Congressman and Mrs. Omar Burleson were in Santa Anna Monday visiting friends. They are leaving soon for Washington where he will resume his post following his recent re-election.

Congressman Burleson said he is trying to visit throughout his new district which now includes some far-West Texas counties.

We again urge local children to write their letters to Santa Claus for our annual Christmas edition of the NEWS. The letters are needed by December 14 so they can be forwarded on to St. Nick at the North Pole.

Letters to Santa Claus are enjoyed by all the readers, so we encourage you to help your child write one this year.

Although winter is officially here, rattlesnakes are still roaming about the area.

Mrs. J. W. Haynes, who lives on the old Yancy place just south of town, investigated Saturday when her small dog kept barking, and found a four-foot rattlesnake in the flower bed at the front porch. Mrs. Haynes killed the reptile which was apparently taking an afternoon crawl on that warm day.

Santa Anna school students will have a long holiday for Christmas and New Year. According to the school calendar, classes will be dismissed at the end of school on Wednesday, December 20, and resume on Tuesday, January 2.

A longer-than-usual Easter holiday has been planned for local students, we've been told.

ESA SORORITY WINS PRIZES AT CHRISTMAS OPENING HERE

The Delta Omicron Chapter, Epsilon Sigma Alpha, almost made a clean sweep of the parade prizes Friday by having more entries than any other club or organization. First and second place prizes were given to the sorority chapter in the parade, and their window received the first place award in that category.

Promoting the new Mountain City Day Care Center, a small float pulled by Kim Stewardson on a mini-bike received first place. Max Eubank on horseback and dragging a large Christmas tree, received the second place prize for the ESA. Mrs. Bob Burton and her children dressed in old

fashioned clothes and promoting local shopping received the third prize. The old truck from Alderman-Cave Milling Co. in Winters was fourth place entry.

In the window decoration contest, the Self Culture Club won second place with a nativity scene.

The Friday parade attracted a large crowd in Santa Anna. After the parade Santa Claus visited with young children and members of the performing bands were served cold drinks.

Other local holiday promotion will include a treasure hunt in local stores, with tickets to be distributed starting next week.

S-Antonio School To Be Named For Former Resident

The board of trustees of the Harlandale Public Schools in San Antonio recently renamed the Kingsborough Elementary School after the late Homer W. Schulze. Mrs. Schulze was informed recently in a letter from the school superintendent.

The proposal to rename the school came from the Parent Teacher organization in honor of the former principal of the school. Many comments of praise for the former administrator regarding the great contribution Mr. Schulze made to the system and community caused the school board to unanimously adopt the new name. Mr. Schulze served at the school for seven years.

The late Mr. Schulze was a former teacher in several community schools before moving to San Antonio. He lived in Bangs for four years until his death last April.

The name of the San Antonio school will not be officially changed until the 1973-74 school year, but the official ceremony will have been planned for sometime this year.

In Our Opinion

By W. T. HAYS

IT WOULD SEEM that Jean Westwood could realize that she was elected as national party chairman by a group of "losers" and would do the "gentlemanly" thing and resign.

She was elected by McGovern forces and the general election this year gave ample proof that the McGovern people do not carry the wishes of the Democratic party.

Robert Strauss, however, is more of the typical Democrat, although he may be more conservative than some of the eastern liberals, he is a good example of the "Texas" Democrat and most Texans will support him.

The Democratic Governor's caucus voted to ask Mrs. Westwood to resign and supported Strauss in its meeting Sunday, and that would indicate that a majority of the Democrats would also want the same result if the governors are representing the thought of their people.

Sen. McGovern suggested that both Mrs. Westwood and Strauss remove themselves from the race as they represent opposite wings of the party, but it is our belief that Strauss will represent far more party members than Mrs. Westwood could ever think of. The far left has consistently been defeated when they have gained control of party machinery and ran on the party ticket for national office. The more conservative have usually won. The big exception to that was Franklin D. Roosevelt, but compared to today's liberals, he was a piker. In his day he was a liberal, but things have changed since 1932. What one would call liberal during that time is pretty conservative today.

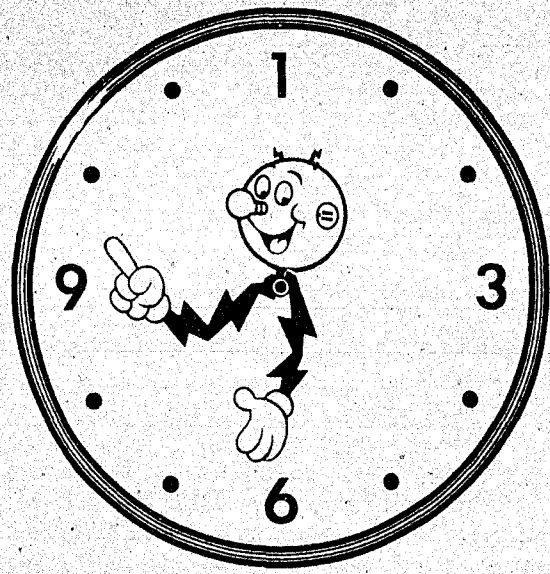

Predicting what the national Democratic committee will do is another thing however. They are not known to follow the dictates of the people too much. It will depend on their own ideology and not necessarily what the grass roots wants.

Political parties are somewhat like governments. They do not learn from experience. Our own country is a prime example of doing just what history has shown will not work.

How many countries have tread the path that we are following and found to their dismay that big government, big welfare, big taxes and catering to the radical element is the beginning of the end.

Let's hope we learn before it is too late.

Reddy Bargain Time

Every minute of every day, your electric clock indicates with visible proof, the precision and dependability of electric service.

It's dependable, because electricity operates the clock faithfully — 24 hours a day. It's precise, because our electric system operates in time with a master clock at the U.S. Naval Observatory, keeping your clock in step, down to the second.

Your clock operates a whole year on about 43 cents worth of electricity... one of the bargains you get with your electric service.

Today, the average residential customer uses nearly twice as much electricity as he did in 1962. But the average cost of a kilowatt hour is 15% less now than it was ten years ago.

Whon News

By Mrs. Tom Rutherford

A rather fast change in the weather. Saturday and Sunday were such beautiful days. Sunday night the weather took a sudden change and it has been very cold Monday. We have had a change in the wind direction, and a mist fell Monday night. We sure need moisture in Whon County.

Mr. Jim Lovelady of Santa Anna and his sister, Mrs. Myrtle Robertson from Los Angeles,

California, were Sunday dinner guests with Mr. and Mrs. Darwin Lovelady and Randel in Santa Anna. Randel spent the weekend with his parents.

We are so glad to report Mr. Floyd Morris, who was injured several weeks back, is up and out some now. Even though he uses crutches, he is thankful to be feeling well enough to be up most of the time.

Todd and Tonna Rutherford of Bangs spent Saturday with their grandparents, the Tom Rutherfords. Their parents, Mr. and Mrs. Loyd Rutherford, came for them and had supper with us.

Mr. Ed Smith of Coleman visited briefly during the week with Mr. and Mrs. Aaron Avants.

Mr. Elwayne Perkins and son Cecil Ray from Grand Prairie were on their deer lease near Indian Creek during the weekend, and also visited with Mr. and Mrs. Floyd Morris.

Mr. Fred Shields and Mr. Levi Smith of Santa Anna visited briefly with the Tom Rutherfords Sunday afternoon. Mr. Shields has made a very nice tomb stone for the grave of a brother in the Whon Cemetery, and has installed the marker.

Mr. and Mrs. J. D. Cline of Coleman visited with Mr. and Mrs. Floyd Morris Wednesday of last week.

Mr. and Mrs. Elec Cooper visited Mr. and Mrs. Darwin Lovelady briefly Saturday night.

We are so sorry to report we have heard that Mrs. Nettie Blackwell, who was with her daughter in Mississippi, has recently fallen and broken her hip and is hospitalized there. We are all trusting she will soon recover. Although Mrs. Blackwell is up in years, she has still remained very active. The report was given me by Tom's sister, Mrs. I. O. Smith of Iragu, and was told to her by a daughter-in-law, Mrs. Monroe Blackwell.

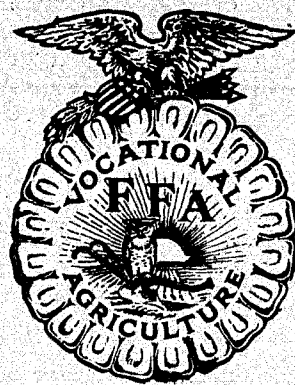

HERE FOR THANKSGIVING

Mr. and Mrs. Ed Leissnner of Houston and Mr. and Mrs. Curtis J. Faucett and sons spent Thanksgiving with Mr. and Mrs. James M. Cliett. The Faucetts remained here to spend two weeks with her parents. She is the former Molly Cliett.

VISIT UNCLE

Mr. and Mr. H. C. Daniel of Lubbock visited in Santa Anna Saturday with his uncle, C. H. Deer.

FFA NEWS

Cline Smith, Area 4 Vice President

Last Saturday, December 2, the FFA boys gave a barbecue in honor of the FHA girls. The meal was held in the school lunchroom. A dance followed the meal which was held in the new Agriculture Building.

FFA

We would like to thank these people for making the barbecue what it was: Alfred McCreary and Royce Cupps for donating the deer meat, Lane Guthrie, Tom Kingsbery, Mark Shambeck and Lee Wristen for donating the turkeys; Randy Long and Ronnie Daniel for the goat meat; Karen Riley, Wanda Daniel and Susan Newman for the beans and potato salad; and the pies and cakes brought by the FHA girls.

FFA

Special thanks goes to Thomas Wristen, Quinton Daniel, Montie Guthrie, Billy Riley and Jake McCreary for doing the barbecuing.

FFA

The barbecue was termed a great success and everyone seemed to enjoy themselves very thoroughly. This is the third year that this event has taken place. As the years progress, I hope that this becomes an annual tradition.

FFA

Preparation and plans are already underway for the Santa Anna Livestock Show. As usual the show has consisted of the exhibiting of pigs, cattle and sheep, and along with this the girls will have an opportunity to exhibit their works and wears. In the Girls division ribbons will be awarded to the top three in each class, while prize money will also be given to them.

You may wonder what the non-placing entries will receive?

Well the Santa Anna Livestock Association has decided to give every exhibitor \$1.00 for his efforts, this will keep a few people from having that "left high and dry" feeling.

FFA

To raise money for this project the Santa Anna Livestock Association is selling memberships for \$3.00 a piece. The money collected will be used as prize money which will go to the many Exhibitors. To operate the show it will take around \$500.00. So you see it is going to take a good deal of money. If you wish to join the Livestock Association, please contact any person in the FFA or FHA, or any member of the Livestock Association.

FFA

This year's officers of the Livestock Association are: Tom Newman - President, Floyd Smith - Vice President, Billy Guthrie - Secretary.

The directors are: Derral Cupps, Max Eubank, Roland Duus, Quinton Daniel, Glen Scarborough and Dub Aldridge.

FFA

This week I would like to salute Tommy McIntire. Tommy is a Senior at S. A. H.S. and this starts his 4th year in the FFA. He is the son of Mrs. Billy MacIntire of Rockwood.

Besides tending to the farm; Tommy has found time to raise hogs and exhibit them at many stock shows. He has won the Santa Anna Chapter Show, The Coleman County Show and won the Yorkshire class at the Waco Stock Show. Along with raising hogs, he has cattle, horses and grain crops to keep him thoroughly occupied.

But somewhere between these obstacles he finds time to make beautiful furniture. He has built two coffee tables, one china cabinet, and a stereo case. These works are actually beautiful. You really need to see them for yourself. So this week I would like to salute Tommy McIntire for doing such a fine job since he has been in the FFA.

FFA

Be sure to read FFA News next week, for it will have more about the Santa Anna Livestock Show and the District FFA banquet.

Mothers-in-law are like the skin and the seeds; you don't need them but they come with the tomato.

Service Appeal Begun Recently By SDA Church

Last Saturday night marked the beginning of the 68th annual World Service Appeal of the Seventh-day Adventist church in Santa Anna.

For two weeks, the local members will make door-to-door visits. These solicitors are carrying credentials issued by the church, says Pastor Sam Miller. They are donating their time as well as contributing financially themselves to the appeal.

Funds solicited in this way will extend medical, welfare, and educational services in 193 countries, including the United States. On a world-wide basis, the church last year aided more than 9 million persons, distributed more than 12 million articles of clothing, donated 10.4 million hours of volunteer time, and contributed \$5.2 million in food and cash to the church's welfare program.

The denomination operates 134 hospitals and sanitariums and 192 dispensaries and clinics, which treated more than four million persons last year. It supports a school system enrolling 392,000 students and publishes literature in 278 languages and dialects.

Disaster areas receive their share from funds gathered in this way. Large vans are equipped with food and clothing, ready to go out to great disasters on a moment's notice. The Santa Anna church has helped to keep the vans supplied.

If someone comes to your door, remember it is a worthwhile project, also the funds thus donated are deductible on your income tax report.

Open House At Day Care Center Is Sponsored by ESA Sorority

The Delta Omicron Chapter, Epsilon Sigma Alpha, sponsored an open house and gift tea Sunday afternoon for the Mountain City Day Care Center. Workers at the center and several of the children enrolled were on hand to conduct tours of the facility and tell about the operation of the new child care center.

Mrs. Joe Riley, Mrs. John Pricer, Mrs. Jake McCreary and Mrs. Felton Martin served refreshments of punch and cookies to the visitors.

Gifts for the center, including linens for the cribs, toys, trading stamps and cash donations, were displayed.

Mrs. Pam Anderson, Mrs. Pauline Dillard of Coleman and Mrs. Rodney Dean, attendants at the center, showed visitors the center which is located in the classroom portion of the Community Civic Center, the former Armory building.

The large classroom on the north side of the building has been

furnished with shelves and dividers made and painted by the high school vocational agriculture boys. Colorful curtains and area rugs, tiny tables and chairs for, handwork and play complete the room's decoration.

The other portion of the large room, divided by folding doors, contains the rest and nap area. Six baby beds and a number of cots provide a place for each child to take a nap during the afternoon.

One of the offices has been furnished for a dining area. Food is prepared at the school lunchroom and brought to the center and served to the children. A hot lunch is provided each child each day.

The day care center started less than a month ago and enrollment has grown to thirteen children to regular attendance. Other children are welcomed for "Drop in" care by the hour or the day.

The center provides economical child care for working mothers in the community or a place to leave children while parents go shopping or attend to other chores. Qualified care at a nominal cost is provided by the center.

Visitors are welcome to go by and see the facilities, and volunteers are always needed to assist with the children, especially during the noon hour.

Anyone wishing to help with the center should contact Mrs. Rodney Dean, Supervisor, or Mrs. Anderson.

About 30 people attended the open house Sunday and a number sent gifts.

ASCS News

The U. S. Department of Agriculture today announced that the incentive price of 72 cents a pound for marketings of shorn wool and a support of 80.2 cents a pound for mohair will continue unchanged in 1973 from 1972 levels.

These prices are in accordance with the National Wool Act as amended by the Agricultural Act of 1970 which requires that the support shall be at the above levels for each of the three marketing years through the end of 1973.

Pulled wool will continue to be supported at a level comparable to the incentive price for shorn wool through payments on unshown lambs.

As in past years shorn wool payments will be based on a percentage of each producer's returns from sales. The percentage will be that required to raise the national average price received by all producers from shorn wool up the announced incentive price of 72 cents a pound.

Mohair payments will be calculated in a manner similar to wool.

Payments to producers on the 1973 calendar year marketings will be made beginning in April 1974. Applications for such payments must be filed not later than January 31, 1974. Applications for such payments must be filed not later than January 31, 1974, in the Department of Agriculture's county Agricultural Stabilization and Conservation offices.

Farmers and ranchers are reminded that outstanding REAP practices must be completed this year in order to get credit under this year's program. If it is not completed, it will be cancelled and a new application made under next year's program.

The County Committee has funds to approve applications for conservation practices. Do not apply unless you can complete the practice on or before December 31, 1972.

CITY LIBRARY

The new large-print books at the City Library are proving to be very popular with local people. More of the books will be taken to Ranger Park Inn as the first group there are read by residents of the nursing home.

A number of the books, fiction, non fiction, religious and mystery, will remain on the shelves at the library.

Mrs. Edwin Hipsher, librarian, is at the library on Wednesday afternoons from 3 to 5 p. m. Returned books may be left at the City Hall office any weekday.

A review of one of the new arrivals from the Brownwood Public Library is given as follows:

"Sea Jade"

By Phyllis A. Whitney

As the carriage approached Bascomb's Point, Miranda Heath's gay spirit of adventure wavered under the combined onslaught of the raging storm and the shadowy outline of the gloomy, mysterious old house ahead. She shivered as she remembered her father's dying warning that the house was one of ill-omen.

But now Miranda was alone and without resources. Wasn't it natural that she should turn to the sea captain whose romantic, adventurous past was as much a part of her heritage as the legendary ship, the *Sea Jade*?

Miranda soon has cause to regret her impulsive visit, for she finds herself plunged into a loveless marriage with a dour, black-browed Scotsman. She will never submit yet she must remain.

Everyone in the great house at Bascomb's Point seems to seek bitter revenge against her. Tight-lipped Sybil, her husband's autocratic mother, makes terrible accusations, while Obadiah's exotic wife, the Chinese woman Lien, moves mysteriously to obstruct her at every turn. Only Fan Pryott, himself a victim of Bascomb tyranny, offers sympathy and help.

Fighting for her life and happiness, a desperate Miranda realizes that she will have to piece together the tragedy of the three sea captains if she is to solve her own nightmare. Miranda's moment of truth comes during a raging fire aboard an old whaling ship in a scene that climaxes the most spellbinding, exciting novel ever to come from the pen of that mistress of romance suspense, Phyllis A. Whitney.
