Agricultural Ass'n Reviews Program

Members of the Coleman County Agricultural Association met in the courthouse Monday afternoon, March 8, at 2:00 p.m. for a program commemorating the 10th anniversary of the AAA Program. A brief review of the program for the past 10 years, cotton insurance and other matters were discussed by the secretary of the Association. The program was brought out in the talk that the farmers and ranchers of Coleman County have received more than 4 million dollars in compliance with the AAA Program. The program has changed a great deal since the beginning. At first the producers were required to adjust their acreage of various commodities downward in order to receive payment. Under the present program, the producers are required to plant crops upward in order to receive payment. 872 farms with over 2 million feet of terraces, and 874 farms constructing tanks totaling over 1/2 million cubic yards have been made. About 7,000 acres yearly were planted to a cover crop in Coleman County. 25 percent of all tilled land is farmed on the contour. Under the Insurance Program which has been offered to the producers for the past 5 years, Coleman County has issued 953 wheat applications on which losses in the amount of 40,000 bushels have occurred. Cotton insurance has been offered 1 year, and over 800 farms took advantage of this program, and insured over 2 million pounds of cotton. Indemnities have been paid on 125,000 pounds.

Mr. W. F. Barnes discussed briefly the gas and tire rationing in Coleman County. He stated that all farmers who had made application for tractor tires were filled, and that the only tires now available for passenger cars were the tires which were turned in a few months ago by the car owners.

The labor outlook for Coleman County was discussed by Mr. L. G. Cook. Mr. Cook brought out the fact that Coleman County was fortunate in that no serious labor shortage has occurred; however, we must prepare now to take care of our peak farm labor which will occur in the summer during cotton picking.

Mr. Ozro Eubank discussed briefly the farm machinery stating that it was believed that the quotas in Coleman County were sufficient to take care of the actual needs of producers.

The Coleman County war goals were discussed by Mr. E. W. Scott, and the goals are as follows:

Cattle and calves—32,140. There is no increase in this item; however, a summary of the war plan sheets show that Coleman County will have 48,704.

The milk cow goal for Coleman County is 4% higher which is 7,864. The estimated result on the plan sheets show Coleman County to have 11,181.

Sheep and lambs for Coleman County is set at 251,627 but farmers and ranchers indicate that there will be 261,363.

Our goal for hens in the county is 9% higher than the 1942. The goal is now 190,459 and it is indicated that we will increase this about 75%.

Sows for farrowing in the spring is 124% of 1942. We will exceed that goal by 300%.

Sows for farrowing in the fall is 15% of last year. Cole-

Santa Anna Penalized On Fire Insurance

AUSTIN—Santa Anna will have a 15 per cent charge on fire insurance policies for the next 12-months beginning March 1, it was announced today by Marvin Hall, State Fire Insurance Commissioner. The 15 per cent charge, due to heavy fire losses in Santa Anna during the past five years, was made known when the annual fire records for Texas cities and towns were completed.

The fire record charge will mean an estimated cost of \$1,077 over the normal premiums for the next year. The estimate is based on fire insurance premium payments in 1942. The charge compares with a 15 per cent charge in effect for the past year.

The fire record for a city or town is determined by a fixed ratio between losses and premiums figured on a five-year average. The maximum good fire record credit is 25 per cent. The maximum charge (or penalty) for heavy losses is 15 per cent. In the case of a credit, the percentage is deducted from the normal premium.

Hall explained that the fire record system of credits and charges is not to be confused with the key rate for a city or town. The key rate, he pointed out, is determined among other things by the type and quality of fire fighting equipment and water facilities, as well as official adoption of measures to prevent fires.

"Communities, both large and small," Hall said, "can reduce their insurance costs. This can be done by fire prevention. When losses are kept low year after year, a good fire record credit will pay dividends in the form of reduced premiums. Texas is the only state with a system to directly reward communities for preventing fires."

"Because fires have been prevented during recent years thus reducing losses in many classes of insurance risks, the result has been a decrease in rates. A notable example is in dwelling risks. Reductions in insurance rates since 1936 approximate an annual saving of ten million dollars to Texas policyholders."

Pfc. Bobby Joe Cheaney and friend Sgt. Dan Lummus, of the South Plains Army Flying school at Lubbock, visited Bobby Joe's parents, Mr. and Mrs. O. L. Cheaney this week. The two were guests of the Lions Club at the noon day luncheon Tuesday and Sgt. Lummus entertained the Club with two vocal renditions. The young Sgt. is a splendid singer.

man County will exceed that goal about 400%.

Our turkey goal for the county is 72,140 to be raised this year, and we will raise 83,840.

The grain sorghum goal is 60,632 acres. We are indicating that we will plant 67,958.

The peanut goal for the county is 2,500 acres, but it is indicated that we will not reach this goal according to the summary of our War Plan Sheets. We will lack about 200 acres.

Miss Jewell Hipp explained that we may produce our own food and preserve these foods on the farm.

Raymond McElrath, President of the Coleman County Farm Bureau Federation, stated that we have 260 members in the county, and that the Bureau represents the farmers and all farmers' questions that arise in Congress.

A Red Cross worker examines the doughnut making machine, part of the equipment of the "clubmobile" of which she is a crew member in the picture at left. At right: Miss Fern Maddox of Oklahoma City, serves doughnuts to a soldier at an air-

field "somewhere in England" Center: Members of a Red Cross mobile unit distribute coffee and doughnuts to U. S. soldiers in the British Isles.

Dr. Board Moving To Dallas Soon

Among the contents of a nice letter from J. Paul Board M.D., states that he is not improving in health very satisfactorily in the State Sanatorium of Arkansas, and plans to move to Dallas about April 1, where he expects to rest for a few months while trying to further recuperate in health. Friends can reach him after April 1 by addressing him at 634 N. Windomere, Dallas, Texas.

Home Talent Play Goes Over Good

The home talent play at the high school auditorium Friday night, put on by several citizens of the Shield community, went over in a big way, all had a good time, plenty of laughs and the receipts of the evening were very satisfactory.

Just before the closing, a contest was put on for the purpose of raising finances for the local chapter of the American Red Cross, and again the proceeds exceeded most expectations by going over the top for the school district outside the town.

Those men living in the Shield community, dressed up in feminine attire, entertained, amused and created lots of fun in their comedy, the climax being a "Womanless Wedding."

NOTICE OF CITY ELECTION

Notice is hereby given that an election will be held in the City Hall the first Tuesday, same being the 6th day of April 1943, for the purpose of electing a Mayor and two Commissioners, to serve for two years.

All applicants for place on ticket must file application with City Secretary not later than April first. Applicants must be recommended by at least three qualified voters.

City Commission

Fred W. Turner, Jr. of Midland, his sister Mrs. James Lamb and children of Big Spring, and a younger sister, Mrs. G. R. Goodloe of Abilene spent the week-end here with their mother, Mrs. Fred W. Turner.

Yes—By D. B. & E.

BAPTIST BROTHERHOOD TO MEET HERE

The Associational Baptist Brotherhood will meet with the local Brotherhood at the First Baptist church in the regular quarterly meeting Thursday night, March 18.

A good program is being arranged, including some good eats, and representatives from every Brotherhood in the county will be welcome to attend. Signed by the Associational Committee.

Soldiers Field, Boston, Mass.—Sgt. William V. Wheeler son of Mrs. W. T. Wheeler of Santa Anna, Tex. was graduated from the Army Air Forces Statistical School as a Second Lieutenant Mar. 1, 1943. He has prepared himself for a position in the Army Air Forces, of great importance, that of preparing and consolidating all manner of data for higher authority. The Army Air Forces Statistical School, incidentally, is the only one of its type among the scores of schools giving specialized instruction in the Army Air Forces Technical Training Command, Major General Walter B. Weaver, Commanding. Located at Harvard University, Boston, Mass., the military personnel has the opportunity of studying under professors of the Harvard University Graduate School of Business Administration.

Rockwood Girl Leaves For Panama Canal

Mar. 1.—Mrs. Roland W. Caudle, daughter of Mr. and Mrs. Roy Blackwell, left Feb. 28 for the Panama Canal, where she will be employed with the Navy Department.

Mrs. Caudle has been visiting her family and friends since November. She finished High School in 1938 at Rockwood, Texas, then attended John Tarleton College, Stephenville, Texas for two years. She worked in the College store until she married in 1941 and went to Washington, D. C.

Mr. Caudle was employed at the U. S. Supreme Court, and Mrs. Caudle did secretarial work in a big Department Store. They have both been transferred to the Canal to work with the Government.

Rev. E. H. Wylie is delighted to have Mrs. Wylie at home this week, after being absent for several weeks, visiting at the bedside of her mother, who has been seriously ill. The preacher's joys have been saddened by the reports coming to him of the death of a nephew, Lt. John E. Carpenter, Jr., of Dallas, killed in action some place over Germany, while engaged in an air raid recently, and further blended with sorrow over the report coming to him Sunday at the death of another nephew, Thomas Marshall Wylie, was killed last week in a plane crash while on a flight over the state of Washington. The latter tragedy taking place last Friday.

Appearing on the front page of section two, of the Fort Worth Star Telegram Wednesday morning, was a picture of Mrs. J. Warren Walker of Plainview, Texas, accompanied by a story of her work selling war bonds and stamps over the state. Mrs. Walker is reported to be a very active and successful saleswoman. She was recognized by friends here as being a daughter of Mr. and Mrs. D. C. Hill of Eldorado and formerly lived in Santa Anna.

Mr. and Mrs. A. L. McGahee left Tuesday evening for Corpus Christi to visit with their son, A. L. Jr., who is in training for the U. S. Army.

To Celebrate Golden Wedding Anniversary

The editor and Mrs. Gregg acknowledge receipt of an invitation from Mr. and Mrs. Don Ewing, to an open house in celebration of their golden wedding anniversary Sunday, March 14, from three to six o'clock in the afternoon at their home in the east part of town. Thanks, and may you enjoy many happy returns of the occasion.

Miss Margaret Bruce of Brownwood spent the week-end with her parents here.

58 Camp Wallace Soldiers Named To Attend OCS

Among the 58 soldiers of Camp Wallace, named for promotion is William Curry Mills of Mr. and Mrs. W. L. Mills of this city. Headquarters authorities announced last week the large class of men would be transferred to Officer Candidate Schools and would be promoted from privates to corporals, and upon graduation would be further promoted to the rank of 2nd Lieutenant.

Mr. and Mrs. R. B. Thomas and Willard Allen were joined at Coleman by Vocational Ag teacher E. W. Scott and two students, Wayland and Leo Green, on their way to Amarillo last Saturday where they arranged for entry in the Amarillo Fat Stock Show fifteen head of choice calves from Coleman County. W. T. Stewardson and son Boyd, Kenneth Vance and Thomas Newman left Monday for the north Texas city, and will spend the week there exhibiting the calves during the show.

The Self Culture Club will present Mrs. A. L. Oder in a book review, The Robe, at City Hall Friday, March 12, 3:00 p.m. Admission 25 cents.

Santa Anna Has New Doctor

Dr. M. A. Rich, a graduate of the Kirksville Medical College, Kirksville, Missouri, has opened offices in the Hollingsworth building, formerly occupied by Dr. J. Paul Board, coming here to establish himself in general practice.

Dr. Rich did his first intern in the Laughlin and AOS hospitals in the state of Missouri, coming to Texas to become County Health Officer of McMullen county, in the southern part of the state, more recently, spending several months with Dr. John Baroon in the Baroon Clinic at Winters, where he specialized in clinical and surgery work.

Dr. Rich married a Texas girl and she will be in the office with him most of the time, being a practical nurse.

Santa Anna is much in need of additional medical skill, and we feel the town and community has been fortunate in finding a bright, young physician looking for a place to establish himself and build up a practice for the future.

Give the doctor and Mrs. Rich a welcome and help them feel they have found a good place in which to live and establish themselves in their profession.

Jefferson Barracks, Mo.—Pvt. Dillard D. Ellis, son of S. D. Ellis, Rockwood, Texas, is a newly-arrived soldier at Jefferson Barracks. Colonel Thomas J. J. Christian, commanding. This historic military post, on the Mississippi river a few miles south of St. Louis, is a replacement training center for the Army Air Forces Technical Training Command.

Here recruits are given vocational aptitude tests to qualify them for important duties in various Arms and Branches of the Services, attached with the Army Air Forces. Dependent upon their education, civilian experience and results of the various tests given. Recruits will be selected either for technical schools or specialized occupations within the Army. Following a period of instruction in basic military training and discipline the recruits will be sent to active service with the Army Air Forces.

Pvt. Ellis was employed as a machine operator by Carl Ashmore. He attended the Gillett school.

For the convenience of those desiring Ration Books No. one or two, the forms and applications are now available at the office of the Santa Anna Gas Company. Mr. Rex Golston being a member of the Rationing Board, conceived the idea and made this arrangement to save people of this vicinity many trips to Coleman. A good and economical move on the part of Mr. Golston.

For the convenience of those desiring Ration Books No. one or two, the forms and applications are now available at the office of the Santa Anna Gas Company. Mr. Rex Golston being a member of the Rationing Board, conceived the idea and made this arrangement to save people of this vicinity many trips to Coleman. A good and economical move on the part of Mr. Golston.

Back Our Boys in Blue!

Posthumous Award Is Given Hero's Widow At Randolph

The Distinguished Service Cross and the Order of the Purple Heart, awarded posthumously to 2d Lt. Willis W. Burney for his heroic action during a bombing raid, were presented to his widow, Mrs. Marjorie Burney, in ceremonies at Randolph Field Sunday.

Lt. Burney was killed after a bombing mission over the Netherlands East Indies.

The medals were presented to Mrs. Burney by Maj. Gen. Gerald C. Brant, commanding the A. A. F. Gulf Coast Training Center.

The citation accompanying the medals read:

"For extraordinary heroism in the section between Manado N. E. I. and Kendari N. E. I. on Jan. 16, 1942, while on a two-plane bombing attack, the airplane on which Lt. Burney was bombardier was hit and one motor was put out of action during the bombing run."

The citation said that the run was successful and one large transport was sunk and another damaged. During the next 55 minutes, 15 enemy fighters attacked the bomber, knocking out another engine, the citation said. During the fight, seven of the enemy planes were destroyed.

The citation said the bomber had been so badly damaged during the running fight that a forced landing was necessary at Kendari.

Mrs. Burney, who lives in Artesia, was accompanied to Randolph Field by her six-month-old son, Rock W. Burney, and her sister, Mrs. Hazel Maywald.

San Angelo, Tex., March 10.—(V. T. Bedford, T. Carroll and Pvt. Joe Mack Elliott of Santa Anna won commendation from their commanding officer at San Angelo, Army Air Field bombardier school yesterday for "outstanding performance" of their jobs as aircraft mechanics.

They are members of the 86th Bombardier Training Squadron, which has put every one of its ships in perfect condition to hang up an almost unparalleled wartime maintenance record.

Because of the tireless work of Carroll and Elliott and their fellow mechanics, said Lt. J. K. Casad, squadron commander, the most minute examination by hand-boiled air forces inspectors failed to show a single imperfection in any of the squadron's twin-engine bombers. That record was attained, he pointed out, in spite of wartime parts shortages, almost continuous operation of the planes, and the fact that few of the mechanics ever had touched a plane up to six months ago.

Carroll is the son of Mr. and Mrs. Charles F. Carroll of Sidney. He was a mechanic at the Coleman Flying School in civilian life. Elliott is the son of Mr. and Mrs. Robert C. Elliott, Route 2, Santa Anna. He was a farmer and truck driver before entering the service.

For the convenience of those desiring Ration Books No. one or two, the forms and applications are now available at the office of the Santa Anna Gas Company. Mr. Rex Golston being a member of the Rationing Board, conceived the idea and made this arrangement to save people of this vicinity many trips to Coleman. A good and economical move on the part of Mr. Golston.

Outside Coleman County \$1.50 Per Annum

Entered at the Post Office at Santa Anna, Texas, as second class mail matter under the Act of Congress of Mar. 3, 1879

RED CROSS MONTH

March has been designated Red Cross month, and reports coming from over the country indicate the people are liberally contributing to the cause.

The goal for the war fund is set for \$125,000,000 and a check-up on several towns and communities in these parts indicates they have already gone over the total and are still working.

The American Red Cross is a charitable and serviceable organization, going into every part of the world where our American boys are fighting and it is thru the Red Cross that much suffering is relieved, the wounded are looked after and cared for, and communications with home folk are established thru the Red Cross when no other source can affect results. In fact, without the aid of the American Red Cross, the war would be prolonged and in the language of the Commander-in-Chief, President Roosevelt, it is doubtful if the war could be won without the aid and assistance of the American Red Cross.

Santa Anna's quota, according to information reaching us, has been set for \$1,000. This amount should be raised with the little effort our committees are out working, and if they fail to contact you, and in person, will you do the patriotic thing by mailing your check for money to the Red Cross Committee at Santa Anna, or leave the money at the Santa Anna National Bank, which is the depository for this community.

Don't fail to do your best this time by giving all you can for it is much needed, and will be spent for the relief of distressed and suffering humanity.

The following Districts have reached or exceeded their Red Cross goal: Comal, Live Oak (Webb Store), Echo, Cross Roads, Watts Creek, Mayo, Liberty, Milligan (Line), Cleveland, Leedy Mukewater, Grocery company, Tom will Shields, Turner Ranch, Trickham, at home with his father ham, Choncho Peak, Hardin, for a few days, before being Gouldbusk, Hill, Elliott, Rockwood, Buffalo, Fisk, Loss

Creek, Talpa, Junction, Bowen, Voss, Centennial, Anderson, Viets, Oak Cove, Cotton, Novice, Goldsboro, Coleman Rural, Featherston and Independence.

Old Man Winter seems to like this part of the country right much this year. We remember several times in our young life when ice, frost and other indications of winter would continue to put in appearance, but this time the mercury has been to 8 and 10 above zero several times since the first of March. It seems to us it has been colder and more prolonged spells of cold in March than we ever saw, but as to the damage wrought it may not be as great as has happened at other times.

During the past five months since taking over the publication and management of the paper, we have enjoyed a splendid subscription business, both new and renewal, in fact, the volume has far exceeded our expectations, but we have not bothered to call attention to our treasured subscribers, to watch your expiration date. Instead, we have just accepted what come with appreciation, and put forth no special effort for new or renewal business. However, we are now trying to revise our mailing list, to get it corrected and brought up to date, and we find few delinquent on our books. We trust you will give this your immediate attention as we do not want to remove any from the list during the year. We do not wish to send it to any who do not care for it and do not intend to pay for same. We will wait a few days longer, but soon we will revise our list and all who are delinquent will be removed from the list. Thank you for giving this matter your prompt attention. The Editor.

Rockwood News

(Mrs. Ray Caldwell)

Bro. Harrell filled his regular appointment Sunday morning and evening at the Methodist church. They had Communion Services at the morning service and Quarterly Conference in the afternoon.

Pvt. Lawrence Brusenhan Jr. of Sheppard Field, Texas spent a few days here with his parents Mr. and Mrs. L. A. Brusenhan.

Mr. and Mrs. Andy Snider and son Ted of Purdon visited here Sunday.

Mrs. Ray Caldwell and Mrs. L. L. Caldwell visited with Mrs. Ray Caldwell's sister Mrs. C. G. Hardee of Dallas Tuesday of last week. Mrs. Hardee has undergone an operation at St. Paul hospital. She is doing nicely.

Mr. and Mrs. Roy Smith of Brownwood spent Saturday night in the home of Mr. and Mrs. R. L. Steward.

Misses Charlotte and Emily Johnson and Clota Fay Smith of Austin spent the week-end here with home folks.

Mr. Homer Shultz was a very sick man one night last week, with acute indigestion.

Several from our community attended the "Womanless Wedding" at Santa Anna Friday night. We enjoyed it very much.

Enoch Ellis is here visiting his parents Mr. and Mrs. Dave Ellis. Enoch is stationed at Columbia, S. C.

Luncheon guests in the home of Mr. and Mrs. R. L. Steward Sunday included, Bro. Harrell, Dr. and Mrs. Williams of Brownwood, Mrs. L. L. Caldwell of McAllen, Andis Caldwell of Austin, Mrs. Ray Caldwell and son Penny Frank Mrs. Claude Box and John Earl Box.

Mrs. L. L. Caldwell leaves here today to join her husband (Jack) who is stationed at Tucson, Arizona.

Cleveland News

Those visiting Mr. and Mrs. S. A. Moore Sunday were, Mr. and Mrs. Buck Mills and family of Cross Roads, Mr. and Mrs. Edd Hartman and son of Fort Worth, Mr. and Mrs. C. T. Moore, and daughter and Mr. and Mrs. Truman Fletcher.

Mr. and Mrs. Kenneth Brusenhan visited Mr. and Mrs. John Geer Friday night.

Miss Omelia Hartman and Miss Ovella Cupps visited Miss Lois Blanton Sunday.

Mr. and Mrs. John Geer and family visited relatives at Concord Sunday.

Miss Gladys Myrtle Blanton visited Winnie Hartman Sunday.

Mrs. Emma Perry of Liberty visited Mrs. S. A. Moore Sunday night.

Mr. Ernest Fletcher of Childress, Texas visited Mr. and Mrs. Claude Phillips over the week-end.

Mr. and Mrs. M. F. Blanton and daughter Oneta Ann and Mr. and Mrs. Hugh Phillips and family visited Mrs. S. L. Blanton of Santa Anna Sunday.

Watts Creek

Next Sunday is regular church day. Sunday School at 10:30 a.m. and church services began at 11:15 a.m. Everyone is invited to come.

Mrs. Buck West and Diana of Ft. Worth have been visiting this week with Mr. and Mrs. Roy West.

Mrs. Lois Henderson and Mrs. Buster Woodard spent Thursday in Brownwood.

Mr. and Mrs. Coy Brooke and Brownie Verle visited in Santa Anna Friday night.

Several in this community attended the play in Santa Anna Friday evening.

Mr. and Mrs. Loren Seals, Mr. and Mrs. J. D. Henderson and Mrs. Lois Henderson were guests of Mr. and Mrs. Joe Brooke of Cross Roads community Sunday.

Mrs. Fred Brusenhan visited

RED CROSS BLOOD PLASMA RATES TOP PRIORITY WITH ARMED FORCES

First Lieutenant Landis D. Morris of Olar, S. C., his skull furrowed by a sniper's bullet at Safi, receives a plasma transfusion at Walter Reed Hospital, Washington, D.C. One of the first wounded men returned from North Africa, Morris is eager to get back into the fight, thanks those who have donated blood to the Red Cross for having saved his life.

Washington, D. C.—A landing at Safi, white robed Arabs ignoring rifle fire to bum cigarettes, a bullet's sting and a doctor pumping life-saving plasma into his veins—these are vivid recollections of Lieutenant Landis D. Morris of Olar, South Carolina.

One of the first wounded men returned from North Africa to Walter Reed Hospital here, Morris can joke now as he waits for an ugly gutter wound in his skull to heal.

"I made the mistake of sticking my head up twice in the same place," he says with a grimace. "That's how the sniper got me." Then, more seriously:

"That doctor was a whiz. Kept humming all the time he was taking the bones out. If it hadn't been for blood plasma, I guess I wouldn't be here today."

Morris isn't the first soldier whose life has been saved by plasma from blood donated through the Red Cross. The miracles began at Pearl Harbor, and have been happening ever since.

Returning recently from North Africa, Major General James C. Magee, surgeon general of the Army, told of case after case in which plasma has meant the difference between life and death.

"In one instance," he says, "four hundred men were badly burned aboard ship. Treat-

ment was given promptly and all except six recovered. Blood plasma gets the credit to a very large degree."

In Alaska, a rescue party headed by Major Milo Fritz hiked on snowshoes to reach a pilot crashed on an isolated mountain range. They got there just in time for plasma transfusions to pull him out of shock caused by a broken leg and ten days' exposure.

Out of the jungles of New Guinea comes a direct plea to America for more plasma. According to Major Simon Warmanhoyer, formerly of St. Mary's Hospital in Grand Rapids, plasma gets A-1 priority right up to the battle lines.

"We need it, all we can get, right now," he says.

"I don't know who donated the blood that saved my life," says Morris. "But if the people in the United States only knew what it means to us out there on the battlefield—well, I think we could count on them to give the four million pints the Army and Navy have asked the Red Cross to collect this year."

Unfortunately, not everyone can give blood to the Red Cross, but they can contribute to the 1943 War Fund for \$125,000,000, part of which will be used to support this phase of the Red Cross program which often means the difference between life and death to American fighting men.

Whon News

Tommy Sue Holmes

Whon is getting colder every day. It just wont clear off.

There was a large attendance Sunday at both churches. The Baptist wishes to announce a church program Sunday, March 21. Everyone is welcome. It will start about 2:15.

Mrs. Frances Rowelette visited her husband in San Antonio over the week-end.

Miss Alpha Mae Johnson and Mrs. Ida Herring visited their parents over the week-end.

Miss Vera Faye Tisdale spent the week-end with her parents Mr. and Mrs. E. M. Tisdale.

Miss Eula Mae Tennyson is visiting with her father and family for awhile.

Mrs. J. C. King Honored With Birthday Dinner

Mrs. Lige Lancaster gave a birthday dinner March 7, in honor of her mother, Mrs. J. C. King of Rockwood.

Dinner guests were all of Mrs. Kings children, Mrs. E. L. Hill, Bryan; Mr. and Mrs. A. F. Rothermel and son, Fort Worth; Mr. and Mrs. Clydus King and daughter, Weatherford; Mr. and Mrs. Willie King, Coleman and Mr. and Mrs. A. L. King, Rockwood.

Honor guests were Mrs. Kings nieces and nephews, Miss Annie Shelton, Mrs. Minnie Floyd and Mr. and Mrs. Joe Shelton of Brownwood.

Afternoon callers were, Mr. and Mrs. T. E. Lancaster, Coleman and Mrs. Pleas Williamson of Trickham.

Improved Uniform International LESSON

By HAROLD L. LUNDQUIST, D. D., Of The Moody Bible Institute of Chicago, (Reprinted by Western Newspaper Union.)

Lesson for March 14

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

IN THE UPPER ROOM

LESSON TEXT—John 13:12-20; 14:1-6. GOLDEN TEXT—Jesus saith unto him, I am the way, and the truth, and the life: no one cometh unto the Father, but by me.—John 14:6.

Calvary and crucifixion were just ahead. Jesus gathered His disciples for a time of communion and instruction as they spent their last evening together. On the morrow would come betrayal, but now they and their Lord were together in the upper room.

When here strife and dissension apparently come in. There probably some difference of opinion as to who should have the place of honor. To teach them the lesson of humility Jesus gave them an example, after which He continued with the precious counsel and prayer which are found in John 14:17.

One lesson presents three things which our Lord gave to His disciples and to us (see John 17:20).

I. His Example—"Do as I Have Done" (13:12-20).

The act of Jesus in washing the disciples' feet placed Him, their Lord and Teacher, on the level of the most menial servant. It was an astonishing thing that He did, lowering Himself below their level to serve them.

His application of the object lesson was equally startling. "Ye call me Teacher and Lord, and ye say well," said He. Then as learners and servants He required of them the humility which would make them eager to do lowly service in His name.

There are more than enough folk who are willing to do the nice, pleasant things in the church, where they will be given recognition and praise. All too scarce are those Christlike folk who will serve in the hidden places where darkness, suffering, disease and sin make the natural man recoil in distress or fear.

II. His Assurance—"If I Go I Will Come Again" (14:1-3).

Following His resurrection Jesus was to go to the Father. He wanted them to be prepared for that time by making known to them the fact of His coming again. In that day His own shall be received unto Himself to abide with Him forever.

The second coming of Christ is not a strange doctrine held by little groups of people who are riding a theological hobby. It is one of the most blessed truths of Scripture. The hope of the Christian—yes, the only real hope of this disordered world—is the coming of Christ to reign. The New Testament is full of plain and helpful teaching on this subject.

While we await His coming, then, is there any encouragement for us as the burdens bear down and the way seems long? Yes, He says: "Let not your heart be troubled" (v. 1). There is little question that this passage has comforted more people than any other word in Scripture.

Countless bewildered and broken souls in all lands and times have here found the steady assurance of the one who has the power to give them rest and comfort.

There is good foundation for their impotence of heart in a troubled world. They believe in God, and in Christ, who is one with the Father. He is real security—infinite support for aught the world can give. Then at the end of the road are the eternal dwelling places. What they are like is sufficiently revealed in the fact that they are in the Father's house. How shall we reach there? That is our last point. We have

III. His Guidance—"I Am the Way" (vv. 4-6).

To Christ's declaration that they knew the way, Thomas responded with a request for a definite statement. He wanted to be sure, and Christ responded by reminding him that He, their Lord, is "the way, the truth, and the life." Surely there could be no more complete provision for the guidance of the heavenly pilgrim.

Christ is "the way." If one takes the right road he will reach the right destination though he "cannot at first see it clearly. Perhaps this is the commonest mistake of the Christian. He frets too much about what lies ahead . . . and not enough about taking the right road" (Lesson Commentary).

He is "the truth." He is the final and complete revelation of God, and is therefore the One who will lead all those who walk the way by faith into the fullness of the truth. To know Christ is to know God. He is "the life." He is life, and He alone can give eternal life to man. There is none other to whom man may turn for life, but in Christ it is found, and from Him it may be received by faith.

We have only touched the briefest beginning of what took place on that remarkable evening in the upper room. It was a time of richest spiritual significance, of dark betrayal, but also of closest communion. We continue next Sunday.

Who's Who In The Senior Class

If you don't like Harry James and chocolate ice cream or if you do like catty people and long red finger nails you had better steer clear of this "five foot two eyes of blue" senior who answers to the name of Ruth Morris.

Ruth's philosophy of life, "Live today and be gay for today is the tomorrow you worried about yesterday" will make her a welcome student at N.T.S.T.C. where she plans to go when she graduates. Her rather unusual hobby is matching pennies. Correction! Ruth has reformed! Now she just collects 'em.

In looking up Ruth's many honors we find that she is now president in band and vice-president of her class. She has been in band four years and was librarian in her sophomore and junior years. In '39 she won with an oboe solo second division in the state contest. She has been president of her class for three years. In '41 she was duchess of the debate club and in '40 she was duchess of the tennis club. In her freshman year she was F.H.T. reporter.

Sir John Suckling must have been anticipating our "Fannie" when he wrote: "She is pretty to walk with and witty to talk with and pleasant too, to think on."

Five feet four inches and 118 pounds of everlasting pep and energy could well describe this young senior Miss. Lucille Newman, better known as "Lucy." To make those smiling brown eyes sparkle even more, set before her a plate of pecan pie and you'll be her friend for life. Coming out far ahead of all other things to rank first on her list of "pet peeves" are honky tonk music and turnip greens. And as for books Lucy votes for the "phone directory as first choice, although, as she says, "I have read a little extensively."

Lucy has gone to Santa Anna High School since 1939 and has belonged to the Home making club and the Press club. She was "Mrs. Anglin" in the Pep squad play of this year. Lucy's ambition is to make a success out of whatever she does and her philosophy of life, "you get out of life whatever you put into it," is bound to take her far in the job she plans to obtain after graduation.

Elgean Harris, a senior who is very likely to soar above the masses in more ways than one—since he plans to join the Army Air Corps on graduating from S.A.H.S. Blue eyed with light brown hair, Elgean has enjoyed above all else being in F.F.A. and the band. And speaking of enjoyable things, collecting pictures and eating certainly don't bring tears to his eyes.

Personality plus, ready smile, good sportsmanship, and the very admirable trait

of helping others; you can see the reason everyone likes Elgean.

GOSSIP

Just look who's here again, the good ole faithful snoopers of S.A.H.S., and as we saw plenty over the week-end it might pay for you to lend an ear.

Oh! pop corn girls have their little advantages; take for instance Marjorie Oakes, the junior cutie, whom we saw sporting a "brand new" soldier after work Saturday night. If you ever need anyone to work in your place, please don't forget us, Marjorie!

Seems as if the Johnny Doughboys just prefer "Marjories." Margie Wilson was doing all right Sunday afternoon, too.

Allene, guess you took our good advise and waited for your little friends on Sunday, now didn't you?

Calice Jane, take our advise and watch Freddie Oakes. We saw him engaged in deep conversation (it wasn't all about ancient History either) with Viola Downs.

Ray if you want to keep up with Maxine R. the next time you make a date with her, be sure to come 30 minutes earlier than she thinks you are; in that way you can avoid the 8:00 rush period. Last Saturday night was no exception considering the girl had 3 dates for 8:00. How do you do it, "Mickey?"

We've heard something that is rather hard to believe. "Ginger" Pettit went to bed Friday, Saturday and Sunday nights after work. Couldn't be that your technique is slipping could it?

Seems as though Frances S. Wayne Haynes, Sammie and Carroll made a happy foursome Friday night. While we're still on that subject, "Fanny" did you, by any chance have a date Friday night?

Miracle of Miracles! Quote! Blondie Campbell, "If one certain boy asked me to be the Junior-Senior Garden Party, I'd go like 'hot cakes,' but definitely!" Unquote.

Tommie and Miley Mae, did you enjoy the play Friday night? Wasn't that baby adorable? Jack Grady and James Eubank seem to think so.

Allie Cille is settled now; an ele married woman, and because of this fact does our column suffer!

Congratulations! Jo Ann, we're so glad Jack's coming home.

Remember the sailor that was here Friday at school, Doris Goodjohn does to.

We guess Elmo took our advise and is keeping Lucille from getting too lonesome and do we like the way he wears his hat!

That poor 'ol ole silver box in the study hall is turning gray with worry. Come on you children of S.A.H.S. fill 'er up.

Not that we're running out of gossip but due to circumstances beyond our control we'll be seeing you next week and until then you have our love.

The S.A.H.S. Snoopers!

Quiz Assembly Program Is Enjoyed

The Junior class had a very nice assembly program last Friday. They decided to test the mental ability of the S.A. H.S. students and faculty. The quiz program was thoroughly enjoyed by everyone, especially when prizes were awarded to two of the faculty members Mrs. Williamson and Mr. Keen. (Incidentally the prizes were toy horns).

The sophomore class has charge of the program for next Friday.

Press Club's Mail

The Press Club received a card from Coach McCreary saying how much he enjoyed reading the "Mountaineer." We only hope everyone enjoys reading it as much as we enjoy writing it.

SENIOR PLAY

Fae Duffy, the author of "The Bright Penny," a play to be presented soon by the seniors, is the third generation of a well-known theatrical family. Miss Duffy's grandmother was the famous Kathleen O'Neil; her father and mother, the popular Francis Bernard Duffy and Elizabeth Shelton. It was back in the early American gold-rush that Mark Twain and Kathleen O'Neil were members of a party that made a tour of the California and Nevada gold camps. And it was during this stage-coach tour that Samuel Clemens (Mark Twain) and Kitty O'Neil became fast friends. Needless to say it was an irresistible sense of humor that formed the basis of that friendship. This infectious humor, inherent in the descendants of Kathleen O'Neil, is ever present in Miss Duffy's writings. It is much the same humorous understanding of adolescent frailties that Mark Twain employed. It is evident in Miss Duffy's new play, "The Bright Penny," as it was in her previous play, "Jimmy Crickets." There is probably no other dramatist who has the sympathetic understanding of young folks that Miss Duffy gives you in her plays. That is why "The Bright Penny" has been selected as the play of the year by the senior class. Be sure you see it!

WHAT IF

What if Billie Lorene and Betty Jean couldn't sing.

What if Elizabeth Eeds didn't have a victory bob. "Cute kid."

What if Sybil Simpson didn't have blonde hair.

What if Donald Ray Howard would sing "Mr. Five by Five."

What if Mavice Box wasn't cute.

HONOR ROLL

The ones on the honor roll for this six-weeks are as follows:

- Seniors: Christine Douglas, Elva Adele Hale, Olivia Hartman, Freda Heallen, Christine Leady, Doris McGahey, Sammie McIlvain, Mary Mills, Ruth Morris, Maxine Rushing, Edwina Schrader, Arvella Shamblin, Velma Stewardson, Maxine Williams, Wanda Woods. Juniors: Jo Ann Baker, Oma Dean McDonald, Frances Stewardson, Otis Wood. Sophomores: Garland Arrant, Fay Boyd, Elizabeth Eeds, Donald Ray Howard, Winnie Hartman, Doris Jane Henderson, Douglas Johnson, Oran Levellan, Charlie Mae Medcalf, Gerald Post, Betty Pritchard, Fredaline Sparks, Kenneth Moredock. Freshmen: W. H. Blake, Evelyn Bruce, Viola Downs, Alice Guthrie, Mineola Martin, Calice Jane Overby, Sybil Simpson, Vernetta Stephenson.

one to buck.

The rangeland work is hard. And never is there a change. But the cowboys are all contented. For they're on the western range.

The Proper Attitude Toward Rationing

The people of Santa Anna and every other place are being more careful these days in what they buy and use due to the lack of supplies our boys are receiving over seas. However everything isn't as bad as it could be. The shortage of supplies, especially food nowadays, is coming right home to us. We are discovering that things are far more serious than we sometimes think.

More than likely the food rationing will hurt more people in town than in the country, because farmers can raise most of their vegetables which is very important. Of course we are used to these other rationed items and will soon get use to point food rationing. People are going to have to think and plan before they buy in order to make the 48 points last through the month.

So far the people of Santa Anna have been taking the ration system very calmly and we hope everyone keeps on so we can do our share and over our share in winning the war.

In regard to the Ward School exams: Since two holidays occurred during exam week we only received our report cards this week. Brother Burgett did not give the eight grade history and geography exam until a week late.

The eight grade won the banner and fifty cents given at the last P.T.A. meeting, for having the largest percentage of mothers present. The fifty cents goes to our class fund. Eight grade mothers be sure to come again the next meeting!

I would advise some boys (and girls) to quit bringing funny books to school. Reason We saw that Bro. Burgett can tear them apart pretty fast.

Since the coming of Bro. Burgett some of the boys and girls thought we were going to get some easy lessons for

a change. Brother Burgett fooled them he only made them harder.

Honor Roll: Edna Ruth Townesly, Odell Woods, Rhoda Pritchard, Jerry Fulton, Rita Campbell, Betty Ann McCaughan, Verlin Pyle, Maurice Kingsbery, Doretha Casey, Era Lee Ingram, Sarah Frances Mossly, Jeannette Eubank and Dayton McDonald.

Pendleton Field, Oregon—Thomas L. Blanton, chairman for the commanding officer of his Army Air Force service group at Pendleton Field, Ore. has been promoted to Corporal. Blanton, 23, is the son of Mr. and Mrs. Marble F. Blanton of Santa Anna, Texas, and was inducted into the Army Feb. 13, 1942 at Fort Bliss, Texas. He has been driven for his commanding officer, Col. Phillips, about six months.

Corporal Blanton formerly engaged in general trucking in Santa Anna for seven years. He was graduated from Santa Anna high school in 1937. He spent six months of 1939 as a member of the CCC's at Redwell, N. Mex.

A brother Sidney E. Blanton is a Seaman 2nd Class in the U. S. Navy.

"Town and Farm in Wartime"

How To "Spend" Points

If the 48-point-per-person allotment is used evenly, by weeks, the rate of spending in each period by families from two to eight persons works out in 12-point multiples. For two in the family, spend 24 points per shopping period, for three 36 points, and so on.

Davis To Broadcast

Elmer Davis, director of the Office of War Information, begins a series of weekly 15-minute broadcasts on Friday evening, March 12. The series will be broadcast over NBC, CBS and Blue Networks each Friday evening from 9:45 to 10:00 p.m. (Central War Time). They will be rebroadcast each Saturday at 3:00 p.m. over Mutual.

Newspapers Praised

Commending the press, Prentiss M. Brown, OPA Administrator in a letter to Arthur T. Robt., editor of Editor and Publisher Magazine, said, "No finer service in the interest of the American public has been performed during this war than the patriotic handling by the nation's press of the OPA processed food rationing program."

Ceiling Prices On Pork After April 1

On April 1, 1943, ceiling prices will be fixed on all retail sales of fresh and processed

sed pork. The United States is divided into eleven zones, in each of which the pork prices will vary for different classes of retail stores. Prices in OPA Maximum Price Regulation 336 take the place of all previous ceiling prices.

On and after April 1, a retailer may sell only—(1) pork cuts given dollars and cents prices under OPA 336, and (2) pork products whose prices are fixed under General Maximum Price Regulation, including—pork sausage, canned pork, pork variety meats or offal (including temple meat cutlets, brains, chitterlings, liver, plucks, kidneys, tongues, lips, snouts, hearts, ears, cheek and head meat, stomach and intestines, and heads), and quick frozen cuts which are delivered to the retailer in individual packages in which he sells them. Ceiling prices on pork must be posted in each store beginning April 1, and upon request, the retailer must give a customer a receipt showing the date, name and address of retailer, name and weight of each pork cut sold, and the price paid for it.

No Clothes Rationing

Elmer Davis, director of the Office of War Information, after consultation with WPB Chairman Donald Nelson and OPA Chairman Prentiss Brown, stated that no rationing of clothes is in present prospect. There is no shortage of clothing now, nor of the

textiles out of which clothes are made.

Cotton Supplies

There are large supplies of short-staple, low-grade cotton on hand, says the Department of Agriculture, but relatively small supplies of the higher grades and longer staples of upland cotton. Total upland cotton supply for the current season is slightly larger than last year, but demand will probably be larger. "Upland" cotton includes more than 90 percent of United States cotton production.

Lower Egg Prices

Fixed mark-ups which retailers will use to establish their maximum prices on sales of eggs to the housewife have been set by OPA. The mark-up is figured over the retailer's costs. This action will lower prices this spring somewhat under those established by the temporary freeze of October, 1942.

Veneral Disease Control

The strictly military phase of veneral disease control has recently been placed in the hands of the Army and the Navy, the Office of Defense Health and Welfare Services and Medical examinations and treatments in local communities are delegated to health authorities and made the direct responsibility of the U. S. Public Health Service, the social protection section of the Office of Defense Health and Welfare Services is to coordinate local action against prostitution and sexual promiscuity, the American Social Hygiene Association is to provide valuable informational and promotional services.

Drive Against Meat Black Markets

An extensive and vigorous enforcement drive against meat black markets has resulted in 420 individuals and firms being indicted, arrested, enjoined or sued for treble damages. Of these, 160 are being prosecuted criminally and the remainder by civil process. Meat cases filed recently in the Dallas OPA region total more than 125.

Grade Labeling

Grade labeling of the 1943 pack of canned fruits and vegetables will be required by OPA. Price Administrator Prentiss M. Brown reiterated this announcement to set at rest rumors to the contrary that have been given wide circulation in the food industry.

Butadiene Production

Construction of facilities for the production of butadiene in a refinery conversion plant at Texas City, Texas has been stopped by WPB. In revoking preference ratings previously issued to the Pan American Refining Corporation, WPB acted on recommendation of Petroleum Administrator for War Ickes. The action is one of the first steps in revising the program for the construction of synthetic rubber facilities to conform to the reduced synthetic rubber program.

Scrap Collections Top Quota Scrap collections of iron and steel during the last six months of 1942 were 95.7 per cent of the national quota of 17,000,000 tons. Total visible stocks of iron and steel scrap were 7,760,000 net tons at the end of the year, substantially in excess of the 7,000,000 net tons of stocks which was the objective set last summer.

Navy Seeks Women Reservists

The Navy Department is seeking approximately 5,000 women with experience in a variety of medical and dental fields for service with the Hospital Corps. Procurement and recruiting offices have been asked to enlist 600 women a month for the next eight months in order to provide replacement for many of the male Hospital Corps personnel stationed at Navy medical activities on shore.

Stockings Salvaged

Since the beginning of the stocking salvage campaign three months ago, 12,522,540 pairs of silk and nylon stockings have been salvaged by the women of America for war use. In the third month period, which ended Feb. 15, 253,969 pounds of hosiery were collected in stocking salvage depots of thousands of retail stores. This is an increase of 81.4 percent over the first months collection figure, bringing the total up to 626,127 pounds.

Aid Lumber Production

To stimulate production of lumber and other forest products required for war and essential civilian needs, WPB has set up a program to (1) locate and transport labor, (2) obtain greater employment of women in the industry, (3) locate stumpage for existing operations and put operators in touch with owners of merchantable forest products, (4) present draft deferment needs of logging and milling operatives before local selective service boards, (5) present the needs of logging and milling operators before local ration boards, (6) present factual data when establishment or modification of ceiling prices is necessary.

Soft Wheat Flour Prices Up

Prices of soft wheat flour sold by eastern, southern, and midwestern millers and blenders were raised approximately eight percent by the OPA, because of increased cost of wheat. Ceiling prices will be placed on soft wheat east of the Rocky Mountains, to prevent further rises in soft wheat flour.

Transportation Bill Proposed

An emergency transportation act has been proposed by ODT to the 41 state legislatures in session including Texas and Oklahoma, to expedite war traffic. The bill would confer on a state governor flexible authority to take emergency action in regard to the following: (1) staggered hours of employment to facilitate transportation to and from places of employment, (2) maximum rates of speed for motor vehicles, (3) sizes and weights of motor vehicles which may be permitted to use state highways, (4) suspension of statutes or regulations requiring licenses or fees for the entry and operation of a motor vehicle licensed in another state, (5) conservation of vital equipment materials, and supplies—especially rubber.

of drying oils for civilian protective coatings has arisen from their decreasing availability and the increasing needs of the armed forces. Supplies of casein for water paints are considerably less than last year with little prospect of increase. Domestic supplies of skim milk are being diverted to powdered milk and away from casein production. Glycerin supplies are so critical that few, if any synthetic resins can be allowed even for essential civilian purposes.

Set Prices On Peanuts

Maximum prices on peanuts from farm to consumer—have been established by OPA. Specific dollars-per-ton maximums were set at the farm level with specific cents-per-pound maximum for shellers sales, and formulas for establishing prices for other sales subject to the regulation. Farm maximums are above 100 percent parity and will be reduced slightly. Prices on shelled peanuts will be reduced from 3/4 to 1/4 cents a lb. under those prevailing in December 1942.

Glen Cove 4-H Club

"Wooden shoes are easily made and suitable to wear with sport clothes," states Miss Jewel Hipp, CHDA, at a meeting of the Glen Cove 4-H Girls' Club, March 3. "Crocheted shoes are also nice to wear with slacks or shorts."

Importance of gardening was also explained by the Agent. The club will meet with the sponsor, Miss Latane Akins with program on "Flower Arrangement" March 17.

Eight girls, Miss Fae Burgett, Miss Akins and the Agent were present for the program.
