VOLUME 52

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY MARCH 12, 1937

NUMBER 11

"He Profits Most Who Serves Best"

## SMOKE FROM THE MOUNTAIN

The first of the month always brings bills, but there were several young men around Santa Anna this month who were rather taken aback when they received monthly statements from the Hillcrest Golf Club for the startling sum of \$10.00 — and some of them weren't even members of the club. But — the statement explains as billed: Terms: Cash in Advance. One person, \$2.00 per month; two persons \$5.00. January and February dues for using grounds at night — \$10.00. Now there aren't any lights out there, so these folks surely weren't playing golf at night. And each was billed for two persons. It's not too hard to guess, but more detailed information might be supplied from the following: Bill Ford, Elmo Wallace, John F. Turner, Red Hosh, Hubert Turner and Afton Pieratt.

Elmo Wallace has the flu. That's not where the joke comes in, as Elmo will assure you. The funny part, he has always broadcast a sure way to keep from getting or keeping the flu, but seems the remedy failed him when he most needed it.

Since when did Buck Davis become bell hop or red cap for the buses? Sunday afternoon he was seen carrying suitcases from the bus to a waiting car and then tipped his hat in a very business like way to the very grateful young lady. Well, well, you never can tell what occupation folks will take up next.

Just as an explanation — if this issue seems peculiar or feminine or something it's because our women folks (Eris and Elizabeth) with the aid of our printer got out this paper on our own this week since the editor let the flu get the best of him Monday morning. He didn't think we could do it and maybe you don't either, but we had a lot of fun seeing if we could get it out and we did so OUR curiosity is satisfied.

## Local Talent to be Featured at Lions Drama

One hundred and fifty Santa Anna and Coleman people will be featured in the home talent Lions Club show, "Coast to Coast" to be given in Coleman tonight as a benefit show for underprivileged children. One show was given yesterday and the final performance will be given tonight.

The play, directed by Miss Ruth Norwood of Abilene, is a riotous musical comedy. Members of the Big Bug Musical Club, from Santa Anna are Rev. Alan Lynch, A. D. Pettit, and Rev. J. V. Davis and John William Burden.

Miss Lula Jo Harvey is included in the Old Fashioned Garden Group, which appears in the Beaux and Belles of 1950 scene. The Beaux and Belles of 1950 are small children sponsored by various business concerns of Coleman and will be presented on the program. Miss Mary Hoopes, accompanied by Miss Harvey, will present a toe number during the evening.

The Coleman County people who will appear in the cast include Mrs. Johnnie B. Howell, Mrs. J. H. Nance, Rev. W. H. Woodard, R. A. Gardner, Floyd Stobaugh, Mrs. Ben Taylor, F. M. McKinney, Mrs. Earle Smith, J. F. Brown, Alex Mayer, Earle Smith, Mrs. Frank Rogers and Dr. J. F. Gaines.

Jimmy King's band will also be featured.

Harding With Panther Co.

H. F. Harding has accepted a position as salesman with the Paint and Roofing Department of the Panther Company in Coleman County and all the Southern part of the state. His duty will include selecting of agents for the company.

Mrs. Harding will travel with her husband, but their home will continue to be in Santa Anna.

Tim Don Grey has been in the hospital for 21

## Spanish Club to Present Program at McMurry Soon

"Los Montaneses Espanoles" to Appear on Presentation of Alpha Theta Nu Society March 19

The entire club, composed of about forty members, will leave early Friday morning accompanied by several outsiders.

The Spanish Club has entertained on various occasions in Santa Anna and surrounding cities and has given several interesting and colorful programs. Last year "Clavelito" was ably presented and this year Bangs and Coleman were given a Mexican Fiesta by the local club.

The program to be presented in Abilene will be composed of songs, dances, and short plays, all in Spanish.

Members of the club include Ruth Conley, Hazel Lewis, Thelma Vinson, Ruby Lee Price, Carlene Ashmore, Doris Spencer, Anita Kirkpatrick, Martha Belle Harvey, Elean Windham, Annette Shield, Margaret Mobley, Jake Barnes, O. L. Cheaney, Jr., Gale Collier, Mary Louise Curry, Gene Adams, Teddy Gassett, Joyce Hensley, Ruth Erick, Bartlett Lamb, Emma Sue McCain, Elisabeth Morris, Ima Niell, Barbara Springer, Billie Burke Pope, Bettie Sue Turner, Walter Verner, Talmage Turner, Glenda Beth Williamson, Marilyn Baxter, Vera Mae Seamans, Gwendolyn Oakes and Annie Nickens.

## Football Boys Get Sweaters Last Thursday

Five football boys, two team managers, the girl sponsor and two girl pep leaders were awarded sweaters last Thursday in the High School chapel period, with J. R. Lock, principal, making the presentations.

The five members of the team who were presented sweaters for their excellence in playing and sportsmanship, and who met the qualifications for scholarship were Captain Dolphus Ashmore, Oscar Hill, Burton Gregg, Bill Mitchell, Damon Jackson.

J. W. Davis and Ben Parker, Jr. were awarded sweaters as team managers, while Louise Oakes as team sponsor and June Kirkpatrick and Marilyn Baxter as pep leaders were also given sweaters symbolizing their offices.

## Ward PTA Will Elect Officers, Delegates Tues.

Election of officers and conference delegates will be held at the regular meeting of the Santa Anna Ward School Parent Teachers Association Tuesday, March 16 at 3:30 p. m.

The program for the afternoon will include a playlet to be given by the Fourth Grade, and the following talks: "Radio as a Source of Home and Community Education," by Mrs. Lee Mobley; and "In Our Neighborhood," by Mrs. Carl Ashmore. All members are urged to attend.

Mrs. Grady Adams went to Rising Star Tuesday to attend the funeral of her brother-in-law, Mr. Tom Lewis.

Dr. and Mrs. T. Richard Sealy will return from Pensacola, Fla. next Monday night where they have been on a week's vacation.

Mrs. S. G. Caton and Mrs. Emory Brown visited Mrs. Walker Richardson in Coleman Sunday afternoon.

Miss Kate Ripley has been confined to her home with the flu.

## Lions Club to Be Host Soon to Group 22

The Santa Anna Lions Club will entertain the Lions from several cities at a noon luncheon and business meeting of group 22, District No. 2-A Texas on Tuesday, March 22, it was announced at the regular noon day meeting Tuesday of this week.

Committees have been appointed to plan for the program and entertainment for the meeting.

Another announcement was made concerning the shower for the hospital to be given by Santa Anna citizens and citizens of surrounding communities on next Tuesday. The gifts will be taken all day at the State National Bank building. The shower is given each year in aid of the great amount of charity work which is done at the local institution.

## SANTA ANNA ICE AND COLD STORAGE GIVES TO F. F. A. SHOW

The copy turned in to this office last week of the names of business firms who donated money for the F. F. A. Livestock and Poultry Show omitted the name of the Santa Anna Ice and Cold Storage Co. This firm contributed \$1.00 to the fund. The donation was credited to the West Texas Utilities Co. which is an entirely different firm.

The News urges all persons turning in articles which include a long list of names of persons or firms to check the lists carefully before turning the lists in, since it is often impossible for this office to find out about omissions on your list.

Mr. and Mrs. J. J. Gregg and Mr. and Mrs. J. B. Jones and Mary Jo Gregg went to Garner, near Mineral Wells, Sunday to attend the funeral of Mr. Gregg's cousin, Mrs. W. E. Moore.

Mr. and Mrs. C. W. Hamilton of Essey visited Mr. and Mrs. H. J. Deason Sunday.

## Hospital Shower for Charity Work Will Be Tuesday

Annual Affair for Local Institution's Charity Patients to Be Given While Head of Hospital on Vacation

The citizens of Santa Anna and surrounding communities will give a shower Tuesday for the Sealy Hospital in appreciation of the great amount of charity work done at the local institution.

Gifts of linen, towels, food, livestock and other useful articles will be accepted all day Tuesday at the State National Bank building.

Heretofore no publicity has been given this annual shower since friends wished to keep the affair a surprise from the hospital staff and friends were notified by telephone or word of mouth. However, some who wished to give were always left out this way, and this year, since the head of the hospital, Dr. T. Richard Sealy, is away on vacation and is not expected back until late Monday or Tuesday, the affair will still be a surprise and the committees in charge are announcing the shower so that all who care to may donate.

Recently word was received from the Runnels County courthouse of the bequeathal of \$7,000 in land and money to the hospital by the late S. V. Payne of Ballinger, who expressed in his will a desire to aid in the furtherance of the charity work of this hospital which he had observed and admired.

## Funeral Rites for Leon Hardy Held Wednesday

Services Held at Baptist Church at Shield After Body Brought from Teague

Funeral services for Newton Leon Hardy, who died Monday night at Teague, were held Wednesday afternoon at the First Baptist Church at Shield at 4 p. m. with Rev. Alma Farley, pastor, officiating. He was assisted by Rev. O. L. Savage, pastor of the First Baptist Church of Coleman.

Mr. Hardy was born July 25, 1909 at Sinclair, Texas in Jones Co., moving to Coleman County with his parents when he was 21. He made his home here until a few months ago, when he moved to Fairfield, Texas.

He was married to Miss Eulah Hornsby on Oct. 20, 1928.

Converted at the age of 16, he became a member of the First Baptist Church at Shield and has ever lived a devoted, Christian life.

He is survived by his widow, his parents, Mr. and Mrs. W. A. Hardy of Shield, and one brother, Earl Hardy of Santa Anna. He is also survived by a number of brothers-in-law and sisters-in-law and his parents-in-law.

Palbearers were Melvin Snyder, Herbert Taylor, Eldred Murrell, Odus Powers, Lewis Bryan, Troy Summerford.

Flower ladies were Essie Ashford, Pauline Powers, Glays Murrell, Adelle Gilbreath, Annie Lee Ashford, Dorothy Murrell, Inetha Carter, Mrs. Edgar Shelton, Mrs. Eva Nell Heffner, and Veda Mae Summerford.

Arrangements were in charge of Hosch Undertakers, who went to Teague preceding the services to bring the body to the home of Earl Hardy, where it remained until taken to Shield Wednesday.

## NOTICE

This is the last warning that we are giving to people that are using the Public Roads of this county as dumping grounds. This applies to anyone that is throwing trash of any kind and also to anyone or persons that are cutting trees along the fence row or on their property and dumping them into the roads or barnditches. The officers of this county have been instructed to arrest any one or persons found violating this law, and will be prosecuted to the highest extent. This law carries a fine of up to \$200.00 and cost. 11-14 W. B. Baker, County Attorney, Coleman County, Texas.

## F. F. A. Livestock and Poultry Show Winners are Announced

FOURTEEN FIRST PLACE AWARDS WILL BE GIVEN TO BOYS LATER

Winners of the F. F. A. Livestock and Poultry Show staged here Wednesday as part of the Trades Day attractions were announced late Wednesday afternoon with several boys' entries winning two or more first places. Approximately 3,000 attending Trades Day saw the exhibit, the first of its kind the F. F. A. boys here have put on.

A. D. Pettit, vocational agriculture teacher, has worked diligently with the boys and it is largely through his efforts and encouragement that the exhibit was planned and carried out successfully.

One of the prize baby beefs exhibited at the show throughout the day, owned by Bob Pearce, was purchased by Piggly Wiggly for the sum of \$82.00 and the beef will be on the Piggly Wiggly block Saturday, according to Mr. Thate, manager and owner.

The boys who merited first places were Lewis Miles Guthrie, H. W. Norris, Burton Gregg, Oscar Hill, Jack Everett, Joe Bruton Flores, Billy Stapleton, Eugene Ferguson, Billy Joe Harvey, Harvey Goodgion and Buddy Lovelady.

## Local Boys Achieving High Goals

During the past week, local high school boys have shown their ability for work and endeavor through three different phases of school activity, all of which are wholesome and worthwhile. These boys are representing the Boy Scout organization, the F. F. A. Chapter, and the High School football team, all of which have received special recognition these past ten days.

The Boy Scouts held their Court of Honor recently, many passing to higher stages in the scout work, and others receiving recognition for work well done in specialized fields.

The F. F. A. chapter introduced one of the finest Livestock and Poultry Shows of its kind in some time and was of particular interest because the show was planned by the boys themselves who exhibited their own projects.

Last Thursday the football team received sweaters as a token of their value to the team for sportsmanship, fair play, and clear thinking on the gridiron.

There is no doubt but the schools and the town business men are giving our boys every opportunity to make something worthwhile out of themselves. That is good. The thing that is most pleasing is the fact that our boys are taking advantage of these opportunities and are using them. These boys have learned many lessons which will make them better citizens not only in the field in which they are now working but in other fields.

Recent projects completed, new ones have been begun in preparation for other achievements. We older people are feeling it our duty to keep on giving these boys our moral support and that is the way it should be. They need encouragement and cooperation; in the final outcome, Santa Anna should boast a group of boys that would be the pride of any community—a group high in morals, intelligence, honesty and diligence.

Mr. and Mrs. Frank Crum have returned from a three weeks stay at Belton.

Miss Mary Nell McClendon spent the week-end in her home in Brownwood.

Young men, you are the architects of your own fortunes. Rely upon your own strength of body and soul. Take for your star reliance, faith, honesty and industry. Inscribe on your banner: "Luck is a fool, pluck is a hero." Don't take too much advice — keep at your helm and steer your own ship and remember that the great art of commanding is to take a fair share of the work. Don't practice too much humanity. Think well of yourself. Strike out. Assume your own position. Put potatoes in your cart, over a rough road, and the small ones will go to the bottom. Rise above the envious and jealous. "Fire" above the mark you intend to hit.

Energy, invincible determination, with a right motive, are the levers that move the world. Don't drink, don't smoke, don't swear, don't deceive, don't marry until you can support a wife. Be in earnest. Be self-reliant. Be generous and be civil. Read the papers, advertise your business. Make money and do good with it. Love your God and fellowmen. Love truth and virtue. Love your country and obey its laws. If this advice would be followed by the young men of today the millennium would be at hand. —Selected. —S-A-H-S—

OUR GREAT WEST TEXAS

Homes of millions of people, Homes of cattle and stock, Homes of the free and the brave And the sheep and goats by the flocks. Our great West Texas. We live on big wide ranges, And happiness we get all free. Our water comes from the branches, And fuel we get from the trees. Our great West Texas.

We love the plains in our state, The country free for the roaming, The birds catch easily their bait And the waters lazily foaming. Our great West Texas. —S-A-H-S—

BOY SCOUTS HOLD COURT OF HONOR

Thursday night, March 4, the Boy Scout Organization of Santa Anna, held their regular Court of Honor in the High School auditorium. Mr. and Mrs. Harvey J. Mason Present Program in Auditorium

Tuesday afternoon at 1:00 o'clock Mr. and Mrs. Harry J. Mason of the United States Society of Zoology, presented in the high school auditorium a program demonstrating what can be accomplished with animals and pets through kindness. Mrs. Mason entertained first with her trained monkeys and baboons named Pedro, Lena, Fritzie, Mr. Hands, Filbert, Maggie and Sally Ann. Mr. Mason gave a talk on the care of pets, also on the reptiles of the world. He also exhibited a live gila monster, the only poisonous lizard in the world. —S-A-H-S—

Believe It Or Not

It rained last week. The English II class has been writing plays. Miss Harvey, Mr. Dean and Mr. Scarborough had the flu last week. We didn't see many students playing outside last week. The World History Class had its share of the tests given last week. Ruth Conley is a good "Esperanto" teacher. Many students are working hard so that they will get an S. After seeing the letters the football boys and pep leaders received, everyone is working much harder towards getting one of their own. Mr. Lock made the presentation speech and awarded the football boys and pep leaders sweaters in chapel Wednesday March 9.

Did You Know

That the FFA boys did not get to have their weiner roast last Friday. That O. T. gave Emma Sue a bracelet. That Duane Moore stayed all night with Buddy Lovelady Thursday night. That Willard Wilson is in love. Alice Jane lost A. L.'s F. F. A. pin. Willyne received a false note from H. W. That James Daniel was seen walking with a girl. Mary Burney would lose her had if it were not tied on. That Betty Jean and Nettie B. had a small fuss. That Mr. Bill Stevens really knows how to smile. Miss Harvey was back at school Friday. The English II classes have been writing dramas. They were presented in class Monday. Willard Wilson is wearing a patch over his left eye. Ruth Conley has been teaching Spanish II during Miss Harvey's absence. Ruth also taught English I. There are only two more six weeks periods this term. H. W. Norris has a new girl friend. Mr. Mathews keeps the first period study hall now. Byrl walks to town with June every evening. Eva Nickens is pretty. Una Mae Farris gets a letter every morning. The report cards were given out. Archie Dean Hunter is cute. Mr. Scarborough has been sick. Mickie Parker was elected baseball captain. Willyne Ragsdale had an invitation to the F. F. A. weiner roast. Dorothy Ross still likes Bill Williamson. Melba Dean Holt is cute. The football boys got their sweaters. Wilma Mills likes A. L. McGahey. Almost every freshman in the eighth period English class chews chewing gum. Mr. Stevens is handsome. Mr. Stevens crystal radio wouldn't work. The band is going to play a concert. The seniors are passing around their autograph books. Alice Jane Lovelady can tap dance. Willyne Ragsdale walks down the stairs with a certain freshman boy. The science classes are taking the "Current Science." The freshmen are feeding the lions. Buddy Lovelady missed school for two days. Vera Fay had an invitation to go to the weiner roast. —S-A-H-S—

Can You Imagine

Dorothy Sumner sticking anyone with a pin. Lucille Lancaster talking to Hilburn Henderson. Wanda Sanders flirting with Wyndell Rowe. Hilburn Henderson writing letters to a girl at Bangs. Miss McClendon: I was only counting my money before you gave me the gas. —S-A-H-S— We have just learned that central Texas will ship to mid-western states three times as many turkey eggs as any previous year. Does that mean we are killing the goose that laid the golden egg? By all means, No. We must get busy and have the best crop of turkeys ever grown in the county, feed them grain every day. Do not expect them to live on grass hoppers and then compete with turkeys raised in the corn belt. We have the best climate and can grow as good birds by giving them the care we should.

Lets Talk about Clothes TEXAS STATE COLLEGE WOMEN (CIA)

DENTON, March 11.—Women who have a weakness for lace patterned hosiery are in the great news. Hosiery makers are out with some new spring shades and designs, and for the first time in history these flattering, slenderizing affairs are obtainable at an amazingly low price.

Girls at Texas State College for Women (CIA) have found that lace hosiery is long-wearing, and that it goes admirably with street clothes, spectator outfits, and afternoon dresses of dull crepe. The mesh or lace pattern is small, precise, more like a veil of tint than an open work lace effect.

Babama is a glowing coppery sun tan shade, perfect with black, blue and green as well as all the smart black background prints splashed with printed flowers in bold colors. All three shades are exciting new spring fads, and the extremely low price should keep you cheering all day.

Practical Cookery

DENTON, March 11.—When we think of breakfast, we immediately associate eggs and bacon with it. Eggs are suitable for breakfast because they can be prepared in such a variety of ways. Of course, we can fry them, and maybe scramble them, but other ways to serve them are baked, hard cooked, soft cooked, creamed, eggs a la goldenrod, omelets, and souffles.

raisin, and fruit, breads; cinnamon rolls; bran, date, nut, or whole wheat muffins; waffles, both plain and chocolate; griddle cakes; French toast; milk toast; and Welsh rabbit on toast.

CHOCOLATE PECAN WAFFLES: 3-4 c. flour, 1-2 t. salt, 3 squares of chocolate, 3 eggs, 1 c. pecans, 1 t. baking powder, 1-2 c. butter, 1 c. sugar, 1 t. vanilla. Mix the flour, baking powder, and salt. Add butter to melted chocolate. Mix sugar and eggs, beaten slightly. Blend these mixtures together and add pecans. Flip both sides of waffle iron hot. Grease well. Fill tablespoon of batter in each section. Serve hot with butter and syrup.

DATE BISCUITS: 2 c. sifted flour, 1-2 t. salt, 1-4 c. sugar, 1-4 c. dates chopped, 4 t. baking powder, 1 1-4 t. shortening, 2-3 c. milk. Sift flour, baking powder, salt and sugar. Cut in shortening. Add pecans and milk and mix to soft dough. Turn on floured board, knead slightly, roll 3-4 inch thick; cut in rounds. Bake in shallow pan in hot oven 450 F. for 15 minutes. This makes 18 small biscuits.

JELLY RING BISCUITS: 2 c. sifted flour, 1-2 t. salt, 2-3 c. milk, 4 t. baking powder, 2 t. shortening. Sift flour, baking powder, and salt together twice. Cut in shortening. Add milk gradually and mix to a soft dough. Turn on floured board, roll 1-4 to 1-2 inch thick. Cut one-half of dough in solid biscuits and other one-half with doughnut cutter. Moisten the top of solid biscuit with milk and place doughnut rings on top. Bake in hot oven 15 minutes. Serve hot with butter and jelly in the center.

PLAIN OMELET: 4 eggs, 1-2 t. salt, 4 t. hot water, 1 t. butter. Separate yolks from whites. To yolk add salt, pepper and hot water, and beat until thick and lemon-colored. Beat whites until stiff, cutting and folding them

into first mixture until they have taken it up. Heat omelet pan, and butter sides and bottom. Turn in mixture, spread evenly, and place on stove where it will cook slowly over a low flame occasionally turning the pan that the omelet may brown evenly. When it is well "puffed" and delicately browned underneath, place pan on center grate of oven to finish drying the top. Do not brown the top. The omelet is cooked if it is firm to the touch when pressed by the finger. If it clings to the finger like the beaten white of egg, it needs longer cooking. Crease the omelet with a knife at right angles to handle of the pan, taking care that the omelet is not cut. Fold the half away from the handle of the pan over the other half. Turn on to a hot plate and serve immediately.

It's farther between filling stations in the Ford "60"

THE 60-horsepower Ford V-8 engine was first developed for Europe, where fuel costs are high. Two years' usage there proved its unusual economy. Best of all, the Ford "60" is just as big and roomy—just as handsome, sturdy and safe—as the famous 85-horsepower Ford V-8. And it sells at the lowest Ford price in years.

When the "60" came to this country this year, the Ford Motor Company made no mileage claims—waited for facts, written on American roads by American drivers. If you want a big car for a small budget—a car you can drive with pride and profit—see the thrifty "60" soon!

Now Ford "60" owners are reporting averages of 22 to 27 miles on a gallon of gasoline. That makes it the most economical Ford car ever built!

Planning Food Supply

The three tank dumps on the Bakers Ranch in Pecos county are utilized for orchards by Mrs. J. T. Baker, demonstrator of the Bakersfield home demonstration club, and the ravines on the ranch are also set with fruit and pecan trees. Mrs. Baker's pantry contains 250 cans of meat, 75 quarts of pickles, 31 quarts of vegetables, 56 quarts of preserves, 60 pounds of pecans, and 35 cans of fruit cake, plum pudding and brown bread.

During the past year, Mrs. Baker made 150 pounds of cottage cheese, 365 pounds of butter, and 50 pounds of soap. Her garden produced mustard, turnips, onions, parsley, artichokes, and asparagus; turkeys and poultry were raised for home consumption.

In addition to the fruit and nuts used by Mrs. Baker, the trees and a vineyard furnish fruit to the families living on the ranch.

In putting up tomato juice and other fruit juices for home use, Mrs. Kelley Vardemann of San Saba county perfected a technique which led her to put up fruit juices for sale. During the past year she has put up 1,300 bottles of various fruit

juices which found a ready sale at five cents per half pint bottle. Profit after the initial cost of the containers, is two and one-half cents per bottle. A plentiful supply of the fruit juice is kept for home use.

Demonstrator Stories

Ivory and light green make up the color scheme Mrs. J. C. Barnes, 1937 bedroom demonstrator of the Whom Home Demonstration Club, has chosen for her bedroom. She plans to use a creamy building paper with a green design in it for the walls. The wood work and furniture are to be painted with ivory enamel making a light, smooth surface which is easy to clean.

As the floor is in rather poor condition Mrs. Barnes plans to fill the cracks with cold water putty and give it two coats of light tan deck paint. A painted floor is much easier to keep as it may be cleaned with an oil mop and reduces the amount of scrubbing needed.

Then ecru curtains are to be used to help soften the light and give the room a light, cheerful appearance. A bedspread and cushion for the rocker will be added in harmonizing colors.

Mrs. Barnes also plans to build a closet to provide adequate storage for clothing, it will be much easier to keep the clothes in a good condition.

For \$16.00 Mrs. Carl Sheffield, 1936 bedroom demonstrator of the Trickham Home Demonstration Club, made her southwest bedroom into a cool, pleasing and comfortable room. Originally the walls were painted yellow, giving the room a too bright and warm appearance. This was changed by papering the room with a light blue paper figured in white. The floor and wood-work were refinished with linseed oil, two coats of clear varnish, and a coat of wax, giving them a light natural finish that will be easy to keep clean. One handmade rug braided was used on the floor by the bed.

To soften the light and give the room a dainty appearance Mrs. Sheffield used thin white curtains at her windows. Her bedspread is a white tufted spread on which she won second prize at the Tri-District Bedspread in San Angelo last November.

The bed, writing table, and dresser were refinished with varnish and wax. A small bedside table was added to make the room more convenient. The closet was equipped with a rod for hanging clothes, shelf for the hats, shelves for the folded garments, and a shoe rack and papered inside with light paper to give more light and make it fairly moth-proof. An old rocker was repadded and given a slip cover of pink and lavender print. This easy chair that is both attractive and comfortable was made from an old rocker for less than \$3.00.

It's a funny world. If you think what everybody thought last year, you're an old fogy and if you think what everybody will think next year you're a crank.

Know Texas

DENTON, March 11.—The Texas Rangers have long been romantic figures in the history of the state, and for more than a century they have been actively engaged in taming the Southwestern frontier. In the state's early history, they put an end to the scalping raids and train robberies, and brought to justice the fence-cutters, thieves, and murderers.

When Texas became a Republic, the organization was enlarged and used to patrol the frontier and to punish Indian raiders. Each Ranger provided himself with a good horse, a rifle, and a brace of pistols.

This early Ranger organization has undergone a series of changes, and although the present organization dates from a law in 1901, a Ranger force has been maintained for the protection of the frontier almost continuously since 1835. It now consists of five companies, each under the command of a captain, with the senior captain in charge of the whole force. Averaging six or seven men to each company, the entire force number about 35 in 1936.

When Texas was annexed to the U. S., the Government assumed responsibility for protecting the frontier, and the organization was virtually dropped. However the Federal troops, largely infantry, were so unused to border and Indian warfare that the Rangers were reorganized.

When the frontier disappeared, Ranger activities were directed against outlaws of their own race. This tended to lessen their popularity, especially since more counties were organized and sheriffs resented the invasion of their territory by outside forces. Following the World War, use of the Rangers to enforce liquor prohibition also made the organization less popular, and it was allowed to dwindle. However, in 1935, the force was again reorganized, and with the State Highway Patrol, was placed under a new Department of Public Safety.

Terrace survey lines covering 19,900 acres of farm land which is to be protected against water erosion have been run in Lubbock county since December 15 by National Youth Administration youths working under the direction of the county agent, A. V. Bullock, district supervisor, has reported to Lydon B. Johnson, state director for the NYA.

"Men who spend the public money ought to have some experience in the difficulty of making a dollar." And also the agony of making out an income tax return.

There may be some other name for it, but if a lad around here acted like Mussolini people would call it swell-head.

We can't understand why a nation will go to war over a little strip of ground that it could buy for less than a war costs.

Champion Bronc  
Riders to Attend  
Fort Worth Show

FORT WORTH, March 11.—Pete Knight of Denver has returned to Fort Worth to defend his title as champion bronc rider of the world in the World Championship Rodeo which will be held at the Southwestern Exposition and Fat Stock Show, March 12 to 21. He won the crown here a year ago and has since won firsts at a number of other rodeos.

Verne Goodrich of Hollywood, Cal., who has never competed here but whose trick roping has been a sensation recently at other rodeos will enter the trick roping event in an attempt to take the title from Chester Byers of Fort Worth.

Homer Holcomb of Blackfoot, Idaho, who will clown the rodeo, also has arrived in Fort Worth. He brought his educated mule, "Mae West."

United States Marshal J. R. Wright, chairman of the downtown parade which will be held Friday afternoon, March 12, has invited cities to send bands to the annual events. Already eight bands have been placed on the list. Cities planning to send bands for the parade should notify the show at once.

There will be several sections in the parade including one in which all rodeo contestants and officials will take part. Another will be devoted to old time bugles, carriages, chuck wagons and stage coaches. Girls from the show's night and supper club, Rainbeau Garden, will ride in open autos.

Wally Steofler's famous orchestra of 12 members and his beautiful blond singer, Donna Lee, have been engaged to furnish music for the Southwestern Exposition and Fat Stock Show's Rainbeau Garden, March 12 to 21. The band has played successful engagements at large night clubs and ball rooms of the North and East during the last year.

With the orchestra there will be 50 entertainers for the Garden including Kathryn Duffy's adorable girls who will be in the glamorous International Revue. Rainbeau Garden will be open matinee and night immediately after each rodeo and horse show.

Range Conservation

Not to know yourself is like living with a stranger. You cannot judge an automobile by its honk.

Ranchmen in West Texas are manifesting interest in the range conservation program and are holding meetings to discuss the various phases of the plan, county agricultural agents report.

A meeting in Glascock county attracted 35 ranchmen who thoroughly discussed the program and elected committeemen. Towards the close of the meeting, the ranchmen informed the county agricultural agent they would be glad to top their lamb and calf crops for 4-H club boys who intended to put on feeding demonstrations.

A series of five range conservation meetings in Bandera county attracted some 300 ranchmen. The agricultural agent reports that the meetings were very instructive and interesting in that virtually every person present brought up questions in regard to the program. The cedar eradication plan is the phase which was of paramount interest to the Bandera ranchmen who anticipate considerable benefit from this source. The deferred grazing practice was also considered as especially well adapted to Bandera county conditions.

Ranchmen in Val Verde county, which until recently did not have a county agricultural agent, held a meeting to thresh out details of the program as applied to local conditions. Committeemen and alternates were at this meeting.

Miss Louise Purdy and Miss Mollie Denton spent Tuesday in San Angelo attending the Stock Show.

### Extension Service News

College Station, March 11.—"One half acre of garden, properly cared for, will produce an average of \$100 worth of food for the family." This statement was made by J. F. Roseborough, Extension horticulturist, who pointed out that year in and year out, the garden should be the most profitable area on the average farm.

For each member of the family, 600 feet of row space should be allowed, Roseborough said. To supply a balanced vegetable diet, this 600 feet of space should be divided into 200 feet devoted to potatoes; 100 feet to yellow and leafy vegetables, such as mustard, cabbage, and carrots; 100 feet to tomatoes; and 200 feet to such miscellaneous vegetables as onions, beets and turnips.

Over a large portion of the State, the time is at hand to plant Irish potatoes, according to Roseborough, who recommends the Triumph and Irish Cobbler varieties. Cabbage and onion plants should be set out, and tomato plants started now. For deep South Texas, where most tomatoes have already been planted, Roseborough indicated that the Bonnie Best tomato was a good all around variety, while for the rest of South Texas and East Texas, he preferred the Marglobe. He favored the Earliana, June Pink, or Magee for the blackland belt, and Earliana or June Pink for West Texas.

English peas should be planted in rows that have been laid off 12 inches apart, with 24 to 30 inches between rows. By this method, the peas will tend to support each other in their upward growth, Roseborough pointed out.

The National Youth Administration employed 751 youths on work projects in the 5 counties of the Lubbock district during 1936, A.V. Bullock, district supervisor, reported to Lydon B. Johnson, state director.

### Ranchmen Take An Interest In Range Program

In a series of meetings held over the county by the county agent, C. V. Robinson, and the Assistant, S. E. Rosenberg, a part of the time has been devoted to a discussion of the 1937 Range Program. Many ranchmen have expressed their opinions of interest in the program.

The 1937 Range Program is built around two characters that play the leading roles — The Range building allowance and the Range Inspector. The Range Building Allowance represents the largest amount of money that can be earned by the ranch operator for carrying out range building practices. The Range Inspector is the person who reports the range conditions and checks the practices that a ranchman has done in order to get payment.

The Range building allowance, which is the largest amount of money that can be earned for doing range building practices is arrived at by multiplying \$1.50 by the carrying capacity of the range. The carrying capacity is the number of animal units that the range will carry on a 12 months basis over a period of years without decreasing the stand of native vegetation. The term animal unit means 1 cow, or 1 horse, or 5 sheep or 5 goats. If it is determined that a 1000 acre range has a carrying capacity of one animal unit to 10 acres, then the Range Building Allowance for this 1000 acres would be \$1.50 multiplied by 100 (the number of animal units this 1000 acres would carry) or \$150.00.

There are a number of Range Building Practices that can be done to earn the Range Building Allowance. The following Range Building Practices are listed:

**Reseeding by Deferred Grazing:**  
(Provided 1-4 of range is withheld from grazing for a period of 6 months, beginning May 1 to October 31. This payment will not be made if the remainder of range land is overgrazed to the extent that causes deterioration of such range land.)

By doing this practice one-third of the Range Building Allowance can be earned.

**Contour Listing or Furrowing:**  
If the contours are 8 inches wide and 4 inches deep, pay 70c per acre for the acres occupied by the contours.

**Ridging Range Land:**  
If the ridges or small terraces are 6 feet wide and 10 inches high 10c for each 100 feet of ridges can be earned.

**Spreader Dams:**  
In combination with spreader terraces pays 15c for each cubic yard of dirt moved to build the dam.

**Spreader Terraces:**  
In combination with spreader dams pays 40c for each 100 feet of terraces built.

**Earthen Tanks:**  
Or reservoirs constructed with adequate spillways pays 15c for each cubic yard of dirt moved to construct the tank or reservoir.

**Range Fences:**  
That have at least 3 barbed wires or more and have a post at each 20 feet interval will earn 30c a rod.

**Rescuing Range Land From Prickly Pear or Cactus:**  
Pays 50c for each acre that is lightly infested, 75c for each acre that is medium infested, and \$1.00 for each acre that is heavily infested.

**Rescuing Range Land From Mesquite:**  
Pays 50c for each acre that is lightly infested, \$1.00 for each acre medium infested, and \$2.00 for each acre heavily infested.

In deciding upon practices to do, ranchmen may use their choice. There are no practices that must be done to qualify for the program. Practices may be done in combination but the limit of payment that can be received is the amount of money that is in the Range Building Allowance.

Ranchmen interested in coming into the Range Program may do so now. Cards to fill out are now available at the County Agent's Office and may be filled out at any time.

Ross B. Jenkins, Callahan county agent, reported at a recent meeting of the Callahan County National Youth Administration Advisory Board that he was running now more terrace lines in one month with the help of NYA workers than he did in a year's time before the NYA soil conservation program was put in operation.

Four hundred National Youth Administration boys in Ft. Worth are converting the 162-acre Frontier Centennial plot into a recreational area. Workers are now busy leveling the grounds and planting trees. C.P. Little, Jr., district supervisor, has reported to Lydon B. Johnson, state director.
