Mountain Echoes

By
Barbara
Kingsbery

Activities have slowed during the continuing summer heat. The summer ball program is over except for the all-star playoffs, and most of us are trying to keep cool and think about something other than the dry weather.

Part of our community-- Whon and Rockwood area-- had rainfall last week. A hard shower fell during the early morning hours Friday leaving up to two inches of moisture near Whon. Reports from the area are that pastures and fields are looking better already.

The Community Civic Center, the former Armory building, is being used often for meeting, and reunions. Several family gatherings are scheduled at the building during July and August.

City Secretary Sandy Clifton has asked that we let everyone know that reservations for the building should be made as early as possible. The City is eager for the building to be used, and early reservations may prevent conflicts. The Mountain City Day Care Center is still in operation at the building in a portion of the building each weekday.

CROSBY BROTHERS TO LEAD WEEKEND SERVICES AT FBC

A weekend meeting will be held at the First Baptist Church with the theme "Joy is Knowing Jesus". The Crosby Brothers of Gatesville will be conducting the services Friday through Sunday.

David Crosby will be speaker for the services, and three of his brothers, Jonathan, Daniel and Thomas, will join with him with the musical selections. The brothers are well-known for their music, and have performed all over central Texas.

David Crosby is presently assistant pastor at Crawford Baptist Church near Waco and a senior student at Baylor University. Thomas is also a student at Baylor University.

Daniel Crosby graduated from Gatesville High School in 1973. Jonathan is a student at GHS.

The four young men are sons of Rev. and Mrs. Russell Crosby. Rev. Crosby is pastor of the Liberty Baptist Church near Gatesville and is on the staff at Gatesville State School.

Everyone in the community is invited to attend the services this weekend. A special musical rally

SA Firemen Answer Calls

Santa Anna Volunteer Firemen have been busy lately with grass fires in the community. So far there has been very little damage, and firemen feel fortunate that no major fires have occurred during the dry weather.

Last week there were two grass fires along the railroad right-of-way in the Liberty Community, and on Sunday another railroad fire was extinguished in the city limits.

A small grass fire Monday afternoon was quickly extinguished by the firemen. It was on Avenue B near the downtown area.

Northside Baptist Pastor Moving to Snyder July 15

Parnell has directed many improvements including the purchase of a new piano and organ, carpeting the auditorium, adding cushions to the pews, and remodeling of the pastor's study.

In the past two years two young men from the church, Marvin Hale and Phil Parnell, have made known their call to the ministry and been licensed to preach.

New law effects 26-foot boats

If your boat is 26 feet or longer, a new water pollution law requires that you post a sign in your engine compartment.

The sign should say, "DISCHARGE OF OIL PROHIBITED—The Federal Water Pollution Control Act prohibits the discharge of oil or oily wastes into or upon the navigable waters and contiguous zone of the United States if such discharge causes a film or sheen upon, or discoloration of, the surface of the water, or causes a

sludge or emulsion beneath the surface of the water. Violators are subject to a penalty of \$5,000."

The sign must be at least 5 by 8 inches, made of durable material and fixed in a conspicuous place in the machinery spaces or at the bilge and ballast pump control station.

The regulation has been interpreted to include recreational boats as well as commercial boats. It also

requires a "fixed or portable means to discharge oil bilge stops to a reception facility."

According to the Boat Owners Association of the United States, the Coast Guard has assured them that a sponge and bucket will meet this requirement.

However, boats with automatic bilge pumps could be in trouble since the pumps will discharge water no matter how oily. This means that boat owners must keep their bilges especially clean and free of drippings from the engine.

an editorial

The all-volunteer army is now a reality. As a consequence, riots and unrest associated with conscription have withered. Nevertheless, the volunteer army is meeting heavy criticism.

The main objection is that attracting young men to the military service costs more than forcing them to it and that the Army is not getting all the recruits that it would like to have.

The points are unquestionably valid, but we would offer a few additional words to set them in perspective. In our opinion, this perspective shows—as long as we are stuck with paying taxes to buy protection—the volunteer military service is the least unfair.

At the outset, no one of understanding supposed that the volunteer idea would work automatically. We have seen very few ideas that do. The most common experience is that ideas have to be worked; they usually do not fulfill themselves. As the Army becomes accustomed to the plan, as it develops the "customers attitude" toward enlistees—according them the proper respect, but without pampering—you can expect to see an improvement in the quality and numbers of recruits.

As to the added expense, a soldier is entitled to what he is worth; that is the defense service that he renders by training by operational duties, or just by standing by has a marketable value. He is like a policeman on a corner; he may be doing nothing at that moment, but his very presence is a guarantee to the security of those in that vicinity.

The difference between a policeman and a soldier is that one guards the domestic tranquility and the other provides for the common defense against foreign attack.

If the time comes to pass that the American people do not value their property families, and lives, then a policeman earns nothing because he is not protecting anything considered valuable. However, so long as property, families and lives are deemed precious the policeman earns his keep—every cent of it. And the same is true of a soldier.

It is not less inequitable to draft a soldier in order to pay him less than it would be to draft a policeman for the sake of obtaining cheap law-enforcement. Generally speaking, you get what you pay for anyway.

A claim is being made of course that the military service exaggerates its financial needs, that it is wasteful. That was as true of the draft Army as it is of the volunteer Army. If government revenue systems were also placed on a volunteer basis, there might come to be some cure for excessive military demands. We do not see any practical solution at the moment except for persistent vigilance.

When you take all things together, indirect costs along with direct, when you consider troubles avoided (such as public disturbances arising from the draft), the extra expense of the volunteer army is less than what appears on the ledger sheets. No doubt about it though, if people don't want foreign enemies walking on their flower beds, they will have to foot the bill to keep them away. With a voluntary army the soldier's pay is determined by the manpower marketplace. Anything less is unjust.

Nelson directs revival services

The main topic for our community is the rain we received last Friday morning, July 5, between 3 and 6 a.m. Our community is small, and apparently the rain covered a small area. Measurements were from .4 to 2.4 inches. The rain fell good and tanks caught full of water that were kinda low.

I am sure some readers of the paper will insist I am crazy but since the good rain and the attitude people took toward my rain report, makes me wonder! Just recon something is wrong with me and all was a dream. But it really wasn't. The rain was a reality and we were and are so thankful for it. Our rain gauge had 1.7 inches at our house. We are wishing for and needeng more rain and looking forward to it too.

Trickham News

By Mrs. Oscar Boenicke

The historical dedication service was very good Sunday afternoon at 6 p.m. at the Trickham Union Church. Over 100 present -- not as many as they thought they would have. Hurschel Dunn, Coleman County Historical chairman, was in charge of the program. Grady Melver gave the welcome address and Howell Martin led the prayer.

Mrs. C. D. Bruce gave a talk about Bill and Elizabeth Williams who settled near Trickham in the 1860's. Their great-grandson, Larkin Eugene Williams from California, gave the response. The rest of the service was at the Fiveash Cemetery south of Trickham where the historical marker was unveiled by the California man. Sylvia Fiveash Herring gave a brief talk there. Oscar Boenicke gave the closing prayer.

Afterwards pictures were taken with the marker and all who had a part on the program.

People were there from a number of places in states. Some of the people returned to the Community Center for a catered sandwich supper.

We are happy to announce the birth of John Wesley Dockery IV, born to Mr. and Mrs. John Dockery July 4 at ten minutes until 12. He weighed seven pounds, 13 ounces and was born in the Brownwood Community Hospital. Mother and baby are doing fine, and they came home from the hospital Sunday evening. He is the grandson of the Jack Dockerys and Mr. and Mrs. Sonny Johnson of Lake Coleman, and the great-grandson of Oil Martin and Mrs. Tom Johnson of Coleman. Earlene's mother, Mrs. Sonny Johnson, is there helping take care of she and the new baby.

The Boenicke Reunion was held at Mrs. Carl Harris' cabin on the lake on Clear Creek with 37 present on the 4th of July. One of Oscar's brothers, Louis Boenicke, is in Hendrick Memorial Hospital in Abilene and also Pauline Boenicke was not able to go. The others there were Anton and Lee Boenicke, Lydia and Floyd Eoff, Oscar and Mary Boenicke, Bertha Deere and Laura Harris. Most of the others were nieces and nephews and grandchildren. Also Mrs. Dora Davis and Mr. and Mrs. F. B. Deere and Mr. Pounds of

Brownwood and Bro. Chester Wilkerson from Winters. Later in the afternoon pictures were taken of the group.

Mr. and Mrs. Walter Stacy had all their family with them the 4th on the creek. They were O. T. and Sue Stacy of Abilene, Marjorie Sullivan and Carolyn and Robert of San Antonio, Tavy Marie and Bill Heidbrier and family of Fort Worth, Del Ray and Patsy Stacy, Charm, Tommy and David. They all had a good time together.

Sherrie Melver was home for the weekend with the Rankin Melvers from San Angelo. Other visitors last week were Mr. and Mrs. H. C. Byler of Austin.

Russie James had her family, the Pat McShans, with her most of the past week. Russie visited the Oscar Boenicke's awhile Monday morning.

The Hammonds reunion was held at Mr. and Mrs. John Terry's near Coleman Sunday with about 45 present. The ones from here were Mr. and Mrs. Joe Hammonds and Brenda and the Del Ray Stacy family.

The Walter Stacys received word Monday morning that his brother-in-law, Larry LaDoceur, died about midnight Sunday night. He had been in a rest home at Richardson for several weeks and in bad health for several years. This is Sammie Stacy LaDoceur's husband. Our sympathy is with her in her sorrow.

Mr. and Mrs. Donnie York of San Angelo visited over the weekend with his parents, the J. E. Yorks and Nikki. Recent visitors were Mr. and Mrs. Clint Davis from Abilene and Mr. and Mrs. Seth Jenkins of Bangs.

Last Tuesday Bond and Lillie Featherston visited at Brownwood with Ethel Mathews and Lou Featherston and Ed and Gladys Featherston in the Hickman Nursing Home. Lillie said they were all doing very well.

Visitors with the Grady Melvers after the meeting Sunday were Mr. and Mrs. Gus Fiveash from Big Spring and Mr. and Mrs. Buster Wynn of Coleman. Sunday night Mr. and Mrs. Rankin Melver, Sherrie and Chris, visited them.

We received word Monday evening that Louis Boenicke is very ill in Hendrick Memorial Hospital at Abilene and they don't give the family any hope that he will last much longer.

Mr. and Mrs. Jerry Haynes and family from Hobbs, New Mexico came last Friday and spent the night with the Fred Haynes and left the children, Davy, Michelle and Britt, and Jerry and Donna went on their vacation to Houston and other places.

Williams, Fiveash Kin Attend July 7 Ceremony

A new official Texas Historical Marker was added to the number in Coleman County when the William P. and Elizabeth Williams marker was unveiled at the Fiveash Cemetery near Trickham on Sunday. These markers are noted on a state map and the information about them is placed in state archives for perpetual use.

About 45 descendants of the Williams couple were at the Santa Anna Community building for a catered dinner at noon on Sunday. During the afternoon a tour was made down the Mukewater Creek to the site of the rock fence boundary of the first Williams field, probably started around 1866, and other historic places in and around Trickham.

The dedication service was held at the Union church there, with Hurschal Dunn, Coleman County chairman, presiding. Rev. Hal Martin gave the invocation and Grady McIver, who has lived all his life in the community, welcomed the gathering. A grandson of the Williams couple, Dan Ellington of Hamilton, was recognized. Mrs. C. D. Bruce, former county chairman, told of the life of Mukewater Bill and Elizabeth Williams and of the problems of securing the historical recognition. Larkin Eugene Williams of California, a great grandson, spoke briefly.

Sylvia Fiveash Herring of Santa Anna, member of a family related to the Williams, introduced the

program at the Fiveash Cemetery, where most of the pioneer families are buried, and Hurschel Dunn recognized other relatives present. The marker was unveiled by the California man, and the benediction was given by Oscar Boenicke of Trickham.

A catered supper was held at the Trickham Community building with about sixty present, though nearly two hundred people attended parts of the program through the day.

Williams and Fiveash descendants present for the ceremonies were: Mr. and Mrs. J. D. Williams of Longmont, Colorado; Mr. and Mrs. Duard Hudson and son Benny of Lexington, Okla.; Mr. and Mrs. G. A. Emergency Loans Available

Farmers and ranchers in Coleman County who sustained production losses as result of the drought during the period 10-12-73 through 4-29-74 may be eligible to receive an emergency loan from the Farmers Home Administration.

Those who have not received an emergency loan to assist them in recovering from their loss may apply for such a loan at the Farmers Home Administration county office at 112 North Concho Street Coleman, before close of business March 31, 1975.

These loan applications will be taken under the terms of a new law enacted January 2, 1974. Individual examination will be made of each application to determine date of the disaster occurrence and emergency loan benefits for which the applicant is eligible.

Loans based on qualifying production losses may include funds to reimburse applicants for production expenses, which went into damaged or destroyed crop and livestock enterprises, but not to produce new crops during 1975. Payment terms depend on the purposes for which the loan is used and the applicant's payment ability. No loan may exceed the actual loss sustained. The interest rate for these loans is 5 per cent and there will be no principal cancellation.

Rabies Diagnosed At M. Eubank Farm

A 300 pound crossbred calf belonging to Max Eubank was destroyed Friday after rabies was diagnosed by Coleman veterinarian J. Ray Martin. The calf was in a pen with about 35 other calves but apparently had been infected with the disease while in the pasture.

Eubank is watching the other calves closely and keeping them in the pen while there is danger of their being infected.

Local pet owners are urged to have their animals vaccinated for rabies, and livestock owners would watch their stock carefully for any symptoms of the disease.

Coleman County Top 4-H Winner At Horse Show

The Coleman County 4-H members took top honors at the District 7 4-H horse show in Brady last weekend. The county entries tabulated the most points in the 12-county show and will have several members participating in the State 4-H horse show in Dallas later this month.

Among the winners at Brady was David Avants of Gouldbusk, grandson of Mr. and Mrs. Bruce Hibbets of Santa Anna, who had winners in two halter classes.

HERE FROM BURNET

Mr. and Mrs. Grady Bamister, of Burnet visited Sunday until Tuesday with his sister, Mr. and Mrs. C. D. Bruce. They attended the historical marker dedication at Trickham Sunday afternoon. The Bamisters formerly lived at Trickham.

THE WEST LIVES ON IN ROLLING PLAINS

The West lives on in the rolling plains of Texas, maintaining a broad-brimmed profile in the land of the Four C's: Coronado, Comanches, Cavalrymen and Cowboys.

The first three are gone, but not the Cowboys, in a region that runs from below Abilene to the Oklahoma border in the Panhandle.

Western hats and boots are very everyday wear, particularly in the smaller town. Not far from 41 highways are the old, established ranches; the Spur, Pitchfork and Matador, below the Caprock in the Dickens area, farther east near Vernon, the W. T. Waggoner spread, and near Dalhart, what remains of the MIT, once the worlds largest.

Rodeos abound. Some are stop-offs on the professional cowboy circuit, others such as the Texas Cowboy Reunion at Stamford, are for amateurs.

Texans who decide to vacation on the plains will find that there is one scenic point which surpasses all others: the 122-mile Palo Duro Canyon, 22 miles southeast of Amarillo.

The 1,000-foot deep canyon is the scene each summer of the Panhandle heritage drama "Texas" in an outdoor amphitheater.

Palo Duro is recommended by the West Texas Chamber of Commerce in its new spring publication, "Wonderful West Texas Fun and Adventure Map", said J. Pike Godfrey of Abilene, WTCC executive vice president.

"An in-Texas vacation, at today's lower speed limits, offers a fine opportunity to enjoy the majestic expanse of the Plains

and Panhandle," said Godfrey.

Below Palo Duro Canyon, State Highway 207 between Claude and Silverton, also passes across Palo Canyon. The Croton Breaks south of Dickens is a colorful region of canyons, buttes and creeks, while the new Copper Breaks State Park north of Crowell was dedicated in April.

Abilene, the southernmost of the three largest Plains cities, offers an excellent zoo whose reputation is growing, and Old Abilene Town, a western amusement park on Interstate 20.

Southwest of Abilene, near Buffalo Gap, is Abilene State Park, shaded by oaks and mesquites. It is one of seven state parks on the Plains; Copper Breaks, near Crowell; Lake Arrowhead, Wichita Falls; Lake Brownwood, north of Brownwood; Mackenzie at Lubbock; Palo Duro Canyon; and Fort Griffin, north of Albany.

Lake Brownwood and Hubbard Creek Reservoir near Breckenridge give fishermen and water sport fans plenty of elbow room, as do lakes near Abilene and Coleman and Lake Kemp at Seymour.

In the Panhandle, Lake Meredith, west of Borger, reigns over the fishing holes as Palo Duro dominates the scenery. Spreading among the cliffs of the Canadian River Valley, it covers 21,600 acres and also is accessible from Amarillo, Stamett, Sanford, Fritch, Dumas and Pampa.

Detailed brochures about West Texas number more than 200 and are available free from the literature library of the West Texas Chamber of Commerce, Box 1561, Abilene, Texas 79601.

SHEEP KILLED FRIDAY NIGHT

Two grown ewes belong to Mr. and Mrs. Ed Jones were killed by dogs Friday night. The sheep were in a pen at the Jones home on the south edge of Santa Anna. Several other sheep were injured by the predators.

According to Mrs. Jones, the dogs were apparently killing for food as the hind quarters of one ewe was eaten by the attackers.
