Mountain Echoes

By
Barbara
Kingsbery

The First Christian Church recently received a letter from Charles E. Coombs, Jr. of San Angelo, a former member of the local congregation. Mr. Coombs lived in Santa Anna in 1925-26 while employed with West Texas Utilities Co.

The Santa Anna position was his first job after graduating from Texas Christian University, and according to Mr. Coombs, he could not give to the church as he wished because of a very limited budget.

His recent letter contained a nice donation to the local church—no doubt as welcome now as it would have been nearly 50 years ago.

bk

It is interesting how names, once mentioned, come to us again. In this column last week we listed B. F. Rothermel, tanner, as one of the early-day merchants in Santa Anna. It is that family with whom Mr. Coombs lived while employed in Santa Anna.

bk

One local lady has gained a new appreciation for birds.

Mrs. Selma Hasserodt, a neighbor of Mrs. Annie Knox, accidentally lost Mrs. Knox's post office key, and after searching for the key unsuccessfully, decided to order a duplicate.

As Mrs. Hasserodt later went down the walk into Mrs. Knox's home, she noticed a scissor tail struggling with an object in the grass. The bird kept picking up and dropping a shiny object.

When Mrs. Hasserodt went closer, she found that the bird was trying to fly away with the lost post office key.

We are including local and area students in the "Off to College" story this month and have listed as many as we know of. If you know of other students not included, please call or come by with the information.

SCHOOL PICS MONDAY

Santa Anna school students and their parents are reminded that individual school pictures will be made next Monday, September 25, according to annual editor Carol Kingsbery. A photographer from Waco who specializes in school photography will make the pictures in color, and the price is supposed to be economical.

Class officers for junior high and high school will also have group pictures taken Monday.

The photographer is to be at school at 8:30 a. m. and start with the senior class in high school and work down through kindergarten.

BOBBIE STRICKLAND

SAHS Junior Named S-Heart Of Lions Club

Miss Bobbie Strickland, daughter of Mrs. Ruby Strickland, has been chosen sweetheart of the Santa Anna Lions Club. She will attend all the meetings of the organization and serve as pianist for the group.

A junior student at Santa Anna High School, Bobbie is a member of the band where she plays flute and drums. She is second vice president of the FHA chapter and a member of Librarians Club. Miss Strickland is also a member of the girls athletic teams.

Besides her many school activities, Bobbie is a member of the United Methodist Church where she is a member of the adult choir and pianist for the youth choir.

Floyd Marshall Gives Program For AARP Meet

The Santa Anna-Bangs chapter of American Association of Retired People met at the Community Civic Center Monday at noon for the regular monthly session.

Oscar Boenicke led the invocation preceding the covered dish luncheon.

A group from the First Baptist Church youth choir presented special music and led the singing of "Happy Birthday" to those celebrating birthdays during the month of September. The two honored were Mrs. Mary Morrow and Mrs. Tom Stewardson.

Floyd Marshall, high school principal, presented a program on "Trends in Education".

W. F. Cawyer led the business session. Articles for incorporation of the chapter were read. During the roll call each member answered with the month of their birth.

Several new members were greeted into the chapter.

The next meeting of the organization will be held on Monday, October 16. All people in the area, 55 years of age and older, are invited to attend the meetings and become a part of the very active group.

Wall Hawks Defeat SA, 67-8; Mounties Go to Lometa Friday

The Santa Anna Mountaineer football team was defeated by the Wall High School Hawks Friday night by a lopsided 67-8 score. The loss took place on the Wall home field and was the first loss

of the season for the Mounties.

The only score for the Mountaineers came when Horner passed to Tony Beal for 24 yards early in the third quarter. The two-point conversion gave the

total eight points for the Mounties.

Besides being outscored by the Hawks, the hapless Mountaineers were plagued by fumbles and intercepted passes. Wall showed ability, agility and speed as they took their second victory this season.

The Wall team scored six points in the first quarter, then added another 43 points in the second quarter. Fifteen points were made by the Hawks in the third period, and a lone field goal gave Wall the final score in the last period of play.

Santa Anna has another out-of-town game this week, traveling to Lometa for a Friday night tilt. The Lometa team is another new opponent for Santa Anna. Coach J. A. Smelley is a former mentor at Lometa.

Game time at Lometa will be 8:00 p.m.

Coleman County Fair Plans Are In The Making

The Coleman Betterment Council is continuing plans for the upcoming Coleman County Fair which will be held at the Coleman Rodeo Grounds on Saturday, September 30.

The booth sales committee reports that booth sales seem to be about normal with 25 booths already recorded.

Price of tickets for this year's fair will be \$2 for adults and \$1 for children ages six through 12. Tickets will be stubbed so that one portion will provide a barbecue dinner for the holder.

A section of each children's ticket is for one free amusement ride.

The usual policy of the Fair Board will be followed and everyone admitted to the fairgrounds must have a ticket.

Main entrance to the fair will be at the south gate of the rodeo grounds. The east gate will be used for entries and exhibitors in the Women's Hobby and Craft Show, and the north gate will be used for horse show entrants.

A number of new kiddie rides will be provided at the fair this year, and children will be charged 15 cents each or two for 25 cents.

The entertainment committee for the fair has reported that several musical groups have been booked so the music will appeal to a wide range of people. In addition there will be a radio broadcast live from the booth and from the stage inside the pavilion.

Three talent shows are being planned for groups and individuals who wish to perform at the fair.

R. T. Howell, chairman of advertising, has announced that banners, bumper stickers, and other methods of advertising will be used to publicize the 1972 Fair. Coleman businesses are also displaying signs and promoting the big event.

A number of local people will be helping with committees and taking part in the County Fair next week, and everyone in the county is urged to attend.

In Our Opinion

By W. T. HAYS

WITH SCHOOL getting underway again this year the
bussing demon again rears his ugly head.

Again the courts are ordering bussing in schools
and school boards are hard put to finance that along with
competent education facilities in the schools. They are
having to spend money that should be used for teachers
and textbooks on the purchase and operation of busses to
satisfy the court orders.

Although President Nixon and many in the House and
Senate have pushed for legislation that would end forced
bussing, the courts continue to ignore them. The House
recently passed the Equal Educational Opportunities Act
which would bar bussing in the elementary grades and
restrict junior high and high school bussing to the next
nearest school. So far the Senate has not acted on the
measure, but proponents hope for action this year.

However, if it does pass the Congress we must
remember that the Supreme Court still has the power to
rule any new law unconstitutional, so the great need is
for a constitutional amendment to end the forced bussing
once and for all.

Amendments have been introduced in both the House
and Senate for such action, but there has been no
progress so far on either.

The Amendment procedure is cumbersome,
requiring two-thirds vote by both House and Senate and
ratification by three-fourths of the states, and that will
take a lot of time, even if it passes. The need is for
legislation that the Supreme Court would favor, and that
is what some are working for now.

The thing boils down to the fact that school boards
are spending a lot of money on bussing that could be used
to improve our educational system. Bussing has not
proved to be of value wherever it has been instituted, and
in our opinion is a vast waste of tax money, which already
is spread too thinly in our educational systems.

The answer is a high quality educational system in
our neighborhood schools, and that is how it should be.

PEOPLE WHO HELD elections in the Democratic
primaries are still waiting for their pay, we learned this
week. The court order that stopped the way the
primaries financed the election has caused a vast
shortage of funds to the point where a good percentage of
the bills were not paid.

They might get away with it one time, but with the
general election coming up, who will they get to work?
There are not many people who will be willing to spend a
long day at the polls and then not get paid.

The State Legislature appropriated funds for
election expenses, but they failed to grant enough to pay
the costs. Most of us are uncertain as to just how election
expenses will have to be paid—but those who still have
money coming will probably not worry about it until they
get paid.

Election judges may be hard put to get help on
October 10.

Mrs. Dollie Martin was honored recently on her 85th birthday
by her husband and daughters in the Hickman No. 5 Rest Home
here. A large number of friends and relatives were present for
the occasion. They sang happy birthday and presented her with
gifts and cards, and the group was served ice cream and cake.
Mrs. Martin, shown above with her
husband, has lived in the Trickham community most of her life.
The Martins have five children.

SD Adventists
Have Education
On Drug Abuse

"The older generation must
remove our youth's excuse for pot
smoking," says Pastor Sam
Miller of the Santa Anna-Coleman
Seventh-day Adventist church.

"Young people have pushed for
legislation of marijuana because
their parents use alcohol," said
Miller. "And the kids have a
point. It's forced this nation to
focus on alcoholism which is
more of a menace than many
people want to admit."

The church leader emphasized
that Adventists have no quarrel of
which is worse, alcohol or pot.
"Both are drugs which do not help
the nation's health," stated
Miller.

The church has introduced
several programs aimed at
solving the problems. Besides
such rehabilitation programs as
the 5-Day Plan to Stop Smoking
and the Four-Dimensional Key to
Cause of Alcoholism, Adventists
maintain a vigorous education
program on drug abuse.

"We'd like to put the brakes on
before the next generation is
hooked on alcohol, tobacco and
drugs," added Miller. "Much
information young people get is
one-sided—the glamorous ads, the
example of social drinkers, or
peer pressure to smoke or drop a
little acid."

Adventists support
"Listen" magazine, which
promotes the value of an unhooked
life. The monthly journal features

BOY SCOUT NEWS

There was fair attendance at the Saturday night movies at the Community Civic Center sponsored by the Boy Scouts.

The main attraction was "The Great Chase", which the youngsters especially enjoyed.

More films have been planned for the local community, the next to be shown on Saturday, September 23, at 8:00 p.m. Everyone is invited to attend.

The name of the film will be announced next week. Admission is 35 cents per person.

Funds derived from the movies will go toward financing the trip to the National Scout Jamboree. A film on the 1967 Jamboree will be shown in conjunction with the next movies.

A Camporee is planned for October 6, 7, and 8 at Lake Sweetwater. Out of this Camporee should come many values -- fun, strengthening of the patrol system, development of leadership, pride in achievement and development of character through competition and fellowship with other Scouts.

There is no charge for camping at Lake Sweetwater, but to cover the expense of awards and incidentals and to provide every adult with a 1972 Camporee patch, 50 cents per person will be collected as the troops register.

Ribbons will be awarded to Patrols. There will be ten fixed stations. Judges will be at each station and each Patrol will go from station to station. Points will be awarded at each station.

The camporee will open at 10:00 a.m. October 7. It is hoped that a large number of Santa Anna Boy Scouts can attend the weekend event.

The local Scout Troop meets on Monday nights at 7:30 p.m. All interested boys and adults are invited to attend. Local support is vitally needed by the local troop. Included in the list of aid will be transportation to the Sweetwater Camporee.

Anyone able to help should contact Jerome Shield or any other Scout leader.

JV's to Meet Cross Plains

The junior varsity football team will have a game Thursday night (tonight) at the local football field. The game with Cross Plains should be something interesting and different as it will be an eight-man contest.

Due to the small number of junior varsity players, the 11-man game could not be played and coaches of the two teams agreed on the eight-man game.

Game time tonight is 7:00 p.m., according to Coach J. A. Smelley.

Jay L. Moseley Calls Dances At Trail's End

Saturday night was the trail's end for the Circle Five Cattle Drive and, as on fifteen other stops, the Moseleys were there.

Leaving Santa Anna early Friday morning, they arrived at the Circle Five campsite on the outskirts of Dodge City at one-thirty where they joined the Circle Five group for lunch, then helped with final preparations for the trip to Boot Hill and Old Front Street where the cattle would be on display until the auction on Tuesday or Wednesday.

After a chuch wagon meal of chicken and dumplins Friday night, they entertained the visitors with a square dance called by Jay Lynn Moseley. Several Dodge City officials were there, including Dale Northern, city councilman and past mayor.

With much fanfare, loud yells and shooting, the cattle were moved up Second Street andd along Wyatt Earp Avenue to Boot Hill Saturday morning. In a ceremony following the parade into town, the rovers were made honorary Boot Hill Marshalls and the cooks were made honorary Can-Cangirls of the Long Branch Saloon of Boot Hill.

Camp was set up on Old Front Street and preparations began for the wedding of Pat Halliburton of Mason, Texas, and Raymond Kroll of Waco. The wedding was held at 3:00 in front of Boot Hill and the ceremony was performed by Rev. Dudley Barrett of Clyde, Texas, who rode on the Drive for a short time, and the First Baptist Church minister of Dodge City. Following the wedding, a reception was held for the newlyweds at a Dodge City Business.

A barbecue was held in the city park for the drovers Saturday night with a live band performing for the honorees. The weekend celebrations were concluded by another square dance called by Jay Lynn and sponsored by the Pairs and Squares square dance club of Dodge City.

Jay Lynn was named official square dance caller for the Circle Five group after appearing at dances in Santa Anna and Coleman as the drive moved through Coleman County enroute to Ddodge City.

LAKE JACKSON VISITOR

Annie Mearl Morris, Mgr.

It's 1973, and Chevrolet roofs are opening, seats are swiveling, bumpers are retracting, hatches are flipping up.

Did you ever have so much to talk about that you didn't know what to say first?

We're happy to report that's us for 1973. But since everything must begin somewhere . . .

Isn't it romantic?

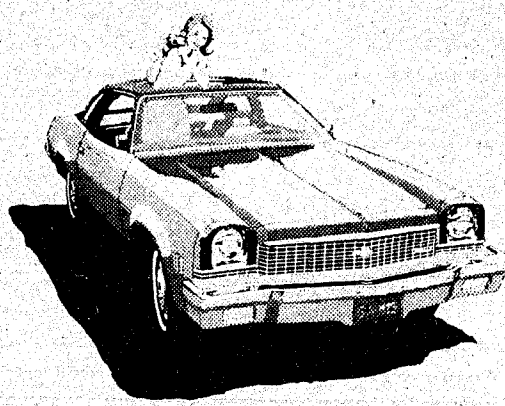

You see that rectangle beaming at you from above? That's a moonroof. Not to be confused with a sunroof. (Although many people will undoubtedly be caught using it like one.) A power roof is available on Chevelle and Monte Carlo; a manual one on Nova.

Bumpers are exciting?

This year's are something to get

stirred up about. One of our new bumpers, for example, is built around twin hydraulic cylinders. So on minor impact, the whole system retracts to cushion the shock.

It's standard on all big Chevrolet, Chevelle and Monte Carlo

New Malibu Colonnade Hardtop Coupe.

New Nova Hatchback Coupe.

Look what we hatched

You know us for our little Vega Hatchback. Now dependable Nova has one. Which literally makes it half trunk with the backseat down. It's a feature as practical as Nova itself.

We've been thinking about your legs

One of the few things people asked us to improve in our popular Chevelle was leg room in the backseat. Well, your knees will be pleased with the '73s. There's almost 3 1/2 more inches in the sedans.

So what else is new

Naturally this is only a taste of what's new for '73.

Among other things, we're introducing larger gas tanks for longer cruising range, a new Exhaust Gas Recirculation system, a hatchback for wagons, and a highly refined flow-through power ventilation system.

Plus a reading light for front seat passengers, improved suspension systems, engines that give you performance combined with gas economy, reclining seats and scores of dramatic styling changes.

We invite you to see it all at your Chevrolet dealer's.

(above) Caprice Coupe. Our new uppermost Chevrolet. Its luxury, comfort and quiet ride rival the most expensive cars you can buy.

(below) Monte Carlo S Coupe, America's newest road car. With the handling of the finest European cars, and the looks and comfort of an American car.

Building a better way to see the U.S.A.

**We're the new
Chevrolet dealer in town.**

**And we've got a lot of new ideas
to help you find a better way
to see the U.S.A.**

We're starting fresh. New. And that means fresh new ideas on how to serve you better than you've ever been served before.

Like having the complete family of Chevrolets on hand. Ready to drive and compare feature by feature. Caprices. Impalas. Monte Carlos. Chevilles. Novas. Camaros. Corvettes. Trucks. And Vega, the little car that does everything well.

But we also realize that you want and need more than just a good car. You've got to be able to rely on your dealer to

Don G. Andrew

give you the best and most efficient service available. You've got to have his complete and personal attention. You've got to be able to trust him.

That's why we're not just trying to sell you a car. We're trying to sell you an entire dealership. One that you'll want to stay with from now on.

By now, you've probably got the idea you're important to us. Keep on thinking that way. Whenever you're ready for a car, or service, we're ready to prove it.

THE BIBLE IS INSPIRED

The word inspiration means "God breathed" or "God spoken". The Bible is God's word adressed to mankind. Since God hath spoken unto us in these last days (Heb. 1:1-2), we to-day are living in the last days or last dispensation. And in this age or dispensation we are to listen to Christ. Under the first covenant the Jews were to listen to Moses. But under the New covenant we are to listen to Christ (Matt. 17:5). "Hear ye Him." the first covenant was not made until 2500 years of the worlds history had gone by. In Deut. 5:1-3, we read, "The Lord our God made a covenant with us in Horeb. The Lord made not this covenant with our fathers, but with us, even us, who are all of us here alive this day." Moses was called upon to mountain to receive the covenant written upon two tables of stone (Ex. 24:12-15). The covenant, which is a contract, was made with the Jews at that time (Ex. 24:1-7.)

The people agreed to keep the law (Ex. 24:7), and said, "All that the Lord hath said will we do, and be obedient." So the covenant or contract was entered into and agreed upon. This was the first covenant but as mentioned already it was only to fleshly descendents of Abraham.

In Deut. 18:18, Moses speaking by inspiration said, "I will raise them up a prophet from among their brethren, like unto thee, and I will put my words in his mouth; and he shall speak unto them all that I shall command him. And it shall come to pass, that whosoever will not hearken unto my words which he shall speak in my name, I will require it of him." That prophet was Jesus Christ and we today are commanded to hear him (Matt. 17:5). Are you, my friend, willing to hear that prophet?

ROTC Provides Scholarships For Education

Male high school students who will graduate in 1973 and are interested in flying are eligible to apply for an Air Force ROTC four-year college scholarship.

One thousand four-year college scholarships are available for students who will enroll in the Air Force Reserve Officers Training Corps at one of the colleges and universities in the United States and Puerto Rico which offer the four-year program.

The scholarships will be awarded to qualified students who agree to become Air Force pilots or navigators after college graduation.

Each scholarship pays full tuition, laboratory fees, and textbook reimbursement. In addition, each scholarship student receives a monthly nontaxable subsistence allowance of \$100.

All applicants for a scholarship must qualify on the Air Force Officer Qualifying Text and on an Air Force medical examination. A special committee of Air Force officers will evaluate all students who apply for a scholarship. They will consider the student's scores on the American College Text or the Scholastic Aptitude Test, high school grades, extracurricular activities and personal references.

Interested students must submit their applications postmarked no later than November 15. Application forms and additional information may be obtained by writing Directorate of Admissions, Air Force ROTC, Maxwell Air Force Base, Alabama 36112.

Future School Improvements Studies By School Board

The Santa Anna Independent School District Board of Trustees met at the high school office on Tuesday night, September 12, for the regular meeting. All members were present.

A. D. Pettit presided during the session. The opening prayer was led by Vernon Parnell.

Bill Riley, vocational agriculture teacher, met with the board concerning the new agriculture building. Final payment on the building will be made when a few minor changes and repairs are made as stated in the building contract.

Mrs. John Skelton of Coleman was extended a contract to serve as assessor for school district taxes. Mrs. Skelton has served for a number of years.

Supt. Cullen Perry was certified as local representative to the Region XV Joint

Committee. A report was given on construction of the chain link fence around the practice athletic field.

Members of the board discussed the need for a new gymnasium and renovations and improvements to the high school building. The good financial shape of the school district and the impending need for the new facilities make a study of the major improvement worthwhile now. More will be released on the proposed additions to the facilities at a later date.

The next regular meeting of the group will be on Tuesday, October 10.
