## THE AMERICAN WAY

HOW DID WE EVER WIN WORLD WAR II?

By Harry Browne

(Editors Note: Harry Browne is the Associate Editor of American Progress Magazine, and Managing Editor of American Way Features, Inc.)

In retrospect, it seems incredible that we were able to subdue the fascist threat of the early forties. Our foreign policy was amazingly primitive — compared to today's more "enlightened" methods of dealing with our enemies. For example:

1. We were too unimaginative to thing of giving foreign aid to Japan and Italy, in hopes of "weaning" them away from Germany.

2. We allowed our generals to carelessly talk about "victory" and "winning the war" — instead of using less militaristic terms, like "seeking an accommodation with the Nazis."

3. We didn't even think of inviting Adolph Hitler to come to our country, stubbornly refusing to give him a propaganda platform from which to discourage his enslaved subjects.

4. We made the mistake of using our resources to fight the enemy — instead of utilizing our full weight to defeat pro-American allies, as we now do with Katanga, Peru, South Korea, the Dominican Republic, Laos and others.

5. We were super-patriots — and probably wouldn't have tolerated a Nazi-dominated labor union to control the Pentagon communications system, as the Communist-dominated American Communications Association does now.

These are just some of the mistakes we made. That primitive foreign policy did have one compensation, however:

We did win the war!

LET'S WIN THIS ONE

And isn't it about time we decided to win this one, too?

Isn't it about time we quit playing with an enemy that has promised to bury us?

Let's do what is necessary to win the cold war:

1. We should begin by placing a full embargo on all trade with the Soviet Union and other Communist countries.

2. We should quit sending foreign aid to Poland, Yugoslavia, or any other Communist country. This includes giving money to the U. N. to be relayed to the Communists.

3. We should promptly withdraw diplomatic recognition from all Communist countries. One billion restless slaves behind the Iron Curtain would take that as a sign that we really are on their side.

Trade, aid and recognition — the three vital ingredients in the Communist success. Yet we have it within our power to withdraw all three. We can win the cold war if we simply make up our minds to quit helping the enemy.

If we would stop supplying the Communists with the things they're incapable of producing themselves, they could not hold their slave empire together for six months.

So let's do what is necessary to bring true peace and freedom to the world. Let's start now to win this cold war!

How about telling your representatives in government about this? That's the American Way!

### Six Freshmen At Tarleton

Six members of the Santa Anna Senior Class of 1962 entered Tarleton State College the past Sunday afternoon. There are a number of others from this area expected to enroll there this week.

The students are: Juanell Mercer, daughter of Mr. and Mrs. John Gregg; Louise Cooper, daughter of Mr. and Mrs. Elec. Cooper of Rockwood; Sandra Hartman, daughter of Mr. and Mrs. Edd Hartman; Linda Sud-derrth, daughter of Mr. and Mrs. Rex Turney; Carl Cowen, son of Mr. and Mrs. Dee Yancy; and Raymond Clark, son of Mrs. Dorothy Clark.

Most of the parents and their families were there during the afternoon Sunday, getting the youths settled in their new quarters for the next nine months.

### Dairy Association To Meet Thursday

Members of the Coleman County Dairy Association will hold their regular meeting at the Chamber of Commerce office in Coleman Thursday, Sept. 13, at 7:30 p. m. All members are urged to attend.

## Bids On Five More Dams To Be Asked Soon

Five additional upstream flood prevention structures will be awarded for construction within the next few weeks according to Thomas G. Rockenbaugh, local Work Unit Conservationist with the Soil Conservation Service.

Three of these new structures are located in the Jim Ned Creek Watershed and the other two are located in the Turkey Creek Watershed. All five structures are in the Central Colorado Soil Conservation District.

Good progress is being made in all watersheds in the Central Colorado Soil Conservation District. In the Jim Ned Creek Watershed fourteen of forty-three proposed structures have been completed, pending the establishment of vegetative cover. In addition, nine more structures are under construction.

Upstream flood prevention sites are being core drilled in the Northwest Lateral by the Soil Conservation Service. Eight sites are complete and another is being core drilled at the present.

Easements are being granted for conservation of the twenty-two proposed floodwater retarding structures on Home Creek. All easements are granted from landowners to the Central Colorado Soil Conservation District. After the floodwater retarding structures are constructed and vegetation is established they will be turned to the local sponsoring organizations for operation and maintenance which are the Central Colorado Soil Conservation District and the Coleman County Commissioners Court.

## Eastern Star To Meet Monday Night

The Santa Anna Chapter No. 247, order of Eastern Star, will have their regular meeting in the Masonic Building at 7:00 p. m. Monday, Sept. 17. "Chapter Courtesy" will be the program topic, and will be directed by Mrs. Rosa Bass.

Host and hostesses for the meeting will be Mr. and Mrs. Jack Mobley and Mrs. Louise Moore.

All members are requested to be present.

## 269 Enrolled In Elementary School

James A. Harris, principal of the Santa Anna Grade School, announces 269 students are enrolled for the new term. Enrollment by classes are: First, 33; Second, 37; Third, 33; Fourth, 32; Fifth, 36; Sixth, 31; Seventh, 30; and Eighth, 37.

## FARMER'S GAS TAX REFUND

Annual claims for refund of federal excise tax paid on gasoline, used on a farm or ranch for farming or ranching purposes, must be filed with the Internal Revenue Service district director by October 1.

According to IRS Dallas District Director Ellis Campbell, Jr., refund claims should be made on Form 2240 for gasoline used between July 1, 1961, and June 30, 1962.

Forms and a helpful booklet, "Farmer's Gas Tax Refunds," are available at IRS, or County Agriculture Agent offices.

## DAUGHTER BORN TO NICKY POLDRACKS

Mr. and Mrs. Nicky Poldrack of Coleman, formerly of Santa Anna, announces the birth of a daughter, Danita Renae, born in the Coleman Hospital Thursday, Aug. 30, at 3:42 p. m. Weight was 7 pounds. Mother and daughter (and father) are getting along fine and have been visiting her parents here the past few days.

The grandparents are Mr. and Mrs. P. A. Radle of Santa Anna and Mr. and Mrs. Arthur Poldrack of Coleman.

GO TO CHURCH SUNDAY.

## Citizens Invited To Desmond Barry Rall Friday

All citizens are invited to attend a rally for Desmond Barry, Republican candidate for Congressman-at-Large, at the Coleman City Park at 5:30 p. m. Friday, Sept. 14.

Sponsored by the Coleman County Republican Committee, the event will include hotdogs and drinks, band music and a speech by the dynamic young conservative Barry, who will come to Coleman by private plane and spend the night there.

Mrs. R. F. Kemper of Coleman, is chairman of the arrangements, and Mrs. Helen Goodloe, Precinct 2 chairman, will be among the welcoming committee. Mrs. C. D. Bruce, County chairman, will also be on the platform.

## MRS. R. B. ARCHER ENJOYS NICE VACATION

Mrs. R. B. Archer returned home recently from a three-week vacation and visitation with a number of relatives. She visited a brother, Mr. and Mrs. S. T. Curry in Dallas, a great-nephew, Mr. and Mrs. C. Lee Williamson and family in Conroe, a sister, Mrs. L. J. Wilson and daughter in Houston, a granddaughter, Mr. and Mrs. Glenn Brown and son in Stephenville, and a daughter, Mr. and Mrs. Peyton Dick and son in San Angelo.

Mrs. Archer said she felt good throughout the trip and really enjoyed the vacation.

## PCA Managers Plan Area Conference At Midland Sept. 17

Coleman (SPL) — J. C. Marshall, general manager of the Coleman Production Credit Association, will attend the semi-annual conference of the West Texas Production Credit Association Managers' Association, to be held in Midland Monday, September 17.

Topics will include current problems and conditions in agricultural credit and methods of providing improved agricultural credit and services at the lowest possible cost through the Production Credit system.

The Coleman Production Credit Association, serving a six-county area of West Central Texas, provided \$8 million in agricultural credit in its past fiscal year. Owned and operated by more than 670 farmers and ranchers in Taylor, Callahan, Coleman, Brown, Runnels and Concho counties, the association operates offices in Coleman, Abilene, Brownwood and Ballinger.

## National Farm-City Week Set For November 16-22

Texans will join with citizens from other states in special activities designed to improve understanding and appreciation between rural and urban neighbors the week of November 16-22.

The week has been designated National Farm-City week by President John F. Kennedy. Dolph Briscoe, Jr., of Uvalde is Texas Chairman of National Farm-City Week. He said many communities have already started planning activities which promise to be of much benefit to both rural and urban residents.

## ACREAGE SURVEY STARTING

Postmaster Lee Strother announced today that Rural Mail Carriers will begin distributing 1962 Acreage Survey Cards to patrons on their routes about September 13.

The Post Office Department assists U. S. D. A. in making this survey each year. These reports directly from farmers, are the basis for official estimates for Texas acreage of all crops harvested in 1962.

To be sure this community is well represented in the survey, Postmaster Strother urges each patron receiving a card to fill it out and return it to his mailbox.

Rural mail carriers working on this project are: M. L. Guthrie, Route one and two; Bertha Allen, Rockwood; D. H. Moore, Whon Star Route.

Arab women are known for wearing veils as a sign of modesty. Among the Tuaregs of northern Africa, however, it's the men who veil their faces, says World Book Encyclopedia.

## Everyone Urged To Get Polio Vaccine Sunday

### Edd Hartman Opens Service and Supply Store

W. E. (Edd) Hartman, a long-time and well-known resident of Santa Anna, this week announces the opening of the Hartman Plumbing and Electric Co. The new adventure in Santa Anna is located first door west of the Santa Anna Insurance Agency office, at 617 Wallis Avenue.

Hartman said he was in the process of purchasing a lot of supplies and equipment now and planned to have the store open by the last of the week. He will feature service on all plumbing and electrical needs, along with a line of supplies of both. Hartman said he did not intend to limit his service just to the Santa Anna area, but would make service calls to any place in this area where he was needed.

He plans to carry a complete line of plumbing supplies and fixtures as well as electrical supplies and fixtures. Hartman said he would be increasing his stock as time passes, but that if he did not have what a customer wanted he could get it promptly.

We invite you to see his opening announcement elsewhere in this issue of The News.

## Band Requests Your Magazine Subscriptions

The Santa Anna School Bands request each citizen of the Santa Anna area to let them take new and renewal subscriptions to all magazines you wish to receive. T. K. Martin, band director, said all members of the bands would make a canvas of the town sometime this month to sell subscriptions. He asked that you let them have your renewals instead of letting some out-of-town group have them.

The band makes a fair amount on magazine subscriptions each year, and your renewal subscriptions help them, quite a lot.

Mr. Martin said that if you are not contacted on the drive and you wish to renew your subscription or subscribe to a new magazine, you are requested to telephone the Band Hall and someone will come and get your subscription.

## Quarterback Club To Meet Thursday Night

Billy Campbell, president of the Santa Anna Quarterback Club, announces all members of the organization are urged to attend a special meeting at the high school building Thursday, evening, Sept. 13, at 7:30 p. m.

This is a very important meeting. Plans on the agenda are to hear a financial statement of the organization as of the end of the baseball season and to discuss possible means of helping to get transportation for local residents to some of the district ball games.

Mrs. Kate Holmes spent last week in Texas City with her son, Mr. and Mrs. L. J. Lovelady and family. Mr. Lovelady is recuperating from a recent illness.

## Mountaineers Journey To Cross Plains For Second Game Friday Night

Santa Anna will journey to Cross Plains Friday evening for the second in the series of non-conference football games this fall. The game is scheduled to begin at 8:00 p. m. Prices of admission will be \$1.00 for adults and 25 cents for students not participating in the activities.

The Mountaineers took a sound beating at the hands of Baird the past Friday night, but it is hoped that a lot of this has been corrected by this time. The boys have been undergoing some very rigorous training this week and working to correct many of the other mistakes they made last week. The coaches have made close studies of the first game and each boy has been shown where he was making

Everyone — between the ages of 3 months and 100 years of age — is urged to take advantage of the opportunity to take the Sabin Oral Vaccine on Sunday, September 16. This includes all who have taken any kind of vaccine. Doctors say that everyone who takes all three of the vaccines is hardly likely to take any type of polio. However your association with people who have not taken the vaccines, weakens your inoculations. Thus it is very important for everyone in the area to take the vaccine.

In Santa Anna and from the Buffalo area south to Trickham and west to the Gouldbusk-Shields area, everyone is urged to go to the Armory in Santa Anna during the hours of from 1:00 to 6:00 p. m. Sunday and take the vaccine.

There will be no charge for the vaccine. However, each vaccination costs about 25 cents and those who can are requested to make a contribution of 25 cents or more when you take the vaccine. Those who are unable to make the contribution are invited and urged to go to the Armory and take the vaccine anyway. It is just as necessary for you to have the vaccine as it is for anyone else. It is hoped that every person in Coleman County will be vaccinated before the day is over Sunday.

### TAXI SERVICE

This project is being sponsored by the Santa Anna Lions Club in cooperation with the Coleman County Medical Association. The ladies of the Delta Omicron Sorority will also spend most of the afternoon helping at the Armory.

A free taxi service will be operated by the Lions Club. There will be several cars available all Sunday afternoon and anyone who does not have their own transportation to the Armory may call FL8-3124 (Coleman County Telephone Co-op Business Office) and someone will come and pick you up and take you to the Armory, then take you back home after you receive your vaccine.

### FIRE SIREN TO SOUND

Beginning at 1:00 p. m. Sunday, the local fire siren will sound each hour on the hour.

### A MISTAKE

In getting ready to go to press with the first run of the paper this week we overlooked making the necessary changes in the football advertisement appearing on Page 6. As soon as the mistake was noticed, the corrections were made, but a few of you will receive the papers with the mistake in it.

The Friday night game of the high school will be played at Cross Plains at 8:00 p. m. and the Junior High game will be played Tuesday night at Early at 7:30.

## 145 Enrolled In High School

Roy B. Mathews, principal of the high school announces 145 students are presently enrolled in the four grades in high school. Enrollment by grades is as follows:

Freshmen, 30; Sophomores, 39; Juniors, 43; and Seniors, 33. This is about the same number as were enrolled at the close of school in the spring.

Typewriter paper at the Santa Anna News.

This is to remind you to go to the Armory and get your vaccine. All are urged to go as soon as practical in the afternoon as there must be a continuous line in order for everyone to be taken care of.

Both local doctors and all the nurses available from both clinics and the hospital will be on duty to administer the vaccine. It will be given in distilled water and is to be taken by mouth. There are no ill effects to be expected from the vaccine.

Dr. J. W. Kegley, chairman of the committee, said it is absolutely necessary that under-aged children have their parents or guardians written consent to take the vaccine. It is best for the entire family to come as a group and bring the Pre-Registration form already filled out and signed that is printed in this issue of The News. The same form was printed last week. If any member of the family does not come with the group, it will be necessary to have their name and consent on a separate form. Dr. Kegley said there would be no variation from this procedure.

The doctor said it would likely be necessary for some to be out of town Sunday and plans were being made to take care of a few at the hospital. He said anyone missing the Sunday vaccine for a good reason could call him and make arrangements to take the vaccine there. He said it might be that some would have to go to Brownwood the following Sunday for the vaccine.

Let us urge everyone of the importance of taking this vaccine. It is possible to completely stamp out polio and this is the way to do it. The cooperation of everyone is very important and all are urgently requested to take part in the drive.

## Boy Scouts To Have Barbecue For Parents

The Boy Scouts and their leaders planned a barbecue for their parents at their first regular meeting of the season Monday night. The Scouts extended the invitation for their parents to attend the barbecue, to be held at Ranger Park Saturday evening, Sept. 29. Other plans for the evening will be announced later.

The first meeting was held Monday evening in the former Blue Hardware Store building, which is to be the Scout meeting place. Meeting for Scout Troop 39 will be held each Monday evening at 6:30 p. m.

Twelve boys and Scoutmaster Dan Tindol and Assistant Scoutmaster Lee Ray Huggins were present for the first meeting. All business was taken care of and the Scouts were given an outline of the years work ahead of them.

# State Capital NEWS

Austin, Texas — Texas' new sales tax was one year old on September 1.

First year's income averaged some \$2,870,000 a week, or a total for the first 12 months of approximately \$149,000,000.

Robert S. Calvert, State Comptroller, says "I think the general public has accepted it quite well."

Despite years of pro and con arguments in the legislature and by political candidates, concerning the sales tax, the first year's operation was generally harmonious.

One of the exceptions is a court ruling that Calvert cannot collect the 2 per cent tax on total receipts from sales of less than 25 cents. This ruling is on appeal.

Another court has ruled that natural gas and electricity used in laundry and dry cleaning business should not come under the sales tax. This too is on appeal.

Calvert says that even though the collections for the first year are some \$10,000,000 to \$12,000,000 shy of the expected \$160,000,000 he was pleased with the success of the first year's program. "We ended with a cash balance of \$21,851,594.00 in the general fund, anyway," he pointed out, "but we were back in the red within a few days."

Reason was that the very next day \$40,000,000 went into the Teachers' retirement fund — and the state's main bank account went into the red again. This time to the tune of \$19,459,359.00.

He indicated that audits of the various businesses responsible for collection of the tax would be in full swing before long. Then auditors would help clarify a lot of misconceptions.

**TEXTBOOK CONTROVERSY**  
Texas State Teachers Association has broken its silence on the textbook controversy to warn that the next session of

the legislature may bring attempt to put the burden of school book purchases back on the individual parent.

Some school leaders regard the attacks on textbooks as essentially an attack on the public school system, says TSTA.

Texas furnishes textbooks at a cost of less than \$4 a year for each child. If parents bought the books, the cost would be approximately \$30 for each child.

**NEW AUTO STICKERS**  
Col. Homer Garrison Jr., director of the Texas Department of Public Safety, says the new car inspection stickers released this week are of a new type.

Garrison described them as "dry-mount decals which we believe will adhere regardless of weather conditions."

More than 5,000,000 vehicles will need safety inspections between now and April 16, 1963.

**DRY TIMES**  
The U. S. Department of Agriculture and the Weather Bureau hailed the rains which finally came to some sections of Texas last week.

Scorched pastures in East Texas, the Northern Blackland and Low Plains counties got a drink, and some greenness was seen again.

But the range situation is described as "critical" throughout South Texas, the Edwards Plateau and the Trans-Pecos regions, where it remains very dry.

**POLIO FIGHTERS**  
There are signs that the polio epidemic is abating. Only three new cases of paralytic polio were reported last week. They were in Cameron, Harris and Lubbock Counties.

Anti-polio treatments continue to be applied on a mass scale, with the opening of schools, in an effort to completely wipe out this scourge.

However, there have been 193 cases in Texas this year. During the first eight months of last year there were only 50 cases.

**WILSON SAYS NO**  
Published reports that Atty. Gen. Will Wilson would run in 1964 for the Railroad Commission, against Commissioner Ben Ramsey, were scotched.

The man who should know — Wilson himself — said he plans to open a law office in Austin. He said he had no future political plans, and that he positively will not be a candidate for railroad commissioner.

**MORE MACHINES**  
If you don't like the way your new highway is built, there's nobody you can blame it on. A machine figured it out.

State Highway Department has added a computer to work out problems of highway design, hydraulics, earth work, land measurement and traffic signalization.

The gadget can read and interpret 8,000 cards a minute from a tape.

Things were simpler in Austin when people ran the government.

**EXPERT SPEAKS**

Austin MacCormick of New York, the expert on penitentiaries whose recommendations led to reform of the Texas Prison System a decade ago, came to Texas to take a look at the Texas Youth Council's reorganization.

He headed for New York full of praise for improvements at Gatesville and Gainesville State Schools.

MacCormick particularly praised the new Mountain View School at Gatesville, where the tougher boys are separated from the first offenders. He said it was not an "Alcatraz", but a place where the boys with more problems can be given special attention. At the same time, their influence is removed from the younger boys.

But the expert warned that Texas needs a place for boys who are dependent and neglected, but not yet delinquent, to save them from becoming delinquent.

Too many boys who belong in foster homes are being committed to schools for delinquents, giving them an undesired stigma, MacCormick said.

He particularly urged the establishment of a State home for Negro boys in this category.

**SEED LAB**  
A third official seed testing laboratory has been established in Texas.

John C. White, Agriculture Commissioner, reports that the State Department of Agriculture and Stephen F. Austin College jointly have set up a new laboratory on the college campus in Nacogdoches.

Other laboratories for testing seeds to determine purity and germination time are operating at the Agriculture Department's main office in Austin and at Lubbock.

More than 60,000 samples of seed are tested yearly by White's agency, as a means of assuring Texas planters that they are getting what they pay for when they buy seeds.

Tags on the bags show the content in weed seed and the percentage of the seeds which germinate.

**TREASURY AUDIT**  
Although one part of the state treasurer's office in the Capitol has bars on the entrances, the state does not keep its \$2,500,000,000 annual income there.

Jesse James, State Treasurer, has sent an audit to Gov. Price Daniel showing that the state's money is on deposit in 1,619 separate accounts in 840 banks.

Capitol vault contains only petty cash and time warrants held by the treasurer.

**LAW OVERHAUL**

A State Bar of Texas committee is recommending to the 1963 legislative session the first full-scale revision of criminal court procedure in Texas history.

If the Legislature proves receptive, the state's criminal law, as well as procedure may undergo extensive legislative scrutiny as a result of scandals which have shaken the state this year.

**STILL UNDER FIRE**  
Five top state officials are still under fire from Giles E. Miller, Dallas attorney, who

seeks to stop payment of their salaries.

Miller says he will appeal an adverse state court decision in his effort to compel more equal legislative redistricting in Texas.

**DEMO FUND RAISER**

Clyde Johnson, executive director of the State Democratic Executive Committee, has announced the appointment of Marvin Watson of Daingerfield to head the party's fund-raising dinners in El Paso on September 17.

Watson is a member of the SDEC.

**SHORT SNOOTS**

Legislators looking to the work of the next regular session said prospects are favorable that the 1963 Legislature will ratify the proposed constitutional amendment to eliminate the poll tax as a requirement for voting.

A tour by Texas insurance officials, to study other state's automobile coverage plans, may pay off in helping Texas draw up a new plan soon, says the State Insurance Board.

A 1960 opinion by Attorney General Will Wilson that taxing agencies cannot seize a family car for delinquent taxes on the ground that the car is part of the homestead, has been reaffirmed by his office.

Texas collected \$9,056,161 in cigarette, liquor and wine taxes during August, Jesse James, State Treasurer reports.

Attorney General Will Wilson has announced the resignation of two of his top staff aids. Both Henry G. Braswell, head of the escheat division, and Houghton Brownlee Jr., executive assistant, will enter private practice of law.

Texas residents should check financial statements of insurance companies not licensed in Texas before buying from them, William Harrison, Texas Insurance companies not licensed in

Predictions are that Sen. Charles F. Herring of Austin probably will be chairman of the important Senate Finance Committee next year if Sen. Preston Smith, the Democratic

nominee, wins the Lieutenant Governor's race in November.

The much "shaken up" State Insurance Department is now experiencing a case of nerves for different reasons. Sonic booms from supersonic jets have generated pressure waves which have blasted out several glass panes in the modernistic new building near the Capitol.

As of now, not considering the possibility of some Republican victories in House races next November, there will be 59 new members of the lower branch of the 58th Legislature which convenes in regular session next January.

Governor Daniel appointed Roy H. Cullen of Houston to the Texas State Historical Survey Committee, to replace Stuart McGregor of Dallas, who resigned. This committee is busy putting markers on buildings and sites which have a meaning in the history of Texas and its communities.

A committee of the Texas Branch of the American Society of Civil Engineers proposes that farmers and ranchers be required to get permits from the Texas Water Commission to build small stock ponds of less than 200 feet capacity.

Rain recorded around Trickham over the weekend was 1 1/2 inches, while both north and east of us received from 2 1/2 to 5 1/2 inches. The tanks caught very little water, but this amount will certainly help the pastures for which we are thankful.

Recent visitors with Mrs. Minnie Wilson and Gray Laughlin were Mrs. Mary Laughlin, Mary Joyce and Jimmy and Mr. and Mrs. Lefty Adkins of Midland. Mr. and Mrs. Jack Laughlin and Jackie of Brownwood and Mr. and Mrs. Carl Sheffield of Brooksmith. Mr. and Mrs. Adkins were on their way to Springfield Ohio to spend their vacation with his relatives. Mrs. Adkins is the former La Rue Laughlin.

Mrs. Zona Stacy celebrated her 84th birthday on Wednesday of last week by going to Coggin Park in Brownwood for dinner, where all her children met. Mrs. Stacy said she had a beautiful cake and received many wonderful gifts and truly enjoyed the day. We sincerely wish her many more happy birthdays.

Mr. and Mrs. Yantis Bull of Brooksmith and Melvin Bull of Bangs were bedtime visitors with Mr. and Mrs. Grady McIver, Gayla and Terry on Wednesday night. On Sunday, Mr. and Mrs. Clarence Ford, Royce and Gaynell of Brooksmith, Melvin Bull and Bruce Hornell visited in the McIver home.

Mr. and Mrs. Charles Brian, Dorothy and family of Monday and Mr. and Mrs. H. B. James and family of Santa Anna visited Mrs. Minnie Craig, Rankin and Sherri McIver on Wednesday.

Visitors with Mrs. Beula Kingston the past week were Mrs. Clara James and Sherrill, Mrs. Sammie La Dauceur of Lubbock, Mrs. A. J. Martin, Mrs. J. E. York, Mrs. Clara Fellers, Walter Stacy, Mrs. Bertie Miller and Mrs. Robert Bullock of Santa Anna.

Mr. James Lane and a friend, of Houston, visited his uncle, Mr. S. M. Fellers and family on Saturday. Roddy and Rocky Dean spent Saturday night with Mr. and Mrs. Fellers and S. D.

Mr. and Mrs. Marvin Whitley and Bro. Bruce Hornell were dinner guests of Mr. and Mrs. Wylie McClatchy on Sunday.

### It's Time For... EYE CARE

Dr. Newton K. Wesley

Vanity plays a major part in the neglect of our eyes. We feel that we may have to wear old fashioned glasses that will make us look older. The designers of modern frames for glasses have reduced greatly the number of such people, but among some teenagers and young women, the fear persists.

Contact lenses have solved this problem to a great extent, but the tiny vision aids cannot be worn by every one. For psychological and physiological reasons,

Wesley

That is why the National Eye Research Foundation urges you to have your eyes examined regularly by an optometrist or ophthalmologist. After being properly and professionally fitted, and after you have completely adapted to them, you may find great pleasure and convenience in wearing them—in addition to improved vision. But whether you wear contact lenses or regular glasses, it is extremely important to have your eyes examined on a regular basis—at least once every six months. By observing this rule, you may avoid serious trouble later.

In some cases, we do not immediately recognize failing vision. A story is told of a lady who went to a movie and saw a "silent" Charlie Chaplin picture. She noticed the rest of the audience laughed at times when she saw nothing funny. She had her eyes examined and corrected and saw the movie a second time. Only then did she become aware that some of the motions used by Chaplin had escaped her vision the first time.

So, perhaps you don't see as well as you could. Find out by having your eyes examined soon.

Rev. ROBERT H. HARPER  
BOOMERANG

**YEARS** ago, there was a deputy in the courthouse who prided himself that he knew taxpayers in the section, and he was somewhat befuddled when he did not recognize a big man who came in to pay his taxes. As he thumbed through the tax book, a happy artifice flashed across our friend's mind. "Dog gone it," he said, "I never could remember how to spell your name, 'John,'" said the man, "Smith, John Smith."

So, like a boomerang, our friend's artifice returned, as it were, upon his own head. Surely it was bad enough if a public servant could not remember the

name of John Smith and how to spell it, it was worse for him to pretend to know a man when he did not know him.

It would have been better simply to have asked the man's name. Such was an unimportant thing, you may say, but you may remember that Jesus said, "Let your communication be Yea, Yea, Nay, Nay."

Well, I started off with the humorous predicament the deputy fell into and went to a moral preachment. Let us excuse the deputy if he will learn how to spell the name of John Smith.

**Rural Accident Report For County**

Sergeant Roger W. Sosebec of the Eastland Highway Patrol Sub-District released today the Coleman County rural accident summary for August 1962. Sergeant Sosebec reported that 2 rural traffic accidents occurred last month in which no persons were killed one was injured with property damage amounting to \$1,664.00. During the same month last year there were 3 accidents with 1 killed, 6 injured and property damage amounting to \$2,735.00.

Sergeant Sosebec reminded that more strict compliance with our traffic laws would further reduce this tremendous loss that kills and cripples so many of our citizens each month.

**ROCKWOOD WSCS RESUMES MEETINGS**

Mrs. M. A. Richardson brought the devotional when the Woman's Society of Christian Service met at the Rockwood Methodist Church Monday.

Mrs. John Hunter presided during the Executive and regular business meeting, following a summer recess. Minutes of previous meetings were read and approved. Officers gave reports. The program committee planned work for the year. A social is planned for the fourth Monday in September. Miss Bernice Johnson led the closing prayer. Present were Mrs. Fox Johnson, Mrs. Bernice Johnson, Mrs. Marcus Johnson, Mrs. Aubrey McSwain, Mrs. Cecil Richardson, Mrs. Richardson and Mrs. Hunter.

**Screwworm Control Meeting Set In Wichita Fall Sept. 21**

Progress of the screwworm eradication program in the Southwest will be reported at an open meeting of the board of trustees of the Southwest Animal Health Research Foundation at Wichita Falls, Texas, Sept. 21.

The meeting will open at 2 p. m. in the Kemp Hotel, according to C. G. Scruggs of Dallas, SAH-RF president.

Scruggs said information on the current operation of the screwworm eradication program, the budget for the program, and plans for distributing files and setting up a barrier zone to prevent reinfestation from Mexico following eradication would be included in the discussions. Trustees also are expected to finalize plans in regard to meeting the financial obligations of the Foundation.

Trustees of the Foundation have made a practice of meeting where groups of livestock men are gathered so as to present up-to-date information to the maximum number of people.

**ENTERTAINMENT EXPENSES**

Uncle Sam's tax collection agency, the Internal Revenue Service, is taking a long critical look at tax abuses in the areas of "entertainment expenses," "business travel," and "expense accounts."

Canceled checks alone are no longer being accepted as adequate substantiation for claimed expenses. Consequently, before Mr. Hardworking Businessman gets too far off on the wrong foot with the IRS in 1962, Ellis Campbell, Jr., Dallas IRS district director, comes up with some helpful suggestions.

"Accurate record keeping is the best way to save federal tax money that I can think of," Campbell said.

The following pointers can be as useful to our area self-employed folks as to corporation executives claiming deductions on personal tax returns for business expenses, whether reimbursed or not.

Campbell revealed that entertainment expense records should provide relation of the expenditure to the taxpayer's business, and the ordinary and necessary business purpose of the expense.

Records should show the name of the person or persons entertained and the companies they represent, as well as the date and place of entertainment.

"Naturally," Campbell cautioned, "the amount of the expenditure must be ordinary and necessary. If the sum is sizeable, be sure to keep a copy of the bill. It's necessary for us to know whether the entertainment was paid by out-of-pocket cash, credit card, check or charged to the employer."

**ROCKWOOD QUILTING CLUB RESUMES MEETINGS**

The Rockwood Quilting Club resumed their meetings Thursday, September 6th. This club was organized a good many years ago and has been in progress since that time. The meeting place is at the Community Center, and each Thursday is the meeting time.

The Club will quilt for other than members on fourth Thursday of each month. Presently, Mrs. Hillon Wise is the president. Mrs. Sherman Heilman vice-president, and Miss Bernice Johnson the secretary-treasurer and reporter.

Mrs. Evan Wise was the favored member this week when she put in a treasured quilt of solids and stripes done by Mrs. J. W. Wise. Mrs. Ted McCarthy of Dallas was special visitor of the day. Refreshments were served to the members and the visitor: Mmes. J. P. Hodges Sherman Heilman, Bill Bryan, Earl Cozart, Bill Steward, A. L. King, Henry Smith, Ray Caldwell, Ted McCarthy, Hilton Wise, Evan Wise, Jack Cooper and Miss Bernice Johnson.

**ROCKWOOD WMS REGULAR MEETING**

"Am I My Brother's Keeper?" was the theme of the State Mission program directed by Mrs. Ray Caldwell for the Women's Missionary Society, at the Rockwood Baptist Church Monday.

Mrs. F. E. McCreary conducted the business session. Others present were Mrs. Henry Smith, Mrs. R. J. Deal, Mrs. Bill Bryan, Mrs. Evan Wise, Mrs. Matt Estes and Mrs. A. L. King.

**Our WASHINGTON Letter**

By Congressman O. C. FISHER

**ARTHUR GOLDBERG'S** APPOINTMENT to the Supreme Court shifts the balance on that court in favor of the liberal bloc. The latter often favors changing the Constitution by interpretation rather than amendment, and through their liberal leanings that block made some decisions that has made it difficult to control domestic communist activities.

A few months ago the conservatives, who practiced judicial restraint and often opposed the liberal bloc, held a 5-to-4 majority. But with the resignations of Whittaker, and then Frankfurter (both conservatives), and their replacement by Whizzer White and Goldberg, control has undoubtedly shifted to the liberals.

Unemployment Edged Up a bit in mid August, to 5.3% of the work force. One explanation of this is that when wage costs are forced beyond the limits of increased productivity, the result is unemployment or inflation or both. Unemployment results from elimination of marginal jobs, actually advocated by AFL-CIO's George Meany in his fight to increase minimum wages.

From 1957 to the present there has been an upward movement of unit labor costs at a time when markets would not permit an upward movement of prices. The resulting squeeze on profits has created a chronic unemployment problem.

Policies advocated by labor unions, of forcing wage raises out of proportion to the productivity rate, plus the raise in minimum wages which strike the hardest at marginal jobs, must bear the responsibility for this development.

Should The Government send a Federal employee to work overseas when he has a wife and nine children, and transportation to and from costs taxpayers \$26,380?

This will be the bill for sending John C. Cort, a newspaperman of Boston, a Peace Corps employee to the Philippines last February, it has been revealed.

Maybe being from Boston didn't hurt Cort in convincing his fellow-townsmen, Peace Corps Director Sargent Shriver

Jr., that heshould be thus favored.

This is an example of waste and extravagance which helps explain why we are due to have a \$6 billion deficit during the current fiscal year.

### Whom News

By MRS. TOM RUTHERFORD

Wish we could report good rains for our community, but to date, we have had scarcely any rain. Only a light shower, and that only once or twice during the week.

Mr. D. T. Perkins, who has been with children at Grand Prairie and Arlington for several months is with his daughter, Mr. and Mrs. Floyd Morris and boys. Am glad to report Mr. Perkins feeling fine.

Mrs. Vera Lovelady of Brownwood and her daughter, Mr. and Mrs. Charles Johnson and Linda of Fort Worth were guests in the Darwin Lovelady home Friday night.

Mr. and Mrs. Wimpy Watson of Waco, spent the weekend in their home here and were brief callers in the Tom Rutherford home Sunday afternoon before returning to Waco.

Mr. and Mrs. John David Morris moved to Coleman from Grand Prairie over the weekend, and visited his parents, the Floyd Morris, Sunday.

Mr. and Mrs. Tom Bradley of Fife, visited her niece, Mr. and Mrs. Earl Cozart Saturday night.

Becky and Mark Turney of Santa Anna spent the weekend with their grandparents, Mr. and Mrs. Bert Turney. Mrs. Rex Turney was at Stephenville over the weekend with her daughter, Lynda, who is enrolling at Tarleton. Mrs. Turney also visited her parents, Mr. and Mrs. Alfred Bible at Killean.

Mrs. Morgan French of Concord and her daughter, Mrs. Mildred Quinn and daughter, Kelley of Fort Worth visited with Mrs. Darwin Lovelady and Mrs. Earl Cozart Monday afternoon.

Mr. and Mrs. Darwin Lovelady and Randal visited her sister, Mrs. T. E. McDaniel in Brownwood Sunday afternoon. Mrs. McDaniel has just been dismissed from the hospital and is reported doing fine.

Mr. and Mrs. Loyd Rutherford of Santa Anna visited his parents, the Tom Rutherford's Sunday. Sammie Shields was also guest with the Rutherford's.

Mr. and Mrs. Darwin Lovelady and Randal visited with Mrs. Juanita Minicia and Mr. R. A. Baker in Brownwood.

Mr. and Mrs. Floyd Morris and son were supper guests with Mr. and Mrs. Johnnie James and boys last Monday night.

Lynda Rutherford spent last Wednesday night with Mr. and Mrs. Loyd Rutherford in Santa Anna.

Houston visitors in the C. D. Bruce home last week were Mr. and Mrs. Grady Banister. They also visited friends at Santa Anna and Trickham and did some fishing and dove hunting, and returned to Houston on Saturday.

### Delta Omicron Resumes Meetings

Delta Omicron chapter of Epiphany Sigma met Monday, September 10 at the Santa Anna National Bank Community Room for the first meeting of the year.

Mrs. Delburn Rice, president, presided over the meeting with 18 members answering roll call.

The State Social Service project this year will be "Better Health for Mankind" which will be educating the public on various diseases; and the State Project this year will again be financial aid to the National Foundation.

Locally the projects selected were assisting the County Medical Association in administering the Sabin Vaccine to county residents and to continue the program of preparing meals for the Lions Club at their meetings.

A \$50.00 partial scholarship will be given to a deserving girl planning to attend Nurses school. The committee appointed to set rules for this are Mrs. Elgean Harris, chairman, Mrs. Vernon Herring and Mrs. Montie Guthrie.

Old Christmas cards will be

cut, strung and sent to The Nephosis Foundation to be sold at the State Fair of Texas in October.

The District project is a continuation of the Bangs Peaceful Valley Home for Children. The District Social Service project is the collection of baby teeth to be sent for examination of radio active particles from this area.

Mrs. James Dockery was presented her 10 year Service Pin.

Mrs. Preston Bailey was introduced as guest speaker for the program, "Woman's Place in Club Work". Mrs. Bailey stressed that most club women are hard-working and sincere in what they are doing and that they are better informed in local and national affairs.

Mrs. Delburn Rice and Mrs. Rodney Dean served refreshments of open face cheese sandwiches, cake with cherry sauce, coffee and cokes.

## Mountaineers Take Second Half Lashing From Baird Bears Friday, 6-26

The Mountaineers took a tremendous lashing at the hand of the Baird Bears in their opening game Friday night. The second half was disastrous for the local squad as the Bears dominated the field completely. The Mountaineers pretty well contained the Bears during the first half, with the statistics favoring the Mountaineers quite a bit. The score at half-time was 6-6 and the final score was 6-26 for Baird.

A lot of local fans has asked this reporter "What was wrong with the boys in the game (slaughter) Friday night? What was wrong? — it could have been a number of things or a combination of things. After having watched the local ball clubs very closely for more than 15 years and studying what can be wrong with the exhibition Friday night — we are of the opinion they read their press releases during the past few weeks too closely and apparently the Bears did not read them. We base this assumption on what a very successful businessman told us one time. "I never read my own press releases. They are for other people to read. I watch my advertising very closely and let the press releases take care of themselves."

This could be good advice to the members of the Mountaineer football team. It seems that over the years they have received good press stories, bang, they let the fans down by not doing what they are predicted to do.

What was wrong? Surely they were not completely give out during the second half. Their condition should have been excellent and their mental attitude should have been perfect. Let's hope the situation is somewhat in the Mountaineer's favor this week.

Playing in a light rain all during the first half the Mountaineers got a good drive underway the first time they got the ball. They drove from their 11-yard line to the Bears 16-yard line and lost the ball on a pass interception. Baird drove to their 16-yard line and punted into the end zone. The Mountaineers fumbled on the second play with the Bears recovering on the Santa Anna 23-yard line. On 4th down Calvin Barnes, QB, passed to Johnny Higgins for 24 yards and the first TD. Try for extra points failed. The quarter ended in the first play after the kick off.

Simmons kept the ball on the next two attempts and gained 3 yards, then handed off to Randy Brown, RB, who went an even 60 yards to even the score. Try for extra points failed, but the Mountaineers were back in the game. After the kick off the Bears failed to gain a first down and punted to the Santa Anna 31-yard line, with a return to the 45-yard line by Colbough. Making four successive first downs, the Mountaineers drove to the Bears 5-yard line with a first down and goal to go. Failing to gain for four downs, the Mountaineers gave the ball up on the Bear 13-yard line. The half ended with the Bears on their 12-yard line after two plays.

The Mountaineers kicked to Baird and after making one first down, lost the ball after failing to make good their gamble on a fourth down try. The Mountaineers lost back to their 24-yard line in three plays and punted. Baird took the ball on their 31-yard line and returned to the Mountaineers 44-yard line. The twisting fullback, Tommy Higgins gained 5 yards, then went 39 yards to score. Try for extra point failed and the Bears led 12-6. Stewardson returned a short kick 8 yards and the Mountaineers failed to gain again, but lost back to their 16-yard line and punted. Barnes took the punt and went 54 yards for the TD, then made the two extra points, making the score 20-6.

After the kick-off the Mountaineers got their only sustained drive of the second half underway. They drove to the Bears 22-yard line, then lost back to the 37 and could not make up the yards needed for the first down.

The bears took over on the first play of the fourth period and drove to the Mountaineer 19 yard line, but a clipping penalty from the point of fowl put them back on the Mountaineer 44 yard line. Failing to gain, they punted to their 42-yard line and on the return the

Mountaineers received a 15-yard penalty, putting the Bears on the Mountaineers 31-yard line. The Bears got a 5-yard penalty, then gained to the Mountaineer 16-yard line, received a 15-yard penalty and had a 16-yard touchdown run by Higgins called back. Not to be denied, three plays later they went over the TD from 24 yards out. The try for extra point failed, making the score 26-6 for Baird. The game ended shortly after with the Bears in possession on the Mountaineer 41-yard line.

### FOOTBALL ROUND-UP

We are going to make every effort to keep local fans posted on the results of games played by teams the Mountaineers will engage this year. However, at times it is going to be a tough assignment. Even the first week we are not able to give a complete roundup as we have not been able to get a report on whether or not Marble Falls opened their season the past weekend. However, if we are able to find out before press time the score will be included at the end of this article.

Cross Plains and Bangs opened their season at Cross Plains and the game went about as expected. The Dragons won 3-0 by scoring in the second period on a 17-yard heave from the quarterback to their left end. The left halfback ran the two extra points. The Buffalos threatened twice, by driving to the Dragon 24 in the third period and to the 20-yard line in the fourth period.

Somewhat of a surprise was the 10-0 defeat of Dublin by the Early Longhorns in a driving rain. Late in the fourth period Fullback Kenneth Lampkin rambled 31 yards for a TD, then rushed over the two extra points, for the final score. Early in the game the Longhorns gauged tackled the Dublin quarterback on a safety, after the Longhorns drove to the Dublin one-yard line. The Longhorns drove to the Dublin 1-yard line twice in the first period without being able to push the score across.

With just over 3 minutes left in the game, Clyde fullback Branchon crashed through the line and went 35 yards to score and win over the Roscoe eleven 6-0.

Goldthwaite suffered a 2-8 defeat at the hands of Class AA San Saba, which was somewhat of a surprise also. Goldthwaite is picked to be a tough opponent in the District 9-A race, but they were not expected to make that good a showing against a predicted strong San Saba team.

Copperas Cove, winner of District 9-A last year, suffered a through beating at the hand of Thrall, to the tune of 34-0.

Burnett, expected to be another power in District 9-A this year, sounded their warning by taking the Class AA Llano eleven to the tune of 10-6.

Most of the games Friday night were played in rain, from light mist to heavy downpours. A lot of time the underdog team will play a much better game than expected in the rain or on a wet field. If all fields are dry this Friday night, more of a pattern should be set in the district race.

Marble Falls did not open their season last week, but will open this week against the Class AA Llano Yellowjackets at Llano.

**THE LIBERALS IN POLITICS**

For the most part, the writers, professors, bureaucrats and politicians now described as the "liberals" have been so busy attacking "right wing extremists" that they have not been able to enlarge upon their own programs for changing and weakening the nation. An exception, however, was their excursion into the "Liberal Project" which a dozen or so legislators set up during the 1959-60 session of Congress in order to study American foreign policy under the guidance of a group of intellectual liberals.

All this resulted in a book of essays by these "intellectual" spokesmen for liberal ideas, edited and introduced by Representative James Roosevelt of California. There was so much eyebrow raising when The Liberal Papers came out last spring that a flood of disavowals poured forth, including statements from Rep. Roosevelt that no congressman endorsed or had anything to do with it. Aside from the obvious contradiction that Mr. Roosevelt himself wrote the introduction and therefore had something to do with it, the book does list several officeholders and ex-officeholders who took an interest in the project.

**Soon The Elections**  
Some of the writers and ex-officeholders have since gone into federal service: one as dis-

armament consultant, another on the staff of the National Security Council, two to the Agency for International Development, another to the Department of Interior. Chester Bowles, one of the sponsors remains hidden somewhere in the councils of the Administration. Between now and November, however it is not likely that many Democrats, even of the Kennedy clan, will refer to the book with much enthusiasm.

Congressman Roosevelt apparently thought the essays would prepare the country for survival, but if the essays are remembered in November by the electorate some of the liberals are not likely to survive the elections. Raymond Moley, in his column in the New York Tribune, said: "The whole thing is a craven design for surrender." Representative Halleck said that the book proposed the U. S. "back out of Europe and Asia with our hands up."

**Ruinous Proposals**  
Here are some of the highly imaginative suggestions of The Liberal Papers: that East Germany be recognized and both Germany's demilitarized, that the U. S. break up NATO, that we abandon nuclear tests unilaterally that we let the Soviets "plug in" on our radar warning system, that the U. S. sponsor admission of Red China into the U. N. along with other so-called nations of Communist stride, that trade with Russia be liberalized, and that Quemoy and Matsu be handed over to Red China, ect.

Some democrats have been busy disavowing the book, but there it is. The National Review has called it "perhaps the hottest political publication of our time," and has characterized two of the book's authors, both of them Harvard professors, as appeasers "whose implicit claim to courage lies in their willingness for all of us to live under Communist domination." President Kennedy, the Review declared must lead a revolt against the liberal ideology, or such men may finally be running Washington. So far Party Leader Kennedy has not disavowed the book, thinking perhaps to hold liberal votes and please his inner circle.

**Following Moscow**  
These liberals, apparently, are not only working overtime attacking those they call extremists, but they also are trying to sell out America to the Reds. Is it any wonder that these two ideas come together so closely when the one of the essays pontificates: "As the cold war continues, it becomes increasingly difficult for decent Americans, humane enough to prefer peace to an egocentric national honor, to be outspokenly and genuinely anti-Communist." Thus it is that the Communist get the extremist Democrats to fight their battles for them.

Everyone is invited to attend an ice cream supper at the Community Center, Saturday, Sept. 15, at 7:00 o'clock. Bring ice cream, cake or fruit pies, also card tables and dominoes.

Audrey Eppler and Grady Williams are at Hale Center combining maize.

Mr. and Mrs. Douglas Milligan and Mr. and Mrs. Edgar Shelton spent Sunday at Eldorado visiting relatives.

Mr. and Mrs. Walker of Wichita Falls visited during the weekend, with her mother and brother, Mrs. Sam Dalton and

All of this seems hard to believe. But it should be evidence enough to the electorate that in the Congress, as well as the executive branch there moves an element totally dedicated to a dangerous appeasement policy. This is the "no win" policy, that so pliantly bends whenever it meets the intransigence of the Soviets. It seems strange that surrender to Communism should be an issue in our elections this fall, but there it is.

Sidney. Miss Alma Hardin of Dallas is visiting this week with Mr. and Mrs. Bill Price.

Mr. and Mrs. Varel McClain and children of Midland spent last week with his mother, Mrs. Ema D. McClain.

Visitors Sunday with the R. A. Milligans were: Bro. and Mrs. Littlepage and Brenda and Mr. and Mrs. W. T. Stewardson and their granddaughter, Kim Ste-

wardson. Hal Barton of Palestine a former resident, visited with several families in our community during the weekend.

Ann Stewardson, Sandra Fowler and Glendon Eppler have entered Abilene Christian College.

Mr. and Mrs. Glenn Scarborough and Sherry visited Saturday evening with Mr. and Mrs. James Hafner and Jimmy at Gouldbusk.

Friday, Mr. and Mrs. Otis Stokes of Brownwood and Mrs. Audrey Eppler went to Kermit to be with Mrs. Stokes' brother, Cap Holder who had spinal surgery on Saturday.

### Orange Juice and Fresh Pears Head Plentiful List

College Station — Planning September menus can be easier if Texas homemakers take advantage of the abundance of current farm produced foods, suggests the Texas Agricultural Extension Service.

The official list of September plentiful foods is an excellent guide for best buys in the back-to-school-month, the Service says. The list is developed by the Agricultural Marketing Service in cooperation with producers and the food trade.

Frozen orange juice, fresh pears, fluid milk, grapes, late summer vegetables and salad oils make up the list and all are in good supply this month. Grocers will probably feature these foods so that consumers may take advantage of their abundance.

An ideal item for school-day breakfast is one of the many frozen orange juices on the market this fall. Fresh pears and grapes offer unlimited possibilities for adding appeal to fruit cups, salads and desserts and make delicious additions to school lunch boxes.

The current abundance of fluid milk is a good reason for serving it with all meals and snacks. Fresh vegetables add color, flavor and nutrition to all menus, the Service says.

Also in high supply this year are finished vegetable oils like salad oils and cooking oils and baking and frying fats.
