He Profits Most Who Serves Best

VOLUME LVI.

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY OCT. 17, 1941.

NUMBER 42.

This Week in Our Town

ED BARTLETT MAY GO INTO the potato business. He just a few days ago dug up three hills of sweets and was astonished to find they yielded 52 pounds of extra large tubers. One hill had 20 pounds of potatoes in it. Joe Copeland vouches for the weight of the produce and thinks it is unnecessary for anyone to go away from Santa Anna if he is desirous of raising potatoes for market.

T. L. REID IS A WIZARD AT painting signs. Just note the neat job of repainting the neon sign in front of Roy's "Nickel, Dime and Two-bits" emporium. The work is good. If most of the places in town employed secured his services on repainting signs, the town would look some 90% better.

A FEW MONTHS AGO WE HAD rat banquets—serving poisoned bait to rodents—but not one died. Then one succumbed to old age and the place was horrifically mellow for several days thereafter. Recently P. M. Jack Woodward, his force and the packtrons held their smoozles in the postoffice. One of Jack's pet rodents contracted something and expired the other day. He was emphatically expired for a few days thereafter.

WE LIVE AND LEARN! DOWN in the Lower Rio Grande Valley they "pick" cotton—pick the seed cotton out of the bolls. Up here we find they "pull" bolls and part of the stalk, sometimes including a pound or two of soil on the roots and a yard or two of contiguous weeds, grass burrs and grasshoppers. Some day a "cotton-puller" will make a big mistake and include a kid or two in the load of seed cotton.

SAM COLLIER STAYED OUT on the street where he didn't the sachet powder he and Jack Woodward had liberally scattered about the premises. Our sympathy to the young lady office manager—she couldn't slide out like Sam and Jack could.

THE LOCAL POULTRY AND Turkey Show to be held here early in December, is attracting lots of attention, promising a big and successful affair. Santa Anna will get a lot of valuable publicity out of the show.

COMPLAINTS THAT THE CITY doesn't grade the streets as often as it should are merited on a basis of accomplishment, but decidedly out of place in view of the some thirty thousand dollars of delinquent taxes due the city. Street work depends on property owners paying their taxes. Thank those who pay for what you have gotten up to date.

A SMALL WORLD AFTR ALL! Learn that Mrs. Dale Smith, one of the Lower Rio Grande Valleys' foremost and most persistent seeker after oil, is now a resident of Santa Anna. Mrs. Smith's records (logs) were of tremendous value to others who drilled there.

LOCAL TAILOR SHOPS ARE raising prices of cleaning and pressing next month, forced to do so by the increase in costs of operating their establishments. The News, too, has had to raise prices on many items prepared in the job department from five to fifteen percent and further rises in prospect. Due to contracts for news print in effect for the past two and a half years, the subscription to the News has been maintained at \$1 a year in the county. We look for a big jump in price of news print January 1 when our contract expires.

EVERY TIME ROY REID HAS preparation complete for a sale it rains. That should be borne in mind in future and when a drench hits it can be broken promptly.

THE SANTA ANNA CHAMBER of Commerce had had just 61 members on August 1. Today (Continued on Page 2)

Poultry Show Plans Getting Under Way

Directors of Turkey Co-op In Session

Directors of the Coleman Co. Turkey Breeders Association met in regular session at a banquet at the Service Cafe Wednesday night, October 8, as the guest of the sales manager Mr. Wiley, who was retained in the sales capacity another year by the association. Present at the meeting were the directors, Messrs. Crenshaw, Sam Estis, Bill Griffin, R. C. Straughn and Dave Lovelady; the sales manager, Mr. Wiley, and the new secretary, Howard Pearson. To the directorate was added McElrath of Coleman to give that section better representation.

To further the professional standing of the association, it was voted to join the Texas Bary Chick Association and apply for a charter.

Membership last year was 67 with bright prospects this year for considerable increase.

4-H Club Organized

Thirty-nine girls met at the Ward School with Mrs. Leroy Stockard and Mrs. F. A. Rollins October 14 to organize a 4-H Club.

The house was called to order by Mrs. Stockard.

The election of officers followed the pledge and prayer given by the girls. Those elected were: Lowand Benton, President; Carlyn Ray, Vice President; Jane Deal, Secretary and Betty Sue Hair, Treasurer.

The first meeting of the Club will be held Tuesday, Oct. 28, 7:20 p. m. at the Ward School, with Miss Jean Day in charge.

New members, ages 10 to 21, are needed. Visitors are urged to attend.

Four demonstrators will be appointed at this meeting.

A newspaper editor writes: "It is reported that one of the fastidious newly-married ladies of the town kneads bread with her gloves on. This incident may be somewhat peculiar, but there are others. The editors of this paper needs bread with his shoes on; he needs bread with his pants on, and unless some of the delinquent subscribers of this old rag of freedom pony up before long, he will need bread without a thing on, and this town is no Garden of Eden."

Coleman Co. News Briefs

The first two weeks of actual operation of the Coleman Flying School finds a smoothly working organization, with the first class of fifty cadets starting flying, with twenty-six planes in operation. Each student is sent up with an instructor who instructs him in first rudiments of controls, plane characteristics, wind effect and plane operation. Flying is carried on each forenoon in two classes of 25 cadets each, the first taking the air at 8 a. m. and operating until 10 a. m. when the second shift gets flight instruction. In the afternoon both shifts attend ground school. The cadets are allowed free privileges from Saturday noon until Sunday night, with Sunday affording church privileges.

With its work almost completed, the Middle Colorado river flood control survey offices at Coleman will be closed about Nov. 1, according to Arnold H. Bean, soil scientist, who is in charge of the project. The office was established in Coleman in Feb. 1940, for the purpose of making a flood control survey for a large area along the Middle Colorado River.

CORRECT FIGURES can make whopping big lies when the basis for figuring is kept secret. Retail food prices from mid-August to mid-September increased 2.6 percent to the highest level since January 1931, the labor department reports. Who remembers what the prices were in 1931? The reader sees the "highest level" and considers the retailers or some one is chiseling or hijacking. Prices in 1931 may have been based on less than cost to producers and the high level howled over may have given the producers a one percent profit return on costs. "Prices have risen 29 percent since the war began as compared to 18.4 percent in the first World War; farm products have risen 43.1 percent as contrasted with 12.6 during the last war, says Consumer Commissioner Elliott, and then adds the COST OF LIVING last August was 7 1/2 per cent higher than two years ago. With the "high" cost of food and only 7 1/2 percent advance in living costs, it is "evident" that clothing, rents, furniture, etc., now cost considerably less. Who thinks so? If produce was sold by farmers in the world war days at a 12.6 percent rise with the growers making fair return on the investments, a 43.1 percent rise now on lower, starvation, prices to producers doesn't necessarily mean a thing. It takes a citation of the figures then and now on which the percentages are based to enable the reader to understand if someone is criticising graft, telling the truth or a baldfaced lie indirectly. Henderson could be doing either of the three, and when he leaves the figures out he lays himself open to criticism in either direction.

PAPPY O'DANIEL has done one thing we heartily approve of—he seeks to add a "Right to Work" amendment to the Constitution. And he is getting encouragement from all over the nation. The amendment reads to the effect that no man shall be fired or hired or discriminated against if he does or don't, will or won't, join a union. This amendment with teeth in its enforcement will dislocate a lot of hijacking blackmailing labor bosses from their ability to make laborers crawl, beg and kiss their feet. At present a laborer in order to get a job is forced to submit to being blackmailed into a union. We believe in unionism and in the pride mastercraftsmen take in supplying better and better service, but clubbing men into kicking in to the labor boss is not American, honest, decent or compatible with the Bill of Rights we are supposed to have. Lewis' men did multiple murder with barbaric, ghoulish glee at Herrin when free men used their right to work without paying tribute to overlords and little gods. No one was punished for that crime but Americans will not tolerate mass murder to force workmen to their knees to beg and grovel ever again in this country.

NOVEMBER FOURTH will be a day of freedom or slavery for San Francisco. Seven times voters refused to saddle themselves with a socialized government electric service in place of the satisfactory tax-paying system they have. Now the Secretary of the Interior has forced the city commission to call another election for the purpose, and this time they agreed they would do everything in their power to help the government ram a socialized, communistic power plan down the throats of objecting citizens. This because of an old Act. And he ties them up to prevent the voters from attempting to change that Act. What is the difference between this Socialist Secretary and Hitler? To us it is only nationality if he persists in a course of socializing public utilities by FORCE. San Francisco will most likely vote against this Hitler program again. She should, and then a question of impeachment or recall should be taken up.

Farm and Ranch

Coleman County and the farmers and ranchers living in this area will be honored next Friday, October 17, with a broadcast over station KGKO from Fort Worth. The broadcast, to be arranged and presented by Ted Gouddy, livestock commentator for the station, will stress the agricultural possibilities, particularly in regard to livestock in this county and special emphasis will be made

on the part the country can be expected to play in the feeding, clothing, and otherwise aiding the nation in the present preparedness program.

Material has been gathered not only from census and business surveys but from many business men and pioneer residents of the county. A portion of the broadcast will be devoted to a short summary of the historical highlights of the county's past, and a brief glimpse into the future farming and ranching possibilities of the county in the face of present trends in those lines will be made.

Feature of the broadcast will be the personal mention of as many as possible of the livestock raisers of the region as time will permit.

The arranger of the program is well known to the Coleman County radio audience through the daily "Roundup Time" broadcasts at 12:45 over KGKO.

Coleman county delegates to the state Farm Bureau meeting which is to be held in Fort Worth in December of this year will have some definite ideas to present.

The recommendations the Coleman unit will make at the state meeting, include: Encourage, strengthen farmer cooperatives, secure legislation to standardize insecticides, work for a law that will require a health certificate for all livestock sold at public auction, cooperate with the Department of Justice to break down the trust on cotton seed products, for district soil and water conservation programs, support higher appropriations for the Farm Security Administration to purchase tenant purchase farms.

Make a tax survey and recommend laws needed to equalize taxes, fight to break down interstate trade barriers, fight for lower freight rates, encourage the movement to obtain an agricultural building in each Texas county to house all farm agencies and provide meeting space, keep a representative in Austin while the legislature is in session, fight to continue 85 percent parity loan and for full parity on all products.

RECREATION NEWS

Our new W. P. A. Recreation Community Center started with good attendance last week. We had 135 soldiers to take part in play activities. Handball was the chief entertainment. We also have a new game court in which they took a great deal of interest. Many of them expressed their appreciation for the building. Many said, "This is really like home here in the Armory Building."

We are soon to give 200 soldiers entertainment. This is required of us as our part on the defense program. Last Friday the K. R. W. B. broadcast was held in our building and we wished to extend a welcome to the public to come to our building for this event. Tuesday morning the Santa Anna directors went to Coleman for a training session.

Wednesday we had our gift shower for the Recreation Department and Soldier Center. A Marionette Show was given to an attendance of 80. A crowd estimated at 200 during the day attended. The first show was at 3:15 and the second Marionette Show was given by the Coleman Recreation Department.

JOBS FOR TOMORROW The chemical laboratories of the petroleum industry are now laying the foundation for industries of the future. Out of their research are being created new products and more efficient ways of making old ones. Synthetic rubber, plastics, explosives, basic chemicals and scores of other essentials developed in petroleum laboratories are already being made on a commercial scale. These scientific discoveries of materials vital to peace-time needs, as well as National defense, are opening up new fields of industrial activity. Texas as the leading oil State is playing an important part in the creation of these new American enterprises. As a result, many young Texans now preparing themselves in our schools and colleges will find places in the industries resulting from this research. The test tubes of today, make the jobs of tomorrow.

EDITORIAL

Students, have you accomplished what you set out to do when school started? The first six weeks period has gone. Even though the grades have not come out yet, you students know whether you are below or above the line.

Usually when the second or third month begins we are getting in the habit of coming to school and our enthusiasm has rather worn off; and besides the forming of the habit of coming to school some students are forming other habits: not bringing up lessons and not studying. Your poor daily work will make a difference on your report cards next week, too. And, also, neglecting to study your daily lessons makes the tests rather hard, doesn't it?

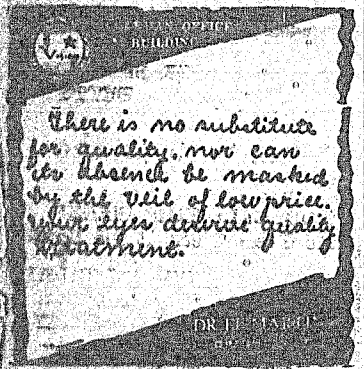

Especially you football boys should be studying hard. When the Mountaineers meet that Ballinger team, there will probably be some new faces in place of the old. It will make a great difference in the playing, too. Boys, begin studying right now! Stay on that team! We can't afford to lose you!

Everyone begin next Monday with a new zeal. If you did not do well the first month, make up for it the next! Don't give up!

SPORT SIZZLES

By Haskell Hunter

Well folks it looks as though "Lady Luck" just wasn't with the "Mountaineers" Friday night. Although the boys were battling right up to the last minute, they came out on the

short end of the score. Both teams were hampered by the mud, only slightly showing up the game. The "Mountaineers" donned out in their new uniforms made the game very colorful until they hit the mud a few times.

A few statistics on the game are as follows:

MOUNTAINEERS
First Downs—5
Punts—7 for avg. of 31 yards
Passes Completed—2
Penalties—2 for 30 yards.
Score—0.

WINTERS
First downs—7
Punts 5 for avg. of 28 yds.
Passes completed—10
Penalties—7 for 65 yds.
Score—19

Although there was no outstanding player on the "Mountaineer" team Friday night, all of the boys were in there fighting right up until that last whistle blew.

Folks let's all try to follow the "Mountaineers" when they invade Ballinger to tussle with the "Bears" on October 24. Let's really get behind those "Mountaineers" and watch them go to town.

"SONG TITLES THAT FIT"

"Because of You" Julian to Shorty Hill.
"Yours," Evelyn West to Billy Bibbes.

"Small Fry," Bobby Jo to Ginger Pettit.

"I'm Walkin' the Floor Over You," Wayne Haynes to Mary Frances Rutherford.

"Two Sleepy People," Allie Cille to Dayle

"What's the Matter With Me" Leslie to Opal Mae

"I Only Want a Buddy, Not a Sweetheart," Lucille to Clay.

Quite a few have helped us in this week's gossip, but our "gossip box" was by no means full, so we ask you again to help us fill it up.

BAND NEWS

Last Friday night, at the game with Winters, the band and pep squad presented a very interesting drill. They formed the letters U. S. A. The lights were turned off and they turned on their flashlights which

were covered with red, white and blue crepe paper, creating a very pretty effect. The Star Spangled Banner was played by a cornet trio.

The band members are getting ready for their six weeks exams. Each member will be given an individual test on music theory and on the selections which the band has memorized. Mr. Davis said the tests will be given Thursday and Friday.

DID YOU KNOW THAT

We do not have a football game Friday?

Garland Arrant and J. D. Dunn are a couple of cute fish?

La Verne Haynes prefers aviators

Mary Frances R. has ideas as to who will be her duke

Gloria should have been a circus actor?

Bitha Barrington still likes cowboys?

We have two cute flag-bearers?

Mr. Byrne does not like chewing gum?

Betty Pritchard has a heart-throb?

Bobby Henderson will make a good football player some day?

The new football uniforms are pretty?

F. H. C. MEETS

The Future Homemakers met Tuesday at Club period.

A talk was given by Mrs. Love, lady on, "Nursing and Personality." She said a girl should look at herself every morning instead of looking at her friends to see if they looked right and should at all times try to improve her personality and not copy some one's else. The talk was enjoyed by everyone and should help all these Homemaking girls to improve their personality.

FRESHMAN CLASS

The Freshman Class met Monday, October 13, for the purpose of selecting a class song, flower, color and motto. The song is, "Beautiful Texas," flower, "Red rose," color, "blue and silver," and the motto is, "Be Prepared." They also decided upon having a class party at Elizabeth Ann Stewardson's home. The game committee is as follows: Elizabeth Feds and Joyce Richardson. The party is to be October 17th.

SIX-WEEKS EXAMS

The Santa Anna High School students took their six-weeks exams this week. They were not given by any set schedule, but as it was convenient for the teachers.

Band and Junior Class Sponsor Hallowe'en Carnival

Calling all spooks and ghosts who wish to make their annual appearance Saturday night, November 1 at the Hallowe'en Carnival sponsored by the Junior Class and Band of Santa Anna High School! The Carnival will consist of lots of good fun and entertainment for both young and old. Outside of the spook house, fortune teller, bingo, etc., a queen will be crowned. She will be selected by penny vote from candidates of each class. Don't miss this Carnival, because it will be better than ever before.

Peep and Squeak your gossip reporters are here again with

the most interesting S. A. H. S. news.

As well as being a good football player, Billie Bibbes is really good at making eyes.

Who was Bitha B. with at band practice last Thursday night? Could it be that certain cowboy we heard so much about last year?

Rex Turney might still be "carrying the torch" for someone who moved away last spring.

Jimmie Sue couldn't be the reason for the "Royal Bread" wagon being seen around high school so much, could she?

Emma Kate says S. A. H. S. doesn't seem the same somehow.

Onia Dean, why were you looking so sad Thursday morning? It could have been the blonde mentioned in last week's "stir-up"

Some of the Freshmen girls really get around which reminds me, Betty Jean why did n't you introduce those five, or was it six?, soldiers at band drill the other night?

Kathryn B. thinks Virgil S. is just too-too cute, but what about the tall blond and handsome guy she was with Friday night?

Say, Mary Ruth who is Charles? Let us hear more about this.

What's this we hear about Doris Marie getting her soldiers mail mixed up?

Football boys, you'd better get the girl-friends to help you with your studying. Coach would hate to be the only one to suit out next week.

Billie Lorene are you really as interested in sixth period study hall as we hear you are?

Is Douglas S. losing interest in red hair or is it our imagination?

If we could read Paul D's thoughts we imagine we'd find Doris Bibbes there quite often.

We see Nell Lowe in a different car every night, but is it a different boy?

Is Frances S. still carrying the torch for Carl?

Santa Anna To Play Ballinger

After the open date this week the Santa Anna Mountaineers will play the Ballinger Bears at Ballinger. With two week of training the boys should be fresh and tear those Bears down.

So with one week of vacation from football let's all go boost the Mountaineers at Ballinger.

FFA Sweetheart Chosen

The contest for F. F. A. Sweetheart ended Friday with the Sophomore candidate Mary Frances Rutherford in the lead with 1,201 votes. The other candidates were: freshmen, Joyce Richardson; Junior, Wilma Jo Spencer and senior, Gloria Hensley.

Junior Class News

The Junior Class met Oct. 14th.

The Homemaking Club and the Junior class have made plans to furnish things for the Chamber of Commerce banquet to be held October 22nd.

SANTA ANNA H. D. CLUB MEETS AT CITY HALL

"There are two kinds of service, one to yourself and service to others," stated Mrs. A. L. Oder, Friday, October 10th, when Mrs. Seth Risinger was hostess to the Santa Anna Home Demonstration Club at the City Hall.

Roll call was answered with favorite hobby.

A planned course of reading was discussed. "Hobbies for Club Women," was given by Mrs. John Lowe; "Games Planned at Home," by Mrs. Seth Risinger. The Council report was given by Ellen Richards in the absence of Mrs. C. T. Conley.

Mrs. W. E. Vanderford, Mrs. J. C. Morris, Mrs. F. A. Rollins and Mrs. A. L. Oder were appointed to help Mrs. Seth Risinger, the year book chairman, get up the material for the 1942 Year Book.

Mrs. F. A. Rollins and Mrs.

J. K. Harrison were appointed to get a gift for the soldier's gift day.

Mrs. F. A. Rollins gave a report on the Cake Contest, sponsored by the News Publishing Company and the Club wishes to express their appreciation to each lady who donated their cake to the Home Demonstration Club.

A place card with three hand painted ships, representing Columbus Day, were handed to eleven members and one visitor to go to the Service Cafe for refreshments.

Annual reports must be handed in at the next meeting. Election of officers will also be held. The date for this meeting is October 17 at the City Hall at 2:30.

Pity the poor secretary of a Chamber of Commerce, observe the Fort Bend Reporter.

If he writes a letter. It's too short; if he edits a pamphlet, he's a spendthrift. If he goes to a committee meeting, he's butting in, if he stays away, he's a shirker.

If the crowd is slim at a meeting, he should have called up the members; if he calls them up, he's a pest.

If he duns a member for his dues, he's insulting; if he does not collect the dues, he's lazy and negligent.

Cleaned and Pressed

It has always been our policy to render the best possible service at the lowest possible price and we regret to announce the increase in price. If it were possible to continue rendering the same high class service and earn a living wage, we would be more than glad for prices to remain where they are. But due to the fact that cleaning fluid and soap have advanced, taxes have advanced, paper bags have advanced, hangers have advanced, and . . . well, almost every item that we use or that goes into the cost of cleaning and pressing has advanced, it becomes necessary for us to advance prices also.

We want to solicit your continued patronage and assure you of prompt, courteous, efficient service at all times.
