Mountain Echoes

By Barbara Kingsbery

We are all watching with interest the installation of the new offset press and related equipment which will be used to print the NEWS and the Brown County Gazette. The old linotype machine and printing press will be idled with the change-over, but other "old-timers" on the staff will hopefully adjust to the change and learn to operate the new equipment.

According to W. T. Hays, publisher, the first edition with the new process will be published next week. Everything is installed except the press, and it is being installed this week in Bangs.

My mother (Mrs. C. D. Bruce) and I are looking forward to our trip to Atlanta, Ga., accompanying Carol to the Miss National Teen-Ager Pageant. It will be my treat to visit historic Atlanta with a real history "buff," and we may re-fight the Civil War during the few days we are in that area. We'll leave Abilene next Tuesday, August 29, and return on Sunday, September 3.

I regret most being away from Santa Anna and my job as the transition from letterpress to offset is made with the NEWS. Mr. Hays has already said any errors and mistakes (and there will probably be a number) will be blamed on lack of help or on my absence.

We hope the "new" NEWS will be so good you'll suggest the editor leaves permanently!

Whether we liked it or not, school started Monday. We will have an additional report for next week as first-day enrollment is usually incomplete.

There were no great changes in our school this year. Perhaps the greatest transition was with the new elementary school principal R. C. Smith, who took over the position upon the retirement of J. A. Harris, a 23-year veteran of the job.

NEW SCHEME TO DEFRAUD USED IN COUNTY MONDAY

An unusual method of defrauding merchants was revealed Monday in Santa Anna when a well-dressed young man carefully selected merchandise at two local stores, claiming he was a new resident of Brown County whose rural home had been burglarized. The man claimed the new merchandise would be paid by his insurance company, and he carefully requested duplicate copies of the bill—one for himself and another for the insurance company.

Mrs. Lillian Herndon and Mrs. Blanche Grantham at Western Auto Store became suspicious of the young man and made phone calls checking out his story. The man left hurriedly when Mrs. Herndon asked again for his name and address.

According to Sheriff's Deputy H. F. Fenton who investigated the case, the Fort Worth man had already taken \$61 in merchandise from G. & E. Hardware, charging it

1972 SAHS Mountaineer Team Has First Scrimmage Friday

The 1972 Mountaineer football team is having workouts each day in preparation for the season. Coaches J. A. Smelley and Larry Steele have 27 boys on the team this year, including 13 returning lettermen.

The first practice scrimmage for the local team will be held at the Mountaineer stadium Friday afternoon at 6 o'clock with the team from Wylie. The public is invited to attend. Another scrimmage session will be held the following Friday, September 1, at Hawley near Abilene.

Returning lettermen on the team are David Horner, David Huggins, Rocky Dean,

Danny Valdez, Tony Beal, Ronnie Daniel, Randy Long, Steve Beal, Duane Aldridge, Billy Diaz, John Rendon, Robbie Drake and Lane Guthrie.

Danny Walker is trainer for the team and Larry Benton is manager.

Santa Anna is in District 10-A this year with Ranger, Early, DeLeon, Bangs and Cross Plains. The district schedule will begin on October 20.

The Mountaineer team was bi-district champion last season and runner-up for regional finalists in class B. The schedule this year has only four home games and six away.

Reserved Seats For Ball Games Soon Available

Beginning on Monday, August 28, Santa Anna football fans may purchase the season reserved seat tickets for the four Mountaineer home games. The tickets will be available in the center section of the football stadium and there are many good seats available. General admission of \$1.50 for adults and 50c for students is paid at each game.

Those with an option on the seats from last year may phone the high school business office to confirm the reservations for this year. The tickets may be paid for and picked up at the first football game on September 8. Others wanting the tickets may want to go by the office and pick out locations from the seating chart.

After the first game, reserved seats tickets may be purchased for individual games at the entrance to the reserved section.

Telephone Cooperative Meeting To Be Held At Football Field

The annual membership meeting of the Coleman County Telephone Cooperative will be held Saturday night, August 26, at the Santa Anna football stadium. The

meeting is open to everyone in the area and all members of the cooperative are especially urged to attend. Registration will get underway at 7:30 p.m. Entertainment

will be presented during the hour.

The annual business meeting will be held at 8:30 p.m. Three directors of the cooperative will be elected. Incumbents and their opponents on the ballot include Tom Kingsbery and Dick Baugh; Glen Copeland and Madora K. Gilmore; Grady Melver and R. W. Cupps. Members of the cooperative will be given ballots as they register and will vote for three directors.

Dale King, field representative of Congressman Omar Burlison, will be guest speaker. Mr. King is well known in the Santa Anna area and has been speaker at a number of meetings here during the past few years.

At the close of the meeting there will be a drawing for door prizes. Only members of the cooperative are eligible for the drawing. Free refreshments will be served during the meeting to all attending.

In case of rain the meeting will be held in the high school auditorium, according to Manager Thomas Wristen.

NEW DOCTORS... Dr. John Cabansag and Dr. Remy Cabansag have recently moved to Santa Anna to be associated with his brother, Dr. Filemon Cabansag, at the Ranger Park Hospital and Clinic. They are shown with their young son, Roger, upon their arrival here earlier this month.

Ranger Park Hospital-Clinic Adds Two New Staff Members

Drs. John and Remy Cabansag are now located in Santa Anna and are beginning practice in connection with the Ranger Park Hospital and Nursing Home. Both these doctors were born in the Philippines and both took their medical training in the same medical institution, but they did not meet until they were both practicing in New York City.

Dr. John stated that in 1945 his father died of an unknown disease. This made him determine that he would become a doctor and try to find out what caused his father's death.

He got his elementary and secondary education in the Northern Luzon Elementary School and Academy, operated by the Seventh-day Adventist church there. His college days were spent in Philippine Union College, also operated by the Adventists.

His pre-med work was begun there. His medical training was in the Medical College, a division of the Manila Central University. He completed all the requirements, but in the Philippines a medical student is not permitted to graduate until he has served his internship. He specialized in psychiatry and internal medicine.

Dr. John interned in the United States, in the Phoenix Memorial Hospital in Arizona. He returned to Manila to graduate. His determination to obtain a well rounded medical experience is evidenced by his obtaining residence in a number of hospitals—hospitals specializing in different diseases, such as the Anderson Cancer Hospital in Houston, and his six years as a self-supporting missionary in Honduras where he had experience with tropical diseases. His residences included the Southern Pacific Hospital in Houston, hospitals in Pueblo, Colorado, completing his residencies in Rhode Island Medical Center, Rhode Island.

Dr. Remy Cabansag was educated in St. Joseph Parochial School in Philippines. She finished her medical requirements in Manila Central University, in the Medical College. She interned and took residency in the Philippines, and had a private practice there. She specialized in obstetrics and gynecology. Later she came to the States and began a practice in New York City.

In 1968 these two doctors met, and were married in 1969. They, with their little toddler, Roger, are now living in a mobile home near the old hospital building in Santa Anna.

Drs. John and Remy Cabansag state that they like Santa Anna and its people and are happy to be connected with the medical work in this area.

SANTA ANNA ISD ADOPTS BUDGET FOR 1972-73 SCHOOL YEAR

The Santa Anna Independent School District Board of Trustees met in a called session at the high school business office on Tuesday night, August 15, for a public budget hearing and approval of the budget for the present school year. All members of the board were present including the president, A. D. Pettit, who presided during the session.

The budget approved for the 1972-73 year totals \$259,121. The largest expense in the budget is payroll costs which exceeds \$210,000 for teacher, administrators, and other salaries. The next largest expense is for maintenance and utilities which is over \$16,000.

The new budget was based on last year's expenditures plus the anticipated increase in salary and other costs.

The local school district is in fine financial shape, operating well in the black. The

high school building was completely paid off during the past year and the only indebtedness includes local warrants (loans) for the two new buses and the new vocational agriculture building and \$89,000 in low interest bonds on the elementary school building.

The budget is based on a 90 percent collection of school taxes but a record 97 percent was collected last year. The local taxes make up about 20 percent of the total budget, the rest comes from State and other sources.

Copies of the new budget are available at the high school business office for those wishing to have more information.

Services Held August 23 For Stephen Early

Stephen Fowler Early, 15, died at 4:30 p.m. Monday, August 21, in the Brownwood Community Hospital. The Santa Anna High School student had been ill with acute leukemia since early in March and had been in rapidly failing health for several weeks.

Funeral services were held at the First Baptist Church on Wednesday afternoon with Rev. James Ford, pastor of the Assembly of God Church, and Rev. Bill Brewer, pastor of the First Baptist Church, officiating. Burial was in the Santa Anna cemetery under the direction of Henderson Funeral Home.

Born in Kermit on January 7, 1957, Stephen had resided in Santa Anna with his family since 1958. He was enrolled as a sophomore at SAHS. During his school years Stephen was active in all athletics and participated in tennis last spring after his illness had been diagnosed. He was a student council officer, a member of the Santa Anna Boy Scout Troop, and a member of the Assembly of God Church.

Survivors include his parents, Mr. and Mrs. Allyn F. Early; one brother, Joe Dean Early; and one sister, Staci, both of the home; his maternal grandmother, Mrs. Joe Morris of Santa Anna; paternal grandparents, Mr. and Mrs. Fowler Early of Brownwood; and a number of other relatives.

Classmates and school friends were pallbearers, being Mark Shamblee, Steve Beal, Ronnie Yancy, David Huggins, John Rendon and Lee Wristen.

Benefit Supper Saturday Night By Booster Club

The Santa Anna Band Booster Club will serve a smorgasbord supper Saturday evening at the school cafeteria preceding the Coleman County Telephone Cooperative meeting. Serving will begin at 5:00 p.m. and continue until 7:30 p.m.

The cost for the meal will be \$1.25 per person. A good selection of meats, vegetables, salads and desserts is planned and everyone in the area is invited to attend.

The smorgasbord supper is the first fund raising project of the new year for the club. All proceeds from the meal will be used for the band uniform fund.

Dwight Hudsons Have Baby Girl Born August 21

Mr. and Mrs. Dwight Hudson are the parents of a baby daughter, Kathryn Elizabeth, who was born at 1:30 p.m., Monday, August 21, in the Brownwood Community Hospital. The baby girl weighed eight pounds, three and one-half ounces at birth.

Mr. and Mrs. Dexter Jewell and Mr. and Mrs. T. J. Hudson, all of Coleman, are grandparents of the new baby.

S-Anna Schools Show Decrease In Enrollment

The Santa Anna schools showed a decrease over the first-day enrollment last year with 331 pupils enumerated on Monday, the first day of classes. The enrollment at the beginning of school last year was 362.

The high school has a total enrollment of 117, one student over the 1972 number. The elementary school has a total of 214 in kindergarten through eighth grade. There were 246 during the first week last year.

In class totals, there are 30 seniors; 28 juniors; 23 sophomores; and 36 freshmen.

Enrollment in the elementary school includes kindergarten—14; first grade—26; second grade—11; third grade—29; fourth grade—23; and fifth grade—26.

Junior high totals are sixth grade—21; seventh grade—33; and eighth grade—31.

Although the high school enrollment is expected to stay about the same, an increase is expected in the elementary school by the end of the week.

Back To School Party Planned For S. A. Teens

The Santa Anna First Baptist Church young people will sponsor a "back to school" party Friday night, August 25, on the church lawn. The party will be held after the football scrimmage and all teenagers in the community are invited to attend.

Vernon and Judy Webb of Howard Payne College will be in charge of the entertainment.

Stanley Hartman Elected Prexy Of Q'Back Club

Stanley Hartman was elected president of the Santa Anna Quarterback Club at the meeting of the organization last Thursday night. New vice president of the group is Quinton Daniel, and Mrs. Rodney Dean was re-elected secretary-treasurer.

During the business meeting the group discussed the 1972 football programs which are printed and sold under the sponsorship of the club.

Plans were made to have weekly meetings of the group during football season to view films of the games. Tentative plans call for the group to meet each Wednesday night following the mid-week church services. The Quarterback Club will be filming all the football games, including one to be filmed in color. Donald Strickland is official photographer for the club.

A membership drive will be started immediately with a special table set up at the Friday, September 8, home football game where memberships will be sold.

Everyone in the community is urged to become a member of the Quarterback Club and help support all the local athletic activities. Bob Burton is retiring president of the club.

SAINTS TO PLAY SUNDAY

The Santa Anna Saints baseball team will end the season Sunday afternoon at 2:00 p.m. at the Santa Anna ball park. The outsiders team from Coleman will be the visitors.

Everyone in the community is invited to be on hand for the game which should be a good one. Coleman defeated the Saints earlier in the season but the local boys have won the last ten games in succession.

IN B-WOOD HOSPITAL

Mrs. Neta Williamson, the sister of Mrs. Lige Lancaster of Santa Anna, is in the Brownwood Community Hospital where she was admitted Saturday with a stroke. Mrs. Lancaster was at Brownwood to visit her sister Monday night and reported she was slightly improved.

In Our Opinion

By W. T. HAYS

THE REPUBLICANS are in convention this week in Miami and there will probably not be much that is not cut and dried.

President Nixon and Vice President Agnew are already chosen as the standard bearers for the GOP and other than some minor arguments on credentials and rules, there will more than likely be a nice, quiet, and boring convention.

Spiro Agnew is at the convention politicking for 1976, and is probably the best prospect they will have for four years hence. Coming to the convention four years ago as a virtual unknown, he has made his name well known throughout the United States, and many people would prefer him to the President this year.

Agnew has shown himself to be in accord with some of the more conservative people in the country, and has shown himself to be a man with a mind of his own.

Television fans will probably be unhappy this week as all their programs will be preempted for the convention, and the gripes will fly fast and furious. The networks really go overboard on these programs and people should watch, at least enough to know what is going on. The TV commentators are people who are "in the know" on happening that the TV cameras will never see, so some of the background activities should be interesting.

One thing the GOP seems to have whipped is the financing of their convention. That is a step on the Democrats because they are still trying to pay their debts of four years ago. News commentators say the Republicans are in good shape in that respect.

The American party nominated a man virtually unknown in this area. He is Rep. John Schmitz of California who is the President's congressman. He represents the district in which Mr. Nixon claims as home. He publicly switched from the Republican party to the American party at the convention. "I guess this makes me the first American Party representative," he said.

They selected conservative publisher Tom Anderson of Tennessee as his running mate.

The party is just building, but as hard as its members have been working it looks like it will become a contender in the next few years.

After a statement that Schmitz was not known, a member of the party asked, "Can you name over 400 Congressmen in the House?" They are right, some of us would be hard put to name the members from Texas.

The Democrats are yelling loud and long what a good chance they have of winning, but that is probably an example of over confidence, if they do really believe it. George McGovern just doesn't cut it with most Texans, and Sargent Shriver didn't help much either.

November 7 is coming fast and then we'll know just how liberal or how conservative the vast "silent majority" that they speak of is.

WE HAD THE PRIVILEGE of having lunch Monday at noon with the Santa Anna-Bangs, Texas chapter of the American Association of Retired Persons, and a livelier group I haven't seen recently.

It was held in the community center in Bangs and there was barely room for the crowd. It just goes to show that just because a person gets a few years under his belt, he cannot be counted out. These people have a lot on the ball, and if some of you who are 55 or over want to get involved in a coming organization, you should look at this group.

They eat well, play well, and stay active. That's how to stay young.

STATE Capital NEWS By BILL BOYKIN

Austin — For the first time in three years, the number of Texas families with dependent children of welfare rolls declined last month.

There are 1,555 fewer AFDC recipients than a month before, the State Department of Public Welfare reported.

Welfare Commissioner Raymond W. Vowell attributed the reversal to a number of factors, including tighter controls on AFDC program eligibility, vocational training and expanded day care programs to help mothers get to work.

The decline was the first in AFDC caseload since July, 1969. Drop-off was from 447,967 recipients to 446,412.

A steady increase in recent years has been attributed to liberalized eligibility standards as ordered by federal courts and altered federal regulations. In late 1970 and early 1971, AFDC rolls swelled at a rate of 10,000 to 12,000 recipients a month. Growth slowed significantly in recent months.

Vowell directed caseworkers to return to the practice of holding personal interviews with AFDC applicants and recipients, verifying income, child support, domicile, household composition, and other factors affecting eligibility and the amount of assistance granted.

A massive recertification effort also has been ordered by which AFDC cases are being checked individually to determine whether a family situation has changed so as to affect the monthly assistance payment. A new policy also has been instituted requiring applicants to provide documentary evidence of child eligibility by birth or baptismal certificate or hospital record.

Fraud detection efforts have been stepped up, and 130 of 205 suspected cases have been referred to local prosecutors or grand juries.

PWD REORGANIZED — A far-reaching reshuffling of Parks and Wildlife Department divisions was ordered by new Executive Director Clayton T. Garrison.

Garrison named six new directors to head statewide divisions under a new structure.

The new directors are James E. Dickinson, 30, finance; Stetson G. Reed, 39, law enforcement; Robert J. Kemp Jr., 46, fish and wildlife; Paul E. Schlimper, 32, parks; Clayton G. Rutter, 38, engineering; and Bobby E. Bradley, 37, administration. Richard A. McCune will remain as director of information and education.

Garrison said the reorganization is a "move to get back to the basic responsibilities of the department." Each of the six new divisions will be the headquarters unit for administration of all field activities. PWD personnel will report to appropriate directors and divisions in Austin.

HIGHWAY CONTEST FINA LISTS NAMED — Five State Highway Department foremen and construction supervisors are finalists for this year's Lady Bird Johnson award for highway beautification work.

They are Milton C. Campbell of Ralls, Cullen Luttrell of Sonora, Herbert H. Smith of Rusk, Melvin E. Bayless of LaGrange, and Rumaldo Rivera of Falls.

Mrs. Johnson will make the awards October 11 at the Lyndon B. Johnson State Park near Stonewall. First-place winner will receive a cash award of \$1,000, and the runner-up will get \$500. An additional award of \$500 will go to the newspaper writer who does the best job on highway beautification coverage, and an identical prize will go to the best radio-television effort in the field.

OFFICERS CREDITED — Additional auto insurance reductions may result from intensive law enforcement efforts that curb accidents, Southwestern Insurance Information Service said recently.

On the other hand, if enforcement efforts slacken and accident frequency rises, benefits of the recent 11 per cent

rate cut (effective September 1) will be lost, the association said.

Police chiefs and sheriffs received a special commendation from the insurance group for efforts to reduce accidents last year — and a request that they continue to concentrate on speeders, drunk drivers, and those without proper licenses.

HIRING COMPLAINTS AILED — Texas state agencies were warned they don't have enough minority group employees.

Dr. Luther Holcomb, federal Equal Employment Opportunities Commission vice chairman, briefed the agencies on legislation making state governments subject to anti-discrimination regulations.

Six of the state agencies already face hiring complaints under the new law. Practices found discriminatory include asking of questions on job applications about race, religion, or arrest record, use of standardized tests, requirement of a high school diploma and insisting on photographs of job applicants.

CANDIDATES FILE — Three candidates have filed for a vacant state representative seat in South Texas district 46, place 3 — Brooks, Cameron, Kenedy, and Willacy counties.

Candidates in the special election September 16 are Dr. Martin Garcia of Raymondville, Neal Clark Jr. of Cameron County, and Claude Carter of Harlingen.

Rep. J. A. Garcia Jr. of Raymondville resigned his House seat in the district July 31. Deadline for filing was last Wednesday.

PAY RAISES SOUGHT — Gov. Preston Smith and Sen. John Tower are pressing the federal pay board to approve 6.8 per cent pay raises for state employees September 1 as voted by the legislature.

The pay board voted to retain a 5.5 per cent ceiling on raises, but Smith and Tower claim an exemption for the 67,000 state employees under the "catch-up" provision.

GOATS TO RUSSIA — Eighteen hundred Texas Angora goats are being airlifted to Russia September 1 to help upgrade the mohair industry in the Soviet.

A three-man Russian team bought the goats in the Brady area where 700 others were sold to Russia in 1936. Sale was handled through federal agencies, industry services, the Texas Department of Agriculture, and the Russian Embassy.

RETIRED TEACHERS WANT BREAK — Changes in the teacher retirement system are being requested by retired school personnel who claim their benefits are meager or "token."

The retired teachers want benefits raised to the standard provided in 1971 legislation — based on the best five-year average and boosting the percentage factor. An example was cited of a teacher with 29 years' service who gets \$189 a month after retirement seven years ago. A teacher who retired last year with 19 years' service, under the example quoted, draws \$245 a month.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER 3 ON THE BALLOT (HJR 41) General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI, Section 61, of the Texas Constitution, be amended to read as follows: "Section 61. All district officers in the State of Texas and all county officers in counties having a population of twenty thousand (20,000) or more, according to the then last preceding Federal Census, shall be compensated on a salary basis. In all counties in this State, the Commissioners Courts shall be authorized to determine whether their precinct officers shall be compensated on a fee basis or on a salary basis, with the exception that it shall be mandatory upon the Commissioners Courts, to compensate all justices of the peace, constables, deputy constables and precinct law enforcement officers on a salary basis beginning January 1, 1973; and in counties having a population of less than twenty thousand (20,000), according to the then last preceding Federal Census, the Commissioners Courts shall also have the authority to determine whether county officers shall be compensated on a fee basis or on a salary basis, with the exception that it shall be mandatory upon the Commissioners Courts to compensate all sheriffs, deputy sheriffs, county law enforcement officers in-

cluding sheriffs who also perform the duties of assessor and collector of taxes, and their deputies, on a salary basis beginning January 1, 1949. "All fees earned by district, county and precinct officers shall be paid into the county treasury where earned for the account of the proper fund, provided that fees incurred by the State, county and any municipality, or in case where a pauper's oath is filed, shall be paid into the county treasury when collected and provided that where any officer is compensated wholly on a fee basis such fees may be retained by such officer or paid into the treasury of the county as the Commissioners Court may direct. All Notaries Public, county surveyors and public weighers shall continue to be compensated on a fee basis."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballot shall be printed to provide for voting for or against the proposition: "The constitutional amendment to require the commissioners court in all counties of the state to compensate all justices of the peace on a salary basis."

County Agent's News...

A committee of young men from Coleman County have been working with the Coleman Betterment Council to develop a Youth Horse Show during the Annual Coleman County Fair Sept. 30. This committee is composed of Jackie Horne and Donnie Neff, Co-Chairmen, Dale Greaves, Ted Taylor, Wayne McClure, James Maedgen, Jimmy Hemphill, Max Horne, Mike McCravy, and myself.

More details will be available in the coming weeks, however, just these few notes of interest. The show will be set up on AQHA guidelines and open to any youth interest age 1-18. The show will be open to both registered and unregistered horses. A trophy will be presented to each class winner. A trophy blanket will be presented to the Senior All-around High Point Individual, and one will also go to the high Junior. We plan to have a program printed and full details available in a week or so.

Some of the results of our milo tests are coming in and are real interesting. Charlie Avants and Dewey Wilson have already cut two test plots. Charlie had a variation of 600 pounds between his top variety and the field average. At current prices this is a \$12.00 to the acre increase.

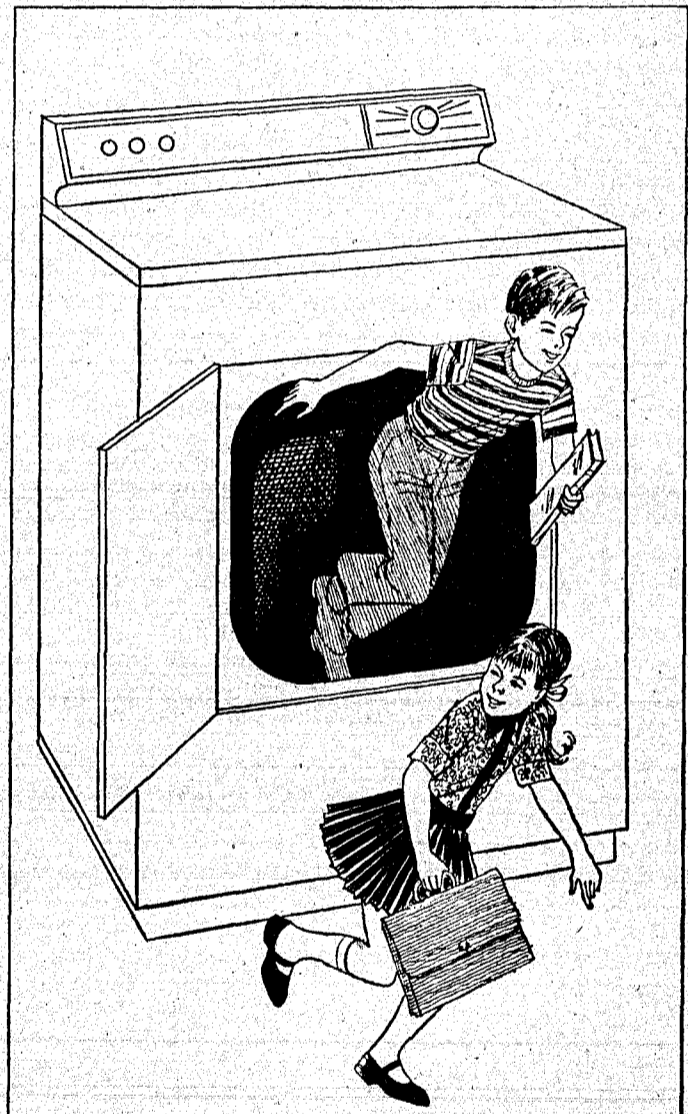

The 1972-73 Show season is getting close again. The West Texas Fair, September 11-16, starts a tour that winds up March 12, 1973 in San Angelo. This tour consists of a lot of hard work, a lot of disappointments a lot of funny in-

cidents and hopefully a few blue ribbons.

District 7 held the judging of all district, record books August 16, 1972 at the Texas A&M University Research and Extension Center in San Angelo. The Methodist minister, E. F. Blannett of Bangs, will preach this next Sunday morning here at 9:30 and 6 p.m. early services, then he goes back to Bangs for the service there. Also next week Bobby Weathers of the First Methodist Church of Brownwood will be the minister to preach in a revival meeting at the Methodist Church in Bangs.

Mr. and Mrs. Stanley Calcutt and two boys of Irving visited over the weekend here with his grandparents, the Lester Cozarts, and his grandmother, Florence Stearns. They visited her Sunday.

Don Heildbrier of Fort Worth came to visit his grandparents Wednesday, the Walter Stacys, before going to college at Vanderbilt, Tenn. where he won his scholarship there. He got here before the Del Ray Stacy family left for California. Mr. and Mrs. James Brown of Coleman and Mrs. Al Caviness of Sanger near Dallas visited the Walter Stacys Thursday. O. T. Stacy of Abilene visited them Saturday and the Oscar Boenickes visited them Sunday night awhile. Walter and Carrie visited at the Brownwood Community Hospital Sunday evening. His brother-in-law, Bill Hancock, had surgery and is very sick in the hospital. He is Lula Hancock's husband.

Mr. and Mrs. Bill Vaughn spent the weekend at San Antonio with the Ike Vaughns and his mother, Mrs. Elizabeth Patterson. She is seriously sick, not expected to live, with cancer at their home.

Visitors with Grady and Genia McIver last week were Mrs. Keetie Haynes, J. W. and Gayla Sellers and Lori and Allen of Waco, Terry and Orabeth McIver and Reece, Sherrie McIver, R. C. and Pat Smith and Lori and Dick of

Santa Anna. Mr. and Mrs. Wiley McClatchy attended services at the Central Methodist Church in Brownwood Sunday and heard their son, Pat McClatchy, preach. Carrie said they had a large crowd there. They came back by the Bangs Rest Home and visited Mrs. Dollie Martin. She is doing very well, able to be up in a wheel chair some. They take her to her meals in it.

Tuesday night we took Minnie to Santa Anna and attended the meeting at the North Side Church of Christ. We heard the widely known speaker, Dale King. He brought a good message.

Mrs. John Hunter of Santa Anna visited Minnie Wilson Sunday afternoon. Bill and Nann Taylor and Nancy were dinner guests with the Oscar Boenickes Sunday. They had a visiting minister and his wife and two children, Bill Turney and wife and children, from Canadian, Texas, where he is minister of the First Christian Church there. They had been on their vacation to Houston and came by to see the Taylors and be in service there, so he preached Sunday morning at Santa Anna. He was a good preacher. The Taylors and them were old friends.

Visitors with the Hilburn Hendersons last week were Grady and Genia McIver and Winnie Haynes and Daisy McClatchy.

The Hilburn Hendersons had dinner Sunday with Donnie and Chris Henderson and baby at Santa Anna. Lou Featherston and Ed and Gladis Featherston of Brownwood visited the Bond Featherstons Sunday afternoon.

Mrs. Jerry Haynes and children from Hobbs, N.M. went home Friday after spending a week with her parents in Coleman and with the Fred

Haynes here. Sunday Jim and Mattie Linebery of Bangs and Robert Juanita Haynes and Julia of Brownwood and Mr. and Mrs. Clyde Wooley and baby of Irving, Billy and Janie Haynes and Justin, also Leona Henderson and Winnie Haynes, visited them one evening.

Seventy-two people attended the AARP meeting at noon at the community center in Bangs. All enjoyed a nice dinner and program there. The ones attended from here were Gertrude Martin and Russie James and Oscar and Mary Boenicke. The next meeting will be at Santa Anna. We enjoy seeing old friends and making new ones.

Lois Sheehan of Burleson and son Eugene, Jr. visited her parents, the Burnice McIvers, Saturday. Eugene Jr. works in Los Angeles, Calif. It had been two years since he had visited his grandparents.

The Quilting Club meets this Tuesday at the community center.

SALT SCOOP

by Rosanne

That pure white, granulated salt on your kitchen shelf is actually a bit of the sea, the great salt beds formed millions of years ago when the waters of ancient oceans evaporated.

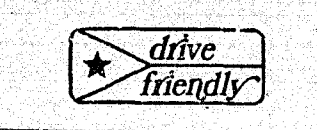

To recover the "white gold," the methods used by nature to put it there are simply reversed. Water is pumped down a well into the salt bed, and the resulting brine is brought up through another well to the surface. Insoluble impurities remain below.

Processing begins by boiling the brine in huge, three-story-high vacuum pans. Steam heat evaporates the water. The salt settles to the bottom and is pulled off as a slurry, which then is washed and filter-dried.

The dry salt then flows by gravity through shaker-screens of various sizes to separate it into grades. For table salt, coarse and extra fine crystals are removed. A trace of an anti-caking agent is added so that "when it rains it pours." Morton iodized salt to help prevent goiter is created by adding a trace of potassium iodide. Laboratory tests are conducted throughout production on the water, brine and salt.

Packaging in the familiar blue container is continuous and automated. Each package is coded, passed over a checkweigher and automatically loaded into cartons for shipment to market.

For a free, illustrated leaflet that tells the whole story just write to me and ask for "Table Salt in the Making."

Carolyn Hetzel, Ricky Gotcher Wed in July 29 Church Rites

Carolyn Hetzel, daughter of Mr. and Mrs. Floyd Young of Lake Brownwood, and Ricky Gotcher, son of Mr. and Mrs. Gene B. Gotcher of Brownwood, exchanged marriage vows July 29 in the Rocky Creek Baptist Church near Brownwood. Rev. C. J. Coffman officiated for the double ring ceremony.

For her wedding, the bride chose a gown of dacron polyester organza with long full sleeves. Ribbon outlined the

neckline, yoke, empire waistline and cuffs. The A-line skirt swept to a wateau chapel train.

Lisa Schwab was the bridesmaid and Karen Waits served as maid of honor. They wore orchid and pink print organza dresses.

Charles Allen was the groom's best man. Walter Hetzel, brother of the bride, was groomsman.

Following the wedding a reception was held in the fellowship hall of the church. Serving in the house party were Mrs. Rhonda Turner and Mrs. Jo Ann Miller.

The couple will live in Brownwood until September when they will reside in Waco where the groom will attend Texas State Technical Institute.

Mr. and Mrs. Walter Newman of Santa Anna are grandparents of the bride.

FORMER RESIDENTS HERE

Mr. and Mrs. Clebert Willis of San Diego, California, and Mrs. Laverne Little of San Antonio were brief visitors in Santa Anna Tuesday. Mrs. Willis, the former Blancy Hamon, and her husband, and Mrs. Little, the former LaVerne Tillery, were all reared in the area and attended school here many years ago.

The Hamon family were dairy farmers south of Santa Anna and the Tillery family lived on the Kirkpatrick place in the Live Oak community.

GENE SMITHS MOVED

Mr. and Mrs. Gene Smith, Jeffrey, Gregory and Todd, have recently moved to Richardson from Tyler. Gene, son of Mr. and Mrs. Richard Smith, is employed by Johns-Manville Company and was transferred to the Dallas branch. He and his wife, the former Nexa Rehm of Rockwood, have been living in Tyler for about 15 years.

Carol Kingsbery Feted At Party Friday Afternoon

Carol Kingsbery, Miss Texas Teen-Ager, was honored Friday afternoon with an informal reception at the Mountain City Center. The City of Santa Anna and the Santa Anna Chamber of Commerce were sponsors for the party.

Mrs. Thomas Wristen greeted guests as they arrived. In the receiving line were Mayor Thomas Wristen, Miss Kingsbery and her mother, Mrs. Tom Kingsbery, and the honoree's grandparents, Mr. and Mrs. C. D. Bruce.

Leann Bryan was at the register and displayed the honoree's scrapbook which is to be taken to the Miss National Teen-Ager pageant in Atlanta, Georgia, next week. The book contains pictures, clippings and articles relating to the state Miss Teen-Ager title and family, school and community activities, friends and hobbies.

Sandra Hosch and Jana Eubank served punch, coffee and assorted cookies. The refreshment table was covered with a white linen drawn-work cloth and centered with an arrangement of red and white carnations which flanked the new Miss Texas Teen-Ager's trophy.

Mrs. M. L. Guthrie, Jr., Mrs. Pauline Garrett and Mrs. Henry Newman assisted with the serving.

Over 100 people attended the party including a number from Coleman.

DATES GIVEN FOR ROUND-UP TO FUND WTRC

The West Texas Rehabilitation Center in Abilene is starting its 20th year of service to the handicapped in the Central Texas area. For the 12th year, the Cattleman's Round-up for Crippled Children will be held for the Center. The round-up is an ingathering of livestock which is sold at auction with proceeds to be given to the center.

The special cattle sale will be held in Abilene on September 25, the horse auction in October, also in Abilene; and the sheep and goat sale in Coleman on October 3.

Everyone in the area is urged to help with the project, whether by donations of livestock or cash. The center is a locally-funded institution and depends on contributions for financing.

Almost 20,000 handicapped people have been served by the center, including a number from the Coleman County area. The private, non-profit institution has an annual budget of near \$500,000. Area chairmen include Dwayne Edington, Weldon Davis and W. R. Hickman, Jr., all of Coleman.

The Santa Anna Mountaineers are taking on nice shape this week, making preparations for the first football game of the season with the Brownwood "B" team. So far 33 boys have reported for training and others are expected before school starts on September 5.

Eight lettermen have returned to the squad including R. D. Hartman, David Hunter, R. L. Mackey, Duane Moredock, Craig Douglas, Billy Joe Parish, Billy Joe Scott and C. W. Stephenson. Dick Humphries and Richard Shield are expected back soon and Billy Mills, who was ineligible last year because of UIL rules, is expected to make a good showing this year.

Other boys who were out for training last year and are expected back this year are Luther Talley, Joe England, Joe Wynn, Billy Robbins, James Vercher, Joe Buse, Harold Clifton, Charles Mitchell and Joe Sealy Price. New members out for the first year are Martin Autrey, Garland Schrader, Charles Hosh, Tommy Bailey, Melvin Pollock, Harold Horton, Charles Scarborough, James Milligan, Gary Patterson, Billy Bruce, Kenneth Grant, Alton Benge, Bill Jack Harris, Mack Baucom and Gayle Stevens.

At the practice session last Tuesday R. D. Hartman and David Hunter were elected co-captains of the team.

E. V. Campbell announces that he purchased the Old Farmers Gin on August 11 from Mrs. M. E. Wallace, and that he is in the process now of repairing and remodeling the gin to operate it this year. He states that he hopes to be ready to run about the 5th of September.

The gin has laid idle for the last several years.

There are only seven gins operating in Coleman County this year. Two in Santa Anna, one in Rockwood, one in Gouldbusk and three in Coleman.

On last Friday evening Mrs. T. R. Sealey and Mrs. Hardy Blue, assisted by other members of the WSCS, entertained on the Sealy lawn with a picnic supper for the Methodist youth who will soon leave for college. Those present were Coyita Griffin, Maurice Kingsberry, J. L. Owens, Harper Hunter, John Hardy Blue, Webb Goldton, Douglas Johnson, William F. Smith, Jr., Joyce Hunter, Emily Ann Harper and Betty Loveless.

Some Victims Of Vaporizers

Some "cold steam" vaporizers may trigger asthma attacks.

Designed to increase the humidity in rooms, the vaporizers are often used for patients who have influenza, bronchitis, and other respiratory ailments. The moisture can help unclog congestion and make it easier to breathe. But fungi can flourish in the misty paradise if the devices are not cleaned often and cared for properly.

Tests by Dr. William R. Solomon at the University of Michigan—which were reported in a recent issue of Medical Tribune—showed that vaporizers can spew out the fungi into the air in the room. When some vaporizers are turned on, the airborne particles can increase by as much as 470 times!

Some of the millions of particles are one-celled fungi that multiply by dividing like crazy. When the fungi are breathed in, they can cause infection as well as aggravate asthmatic symptoms and even trigger attacks.

Dr. Solomon tested different vaporizers on volunteer asthma patients and patients with recurrent allergic summer symptoms and found that unclean devices caused a worsening of symptoms within a half hour. To avoid this problem—which can also occur in humidifiers in general as well as some air conditioners—people should be extremely careful to clean the devices thoroughly and frequently, says Dr. Solomon. Every two or three weeks.

Breathing can be a hazardous business in these days of air pollution and cigarette smoke. Even supposed aids to breathing—like vaporizers—can cause trouble. Find out more about the hazards to breathing from your local tuberculosis and respiratory disease association. They have the facts.

A New Mountain

Mount Trashmore is a scenic wonder in Virginia Beach. The highest point in the resort city is 72 feet high and 800 feet long. It is a mountain of garbage and trash.

A demonstration project partially funded by the federal government, Mount Trashmore is a new kind of sanitary landfill. Landfills usually mean burying garbage underground. But, the water table in Virginia Beach is too close to the surface for that. So five years ago, city officials decided to find an alternative to rat-infested open dumps and incinerators that burn garbage but pollute the air. Their decision? Up with garbage. From flat land, Mount Trashmore grew upwards at the rate of a thousand tons of garbage a day. Refuse was spread one layer at a time—pressed down to about 100 pounds per cubic foot—and then alternated with a layer of dirt. After five years of growth, a six foot deep layer of soil was piled on to completely cover the mountain. Then it was ready for seeding and landscaping.

Grass has begun to sprout on the slopes of Mount Trashmore. Within another year it will be a recreational area where people will picnic, see soapbox derbies, and listen to concerts in an outdoor amphitheater that will seat 10,000. Scientists who took tests on the area found no rats, no flies, no odor, and no pollution problems.

Mount Trashmore has stirred worldwide interest. But all kinds of problems have bogged down plans for duplication elsewhere. The project shows, though, that whole new approaches to pollution problems can take shape. Finding out ways to fight pollution is everybody's business. Including yours. See your local tuberculosis and respiratory disease association about joining the fight against air pollution. It's a matter of life and breath.

Some sea snakes of Polynesia are extremely poisonous.

THE CITY LIBRARY

Although the new City Library hours have been changed for the next nine months, the services remain the same—hundreds of good books available to community residents free of charge.

Mrs. Edwin Hipsher is librarian and is at the City Library, located just north of the City Hall, from 3 to 5 o'clock each Wednesday afternoon. Readers may check out as many books as they wish, and returned books may be left at the City Hall office any weekday.

More emphasis is placed on adult books during the coming months as school students will be using mostly their school libraries. The following list of adult fiction books have been added to the shelves in recent months:

- "The Golden Key" by Bagley
- "Affair of the Exotic Dancer" by Benson
- "Traps Need Fresh Bait" by Gardner
- "The Believers" by Giles
- "Caravans to Santa Fe" by McDonough
- "Neither Five Nor Three" and "The Salzburg Connection" by McInnes
- "The Minister" by Mercer
- "The Doorbell Rings," "Gabit" and "Kings Full of Aces" by Stout

'72 Dove Stamp Now Required For W-Wings

AUSTIN—A \$3 White-winged Dove Stamp is required of all hunters who go after the fast moving birds this Labor Day weekend.

The stamp is available at any Texas Parks and Wildlife Department office, at license sales stores in counties open to whitewing hunting and at sales stores in major cities. The usual hunting license is also necessary.

What's the purpose of the stamp? Fifty percent of the money collected from sales is devoted to research and management of whitewing.

The other half goes to the acquisition of dove habitat which is rapidly dwindling in the increasingly agricultural Rio Grande Valley.

Not only that, the Parks and Wildlife Department can keep track of all whitewing hunters and conduct studies on harvest and the economics of hunting.

The stamp gives non-hunters a chance to further conservation efforts on white-winged doves and non-game species which have similar habitat requirements.

Even if you don't have a hunting license for the stamp and never handled a shotgun in your life, you can be sure that your \$3 is going to help in some important work on one of Texas' most beautiful birds.

books that have been recently added to the collection at the library. They are printed for anyone who has visual problems, even if you've just lost or broken your glasses!

Two of the mystery books in the City Library are reviewed briefly as follows:

TROUBLED JOURNEY By Richard Lockridge

Ben Sanders jumps out a tenth story window in New York, effectively ending his life, and leaving his wife, Carol, the beneficiary of his estate, provided she is not under psychiatric care at the time of his death.

Carol isn't. But in the weeks following Ben's death (an accident? suicide?), she begins to wonder if she shouldn't be. And her doubts about her sanity multiply when she begins a trip to visit Ben's family in Florida. How else can she explain the disappearance of her cat, or hearing Ben's favorite song played over and over in the next motel room?

And there are other sinister happenings waiting for her. With Richard Lockridge weaving his usual net of suspense, neither the reader nor Carol solves the problem until it's almost too late.

TRAPS NEED FRESH BAIT By Eric Stanley Gardner

Bertha Cool was purring like a kitten. A client had just hired the agency to investigate a suspected insurance swindle, and in Bertha's glittering eyes, that was just the respectable sort of case they needed. Donald Lam had his doubts but he began looking around for suitable bait to set a trap. What he didn't know was that the trap was already baited—and more than ready to spring.

LARGE PRINT BOOKS

Millions of people have difficulty in reading normal or small print in newspapers, paperbacks and library books. Ulverscroft has pioneered in designing books for these people. Many distinguished authors have allowed their works to be included in this series of large type.

There are now available over 250 titles in a wide, carefully selected assortment embracing mystery, romance, western, fiction and non-fiction. All these large print books are complete and unabridged and are printed in special black type on specially developed light-weight opaque paper.

The Santa Anna City Library has just received on loan from the Brownwood Public Library 48 of these books. They are all famous books by well-known writers. Those in the area with vision problems, or those who choose to have the more readable large print books, should go by any Wednesday and choose from this new group of books.

NEWS FROM NEIGHBORING TOWNS

BRADY Residents of Brady voted Saturday to adopt a one percent city sales tax to go into effect January 1, 1973. Election returns were 589 for and 110 against the measure.

There were 703 votes cast in what was considered a good turnout. The additional funds will be used for general operation of the city, according to Mayor Norman Lawler.

Brady is one of the few West Texas towns that has not yet had the city sales and use tax.

CROSS PLAINS O. B. Edmondson, vocational agriculture teacher and FFA advisor at Cross Plains, has been nominated to receive the FFA's Honorary American Farmer Degree.

Edmondson has been a vocational agriculture teacher at Cross Plains for 31 years.

He is one of three vocational agriculture teachers from Texas to be nominated for the highest honorary degree presented in FFA.

COLEMAN An Abilene truck driver, Roy Earl Craig, 40, died at Hendrick Memorial Hospital

in Abilene at 9:25 Saturday morning from injuries received in a traffic accident at Coleman shortly after midnight just inside the Coleman city limits.

A Coleman man was in custody soon after the accident in connection with the mishap, according to Coleman Police Chief Boyd Duncan.

Craig and another truck driver were stopped on the shoulder of the highway in Coleman to fix a flat tire on one of the trucks when a man driving a pickup truck south on the road struck both of them. The second driver, Jesse Archa of Buffalo Gap, was treated and released at the Coleman hospital for minor injuries. A third driver was helping with the flat and was uninjured.

NOVICE

David Caudle of Ballinger has been named the new basketball coach for the Novice Schools, announced Supt. Clarence McDaniel. Mr. Caudle moved to Novice last weekend.

Supt. McDaniel also announced that football will be dropped and the school will compete only in basketball in the district this year.

If you have attended an automobile race in the rain, you were probably amazed that lap times did not fall off much from times recorded under better conditions. That's because racing cars are shod with special wet-weather tires at the first hint of rain.

The modern dry-weather racing tire is virtually as wide as it is high, with a smooth, nearly treadless pattern that puts every inch of rubber available on the road. Wet-weather racing tires, however, differ markedly from their dry-weather counterparts.

A wet-weather racing tire has a soft "gum ball" composition and deep treads that run around the circumference of the tire. These treads allow water to channel out from under the tire and prevent "aquaplaning." This phenomenon occurs when there is little tread on a tire. It results in a loss of traction, because there is no way for the tire to penetrate the water and get a grip on the road.

Today's Tip
If your tires show little tread, your car may aquaplane in the rain. So make sure your tires are not worn smooth and by all means do not run a slick-type racing tire on a passenger car.

World Champions 'Drive Friendly'

Dallas Cowboy teammates Bob Hayes and Bob Lilly have come across with a pair of TDs for the Governor's Committee on Traffic Safety. Hayes, the fleet wide receiver around whom the entire Cowboy receiving corps is built, and Lilly, the six-time All-Pro who's been with Dallas for all of his pro career, scored with public service announcements for the "Drive Friendly" program. The recorded messages were recently released to all radio stations in Texas.

PUBLIC NOTICE
Proposed
CONSTITUTIONAL AMENDMENT
NUMBER 6 ON THE BALLOT (SJR 7)
General Election, November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VIII, Section 1-b, of the Texas Constitution, be amended to read as follows:

"Section 1-b. (a) Three Thousand Dollars (\$3,000) of the assessed taxable value of all residence homesteads as now defined by law shall be exempt from all taxation for all State purposes.

(b) From and after January 1, 1973, the governing body of any county, city, town, school district, or other political subdivision of the State may exempt by its own action not less than Three Thousand Dollars (\$3,000) of the assessed value of residence homesteads of persons sixty-five (65) years of age or older from all ad valorem taxes thereafter levied by the political subdivision. As an alternative, upon receipt of a petition signed by twenty percent (20%) of the voters who voted in the last preceding election held by the political subdivision, the governing body of the subdivision shall call an election to determine by majority vote whether an amount not less than Three Thousand Dollars (\$3,000) as provided in the petition, of the assessed value of residence homesteads of persons sixty-five (65) years of age or over shall be exempt from ad valorem taxes thereafter levied by the political subdivision. Where any ad valorem tax has theretofore been pledged for the payment of any debt, the taxing officers of the political subdivision shall have authority to continue to levy and collect the tax against the homestead property at the same rate as the tax so pledged until the debt is discharged, if the cessation of the levy would impair the obligation of the contract by which the debt was created."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment providing that the various political subdivisions of the State may exempt not less than Three Thousand Dollars (\$3,000) of the value of residence homesteads of all persons sixty-five (65) years of age or older from ad valorem taxes under certain conditions."

"Mail's moving faster. For a lot of reasons. But I'd say
the reason behind it all is Zip Code. . . ."

Sherry Gladney, Postal Worker, Chicago, Ill.

How to mail a letter today when you want it delivered tomorrow.

Out of town.

Be sure to use Air Mail. And remember to include a Zip Code in the address.

Mail before 4:00 p.m. from any specially marked Air Mail box. Or by 5:00 p.m. at your Main Post Office.

You'll get next-day delivery to major cities within 600 miles almost all the time. And, second-day delivery anywhere in the country.

In your town.

Again, be sure to include a Zip Code in the address. Mail by the last pickup before 5:00 p.m. That's it.

You'll get next-day delivery in your town and the area around it, most every time you mail.

These Zip Code tips can help you.

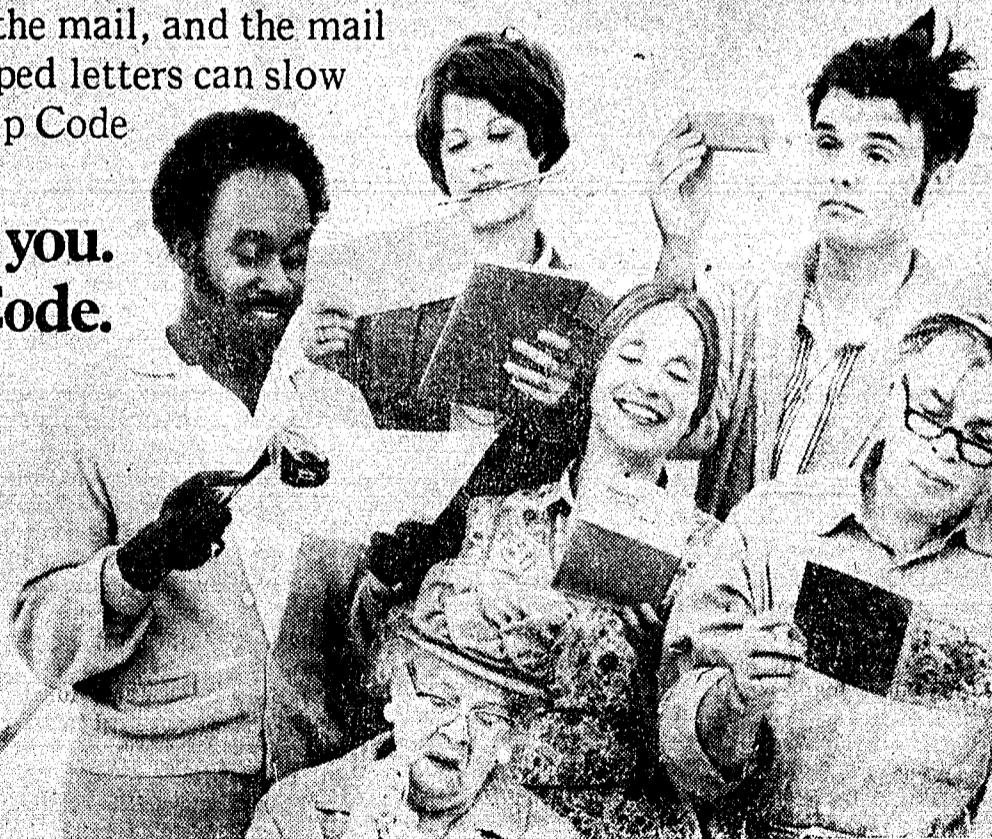

If you don't know a Zip Code, just look in the handy Zip Code Section of your phone book. Or call your local Post Office.

Always put your Zip Code in your return address.

So people can copy it down.

People really depend on the mail, and the mail depends on Zip Code. Un-Zipped letters can slow down all the mail. So put a Zip Code on everything you mail.

**Help us help you.
Use Zip Code.**

Death Toll Set For Labor Day Holiday Period

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, recently estimated that statewide traffic accidents over the Labor Day weekend will claim 48 lives.

The Labor Day holiday, as set by the National Safety Council, is a 78-hour period from 6 p.m. Friday, September 1 to midnight Monday, September 4.

At the close of the Labor Day period last year, a DPS tabulation showed that 41 persons had died in 34 traffic accidents. Late deaths pushed the toll to 43 persons killed in 36 accidents.

Speir said the DPS and local law enforcement agencies would be taking all possible steps to reduce the holiday death toll. A special "Operation Motorcade" will be in progress over the Labor Day weekend and tabulations of rural and urban fatal wrecks will be reported to the news media of Texas three times daily.

As is customary on major holidays, all available DPS patrolmen will be placed on duty throughout the state. They will make full use of radar and breath testing instruments in an effort to curtail the major causes of fatal accidents — excessive speed and drunk driving.

"These educational and enforcement programs will have an impact, but a great deal of the responsibility for accident reduction rests in the hands of individual Texans. I am appealing to all our citizens to join with us in saving lives by 'Driving Friendly,' both during the holiday and throughout the remainder of the year," Speir said.

HPC RETREAT AUGUST 26-27 AT LAKE B'WD

BROWNWOOD (Spl)—Several hundred Howard Payne College students are expected to attend the institution's annual all-school retreat August 26-27 at the Heart of Texas Baptist Encampment next to Lake Brownwood.

Annually, the retreat is sponsored by the Baptist Student Union (BSU) at HPC to acquaint newcomers with old students. Besides socializing, the students also participate in games and meetings.

Students interested in attending the retreat have been asked to send \$6—includes meals, lodging, recreation and other incidentals—to the BSU, Howard Payne, Brownwood, Tex. 76801. With the money also should be mailed names and addresses.

Included on the program will be Dr. Guy D. Newman, president of HPC; Chet Reames, assistant state BSU director; Vic Darrough, of Odessa, president of HPC's BSU; Robert Hogue of Odessa, president of the student senate; Bill Gandy of Lubbock, vice president of the student senate; and Jerome Smith, new HPC BSU director.

According to Jerome Smith, new religious activities director of HPC, the retreat will feature a freshman talent show, a report from summer student missionaries and performances by HPC's yell leaders.

POINTS TO PONDER

W. F. Cawyer

What a blessing, we who live today, have in Christ Jesus. We worship a God who made all things, visible and invisible (Gen 1:1, Col 1:15). Who so loved us as to give his only begotten son, that whosoever believeth in him should not perish, but have everlasting life (John 3:16-17).

While in this life there is joy and happiness if we follow divine instruction, but when we think about everlasting life, what an inducement to be a faithful follower of the lonely Christ. We must live the Christian life to have this hope and assurance that we will be permitted to enter into the everlasting kingdom of our Lord and saviour Jesus Christ (2 Peter, 1:3-11).

We are to give all diligence, add to our faith, virtue (courage), knowledge, temperance, (self-control) and to self control, the ability to endure (Phillips translation) and to these Godliness, (dear) and to His Godliness, (dear) and to His brotherly kindness, love. For if these things be in you, and abound, they make you that you shall neither be barren nor fruitless in the knowledge of our Lord Jesus Christ. But he that lacketh these things is BLIND, and cannot see far off, and hath forgotten that he was purged from his sins. Wherefore the rather, brethren, give diligence to make your calling and election sure: for if ye do these things ye shall never fall: For so an entrance shall be ministered unto you abundantly into the everlasting kingdom of our Lord and Saviour Jesus Christ.

What would be the condition of a person who did not or would not add the Christian graces, as mentioned above, to his faith? The passage says "If ye do these things, ye shall never fall." W. F. Cawyer, Minister North Side Church of Christ (More to Follow)

Funeral services for Mrs. Maggie M. Blount, 85, of Santa Anna, will be held at 10:00 a.m. Thursday, August 25 in the Henderson Funeral Home Chapel.

Graveside rites will be at 3:00 p.m. in the Willow Cemetery in Haskell under direction of the Henderson Funeral Home of Santa Anna.

Mrs. Blount passed away Tuesday at 6:35 p.m. in Ranger Park Hospital.

She was born October 31, 1882 in Clark County, Miss., and married Frederick Q. Blount May 25, 1905. Mr. Blount preceded her in death June 6, 1960. She was the daughter of the late George T. and Lucy Ellen Hicks Bluffington.

Mrs. Blount moved to Coleman County in December, 1955 from Terry County. She was a member of the Church of Christ and was a housewife.

Survivors include a daughter, Mrs. E. E. McClintock of Santa Anna; five sons, G. P. Blount of Plains, E. C. Blount of Siminole, Freddie Blount and G. S. Blount both of Santa Anna, and T. C. Williams of Sundown, Texas; two sisters, Mrs. Zula Littlefield and Mrs. Lottie Littlefield, both of Fletcher, Okla.; 23 grandchildren, 21 great-grandchildren and one great-great-grandchild.

Meeting Policy Revised For Breeder-Feeder

New officers, directors and committees for the Breeder-Feeder Association for the 1972-73 year were chosen and appointed at the Tuesday, August 15, meeting of the organization. A new meeting policy was also put into effect, beginning in September.

The entire membership of the organization will be invited to the monthly meetings instead of only officers, directors and committees. Only the quarterly meetings had previously included all the membership.

The meetings are held on the third Tuesday evening of each month with seven couples serving as host for the supper. Names for the host couples were drawn at the August 15 meeting. Membership dues are \$2.50 a year.

Officers for the Breeder-Feeder Association include Max Horne, president; Dr. Joe Pat Hemphill, vice president; Charles Holdridge, secretary; and James Barr, treasurer.

New directors are Holdridge, Wayne McClure, Barr, Dale Greaves, Ted Taylor and Hemphill. Holdover directors include Elton McDonald, Horne, Sumter Weathered, Stancil Edgington, Bill Sneed and Herman Garlington.

Committee appointments for the year include Tom Kingsberry, Dale Greaves and Jim Williams, Stock Show; Bill Hightower, Objectives; Ogden Brown, Membership; Roger Blackmon, Program; David Watson, Finance; Bob Pearson, Soil and Water Conservation; Dr. Hemphill, Animal Health; Ross Jones, Legislative; Mike McCravy, Publicity; Paul Riddle, Annual Meeting Hosts; Sam Lindsey, Entertainment.

New members introduced at the last meeting were Dr. and Mrs. R. M. Edgington and Chamber of Commerce president Richard Compton.

Next meeting of the organization will be on Tuesday, September 19.

ARTISTIC TOUCH . . . Mrs. S. D. Wilson of near Santa Anna is shown standing before an embroidered picture in the frame that held her grandparents' wedding license. Other artistic articles and antiques decorate the house and yard at their attractive country home.

RETIREMENT IS NOT WANTED BY ACTIVE COUNTY COUPLE

by Mrs. John Hunter

When driving around seeing "Coleman County First," stop by for an interesting visit with Mr. and Mrs. S. D. Wilson. They have lived on the Old Comanche Road since 1938, some 12 miles from Santa Anna, near the pits where the material for making bricks is obtained by the Coleman Brick Co.

The attractive, well kept home has flowers and antiques before you get in the yard; stopping in the shade of the large mesquite tree, with a gourd vine running to the top and flowers around it; in the yard a rock patio has been made around the huge cedar tree, with water pulleys, single trees and an old bean

pot filled with flowers hanging from the limbs. There are beds of Caladiums and other flowers surrounded by the rock fence that has lots of bottles and jugs of all sizes on it. An old cistern on the patio at back of the house has containers of flowers.

Inside, the house is full of interesting antiques. Mrs. Wilson has a colorful embroidered picture she did, which is in an old frame that held the marriage license of her grandparents, before it crumbled away with the years.

On the wall we find a picture of her maternal grandmother in the original frame. An antique board holds a very old knife, square nails, some spoons and forks from Camp Colorado, hat pins and numerous other articles. We find an old churn complete with lid and dasher. On other walls we see her mother's bread tray and washboard with flowers painted on it.

An oil painting—not so old—of a violin, done by a relative, hangs on one wall, and a lamp done by Mrs. Wilson, made of a vinegap jug was patterned with broken pieces of colored glass, stands on a nearby table.

All of the family are interested in antiques; a grandson, Bo Wilson, came in wearing a pair of spurs over 100 years old, with silver inlay of silver dollars.

Come October 6th, the Wilsons will celebrate their 60th wedding anniversary; the ceremony was performed in the Burkett Baptist Church. They are parents of three children and have seven grandchildren.

The petite Mrs. Wilson believes in keeping busy; she does lots of canning, all kinds of handwork, making and quilting beautiful heirloom quilts, besides keeping house and gardening. She admits, with a smile, she doesn't do as much gardening now as in other years. She loves to fish.

If you ask this couple about senior citizens and retiring, they probably wouldn't know what you were talking about!

VISITS MRS. BAKER

Dr. and Mrs. Baker J. Cauthen of Richmond, Va., visited with his aunt, Mrs. Joe Baker, on Thursday of last week. Dr. Cauthen, Executive Secretary of the Southern Baptist Foreign Mission Board, was enroute home after a speaking engagement at the Baptist Encampment at Glorieta, N. M.

Former S.A. Teacher Retired After 36 Years of Service

Mrs. Roy D. Holt, the former Mildred Pearce, recently retired from the Copparras Cove school faculty as head of the five school libraries and after 36 years of service in Texas schools as teacher and librarian.

Mrs. Holt graduated from Santa Anna High School, Texas Womans University and the University of Texas. She taught mathematics for several years in Slaton, Brady, Eldorado and Mary Hardin-Baylor College. She served as school librarian in the Fort Hood Schools, Killeen High School and as assistant librarian in the University of

Texas. During the past 14 years as head of the school libraries in Copparras Cove, Mrs. Holt saw the books increase from 1,100 to 28,000 and the school enrollment increase from 600 to some 4,500.

Mrs. Holt and her husband, R. D. Holt, also a native of Santa Anna and former superintendent and teacher for 50 years, will continue to make their home in Copparras Cove. Both expect to continue their interest in books and writing pioneer stories.

Disaster Vans From SDA Hdq. Helps Victims

Mrs. James Holeys of Pennsylvania, who has been visiting in the Cabansag home for a couple of weeks, gave some of the high points on the Pennsylvania flood situation. She spoke to the Sabbath School department of the Seventh-day Adventist church. She stated that churches as well as homes were filled to the ceiling with water, thus ruining expensive furniture and equipment. This area was declared as a major disaster area by our president. Five states were so declared as 400,000 persons were at least temporarily made homeless.

Disaster vans from the Seventh-day Adventist headquarters in each of these states was on the scene immediately, distributing disaster kits—each containing a set of clothing, towel, washcloth, and toilet articles, with blankets, milk and other foods.

The local Seventh-day Adventist Community Service department keeps prepared to some extent for such emergencies. They have aided in all the disasters in our state.

LOCAL FOLKS ATTEND FETE IN OKLAHOMA

Jay Lynn, Charlotte and Inez Moseley were in Altus, Oklahoma Saturday and Sunday with the Circle Five Cattle drive. They visited with the drovers and their families at the Circle Five camp in downtown Altus and were on hand for a square dance Saturday night with Jay Lynn as caller.

While in Altus they met one of the local square dance callers who wished their success on the large square dance which is planned upon the cattle drive's arrival in Dodge City, Kansas. Jay Lynn will be with the drive as it arrives in Dodge City and as official caller, call the square dance there.

The drive is expected to stay in Altus until Monday morning to participate in a parade and "Western Day" to be held in their honor.
