"He Profits Most Who Serves Best"

Letter From South States Position On Townsend Plan

Since the Townsend old age revolving pension plan is causing some very heated discussions and debates in Congress, members from every state in the union are being careful to make their positions clear on the question.

C. L. South, the first Congressman from the new 21st district, in a letter to the editor last week, states his position as follows:

"I am hopeful that some sane and conservative old age pension plan will be evolved and enacted into law. The Townsend plan appears to have very few followers here, mostly from California. It of course does not have and never has had a chance of passage. I am replying to my friends and constituents who write me about this proposed plan that I consider it fantastic, unsound economically, and unworkable, which it undoubtedly is."

WATER PROBLEM

Since our issue of last week, calling attention to the seriousness of our water situation, several have offered suggestive solutions, and we feel sure some effort will be made in the near future to meet the water needs of Santa Anna and community.

A note of all plausible suggestions is being made, and at the proper time they will be submitted to an engineer for consideration.

The water problem can be solved, and we find more than one way of doing it. It is interesting to discuss these different propositions, and others are invited.

WHON STORE ENTERED SUNDAY NIGHT

The Barnett Store at Whon was entered Sunday night, and between three and four hundred pennies, half a carton of tobacco, and some candy taken, according to Alonzo Barnett. An old sock was apparently used to put the pennies in, and was discarded when some of the pennies were lost through a hole in the heel.

Mr. Barnett has an idea who the culprits are but withheld their names.

Mrs. Tom Hays is spending most of her time at the bedside of her father, J. J. Andrews of the Buffalo Community. Mr. Andrews has been quite ill for several weeks.

Mr. and Mrs. Milton Perry were called to Anson last week to attend the funeral of Mr. Perry's father, who passed away at his home in Anson Thursday morning.

Stephenville To Entertain FFA

Stephenville, Texas, Feb. 13.—The second annual Tarleton vocational Future Farmer meat identification and judging contest will be held at John Tarleton Agricultural College on Saturday, February 23, at the college dining hall. Sectionalizing will begin at 9:30 o'clock.

Regularly enrolled students of vocational agriculture who are active members of their local high school chapters of the Future Farmers of America are eligible to participate in the contest. They must be passing in at least three subjects, and must never have taken part in a district, state, or interstate contest. Each chapter will be restricted to one team of three members and one alternate.

Contestants will identify each of twenty-five retail cuts of meat, chosen from 110 listed possibilities. The cuts will include beef, fresh pork, lamb, and veal, as well as several varieties of smoked and cured meats and such fancy meats as beef tongue, pork heart, and veal sweetbreads.

In addition, the contest calls for judging of five cuts for quality.

Awards will include a gold F.F.A. watch fob for each member of the high team and for the high individual; Tarleton banners for the high and second high team and for the teams represented by the high man and the second high man; pins of the degree held for the second to tenth high individuals; and certificates of merit in meat judging and identification for the high ten per cent of individuals.

COLEMAN CITIZEN SUICIDES IN HOME

Ira C. Young, 55, manager of the Coleman Oil and Gas Company, was found shot to death at his home in Coleman Wednesday morning about eleven o'clock. A shot had been fired into the temple and the weapon used, a 22 calibre automatic pistol, was found near the body.

He is survived by his wife, two sons, Charles of Mexia and Anthony of Coleman, and a little daughter, Katherine Rose of Coleman.

Funeral services were held Thursday afternoon at 2:30 at the home.

Mr. and Mrs. Grady Adams and daughter Gene spent Sunday with Mr. and Mrs. C. A. Claborn of Okra.

J. I. McWilliams of Detroit, Texas, Red River county, is stopping at Mrs. Kirkpatrick's boarding house for a few weeks while recuperating in health. Mr. McWilliams has been here several days and is improving.

San Angelo Fourth Annual Fat Stock Show March 10-13

SAN ANGELO, Feb. 18.—Two thousand dollars in purses, the country's outstanding rodeo performers, a new arena, and added features and events, will feature the Fourth Annual San Angelo Fat Stock Show and Rodeo, March 10, 11, 12, and 13, according to Culberson Deal, secretary and manager of the show.

In the rodeo events, \$2,000 will be awarded. The following events will be staged: Brahma steer riding, bronc riding, bareback riding, bulldogging, calf roping and clown acts.

West Texans have always wanted to see their local boys in competition with the country's outstanding rodeo performers. They will not have to drive three or four hundred miles this year to witness the fete as the country's outstanding performers will be contestants here. These participants have just finished the winter shows at Denver and Tucson, and will be here during the four days of the annual event. Louis Kubitz of Fort Worth and Denver show will be the arena director.

In the livestock division of the show, the cream of West Texas will be on exhibit and offered for sale. San Angelo merchants have guaranteed high prices by offering minimum bids on 21 calves and 74 fat lambs in the boys division. The Registered Hereford sale will be held Tuesday, March 12, at 10 a. m. Col. Earl Gartin will be the auctioneer. The fat stock sale of the boys Champion Baby Beef, Boys Champion Lamb, Boys Champion Pig, Baby Beefs, Fat Lamb, and Pigs, will be held Wednesday March 13, at 9 a. m.

For the first time in the history of the show, a mans sheep breeding show will be held with the entry list open to Texas breeders only. Entries in the Boys Sheep show will not be eligible for this event. Both Rambouillet and Delaine Merino sheep will be entered.

Binions Honored At Dinner

Mr. and Mrs. Emmett Day entertained last Wednesday evening with a dinner honoring Mr. and Mrs. J. M. Binion, who moved to Brownwood Saturday.

The Valentine color scheme was used in all decorations. The menu consisted of Grapefruit cocktail, creamed chicken in rampkins, beet salad, browned potatoes, green beans, baked apples, and individual cakes with "Binion" written across in red. Red Carnations were used for centerpieces.

Bridge and "42" furnished the entertainment for the evening.

Guests were Mr. and Mrs. J. C. Scarborough, Mr. and Mrs. J. R. Lock, Mr. R. K. Prescott, Mr. E. L. Womack, Mr. and Mrs. Clyde Dean, Miss Agnes Hays, Miss Pauline Naugle, Miss Mattie Ella McCreary, Miss Mary Nell McClendon, Miss Geneva Karr, Miss Eunice Wheeler, Mr. and Mrs. Charles Evans, Mr. and Mrs. J. L. Harris and daughter Rebecca Janie, Mrs. P. P. Bond and daughter Augusta, Mrs. Della Glasscock, Mrs. Marvin McAden, Mr. Grady Godwin, and the honorees, Mr. and Mrs. Binion.

Miss Elizabeth Richardson, daughter of Mr. and Mrs. M. A. Richardson of Rockwood, was among the McMurry College students to make the first semester honor roll, according to information received here this week. Miss Richardson is a freshman in the college, and is a member of the Spanish Club.

A letter from W. A. Thomas, collector of Internal Revenue, of Dallas, writes that Deputy Collector J. A. Miller will be in Coleman County March 1st and 2nd to assist anyone in filling their returns for income tax. Mr. Miller will be stationed in the Coleman Hotel at Coleman.

Mr. and Mrs. Coleman Gay and children of Austin came Friday and visited in the R. C. Gay home here. They returned to their home Sunday.

John Moore of Santa Anna visited Sunday.

Annual County Meet Dates Set

At a meeting of the Executive Committee of Coleman County Interscholastic League Saturday the dates of the annual county meet were determined, and copies of detailed program and schedule will be mailed to each school at an early date.

The entire meet will be held in Coleman on week-ends of March 16th and 22nd, playground ball and tennis the first week-end, and literary events and track and field the following week-end.

Mr. Mickey Pool of Coleman High was named to succeed Mr. J. M. Binion, Santa Anna, resigned on account of having accepted a position in Brownwood High. Mr. Binion held the Directorship of Athletics.

Miss Lula Jo Harvey, Goldsboro, was named Director of One-Act Play.

WARD SCHOOL P. T. A. HOLDS INTERESTING MEET

Tuesday night the Ward school Parent-Teacher Association fostered a social and instructive program in the auditorium and "dubbed" it "Dads Night."

The Parent-Teacher Association, an outgrowth of the Mothers Congress, permeated twenty odd years ago, has proven to be one of the most deserving and useful organizations in many communities. It is organized by interested mothers in the many communities where public schools are taught. It has for its main purpose the betterment of the school and the community, and bringing about a better understanding and cooperation between the teachers and patrons of the school, that best results may be attained.

The work in most instances, has been carried on by the good women in the community, however, they have made continuous efforts to enlist the services of the men. The men-folk, speaking as one of them, have looked upon the work as belonging to the women and they have been making good at the job so we men-folk have not been inclined to interfere.

We know the good ladies are sold on the work and would love to have their men-folk identified with them in their programs, and feel sure the work would be interesting. However, the meetings are generally held in the afternoon, and most men are needed in their places of business at that time, and cannot spare the time necessary to attend such meetings without too much sacrifice. This is not intended for sarcasm, but is an honest-to-goodness confession, and we hope it is accepted in the spirit it is intended.

Considering the ball game between Coleman and Santa Anna played in the Gym at Buffalo, and it being Family night at the Theatre, a fair crowd was present for the occasion, and a splendid program was furnished.

Emmett Day presided over the meeting. Mrs. Lee Hunter rendered a very appropriate vocal solo, with Mrs. M. A. Edwards at the piano. A short play was given, and several talks were made, the principal address being made by Rev. G. A. Morgan. Refreshments were served following the program.

LARGE EGG

We have on our desk an egg that weighs almost six ounces. It is the product of an old republican hen recently turned democrat, following the decision of the Supreme Court on the Gold case. Leonard Phillips found the giant egg in a nest in his barn, under a setting hen. Just what she thought she could hatch out of it is a question. She might have been dreaming of the elephant business.

Guests in the F. E. Combs home Sunday afternoon were Misses Maurine and Lucille Todd, and Dorothy Bates, and Glenn Reichert and Victor Horn of Miles. Miss Maurine and Mr. Horn were returning to Brownwood, where they are students in Howard Payne College.

Mr. and Mrs. LeRoy York of Valera visited in the G. B. Smith home Sunday.

Ex-Texas Rangers Select Santa Anna For Building Site

About seven years ago the Ex-Rangers Association appealed to the State for an appropriation to build a permanent home or club, where the brave old scouts who fought the Indians and other marauders out of this country at the risk of their lives, many of them sacrificing their lives and others suffering severe punishment and painful wounds in order to pave the way for civilization, might have a place where they could assemble hold their annual conventions and confabs and even live in, in event some of them were left without homes of their own, and also, a place where they could assemble their relics, and other treasured possessions permanently. The State offered to make the appropriation, provided a satisfactory site was selected, but rather preferred the City of Austin as being the logical place for the building.

The Ex-Rangers in convention decided they would rather prefer some other place, and the matter was postponed from time to time, awaiting for a satisfactory and acceptable site. Several sites were offered, but the Ex-Rangers had agreed among themselves that they would never accept a building site unless the entire membership would agree. The matter dragged along, so to speak, until 1932, when the annual meeting of the Ex-Rangers Association met in Santa Anna. It was at that convention the body did a very wise thing in naming a committee of five to select the site for the building, and if the committee agreed unanimously, it was clothed with full authority to cast the vote of the Association to that effect. Since that time several sites have been tendered, but none have been acceptable until this week when Santa Anna offered them a building site in the Texas Ranger Memorial Park, now under construction in the east part of town.

The Major George Black of Comanche, Hon. C. M. Grady of Brownwood and Capt. R. B. McClure of Brady, with a proxy from Col. Goar of Johnson City, composing the whole of the committee, except one, Uncle Bill Lewis of Menard, who recently passed on, but had expressed himself as being favorable to Santa Anna, were here, looked over the park-site, and unanimously accepted the place, and recommended to the State of Texas that the building be erected in Santa Anna.

This is indeed gratifying to those who are working on the project, and should be to all others, and we feel sure it is.

Plans are now being drawn for the building. Mr. Leo Ehlinger, Divisional Engineer for the State Highway Department, who has supervision over the landscaping and building of the park, has given the project his unqualified endorsement, and joined in helping to make the proposed project a reality.

Capt. McClure was accompanied by his daughter, Miss Marguerite, who, with Mrs. R. C. Gay and Mrs. J. R. Bannister, joined the party at the Lions Club for luncheon where Major Black made the acceptance speech.

The matter of a location for the Ex-Texas Rangers permanent home and museum has now been settled, and the next big job is procuring the capital with which to erect the building. It requires considerable time and some expense to put such projects over, but the editor has made no appeal to any one for aid. If the good merchants of Santa Anna will continue to give us sufficient support to justify a little trip occasionally we will continue the drive at our own expense, and no appeal for help will be made, however, if anyone feels that they would like to have a part in the promotion of the project, your help will be greatly appreciated.

This project, if successfully carried out, will mean a great deal to Santa Anna and Coleman county. It will be in a class to itself, and should attract the attention of people from everywhere. We hope to be able to carry the plan to a

Grange To Be Organized Here

One Mr. Gaulrupp, state organizer for the National Grange, will be in Santa Anna Tuesday night, February 26, for the purpose of organizing a chapter of the Grange in Santa Anna.

All farmers who might be interested are urged to attend. The meeting will be held in the Agriculture room of the high school building, in connection with the Ex-students of the FFA organization.

The purposes of the organization will be fully explained, and your presence will be appreciated, whether you care to become a member or not.

WHAT THE GOLD VERDICT MEANS

Washington, Feb. 18. (AP)—Here's an A-B-C-glance at what the gold decision means:

To the wrinkled dollar bills in your pocket—nothing, with a big "N." They'll buy just as much as they did yesterday, and still make 100 pennies, 20 nickels, 10 dimes and four quarters. To the \$1,000 railroad bond you may own which has a clause promising to pay in the old dollar or its equivalent in gold—again practically nothing. You can collect \$1,000 in the kind of dollars you've been using ever since the government cut—on its account books—the gold content of the dollar from 25.8 grains to 15.5-21 grains.

To the holder of a \$1,000 government bond promising to pay in gold of the old dollar which today would mean \$1,600 in the devalued dollar—once again practically nothing. The court held the government didn't have the right to break its promise to pay the bond in the gold dollar but to try and collect. The court of claims won't receive your suit so the only thing left is to accept \$1,000 in the kind of dollars you've got in your pocket now.

To the holder of gold certificates—if you've got one you hold it illegally and are subject to prosecution. If you put in your claim for an extra payment in the devalued dollar when you turned the certificates over to the government, it won't mean much.

The court held in effect that \$1,690 in devalued dollars was due for every \$1,000 in gold certificates but like the federal bonds—try and collect.

Mr. and Mrs. M. M. Moseley and little daughter of Fort Worth spent the week-end here with relatives.

Mrs. Jack Woodward is visiting in the home of her sister, Mrs. Earl Morris of Bastrop.

Successful conclusion without delay.

Mountaineers Lose to Bluecats By One Point

When the Santa Anna High Basketball met the Coleman High Gym Tuesday evening, it was extremely doubtful about which way the game would go.

The game went Coleman's way for about the first five minutes, with their scoring 11 points to none for the local team. But Santa Anna rallied and scored ten times, to lead at the half 18-17.

In the middle of the third quarter, with Santa Anna leading 24-20, Cheaney fouled out, but Santa Anna maintained the lead until the middle of the fourth quarter, when Coleman tied the score. Santa Anna received a free shot, and made the score 27-26, with two minutes left to play. Coleman made another score just before the final whistle to win the game 28-27.

See was high point man with 12 points; Burney was next with ten, and Wallace trailed with 8 points.

The starting line-up was: Wallace, center; See and Burney, forwards; Price and Cheaney, guards.

HARRIS-LEWIS

Announcement has been made of the marriage Sunday evening of Miss Bennie Mae Harris of Goldsboro and Mr. Forest Lewis of this city.

The ceremony was read at the home of Rev. and Mrs. J. A. Siceloff, West LiveOak street, with Rev. Siceloff, pastor of the First Methodist church, reading the ceremony.

Mrs. Lewis, a daughter of W. R. Harris of Goldsboro, is a graduate of the Goldsboro high school. Mr. Lewis, graduate of the Coleman high school in 1932, is a son of Mr. and Mrs. Dolph Lewis.

Mr. and Mrs. Lewis are making their home in Coleman, where Mr. Lewis is employed by the A-I Cleaners.—Coleman Democrat-Voice.

Miss Harris is well-known here, having been a student in the Sealy Hospital School of Nursing for the past two years.

Mr. and Mrs. Milton Binion moved to Brownwood Saturday, where Mr. Binion has begun his work in the Vocational Agriculture Department of the high school.

Mr. and Mrs. W. H. Ragsdale and son Vernon visited William Earl Ragsdale of Simmons University Sunday. They were accompanied to Abilene by Mrs. A. D. Donham, who visited in the home of her sister, Mrs. E. J. Merritt, and her niece, Miss Francine Merritt, who is also a Simmons student.

A Satisfaction - - Well Founded

There is a degree of a well founded satisfaction in the knowing that when you have a thing done, it is done in the right way, and by a responsible institution operated and managed by home people.

The old wash-day drudgery can be scratched off from your book of worries by letting us do your laundry work.

The most modern methods of sanitation and the use of modern machinery are some of the worthwhile things to consider when you let us do your laundry work.

Statistical Summary of Cattle Program in Coleman County

Excerpt from General Report We estimate that there were sixty thousand head of cattle and calves on farms and ranches in this county up to January 1, 1934. The total death loss from lack of feed and water from January 1, 1934 to December 31, 1934 is estimated at 250 head. Under the government cattle purchasing program we purchased a total of 15,285 head of cattle and calves classified as follows: 8,571 head of calves. Out of this number there were condemned and disposed of on the farm 7,369 head of cattle which consisted of small calves, cattle unfit for food on account of their weakened condition, and diseased cattle. The amount of the benefit payment received was \$77,411. The purchase payment was \$91,683. The number of producers participating in the program estimated 1600. The purchases made being 1,914, averaging approximately eight head of cattle from the producer. There were about 700 producers in this county who did not participate in the program, having an average of ten head per farmer or 7,000 making a total of 45,000 head of cattle left in the county.

FAVORITE RECIPES

QUICK CANDIED SWEET POTATOES: Cook sweet potatoes in the skin until soft. Pare and fry in 2 tablespoons butter. Add about 2 cups light brown sugar, cover with a tight lid. In 5 minutes the syrup is formed and it is ready to serve.

CORN SOUFFLE: Make a white sauce of 2 tablespoons butter, 2 tablespoons flour, and 1 cup milk. Add 1 cup canned corn, salt and pepper. Stir in the well beaten yolks of 2 eggs. When this mixture is thick, stir into the stiffly beaten egg whites. Put into buttered baking dish, and bake in a moderate oven until firm, about 20 minutes.

SALMON SALAD: 1 can salmon, broken in small pieces, 1 cup cracker crumbs, 1 large stock celery, 6 pickles and 6 hard boiled eggs. Cut pickles, celery and eggs in small pieces. Put all together and mix with mayonaisse.

PERFECT SALAD DRESSING: Put in double boiler 3-4 cup vinegar and 1-4 cup cold water, add a piece of butter size of an egg and let heat. In a sifter put 3 heaping tablespoons sugar, 1 teaspoon flour and 1 even teaspoon mustard. Sift several times until lumps disappear. Beat 3 eggs or yolks of six eggs until light, gradually beat into them the dry ingredients, then stir into hot vinegar mixture. Stir until it thickens like country cream. Remove from fire and beat awhile. Whipped cream adds much to this when ready to use.

GEORGE WASHINGTON

February the twenty-second is a day which should be remembered as a very important date in the history of our country. Upon that day two hundred and three years ago a great man came into the world, destined to make a name for himself and his country.

Perhaps you have all heard the story of the cherry tree and the little boy who could not tell a lie! That same little boy became the first president of the United States and was known as the father of his country. What would he have been had his father lived to give him the advantages of life? Perhaps his entire life would have been different. He became the head of his family when his father died; therefore many responsibilities were placed upon him. He was forced to seek his own education. In this way he became a great statesman—a leader of men—and he fulfilled the expectations of all who knew and loved him. He did not live a life of ease as he might have done, but he went through many hardships just as all great men do! One must be able to overcome the obstacles in life, to broaden the character. This great man was one of intelligence, which he acquired through diligent labor.

Today the remains of this great man lie in a vault at Mount Vernon. He died many years ago but he still lives in the minds of the American people. He should be remembered as an example for them to live.

Try smiling.

HERO OF THE PAST!
Who was it that set the example Of the patriot noble and true? Who was it that fought for a nation, For posterity — me and you? Loyal George Washington!

Who was it that loved justice and freedom, Honor of truth and right, And who faced the many dangers Of unworthy antagonists' might? Vallant George Washington!

Who was it that loved the serenity of peace That aversion and malice destroy? Who was it that contended for peace and goodwill, Who left us to interpret its joy? Ardent George Washington!

Seasons of history have faded Like leaves of the autumnal tree, But George Washington keeps vivid in memory, What name could more cherish-ed be! Oh, valued reminiscence!

A manifest vision of colonial days: George Washington at the head of the cavalcade, Admonishing, vigilant, dauntless, reserved, Faithful to the task that was his to perform, Glad 'twas his country he served.

Spanish Club Has Program.

Thursday, February 14th, the Spanish Club met at the extra-curricular period. Suckers and valentines were given to each member. While these were being enjoyed, a selection was read in Spanish and then translated. Miss Naugle read a story concerning a Spanish girl who had come to the United States. Everyone left the club room feeling that he had started Valentine Day right.

Mrs. Golston: Did I see you kissing that Young Oakes last night?
Lenora: Well, mother, he told me he had just lost an uncle, and I felt so sorry for him.
Mrs. Golston: If I know anything about that young man, he won't have a relative left in a week's time.

CHRISTIAN LADIES ENTERTAIN SENIORS
The seniors' mothers of the Christian Church entertained the senior class last Thursday, February 14th, with a most enjoyed valentine party in the W. O. W. Hall. As the seniors entered the hall, many comments were made about the beautiful decorations that carried out the valentine color scheme, as well as the colors of the senior class, pink and white.

Games were played throughout the evening; the one probably enjoyed the most was HEARTS. The prizes were awarded to Kathryn Wylie and Weldon Spence. Numerous other games were played, and others who won prizes were always Creamer and Scott Wallace. In drawing partners, hearts had to be fitted together that had been cut in two haphazard pieces. Refreshments of lemonade and cake cut in the shape of a heart were served.

After an evening of fun, which will be remembered as one of the main events in this class' last year of high school, the ladies were thanked for the party and their enjoyable companionship. Again the class and sponsor wish to extend thanks to the following: Mess-dames Stafford Baxter, Irl Burden, Charlie Moseley, W. H. Ragsdale, B. A. Creamer, E. H. Wylie, Sam Everett, and A. L. Haley.

Sophomore Class Has Party
The sophomore class was entertained last Thursday evening, February 14, with forty-two and bridge at the home of Lenora Golston.

Those present were Rubye Lee Price, Helen Martha Zachary, Carlene Ashmore, Marie Lovelace, Doris Spencer, J. S. Brewster, Earl Creamer, William Mitchell, Ben Parker, Jr., Jot Tucker, Jack Price, Edward Dillingham, Robert Dempsey, Otis Jenkins, Shorty Fuller, the sponsors Miss Naugle and Mr. Womack, and the hostess, Lenora Golston.

Everyone reported a very enjoyable evening.

Beth Barnes: Well, I wish nature had blessed me with it, too, dearie.

—SAHS—
J. T. Oakes: When do you think that pie in the oven will be ready, Lenora.
Lenora G: About fifteen minutes before I think to take it out.

—SAHS—
Mary Combs: Tell me, Ted, why they use knots instead of miles on the ocean?
Ted Bradford: Because, Mary, they've got to have the ocean tide.

—SAHS—
Jack Price: Even when I work at top speed, my work is piling up all the time.
Kathryn Wylie: I thought you were a football player.
Jack: I am. My work is piling up the other team.

NEW FORD V-8

The Car Without Experiments

THERE'S never any doubt about value when you buy a Ford car. You know it's all right or Henry Ford wouldn't put it out. One thing that never changes is his policy of dependable transportation at low cost.

That's the biggest feature of the New Ford. The reliability and economy of its V-8 engine have been proved on the road by upwards of 1,400,000 motorists. Owner cost records show definitely that the Ford V-8 is the most economical Ford car ever built.

FOODS TASTE BETTER

When
Cooked
Electrically

Electric Cookery brings out the flavor in foods. Only a small amount of water needs to be used to cook vegetables, as they are practically cooked in their own delicious juices. Meats shrink very little cooked electrically, as there is no excessive dry heat to rob them of juices and flavors.

The results are foods taste better and retain the vitamins because the flavors and health properties are not destroyed by excessive cooking or drowned in excessive water to be poured down the sink. Of course you can look for better health from this modern electric cookery. Before you buy your next range, . . . investigate the electric way of cooking.

Do you know that your increased use of Electric Service is billed on a *variable rate schedule* . . . and adds only a small amount to your total bill?
