VOLUME 52 SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, SEPTEMBER 9, 1938 NUMBER 36

"He Profits Most Who Serves Best"

## SMOKE FROM THE MOUNTAIN

We want to welcome our new correspondent, Mrs. G. C. Cobb of Shield who started off right by sending us a great deal of news from her community. We are sure our readers will enjoy her column and we appreciate her cooperation.

Did any one say golf balls didn't leave their mark? Bill Griffin can tell quite a convincing story of how a golf ball socked him on the jaw and to back it up, he can show a very bad bruise on his face with the imprint of the ball still on it. But what we want to know, who was the powerful driver that did that? We'd surely hate to have him intentionally hit anyone if that's what happened accidentally.

Charlie Bruce and Margaret Schultz seemed to have about tied for winning the most laughs at the rodeo here Friday night. Charlie really jumped into those clothes and if they weren't on just right, he just didn't take time to worry about it. And everyone would have vowed that "Plinkie" had been milking wild nannies all her life.

## Methodist Revival Draws Big Crowd

Large crowds are attending the night services of the Methodist Revival now in progress at the local church under the leadership of the Rev. C. A. Wilkerson of Blanket. Rev. Wilkerson is well known here, having served the Trickham Church for four years before going to his present location.

Many from the Trickham Church have been attending the services as have those of other city churches, who dismissed services last Sunday night to cooperate with the Methodist Revival.

Morning worship hours are also being conducted each day at 10 o'clock. The meeting will probably close Sunday night.

"We invite all members of our church and other churches and all citizens of this community to attend these meetings and hear Rev. Wilkerson, who is giving us some excellent soul stirring messages," J. Frank Turner, church official stated. "Those who attend are receiving an inspiration and much food for thought."

Special music will probably be given for the closing nights. The music and special choral arrangements during the meeting have been under the direction of Mrs. Harry T. Caton of Santa Anna.

Mr. Arrant, a resident of this county since 1905, has lived in the Shield community many years and was known and loved throughout the entire county. His death was unexpected since he was ill less than an hour before his death.

Born September 13, 1887 in Leon County, he moved to Coleman County in 1905. In 1911 he united with the Shield Baptist Church, where he was a member until his death.

He was married to Miss Virgie Walker on October 4, 1913. She with five children survive.

## Fire Destroys Gilbert Barn Wednesday Night

Fire completely destroyed the barn and cow shed at the rear of the Clarence Gilbert place Wednesday night. It was thought that the hay in the barn caused combustion, starting the fire. Local firemen answered the alarm at 7:30, but inadequate fire plug connections in that part of town hindered quick control of the fire.

Winston Hall and Mrs. Claud Boone and son, Larry, will return to their home in Raymondville this week-end after visiting with their parents, Mr. and Mrs. W. A. Hall and other relatives and friends.

## Deep Well Test On Fowler Place Starts This Week

A deep well test has been started on the Butler Fowler place two miles northwest of Rockwood by the Phillips Petroleum Company who has held lease on the land for several years. The well will be drilled approximately 5,000 feet and operations began the first of the week. The rig was moved in Saturday.

Much interest in this section has been aroused by this test, because if this test is successful, new tests will probably be made in the county. Very few deep well tests have been made in the county.

## Over \$350 Given To Ranger Fund; Must Finish Drive

Over \$350 have been collected or pledged on the \$500 quota necessary for Santa Anna's part in the erection of the Ranger Museum Building, planned here as a tribute to Texas Ex-Rangers and as a community center. Proceeds from the rodeo last Friday night and the combined efforts and contributions of local citizens have increased the fund over \$200 this week.

It is imperative, however, that the remaining sum be raised this week-end in order to have the amount ready to turn over to building engineers in charge. Funds will be accepted at the Santa Anna News office.

## Girls Win Prizes In Recent Rodeo

Contestants and spectators turned out to stage a hilarious rodeo Friday night at the athletic field to aid in raising money for the Ranger Museum Fund. Although some real rodeo feats were seen, the main events of the evening were given over to fun, rather than display of skill in the arena, as Santa Anna's rodeo was the wild man milking won by Margaret Schultz, local business woman, and Charlie Bruce who won the "dressing race." Gene Hensley was arena director.

Professional calf roping was entered by several local and out of town men. Winners were Otto Pridemore, Coleman, first; Squirrel McCormick, Ba n g s, second; Charlie Bruce, Santa Anna, third.

Amateur roping winners were Walter Hill, Santa Anna, first; Harold Kinney, Coleman, second; and John W. Taylor, Santa Anna, third.

Steer riding winners were Robert Curry, Santa Anna, first; Walter Garey, Santa Anna, second; and Jack Duckery, Trickham, third.

Alice Louise Hays won the girls flag race and with that honor went a pair of silver spurs. Second place winner was Elsie Haynes and Mrs. Carroll Walker. Coleman, won third. First and second place winners were Santa Anna girls.

Miss Schultz was awarded a prize of a hand made belt buckle set for first prize in the nanny milking in which their choice of a man roper caught the goat and the ladies milked the animals, running with the evidence to a goal line.

Elsie Haynes, Santa Anna, placed second and R. E. Boardman, Santa Anna, third. The feature event was entered by men who were given a bag of clothes, which they put on, and first man across the goal line was proclaimed the winner. Charlie Bruce won this contest.

Announcer for the event was Claud Reid and Charlie Bruce and Travis Hays were judges.

Will Gay of Coleman with his horse "Magnet" put on a special feature donating his services because of his personal interest in the Ranger Museum project.

Proceeds have not as yet been definitely announced, but it is thought the rodeo will clear between \$60 and \$70.

**Final Efforts Needed To Assure Museum**

Citizens have cooperated well this week in pledging money or services to the Ranger Museum Building Fund to which Santa Anna has pledged to raise \$500. Of that amount almost \$400 has already been raised and this week-end's work tells the final tale for labor authorities and engineers must have a definite answer the first of next week. If the sum is not raised this week-end, the project will be indefinitely postponed.

With the goal so near in sight, citizens should combine their efforts to put this project over immediately. It will be a drawing card for Santa Anna in several ways if the building is secured. It will draw visitors to our town for the Ex-Rangers are romantic figures in Texas history and Texas as well as out-of-state tourists will want to see the relics here. Also the city itself will benefit by the use of the building as community center.

Bring your contributions in now. This office will accept them and turn them over to proper authorities.

## Recreation Notes

By Mrs. Reuben Fulton

Special attention has been given to the new City Park where the wading pool is situated. Croquet and football spaces are being cleared and shrubbery and flowers are being planned by the Floral Club.

In connection with the regular attendance on Weaver Park, Mrs. Reuben Fulton is planning a special program for the younger school children who get out early and have to wait for the older ones. New swings and other equipment are being purchased for this added attraction.

An All-Star football team is being organized by the Recreation Department for men who are out of school or cannot play conference ball. Parties interested in this sport are requested to contact A. L. Lewellen for particulars.

Mrs. Sealy is on the Santa Anna Recreation staff again after assisting on the Recreation activities in Burkett through the summer. Mrs. Thacker will assist in the direction of the Ward School Playground.

Junior and midget touch-and-pass football teams are being organized on all the playgrounds and teams of surrounding recreation centers.

Parents and other adults are always welcome to the playgrounds and ideas and other comments are invited to make the parks more interesting and safer for the children. Many games include this group also.
