"He Profits Most Who Serves Best"

VOLUME LV.

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, SEPT. 13, 1940

NUMBER 37.

Heart o' Texas News Briefs

Leon Morgan, who helps, out J. M. Morgan at the second hand store next door to The News office, showed us some candle sticks and molds a hundred years old Monday. They also have an assortment of hat pins of many styles, sizes and shapes. An oddity is a skirt pleater that was a real labor-making device in those days. By the time the skirt was pleated the user was all worn out. Among other oddities is an assortment of rifle and pistol bullets.

Miss Lee Neil was the guest of the local Lions' Club Tuesday and expressed her appreciation to the Club for making it possible for her to go to the hospital several weeks ago for a foot correction. The Lions have been instrumental in bringing happiness to a number of our people each year. This year several school children were fitted with eye-glasses.

Tonight the first game of the season for the Santa Anna team will be played on the hi school football field with the Rockwood team competing. Last year the Rockwood team walked away but this season the locals have more weight and will endeavor to retrieve the winners' crown from the Rockwood aggregation and it will be a big help if you and Jimmy and Billy and Sally, Paw and Maw and the neighbor family came out to root for the home team.

SOUTH PUSHES BILL TO REQUIRE FIBER CONTENT LABEL

In 1934, when Chas. L. South announced that he favored a truth-in-fabric bill, a good many people did not know what the bill proposed to do, or to what extent such legislation was needed. Mr. South pointed out then, and has continued to urge, that a wool products labeling act is just as necessary as pure food legislation to protect consumers from misrepresentation, and that wool producers are entitled to protection against cheap and inferior competing fibers.

Speaking in the House of Representatives in support of the bill, Mr. South stated in part: "Certain manufacturers have for a long time been palming off on the consuming public of this country inferior fibers and representing them as being pure wool. For every two pounds of pure, unused wool in use today there is one pound of shoddy or used wool, and Mr. Webster defines the term 'shoddy' as being an imitation or an inferior article or person. I think that is a good description of shoddy as applied to woolen goods.

"There is a certain amount of cotton and a certain amount of rayon that goes into the so-called woolen goods, but I want to impress upon those who have not had an opportunity to study this bill that it does not prevent the use of every fiber that can be used under the law today... but it does say to the manufacturer, in the interest of honest merchandising, 'You shall tell the public on a label attached to that piece of merchandise its fiber content.'

"I believe it will increase the use of cotton slightly, because, as I have said, a purchaser would rather buy the new cotton at the same price than old rags. In January, 1939, there were more 1,000,000 pounds of rags imported. What are we doing with them? These rags are being torn apart and made into fibers and sold to the American consumer as woolen goods, and often a price is charged that ought to be charged for new wool, and I believe the purchaser, if he knows what he is buying, will demand new fiber rather than the old rags or shoddy."

Bills providing for the truthful labeling of fabrics have been before Congress almost continuously for the past 25 years. Wool labeling bills have been passed twice by the Senate, and on one or two occasions reported by House committees. However, the measure had never been debated in the House until last week, when it was passed by an overwhelming majority.

Club Scot reports next week.

Services of Water Facilities Staff Now Available

The services of the Water Facilities staff located at Coleman are now available to farmers and landowners in the Central Colorado Soil Conservation District which includes all of Coleman and part of Callahan, Taylor and Runnels Counties, B. B. Fowler, Chairman, Board of Supervisors, announced today.

This program is available to farmers and landowners who need technical aid in developing small water systems, such as stock ponds, wells, springs, water spreading dykes, and the construction and installation of windmills, overhead storage tanks, stock troughs and small irrigation systems. Trained personnel of the Soil Conservation Service will assist the Co-operators in installing a complete soil and water conservation program which includes terracing, Strip cropping, contour cultivation, crop rotation, contour furrowing, and controlled grazing, as part of the program.

Application for this program may be made to the Supervisor in your portion of the District, S. W. Cooper, Secretary, Board of Supervisors, County Agent or vocational agriculture teacher. The Board of Supervisors of the District are: B. B. Fowler, Chairman, Shields; Sam DeBusk, Burkett; M. A. Patterson, Lawn; A. E. Young, Baird; and Andy Broyles, Talpa.

Offices have been established in the Agriculture Building, Coleman, with Marvin Hays, formerly in the Abilene Area Office and a personnel of five assistants in charge. The services of this staff are available without cost to the landowners.

SANTA FE SENDS PUBLICITY ON U. S. MEAT PRODUCTION

In recognition of the American meat industry and its years of service to the nation, an attractive little booklet "Meat for America's Millions," has recently been published by the Santa Fe railway.

With more than 1,200 packing plants in the United States, meat production now approaches three billion dollars annually, according to the booklet. To supply these plants are engaged a majority of the nation's farms and half its farmlands. Their products are the largest source of farm income with the sale of cattle hogs, and sheep accounting for 24 cents out of every farm dollar.

The booklet traces the rise of meat packing from a humble beginning to its present position as one of the nation's leading industries. Also described in a brief history of meat from the time of Adam, the various steps necessary to bring meat from farm to table, the part played by railroads in the transportation of meat and a chapter on its many uses in a well-rounded diet.

The booklet is profusely illustrated and contains an introduction by Edward J. Engel, president of the Santa Fe System Lines.

COTTON YIELD IN THIS AREA ESTIMATED 45 PER CENT UP

The estimated cotton yield this fall in 32 Central West Texas counties is 45 percent greater than that of 1939.

This year's crop is estimated at 461,000 bales compared with 270,482 bales ginned last year.

Growing conditions in these counties are unusually good, according to the report made last week. There is only light insect infestations and cotton is still blooming, indicating a real "top" crop is not out of the question.

The highest estimated yield is for Jones county with the figure there being placed at 60,000 bales. In second place is Fisher county with 40,000 bales.

The greatest increase over 1939 is in Throckmorton and Young counties where the yield is expected to be almost 10 times greater than last fall.

Last year's production for Coleman county was 11,967 and the estimated 1940 crop is 19,000.

Former Santa Annan Now With the U. S. Army

William Tabor Alford, son of Mr. and Mrs. T. D. Alford, and grandson of Mr. and Mrs. W. L. Alford of Santa Anna, has enlisted in the U. S. Army, as a mortician in the Hospital Corps and is stationed at Denver for training in the mortician school of the Fitzsimmons General Hospital.

Young Alford, a graduate of the Wayland Baptist College at Plainview, has had two years of practical mortuary experience. He enlisted at Pampa first of this month.

Social Security Has Paid Out Three Billion Dollars

The government's social security program, five years old this week, has distributed \$3,000,000,000 of the nation's aged and unemployed workers, and to widows, orphans and the blind.

The social security board drew up a statistical picture of its operations to show that some 50,000,000 workers had been enrolled in the program.

Its "insurance" benefits for the aged and unemployed are financed by payroll taxes, while direct grants from federal and state treasuries sustain the public assistance features for the young, the old and the helpless in need.

At the top of the program is the old age and survivors insurance system which pays out monthly benefits to workers who retire at 65, and to their wives, widows and orphans. Up to June 30, this system had paid \$38,000,000 to 102,941 persons.

Unemployment compensation, which gives insured workers a moderate weekly sum during a limited number of weeks of joblessness, is reported to have distributed more than \$1,000,000,000.

To find jobs for the insured idle, the social security system has taken over the employment service. It is being credited with filling 5,000,000 jobs during 1939 and the first six months of 1940.

The public assistance phases of the program, distinct from the old age and jobless insurance systems, are operated through joint federal-state machinery to provide, on a basis of need, financial care for the aged unable to qualify for insurance benefits, for the needy blind, and for dependent children.

The public assistance operation, officials reported, aids some 3,000,000 persons every month, among them 1,983,990 aged, 807,000 children and 48,000 blind. The expenditure for this part of the system has totaled about \$1,900,000,000.

For the future, the social security board wants to amend the law to protect the insurance benefits accumulated by persons who may be drafted for military service, and to establish a system of variable grants enabling poorer states to make adequate contributions to the needy under the public assistance program.

COLEMAN HAS INDUSTRIES AIRPORT AS OBJECTIVES

Establishment of a federally approved airport at Coleman and plans for making an industrial survey of the city of Coleman were discussed by the Chamber of Commerce of that city last week.

The aviation committee was instructed to investigate feasibility of establishing a federally approved airport. If found feasible, the chamber of commerce would begin work immediately on an application to the federal government for its approval.

HIGHWAY BIDS SUBMITTED

Among projects submitted for bids last week by the state highway department was Coleman and Brown counties, U. S. 67 and 84, drainage structures, flexible base and asphaltic concrete pavement from Santa Anna to 1 mile east of Brown county line. Regular federal aid project.

Bids are to be in by Sept. 25.

Coleman Co. News Briefs

Coleman high school is negotiating to purchase 36 new uniforms for the band, announces J. E. King band master. The proposed uniforms will be colorful, with full dress design and shakos.

Illness of Leon Ranson, county supervisor, caused an indefinite postponement of a meeting of the Farm Security Administration scheduled for this week. Taking the advice of his physician, Mr. Ranson is on sick leave of three weeks and is in Ruidosa, N. M. Upon his return to the city, Mr. Ranson will reset the date and announce it through the press.

Edgar Pauley, 67, veteran Coleman County ranchman, who lived four miles northwest of Valera, died Thursday of last week. Survivors include two sons, Earl of McCamey and Firman who lived with his father.

Plans for the Coleman Community Gin Co-op, are progressing nicely with plans for its construction, probably just west of the Coleman Cotton Oil Mill.

In order to resume her research work at the University of Texas, Mrs. Charles T. Cobb has resigned as supervisor at the Coleman NYA girls' part-time residence project. Mrs. Jack Miller who is homemaking teacher at the project, is in charge until another supervisor is employed, it was announced.

Presidential approval has been given a WPA project to construct a school for the Centennial High School district, according to information received by R. R. Nixon, Valera, member of the board of trustees, from Cong. Chas. L. South and Senator Tom Connally. WPA would spend \$48,612 on the project and the school board would spend approximately \$28,000 on it.

MORE EXTENSIONS BEING MADE BY ELECTRIC CO-OP

Section C-2 of the Coleman County Rural Electric Co-operative, Inc., which includes 8 miles of extensions over the entire area of the organization will be completed about September 15 or 20 and will serve additional 160 electric customers in this area.

In the meantime Section D, which would include between 175 and 200 miles of extensions over the entire area, is in Washington for approval. These improvements would serve about 400 new electric customers, according to S. H. Hale, electric co-op superintendent.

TAX-PAYING TIME ALMOST HERE; PAYABLE OCTOBER 1

Just 21 more business days until time to pay those State and County taxes again.

Persons will be permitted to pay their 1940 taxes at the office of County Tax Assessor-Collector H. M. Brown, beginning Oct. 1.

If a person plans to make half payments they may do so up until November 30 but if you want to pay your taxes in a "lump sum" you have until January 31, 1941, to do so.

Those persons who take advantage of the split-payment plan have until June 30, 1941, to pay the second half of their taxes.

WPA RECREATION NEWS

A new lot for football is to be obtained. The Santa Anna Recreation football team won their first game of the season, played with Coleman, with a score of 19 to 22.

Mrs. Cleo Biggs is in charge of the handcrafts, at the WPA building, Mondays and Fridays from 2 P. M. to 6 P. M. Free guitar lessons on Wednesdays at 4:30.

Free art classes are held at the Art Studio with Mrs. L. Abernathy in charge.

Football practice will be held at Wading Pool Park every Tuesday and Thursday afternoon from four to six o'clock.

Local Sportsmen's Club Making Good Membership Gains

The secretary of the Santa Anna Sportsmen's Club reports the following new additions to the club roster: V. L. Grady, A. E. Gilbert, J. K. Swaggerty, E. L. Woods, Wilbur Clark, James A. Dunlap, S. A. Boardman, Hiway Cafe, Dr. R. R. Lovelady, Dr. E. D. McDonald, The Santa Anna Beauty Shop, Herman Spencer, Homer Hudgins and Neal Oakes.

At the last meeting a new contest was worked out, which will be submitted to all sportsmen who are interested on application to the secretary.

War Time Minerals Found in Quantity In West Texas

Discovery of undetermined quantity of war-time minerals in a serpentine mass stretching across Blanco and Gillespie counties was reported by University of Texas geologists recently.

Dr. E. P. Sellards, director of the University's Bureau of Economic Geology, said deposits of chromium, magnetite and nickel, which might assume major importance should sources elsewhere be shut off from the United States were lodged in crystallized rock.

Investigations conducted by the university at one place in Gillespie County showed a content of almost 50 per cent of chromium oxide, used in the preparation of a special type of hard steel.

Insufficient chromite is in sight here to warrant prospecting during normal times," Dr. V. E. Barnes, bureau geologist in charge of the survey reported.

However, chromite has a tendency to be aggregated in masses which might not be exposed at the surface, and if chromite were to become unavailable from other sources, it would be advisable to conduct a drilling campaign to locate any masses that might be present," he said.

The Blanco and Gillespie survey is part of a geological index being compiled by the university bureau of the state's 254 counties, 24 of which have now been mapped. Dr. Sellards stated.

He advised immediate prospecting of the nickel deposit since most of this country's supply is at present imported. The magnetite is deposited in the form of an oxide from which iron ore could be extracted, he said.

FIREMEN GOING TO CHURCH SUNDAY

Local firemen and their wives and sweethearts will attend services at Presbyterian Church Sunday morning at 11 o'clock.

The pastor and his people extend a hearty welcome.

These firemen are good friends of this pastor and he likes every one of them.

NEW DRY GOODS STORES TO OPEN UP HERE SATURDAY

D. A. Webb Dry Goods Store is scheduled to open its doors to the public tomorrow morning, with B. L. Webb in charge. The new store will handle a full line of dry goods, hats, boots, shoes, clothing, notions, etc., and will give the public as far as possible lines and brands not being handled here at present. The new firm is located in the T. M. Hayes building next door to Ed Purdy's place of business.

Mr. Webb comes to Santa Anna well recommended. An old friend of the Purdy's, Mr. Webb has had years of experience in merchandising. The addition of a new establishment increases the ability of the town to serve its territory.

COTTON PICKERS SERVICE

Farmers should register their names with the secretary if they need cotton pickers. Several of the transient pickers have been through seeking work and it is reported farmers can't get pickers as fast as they are needed.

Santa Anna's Two Schools Open; 500 Enrolled

The Santa Anna Schools began work September 2, with an enrollment of about 500 in both schools. The Ward School enrolled 265 while the High School enrolled 235. There are 58 freshmen, 55 sophomores, 54 juniors and 66 seniors. Two have registered as post graduates.

Three courses have been added for the first time to the curriculum of the high school, and each seems to be very popular. The subjects added are: Junior Business Training for the 8th grade, speech for the 10th and 11th grades and Texas History also for the 10th and 11th grades.

We will have the first football game of the season on the local athletic field with Rockwood, Friday night, Sept. 13th. Admission charges for adults will be 35 cents, high school pupils 15 cents and grade school pupils 10 cents. Our boys seem to be taking much interest in the game, and will appreciate the continued backing of our football fans.

FSA LOWERS FARM LOAN LIMIT TO \$1300.00 MARK

Farms bought by Texas Tenants with Farm Security Administration loans will be limited in value to as low as \$1,300 in some counties this year, instead of running to \$4,000 and \$5,000 as during the previous three years of operation.

Ledn Ranson SA's supervisor for Coleman County made known today that the amendment to the Bankhead-Jones Farm Tenant Act, passed recently under sponsorship of Congressman Turner of Georgia, will force a drastic revision in size of farms purchased, due to the provision that "no loan shall be made to purchase a farm of greater value than the average farm unit of thirty acres or more in the county."

Under this restriction, 436 farms would have been barred out of 992 bought in Texas during the previous three years of the program, East Texas will be principally affected. Under the new provision, East Texas farms will be limited to \$1,300 in some counties, with the most liberal price in any East Texas county approximately \$4,000. In West Texas, the regulation will permit purchases of \$6,000 to \$10,000, while in Central, North and South Texas the limits will be between \$4,000 and \$8,000.

FSA has designated 153 Texas counties in which 758 loans were to have been made this year for a total of \$4,808,757.

"It may be impossible for us to approve loans in certain counties originally designated because the limit on size of farms prevents the working out of a sound plan of operation," Sanction said. "So far there have been practically no delinquencies, and we hope that under the new restriction the same sort of record will be maintained and the government's investment safeguarded."

He said that it will be necessary for the counties in which the smaller limits are placed to show that farms to be purchased will permit repayment of the loan out of the crops and livestock which they produce. Loans are made for 100 per cent of the farm value, run for 40 years with interest at three per cent.

While increasing the management difficulties of FSA, and calling for more careful planning, the new restriction will make it possible to convert a larger number of tenants into owners, and to spread the available funds more widely, Ranson commented. "If we develop a plan of management under which the smaller farms will pay themselves out, it will be a long step in solving the problem which is setting so many farmers adrift as migratory laborers," he said. "Spread of mechanized farming, with absorption of small farms into large ones, is fast breaking, up the family size system, displacing the farm operators."

The FSA in cooperation with the State Land Use Planning

This Week in Our Town

A "tightening up" of Brady city traffic regulations was announced this week by City Marshal Joe C. Fryck. Especially will the clamps be put down on ignoring stop signals, both down-town lights and the rubber stop signs at other intersections.

The Brown county rush for marriage licenses is definitely on. In the first 4 1/2 week-days since the start of September, 13 marriage licenses have been issued by the county clerk's office. Only 28 were issued for all of August.

Revealing that a Federal housing project is in prospect for families coming to Brownwood, the Chamber of Commerce of that city strongly urged property owners against unwarranted increases in rentals, warning that to unjustifiably hike rentals might mean the loss of the army camp after one year.

Winds of near cyclonic proportions caused considerable damage to crops, trees, stacked feeds and some buildings in several sections of McCulloch county last Thursday afternoon.

WORK IS RUSHED ON LEASE OF CAMPSITE BY TEXAS NATIONAL GUARD

A lease on the 2,000-acre campsite to be used by the Texas National Guard at Brownwood was being rushed to completion last weekend as the U. S. Army indicated full speed ahead on the camp project.

As soon as leases on the campsite are complete actual work will start after surveys, plans and drawings are completed. Preliminary plans of the war department provide that the first step shall be housing the men in tents, to expedite mobilization. The second step will be building platforms to make the tents more comfortable in winter. The third step will be building cantonment facilities, possibly two-story barracks, and permanent fixtures.

These plans are subject to change. After exemptions and eliminations go into effect in the National Guard, the first contingent to arrive at Brownwood for training will consist of around 9,000 men. This number will possibly be built up with Regular Army or selective draft men to 18,000 or possibly 20,000 men.

TEXAS PREPARES TO RECEIVE REFUGEES

Hundreds of offers to provide homes for the little war refugees have been received. Mrs. Violet Greenhill, director of the child welfare division of the Texas state board of control said. Plans arranged by the national committees in no way conflict with the Texas child laws, according to Mrs. Greenhill.

Careful plans have been made in Texas quickly to receive British refugee children if they are evacuated from England in large numbers. So far no children have been received from the incoming refugee ships. Several children have been placed in Texas by their parents, usually with relatives.

Information committees have been set up in Austin, Fort Worth, Houston, Galveston, Corpus Christi and El Paso. A check for \$63 will be required when affidavits guaranteeing the reception, care, transportation and keep of the child from port of entry are executed. Fifty dollars goes to a fund to be deposited with the U. S. committee to guarantee the government that the child will not become a public charge. The other \$13 is for visa charge, head tax and credit investigation.

A total check of \$138 will obviate the necessity of the guarantee for expense of the child from port of entry to its new home.

Committee is encouraging county contests known as "Bigger Acres Contests," to stimulate interest in farming small units to better advantage.

Editorial

AS THE NATION'S ARMAMENT program swells into year after year, the biggest question facing us is "Where are we going to get the money?" Close to \$15,000,000,000 has been voted for national defense purposes. That is the waste of the vasty expanding army, navy and air forces must be maintained, requiring about \$7,000,000,000 a year. So far our Congress has sidestepped the financing problem. It has just extended the \$45,000,000,000 national debt limit by authorizing a step providing no permanent solution whatever. New taxing measures will produce about \$1,000,000,000 a year in new revenue. An excess profits tax is being considered. It will be about \$200,000,000 a year. All this is but a drop in the bucket. And here is the worst of it if you took every bit of profit made in the country less and less as the national expense in 1938 - \$16,000,000,000 - would become greater and greater. To finance the operation of government, take care of the national program, the national requirements, or we can

is this: that the power generated at the government's dams be used in factories for the manufacturing of defense weapons and military supplies. The government - the people - have to maintain these dams for the benefit of a few favored sections anyhow, and since the people have to foot the bills, let them solve the problem at Bonnevill, where the efforts of the socialists have not been successful in persuading the people to go into debt for a private distributing system when they already have a superabundance of power at low cost without going into debt. Matters have come to such a pass there that it was recently proposed that the RFC finance municipal systems to "buy socialism" in the Bonnevill area with money that belongs to the people of all the country. Some officials became quite peeved because municipalities voted to keep private service, getting their "juice" just as cheap and not having to go in debt. So munitions factories can locate near the dams and use a large share of publicly bought and paid for juice (offered to favored areas at bargain rates), then the taxpayers would get some return on the hundreds of millions of dollars sunk in gov-

ernment owned dams to run the private taxpaying businesses out of business. This would prevent destruction of the highly-taxed private industry, so sorely needed to furnish government tax revenue today - and without establishing a socialistic precedent that threatens democracy.

SOME CHANGES ARE NEEDED in relief rulings if the relief load is to become a permanent profession. Men on relief are justifiably afraid to take any job offered them in private enterprise for fear it will play out and they will be unable to get back on the rolls before they starve. So a huge army of potential labor is retained on the political boondoggling and do-nothing jobs instead of being aided to get jobs and earn wages. And the farmers needing labor can't get a cotton picker in the midst of a hundred doing nothing. Rules should be changed so the unemployed reliefer can take the odd jobs and not be kicked off the rolls for taking a

ANOTHER DRY HOLE?

In the constant search for new oil reserves in Texas, even the dry holes benefit the communities in which they are drilled.

They mean employment and wages for Texas labor, lease money for Texas farmers and ranchers and many other expenditures which benefit all lines of business.

2,300 dry holes were drilled in Texas last year at a cost of nearly 60 million dollars.

Since oil was discovered in Texas, 52,000 dry holes have been drilled in all sections of the State at an expense of more than one billion dollars.

This billion dollar research has already resulted in the discovery in Texas of over half of all the known petroleum reserves of the Nation. The creation of this wealth will benefit Texas citizens for generations to come.

Whether the oil man wins or loses, the community always gains.

AN ORDINANCE FIXING AND PRESCRIBING UNIFORM RATES AND CHARGES FOR ALL PERSONS, FIRMS AND CORPORATIONS FURNISHING AND DISTRIBUTING NATURAL GAS IN THE CITY OF SANTA ANNA, AMENDING THE FRANCHISES AND AMENDMENTS THEREOF OF ALL FIRMS, PERSONS AND CORPORATIONS NOW FURNISHING AND DISTRIBUTING NATURAL GAS IN THE CITY OF SANTA ANNA, REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT HEREWITH.

BE IT ORDAINED BY THE COMMISSION OF THE CITY OF SANTA ANNA:

Section 1. That from and after the adoption of this ordinance the rates and charges for the supply and distribution of natural gas for domestic and commercial purposes in the City of Santa Anna shall be fixed, regulated and determined as follows to-wit:

(1) \$1.00 minimum charge per month, or monthly billing period, for each connected consumer. This sum shall cover the cost of the first 2,000 cubic feet of gas, or part thereof, used by such consumer in any month or monthly period, but such charge shall be paid whether gas is used or not used.

(2) Fifty cents per thousand cubic feet for the first 10,000 cubic feet, or part thereof, used by any one consumer in any one month or monthly billing period.

(3) Forty-five cents per thousand cubic feet for the next 10,000 cubic feet, or part thereof, used by any one consumer in any one month or monthly billing period.

(4) Twenty-five cents per thousand cubic feet for the next 30,000 cubic feet, or part thereof, used by any one consumer in any one month or monthly billing period.

(5) All over 50,000 cubic feet subject to contract.

(6) A penalty of ten (10%) per cent may be added to the amount of each consumer's bill when such bill is not paid within ten days from the date of the monthly billing.

Section 2. That from and after the adoption of this ordinance the rates and charges for the supply and distribution of natural gas for industrial purposes, requiring in excess of 50,000 cubic feet per month or monthly billing period, in the City of Santa Anna, may be determined by contract between gas utilities and consumers of gas for industrial purposes in the City of Santa Anna.

Section 3. This ordinance shall supercede all ordinances or parts of ordinances heretofore passed and adopted, in so far as the same affect the rates and charges for furnishing natural gas service within the City of Santa Anna, and all ordinances, or parts of ordinances in conflict with the rates for supply and distribution of natural gas as herein fixed and determined are hereby repealed.

Section 4. Any person, firm or corporation, furnishing and distributing natural gas in the City of Santa Anna, who shall violate any of the provisions of this ordinance by charging or collecting for sale and distribution of natural gas to any consumer within the City of Santa Anna at any rate greater than, or less than, herein specified, or who shall in any way fail to comply with the provisions of this ordinance fixing and determining rates for the distribution and service of natural gas in the City of Santa Anna, in addition to any other penalties provided by ordinance of the City of Santa Anna, shall thereby render subject to forfeiture the franchise of any such person, firm, or corporation.

Section 5. Any person, firm or corporation, engaged in the business of furnishing and distributing natural gas within the limits of the City of Santa Anna, who shall charge or collect for such service at any rate greater or less than that fixed and determined by franchise and amendments thereto, of any such person, firm, or corporation, or who shall in any way violate the provisions of the franchise and amendments thereto of such person, firm, or corporation, fixing and determining the rates and charges which such person, firm or corporation, might charge for the supply and distribution of natural gas within the limits of the City of Santa Anna, shall be deemed guilty of a misdemeanor, and upon conviction shall be fined in any sum not less than Five (\$5.00) Dollars, nor more than One Hundred (\$100.00) Dollars, and each act of violation as herein defined shall constitute a separate offense.

Section 6. The rules and regulations requiring ordinances to be referred to a committee, and the postponement of the final vote thereon until the next regular meeting, is hereby suspended by a unanimous vote of all present, and this ordinance shall be in full force and effect from and after its passage.

Passed and approved this 5th day of September, 1940.
Geo. M. Johnson, Mayor of Santa Anna, Texas.

ATTEST:
Jettie Kirkpatrick, City Clerk.

Rockwood News

Woman's Society of Christian Service Organized

The Rockwood Methodist Missionary Society met Monday afternoon at the church for the purpose of reorganizing the society into the Woman's Society of Christian Service.

District secretary, Mrs. J. F. Face in a very impressive ceremony enrolled 13 members of the new organization as charter members.

Mrs. Joan Hunter served iced watermelon to 18 members and 4 visitors.

Amos Caldwell, who has been spending the summer at Rockwood left Monday for Texas City, Texas, where he will teach public school music and play the organ in the First Baptist Church there. He will continue special music work in Houston.

Leedy News

By Dorothy McClure

Messrs Jack and Tom Kingsberry returned with their mother to Bryan Sunday after a visit of several weeks with friends and relatives here.

Raymond Rouse and Miss Inez Wallace were united in marriage Saturday afternoon.

Visitors in the W. J. McClure home Sunday were, Mr. and Mrs. Noble Carpenter of Line, Mr. and Mrs. J. L. Upchurch of Elliott and Boots McClure and Bertha.

J. E. McClure visited Sunday with Mr. and Mrs. G. R. Mc-

Clure of Shield
Mr. Moon of Floydada visited Sunday with the F. B. Hill family.

The lunch room is progressing nicely. We would appreciate any contributions anyone wishes to make.

School News

SEVENTH GRADE NEWS

We are all glad school has started and we are in the seventh grade.

Our seventh grade officers have been selected for the year as follows: Betty Pritchard, president; Doris Henderson, secretary-treasurer; Millie Ruth Wilson and Mary Jo Harris, reporters.

The seventh grade has decided to have a citizenship club this year. We have not elected the committees yet. Each pupil will serve two weeks. No one will serve twice until all have served.

Church Societies

Christian Church Woman's Council

The Woman's Council of the Christian Church will have their regular meeting, Monday afternoon at 3:30 at the church. At this time Mrs. C. F. Freeman will review First Samuel, this having been postponed from the first Monday because of our revival meeting, then in progress.

Mrs. Freeman is a diligent student of the Word and we are sure she will make this review most interesting. All our women are urged to be present and visitors are always welcome.

The Gladhand Class

There were fifteen present in our class Sunday morning. Mrs. Johnson taught the lesson in the absence of Mrs. Eeds and made a good talk and brought out many good points.

We have had several visitors in the past few weeks, who are as follows: Miss Elizabeth Gibbs of Breckenridge, Miss Sammie Lee Stewardson of Fort Stockton and Mrs. Robert Smith of McCamey.

CARD OF THANKS

We wish to thank all those who in so many ways contributed to our needs and comforted us in our bereavement during the illness, death and burial of our loved one, Jim Bob Gregg.

Words cannot express our feeling of gratitude for the many kindnesses and words of sympathy extended us. Thank you for all the beautiful flowers.

May God's richest blessings be your yours.
Mrs. Jim Bob Gregg
Mr. and Mrs. J. J. Gregg and Family
Mr. and Mrs. Fred L. Sloop.

WASHINGTON SNAPSHOTS

The pattern of Hitler's projected world revolution steadily becomes more clear. It is apparent to anyone that this is not a war in the traditional sense, in which Germany, if she wins, will be satisfied with reparations and colonies and economic power. What the

Nazis obviously intend—despite their occasional protestations to the contrary—is the complete and final destruction of the British Empire, which for hundreds of years has held the balance of power in Europe and a large part of the rest of the world. And following that, if the Fuehrer's astoundingly frank Mein Kampf is to be believed, the rest of the democracies will receive similar treatment. Nowadays, the only democracies left save England, are the American republics. And of the American republics, only the United States possesses sufficient wealth, resources and potential armed strength to be a serious obstacle to the aims of National Socialism.

Men who were once close to Hitler have been describing what he plans if and when England falls, and the glittering Empire on which the sun never sets crumbles away. They say Hitler has no intention of launching an immediate military attack on the United States and the New World. If he did that, he would be courting disaster—the tactical obstacles in the way are gigantic, no matter how great his military and naval power. And Hitler, and his high-ranking advisors seem to feel that the U. S. can be conquered simply and easily. First planned step, according to reports, is to court U. S. good will, by offering us favorable economic agreements. This is designed to lessen our suspicion, and to create public opposition to spending more billions for national defense. At the same time, the Nazis, as quietly as possible, will carry on their economic penetration into Latin America. Next technique will be undercover work to create dissension in this country—to set group against group, race against race, class against class, and thus to make genuine national unity impossible. Nazi propaganda chief Goebbels and Nazi philosopher Rosenberg, judging by their speeches and writings, seem to believe that this can be done with little trouble. They have said time and again that the U. S. is ripe for revolution, and only a competent directing hand is needed to bring it about when the time comes.

Finally, if it becomes necessary, Hitler's great armed forces will attack us, depending largely upon internal unrest and disunity to make the job of his soldiers and sailors and airmen comparatively easy.

This may sound fantastic, but it seems to be the Nazi plan, and Hitler realizes that if he is to achieve a world revolution unprecedented in history, he must have allies. It must be admitted that he has so far been extremely successful in getting them. It was said for years that National Socialism would come a cropper when it ran into its old arch foe, communism. But today German-Russian relations are apparently of the best, and Soviet spokesmen have been denouncing the U. S. and England and praising the Reich. Italy was a World War ally—today she is Hitler's partner, and Fascist authorities have been extremely outspoken concerning Axis plans for dismembering Britain and giving the U. S. a dose of harsh economic medicine. Last, Japan—also a World War ally—seems to

have gone Axis-ward whole hog. The new government is pro-Fascist, and 100 per cent anti-democratic. English rights in the Far East are being ruthlessly abrogated, and Britain had to swallow a humiliating pill lately when she agreed to Japanese demands to close the Burma road, main source of supplies for beleaguered China. And Japanese-U. S. relations have rarely been in a worse state.

According to Nipponese authorities, Japan will pursue her "Asia for Asiatics" policy—a policy which is about as cruel and imperialistic as any in history—whether we like it or not. U. S. protests will not be seriously considered.

And say the Japanese sword-wavers, the Land of the Rising Sun will go to war with us if necessary. So far as Europe is concerned, Japan is solidly in favor of German-Italian plans and actions.

American naval authorities have lately said that our navy could destroy the Japanese in a few weeks of open warfare.

SOCIETY - CLUBS

Social Notes

COLLEGE STUDENTS HONORED

Friday evening, Mrs. Ford Barnes entertained on the lawn of the First Baptist Church, in honor of the girls and boys of the Young People's department of the Baptist Sunday School, who will soon be leaving for college.

Various stunts and games centered around school life were enjoyed by those present. At the close of the evening, ice-cream and cake were served to the following: June Kirkpatrick, Bettie Reed, Alice Jane Lovelady, Willyne Ragsdale, Ina Niell, Talmadge Turner, Jake Barnes, John Bob Sparkman and Paige Mayes.

Others who are going away but could not be present are Dorothy Sumner, Anelle Shield, Arabelle Ragsdale and Buddy Lovelady.

GARDEN CLUB HOLDS FIRST MEETING OF YEAR

Mountain City Garden Club held its first meeting of the season, following the summer vacation, Friday afternoon of last week, with Mrs. J. R. Gipson as hostess.

Officers of the organization, as elected in the spring are as follows: Mrs. Frank Crum, president; Mrs. Sam Collins, vice president; Mrs. A. R. Brown, secretary-treasurer.

The organization meets the first Friday in each month.

The program Friday afternoon included a talk, "The Good September Garden Days," by Mrs. A. R. Brown and "Fruits From Garden and Woods," by Mrs. Jack Woodward.

The next meeting will be held October 4th, with Mrs. Clinton Lowe as hostess.

SELF CULTURE CLUB TO HOLD INITIAL MEETING

Santa Anna Self Culture Club will have its first meeting of the year, in the form of a morning coffee at the home of Mrs. J. R. Panister, Friday, Sept. 13, at 9 o'clock.

MYSTIC WEAVER CLUB

Members of the Mystic Weavers Club were named guests when Miss Mamie Turner entertained last Friday afternoon at the home of Mrs. Arthur Turner.

Marigolds and crepe myrtle formed attractive floral decorations for the entertaining rooms where guests enjoyed their crocheting and other needlework.

Refreshments of molded lime fruit, solid wafers, pin wheel cookies and iced tea were served.

Enjoying this hospitality were Mesdames: Mabel Priddy, Lewis Ebo, T. J. McCannan, Sam Presley, L. O. Garrett, Harry T. Caton, Morris Mvrick, Lovell Richardson, C. A. Crump, Arthur Turner, Jesse Howard, Arlie Welch, R. L. Gilmore, Chester Hamilton, and Mark Davis.

Personals

Mr. and Mrs. Fred L. Sloop and daughter, Mrs. Elizabeth Gregg left for Bryan Monday.

Ralph Sullivan and wife from Maryland are visiting in the Sumner Turner home and with Mrs. McElroy.

Elsie Lee Harper returned from Eldorado Sunday where she had been visiting her brother and family.

Mrs. Loyd Burris left for Big Spring Tuesday for a week's visit with her sister.

Mr. and Mrs. J. W. Riley and baby visited relatives in San Angelo Sunday.

Mrs. Katherine McCloud and son of McAllister, Okla., are visiting Mr. and Mrs. Sumner Turner and Mrs. McElroy.

Elizabeth Morris, daughter of Mr. and Mrs. J. C. Morris left for Wichita Falls, last weekend, where she will enter the Junior Hospital for training.

Shirley Jeffreys left for Denton Wednesday of this week, where she will enroll as a freshman in T. S. C. W.

We have good Flour and Meal to exchange for either milling corn or wheat, Santa Anna Milling Company.

Mr. and Mrs. Jack Gregg and John Gregg left for Tucumcari, New Mexico, Sunday, where both Jack and John have work.

Mrs. T. M. Hays Sr. left for Fort Worth Tuesday to visit her daughter, Mrs. Hubert Crane.

Alice Jane Lovelady left Monday for Georgetown, where she will enter Southwestern University.

Misses Willyne and Arabel Ragsdale left today for Denton, Texas where Arabel is enrolled as a sophomore and Willyne as a freshman at T. S. C. W.

Mary Lela Woodward left Wednesday for Lubbock where she will attend Texas Tech.

Miss Althea Ragsdale will leave this weekend for Flagstaff, Arizona, where she is librarian in the teacher's college.

O. L. Chaney Jr. and Vernon Oaks left today for Lubbock where they will enroll in Texas Technical College.

Misses Betty Ruth Blue, Wilma Jeanette Mills and Betty Sue Turner will leave tomorrow for Alpine, Texas, where they will enroll as freshmen in Sul Ross College.

H. D. C. News

Shields H. D. Club News

12 members of the Shields Home Demonstration Club and one visitor enjoyed a social hour at the home of Mrs. A. B. Carroll, Thursday afternoon, September 5.

After a series of games the hostess served a delightful refreshment plate.

The next regular meeting of the club will be held with Mrs. George Coff, September 19.

A miscellaneous shower of things needed for the lunch room were given by members of the P. T. A.

Our regular meeting will be the third Friday afternoon of each month.

Church Notices

METHODIST CHURCH

In the absence of the pastor, who is engaged in a meeting in Brooksmith, the Sunday services will be in charge of the Rev. Clay P. Morgan.

At the morning hour Mr. Morgan will preach on "The Supreme Mission of the Church," and at the evening hour the subject will be "In Christ's Service."

All members and friends of the Church are urgently invited to attend both of these services and the ladies of the church are particularly urged to be present at the evening service, which begins promptly at eight o'clock, at which time Mr. Morgan will install the officers of the newly formed Woman's Society of Christian Service.

CHURCH OF CHRIST

Brother Ollie Cantwell of Elanket will preach at the Church of Christ, Sunday, Sept. 15th at 10:30 a. m.

Come and hear him.

Deaths

JIM BOB GREGG

Funeral services were held at the Methodist Church, Friday morning, September 6 at 10 o'clock for Jim Bob Gregg, age 24, who passed away at his home here Wednesday, September 4 at 6:30 a. m.

James Robert Gregg was born September 29, 1915, at Rising Star, Texas, and moved to Santa Anna with his parents 19 years ago. He was converted and joined the First Baptist Church here in 1926. He attended the Santa Anna public schools, from which he graduated in 1934.

For several years he was em-

ployed in the office of the Santa Anna News where he became an experienced printer. In the spring of 1936 he went to Bryan, where he was employed by the Williams Printing Company.

On October 23, 1936, at Taylor, Texas, he was married to Miss Elizabeth Sloop of Bryan, and returned to Santa Anna where they made their home. They leased the Santa Anna News from his father, J. J. Gregg, and published the paper during the years 1937 and 1938. He then purchased a job printing shop in Ranger where he established a weekly newspaper. While living in Ranger he and his wife joined the Methodist Church, of which he was a member at the time of his death. He sold the establishment in Ranger last April and worked with a crew of feature writers in West Texas until the latter part of June when he returned to Santa Anna due to illness.

On July 9 he entered the Scott and White Hospital at Temple for treatment of a malignant brain tumor. An operation was performed but the tumor could not be removed. He had recovered sufficiently to be returned to his home on August 4.

His condition had improved enough the last two or three weeks to permit him to visit in town and with his friends at short intervals, which was much pleasure to him. He became seriously ill late Tuesday and passed away early the next morning.

Jim Bob was well-known and liked in Santa Anna and took an active interest in civic affairs. He was a former member of the Santa Anna and Ranger Lions Clubs, the Santa Anna Volunteer Fire Department, and had served two years as banker of the local Camp W. O. W. Insurance Society.

Services were in charge of Rev. A. C. Rowman, pastor of

the Methodist Church, with the funeral oration read by Rev. B. R. Smith, pastor of the First Baptist Church. They were assisted by Rev. M. L. Womack of the U. S. A. Presbyterian Church.

He is survived by his widow, his parents, Mr. and Mrs. J. J. Gregg of Santa Anna; three brothers, Jack and John of Tucumcari, N. M., and Burton, recently of North Hollywood, California, and four sisters, Mrs. Loyd R. Simmons of Ziegler, Ill., Mrs. J. B. Jones of Ingleside, and Misses Frances and Mary Jo of Santa Anna. Mrs. Simmons was unable to attend the funeral.

Pall bearers were four members of the graduating class of 1934, John David Harper, John Hensley, Brownlee Hunter and Newman Upton and Mayor Geo. M. Johnson and Roy Richardson.

The flower ladies were Mrs. Bill Lowrey, Mrs. Martel Eubank, Mrs. Dick Baugh and Miss Nell Bell, who were his classmates, and Mrs. Lamar Woods, Mrs. Jim Daniels and Mrs. Curtis Collins.

Honorary pall bearers were Herman Spencer, Dr. J. P. Board, Dr. E. D. McDonald, Curtis Collins, Jim Daniels, Claude Reid, Roy Reid, Sam Collier, Rex Golston, Jodie Mathews, W. R. Mulroy, F. C. Woodward, E. R. Purdy, Joe Spencer, W. A. Hall, W. L. Mills, Homer Hudgins, W. R. Kelley, J. L. Boggus, R. A. Jeffreys, Neal Oakes, Everett Kirkpatrick, A. D. Donham,

and Hardy Blue; R. G. Hollingsworth, and Wilbur Clarke of Coleman, Dr. R. A. Ellis of Brownwood, M. A. Richardson of Rockwood, H. T. Schooley, Francis McHenry, Dr. P. I. Kuykendall, J. B. Houghton and Brand Garner of Ranger.

Interment was made in the Santa Anna Cemetery with Hesch Funeral Directors in charge of arrangements.

Among the out-of-town relatives and friends attending the services were, Mr. and Mrs. T. H. Owens and son, Tom, Jr., of Dalals, S. J. White and R. A. Horton of Rising Star; Mr. and Mrs. Fred L. Sloop and N. R. Smith of Bryan; Dr. R. E. Ellis, John Gorman, Mrs. John Ripley and Miss Ruby Fletcher of Brownwood; Harry Schwenker of Brady; Giles Fletcher of Bangs; Mr. and Mrs. R. G. Hollingsworth, Mr. and Mrs. Bill Murphy, Mr. and Mrs. R. A. Autry, H. H. Jackson, Jetty V. Claire.
