Coleman car show

Do you remember Model A's and Chevrolets? Or, maybe you are more familiar with corvettes and mustangs.

These cars were seen in downtown Coleman last Saturday in a variety of colors. Year models ranged from 1927 to the present.

KSTA sponsored the antique car show with Concho Valley Corvette, Abilene Model A Ford, Abilene Mustang, Abilene Corvette, Wool Capitol Region AACA and Heart of

Texas AACA car clubs participating.

Approximately 80 cars paraded through town before filling two city blocks that were sectioned off for the event.

The car show was one of several events included in Coleman's 'Appreciation Day'.

Mr. Bob Runyon of Santa Anna was to have been in the showing but was unable to attend.

New faces

Linda Davis has assumed the position of editor of the Santa Anna News.

A former resident of the Dallas area, Ms. Davis graduated from North Mesquite, she was elected co-president of the Office Education Association. An excellent student, Ms. Davis received her diploma nine months early.

Though Ms. Davis journalistic experience is limited, she feels qualified because of her extensive english courses in high school, and is looking forward to serving the community.

Ms. Davis is engaged to Mr. Terry-Lee Bertoni of Santa Anna, and has two daughters, Sarah Danyelle (5) and Melissa Gale (3).

Another new face at the news office is Gloria Harrison. Mrs. Harrison has assumed the position of bookkeeper formerly held by Susie Stanislaw.

Mrs. Harrison is the daughter of Mr. and Mrs. Payne Henderson of Santa Anna. Her husband is Mr. James Harrison. They have one son, Patrick Harrison (6).

Welcome ladies and good luck!

Cheerleaders attend camp

The cheerleaders from Santa Anna Jr. High in Santa Anna were among approximately 300 participants in the 1984 Big Country Cheerleader Camp held on the campus of Hardin-Simmons University in Abilene, June 18-22.

The five day camp was conducted by Southwest Camps of Cisco, with Mr. Eris Ritchie as camp director. Instructional staff and program were supplied by the National Cheerleaders Association.

The cheerleaders were taught new cheers, stunts, chants and spirit ideas from a seven-member NCA staff headed up by Patricia Fuerer, a professional cheerleading instructor from the NCA's national headquarters in Dallas.

The June 18-22 session of the camp was the second of two sessions, with the first being held June 11-15.

Dean's list

Dean and Faye Lynn Cabansag, son and daughter of Dr. and Mrs. Filemon Cabansag of Santa Anna, were named members of the dean's distinguished list at Southwestern Adventist College for the spring semester of 1984.

To qualify for the dean's distinguished list, a student must achieve a grade point average of 3.8 or above with at least fifteen completed hours of classwork and no

grade below a B.

A fully accredited liberal arts college owned and operated by the Seventh-Day Adventist Church, Southwestern has 725 students enrolled in 38 majors leading to the baccalaureate degree, 14 programs for the associate degree, and various preprofessional and terminal curricula.

Founded in 1893, Southwestern is located 30 miles southeast of Fort Worth.

In police report:

The risk of accidental fire from exploding or extreme heat producing fireworks is still quite high despite last week's rain. Chief of Police Russ Ellis said that he hopes the citizens use caution and carefully supervise any firework activities over the July 4th holiday.

He also reminds Santa Anna residents that it is illegal to explode any size fireworks in the city limits. He said violations will be prosecuted and firecrackers confiscated.

Mr. Ellis said that if a juvenile is found in violation of the city ordinance against exploding fireworks that the parents will be charged also.

Chief Ellis also reminds residents to be aware of the increased traffic throughout the city over the holiday and to watch for children playing.

VBS success

First Baptist Church Vacation Bible School was held June 25-29 with an enrollment of more than 100 children, ranging in ages from three to thirteen years.

The week of Bible study, singing and crafts climaxed Friday evening with a commencement exercise. Church members and parents of children attended to support this activity.

Plans are underway for VBS 1985, with the last week of June again being chosen as the best week for all concerned.

The VBS workers expressed thanks to all parents in allowing children to attend.

Social Security Trustees release 1984 Annual Report

The 1984 Annual Report of the Social Security Trustees recently was released, and the news overall is good. The actuarial estimates indicate that Social Security benefits can be paid on time well into the next century on the basis of all four sets of economic and demographic assumptions, from the most optimistic to the most pessimistic. Current figures and projections show that the 1983 amendments to the law substantially improved the financial condition of Social Security. Because of this, the next cost-of-living increase, scheduled for the checks to be received in January, is expected to be in the full amount. That is, it will be based on the full increase in the consumer price index and will not be limited by the increase in wages in the U. S., if that figure is lower than the increase in the C. P. I.

The only bad news from the report concerns the Medicare program. Projections indicate that the hospital insurance fund could be depleted in 6 to 7 years if corrective legislation is not passed. Of course, the express purpose of these reports is to make certain that Congress and the public is aware of the financial condition of Social Security and Medicare and to make sure that problems are resolved before financial crisis occurs.

The Social Security Board of Trustees consists of the Secretary of the Treasury, Labor and Health and Human Services. Single copies of the report on the Old Age, Survivors, and Disability funds can be obtained free of charge from the Social Security Administration; Office of Public Inquiries; Room 4100 Annex; Baltimore, MD, 21235. Fire Department busy

The Santa Anna Fire Department was called at approximately 8 a.m. on Saturday morning to the Earl Simmons farm northeast of Santa Anna.

A deep freeze caught fire and was totally destroyed. Medium to light smoke damage was reported to the home.

No dollar amount has been set for the damage.

The office of City Hall announced that due to the holiday, July 4th, trash pickup will be Thursday instead of Wednesday.

It was further announced that there will be a City Council meeting at 6:30 p.m., Thursday evening at the Santa Anna Community Center.

Due to the early issue of the Santa Anna News this week, the Cleveland News was unable to make it to print. It will return again next week.

can be obtained from the Health Care Financing Administration; Office of Public Affairs; Room 658 East High Rise; 6325 Security Blvd.; Baltimore, MD, 21235.

Almost all Social Security matters can be handled by phone. Medicare questions or filing of medicare claims can be taken care of by calling toll free 800-442-2620. You may file an application to establish your eligibility by calling 915-646-7533 in Brownwood.

A representative of the Brownwood office visits Santa Anna once a month on the 1st Wednesday from 10:00 a.m. to 12:00 noon.

The Social Security representative for this area will not be in Santa Anna this month, as usually planned. He will resume his normal schedule Wednesday, August 1, when he will be at the Housing Authority Office from 10 a.m. until noon.

30 Years ago

The following excerpts were taken from the July 2, 1954, issue of the Santa Anna News.

Santa Anna was mentioned in the Dallas Morning News last Sunday regarding an article printed in our last edition regarding the closing of the town on July 5 for Armistice Day.

American Legion, Post 182, hosted a free watermelon feed at the Ranger Park Inn on the evening of July 6.

Roy Richardson was promoted to the vice presidency of the Peoples State Bank of Artesia, where he moved from Santa Anna in October, 1950.

A \$540,000 loan was made available on Monday for rural telephone exchanges to be purchased. The six areas included Trickham, Rockwood, Valera, Gouldbusk, Fisk and Santa Anna.

The Coffee Shop opened for business Friday, July 2, with free coffee.

G R E A T N E S S

We all want to leave something in this world of ours. We want to make an impression. There are people who make better impressions than others. Some ordinary people stand out head and shoulders above the rest.

These people may not be successful or great as the world knows success or greatness. But these people are still great.

What makes a great person? They are people who have the courage to dare. Most people think about doing many things, but somehow they don't achieve their goals because they think of the difficulties! Great people think of the possibilities, instead of the difficulties of their dreams and goals.

Great people are people who have the courage to make up their minds to act. They dream big and work

hard. Sir Winston Churchill once said, 'The price of greatness is responsibility'.

The great person is an ordinary person who takes his responsibility seriously.

Great people also find something greater than themselves to give themselves to. A person cannot claim greatness until he loses his selfishness. The Apostle Simon Peter was an ordinary fisherman, but with God's help, he became the Big Fisherman.

Simon Peter completely sold out to Jesus Christ, who was greater than he. It wasn't always easy for Simon Peter. There were times when Peter failed, but kept on trying.

One of the keys to greatness is the willingness to start over after a failure. Before Thomas Edison invented the electric light bulb, he fail-

ed many times. But, he always came back. Today, people remember Thomas Edison for what he did accomplish in his life; not for his failures!

'Great things are only done by men who having failed, will try again. Who risk their all to venture out, and having ventured, NEVER DOUBT.'

Sometimes the aspect of humility is overlooked. Simon Peter wrote in I Peter 5:5, 'Be clothed with humility; for resisteth the proud, and gives grace to the humble.'

Truly humble people do their best, with their talents and abilities, wherever their lives take them. Only God knows the power and greatness their lives have on this world and its citizens!

Think about it: 'The greatest truths are the simplest; and so are the greatest men.'

Congratulations are in order to Mr. and Mrs. Robert Rutherford of Santa Anna. On June 26, 1984, the couple had a daughter, Megan Jane.

Mr. and Mrs. Carl Buttry announce the birth of a great granddaughter, Heather Dawn, born to Mr. and Mrs. Danny Sturgill, June 15, 1984 at 7:47 a.m. in the San Angelo Community Hospital.

She weighed eight pounds, fourteen and one half ounces and was twenty one inches long.

The baby was welcomed by three sisters, Christy, Jennifer and Jessica.

Word has been received by the E. L. Dosseys in Coleman that Billy Joe Scott has been able to be moved home to Three Rivers after being a patient at the Nix Hospital in San Antonio for 28 days. B. J. had major surgery and then developed phlebitis. Mr. and Mrs. Dossey have been with the Scotts from time to time during this time.

KANSAS VISITORS

Lora Rollins had a special visit with her nephew and his wife, Mr. and Mrs. Harvey Gatte's from Wichita, Kansas. They spent a beautiful Sunday together.

VISITORS HERE

Visitors in the home of Mr. and Mrs. C. C. Gilbert last Friday were Mr. and Mrs. Jess Howard of Abenathy. Gladys Turner of Houston and Mary Lou Miller of Highland, Texas. Mrs. Allen Wells visited the Gilberts on Tuesday.

VISITS DAUGHTER

Ruby Box returned recently from a visit at Midland and Odessa with a daughter, Mr. and Mrs. David Johnson and son.

She also visited her grandson, Mr. and Mrs. Walt Robbins and Misty while in Odessa. She got good reports from her eye doctor while there.

Mr. and Mrs. Ren Don were visited by Mr. and Mrs. Jim Spivey in Joshua, Texas. They are from Hughston, West Virginia. They are the mother and father of Mrs. Jim Spivey.

IT'S A FACT!

There may be a robber in your home that you're not aware of! If your house has old windows, they could be stealing your valuable heat. As much as 40 percent could be simply slipping out the cracks or through the glass and frame.

One way homeowners are arresting this energy thief is with aluminum replacement windows. Many think it's the best buy, since wood warps, rots and shrinks and vinyl plastic is not as strong as aluminum and can warp away from the weather stripping.

Fast food can be good for you

Some of those favorite casual summer meals like hamburgers, pizza, tacos, quiche and chef's salad, can be high in nutrients and lower in calories with just a few variations.

Perhaps because children and teenagers like them so much, many people think these dishes are 'junk food' or somehow inferior to other kinds of meals, says Texas A&M University Agricultural Extension Service nutritionist, Mary K. Sweeten.

But in fact these dishes may contain foods from each of the four basic food groups: protein foods like meat, poultry, fish, eggs and legumes; fruits and vegetables; dairy products; and breads and cereals, she says.

According to Sweeten, you can enhance the nutritional value and cut the calories of these popular foods by doing the following.

-Add the nutrition in these dishes by adding fresh green lettuce and a tomato slice to your cheeseburger. Serve tacos with shredded lettuce and tomatoes. Add a generous amount of mushrooms, sliced green pepper or other vegetables to pizza, and add spinach or broccoli to quiche.

-Reduce calories from meat by starting with lean ground beef. Make sure you drain the fat from beef before preparing taco filling or using it on pizza.

-Add protein to a chef's salad by including, hard-cooked eggs, strips of cheese, lean ham, beef, chicken, or turkey, and croutons.

-Reduce calories from dairy products by choosing a low-fat process cheese for tacos and cheeseburgers, and mozzarella cheese made from skim milk for pizza. Use low-fat cheese and skim milk for quiche.

-Use high-calorie condiments sparingly. Eliminate rich salad dressings and use commercially prepared reduced calorie dressing or make your own with buttermilk and herbs or lemon juice and tomato juice.

The nutrition of these meals can be increased even further if you'll accompany them with a glass of milk, says Sweeten. Again, to lower calories, you can select skim milk or buttermilk.

While the calories and nutrients will vary according to serving size and specific ingredients, these summer favorites can be good nutrition choices for the calories they provide, notes the nutritionist.

Blanton Family

The family of the late Manley and Nora Blanton's held their 22nd annual reunion on June 14, 15, 16 and 17th at the Mt. View Lodge on Lake Brownwood with 50 of the 77 members present.

Those attending were Mrs. Nell Rainey of Cleburne; Mr. and Mrs. Jerry Phillips and Rachel, Mr. and Mrs. Tommy Blanton, Kevin and Elisha and niece DeLise of Santa Anna; Mr. and Mrs. Andy Anderson of Bangs; Mr. and Mrs. Terry Blanton and Brandie of Grand Prairie; Mr. and Mrs. Bill Singleton, Natalie and Kimberley of Lake Dallas; Mr. and Mrs. Ted Lawson of Odessa and granddaughters, Quincy Ann and Amy Smith of Andrews; Mr. and Mrs. Dan Sealy, Jack and Darla and Mike and Shaylene Jones of Odessa; Mr. and Mrs. Bob Reese and granddaughter, Brandi Williams and Mr. and Mrs. Bubba Hickman, Doyle and Dustin of Angleton; Mrs. Loyce Myers, Ronnie Myers, Kelly and Matthew, Mr. and Mrs. Joe Phillips, Mr. and Mrs. Tony Kondrat and Anthony and Kathie, Mrs. Debbie Moon and Ricky all of Austin; Mr. and

Mrs. JoAnn Meyer of Hotchkiss, Colorado.

We spent our time swimming, fishing, boating, playing horseshoes, cards, picture taking and hours of visiting with our loved ones. The annual volleyball game between Connie Singleton's team and JoAnn Meyers team was played with Connie's team winning the second year in a row.

This year we were surprised by Nell, Shirley, Lou, Loyce, Myrt and Anne who acted as our cheerleaders and cheered us on with yells from their years spent at Santa Anna High School.

On Saturday we had games for the adults, which proved to be the highlight of our reunion. Loyce Myers and Ted Lawson won lifesize dolls, made by Judy Kondrat, as winners in the egg carrying contest.

After an evening meal of Bar-B-Que beef and ham with all the trimmings we held our business meeting.

New officers for the coming year will be Steve Smith, President; Kelly Smith, Secretary; Connie

Singleton and her team was awarded an engraved volleyball trophy to

be kept until next year's games. Tom Blanton received the Early Bird Prize for 1984.

Plans were made to hold the reunion next year the 2nd weekend in June at the same location if possible.

We took donations to ent to the Cleveland Cemetery where many of our loved ones are buried.

Northside WMA

Northside Baptist Church WMA met in the home of Mrs. C. C. Gilbert on Monday, with five members present.

Mrs. Viona West, president, Mrs. Luthur McCrary, secretary, Mrs. Fannie Gilbert gave the devotional and Bible questioning. Refreshments were served and gifts exchanged. Others present were Mrs. John Perry and Mrs. Selma Hassorodt.

Baugh, Pauline Eubank, Hettie Scarbrough, Mildred Galloway, Pat DeWitt, Mae Watson, Era Walters, Martha Belle Thompson, Susan

Ramsdell, Lucille Dean, Margaret Crews, Modora Gilmore, and Lucile Wylie.

Stewardson family

The descendants of George Stewardson gathered together June 23 and 24. The family enjoyed fellowship at the Meridian State Recreation Area. All but two members were able to attend. The family enjoyed swimming, fishing, ball games and board games.

Sunday morning was a special time for all as they gathered for worship service. Kathryn Watson provided music and they all enjoyed singing. Jasper McClellan delivered the morning sermon and the family completed the worship service with the Lord's Supper.

Those attending this first reunion were Sally Stewardson of Santa Anna, Darwin and Kathryn Watson, Marsha Watson, David and Linda Watson, Eldon and Pat Bird, Greg Bird, Jennifer Bird, and Natille Bird, all of Ft. Worth. Also John and Shirley Paroulek, Clint Paroulek, Aaron Paroulek and Ryan Clark of Arlington, Jerry and Mitzie Watson, Kara Watson and Amy Watson of Eules. Others were JoAnna Speciale of San Angelo, Jasper and Jean McClellan, Jene McClellan, and Julia McClellan all of Abilene.

Saturday afternoon, Mr. and Mrs. Herman Eaton of Ft. Worth visited with the family.

Santana Quilt Club

Santana Quilt Club met Saturday. Due to an unexpected change in plans, they were unable to quilt but had a nice show and tell. One visitor was present.

They had a demonstration on how to make continuous bias tape, quickly and without alot of material.

The members brought quilts to show from their collection. They shared each others successfulness and learned from their errors.

Four blocks were turned in for the sampler that the quilt club will be making for its first fund raising event.

A member from Alabama shared with the group a collection of 48 quilt patterns that came from the Fort Worth Star Telegram in 1934. It was a patchwork quilt parade of each states quilt. (This was before Alaska and Hawaii became states.)

The club's next meeting will be July 14. If you are interested in participating in the club's activities, please contact Vicki Green.

Lawhons vacation in South Texas

Johnnie and Zackary Lawhon, sons of Mr. and Mrs. Glenn Lawhon, had a very nice summer vacation from school. Johnnie and Zackary spent some time in Blanco, Austin and New Braunfels, Texas. Thanks to all their friends and family for a nice vacation.

Renovation

In 1907, a determined and far-sighted group of Coleman County women met and defined the need for a building that would serve as a library, a women's meeting hall, and have decent restroom facilities for women and children. We may smile about the restrooms, but in 1907 this was quite important for those women who drove a buggy load of children into Coleman for a day's shopping.

This undertaking was accomplished two years later and today serves as a recorded Texas Landmark.

The Town and Country Garden Club, with the approval and aid of the Coleman County Commissioner's Court, is undertaking a renovation and preservation of this old historical site.

A goal of \$15,000.00 has been set for the renovation. Anyone interested in contributing to this cause should mail their contributions to the Miller

Museum Fund, Mrs. Don Starnes, Treasurer, 401 Hollywood Drive, Coleman, Texas 76834.

QUICK QUIZ

Do you thirst for knowledge about water? This quick quiz can help you show how much you know.

1. A typical American family uses how much water each year? (a) 90,000 gallons (b) 9,000 gallons (c) 900 gallons?
2. A single slow faucet leak can waste how many gallons of water each day? (a) five gallons (b) ten gallons (c) 15 or 20 gallons?
3. The most popular manufactured product in the U.S. is (a) the automobile (b) drinking water (c) a soft drink?

ANSWERS: 1. (a) Though a healthy family of four needs to drink only 700 gallons a year, they use more than 90,000 gallons. 2. (c) The American Water Works Association, world's largest organization of water works professionals, reports that a single slow drip can waste 15 or 20 gallons each day. 3. (b) It's not the water that is manufactured but rather the carefully treated and tested drinking water, which is safe for humans and delivered to the home 24 hours a day.

SALMON VEGETABLE MARINADE

- 1 can (15-1/2 oz.) Bumble Bee Pink Salmon
- 4 stalk celery
- 3 large carrots
- 2 large zucchinis
- 2 cups cauliflowerettes
- 1 clove garlic, pressed
- 1/2 cup vegetable oil
- 1/4 cup minced onion
- 2 tablespoons red wine vinegar
- 2 tablespoons lemon juice
- 1 tablespoon honey
- 1 teaspoon dill weed, crumbled
- 1 teaspoon prepared mustard
- 1/2 teaspoon salt
- Crisp salad greens
- Cherry tomatoes

Drain salmon. Remove skin, if desired. Mash bones. Thinly slice celery, carrots and zucchini on the diagonal. Arrange sliced vegetables and cauliflowerettes in a 3-quart shallow casserole dish. Combine garlic, oil, onion, vinegar, lemon juice, honey, dill weed, mustard and salt in a screw-top jar. Shake well. Pour over vegetables; refrigerate at least 1 hour or overnight. Drain marinade and reserve. Arrange salmon in center of platter lined with salad greens. Arrange marinated vegetables and tomatoes around salmon. Pour any remaining dressing over salmon. Makes 4 servings.

SHAPE UP!

How To Begin Getting Into Shape

by Ironman Triathlon star Millie Brown

Anyone can get into better shape, no matter what age or athletic experience.

First check with your doctor who may want you to have a complete check-up, especially if you're over 40 or haven't been exercising regularly.

Select an activity that's convenient and pleasant. Walking is one of the best. It's an aerobic exercise which promotes cardiovascular fitness and helps lower blood pressure. Other aerobic sports in-

clude jogging, swimming, bicycling, rowing, aerobic dance, skipping rope and skating.

Start slowly. If you choose brisk walking you may be able to start with only a half mile without feeling tired. You'll increase your pace and distance without becoming tired or hurting

when your body is ready.

Keep a log or chart to monitor your progress and serve as a reminder, motivator and incentive. I keep my log by adding notes on the back of the print-out paper from my Norelco blood pressure and pulse meter. The print-out tells me my blood pressure, pulse, date and time of

day; on the back I note how long I trained, what I did, and where. If you decide to take up jogging, start by alternating segments of jogging and walking. Slowly the jogging segments will get longer and eventually you'll jog the whole distance. Don't try to rush it.

THERE'S ONE NEAR YOU

EVEN WHEN YOU'RE AWAY...YOUR HOME KEEPS RUNNING

You may naturally expect your home to use less electricity while you're away for a week or more. The reduction may not be as great as you think, however. That's because there are many factors that can affect your usage: weather conditions, billing periods and even vacation preparation.

1. Very hot weather before you leave and after you return means increased use of air conditioning; this makes it difficult to compare your bill with a previous month of milder weather.
2. Hot weather causes your refrigerator/freezer to run longer, particularly if your home air conditioning is turned off while you are away.
3. If the time you're away falls within two billing periods, the reduction you expect will be split between two bills.
4. If you didn't turn off your electric hot water heater before you left, it continued to keep your water hot 24 hours a day, even though you weren't there.
5. And don't forget... when getting ready for a vacation, you often use more electricity than usual for cleaning, washing, drying, ironing, cooking and general preparations. The same is true about your return.

Check your meter.

If you learn to read your own meter, you can find out just how much electricity was used while you were gone. And, you'll see just how much energy you're using during the summer, the heaviest electricity consuming season, with your air conditioning operating most of the time.

Remember REDDY Supplies the energy—
but only YOU can use it wisely!
