"He Profits Most Who Serves Best"

SMOKE FROM THE MOUNTAIN

In case the paper coming out early gets some of our readers mixed up on when things happened or are going to happen, please note: The paper is still dated Friday, but you are getting it Thursday. If we say something happens "today" we mean Friday, and if you learn that something happened "yesterday" that you wanted to attend, you may still have time since "yesterday" means Thursday. All of which is more confusing than if we had not said anything, so what was the use. Just the same we hope you get to the places you want to on the right day.

It may seem queer what a little rain can do, but, besides giving the ground the moisture it needed, it certainly changed the expressions on the faces of practically everyone around here. Rains Sunday and Monday morning, although not heavy, were the most continual rains here in several weeks.

Santa Anna Plays Last Home Game

By News Sports Writer

The Santa Anna Mountaineers take the field for the last time before the home crowd Thursday night at 7:30. In this game they meet their old rivals for many seasons, the Bangs Dragons. The rivalry of these two clubs is almost as intense as that between the Mountaineers and the Bluecats.

The Bangs club has been the up and coming club of the district all season. After getting off to a slow start and dropping their first five games the Dragons seemed to pick up momentum, and their first show of power was against Rising Star whom they played to a scoreless tie. Their first adventure into the win column came against the hapless Rochelle club in a night game staged in Brady. In this game the Dragons showed plenty of power, and at the half were in command of a 19 point lead. They seemed to weaken some however in the last period and the scrapping Rochelle aggregation massed 15 points before the gun ended the contest.

The Dragons boast of a fast charging line in front of a pair of hard driving backs in Kelley and Goodby. Most of the Bangs club's power rests in these two boys whose off tackle slants and mid line plunges are terrific. They completely rolled an exceptionally strong Rochelle forward wall, and will give the Mountaineers forwards plenty of beating before the sixty minutes are tolled away.

This game is of great interest to the coaching staff for if the Mountaineers can win their next two games they will finish on top of the second division. New plays have been in order in this week's practice sessions out the Mountaineers way with special emphasis being put upon the blocking assignments and timing of plays. The Mountaineer backfield will probably have some shakeups for this week's encounter with the line being practically intact with possibly the exception of Captain Gregg who has been out of practice sessions all week on account of a shoulder injury suffered in the Brady game. L. M. (Lucy) Guthrie has been shifted from guard to tackle in order to fill the vacancy left by Gregg, and from the looks of the defensive power that he has shown in the two days of scrimmage he is going to be in the Bangs backfield most of the evening.

The spirit of the boys has been much better and more enthusiastic than in any previous week of practice, and if that spirit can just prevail, the Dragons will know that they have played a ball game at any rate. At this time it is not possible to name a probable starting lineup as Mr. Little has not yet completely decided who will play where.

Mrs. Gordon Wilson and two children, Jeanie Lee and Marjorie, who have been visiting Mr. and Mrs. J. H. Jones, are leaving at sundown this week.

"Library Week" Nov. 14-19 Here; Public Can Assist

"Library Week" has been announced for next week, Monday through Saturday, by the local library board and all clubs and organizations of the city are planning to assist in observing the week. Scheduled for this week, the observance was postponed due to election day and Armistice Day.

Mrs. A. L. Oder, president of the library board, has talked to many of the clubs or members and pointed out the four main ways in which they can assist in library work.

These four ways which the public can aid include: first, by visiting the library and noticing the improvements made in care of books, number of books, and attractive displays of reading materials; second, by donating as many good books as possible to the library. In this connection many have promised books, but have not given and this week has been set aside to remind those who have books to bring them to the library then.

Third, by using books from the rental shelf, which contains only the latest books which are well known and are being discussed in study clubs and in book reviews; fourth, by returning books to the library which have been mislaid in the homes and which belong to the many books belonging to the city library have been out for some time and these books library. Officials state that should come in as part of "Library Week" observance.

Also donations of money will be accepted during this week, since a few supplies are needed from time to time in repairing the books, in getting tape, paste, and for providing additional shelving space which is now needed.

Three visitors were present. They were Miss Katherine Gay of Rae-Echo, Miss Edna Tomlinson of Los Angeles, California, and Mrs. Elucian Niell of Santa Anna.

The group will meet again December 3 at 1:30 at the New Moore Hotel.

Famous Texans Spent Last Days In Santa Anna

By Miss Luella Chambers
A few days ago I was asked if a widow of a President of the Republic of Texas died in the hotel on the Corner Drug lot. I said "No."

Mrs. Henrietta Lamar, widow of ex-president Mirabeau B. Lamar, died at the home of Mr. and Mrs. H. A. Morse, the parents of Mrs. Allison Weaver, Mrs. Morse being a niece of Mrs. Lamar.

Mr. Morse said up to her last illness she never looked to be over forty years old and was near eighty.

We held a memorial service at the Methodist Church for her. During her illness my mother sent her one of her broiled chickens on lemon toast.

Mr. Williams, a son-in-law of General Sam Houston, died in the little corner hotel and at the request of the Williams family the physicians here held a post mortem examination in this building. This was before the invention of the X-ray which would have revealed the trouble which caused his death.

The appealing figure of the Red Cross nurse presents a plea for your annual membership in the Red Cross during the roll call, beginning Armistice Day and ending Thanksgiving Day. This is the official 1938 poster of the Red Cross, and appears in the form of a window card.

Primary discussion this year for the prayer service was on Chinese and Japanese mission work carried on by the Methodist Church.

The ladies brought a covered dish for luncheon in the church basement.

Board Votes Split In Tax Payment If Half Paid Nov. 30

Taxpayers may split their payments of school taxes again this year by authority of the board of education for Santa Anna Independent School District, after a vote taken this week. Supt. J. C. Scarborough has announced.

The ruling provides that a school taxpayer in this district may pay one-half of school taxes by November 30 and the other half will not be delinquent until July 1, 1939. However, if the first half is not paid by Nov. 30, all school taxes will be delinquent February 1, 1939.

This ruling was passed again this year for the convenience of the taxpayer.

DENMAN RESIDENCE BURNS

Fire of undetermined origin partially burned the Denman residence on the high school street Wednesday morning about 10 o'clock. Furniture from the house was saved.

A turkey egg pick-up station was assured for Santa Anna this week with at least 1000 head of turkey hens contracted by local farmers, according to reports from the Santa Anna National Bank and Griffin Hatchery where contracts are being signed.

Mr. Griffin urges all farmers who wish to join the cooperative market here to sign up not later than December 15, since contracts will not be accepted after that date.

Under the plan discussed last week by County Agent C. V. Robinson farmers sign up for not less than 20 turkey hens, of the bronze variety, and eggs will be picked up here by the Brady Cooperative Market. Only farmers joining the cooperative by December 15 can obtain the prices paid for the eggs.

Certain requirements for joining the cooperative are made and more details can be obtained at the Hatchery or the Bank.

Stockard Chosen Local Chairman of Red Cross Drive

Santa Anna's Red Cross drive will probably open Tuesday, November 15, it was decided Monday at a meeting of the roll call committee. Speaking to the group were Field Representative Robert T. Bridge of San Angelo and Coleman County Roll Call Chairman Dalton of Coleman.

Meeting with these were J. C. Scarborough, R. G. Hollingsworth, D. L. Pieratt and Mrs. Jim Bob Gregg.

Roy Stockard was unanimously elected as Santa Anna Chairman of the Roll Call this year, with J. C. Scarborough assisting him. It was hoped that the last year's average of membership can be raised this year from the low 25 percent average for Coleman County.

It was arranged for the local dairymen to place advertising on the bottles delivered to homes and the newspaper was furnished publicity material. Outlying schools and communities will be contacted by workers next week and posters and pamphlets will be left in schools.

Workers will be appointed soon by Mr. Stockard.

Broadcasts over radio stations aiding in the appeal for membership include:

- Nov. 10, Mutual Network 5:45 to 6 p. m.

Armistice Day

Friday, November 11 is the twentieth anniversary of the signing of the Armistice to end the World War and to the men who saw service overseas the day is one of joy as well as sadness in recollection of suffering seen there. To them it is celebration of a release from horrors and pain which others will never know and which war buddies do not speak of.

Something of the meaning of Armistice to our country, however, can be realized more this year than in many times in the past because only a few weeks back the war threat again hung over the world and then and only then did many American citizens realize how priceless peace was and how America should be continually raging a battle against anything, any body or any organization which could involve our country or the world in another war.

Ex-soldiers and their families, and the families of those who did not come back, will feel the significance of Armistice more than those who have only heard the story of the war but all of us can join in a celebration of thanks for the continued peace of our country throughout these twenty years and the prayer for guidance to make our hopes of the Armistice—a war to end wars—permanent.

LOCAL DRUGGIST GIVES OUT TIMELY WARNING

Many Local Citizens Neglect Cold Coughs Which Later On Prove Dangerous

A prominent druggist of our city when interviewed recently said, "The majority of the people do not realize the danger of a cough due to a cold or exposure. Such a cough is nature's warning that perhaps your resistance has been weakened by cold and your system is susceptible to dangerous complications."

He advises, at the very first sign of a cough due to a cold, to start taking Mentho-Mulsion, for only in Mentho-Mulsion can be found genuine beechwood creosote, menthol and other ingredients recommended by doctors, all combined in a base of pure California fig syrup. Follow this good advice. Mentho-Mulsion is recommended, sold and guaranteed by Spencer Pharmacy. (adv.)
