VOLUME LV.

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRI., NOV. 22 1940.

NUMBER 47

This Week in Our Town

CHRISTMAS - Roy Reid and John Payne are the first Santans to dabble in Christmas window dressing.

FRIENDS - Peculiarly, the visit of Roy J. Davenport of Uvalde, district governor of the Lions International, brought again to mind two strange coincidences.

REJUVENATE - J. J. Gregg is following in the footsteps of old Ponce de Leon. Last week end J. J. slipped off somewhere after leaving word that he was on a search for the Fountain of Youth.

RETURNS - Rev. H. C. Bowman, pastor of the Methodist Church here, returned from the annual conference last week-end with instructions to stay here a year or so more.

FINED - Just what the Lions club would do without Mulroy and Claude Reid no one knows. They are star victims of the tallywaxer.

HELP - Santa Anna needs a number of rent houses of different sizes, as well as apartments and duplexes.

YULETIDE - Next week Christmas merchandising publicity is starting up with a bang.

HUNTERS - Among the hunters this week were Ed Tisdale and Ford Barnes of Whon; A. D. Pettit, and J. K. McClain, both of Santa Anna.

Administration of Justice is the oldest function of counties in New York State.

once because that will cool the grease and cause the steaks to become sodden. Sear a half minute on both sides and remove to hot platter. The Skell recipe for roasting venison calls for covering the meat with sour wine and leaving it stand four or five days in the refrigerator. Then place bay leaves and cloves on top of the roast and place it in slow oven. If the venison has absorbed all the wine add more and continue to baste the roast with wine until tender.

then seared and placed in a roaster. A bay leaf or two and cloves are placed on top. The top of the roast is then well moistened with orange juice or a combination of citrus fruit juices and juice is added as needed in quantities sufficient to keep the roast from drying out. It is simmered in a slow oven until tender. The juice imparts a decidedly different and delicious flavor to the venison.

Venison steaks are best when fried rare. The Tucker recipe calls for the steaks to be cooked in very hot fat, deep enough to cover the steaks. Too many steaks should not be cooked at

DECLINE IN FIRE DEATHS REPORTED

A sharp decline in the number of fire deaths during the months of September and October was reported today by Marvin Hall, state fire insurance commissioner.

The monthly average through August had been approximately 32 deaths, but only 17 Texans were burned to death during September and October. "This report reflects a great deal of improvement, but the record is far from perfect," he said. "Our most dangerous fire-death months are upon us, and I want to impress upon every person the importance of exercising caution, particularly in the homes."

The number of fire deaths for the first ten months of the year totalled 337. The leading causes of fatal burns were standing too close to open fires, improper use of gasoline, lack of proper exits, explosions.

Mrs. Mary Peabody of the New York College of Home Economics says it is a good health practice to keep growing plants in living rooms in day hours during winter because they increase the amount of oxygen and decrease the carbon dioxide in the air. She adds that they should not be kept in sleeping rooms at night because in the absence of sun or strong light, they give off carbon dioxide.

GAME DEPARTMENT SENDS OUT TESTED AND APPROVED VENISON RECIPE

Tens of thousands of Texas deer hunters are bringing home venison this season and many wives do not know how to properly prepare venison. The results of their attempts are often soggy, greasy pieces of meat which is as tough as the hide of a longhorn. Thus the following recipes, tested and approved by members of the Game Department, be of some help. Venison is a dry meat. The Fernandez family recipe, which is famous in the Rio Grande Valley, overcomes the dryness. A roast, or an entire leg is prepared for roasting by making numerous deep slits in it. Into these are thrust pieces of ham or bacon which have been rolled in pepper and salt. The meat is

Refreshments of delicious pop corn and candy were served by Frances Arnold, Ina Grace Johnson and Billye Janet Steward.

Our next meeting will be on Tuesday, November 26, 1940.

H. D. Club Meets

The Rockwood Home Demonstration Club met November 13 at the home of Mrs. Carl Buttry with Mrs. Uless Maness acting as co-obstess. The president, Mrs. Denby Wise, led the twelve club members present in a discussion on their problems in home laundry.

Programs and club parties were planned for the month of December when we are to entertain a certain club in the county. At the social hour, refreshments with the Thanksgiving theme carried out were served.

Mrs. Frank Bryan is to be hostess on November 27th when a demonstration on making serving trays will be given. All club members wishing to make trays are asked to bring material and tools for that purpose.

The Rockwood Yellowjackets have their biggest game of the season on tap this week. They will play Lohn at Rockwood Friday, November 22. Last year Rockwood had to swallow a bitter dose when they met defeat on the Lohn field. This year the Yellowjackets are planning to

turn the tables on the Lohn squad. Coach Terry has some new plays to spring on the rivals across the river. His quad is in the best physical condition possible from left guard to right tackle. It looks as if the victory is "in the bag."

The starting line-up will be as follows: S. H. Estes, left end; Joe Andy Hodges, left tackle; Howard Blackwell, left guard; James Hunter, center; Steward Smith, right guard; William Hodges, right tackle; Talmadge Caldwell, right end; Billy Ashmore, fullback; Artis Caldwell, left halfback; R. C. Williams, right halfback; Joe Will Fowler quarterback.

The Yellowjacket team has been defeated only three times. If they win this week there is a strong chance of their winning the district championship title.

Mr. and Mrs. Bill Steward spent Sunday with Mr. and Mrs. Howard Pierson of Lohn.

Joe Wesley Wise, who was injured on the football field recently, started to school this week and says, "I'm doing" all right, thanks.

Georgia King, teacher at New Central, spent the week-end with her parents, Mr. and Mrs. Jim King.

The Denby Wise family spent Sunday with the Oran Wise family.

Mr. Mullins, state inspector from the Department of Education, visited the Rockwood school Monday.

John Will Bryan stationed in the Hawaiian Islands, is at home on a twenty-six sick day

leave. Edna Arnold and Prebble Arnold spent the week-end with Mr. and Mrs. Marcus Johnson.

Charlotte Johnson was the week-end guest of Alpha Mae Johnson of Whon.

Mr. and Mrs. Roy Mefferd spent the week-end with his parents in Stephenville.

Talk about turkeys, market prices and feeding has muscled out all cotton conversation. However there is this one last word about the ginning season, the \$500 mark was missed by only 25 bales.

Rev. F. H. Ingram, Methodist pastor, and family moved to Rockwood last week from Lovington.

J. P. Hodges was in Coleman on business Monday.

Mr. and Mrs. W. F. Thwait and Bonnie and Mrs. Luther Eden of Gouldbusk visited in the W. T. Bowers home last weekend.

The Rockwood school is observing the first Thanksgiving, November 21. Wednesday night marked the opening of the holiday festivities when the P. T. A. sponsored a turkey dinner for the community at the lunch room. Proceeds were used to pay for the building of the lunch room.

THANKSGIVING

Thanksgiving should be observed more closely this year than ever before because this year we all have so many more things to be thankful for.

Football Boys Go to Howard Payne-A.C.C. Game

Last Friday night Howard Payne played Abilene Christian College at Brownwood. The Santa Anna boys that attended the game were: Rex Turney, Floyd Shelton, Tom Bill Guthrie, John West, H. K. Harrison, Wilburn Box, Richard Horner, Robert Earl Lancaster, Glen Pope, J. G. Williamson, J. K. McClain, Mr. and Mrs. J. B. Hunter and Mr. and Mrs. T. M. McDonald.

Freshmen Have Two New Class Members

The freshmen are glad to welcome two more new members Lewanna and Stella Myers. They attended school at Mozelle before moving to Santa Anna.

J. K. McClain Hurt

Friday, November 15, during football practice, J. K. McClain was hurt. Due to this accident he was not able to play in the game with Bangs Wednesday. Adrian Speck is now taking J. K.'s place as quarterback.

MOUNTAIN SNOOPERS

Hello folks! Gee, why don't you stir up some news and excitement. It's getting pretty dry in these hills. The news is just plum stale.

What's the matter Pope? Couldn't you rate your car? Or does "Ider" prefer to walk for his health.

Elmo what was the matter Friday night? That little bird told me Mary Joyce had tears in her eyes until you arrived at Crossroads. Now we don't want this romance to go on the rocks again.

Do tell folks! William Eld took Reba Genz to the show! Could it be a romance blooming?

Opal Mae will you please tell us what is going on between you and Leslie Douglas? Margaret, you had better watch Tom Bill. He keeps winking and gazing at Verna Jean. It may be serious.

Wayne Whitley seems to have fallen for the senior drummer again. Love is grand!

Now, Mountaineers, we didn't intend to tell you, but Sarie and me can't keep a secret, so we just gotta tell you about the Cheaney-McCoy romance. They was seen conversing in the hall and even Mr. Holt is kind enough to be their messenger.

Our drum major is getting too popular. Two boys are fighting over her. One seems to work at J. C. Penny's in Coleman and

the other in Brownwood at Montgomery Ward's.

First Birdie May is seen riding in a Nash, then the next time we look she is in a Model T. She just aint' particular just so she is with?

See you next week.

SARIE AND SALLY.

SIX WEEKS EXAMS

The six week's exams are over and so is a third of the 1940-41 school year. Many of us need to do much better work than we are doing now. We hope we can all do better than we did this time.

DID YOU KNOW THAT?

Elmo and Mary Joyce have gone back together?

Brady forfeited the game to Santa Anna?

Paul Dick and Tallie Hodges have up a romance?

LaVerne Haynes has a boy friend from Bangs?

J. K. is an ex-football hero?

Verna Jean likes to go to Coleman?

Syble Phillips likes to stay with Omella Hartman?

Jean Coates is popular?

Jeanne Marie Hefner and Floyd Shelton are seen together frequently?

Bitha Barrington has a new heart-throb at Brownwood?

Mr McDonald has that "why" complex in geometry?

Mr. Hunter watches a certain person in fourth period study hall.

Allene Jones has a "honey"?

Leslie Douglas and Opal Mae Stockard are making eyes at each other?

The Brady and Santa Anna football score was one to nothing in favor of Santa Anna?

Billy McGathey got a haircut?

A girl has at last attracted Bobby Joe Cheaney's attention?

It took LaVerne Haynes almost all day to get a permanent wave?

Jimmy Sue Henderson surely does like to go to the picture show?

WHAT IF?

Ruth Lovelady and Wilburn Box were not found talking to each other in the hall?

Arnold Williams had raven black hair?

The Junior Class had a party?

The geometry students knew their lessons on Monday morning?

Leslie Douglas is next year's football hero?

Bobby Joe Cheaney had curly hair?

Another girl attracted John Sidney's attention?

Mrs. Williamson wore horn-rimmed glasses?

Miss Merritt wore long black stockings to school?

Mary Joyce Hill had Merle Ferguson's height?

Mr. Myrick wore knee-length trousers to school?

CAN YOU IMAGINE?

Mary Field Mathews playing a bass horn.

Dorothy Holland playing football.

Thomas Myron Hays riding a wild horse?

Mary John Wade riding a bicycle.

Billy Jack Deal as a prize fighter.

Ruth Lovelady as a school teacher?

Jeanne Marie Hefner as a fan dancer?

When you have freight to ship, be it a hundred pounds or a car load, or a trip to make, THINK OF SANTA FE... support this local institution that pays taxes, wages and otherwise contributes to the upkeep and well being of this community.

FUTURE COMMUNITY CENTERS TO BE LOCKER STORAGE PLANTS

"Community centers of the future" will be the ice-houses of yesterday, restored to popularity by the growing rural and urban need for extensive freezing facilities, a University of Texas engineer believes.

W. R. Woodrich, University engineering dean, sees in the locker storage plant the answer to the farmer's perpetual problem of preserving perishable foods for an all-year market.

In such buildings, he said, both housewives and merchants will be able to store vegetables, fruit and meat for use throughout the year.

In many localities ice manufacturers can offer freezing and storage facilities at a reasonable cost, while in other places the work may be undertaken as a cooperative project, Dean Wood-

rich said.

Although the construction of freezing equipment has in the past been a costly process, the invention of low-cost machines like one now being patented by University engineers brought the advantages of quick freezing within the reach of the small farmer, he explained.

Support home merchants.

Symbols of Thanksgiving... SHOCKS of grain in a moonlit field... Pumpkins... Turkey... Fruit. Those are the symbols of Thanksgiving, handed down by our ancestors. Today, though, we can be thankful for much besides a bountiful harvest... thankful for the American way of living that has grown out of private initiative and enterprise... thankful for the Freedom which has been inherited from those ancestors through reverence for the Constitution. And we can be thankful for the modern comforts of every-day home life provided by Electric Service, which has been made both plentiful and cheap. This is our contribution to Thanksgiving, this plus jobs for a thousand men and women and almost one-half million dollars annually in taxes. West Texas Utilities Company

A sharp decline in the number of fire deaths during the months of September and October was reported today by Marvin Hall, state fire insurance commissioner.

The monthly average through August had been approximately 32 deaths, but only 17 Texans were burned to death during September and October.

"This report reflects a great deal of improvement, but the record is far from perfect," he said. "Our most dangerous fire-death months are upon us, and I want to impress upon every person the importance of exercising caution, particularly in the homes."

The number of fire deaths for the first ten months of the year totalled 337. The leading causes of fatal burns were standing too close to open fires, improper use of gasoline, lack of proper exits, explosions.
