O. C. Fisher Seeks Re-election As U. S. Representative

CONGRESSMAN O. C. FISHER

Representative O. C. Fisher of San Angelo, who certified his name for re-election last February, has authorized a formal announcement of his candidacy.

A staunch proponent of a balanced Federal budget, Fisher has been a Southern leader in the House in the fight against non-essential spending and for a sound fiscal policy.

We need more relief from burdensome taxes, Fisher reminds, but there can be no honest tax relief either in the form of increased exemption or reduced rates if it has to be done on borrowed money. Tax reduction simply becomes tax postponement if the amount of the relief has to be replaced by the Government borrowing that much more money, adding it to our children and grandchildren to pay.

The public debt is already \$273 billion, with 10 cents out of each tax dollar now required to just pay the interest on it.

Gained Seniority

Fisher, a native of Kimble County, served as County Attorney, State Representative and as District Attorney before his election to Congress. Opposed twice since then, the people have re-elected him overwhelmingly each time.

Now in his 12th year, the West Texan already ranks seventh from the top in order of seniority in the 22-member Texas membership in the House. Fisher was recently chosen chairman of the Texas delegation in Congress. Seniority adds influence and stature to Congressman.

He is a member of the important Armed Services Committee, having been selected to take Lyndon Johnson's place on that committee when Johnson was elected to the Senate.

Devoted to Agriculture
In Congress Fisher has devoted himself to the legitimate interests of all phases of farming, livestock and agriculture.

Last July Fisher brought six members of the House Agricultural Committee to Santa Anna.

Prophecy Speaks Announce Lectures For Next Week

The members of the Santa Anna Seventh-day Adventist Church, assisted by the Methodist Church Choir, presented a sacred concert Saturday night, May 8, at the Prophecy Speaks auditorium. The following soloists were presented, which gave a varied program of beautiful music: Mrs. Charles Henner, Mrs. Don Jefferies, Mr. and Mrs. Tilden Jones, Miss Marcella Cossey, Mr. and Mrs. Melvin Weber and Pastor and Mrs. Lyndon DeWitt.

"What and Where is Hell?" was the subject presented Sunday night. Pastor DeWitt presented 65 texts telling of the utter destruction of the wicked, and pointed out that the purpose of the plan of salvation was to rid the world of sin, and recreate a world of righteousness, and that the doctrine of an eternal burning hell, was not only out of harmony with the character of God, but contrary to the Bible teaching. He also stated that the destruction of the wicked would be complete, both of body and soul, and would be accomplished on this earth, after which the Lord would create a new heaven and earth where in dwells righteousness. DeWitt brought the example of Sodom, which was burned with eternal fire, (Jude 7) and yet was turned into ashes (2 Peter 2:6) as an example of the fires of Hell.

Tuesday night, Dr. Henner presented the subject of "Heart Disease". It was pointed out that this is the leading killer today. Interesting moving pictures from the Texas Medical Association were shown.

Taking Daniel 8:14 for the text of the lecture, DeWitt presented "The Longest Time Prophecy in the Bible" Wednesday night, May 12. It was brought out how that we can prove Christ the Messiah by mathematics. This long prophecy terminated in the year 1844, at which time the work of judgement began.

The subject to be presented for the coming week are as follows: Friday night Pastor DeWitt will continue the study on "The work of the judgement with 'What is the Sanctuary?'"

DeWitt announces that there will be only one meeting Sunday, because of the Baccalaureate Service in the high school Sunday night. The subject to be presented Sunday afternoon at 4:30 is "Who is the Anti-Christ". Tuesday evening will be another of the Health and Healing lectures, with motion pictures on "Mental Disease". Wednesday evening Pastor DeWitt announces the subject on "What's Wrong with God's Law?"

During the past few weeks, Prophecy Speaks has been searching for the oldest portion of the scriptures. The oldest Bible registered belongs to "Mother Burris" of this city, printed in 1831. This Bible was used in the lecture Sunday night, May 7, and displayed after the program. Mrs. Burris was presented a fine volume for her entry.

Elmo Eubank of Temple, visited his mother, Mrs. M. D. Eubank, on Mother's Day.

Dr. Ben H. Moore, pastor of the First Presbyterian Church, will deliver the Baccalaureate Sermon to the Senior Class in the high school auditorium Sunday night, May 16, beginning at 8:00 p. m.

It is the custom of the town that all churches dismiss their regular Sunday night services in favor of the Baccalaureate service, honoring the graduating class.

The program schedule will be found elsewhere on this page.

Local Group To Attend Galveston 3-Day Convention

Thursday morning at six o'clock five members of the Delta Omicron Sorority departed from Santa Anna to attend the 1954 state convention of the Epsilon Sigma Alpha, to be held in the Galvaz Hotel in Galveston. Members from here attending are: Mrs. Ruby Markland, Mrs. Sylvia Herring, Mrs. Jo Ann Allen, Mrs. Billie Guthrie, and Mrs. McCreary. Three traveling companions from chapters of other towns are: Patsy Self of Stephenville, Mrs. W. L. Harrison of Ozona; and Mrs. Gale (Collier) Allen of Midland, formerly of Santa Anna.

Plans call for the group to go by the San Jacinto Battleground near Houston, and to lunch on the Battleship Texas.

Delta Omicron, along with other chapters in the district, has worked since January on the campaign of Neil Starnes of Coleman, who is a candidate for State President. She is at present serving as State Vice-President.

A number of gimmicks have been donated by manufacturing firms in this area, supporting the Coleman candidate, the latest of which was from the Santa Anna Tile Co., Inc., with the inscription "Don't listen to yarns, Vote for Starnes! Use Santana Tile and win by a mile!" being inscribed on 200 blocks of various colors of tile produced by the firm.

Letters and other gimmicks have been sent to every chapter in the state, soliciting votes for Miss Starnes.

The local chapter scrapbook was carried along to be put on display. Scrapbooks from all chapters are judged and the best ones receive special prizes.

The Galveston chapter has promised three full days of fellowship and entertainment. The five Santa Anna delegates expect to return home Sunday afternoon.

Lions Club Minstrel Ticket Sales Money To Be Refunded; Minstrel Postponed

The directors of the Santa Anna Lions Club met Tuesday at noon and voted to refund the

money for ticket sales for the Lions Club Minstrel, scheduled to be held on Thursday night, May 13. All who have purchased tickets are requested to contact the person you bought them from and get your money back. Tickets are requested to be returned as soon as possible.

The Minstrel was re-scheduled to be held in the latter part of November. Cause of the postponement was illness on the part of some of the cast and the fact that the principal part of the cast had never had ample time to get together for practice. Most of the persons in the cast are on the faculty of the schools and their time at this time of the year, is all taken up in school work.

Other activities of the club Tuesday was a very interesting talk by Dr. Ben H. Moore, pastor of the Presbyterian Church. Rev. Hal Verner, new pastor of the First Baptist Church, was a guest of the club and is now transferring his membership from the Petersburg club to Santa Anna. He was appointed to have charge of the program next week.

Good Rains In County

During the past week fine rains have fallen over all of the county and a large part of Texas, covering all the state except for the far western part. Approximately 1½ inches has fallen in Santa Anna with reports indicating upwards of two inches have fallen in some areas.

The rains have been mostly slow, giving the moisture an opportunity to soak into the ground.

These rains, combined with the rains the latter part of April have improved the crop and pasture conditions in this area of the state an unestimateable amount.

Texas Cancer Crusade Time Extended For Needed Funds

Austin — The 1954 Texas Cancer Crusade of the American Cancer Society has officially been extended, Travis T. Wallace, president of the Cancer Society's Texas Division, has announced.

The Cancer Crusade is held each April to teach Texans the facts about cancer and to raise funds to advance the Cancer Society's programs for research, education and service.

In announcing the extension, Mr. Wallace pointed out that more money is needed because of increased demands for money

to advance various cancer control projects, including research.

"This year some \$5,000,000 is being devoted to research by the Society," he said. "That's more than ever before, but not enough. For the Society only had funds to grant only about two-thirds of the money requested for research grants and fellowships."

For that reason, he said, Cancer Crusades in some areas of Texas will continue into May.

Mr. Wallace urged every Texan to give as much as possible to the Crusade, and to learn the facts about cancer.

"Cancer will kill some 9,000 Texans this year," he said. "That should be reason enough for

every Texan to want to strike back."

The 1954 goal of the Texas Cancer Crusade is \$700,000.

Mrs. G. F. Bariett returned home Sunday from a visit since the previous Sunday with her son-in-law and daughter, Mr. and Mrs. Martin Lehins and Marty, in Brownwood. They brought her home while there Marty was suffering from the effects of stepping on a rusty nail, which required probing and tetanus treatment.

Mrs. Floyd Hale and Tomboy spent Mother's Day in Brownwood, with Charles Hale and family.

20th Century Club Has Mother's Day Program, Meeting

There was a very good attendance and interesting program when the 20th Century Club met in regular session on Friday afternoon, May 7, in the home of Mrs. E. K. Jones.

Mrs. Clifford Stephenson presided in the absence of the president. A Mother's Day program was given, as follows.

"A Tribute to Mother," was read by Mrs. Eva Conley. Mrs. Jones read "Memory Lane." Mrs. W. E. Vanderford read a personal tribute in verse, written by her daughter, Mrs. Robert Turner, and Mrs. Stephenson gave

the history of Mother's Day and read a tribute to Christian Mothers.

Those present answered roll call by naming their mother's and mother's-in-law maiden names and other facts about them. "Mother" Standly was presented a nice gift by the club.

Following the program, the group gathered around the piano and sang a number of appropriate songs, with Mrs. J. W. Williams playing the accompaniments.

Refreshments were served to the above mentioned and Mrs. Luete Danell, Mrs. Alfred Williams, Mrs. Arthur Talley, Mrs. Lois Henderson, Mrs. A. L. Oder and Sherry Lynn Conley.

The next meeting, a social one, will be with Mrs. Daniel, on Friday afternoon, May 21. Those desiring to may bring hand work.

The group sang "Bless Be The Tie" with Mrs. L. M. Guthrie at the piano and Mrs. Billie Joe Robinett leading the singing. Mrs. Fern Hoke read minutes of the previous meeting.

Mrs. Ross Mitchell revied "The Road to Mithynia" by Frank G. Slaughter. The book deals with the life and works of Luke, Paul, Peter, Barnabas, Mark and other early christians, and tells of their trials and triumphs.

Mrs. Mitchell is a splendid speaker. A nice missionary offering was received.

The hostesses, Mrs. J. T. Oakes and Mrs. J. W. McClellan, served a variety of cookies and tall glasses of grape punch, to 26 persons present, which included a good number of men.

Woman's Council Elects Officers

There was a good attendance and interesting meeting, when the Woman's Council of the First Christian Church met in regular session on Wednesday afternoon, May 5th.

The regular missionary lesson was brought by Mrs. Preston Bailey, with most of those attending joining in the discussion.

Officers for the coming year were elected, as follows: Mrs. Clifford Stephenson, president; Mrs. Doug Moore, vice-president; Mrs. Norval Wylie, secretary-treasurer; and Mrs. Bailey, director of study. Directors of worship and service will be elected or appointed later.

Those who have been serving in official capacity the past two years are: Mrs. A. L. Oder, president; Mrs. Bailey, vice-president and director of study; and Mrs. Stephenson has served faithfully as the Secretary-Treasurer for the past ten years.

The women are planning the entertainment of the Santa Anna Council of Church Women on Monday afternoon, May 31.

Garden Club Met With Mrs. Bartlett

On Friday, May 7, the Mountain City Garden Club met with Mrs. J. Ed Bartlett. Floral arrangements were made by Mrs. Arthur Casey, Mrs. Otis Blivins, Mrs. Sam Collier and Mrs. Arch Hull.

Mrs. Bartlett had for her subject, "The Plant Doctor."

It was voted to accept the following as members of the club: Mrs. Burgess Weaver, Mrs. Louis Zachary and Mrs. Doug Moore. Sixteen members were present.

The Grabbers

Lesson for May 16, 1954

ONCE there was a little boy who went to a party. His sister Annie was invited but she was sick and couldn't go. When the party was over the lady of the house gave each little guest a sack of chocolates. The little boy got two, one for himself and one for his sister, just alike. On the way home he stumped his toe, fell down, and when he fell one of the paper sacks broke and the chocolates spilled into the road. "Poor Annie!" he said. We are all like that little boy. There is something in each of us that wants more than half of everything. If anybody is going to take a loss, let it be some one else! One car will pass another and perhaps the driver of the car being passed (if he has no manners) will yell out of the window: "Road Hog!" As a matter of fact, isn't a road hog just a person who takes the wide share of the road you'd like to have yourself?

Dr. Foreman

Greedy and Deceit

You might think the little boy in the story would be less of a grabber when he grows up; but he may be worse by that time. You might think people could be cured of being greedy by giving everybody just exactly the same; but there would be any number of schemers figuring how to get their share increased. You might think people could be cured of the grabber habit by letting them have all they want; but that seldom works, because some of the greediest people in history have been people who had more than any of their neighbors. The Bible story of Ahab and the vineyard of Naboth is a case in point. It isn't a story of the poor stealing from the rich, it is the story of the rich stealing from the poor, which after all is a rather common occurrence. The story of Ahab also illustrates some notable facts about

this thing called Greed. One is that greed and deceit go hand in hand. Ahab told some terrific lies, and got others to do the same, all because he wanted Naboth's vineyard. When Hitler was on the rise, he made the solemn statement that all he wanted was the little area of the Sudetenland; what he really wanted was all of Europe, only it would never have suited his schemes to say so. When a poor man gets into the clutches of a loan shark, he is never told at first what the rate of interest is. When the St. Louis Post-Dispatch back in 1898 justly accused some prominent citizens of having accepted a quarter of a million dollars in bribes, of course those gentlemen denied the whole thing. Your greedy man—or for that matter the greedy corporation—all the way from the simple robber who pretends to be the night watchman, up to the monopoly that overcharges the public—never likes the light of truth on the operation.

Greedy and Murder

When a murder has been committed, almost the first question the police ask is: "Who stands to make money by this crime?" Murders are about as common in the country as in the city, in proportion to the population. What is the story back of killings in the farmlands? Very often it is some quarrel about a boundary line, about some stock, about the price of land or produce. Not all murders are for the sake of gain; but if a man is greedy enough, he will not stop at murder. Penitentiaries contain many a "lifer" who would not be there today if he had not been a greedy man.

The Prophetic Spirit

There must have been thousands of Israelite citizens who knew Ahab was a greedy murderous scoundrel. But it took the prophet Elijah to come out with the truth in plain language. Prophets are not always wild figures in hair-cloth robes. They are not always even preachers. A newspaper can have the prophetic spirit. That St. Louis paper, for instance, broke the Teapot Dome scandal; it exposed a half-million dollar "slush fund" spent by a utility company to bribe a legislature; it defeated a Democrat for governor who had tried to steal the election; and it defeated a Republican by showing that his party was tied up with those number-one Grabbers, the big-time gamblers. The spirit of Elijah is not dead; otherwise the grabbers might inherit the earth. D. C. Neal Injured In Accident Saturday

On Saturday afternoon, while planting maize with a horse-drawn planter, Mr. D. C. Neal sustained rib and chest injuries at his farm northeast of town. A wheel on the planter came off and as he was attempting to replace it, the planter fell on him. He was brought to the Santa Anna Hospital Sunday for treatment.

Members of the First Christ-

ian Church had completed plans to observe his 82nd birthday in a big way on Wednesday night, May 12, in their annex. Plans included a big supper, birthday cake, gifts and cards.

Mr. Neal is the only living charter member of the church, and has always been faithful in attendance. Gifts purchased will still be presented and those desiring to, may still send cards.

LAW LIMITS LANDOWNER TO PROTECT NEIGHBORS

Texas laws and court decisions regulate to some extent your dealings with your next door neighbor and his property. Adjoining landowners have many mutual rights and obligations, and your rights to the use of your own property may sometimes be limited by the effect of the intended use on your immediate neighbors.

Such limitations are in addition to those imposed by municipal zoning ordinances, building codes and other restrictions designed to protect the interests of an entire subdivision or city, or the public generally.

For example, say you have just bought the vacant lot next to Mr. Smith's property out on Main Street. Smith has a fine, big tree on his property but it juts over onto your lot and those overhanging branches will interfere with the plans you have for building your house.

You can't go over to Smith's lot and cut down his tree even

though the branches will make your proposed living room as dark as the catacombs at midnight. On the other hand, neither does Smith have a right to let the tree on his land extend over your property, especially when it is going to interfere with your use of that property, so you do have the right to get rid of the offending branches.

However, before you start sawing you had better consider whether the removal of the branches will damage the tree. It is still Smith's tree and you don't want to cause it to die. The best thing to do is have a talk with Smith and see if you can arrange to have the limb cut off by someone who knows how to do so without harming the tree.

Of course, a boundary tree—where the trunk is on both sides of the boundary line—can be cut only by consent of both the owners.

Another possible problem: Let's say you want to cut down the front of your lot below the level of Smith's yard. The soil is pretty loose and you are sure that when you lower the grade, Smith's yard will slide all along the cut. However, you figure that it is up to Smith to do whatever is necessary to keep his land from sliding over on yours. He can put up a retaining wall or something.

The law says you had better slow up a bit in this instance. The way things stand, Smith's yard is not currently in any danger of sliding. If you change that condition by cutting your land down, then it is your obligation

to see that it doesn't cause damage to his property. It is up to you to put up the retaining wall if one is necessary to keep the adjoining land from sliding.

Suppose you and Smith build a driveway together so you can both save the biggest possible space for lawn. You get along fine with Smith, but he later sells his house to a new owner who wants to take up part of the driveway and plant petunias there. He can probably do it if you did not have a definite, written agreement with Smith by which the subsequent owner is bound.

Probably the best way to handle such a situation would be to have a written agreement with Smith and record it with the County Clerk before the driveway is built. Anyone buying the property would thereby have notice of the agreement and be bound by it.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

CHRISTIAN SCIENCE LESSON-SERMON

That man can gain health, happiness, and immortality by relying on the spiritual facts of God and man taught by Christ Jesus will be emphasized at Christian Science services Sunday.

The Lesson-Sermon entitled "Mortals and Immortals" includ-

es the account from the Bible of how Christ Jesus restored to life the only son of the widow of Nain (Luke 7:11-16).

Explaining the basis of Christ Jesus' healing power, the following passage will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"Jesus never asked if disease were acute or chronic, and he never recommended attention to laws of health, never gave drugs, never prayed to know if God were willing that a man should live. He understood man, whose life is God, to be immortal, and knew that man has not two lives, one to be destroyed and the other to be made indestructible" (369:16).

**CHICK CHATS—
Chickens Need
Worming Early**

Some of the heaviest infections of worms in poultry occur when the birds are under three months of age. Large roundworms in particular cause heavy damage in young flocks. Birds have been found to be infected as early as 3 to 4 weeks of age.

Young birds with worms have their growth stunted. Worms cause a lowering in vitality, making the bird easy prey for such diseases as colds, bronchitis and Newcastle. Worms slow the development of an otherwise healthy flock and reduce opportunity for profit.

Management and sanitation are important in controlling worms. Special attention should be given to the range site. Birds should be placed on clean ground, preferably land that has not been used as range during the previous year. Bare land and ditches, which become puddles during wet weather should be avoided.

Older Birds

Since older birds transmit infections to younger birds, it is important to keep young and old chickens separated. Brooder house litter should be kept dry. Birds should be given plenty of sunlight and should have a well-balanced diet.

If these precautions do not prove to be enough, worms can be removed from the flock by regular treatment with drugs. Nicotine-phenothiazine concentrates are effective for removal of both large roundworms and cecal worms.

Worming should be started at about 8 weeks—the time when most flocks are allowed outdoors. A monthly treatment is recommended to keep worms controlled. Many commercial broiler growers institute worming programs on birds at 5 or 6

Early Worms

It's dangerous to think that chickens do not have worms until laying age. Worms may not be so numerous but are often the beginning of heavy infestations later on.

Rather than permit worm infections to get a foothold in your flock, consider some of the management practices that will help keep your birds free of worms. If worms are encountered, be ready to start regular worming treatment.

By checking worms before the problem becomes severe, you not only have a healthier, better growing flock of young chickens but stand to reap additional benefits when the birds go into production or are taken to market.

CHECK YOUR CAR — CHECK ACCIDENTS

Buick now outsells all other cars in its price class and above

You've probably noticed it right in your own neighborhood.

Bright new Buicks appearing here, there, everywhere. And more and more of them in recent weeks.

Know what's happening?

Folks in growing numbers — (and maybe you'll be joining them soon!) — are finding Buick styling, performance and value far too wonderful to pass up.

So Buick is selling at a record pace—outselling all other cars in its price class and above.

Matter of fact, latest figures for the first quarter of 1954 show that, in total national volume, Buick is outselling every other car in America except two of the so-called "low-price three."

A look and a ride and a peek at the price tag will be all you'll need to know what's back of this best-selling success.

There's styling in Buick that's the greatest beauty advance in years — the very look of tomorrow—and with the spectacular panoramic windshield that's part and parcel of this dream-car look.

There's performance in Buick as never before — with record-high V8 power, with the sensationally smooth

whip of Twin-Turbine Dynaflo,* with the buoyant ride of all-coil-springing, with a new precision of control and handling.

And there's value in Buick that's hard to match — with prices starting near the "low-price three" — prices that buy more Buick beauty and power and thrill and sheer automobile than smart money ever bought before.

How about you?

Are you ready, willing and waiting to be shown that this best seller called Buick is the buy of the year for you, too? Drop in this week, or give us a call, and we'll arrange a demonstration.

OLD TIMERS ATTEND CENTENNIAL AT GATESVILLE
Mr. and Mrs. F. C. Woodward took Mr. and Mrs. D. W. Grantham to Gatesville at the week end where they attended the Centennial Celebration of Gatesville and Coryell County.

Mr. and Mrs. Grantham and Mr. Woodward were born and raised there. Mr. Grantham admits he was born there 83 years ago. Mrs. Grantham is some younger, but Mr. Woodward doesn't say when he was born.

All enjoyed the festivities. They saw a pageant in which 300 or more persons participated, which depicted the history of Coryell County, from the days of the Indians until the present time.

BEN YARBOROUGH'S ATTEND FAMILY REUNION

Mr. and Mrs. Ben Yarborough returned home on Saturday from a 10-day trip to Mississippi, where they attended a Yarborough family reunion, which drew an attendance of 300.

The affair was held at McComb, Miss., on Sunday, May 2, at Percy Quin Park. All attending were the descendants of the same great grandfather. Two of his sons settled in Mississippi and most of those attending were their descendants, though some live in other states.

One son came to Texas. He was Charles Yarborough, and became the grandfather of Ben Yarborough, and other of the Texas group. The two groups had never seen each other until the big reunion, which was a most enjoyable affair.

To the late W. O. Yarborough of Corpus Christi, can be given the credit for the gathering. He had been corresponding with Mississippi relatives and they were planning the reunion. His sudden death, on April 8, prevented his attendance.

Mr. and Mrs. H. O. Yarborough of Goldthwaite, attended the reunion with the Ben Yarborough's.

Mrs. O. A. Richardson of Abilene, visited Saturday night with her parents, Mr. and Mrs. W. R. McMinn, and their son-in-law and daughter, Mr. and Mrs. Frank Short of Brady, visited with them Sunday.

D. R. Keefer, who eleven weeks ago suffered very serious injuries when run over by a car at Snyder, Texas, is now able to be up some at his home.

Mrs. Dewey Dunn and Kyle of Abilene, were week end visitors with her parents, Mr. and Mrs. Vernon Parker.

O. C. Fisher—

ture committee to West Texas on a look-see tour of the drouth area. Shortly after that the committee reported a drouth relief bill which was promptly enacted. It authorized speedy sale to drouth victims of Government-owned feed and also liberalized loans in the disaster area.

Rep. Fisher has crusaded for water and soil conservation. He has been a leading advocate of up-steam flood prevention practices, and has plugged for flood control dams on a number of rivers in this district.

"Water is too precious to be drained into the ocean," he has said. "It must be conserved. The best place to start is as near as possible to where it falls. Prudently conserved and utilized, it is the Nation's most valuable natural resource."

In his stand for a balanced budget and economy, Fisher has been critical of much of foreign aid in recent years.

"I quit voting for general economic aid two years ago," he recalls. "I supported the Marshall Plan. We were assured it would do its job by 1952. Here it is 1954 and it's still going on, though reduced. Our own people need some more economic aid in the form of tax reduction, water and soil conservation, and flood control, and many other projects and purposes."

Fisher believes that any such foreign economic aid should be selective and limited to situations where it is clearly to our own self-interest and where the recipient country is fully cooperative with us and our purposes.

Fights Subversives
Fisher has been a militant foe of communists and subversives, in and out of Government. He testified for the Government in the trial of Harold Christoffel, the Milwaukee labor leader who was convicted for lying about not being a Communist. Fisher's committee exposed scores of other subversives in key defense industries.

Crossed Party Lines
Fisher crossed party lines to

vote with the Republicans for the Tidelands bill, of which he was a joint author. The enactment of that bill will eventually mean hundreds of millions of dollars to Texas school children. He also crossed party lines last year to help cut \$12 billion from the budget requests submitted to Congress by President Truman before the latter left office in January.

Because of his independence and Texas conservatism, Fisher has been a target of certain left-wing groups. Last year he was

singled out by the Americans for Democratic Action—ADA, a liberal political group, for having what ADA termed the "least liberal" voting record at the 1953 session of Congress.

Unperturbed by such attacks, Fisher said he considered it a compliment. "I would never want to be judged by ADA standards," he commented. "They fought our Tidelands legislation bitterly; they want to abolish segregation completely; they want to remove all restraints from labor union bosses; and

they want to spend the Nation into bankruptcy. They are just too far to the left on a lot of issues to suit me."

Fisher has lived his entire life in the 21st Congressional district. Known for keeping in close touch with the people and the problems in the district, he also engages in livestock raising and farming on his place in Kimble County. A graduate of Baylor University Law School, Fisher is married, has a daughter and a two-year old grandson.
