BAPTIST MEETING CLOSES

The revival meeting which had been in progress at the Baptist church the past two weeks, closed Sunday night. There were several conversions and sixteen members were baptized Sunday evening. The meeting was a fair success, but not as great success as was hoped it would be.

Rev. R. A. Crosby is conducting a revival meeting in Gorman this week and next. Sunday Rev. Turner of Brownwood will fill his pulpit at the Methodist church.

MORTURARY

S. D. Shuler, 74, pioneer of this country died at his home south of town early Monday morning, and was buried in the City Cemetery Monday evening. Rev. T. W. Davidson preaching the funeral. The editor had never met Mr. Shuler personally, and but little data is available.

REV. H. E. BAKER

News was received in the city first of the week, relating the death of Rev. H. E. Baker, who lived in this city from some time last fall until a few weeks back when he left for Bell county to be with his children. Rev. Baker suffered a severe attack of flu last winter and never recovered.

G. H. LIGHTFOOT

G. H. Lightfoot, 78, died at the home of his son, M. L. Lightfoot, three miles north of town July 5th. Mr. Lightfoot was born in the state of Alabama August 18, 1845. Come to Texas before the war between the states, was in the ranks 13 months before the war ended. He came back to Texas after the war, and was married to Mollie Weeks of Roberson county in the year of 1871. To this union twelve children were born, eight of whom together with his wife, survive him. They are Mrs. G. H. Lightfoot, Santa Anna; Mrs. Mattie Chatman, Chilton, Texas; Mrs. Ida Cummins, Santa Anna; Mrs. Evalyn Blanton, Near Shield; M. O. Lightfoot, M. L. Lightfoot, and P. B. Lightfoot of Santa Anna; G. H. Lightfoot, Jr., Grand Junction, Colorado; and R. H. Lightfoot, Cortez, Colorado. All were present at the time of his death except the two sons who live in Colorado.

Mr. Lightfoot fell twelve years ago and received a bad cripple, and has been going on crutches every since, however, he was able to work and never ceased his labors until shortly before he died. He professed religion in early life and united with the Presbyterian church, later joining the Methodist church, and lived a consecrated life to the end.

GRANDMA HIMMENS

Mrs. Sarah (Grandma) Himmens, 81, pioneer citizen of this county, died at the home of her only daughter, Mrs. Jennie Aldridge, early Monday morning. Her remains were prepared and carried to Trickham Tuesday for burial, Rev. T. W. Davidson preaching the funeral. Mrs. Himmens came to this county over forty years ago. She was a faithful member of the Methodist church and died as she had lived. She leaves besides her relatives, a large circle of friends to mourn her death.

The out of town relatives who attended her funeral were Sam Walters and wife of Wortham, Texas, J. E. Walters and family of Cisco, Texas and Henry Gresham and family of Brownwood.

The crop averaged better than 82 bushels per acre, which we think was an extra good yield. Mr. Wallace stored his oats for a better price.

THE BUSY TEN-

DOLLAR BILL

Mr. Brown keeps a boarding house. Around his table sat his wife, Mrs. Brown; the village milliner, Mrs. Andrews; Mr. Black, the baker; Mr. Jordan, a carpenter and Mr. Hadley, a flour, feed and lumber merchant. Mr. Brown took ten dollars out of his pocket and handed it to Mrs. Brown with the remark that there was ten dollars toward the twenty dollars he had promised her.

Mrs. Brown handed the bill to Mrs. Andrews, the milliner, saying, "That pays for my new bonnet."

Mrs. Andrews in turn passed it to Mr. Jordan, remarking that it would pay for the carpenter work he had done for her.

Mr. Jordan handed it to Mr. Hadley, requesting his receipted bill for lumber.

Mr. Hadley gave the bill back to Mr. Brown, saying, "That will pay ten dollars on my board bill." to Mr. Brown, saying, "That will Mrs. Brown remarking that he had now paid her the twenty dollars he promised her. She in turn paid Mr. Black to settle her bread and pastry account. Mr. Black handed it to Mr. Hadley, asking credit for account on his flour bill.

Mr. Hadley again returned it to Mr. Brown, with the remark that it now settled the balance for that month's board.

Mr. Brown put the bill back in his pocket, observing that he had not supposed a greenback would go so far.

But, suppose Mrs. Brown had sent to mail order house for her new bonnet, then the \$10 would have gone out of town and never come back.

Mrs. Elmer Easley underwent an operation for complicated troubles at a sanitarium in Cameron, Texas, last week, where she was visiting for the summer. Elmer was called to her bedside and reports the operation a success, and his wife fast recovering. She will be able to return home in two or three weeks.

DR. E. GODBOLD ELECTED PRESIDENT OF HOWARD PAYNE COLLEGE

At a called meeting of the Board of Trustees of Howard Payne College, 10:30 Saturday morning, July 7, Dr. Edgar Godbold of Shreveport, La., was unanimously elected president of Howard Payne College, all resident members of the Board of Trustees being present in the meeting. Dr. Godbold was approached concerning the presidency of the college under the resignation of Dr. J. M. Carroll in 1915, but at that time he felt his work in Louisiana was not in such condition that he could leave without injury to the work of the Baptists in that state.

The new president of Howard Payne is 44 years of age, active and vigorous. He is friendly and agreeable, a splendid leader among men, strong in both body and mind, and a team worker of the highest order.

As a scholar he holds the degree of Master of Arts from the University of Chicago. For a number of years he was professor of Biology in Louisiana Baptist College at Pineville, La. His views of science and religion are orthodox in every respect. He is a man of prayer and deeply pious; as a religious leader he can instill a spirit of devotion in both school and community.

J. J. GREGG, Editor and Publisher

The editor returned Sunday from a ten days trip through several counties east of Coleman and was delighted to see the splendid crops. We spent a week of the time gone in a camp at Glen Rose, Texas, drinking their wonderful health giving waters and believe that we would have been benefited extremely if it had not been for the extreme heat. Glen Rose is a fine place to camp and recuperate for people living east, but dropping down there from this country the heat is so oppressive but few could stand it.

Burkett is planning a two day picnic and celebration on July 20 and 21. Great preparations are being made for a good time and a large crowd is expected.

In these modern times most of us awake in the morning and take a bath with advertised soap in an advertised bathtub, put on advertised underwear and an advertised shirt, wear an advertised suit and put on an advertised pair of shoes, wear an advertised collar and tie; then sit down to the breakfast table and

eat advertised breakfast food, drink advertised coffee, and eat advertised bacon, then put on an advertised hat, step into an advertised car and motor to town with advertised gas, using advertised oil; and park your car before an advertised store; and yet we sometimes find a fellow who will try to tell us that he

disease germs and the best of health can not be enjoyed where unsanitary conditions are permitted to exist. This town could be made one of the most healthful and attractive towns in the state if her citizens would elect to make it so. Our columns are open to any one who wishes to help us push the movement.

THE COTTON OUTLOOK

During the past ten years there has only been one year—1919—when the cotton condition on June 25 showed a drop from the condition reported on May 25. In this year the total drop in condition for the season was 21.2 per cent, while the ten-year average drop is only 16.1 per cent, and the five-year average

19.2 per cent. In other words, a low condition reported on June 25 during the last thirty years has invariably meant more than a normal drop in condition for the season. To many this situation precludes the possibility of a 13,000,000 bale crop, and those more bullishly inclined are predicting only 11,000,000.

SHORT COURSE PROGRAM

The Fourteenth Annual Session of the Farmer's Short Course at A. and M. College will be held at College Station July 23rd to July 28th inclusive. Programs for the several features have been distributed and provide many valuable numbers from which those who attend may derive much benefit.

A special rate of one and one-fifth fare has been made by all the railroads and a nominal maintenance charge has been made at A. and M. College. Meal tickets will be available at 50c each or \$1.25 for three and bed, bath and incidentals will only cost 50c per day. Parking space and camp grounds with delivery service from the vegetable and grocery stores will be available for those who desire to come in their cars and camp for the week. Automobile and wagon parties may avail themselves of the Mess Hall and Dormitory accommodations for such part of the time as they desire and on the same terms as those coming by rail.

The program in addition to its informal features will provide a well selected routine of social features and not a dull moment will be suffered.

All farmers and others interested in the agriculture of Texas are invited to attend the Short Course and bring their families. This great annual gathering has become an event rich in opportunity for farm boys and girls as well as their parents to get in touch with the foremost thought in farm business. It is an event which serves to broaden and complete the education of those who attend and no other opportunity is afforded whereby the farming people young and

old may gather so much valuable information in so short a time.

The general program provides a few addresses by speakers who what to say and how to say it. Then for the women there will be instruction and contests in Biscuit Making, Buttonhole making, and Clothing Making. For the girls there will be instruction and contests in Bread Making, Canning, and Poultry Judging as well as all phases of household arts. For the men and boys every problem of the farm will be studied. Efficient leaders are Animal husbandry for the stockman, the dairyman and the poultryman as well as the hogman.

Under the Agronomy program all the problems arising in the production of field crops will be studied as will the problems in the orchard and garden. Troubles with insects and diseases that are encountered both in crop and stock production will be studied. Efficient leaders are provided and each phase of farm life will be as well represented as could well be done in a week. Much interest always centers around the several judging and sewing and other contests and not a few young people will go away with prizes and trophies attesting their skill in some speciality.

Meeting at the same time at the College will be the several adjunct organizations which have grown up around the Short Course. Among these are "The Country Ministers and Country Editors Conference" wherein a study will be made of rural sociology and how to make the country newspaper of even greater service to the rural life of the state, "Cotton Seed Breeders Association" an organization engaged in the promotion of reliable sources of pure cotton seed of the best varieties; "The State Horticultural Society" which for 37 years has worked to develop the horticulture industry of the state; "The Texas Honey Producers Association," promoting the honey industry; The Short Course for Shippers and Carriers of Produce having for its object the elimination of waste due to rotting and other losses occurring in the producing and shipping of farm produce, and The Agricultural Writers Conference wherein the Editors and Writers of Agricultural matter for publication confer on ways and means to provide better newspaper service to the agriculture of Texas.

Presently there was a great commotion and one of the officers ran down and called to Mr. Kipling, "Your boy has crawled out on the yardarm, and if he lets go he will drown." Yes, said Mr. Kipling glad to know it was nothing serious, "but he won't let go." Let's have that said of us. Come to Sunday School.

I. W. Sanderson and family of Moine, Mills county, visited relatives here this week. Mr. Sanderson stated to the News editor that crops in his section were fine this year.

The Proof of Your Method Is the Cotton You Raise

And I raised 604 bales on 812 acres in Burke County in 1922. (This was 4% of the crop for my county, on 1% of the planted acreage.) I was enabled to do this by protecting my cotton with "Hill's Mixture," preventing the boll-weevils from getting one pound of my cotton!

You Can Raise Cotton

If you'll protect your crop with HILL'S MIXTURE—economical, efficient and, the easiest boll-weevil poison to apply, on the market today.

Hill's Mixture is a liquid poison, composed of calcium arsenate, molasses, water and secret ingredients which form a combination that we are convinced, from results obtained, attracts the boll weevil.

Six gallons will give protection to an acre of cotton. Compare this with the cost of dusting.

The molasses in Hill's Mixture acts as a binder, and a rainfall of less than a half-inch has little effect on it! It can be PUT ON ANY TIME OF THE

Unqualified Endorsement of Users!

Hill's Mixture was tried out last year by scores of farmers on thousands of acres of land, and EVERY-ONE OF THEM ARE GOING TO USE IT AGAIN IN 1923! Let me send you their letters endorsing it. The President of the American Cotton Assn. made a special trip to Burke County to investigate Hill's Mixture, and endorsed it as the best boll weevil poison on the market.

DAY, and requires no machinery for its application. Make a mop out of a stick with a rag tied on the end, and pass up and down the rows, touching the bud of each plant with the mop.

Hill's Mixture is mechanically mixed, every ingredient being put in in the exact proportion. None of the uncertainty of "mixing your own."

Hill's Mixture is sold in 50-gallon barrels. Secure prices from the agent whose name appears below.

LESSON FOR JULY 22

JOHN THE APOSTLE

LESSON TEXT—Luke 9:49-56; John 19:25-27; 1 John 4:7, 8.

GOLDEN TEXT—"God is love; and he that dwelleth in love dwelleth in God, and God in him."—1 John 4:16.

REFERENCE MATERIAL—Mark 1:16-20; John 13:21-25; Acts 4:13-20; Rev. 19.

PRIMARY TOPIC—The Disciple Whom Jesus Loved.

JUNIOR TOPIC—John, the Beloved Disciple.

INTERMEDIATE AND SENIOR TOPIC—John, the Bosom Friend of Jesus.

YOUNG PEOPLE AND ADULT TOPIC—A Character Study of John.

I. His Intolerance of Irregular Service. (Luke 9:49, 50).

John was conscientious in his intolerance of this disciple. There seems to have been no question but what the man was really casting out devils, even though he did not possess the same credentials as the twelve apostles. There seems to have been no question as to the reality of the truth which this disciple taught or the work he did. The same spirit has been manifested all through the Christian centuries. Whoever witnesses truly of Christ and does His work has God's recognition. Christ rebuked John's intolerance and declared that "he that is not against us is for us." May we everywhere show the same consideration to those who are doing the Lord's work even though they are not members of our particular church.

II. John's Righteous Indignation (Luke 9:51-56).

1. Jesus' Face Set Toward Jerusalem (vv. 51-53). He knew what was before Him. He knew the awful fate awaiting Him at Jerusalem. Even though the dark shadow of the cross hung across his path He resolutely nerved Himself for the ordeal. The cross was no accident. The supreme purpose of His coming was to save the world through His sacrificial death. This was in the plan of God from all eternity. The cross is the grand center of the Christian religion. Everyone who follows Jesus must take up his cross.

2. The Inhospitable Samaritans (v. 53). The Lord was to pass through that city on His way to Jerusalem. When the people discerned that His face was set for Jerusalem they refused hospitality to Him. This insult to the Lord so aroused the anger of John and James that they desired to call down fire from heaven to destroy the Samaritans. It was John's love for his Lord that prompted this suggestion. Christ rebuked him and corrected his spirit, but He knew that it proceeded from a heart of love. Love will brook no insult to its object. Mistaken love has done much harm in the church. The pages of history are red with the blood of heretics, to the everlasting shame of the persecutors. Persecution is not the way to deal with those who differ with us. The spirit is not only wrong, but it is futile, for the blood of the martyrs has always become the seed of the church. May Christ's rebuke to John take from our hearts the spirit of intolerance and revenge. Jesus came not to destroy men, but to save them.

III. John's Care of Christ's Mother (John 19:25-27).

1. Jesus Saw His Mother (v. 26). Perhaps His physical suffering had so dimmed His vision that He had not seen her before. But even His death agonies did not cause Him to forget her. While engaged in the redemption of the world, He displayed His tender human interest in this beautiful act. The cross is the center from which love flows.

2. John Took Mary to His Own Home (v. 27). The same John who wished to call down fire upon the inhospitable Samaritans now was engaged in the tenderest act of human affection. He was caring for the mother of his Lord. The reason Jesus entrusted her to John was that He knew his real heart of love. He knew that John's experience was such that he could enter into full sympathy with her in her great sorrow.

IV. Test of Divine Birth (1 John 4:7, 8).
John's experiences in life were such that now near the close of his life he declared that the supreme test of fellowship in the divine life is love. Love is the bond of perfection—the cord that binds all virtues into one harmonious bundle. All the fruits of the Christian life spring out of this root. God is love. All that is good and beautiful in our lives is but the very life of God flowing through us.

So With All Men.
All men think all mortal but themselves.—Young.

Religion is Necessary.
Genius, without religion, is only a lamp on the outer gate of a palace; it may serve to cast a gleam of light on those that are without, while the inhabitant is in darkness.—H. More.

Fortune of Complaint.
The usual fortune of complaint is to excite contempt more than pity.—Johnson.

Must Count on Christ.
All history is incomprehensible without Christ.—Retall.
