### Advice to

Easter Bride

### **Every West Texas Home Maker**

TO YOU WHO WILL BECOME 1938's SPRING BRIDES: You may be in a whirl of excitement over wedding plans, gifts and wishes for your happiness. Even so, we want to get our word in. Whether you're going to a small love-nest, an apartment or a mansion, whether you're going to do all your own work, or have one maid or a dozen, Electric Service is going to be a vital factor in the operation of your future home. There will be many electric appliances among your wedding gifts such as toasters, waffle irons, percolators, grills and lamps. They'll all be useful, But you still will have the problem of cookery, washing and ironing, and refrigeration. So we invite you to call on our Home Service Bureau to help solve this problem. Remember that we have special long-time terms for just such households as yours.

The modern electric range produces delicious cakes and tarts without the necessity of spending laborious hours in the kitchen.

TO BRIDES OF OTHER YEARS: The swing to Electric Cookery is definitely under way. Last year every fourth range purchased in the United States was electric. Every seventh home served by this company right here in West Texas NOW has Electric Cookery. Why? Because it's FAST, CLEAN, COOL, ECONOMICAL, EASIER, HEALTHFUL, SAFE, TIME-SAVING and MODERN. This delightful new type of cookery will meet with your approval.
