"He Profits Most Who Serves Best"

VOLUME LV.

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, SEPT. 27, 1940

NUMBER 39.

This Week in Our Town

"Their whole wheat flour is fine for cooking," remarked a lady last Sunday, referring to the Santa Anna Milling Company product. "It is lovely for rolls." And after sampling some of the rolls, we agreed with her statement. The lady is one of the city's best cooks.

Rev. Clay Morgan brought in a copy of "Santa Anna Beautiful" a folder issued by him in 1907. It is interesting reading, as it tells of a time when Santa Anna had three banks, two hotels, eight dry goods and clothing stores, four millineries and a round dozen grocery stores.

Groceries and cafes were enjoying a big rush last Saturday night, and bakery goods became almost a scarce article for a while. Stores selling bread and cafes using buns for hamburgers soon ran out and had Ragsdale on the jump delivering. A gang of cotton pickers added to the regular trade can create a shortage in short order. D. O. Lane was weying for help several times and Lee and Reggie did land office business at their cafes and "lonches."

The new sidewalk in front of The News office are much better than the old sandstone block kind we used to have. The other boys in the block enjoying a like change are equally pleased. Over in front of Wilson's Laundry other paving is proving to be more than welcome.

Secretary Claud Reid of the C of C has been an awfully busy man the past few weeks. The C of C is working on number of projects that are keeping Claud occupied.

Brother Bowman said, "Since I'm president of the Sportsmen's Club, I'll show 'em how to fish!" He did that very thing too. That blue-channel catfish he caught at the City Lake tipped the scales at 9 pounds and fourteen ounces.

P. S. No need for dropping any hints for an invitation to a fish dinner. Hes already put it away in his refrigerator for permanent storage.

There was one thing wrong with the Magnolia Service Station at last week—we overlooked the phone number, which was to have appeared at the bottom of the ad. For your information it is 71.

National Furniture Week will be observed by all the progressive dealers of the USA next week. Hosch will tell the world what he has to offer. It is also National Skating Week, when everyone is supposed to do his or her stint of skating. And, too, it is National Drug Week, when Miss Ruby, of Phillips Drug, and Herman, of Spencer Pharmacy, will have a few words to say of value to our readers. The drug week is from Oct. 4 to 14.

Of course these men are "purely business", but it was "strictly negligence" when the Lions didn't warn their wives that they would be home for Tuesday lunch. It was quite alarming when the wives, feeling so carefree, came to town to wave to their husbands on their way to the Armory and there wasn't a Lion in sight. News spread like an epidemic—and the ladies came rushing from beauty parlors, drug stores and neighbors' houses. This will be one week when the Lions will be meeting twice (almost) at the first meeting they practically howled.

Now there's Garland Close—he can plan your menus, say the exact word of flattery that makes the sky bluer and the grass greener and he even keeps in mind the songs the pre-first graders are learning.

What a clerk!
What a man!
What a politician!

Brother Smith said he wanted a clipping and Wilbur Clark said he wanted them for a friend when they asked us to give them several copies of last week's News.

GUARD TO RECRUIT TO FULL WAR STRENGTH

Rifle companies of the National Guard will be recruited to full war strength in October, reports Captain Elgean Shields of A Company, 142nd Infantry, located at Coleman. Present strength of his company will be raised from 83 to 188.

Young fellows who may reasonably expect to be drafted, or who wish to join the army, can serve their own interests better by joining now before the company is filled up, thereby getting a better shot at the non-commissioned officer appointments made on recommendation of commanding officers.

The increase in the non-commissioned personnel will be as follows: Sergeants, now 9, increased to 24; Corporals from 8 to 7. The full strength company calls for the increase in commissioned personnel by only a first lieutenant, giving the commissioned staff a captain, two first lieutenants and three second lieutenants.

Lieutenant Pat Warren, now with the company at Coleman, is promoted to Captain and assigned to the company stationed at Brownwood.

MOUNTAINEERS WHIP TIGERS TO TUNE OF 21-6

Displaying power, drive and a willingness to play real champion football Mountaineers of Santa Anna High School crushed a fighting band of May Tigers to defeat by a score of 2-0, Friday night at the local school stadium. The Mountaineers scored early in the first period and were never headed. The backfield composed of Pope, McClain, Speck and Horner gained consistently through and around the May line. The line of West, Turney, Watson, Cupps, Whitley, Box and Shelton gave little ground to the May backs and often broke through to throw them for a loss. A small crowd witnessed the contest but those present left believing that the Mountaineers of 40 will play some tangs. Last year the Mozelle support might even make a challenge for the district title. The Mountaineers open their conference Friday night against Cullen Perry's Mozelle Mustangs. Last year the Mozelle team pinned a 7-0 defeat on the local team and every man on the team has his mind made up to get revenge. Why not come out Friday night and lend your support to a gallant determined group of fighting Mountaineers. The admission for the game will be 50c to adults and 25c to high school students.

CHARLIE SOUTH OF COLEMAN PROMISING CONGRESSMAN

By George Stimpson. For one thing, he stands six feet three inches in his woolen socks and is the tallest member of the Texas delegation in Congress. Charlie South was elected to the House of Representatives in 1937. He is a native of Texas, born in western Virginia in 1896. He is a member of the conservative Old Dominion. After looking around in California for a few weeks, the family retraced its steps more than half way across the continent and settled in Illinois. But the Sucker State wasn't quite what the Souths were looking for. So two years later they started west again, this time settling down to raising cotton and general farming near Baird in Callahan county. There young Charlie learned all about cotton, wool, high freight rates, bitterweed, screw worms, cattle grass hoppers — and politics. Charlie started on his own as a school teacher. After attending country schools and Simmons university at Abilene, he taught school and studied law of the state in Coleman County, just south of Callahan. After

teaching four years, in 1920 he was elected county superintendent of schools, in which capacity he served four years. You probably guessed the next step — he was elected county judge. Taking advantage of his favorable situation, Charlie studied law in a private office and obtained a license to hang out a shingle on his own. He had been district attorney four years when the new twenty-first congressional district was created and he decided to throw his hat in the ring for the job of congressman. Although only 48, he has been in public office of one kind or other for 20 consecutive years. Public service has not dulled his keen interest in the agricultural problems of the people from which he sprang. He has a stock farm and takes considerable pride in his herd of Herefords. Today he is one of the most promising members of congress. Lincloesque in his simplicity, studious in habit, gentle in manner, whimsical in his humor, careful in analysis of public questions, fair in debate, faithful to his duties, above reproach in his private life — Charlie South is beginning to be noticed in Washington as a coming man. — THE HOUSTON POST, September 8, 1940.

SLEEPING ON SURPLUSES More than 1,158,870 farm families in the nation, 191,990 of them in Texas, have been selected by county agricultural conservation committees as eligible to receive surplus cotton and ticking to make a mattress for home use. Nearly 306,000 low-income families in the country and 64,832 in Texas already have completed their mattresses, according to Mildred Horton, vice director and state home demonstration agent of the A. and M. College

Extension Service. Under the cotton mattress demonstration program begun in March this year, the Surplus Marketing Administration allotted 100,000 bales of surplus cotton to low income families on a basis of 50 pounds plus ticking to each family. County extension agents have directed the program with the help of local volunteer helpers, and the mattresses are made at community work centers. Texas has 2,200 such centers. Nearly 500 counties in 17 states are now at work under the mattress program with 500 other counties getting their organization under way. Texas has 226 counties participating in the program, with 140 making mattresses currently, Miss Horton reports.

Demonstration work centers have been set up in more than 12,000 communities, and more than 58,000 farm men and women and older boys and girls have accepted responsibilities in getting the program under way in their communities. Volunteer leaders in Texas aggregate 25,047 with 17,053 of them women and 7,994 of them men. Reports from the various states submitted to the Department of Agriculture indicate that as a result of these demonstrations there are many people who are encouraged to go home and make or renovate other mattresses.

Modern Electric Service Is CHEAP in West Texas WE CAN THANK OUR LUCKY STARS . . . and stripes. Electric service is another good example. Electric service brings us light, music, refrigeration, easy washing, cool ironing, good coffee . . . for only a few cents a day. Not only does electric service give us more of the good things of life but it brings them to us at a steadily lowered cost. Because of your increased demand for electricity, and our economical operation, electric rates during the past twelve or fifteen years have been cut about in half. And you can automatically reduce the average rate you pay still further; the more electricity you use each month, the lower your average rate will be. The employees of your electric company are proud to be members of an industry that has always been among the leaders in giving the public more and better service for its money. And we are grateful to you for your help in making our efforts succeed. INVITE A VISITOR TO WEST TEXAS "The Land of Opportunity" West Texas Utilities Company

Santa Fe Santa Fe's 80th Birthday Santa Fe was born September 17, 1860, in a tiny, one-story building in Atchison, Kansas. There thirteen men met to "The Atchison and Topeka Railroad Company," with Cyrus Holliday, founder of Topeka, Kansas, as its first President. Beginnings Colonization continued westward into those states and into Texas and Oklahoma. Santa Fe, New Mexico, was reached in 1880; San Diego, California, in 1885; Galveston, Texas, in 1886, and Chicago in 1897. Thousands of tourists followed the early settlers. The Santa Fe became the outlet for the innumerable products of a vast Southwestern area. Today, with 41,000 employees and 13,414 miles of track, the Santa Fe directly serves Illinois, Iowa, Missouri, Kansas, Oklahoma, Texas, New Mexico, Colorado, Arizona and California. The Santa Fe and the Southwest Down through the years the Santa Fe has endeavored to develop Cyrus Holliday's dream — a great pioneer's dream of that swift, sure transportation without which no frontier, no matter how rich, can hope to fulfill its destiny. In that effort we have marched shoulder to shoulder with the people of the Southwest, in good times and bad, in friendship and understanding. Today, we of the Santa Fe pledge a continuation of the service ideals of its founders.

WHY NOT BEAT MOZELLE?

The Mountaineers got off to a good start by winning their first two games. Tonight, when they get back into their own conference, what will they do? Mozelle has won from Santa Anna for the past two years, however it was by a very small margin. Logically the Mustangs are the underdogs this year. Their spirit could possibly turn the tables, though.

All right Mountaineers! Why not keep in the winning streak? The backfield is experienced and heavy. The line is fairly heavy and experienced, with the exception of one or two men. The Mountaineers play a rather good defensive game, but seem weak, at times, on offense. But school spirit will win the game.

We want to see a real football game! We will see a real one if the student body cooperates with the eleven men on the field by showing just how much school spirit they have! For the attitude of the team depends upon their supporters. Let's make this a great football year for Santa Anna High School. To start with - why not beat Mozelle?

SENIOR CLASS HAS PICNIC

At last the Seniors have gone on that long expected picnic! And what a wonderful time they did have. If you don't believe it just ask Adrian Speck.

The class met at the Brownwood Skating Rink at about two-thirty and skated until five o'clock. They went to Brownwood Dam where lemonade, sandwiches and potato chips were served to the sponsor, Mr. McDonald, Mrs. McDonald, Tom Bill Guthrie, Rebecca Harris, G. T. England, Kathryn Williamson, Adrian Speck, Emma Kate Parsons, John Sidney West, LaVerne Bissett, Mary Jo Gregg, Mary Burney, Thomas Hays, Tom Robin, Edwin Hunter, Ruth Lovelady, Wilburn Box, Mary Field Mathews, Carolyn Kingsberry, Edith Bingham, Cecil Thomas, Rachael Parker, Bill McGahey and Mary Burney.

JUNIORS HAVE CLASS MEET

The Junior Class met Thursday at club period and elected Emma Kate Parsons and LaVerne Martin as their candidates for the F. F. A. Sweetheart Contest. The class also elected Lorene Featherstone as assistant editor of the Mountaineer. It was decided to contribute money to buy a gift for Mary Frances Talley, a member of our class, who is ill. Tavy Marie Stacy, Divie Ann West, and Patricia Turney were appointed by the president to select class colors motto and flower.

PEP SQUAD NEWS

The pep leaders, Ophelia Stovall, Marie Newman, and LaDell Loudamy, who were elected last May, are doing an excellent job of directing the thirty-five members of the Pep Squad. The new uniforms, gold military blouses and black skirts, are very attractive and colorful. Girls, the Pep Squad needs you - you need the Pep Squad. Why not join now?

FRESHMAN NEWS

The Freshman class has selected purple and white for its class colors and the larkspur as its flower.

A committee was appointed to select a song and motto for the class.

SANTA ANNA SCORES OVER MAY 21-6

The Santa Anna Mountaineers played their second non-conference game, Friday night on the local gridiron. They scored over the May Tigers.

The starting line up was as follows: L. E. Shelton; L. T. Cupps; L. G. Watson; C. West; R. G. Turney; R. T. Whitely; R. E. Box; Full, Pope; R. H. Speck; L. H. Horner; Q. McClain. The substitutes were, and Hartman for Watson at L. Douglas for Turney at R. G. G.

The May Tigers kicked off to the Mountaineers and the Mountaineers only lost possession of the ball one time before Speck carried the ball on a left end run for the score. Pope drove over center for extra point. Santa Anna kicked to May and after battling back and forth for the remainder of the first and most of the second quarter the Mountaineers drove through the right side of the line with Speck carrying the ball, again crossing the line for the score. Pope again drove through the center for the extra point. For the remainder of the second quarter, both teams failed to score. At the half the score was 14-0 in Santa Anna's favor.

The Tigers came back at the half with fire in their eyes. They started a drive that took them to our 35 yard line. The Tigers threw a pass over the head of our half and scored. Their try for extra point was blocked.

May kicked to the Mountaineers who did not stop but twice in reaching the goal line. McClain carried the ball over right guard for the score. He also went through guard for extra point.

The highlights of the game were Speck's runs for scores and Turney's pass interception.

Tom Robin, president of the organization, presented Dorothy Ross with an ivory radio as a gift from the band. Dorothy is now drum-major of Daniel Baker Band at Brownwood.

"Had you the car out last night Floyd?"

"Yes, dad, I took some of boys for a run."

"Well, tell the boys I found one of their little lace handkerchiefs."

Ruth as hospital guide: "All the patients in this ward were struck by automobiles."

Willburn visiting: "Look's like a bumper crop."

Mr. Pettit: "How's the team coming?"

Coach McDonald: "Like counterfeit money, the halves full of lead and the quarters can't pass."

"Richard," asked Mrs. Williamson, "How many make a million?"

"Not many," answered Richard quickly.
