni Stars 42; Arizona 66, Alumni Stars 57; Arizona 62, Baylor 54; Arizona 60, Loyola (Los Angeles) 49; Arizona 60, San Diego St. Coll. 44; Arizona 70, St. Francis 79; Arizona 61, St. Joseph's 57; Arizona 50, Canisius 59; and Arizona 51, Duquesne 54.

Tech Fencers Duel With J-TAC Team

Tech fencers will meet their coach of last year, George Beakley, in competition at the Amateur Fencing League of America in their first meet of the season at John Tarleton Agricultural college in Stephenville tomorrow.

By a vote of all opponents Tech will enter only one three-man team in matches this season. The fencing Raiders won first and second place in this region under Beakley last year.

Coach Keith Wells says that his team will be weak in foils due to the absence of three of his top fencers. Jack Carnell, sophomore, will be unable to go; Jack Drain, sophomore, and Richard Dickey, junior, are both sick. Ten men who will attend the meet include: Keith Wells, coach; Harry Gunn, sophomore; R. L. Shannon, freshman; Sammy Self, sophomore; Mark Smith, sophomore; A. G. Lee, freshman; H. D. Lewis, freshman; Maurice Shaw, sophomore; Ted Powell, freshman; C. R. Barton, freshman.

Last Saturday Tech placed second and third in the North Texas competition in foils for the Wilkinson trophy. Beakley of Tarleton, placed first, Jack Carnell of Tech second, and Mark Smith of Tech third. These three men will compete later with the winners of the South Texas meet and three men from Colorado. Winners will compose a three-man team which will compete for the Wilkinson trophy in New York next spring.

Independent Loop Lead By Polecats

In the Independent basketball league the Polecats downed the Elks Monday by a 38-10 count. James Holleman and Fareed Farha led the Polecats with 10 points each, while Wayne McCarty led the Elks with 4 points. The Lazy Five beat the Red Shirts 33-20. Glen Johnson scored 12 points for the Lazy Five while Tommy Hewitt was runner-up with 10 points. LeRoy Ogden led the Red Shirts with 6 points.

Standings	W	L
Polecats	2	0
Hatchers Hatchers	1	0
Dusters	1	0
Lazy Five	1	1
Red Shirts	0	1
Press Bulls	0	1
Elks	0	2
Railroom Weevils	0	0

Game schedules for next week are: 7 p. m. Monday, January 12, 1948, Dusters vs. Hatchers; Lazy Five vs. Press Bulls.

Omer Jordan, West Texas State end, and Jack Ellison, Hardin-Simmons guard, both placed on a recently published Little-All-America team. Jordan was on the third team and Ellison on the second.

RED RAIDER MAINSTAY — Don Grove, tall Tech center who has met all opposition and asked no quarter as the Tech quintet rolled over conference opponents and bounced through a couple of not so good road trips. The tall fellow hails from Monument, N. M. This is also the home of another Tech stalwart, Jiggs Jackson.

Knats Out Front In Dorm League

Four games were played before the holidays in the dormitory basketball league. George Philbrick, supervisor of the contest, said:

Fourth place Little Stinkers won over the sixth place Wildcats by a score of 23-19. A. C. Griffin led the Stinkers with eight individual points as Jack Sikes racked up the same amount of points for the Wildcats to lead the team. On the same evening schedule the Mustangs rolled over the helpless Bobcats by a score of 45-9. Robert Peacock led the high-flying Mustangs with his twelve points. Clarence Darter hit the basket for a total of six points.

Third place Red Bandanas outscored the Little Stinkers by a final score of 23-12. S. B. Street led the Bandanas with eight points and Bill Harvey paced the Little Stinkers with four. In the final game before the holidays the undefeated Knats downed sixth place Owls by a 18-16 count. Bill Cooper led the Knats with seven points while Hopper, Davis and Kaufhold had four points each for honors with the Owls.

Team	W	L
Knats	7	0
Eagles	6	0
Skamps	5	1
Red Bandanas	5	2
Little Stinkers	5	3
Mustangs	4	2
Wildcats	3	3
Owls	3	4
Tomcats	2	4
Bobcats	0	6
Tigers	0	7

are dangerous threats in basketball, track, golf and tennis. The fencing team is perhaps the strongest in the Southwest.

The seven-year-old record set by Marsh Farmer, Tech's famous hurdler, in the 1940 Sugar Bowl meet was finally erased this year. An Oklahoma A&M hurdler broke it by one tenth of a second in the annual Sugar Bowl Track meet, Dec. 30.

Sports Editor Hal Middlesworth of the "Daily Oklahoman" has unearthed a new football league which "has reached the preliminary conversation stage." This new conference would include Oklahoma, Arkansas, Oklahoma A&M, Texas and possibly Missouri, Texas A&M and Texas Tech. This league might become one of the strongest in the country and would rival the high stepping Big Nine conference.

Tech's representatives in the Blue-Gray game, Tuffy Nabors and Joe Smith were partially responsible for the lopsided 33-6 score which the South piled up. Nabors intercepted a pass in the third quarter which eventually led to a score and Smith scored a td. in the last 15 seconds of the game by taking a pass from Jim Batchelor of ETST in the end zone. Both Techsans played exceptional defensive games. Nabors teamed with Kentucky's great center, Rhodemyre, as linebacker and the two checked practically all attempts of North backs through the center of the line.

Charlie Reynolds' 92-yard kickoff return against West Texas State was classed as a punt return in national statistics recently released, placing the speedy halfback second nationally in length of a punt return during the 1947 season. Longest kickoff runbacks were by: Ed Price, Tulane vs. Alabama, 100 yards; J. R. Boone, Tulsa vs. Drake, and Ike Dunfee, Citadel vs. Presbyterian, and Doak Walker, SMU vs. Santa Clara, 98 yards, placing Reynolds further back in this division.

Floyd Lawhorn, senior guard who played an outstanding game at the Sun Bowl, is the latest Techsman to be selected by a professional football club. His name was drawn by the Washington Redskins along with Carl Russ of Rice, Barney Welch of Texas A&M, Dale Scherzawko of Texas and Cloyce Box of West Texas State.

Texas Tech stands an excellent chance of annexing all Border conference titles this year. Having already won in football the Raiders

SPORTS

Raiders Record Intact; Drop Fourth Bowl Tilt

Tech's Red Raiders came away from El Paso and their third Sun Bowl tilt Jan. 1 with their perfect post season record of all losses and no wins still intact. Even with the trickery and deception of Miami's master quarterback, Mel Olix, aided by game officials' rulings, the Raiders were in constant danger of ruining their consistent bowl standing until the final moments of play.

An interception of a Freddy Brown pass and Redskin stalling tactics, however, managed to consume the last decisive minutes and left the Matadors only 59 seconds to overcome a one-point lead. Raider desperation strategy failed to click when a Hawkins-to-Reynolds

BORDER CONFERENCE CHAMPIONSHIP TROPHY — Coach Dell Morgan receives the emblem of Border conference football supremacy on behalf of Texas Tech from Dr. E. L. Larson, left, conference commissioner. The presentation was made at the recent conference meeting in El Paso, with representatives of the nine schools present. This is the fifth conference football title, plus one co-championship, Tech has won in the 14 years championships have been awarded.

pass fell incomplete. Other passing attempts were completely sewed up, and the clock ran out with the men from Ohio holding the bigger end of the 13-12 score.

Miami Takes Early Lead
Miami took the lead midway in the first period, following a 70-yard sustained drive. Dan Pursel blocked the conversion attempt.

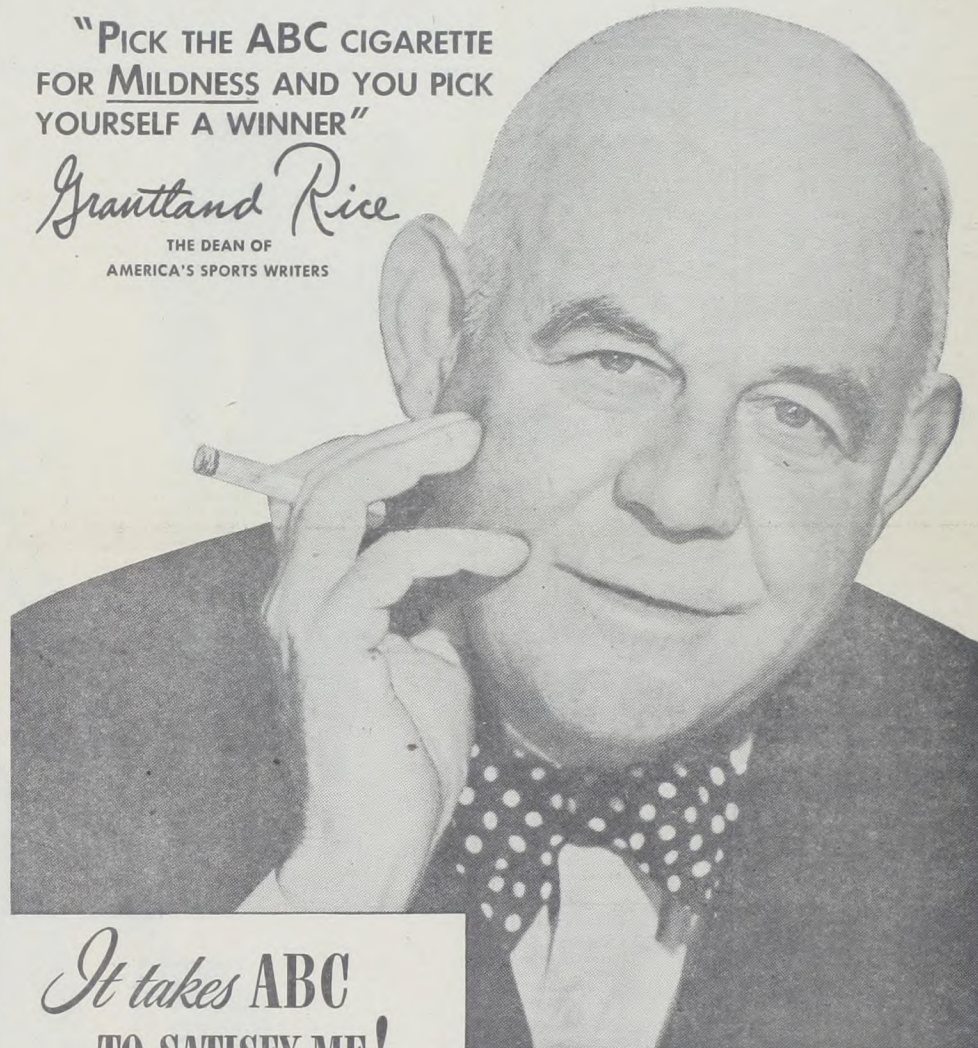

Cal Stevenson set the stage for the first Raider touchdown with a beautiful punt return. Miami kicked to the Tech 40, where Stevenson gathered in the ball, and galloped behind excellent blocking to the Miami 27. Tech drew an off-side penalty, then Brown tossed to Bill Kelly on the Redskin 25. James Conley took a shovel pass on the next play and ran to the Miami seven for a first down. Two plays later, he drove through center for the score. Earhart's conversion attempt was wide.

Miami took over a blocked punt on the Tech 17, scored and converted, following a pass interference ruling on the Tech 17. Bernie Winkler intercepted a weak Olix pass on the Miami 35 and went the distance for the second Tech Marker. Freddy Brown's conversion attempt was blocked and scoring for the day was done in spite of all Tech's charging Raiders could do.

Tech Basketeers Set New Record In 3-Day Tourney

By JAN BLACKWELL
Toreador Sports Writer

Texas Tech's cagers defeated Hardin-Simmons university 77-58 to cap third place consolation honors in the annual three-day all-college invitation basketball tournament held in Fort Worth's Will Rogers Memorial Coliseum, Dec. 29-31. By rolling over the HSU Cowboys by this score the Raiders set a new touring high scoring mark which topped the 66 points Texas Wesleyan college had posted earlier.

The Raiders dropped their first round tilt to the basketeers from North Texas State 69-46 after overcoming a first half scoring spree which the Eagles exhibited. Early in the second half Tech pulled up within two points of the North Texas aggregation only to have the Teachers regain their shooting eyes sufficiently to forge ahead and win the contest.

Texas Christian university was the next opponent to face the Raiders in the tournament and for 35 minutes of the game the Techsankled with ease. In the waning minutes the Frogs came to life and overtook the Raiders to win 50-48 as the game ended. This was the Raiders second loss of the year to TCU and their fifth defeat of the season as compared to seven victories (following the Hardin college game).

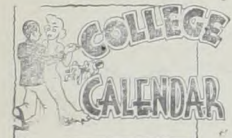

"Jiggs" Jackson, guard, won the eye of spectators and opposition players with his brilliant ball-hawking antics and floor play. Don Grove, center, was hampered in the Fort Worth tourney by an attack of acute indigestion and was unable to play his usual reliable game.

TWVA To Elect Officers At Tuesday Night Meet

Tech War Veterans association will meet Tuesday night to elect officers for the spring semester. Joe Jifador, commander of TWVA, stated that final plans for the association's party will be drawn up. TWVA executive committee will complete plans for the purchasing of a plaque for the Memorial Circle in its meeting at 5 o'clock Friday.

ENGINEER'S SHOW DATES SET

April 23-24 have been selected as the dates for the 15th annual Engineer's Show. Wendell Mayes, Jr., general manager of the show, said these dates were chosen at a meeting of the board of managers Dec. 12.

Friday, January 9
Fun night, 8-10 p. m., Rec hall.
SAME dinner and dance, 8-12 p. m., Larrimore studio.
Delta Sigma Pi dance, 8:30-12 p. m., Larrimore studio.
Junior council, 5 p. m., HE-102.
WRA badminton, 4-5 p. m., gym.

Saturday, January 17
Kemas dance, 9-12 p. m., Lubbock hotel.

Monday, January 19
Dead week begins.

So Shut Mah Mouf And Call Me Dumb

"Temporarily Becoming Permanently Bored" is the title of a novel written treatise on a problem which an engineering student instructor unintentionally discovered during the holidays.

The student instructor became bored at a bridge game. Throwing back his arms, wrinkling his nose, inhaling deeply and opening his mouth wide (mighty wide) the instructor gave vent to a huge yawn. His arms came down, his nose unwinkled, his lungs exhaled the air—but his mouth didn't close. After a few silent moments, the instructor spoke a sentence which will go down in engineering history. He mumbled, "Mah jaw's out uv place and Ah can't close mah mouf."

144 Hours Of Classes

Courses are taught so that an individual may take 144 hours without repeating subject matter including: child nutrition, family nutrition, child or adolescent psychology, better parenthood, clothing construction, food preparation and service, food production and preservation, home improvement, monthly management and time management.

Usual procedure for organizing classes is for the instructor to meet with interested groups at their request, find out what their particular needs and interests are, then set up the aims of the course together.

But No Position As Bank Prexy?

By DEANIE GRIFFIN
Toreador Staff Writer

This college employment beat isn't quite so dull as you might think. People get funnier every working day. There was the ambitious Tech student who applied for a local job and returned faster than he left. The certain well-paid position doled out 37 1/2 cents an hour to the prospective waiter, provided he wore his own black coat and white pants, laundered every day. Jobs like that pull down the present 62 1/2 cents an hour average earned by the working college student, but still it isn't as low as 27 cents an hour paid in 1939.

No jobs are open now for ditch diggers, but one local employer promises that each worker who handles brick for him will wear out one pair of gloves a day. Among hundreds of jobs open during this semester, one was for an enthusiastic dog fancier at a dog hospital. Places have been offered cab drivers, potato loaders and janitors. One Tech veteran, fortunate to have a house, wanted two boys to help scrape dirt off the building and paint it.

Typewriter Now Available For Use In Library Room

A typewriter is available for typing from library material in the typewriter room on the main floor of the Library, according to A. S. Jayford, librarian. Non-circulating library material can be taken for copying and note-taking. There is no charge for this service, he said. The general reading room on the main floor of the Library will be open not later than Monday, Gaylord said.

Abernathy Attends Meet; Labor Ethics Discussed

Dr. B. R. Abernathy, associate government professor, will attend the First Annual National Academy of Arbitrators in Chicago, Jan. 15-17. The professional meeting includes analysis of labor and management, points on arbitrators, ethics of arbitration, training of arbitration, and government and labor relations in matters of settlement of labor disputes.

Band Sweaters Ordered; Due To Arrive In March

Members of Tech band are placing orders for band sweaters which will be delivered about the middle of March, according to D. O. Wiley, director. Seventy-one members have already ordered the sweaters which are medium weight, button design. Girls will wear white sweaters and boys will wear scarlet, each with the Tech band emblem on the front.

DAVIS IS VICE-PRESIDENT

Kenneth Davis, 1937 geology graduate, has been elected vice-president of the Western National Gas company, Houston, Dr. L. T. Patton, head of the geology department, said this week.

TO INSPECT CAMPUS

Thirty-three staff members of The Plainsman, Plainview High school newspaper, will visit the campus Monday for an all-day tour directed by Jane Watson, journalism instructor. Accompanied by Mrs. Eleanor Griffin, sponsor, the journalism students will visit the Press building where they will be shown equipment and be told of the journalism curriculum. The junior and senior students will also inspect other parts of the campus, Miss Watson said.

A&S STUDENTS REPORT

January, June and August arts and sciences degree candidates are asked to come by the Dean's office as soon as possible to check on permanent records.

Raiders Triumph Over Hardin, 60-33; Frosh Post 60-48 Win In Prelim

By CHOC HUTCHESON
Toreador Staff Writer

Texas Tech's basketeers posted their seventh victory against five defeats for the 1947-48 campaign Wednesday night at Tech gymnasium as they waited to an easy 60-33 triumph over the Hardin college Indians from Wichita Falls.

A near-capacity crowd, including a sprinkling of townspeople who purchased \$1 admission tickets, saw the game, which was in the nature of a "warm-up" for Tech's crucial Border conference clash with the speedy Arizona Wildcats tonight.

Approximately 200 tickets will be placed on public sale for tonight's game at 7:30 p. m. Hence, students desiring choice seats should go to the game earlier than that time, in order to gain admittance before non-student fans.

Against Hardin, the Raiders got away to a listless start, and trailed briefly before they pulled even at 5-5 after slightly more than five minutes of play. But at that point, the Tech offense began to roll as Hardin's floor game fell apart.

Jiggs Jackson, Ardis Barton, Jay Kerr and Don Grove sparked a drive that carried Tech to a 33-11 lead at halftime. The second half, which saw Coach Polk Robison substitute freely as he used every player on the Tech bench, was played on fairly even terms, with the Raiders getting most of their points from close range while the Indians hit chiefly from far out.

Miss Lewis--

(Continued from Page 1)
English, worked at the penitentiary for nine months. Previously she served for 33 months in the Waves and had taught school in West Texas before entering the service.

After a year as an enlisted woman, Miss Lewis was commissioned and was stationed at Pensacola, Fla., as Wave officer in charge of Wave personnel gunners school. She held the same position later in San Diego, Calif. After receiving her discharge she accepted the civil service position with the Bureau of Prisons.

Miss Lewis came to Tech as English instructor in the fall of 1946.

Fires--

(Continued from Page 1)
of the new stadium for the first four home football games this fall, all home games having been scheduled previously for the new field.

The Dairy Manufactures buildings was estimated to have received about \$1,500 to \$2,000 damage from fire.

Little more than a month after the stadium fire, smoke curling up near the new women's dorm caused a scare on the campus. Tools and insulation were destroyed in the construction shed but the blaze did not spread to the main storage building nearby and no damage was done to the dormitory.

The unusual aspect of this week's first blaze was that fire engines pushed to the campus but firemen were not able immediately to discover what was burning. Notification to the fire department was simply that there was a fire "at Tech."

NO SKI TRIP

No ski trip to Tres Ritos, New Mexico will be sponsored between semesters this year, announced Miss Mary Hill, instructor in physical education. In the past the department has sponsored such a trip for those students desiring to attend.
