

This Week in Our Town

ADDING TO THE GOOD LOOKS of Santa Anna, Mrs. Merritt is having her home painted white, a cool color for this hot weather we are having.

IT'S SANTA ANNA'S LOSS AND Winter's gain, this move of Doug Motley's in changing from the Chamber of Commerce here to that of the latter city. Bluelin Well moved their household effects Tuesday.

PHILLIP'S DRUG STORE has put on its complexion of green, buff, cream and white. These are the colors in the new front of the store. The glass brick is a beautiful wall material and Santa Anna can now boast of four store fronts with this class of finish.

IT RAINED MONDAY—LOCAL shower that cooled off the atmosphere for a few hours, but which was insufficient to be of benefit to anyone and too restricted to be appreciated by only a few.

JUSTICE OF THE PEACE RICHARDS as finally taken over the usual seat of J. P. control and is now dispensing justice as so much per for the oppressed and to the lawbreaker.

J. PAUL BOARD M. D. GOES A progressive step forward this week. Securing the next set of offices, he has had them thrown into his suite and will use the additional room for a small clinic. He will be ready to do tonsilectomies, and the addition of an X-Ray machine will further broaden his field of service.

SANTA ANNA HAS A MIGHTY good chance to get a national defense work shop in the public schools in the immediate future, according to Mr. Pettit of the local schools. This is completely financed by the government except for the housing, and the boys taking the courses—there are four—do not receive pay. The facilities are also for public use.

DOC LOVELADY IS BACK IN town after attending the Lions International Convention at Myawleens. Mrs. L. and Miss L. report the doctor behaved himself admirably as far as they could see (only they didn't see him for about four days). From the convention they drove a few hundred miles out of way to visit some of Mrs. L.'s relatives, only to find that they had been on the next floor of Doc's hotel all during their stay in New Orleans. Doc was fit to be tied!

HOW ABOUT CLOSING UP THE town on Labor Day? The city observes so few, an additional one would be a relief and a treat for everyone. Next holiday is on November 11—a long way off.

SAM COLLIER SAID RECENTLY that every time he is absent when the Legion elects officers, he gets a job. "He was absent when the Post met last Friday night at Ranger Park.

THE LOCAL FIRE BOYS HAVE a little larger bank account as a result of the fire last Saturday night. In appreciation of their long, hard work they put in in keeping the elevator fire restricted to the main building. Mr. Rhone sent them a 25 check Monday for their department funds.

LOCAL POET WINS PLACE IN IMPORTANT VOLUME

Mrs. Eleanor Ridings Stinson, Glen Cove, Texas is one of the authors whose poems are included in **THE BOOK OF MODERN POETRY, 1941**, (The American Forever Edition), an 800-page volume just published. More than 12,000 writers living in every part of the United States and competed for a place in this important volume; only a small percentage of these were found to write poetry of sufficient merit to be accorded a place in the book. The volume contains the work of little-known authors as well as that of writers who have been published in many magazines and books. A similar volume is now being compiled and poets who are interested in having their work considered for the new book should write to the publishers, Avon House, 1107 Broadway, New York City, for information.

The measuring of AAA crops means the finish with 134,604 acres already checked in Coleman County.

VOLUME LVI.

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, AUG. 8, 1941

NUMBER 32.

Sam Collier Legion C O For 1942

Meeting at Ranger Park Friday night of last week, with an attendance below that prepared for, Jack Laughlin Post of the American Legion elected Sam Collier to succeed Sam Flesley as Post Commander, Roy Stockard, present finance officer, to the dual post of Finance Officer and Adjutant, succeeding R. A. Jeffreys in the Adjutant's position, and elected Glen Williamson to the Executive Committee to fill the position vacated there by the election of Collier, former executive committeeman. All of the other officers of the Post were re-elected.

Th Post again enters the next fiscal year with a moderate bank account, thanks to sponsoring a small carnival and a tent show. The Post expressed appreciation to Mayor Johnson and his official family for the courtesy extended them in permitting the two amusement enterprises to come into the city.

Delegates to the State Legion Convention at Fort Worth the middle of the month were appointed, they being Commander Collier, Past Adjutant Jeffreys and Executive Committeeman Williamson.

Rockwood News

By Louise Ingram

Mrs. Garnett Reeves and sons Garnett Jr., and Bradford, of Pampa, are visiting her sisters, Mrs. Boss Estes and Mrs. Claude Box here this week.

Several from here attended the closing services at the Baptist Revival in Coleman Sunday night.

Mr. Dink Snider, is a patient in the Brady hospital this week. We wish for him a speedy recovery.

Minnie Jean Bryan, daughter of Mr. and Mrs. Frank Bryan is in the Brady Hospital this week.

Rev. Z. E. Parker, of Three Rivers, Texas is conducting a revival at the Baptist Church.

Mr. and Mrs. Jack Bostick and family and Curtis Bryan, left Saturday for a two week's vacation in Houston, Galveston, Corpus Christi and other points.

Rev. F. H. Ingram, closed the revival at Cleveland Sunday night. There were three additions to the church on profession of faith.

Mr. E. L. Hill spent Sunday with relatives and friends in Brady.

Rev. and Mrs. F. H. Ingram and daughter, Louise were in Santa Anna recently.

The farmers are very busy harvesting their feed crop in this community.

Mr. and Mrs. Sam Estes and family returned Tuesday from Corpus Christi where they spent a few days.

Weddings

ASHMORE-CARROL

On Saturday evening August 2, Miss Maudie Kathryn Ashmore became the bride of Forrest Carrol of Coleman. The ceremony was performed in Coleman and they were accompanied by Miss Wilma Jo Spencer of Santa Anna and Chas. Rosell of Coleman.

Maudie Kathryn is the youngest daughter of Mr. and Mrs. Carl Ashmore and has been reared in Santa Anna. Mr. Carrol is the son of Mr. and Mrs. Charles Carrol of Coleman.

The couple left Monday for Norfolk Va., where Mr. Carrol is employed.

When Revival Continues

The Revival at the Whon Nazarene Church is well attended, with prayer bands meeting each evening at 7:45 p. m. and the regular service begins at 8:15.

Rev. Holder the evangelist, accompanied by Mrs. Holder, who sings, is to be at the meeting Friday night.

Everyone is urged to attend and hear the old time gospel in sermon and song.

CONNALLY ON FOREIGN RELATION COMMITTEE

Texas' Senior Senator, Tom Connally, has been elevated by the Senate of the United States to head the powerful Foreign Relations Committee. Senator Connally is the first Texan to have ever gained this distinctive honor.

Connally was first assigned to the Foreign Relations Committee of the Senate in 1931. In ten years, he has advanced from a position of "twentieth" on the committee to the chairmanship. Before being elected to the Senate, Connally served on the Foreign Affairs Committee of the House.

The Foreign Relations Committee, rated as one of the three most important committees of the Senate, works in conjunction with the President and the Department of State to form and to enforce the foreign policy of the United States, a matter of topmost importance at the present time. In their natural course, matters to be taken to Congress relating to foreign policy from the President or the State Department pass through the hands of the Chairman of the Foreign Relations Committee.

All treaties before the Senate for ratification, are first passed upon by the Foreign Relations Committee. Recent legislation of national interest which the committee has handled has been the Neutrality Acts and the Lease-Lend Act.

Senator Connally is particularly well suited for his new assignment, with his years of service on the committee in both the House and Senate, his knowledge of conditions in other countries gained by personal visits to all sections of the world and his acknowledged debating ability.

FUNDS ALLOCATED FOR IMPROVING TEXAS HIGHWAYS

The State Highway Engineer announced today that the Highway Commission had made the customary annual appropriation of funds for regular maintenance of the State Highway System during the fiscal year beginning September 1, 1941, and ending August 31, 1942. The amount provided was 7,825,957.32, and it will be distributed to the 25 field districts to cover the cost of roadway maintenance, bridge maintenance, center-stripping, maintenance of highway signs, roadside parks, etc.

A year ago the appropriation for regular highway maintenance was reduced ten percent (10 percent) over the previous year in order that the amount of the reduction might be used to make needed improvements to the riding surface of existing highways, and surface gaps in the state system. Federal funds now available to the State Highway Department are required to be spent on the roads designed by the War Department as being of strategic military importance, and all available State Highway funds are needed for the majority of mileage of highways in the state that are not part of the strategic military network. This appropriation is a reduction of eight percent (8 percent) over 1939, and is an increase over 1940 of but two percent (2 percent) to maintain an increase of 262 miles taken over for maintenance since September 1, 1940. There are now 23,094 miles being maintained, and traffic has increased in volume and weight, due to the establishment of many military camps, bases and factories and the traffic between these points necessary to the training and equipping of thousands of soldiers.

It is the intention of the Department to maintain the State System at its usual high standard but to practice every possible economy to accomplish the result at minimum cost.

Texas Newspaper Column Filled With Huge V's

Editor W. M. Shannon of the Texas Coaster, newspaper published at Richmond, Texas, gathered up some big black V's from his typ cases, let them run lengthwise of column five on page one. In smaller type at the bottom of the column he said: "Now... guess that'll take care of the fifth column."

Methodist Young People of the Brownwood district will convene at City Park at Coleman Tuesday morning, for an encampment.

The Rev. S. W. Williams, Brownwood district superintendent, will serve as general director for the camp which will continue through the luncheon hour, August 14th.

Pastor of the First Methodist church of Coleman, the Rev. A. S. Gafford, will serve as local sponsor.

Approximately 125 young people in the Brownwood district, which includes Coleman, Brown, Comanche and Rannels counties, are expected to attend.

Heart o' Texas News Briefs

Applications filed with the regional office of the PWA in Fort Worth Monday included 3 Brownwood region projects involving a total of \$304,279. The projects included the Brownwood Memorial Hospital addition, Early Consolidated school, near Brownwood; and Woodland Heights Consolidated rural school, adjacent to Brownwood.

Comanche's first Fruit and Melon Show, third big entertainment to be staged there this summer, will be held Thursday and Friday, August 14 and 15.

A murder charge was filed Monday against Captain Harlin H. Blackmon of the 11th medical regiment, Camp Bowie, in the fatal shooting of his wife Mrs. Helen Blackmon, 24. Blackmon is in a critical condition in the station hospital, with two self-inflicted wounds in his left breast. His wife's body was sent to Little Rock, Ark., where her parents live. The couple married Dec. 24, 1939 at Little Rock.

Callahan county went dry last week in an election over legalization of beer. The majority was 101 against sale of beer anywhere in the county. The vote, complete, was 974 against beer to 873 for beer. Four of the 18 precincts, including Baird and Putnam where beer is now legal, returned wet majorities. Thirteen precincts gave dry majorities and one was tied. Cross Plains, adjacent to Brown County reiterated its dryness, 163 to 102. September 3 will be the last day in which beer may be sold in Baird and Putnam.

Improving facilities at Lohn consolidated rural-high school in McCulloch County was one of three National Defense projects involving \$1,997 authorized last week by state WPA officials.

BROWN COUNTY AND VICINITY ARMY AIR CORPS, FLYING CADET UNIT ORGANIZE

Sergeant, William J. Hess, Army Recruiting sergeant, located in the Memorial Hall in Brownwood, announced that a Flying Cadet unit is going to be organized from this area and will be known as the "Brown County and Vicinity Army Air Corps, Flying Cadet unit No. 1. The organization of this unit is to give the boys from this area the opportunity to join the Army Air Corps, as Flying Cadets and to receive their flying training as a unit. Arrangements will be made for a physical examining board to come to Brownwood, and give these boys their examination in Brownwood also they will be enlisted as a unit and will be sent to the same school and will receive their training and be graduated as a unit.

Candidates who do not have the full two years of College can also get their physical examination by joining this unit, there will be no cost to applicants taking this examination.

Candidates who would like to take application for joining this unit or who would like to have any further information should contact Sergeant William J. Hess, located in the Memorial Hall in Brownwood.

METHODIST YOUTHS TO CAMP AT COLEMAN

Methodist Young People of the Brownwood district will convene at City Park at Coleman Tuesday morning, for an encampment.

The Rev. S. W. Williams, Brownwood district superintendent, will serve as general director for the camp which will continue through the luncheon hour, August 14th.

Pastor of the First Methodist church of Coleman, the Rev. A. S. Gafford, will serve as local sponsor.

COTTON STAMPS INTO CIRCULATION

About one-half million Texas cotton growers will exchange an estimated \$8,000,000 of cotton stamps this year if they use all they qualify for. B. F. Vance, administrative officer of the state AAA, has announced.

Cotton growers, who reduce below the smaller of their 1940 planted acres or 1941 cotton allotment, are eligible to receive stamps at 10 cents per pound times the normal yield on the acres voluntarily reduced. The stamps may be exchanged for cotton goods at stores cooperating in this program.

The supplementary cotton program, for which \$25,000,000 was allotted, is designed to reduce cotton acreage still further than is provided under the 1941 agricultural conservation program. Participation in the program is optional with cotton farmers. The final date for indicating participation in the voluntary program was June 14 and the first stamps were distributed July 21.

Due to excess rains at planting time, and floods over the state after cotton had been planted, a large percent of Texas cotton growers are qualifying for stamps than had been anticipated, Vance said.

Already many counties in the state are issuing stamps to cotton growers to be used for the exchange of cotton goods with the maximum peak expected to be reached in a few days since 1941 farm compliance checking in the state is about 50 percent completed. Cotton acreage on individual farms must have been measured and approved before the stamps are issued as this is the only manner possible to determine the amount of voluntary reduction.

Provisions under the supplementary program limited the amount of stamps to \$25 for producers interested in one cotton crop, and \$50 for farmers interested in more than one cotton crop, AAA official said.

NAVY SEEKS RECRUITS FOR SERVICE

C. L. Wylie, CWT., Officer in charge of the Navy Recruiting Station in Abilene, announces you may now enlist in any branch of the Naval Reserve for a period of four years (to serve on active duty during the national emergency). Age limits are 17 to 50, with pay ranging from 21.00 to \$39.00 a month. If between 17 and 36 years of age, you may enlist for training in one of the following schools: machinist, electrical, metal-smith, carpenter, storekeeper, radio, yeoman or signal. Men between the ages of 20 and 27 who have two or more years college credits may enlist for flight training leading to commissions as Ensigns in the Naval Reserve.

For further information call in person or write to the Navy Recruiting Station located in the Post Office Building in Abilene.

THDA THEME CHOSEN

"Nutrition in Defense" has been chosen as the theme for the annual meeting of the Texas Home Demonstration Association to be held in Beaumont, September 3-5, the president, Mrs. A. J. Brown of Nederland, has informed Helen H. Swift, Extension Service sociologist who works with rural women's organizations.

Members of the Association will discuss plans for making their Good Neighbor program reach the largest number of people "so that they will be eager to produce and eat food that will make "strong Americans for a strong America". Mrs. Brown and others in the Texas delegation who conferred this spring with Secretary of Agriculture Claude R. Wickard will report to the Association on their talk with the Secretary regarding the place of home demonstration club women in the national nutrition program.

Fire Sat. Nite Levels Grain Elevator

Fire of unknown origin, but believed to have been a short in electrical wiring in the top of the structure, destroyed the Rhone Elevator here last Saturday night.

Controlling the fire was out of the question, as the building was of sheet iron construction. The fireboys were able to prevent the fire from spreading beyond the main elevator building, the east wing, the office buildings to the west, and a loaded grain car three feet from the building were saved.

The property was covered by about 50 per cent insurance and Mr. Rhone informs us that he will rebuild shortly, but that the new elevator will cost in the vicinity of \$13,000 more than the original structure.

The elevator as erected in 1934 when Mr. Rhone first came to Santa Anna.

Cleveland News

(By Allene Phillips)

Mr. and Mrs. Sid Blanton Mr. and Mrs. M. F. Blanton and daughters, Fannie, Gladys, Myrtle and Onita Ann left Tuesday for Detroit, Michigan.

Darrell Phillips returned home Friday from Longview where he has been visiting Mr. and Mrs. C. T. Moore.

Edd Hartmann and Miss Ruby Moore were married Saturday night. We wish them much happiness.

Mr. and Mrs. M. F. Blanton and family visited Mrs. S. L. Blanton of Santa Anna Sunday.

Allene Phillips visited Mrs. John Geer Wednesday.

Mr. and Mrs. Kenneth Brushenhan visited relatives in Cook County over the weekend.

Earl Mathews is on the sick list. We hope he recovers soon.

Mrs. Claude Phillips visited Mrs. Carl Mathews Monday.

Mr. and Mrs. Odell Box and son of Coleman visited Mr. and Mrs. S. A. Moore Sunday.

Granddad John of Rockwood visited Mr. and Mrs. Kenneth Brushenhan Friday night.

Mrs. John Perry visited Mrs. John Tuesday afternoon.

Mrs. John Geer visited Mrs. Dutch Haffington Wednesday.

Watts Creek

Doris Jane Henderson

Our meeting will begin Thursday night, August 7th. Brother Steadham of Dallas will conduct the services. Everyone is invited to attend.

Mr. and Mrs. W. A. Seals visited Matt Bagly of Echo Monday.

Mr. and Mrs. Roy West went to Stamford Saturday to attend the funeral of a relative.

Mr. and Mrs. Joe Burrage and Mr. and Mrs. Gene Glasson visited relatives in Gorman Sunday.

Mrs. J. B. Brooks of Camp Colorado visited Mrs. Payne Henderson Monday.

Miss Evelyn King of Coleman visited Net Hagler Tuesday.

Mrs. H. A. Hagler and children visited in the W. A. Seals home Friday.

Among those to enjoy the picnic dinner Sunday celebrating Lou Ann Odom's and Raymond Odom's birthday at the Coleman park were: Mr. and Mrs. U. A. Seals, Mr. and Mrs. C. F. Parker, Mrs. H. A. Hagler and child ren, Bonnie Jean Odom and Bobbie Henderson.

Doris Jane Henderson spent Sunday and Sunday night in the home of Mr. and Mrs. J. B. Brooks.

Said, the club wag: "I know how to settle this unemployment problem. If we put all the men of the world on one island, and all the women of the world on another island, we'd have everybody busy in no time."

"Well, what would they be doing?"

"Why, building boats."

Coleman Co. News Briefs

Robert L. Smith, Co. E, 14th Inf., Camp Bowie, and Miss Iola Crossland of Merkle, a former Coleman County girl, were married on July 30th, local friends were informed recently.

History was made in Coleman Monday when the U. S. Army flew in six trainer airplanes, the first contingent of several to come for the Coleman flying school. The first class of cadets will report early in October.

David Harbour, son of Mr. and Mrs. Frank Harbour of Coleman, is to graduate from Kelley Field this week.

One half the royalty on about 320 acres of land near Novice has been sold for \$4,000. O. B. Featherston, on whose land States Oil Corp. last week brought in a 360-barrel well, sold the royalty to J. C. Reese of Abilene. The land covered in the mineral deed includes 156.06 acres of the W. H. Bell survey 140, 113 acres of the M. J. Goble survey, 118 and 50.01 acres of the T&N Ry. Co. survey.

C. H. Hufford, Coleman for many years, prior to his retirement, superintendent of Coleman schools, is seriously ill at his home in Coleman. Mr. Hufford has been in ill-health for many months but his condition was reported more serious Thursday.

Although his guess was conservative last year, John Terry, Fisk ginper, was 331,000 bales closer to the national cotton production figure last year than first federal government estimates. Terry guesses the yield in Coleman County and the nation each year. "It looks like the cotton crop will be a little short in 1941," Terry declared. His estimates for 1941 are: Coleman County, 16,206 bales; State of Texas, 2,640,000 bales, United States, 11,160,000 bales.

Coleman C. of C. legislative committee members want a special session of the Texas Legislature. The special session is necessary they claim because of the failure of the regular session to pass the bond assumption law. That means Coleman County taxpayers are going to have to dig up \$27,877 to meet its road bond and the state part of the road bond indebtedness.

Funeral rites and burial for Dr. Stephen Kellogg, 88, former San Angelo doctor who died in Big Spring Friday, were held in Coleman Saturday.

Reorganization of the Coleman High School Band and election of officers for that group for the coming year was held at the high school Thursday. The orchestra will have a membership of 18 next year and the parade band is scheduled for 60 players and the concert band will have 75 pieces.

SCHOOL TO OPEN IN SANTA ANNA SEPT. 8

Supt. D. D. Byrne announces the opening of school for Monday, September 8th.

Coach T. M. McDonald, who recently resigned to accept work elsewhere has been replaced by Frank McCreary Jr., who was reared at Rockwood and has been teaching for the past two years at Winters. Mr. McCreary will be coach and mathematics teacher.

The first band practice under the new band director, Bill Davis, was held Monday night. Regular band practice has begun and will be held each Tuesday and Thursday nights at the high school.

Former Santa Anna Resident Passes Away

Funeral services were held at Tahoka Tuesday for Mrs. G. W. Harrison, 90, who died at the home of a grandson at O'Donnell Monday. Mrs. Harrison was a former resident of Santa Anna, having moved to Coleman County in 1872, where her husband assisted in organizing the county and was one of the first commissioners. He died at Tahoka in 1919. Surviving are the following children: Mrs. Ezra Bean, Lamesa; Jess Harrison, Winchester, Cal.; and Howard H. Harrison, Bridgeport, Mont.

We are never more discontented with others than when we are discontented with ourselves. The consciousness of wrong-doing makes us irritable, and our heart in its cunning quarrels with what is outside it, in order that it may deafen clamor within.—Henri-Frederic Amiel.

Trade at home.

Editorial

IT'S A RUN ON, NOT IN, SILK HOSE, and it presents one of the finest chances in the world for a comeback of the cotton farmer of the South. For years women, and some men, have been too good for cotton wear. They supported the Japanese laborers and had to help support the American cotton growers and all tied in with the industry. With the destruction of the nation's foreign cotton market by the war, cotton farmers were thrown on relief, and Americans cussed over paying taxes to support them, but smiled when they bought silk to support Japanese producers. Now the ladies and other here-to-fore users of silk can be loyal supporters of American producers instead of Japanese. Some one will manufacture those fine lisle stockings we used to see so much of before we went Japanese and the women will be just as stylish—American stylish Americans. From Baby Sister's No. 000's to the extra big lady's No. 88's, or Grampa's night shirt or Little Willie's pajamas, American cotton will serve as faithfully, as efficiently, as handsomely, as Japanese silkables. Come to think of it, cottonwear can be made as cool wear as silk, and in winter these little tykes who've been wearing short silk hose and shorter silk undies would be a darn sight better off in cotton to keep warm. It has always been a mystery to us why children were treated to silk sunburns in summer and chilblains in winter. We've felt a deep pity for some of the frozen-up kiddies and tiny tots in winter to see them kiting and shivering in silks insufficient to keep a pet chicken warm. Now the American farmer has a chance to earn money to spend in the USA instead of seeing the money go to Japan. The Japs have cut their own throats in the silk deal, but it will mean prosperity here instead of there. Much of the present war on the Chinese has been financed by silk money from the United States. It's time to be patriotic Americans, use American cotton and support American labor.

Other Viewpoints

Now and then we hear of a threatened power shortage in the heavy industry region in the east. Certain officials in Washington have warned the people of certain areas that street lighting and other necessary lighting will probably be prohibited. The power "football" may bounce back into some one's lap. For a good many years the government has fought private utility companies. It has hampered expansion of such companies, it has forced some out of business and has curtailed production through expansion by means of competition, the TVA and other government sponsored power enterprises.

Now when industry is in dire need of more power for defense purposes, the needed power is not to be had. It takes time to expand any power company and it cannot be done in time to relieve the power shortage. So something will have to be done, the public will have to curtail their consumption to give industry what is needed. It seems that somebody meddled in some thing where meddling was harmful. — Hugh Mullins in Sabinal Sentinel.

COLEMAN COUNTY H. D. C. ENCAMPMENT HELD

The annual encampment of Home Demonstration Clubs of Coleman County was held August 5th and 6th at the Replica building in the City Park at Coleman, with a very good attendance.

Registration started Tuesday A. M. at 10 o'clock with 60 registering by noon. Council meeting began at 2 P. M. after which delegates were elected to go to the T. H. D. A. meeting to be held at Beaumont on September 3, 4 and 5th. The delegates elected were Mrs. Pentecost, Trickham; Mrs. Terry Gouldbusk; Mrs. Sanford Tune, Whon.

Others who will make the trip are Mrs. Vernon Close and Mrs. Raymond McElrath.

Reports from the short course recently held at A. and M. were given. Mrs. Blackwell gave a report on, "Home Refrigeration." Mrs. McDonald gave a report on "Landscaping Your Home," and Mrs. J. K. Harrison gave a report on, "Highlight Your Dollar by Wise Spending."

After supper "stunts" were furnished by the various clubs and music was furnished by Stewardson Brothers Orchestra. A large crowd attended this program. Twenty eight spent the night and several more came back for the second day.

LOCAL HDC CALL MEETING

The Santa Anna Home Demonstration Club will have a called meeting, August 15 at the home of Mrs. Eva Conley, at which time Mrs. J. K. Harrison will give her report on the short course. All members are urged to attend.

The next regular meeting will be held August 22 at the home of Mrs. S. K. Moredock. Visitors are always welcome.

Deaths

MRS. CLIFFORD WEAVER

Mrs. Clifford Weaver passed away at her home in Dallas last Saturday, August 2nd. Funeral services were conducted in Dallas Monday and the remains were sent to Santa Anna for interment beside the grave of her husband. Rev. Womack conducted a brief service here.

Mrs. Weaver was the former Mary A. Hollis before her marriage and Mr. Weaver was the eldest son of the late Col. and Mrs. A. G. Weaver of Santa Anna

Pall bearers here were Will Parker, Oscar Cheaney, Dennis Kelley, A. R. Brown, W. R. Mulroy and Lester Newman.

Mrs. Weaver is survived by two daughters and six sons, all of whom were here to attend the funeral. She is also survived by two brothers, four sisters and seven grand children.

Mr. and Mrs. Weaver lived for a number of years at Ozona before moving to Dallas. They had visited in Santa Anna many times.

CARD OF THANKS

We wish to express our sincere appreciation to our friends for their many kindnesses and the beautiful floral offerings at the death of our loved one. Family and Children of Mrs. Clifford Weaver.

YOUNG MEN AND WOMEN

Young men and women with complete training for office work are now short of the demand, both in government work and privately owned business. Catch the popular business spirit and train for a good office position. Attend a school which renders every aid to its graduates in securing the better positions.

Investigate, write a penny post card for full particulars. Fall term opening August 25 and Sept. 1 and 2.

Byrne College and School of Commerce
1708 1/2 Commerce Street
Dallas, Texas

... that's the kind of bargain Your Electric Servant brings YOU NOW under Business Operation

1. Twice the speed. Electric servants breeze through your housework in less than half the time it used to take—at about half the cost. Your bill maybe is about the same as it's always been, but you now get more and better service, plus better lighting, for about what you used to pay for lights alone.

2. Twice the labor saving. Ask the woman who owns a washing machine what electricity has done for her! At present-day low rates, you can afford to use most all the modern appliances. Today electric rates are only about half what they were 10 to 15 years ago. You get about two or three times as much for your money!

3. Twice the light. No blackouts here! Today you can get twice as much light as you used to, for the same money. Electricity today costs only about half as much. (Light bulbs are twice as efficient, so you get four times as much today for the same money.)

4. Twice the comfort. Constant research is developing new and cheaper ways of using electricity. Air conditioning this past summer reached more homes than ever before, bringing cool comfort at small cost. Other usages are being constantly improved at no extra cost to you!

Credit for the steadily improved service to you at steadily reduced rates is due the trained and experienced men and women of this organization. They have devoted many years to the highly technical problems of electric generation and distribution... all without interruption and at low cost.

Letters from the People:

"We used to pay 15 cents a kilowatt-hour. The low rates today enable us to use our many appliances without being extravagant. Besides lights, we now have range, water heater, Frigidaire, sweeper, air conditioner, iron, percolator, toaster, waffle iron, radio, fans and heating pad—making for better and more economical living... The West Texas Utilities always renders courteous, prompt and efficient service for which we are grateful."
—MRS. W. C. DICKEY, Memphis, Texas

West Texas Utilities Company

THIS WEEK IN DEFENSE

Information Released by the Government and Reviewed by the National Defense Advisory Committee of the National Editorial Association.

President Roosevelt sent a special message to Congress saying "We stand, as we did in the closing months of 1915, at the beginning of an upward swing of the whole price structure," and asked authority to set ceiling for prices and rents, to purchase commodities when necessary to assure price stability, and to deal more extensively with excesses in installment credit.

He said the "facts today, are frighteningly similar" to the situation in the last war when the wholesale price index increased nearly 140 percent between October, 1915, and June, 1920. In the past 60 days wholesale prices have risen more than five times as fast as during the preceding period since the outbreak of the war in Europe, he said.

The whole production machinery falters under inflation," he said, and "the unskilled worker, the white-collar worker, the farmer, the small business man and the small investor all find that their dollar buys ever less and less."

The Bureau of Labor Statistics announced its index of prices, as of July 26, stood at 88.8 percent of the 1926 average 15 percent above a year ago.

Foreign Affairs
The President ordered the freezing of all Japanese credits in the United States and extended the order to Chinese assets to protect China against Japanese use of assets controlled from occupied China. The President also placed the Army and Navy of the Philippine Commonwealth within the command of the armed forces of the United States, and named General Douglas A. MacArthur, former Chief of Staff, commanding general.

The State Department protested the dropping of bombs by Japanese planes near the U. S. Gunboat, "Tutilla" and announced the incident closed after the Japanese Government promised full investigation and reparation. Acting Secretary Welles denounced Germany for its note to the Mexican Government with regard to the blacklist recently issued by President Roosevelt and for the Nazi Government's reported threats of reprisal.

Aid to Russia
Lend-Lease Administrator Hopkins arrived in Moscow to discuss expediting of needed war materials to the Soviet Union and the Russian Military Mission conferred with President Roosevelt and the State Department. Acting Secretary Welles said Lend-Lease aid has not been discussed because the Russian Government can purchase needed materials with cash.

Army
The War Department created five air support commands in order to coordinate the activities of aviation units and ground forces. The Department announced the Signal Corps has developed electrical sentries that will warn of invading aircraft "long before they are actually sighted," but said the Army needs 500 men from the radio engineering field to learn

to operate the secret devices. War Secretary Stimson said 1,000 airplanes and 10,000 Air Corps officers and enlisted men will take part in maneuvers stressing coordination of the ground and air strength in the Beauregard, La., area from September 1 to 30, in the simulated warfare between 50,000 men of the Second and Third Armies, and in the First Army maneuvers to be held in the Carolinas November 3 to 30.

Priorities
Director of Priorities Stettinius issued an order freezing all stocks of raw silk because of "unsettled conditions in the far East." Mr. Stettinius announced a new plan to grant blanket preference ratings to projects which must be completed promptly. He issued a limited preference rating to 40 manufacturers of mining machinery and to 75 producers of cranes and hoists needed by defense manufacturing plants.

Agriculture
OPM Director Knudsen told Agriculture Secretary Wickard the OPM will cooperate to meet shortages of farm equipment and machinery now hindering efforts to increase farm production. The Office of Price Administration revised its allocation program to increase storage space for farmers for the current grain harvest by increasing the quantities of steel and zinc for grain bin construction.

Materials
OPM announced plans to increase the scrapping of worn-out automobiles by 1,000,000 tons a year and said one car provides enough scrap for a light cannon and 20 cars, enough for a tank. OPM asked zinc producers to set aside 27 percent of their June production during August for an emergency pool, and said the supply of fabricated alloy steel for aircraft manufacture will be tripled before the end of next year.

Labor and Employment
Labor Secretary Perkins reported non-agricultural employment increased by 484,000 during June to reach a new all-time high of 38,799,000, an increase of 3,365,000 since June, 1940, and 1,900,000 more than the June, 1929, record. WPA employment dropped 77,000 and NYA, 96,000 she said. OPM Associate Director Hillman asked airplane companies to employ and train women in defense jobs without lowering wages or working standards.

The Navy, War and Commerce Departments jointly proposed the 60,000,000 Americans born in this country but without documentary proof of citizenship apply to state bureaus of vital statistics and similar agencies for "delayed birth certificates" to break the bottleneck by which native-born workers are barred from jobs in defense plants for lack of such proof of citizenship.

USES FOR PEACHES

To speed the canning of large quantities of peaches, you may like to peel them with a solution of lye water. Put 4 level tablespoons of granulated lye in agateware or iron kettle, add 2 gallons of water, and heat to boiling. Put fruit in wire basket and immerse in boiling lye water until skin is loosened (30 to 60 seconds). Remove the fruit, wash at once (in running water if possible) until the skins slip off. If running water is not available, wash a second or third time to remove all traces of lye water.

It won't be long until there will be a real shortage of glass jars and tin cans; so it's wise homemakers who learn to dry foods as well as to can them. Try the following directions for successful drying of peaches—Select fresh, ripe, firm peaches. Wash, blanch 1 minute, or peel, pit and cut into halves or slice or wash without peeling. Split in halves, remove pits. Start drying temperature at 125 to 150 degrees F.

Sun-drying as a source of heat for drying is used, but there is little control of temperature by this method and only where the atmosphere is dry should this be depended upon.

Slated or wire trays covered, top and bottom, with thin cloth as cheese cloth, to keep out dust and insects, or use a ventilated glassed-in box that acts like a hotbed intensifying the sun's heat and so provides higher temperature which results in quick drying and can be made a protection from rain is an excellent dryer. Trays can be adjusted in the box for product.

Sliced peaches dry in three to eight hours; halved fruits in eight to twenty-four hours; and whole fruit 18 to 30 hours. Often some of the products dry before the rest. In such cases, remove only the thoroughly dried products and allow the rest to finish drying. Regardless of the time mentioned above, the fruit must be dried until a "rubbery" texture exists.

Wheat Quotas For 1942 proclaimed

Wheat farmers will be given an opportunity to vote in a national referendum next spring on whether they want to continue wheat marketing quotas, Fred Rennels assistant state administrative officer of the AAA, has announced.

This announcement by Secretary of Agriculture Claude R. Wickard is being made now to give wheat growers ample time to make plans for 1942 plantings before seeding time, Rennels continued.

In accordance with the AAA Act a proclamation must be made prior to May 15 of any marketing year when it appears the wheat supply will exceed a normal year's domestic consumption and exports by more

than 35 percent. The national referendum which will be voted on before June 10, 1942, must be approved by two-thirds of the farmers voting before quotas will be in effect on that year's crop.

"Since marketing quotas on wheat serve to protect loan collateral, government loans would not be made on the 1942 crop if marketing quotas were voted down," the AAA official explained.

Wheat quotas are in effect for the first time on the 1941 crop as a result of the 81 percent favorable vote in the national referendum May 31. Texas farmers approved quotas by 94 percent. Approval of quotas made loans at 85 percent of parity possible.

The 1942 national wheat acreage allotment of 55 million acres was announced May 22, and Texas farmers have been issued allotments totaling 3,748, 141 acres.

"The carryover we will have on July 1, 1942, as a result of our above normal yields and reduced exports, is going to be the largest on record for the United States and a 1941 crop even as low as 358 million bushels would bring the supply up to the quota level," he said.

American wheat farmers face the same problems confronting wheat farmers in other exporting countries, but nowhere have the farmers an effective and as democratic a program to protect their prices, Rennels said, pointing out that American farmers are getting far better prices for their 1941 crop than farmers in other wheat exporting countries.

The purpose of marketing quotas is to divide a limited market equitably among all growers and to protect wheat prices and income by keeping part of the surplus off the market until needed. When producers plant within their specified allotments, they make adjustments at seeding time and may continue to market their entire production in the normal manner. Producers who exceed their allotments when the wheat is planted are called upon to adjust marketings. The smaller of the normal or actual yield on the acres in excess of the allotment is subject to penalty.

The marketing penalty, which is intended to discourage marketing of excess wheat, amounts to 50 percent of the basic loan rate. For 1941, the national average loan rate is 98 cents, making a penalty rate of 49 cents.

may be postponed if the excess is kept off the market and stored under bond, or it may be avoided if the wheat is taken out of market channels by delivery to the Secretary of Agriculture for relief purposes. Or, it may be converted into free wheat in which case it will be the amount by which a producer seeds below his allotment for next year, measured in terms of his normal yield, or the amount by which his next year's actual production falls below the normal yield of his allotted acres, Rennels said.

for MODERN living

In the early days, medicine show quacks sold crude oil for a dollar a bottle as a cure for all human ills.

Today hundreds of essentials for modern living are made from oil. It supplies heat for the home. It provides power for the Nation's machinery and transportation. It lubricates the gears of industry. It furnishes fuel for your car. It has shortened distances to make our Nation one big community.

America is safer today because of petroleum. The oil-man's initiative and enterprise have made available to the United States the world's largest supply of petroleum.

In all this, Texas plays a leading part. Last year we supplied 36 per cent of all the Nation's oil, and now have over half of the Nation's oil reserves.

You and every American live more comfortably and safely today because of Texas petroleum.

JAMES GALE SMITH HAS BIRTHDAY PARTY

Honoring her son, James Gale, on his eighth birthday, Mrs. Dennis Smith entertained with a party Thursday afternoon from 2 o'clock until 4:30 at the home of Mrs. J. J. Horner. Games were enjoyed in the play room from which various colored balloons floated. Gifts were opened by the honoree and passed for inspection before entering the dining room where open faced sandwiches, cake and punch were served. Candy filled cars and trains were plate favors. Before leaving each guest was given his favorite color and shape balloon.

Those present were Billie Bob Jackson, Kenneth and Bill Wood, Doretha Faye Casey, James P. Leady, Craig Douglas, Vada Dell Guber, Barbee and Tommy Starnes, Gene Griffin, Jerry Scarborough, John Paul Board, Jimmie McKee of Dallas, Mary Francis and DeAnn Williams, Max Eubank, Weldon McCullough and honoree, James Gale Smith. Adults present were Mrs. Arthur Casey, Alvis Griffin, S. C. McNutt, Alma McNutt, Turney Smith, E. W. Guber, Tom Starnes, Roy Wood, Fairy Wil-

kins, Frank Leady, J. J. Horner and Vera Horner.

GARDEN CLUB

The attractive outdoor living room of her east lawn was used as a most appropriate setting last Friday, August 1st, when Mrs. Sam Collier was hostess to the Mountain City Garden Club. This was a regular summer study meeting and in the absence of the president, Mrs. Collier presided.

Chapter three of the book, "Flower Arrangement," was discussed by Mrs. Collier and Mrs. J. C. Morris. Four demonstrations of flower arrangements were given using tuberose, zinnias, cannas and a very attractive arrangement of gaillardia in a brass bowl.

Eleven members were present and three visitors, who were Mrs. J. W. Kowing of Los Angeles, Mrs. Chas Evans and Miss Kathryn Baxter.

At the close of the study hour and business session Mrs. Collier served delicious homegrown peaches to the guests.

BARTON FAMILY REUNION

Members of the Barton family had their reunion Sunday at the Coleman Park. After a picnic lunch everyone enjoyed the friendly get-together.

Present were: Mr. and Mrs. J.

W. Barton, Mr. and Mrs. F. S. Barton, Mr. and Mrs. A. B. Carroll and Jack, Mr. and Mrs. H. E. Stewardson, Frances Elizabeth Ann and J. L., all of Shields Mrs. Addie Carroll, Mr. and Mrs. Bud Barton and baby, Miss May Lynn Hensley of Athens, Mr. Dave Barton and sons, Arthur and Emmett of Earth, Mr. and Mrs. Elmo Eubank, Elmo Jr., Edwin, Betty Jean and Kenneth of Santa Anna, Mr. L. W. Carroll of Austin, Mr. and Mrs. D. V. Smith, Sealy, Katherine, Joyce and Gailla, Mrs. Daisy Ward and Dickie, all of Gouldbusk; Smith and Leo Barton, Miss Annie Lee Coleman, Mrs. Lula Martin, Mr. and Mrs. Tommy Pyron all of Mississippi.

BRIDGE PARTY

Lantana and bachelor buttons were used to decorate the game rooms Tuesday, P. M. August 5, when Mrs. Bill Lowry entertained two tables at contract bridge. A fruit punch was served during the game hour.

High score was presented Mrs. Harry Caton and consolation to Mrs. Jas Simpson. Table cuts were presented Mrs. Lamar Woods and Mrs. Alpheus Boardman.

A refreshment course of congealed salad, waters, cookies and fudge squares was served to Mesdames Harry Caton, Jas Simpson, Alpheus Boardman, Lamar Woods, Martin Adams, Arlie Welch, L. O. Garrett, Miss Mamie Turner and the hostess.

Mrs. Gilmore and Miss Baxter Compliment Mrs. Snook

Mrs. Basil Gilmore and Miss Kathryn Baxter complimented Mrs. P. B. Snook of Gladewater with a combination bridge and 42 party on Wednesday, July 30 at the home of Miss Baxter.

Pink roses and shasta daisies formed the decorations in the living room and silver containers of red roses were used in the dining room.

Mrs. Gilmore and Mrs. Snook greeted guests at the door Mrs. John Botsford presented miniature fans which were used as tallys. Punch was served during the games.

Mrs. Curtis Collins received high score in bridge and Mrs. George England high score in "42." High score prizes and guest prize for Mrs. Snook were flat flower containers of "Poppy Trail" pottery.

The refreshment plate contained frozen fruit salad, waters, Canadian shortbread and tall glasses of spiced tea with multi colored ice cubes. Those present were Mesdames T. T. Perry, C. A. Crump, Jim Daniel, George England, N. D. Wylie, Virgil Newman, H. W.

Kingsbery, Louise Newman, Ella Styles, Lovell Richardson, Martin Adams, Arlie Welch, Harry Caton, A. R. Brown, J. R. Gippson, James Simpson, L. O. Garrett, Curtis Collins, Tom Simpson, H. O. Newman, Mrs. John Botsford of Savannah, Ga., the honoree and hostesses.

Community Meeting Called

A community meeting has been called for Friday night, at 8:15, August 8th, at the City Hall. All persons interested in cemetery improvement are urged to attend. No donations will be called for.

A report of the year's work is to be given and future plans are to be discussed.
