National and International News Hi-Lights of the Week

The bodies of the suicide Hermann Goering and the ten hanged Nazi war leaders have been reduced to ashes and secretly "disposed of", the Allied Control Council announced on Thursday, October 17.

A special board of three U. S. Army officers pursued all possible angles and twelve German prison employees were kept under close scrutiny in an attempt to unravel the mystery of how Goering obtained the vial of potassium cyanide that killed him. If the board found any clues it was not made public.

The United States charged wraithfully, October 18, that Soviet dominated Yugoslavia has made "slave laborers" of at least 165 American citizens and that a number of them, possibly 10, have died in horror camps.

In a blistering note expressing "abhorrence and condemnation," the state department accused the Tito regime of herding persons with a valid claim to American citizenship into concentration camps.

A statement from the Yugoslav embassy October 19 denied the American charges.

Three bombs exploded Saturday night against government buildings in the Stuttgart area in what U. S. Army investigators called an apparent protest of further proceedings against Hjalmar Schacht, German financier, acquitted at Nuremberg.

There was no indication that Schacht had any part in the bombing or even knew of it.

John L. Lewis demanded new contract arrangements concerning wages, hours and a host of other matters Monday under procedure which could shut down the soft coal mines in another strike November 20.

The demand was served on the government which has been operating the mines since the strike of last spring.

Lewis charged the government with at least two breaches of the contract, the first time so far as could be recalled that a union has ever made such a charge against the government.

The State Department disclosed Monday that Russia had turned thumbs down on an American request for Allied intervention to insure a free election in Bulgaria.

Russia took the position that intervention by the Allied Control Commission in that country would be a "rude interference in the internal affairs of Bulgaria."

Approximately 1,400 AFL pilots employed by Trans World Airlines struck for higher pay Monday grounding all planes on the company's United States and Trans Atlantic routes.

Company headquarters in Washington said the flight cancellation was effective for a 24 hour period beginning from the time the strike started at 4:50 a. m.

A recommendation that the nation's landlords refuse to rent vacant apartments until OPA rent ceilings are scrapped will be submitted to the next convention of the National Apartment House Owners Association at Oklahoma City next month.

The groups emphasized that they are vigorously opposed to evictions or cutting off of apartment services until rent leases expire or renters leave.

The first United Nations General Assembly in the U. S. will open at 4 p. m. Wednesday in a calm atmosphere set by pleas for peace from Britain, Russia and America.

Men and women from every section of the globe, from nations, large and small, will sit together in this big General Assembly hall.

The serious business of the assembly will begin at 10 a. m. Thursday when the secretary general, Trygve Lie, makes his

The Lions Roar

Two songs were sung at the opening of the Lions Club this week. The singing was better than it has been in several weeks. It just seemed that the spirit of the Lions Club was there more so than has been being the custom for the last few weeks.

After the fine luncheon, which consisted of a fine steak dinner for some and a hamburger and a glass of water for the others, the guests were introduced. Doc Gill had as his guest his father in law, Mr. Z. D. Kemp of Santa Anna. Lions Mike Wright, R. A. Autry and John Dix of Coleman were here to make up meeting attendance. Rev. B. J. Martin, of Ballinger and Charles McLaughlin of Ft. Worth were of the program for the day. Rev. Martin is doing the preaching and Mr. McLaughlin is doing the singing for the Baptist revival that is now in progress. All the guests are always welcome at the Lions Club.

The ones who had to eat the hamburgers were the ones who were on the losing side in the Carnival ticket sales. There was only a difference of less than 20 in the count and the losers took the hamburgers in the stride of a true Lion.

Lions Arlie Welch and Bill Mulroy were presented with new hats by Lion Bill Griffin for the club, for the good work they did in putting over the Lions Club Carnival. Both of these men have been the main factors in the carnival for the last two years.

Lion President Rex Golston discussed his trip to Austin in the interest of of the Amendment No. 3. This concerns the Good Roads Amendment to be voted on in the November 5 election.

Fire Early Monday Morning

Early Monday morning the Volunteer Fire Department was called out to put out a fire that was discovered in the Simmons Wrecking Yard building. The cause of the fire was not determined.

The fire was discovered near midnight and the night watchman was called and the alarm was turned in. The fire started near the tire vulcanizing machine and almost completely destroyed the building. The damage was estimated at near \$500. The loss was covered by insurance and plans are being made to replace the building.

Erlene Boatright 4-H Gold Star Winner

Second place in the Gold Star contest went to Peggy Throgmorton, age 11, member of the Brown Ranch 4-H Club, and a daughter of Mr. and Mrs. C. S. Throgmorton of Gouldbusk.

Stories of their 4-H Club work, written by each of the winners in the Gold Star Contest will appear in later editions of this paper.

Miss Kathryn Bexter of Waco was home last week-end visiting with relatives and attending to business.

Mrs. Lida Hasty returned recently from a visit with her sons in Houston and a sister in Kill-

How Will You Vote In The Nov. 5 Election

For what should farmers vote in the election next month? Every qualified citizen will have a chance to help choose a Representative in Congress. The people will elect one-third of the United States Senate, and will fill state and local offices of public trust.

What does agriculture want in this election? Which party, what candidates, will do the most for farmers? What special measures will most positively assure prosperity for agriculture?

Millions of farmers are veterans of war. Which party, what candidates will do the most for veterans? What will create the opportunities which veterans deserve?

These questions deserve thought. No citizen wants to vote against his own interest.

Will opportunity and prosperity flourish in a nation divided by continued conflicts of one special interest against another? Should farmers, or veterans, or anyone else vote for a group interest? Has not a time come for all to vote as Americans?

There is but one correct answer. Farmers, veterans, workers - everybody will prosper best in a united, free, and strong United States. The group that successfully raids the Treasury or grabs undue power at the expense of others invites disaster for all.

An economical Government, administered fairly for all under free American principles, offers more advantages to any group than can be won by pressure contests.

Patriotic farmers will choose their party and their candidates on the principle that those that will do the most for a united America will also do the most for agriculture. (Farm Journal)

Most of the state's highest officials had placed their stamp of approval on the Good Roads Constitutional Amendment Tuesday, October 22 as the list of endorsements began to mount during the last two weeks before the November 5 General Election.

Governor Coke Stevenson and Democratic Nominee for Governor, Beauford Jester, led the parade of supporters of the Amendment. Jester proclaimed that the adoption of the amendment would establish a sound financial policy upon which the road planning agencies may base their plans.

John S. Redditt, Chairman, Texas Highway Commission; Dr. L. A. Woods, State Superintendent of Public Instruction; Senator Allan Shivers were among the high officials expressing their favor of the Good Roads Amendment.

Fruit Collected For Buckner Orphans Home

The Baptist church is sending a fruit box to Buckner's Orphan's Home. The box is at the Hosh Grocery Store and anyone who desires may contribute and all members of the Baptist church are especially urged to give such things as canned peaches, preserves, etc.

The many friends of Mr. E. N. Voss will regret to learn that he is seriously ill at his home. Mr. Voss who is in his 89th year has been in failing health for several years. His eyesight also has not been good for a long time but he was able to get about over the house in a wheel chair and enjoy his radio until his present illness.

Hayes Hefner and wife visited with Mr. and Mrs. Vernon Oakes at Lubbock last week-end and attended the very interesting football game between Texas Tech and Baylor University on Saturday.

Street Paving Nears Completion

Within the last week the street paving has taken on a new phase. The tar and equipment to put it down with have arrived and before another week goes by all the streets that are ready for the topping will be finished.

All the streets around the hospital and the first street north of Main Street, except a little over a block, will be completed this week. Next week the street running to the Baptist and Methodist churches will be completed. In all there will be 15 1/2 blocks of streets paved. This is the beginning of a project we don't want to see stopped now. There are lots of street that need paving yet and if all of you will take a drive over the roads that have been finished you will see what we mean. We would like to see all the main streets finished like these are before the project is brought to a close.

There are a lot of improvements in store for Santa Anna in the future and this paving is the beginning. Some of the things at the present time are almost a dream, but it hasn't been long since this street paving was only a dream also.

The Chamber of Commerce and the city officials have been working together on this project and a lot of hard work has been done and time has been spent getting these streets completed. With materials so hard to get and the labor shortage like it is the city and the Chamber of Commerce should be commended very highly for the way they have managed to get the part done that has been completed. Now we would like to see the high school street being put in shape for the pavement to be put on it.

County Livestock Show Is Planned

Robert I. Bowen Jr. has been named general chairman of the Coleman County Livestock show to be held in Coleman January 20-21, 1947. The show will be held in a building that has been acquired from the Coleman Flying School for the permanent use as a livestock building.

With the acquisition of permanent structures at the former flying field by the Coleman County Breeder-Feeder association, the necessary facilities for a big show is available, and the 1947 edition of the event will surpass anything ever held in Coleman. The livestock entries for all three divisions - Adult, FFA and 4-H Club, and Open - will be on the ground on the evening of Sunday, January 19, ready for the judging which will begin promptly at 9 a. m. Monday, January 20. The annual auction sale will be staged Tuesday, January 21.

Serving under Bowen will be John Will Vance, vice-chairman; Joe Tinney, secretary-treasurer, and the general arrangements committee: Frank Gillespie, chairman, Jack Horne, Clyde Thate, Carter Dibrell, Jr. and Hardy Stewardson.

Mountaineers To Meet Ballinger on Local Grid Tonight

This week the local Mountaineer team will meet the Ballinger Bearcats on the home field. The Bearcats have been the leading contenders for the District 9-A title for several years. The Mountaineers are out this year to stop the Bearcats and to show them that we are going to be in the running for that title also.

Last week the Winters Blizzards beat the Mountaineers by a pretty bad score. The boys just dug up against something that they had never seen before and couldn't figure out a way to stop them. The Winters eleven had a pass to left end and a play through center that it will be hard for any team to stop for long. They really capitalized on these two plays and therefore the outcome of the game was disastrous to our team. This week the boys will be right in there fighting for all they are worth to redeem themselves.

There was the largest crowd at the game Friday night that has been at any game at Santa Anna in a long time. Some of the crowd came from Coleman but was the best turnout from here and the surrounding communities this year so far. The football spirit seems to be getting ahold of more each game. The crowd in the stands were making more noise than this writer has heard at any of the games. We are glad to see this. We want more people to come out to the games and let the boys know that the town is backing them with all they have, and that they are interested enough to come out and watch the games. Even though they may not win all the games the boys are out there putting their hearts and souls into it and it helps them a lot to know that the people here in town are interested enough to come out and see what they are doing.

This will be the last game to be played here for the next four weeks. The next game to be played here is the game with Coleman on November 28 in the afternoon. Let's don't let the boys down in this last game at home for some time to come. Let's all be there.

The following named men are to report to the east gate at 6:45 to help take up and sell tickets. Cliff Herndon, Neal Oakes, O. L. Cheaney, Ronnie Milligan, A. T. Stewardson, George Cobb and George Johnson.

County REA Gets New Allotment

Coleman County Electric Cooperative, Inc. announce they have just received another allotment for an additional 553 miles of line in the amount of \$590,000 to serve approximately 900 members. \$287,000 was received on June of this year to build 260 miles for approximately 480 members.

"We have been trying since June to purchase material, and to date we have been able to obtain about \$30,000 worth of pole hardware. Amerductor, conductor, copper wire for grounding poles, anchors and transformers are just not available anywhere at present. Poles are available at last. If and when these items are available, we will be able to let a contract and proceed very rapidly as contractors seem to be very plentiful and anxious to get to work," said Mr. S. R. Hale, manager of Coleman County R. E. A.

"We want to insist on every family that wants the service, and has not made application to call at the R. E. A. office and make the application and right of way easement. We have so many already on file we would not know which way to start to make applications for those who have not made them.

Service will be rendered to each family in the bounds of the Coleman County R. E. A. as rapidly as material is made available.

State Department Of Health Letter

From a health standpoint, life after forty begins to be more complicated for the average individual, than it was in his earlier years. According to Dr. Geo. W. Cox, State Health Officer, the principal health foes confronting people in middle life are heart disease, cancer, kidney disease, high blood pressure, hardening of the arteries, apoplexy, diabetes, and arthritis.

Middle aged people of today are healthier than were those of preceding generations, and the present generation, when they reach middle age, should enjoy even better health than their parents of today.

Medical care in middle life has two important phases. The first is going to a doctor at regular intervals for a complete physical checkup, whether or not there have been symptoms that suggest the need for medical attention. The second is prompt attention to any illness which may mean the difference between prompt recovery and continued good health and prolonged invalidism. It is difficult to say which of these phases is the more important.

It has been found that men and women who faithfully pursue the habit of regular health examinations and who follow the advice arising from them tend to live longer, more satisfactorily, and freer from disease than those who simply take a chance and go to the doctor only when pain or disability forces them to give up their normal activities.

It is also a fact that many diseases of middle age respond whereas if neglected until later stages they often cause permanent invalidism and even death.

Good advice for persons over forty is that they have regular physical examinations and obtain prompt medical attention for any and all illnesses.

D. L. Davis visited his daughter, Mrs. W. A. Fry and family in Brady last week.

Mr. and Mrs. Clarence Holland moved last week to Brownwood where they had bought a home near the recently purchased home of their son Raymond.

Here's one time it doesn't pay to be foxy!

REMEMBER the old fable of the fox who wanted some grapes that were high on a vine? After vainly jumping for them a few times, he quit and said, "Oh well, those grapes are sour. I don't really want them anyway."

Sound familiar? Aren't you sometimes like that fox when it comes to putting away money for the things you want? You save for a while, then when things become difficult, you quit. You say to yourself, "Oh well, my savings would never amount to much anyway."

You're wrong there! Under the Payroll Savings Plan, your savings *really* accumulate. As little as \$3.75 put into U. S. Bonds through Payroll Savings every week will grow into \$1004.20 in five years —\$2163.75 in ten years! Higher weekly savings pile up even more.

And think of what those dollars will buy—a new car, many new home appliances, a good education for your children. They can even be a substantial down payment on a fine home, too.

Keep saving! So... don't be a "foxy" about your "grapes." Save for the things you want in the future, through regular Payroll Savings!

By Mrs. Beula Kingston

Quite a number of friends from here attended the funeral services of Mr. and Mrs. Art Orr at Santa Anna last Tuesday afternoon. If you never attended a double funeral of husband and wife, you can't imagine the seriousness of such a gathering.

Mrs. Willie Mae Colson of Brownwood and her brother, Earl Johnson, of Lovington, New Mexico, visited their cousin, Mr. and Mrs. Charlie Thompson Thursday.

They will be missed at church too, as they were so good to come. And speaking of church, where were you Sunday night? I didn't see you there, only 16 present. Let's see if we can't do better next Sunday night.

Darrell Holland and family Jack Holland and family, Boots McClure, Johnnie James and family, and other relatives around here were guests of Eugene James and family Sunday.

BOYS AND GIRLS IN 4-H CLUBS

are doing a grand job... they are learning how to be better farmers and homemakers through extension courses and practical experience.

County agents report that young members of 4-H Clubs are using Reddy Kilowatt to provide clean, cool and comfortable living quarters for their meat animals.

The cost of electric power to increase and assure better production on farms is low—and the small investment in electric help means considerable in increased income at the market.

Reddy Kilowatt and the 4-H Club boys and girls are planning tomorrow's farm management as a more promising vocation for trained men and women.

SIX WEEKS GRADES

One sixth of the school year is gone and you have received those cards that tell off on you. Was your family pleased or displeased when you showed it to them? From the expressions on some of the students' faces when they got them, it is quite evident that their parents were not pleased.

During this six weeks there have been some exciting activities. In addition to this you should have spent more time on World History, Geometry, Short-hand, or whatever subjects you take. If you are not careful, you will be enjoying the activities of high school more than four years.

The very best news I have heard in ages was that not one single student made an unsatisfactory department grade. Don't you think that is remarkable? If you did it once, you can surely do it again.

SIX WEEKS TEST

Bill went to his teacher the day after receiving his report card and asked her why he did not pass. He told her he had handed in his home work each day and made average grades on his weekly tests. The teacher agreed with all he said. But Bill forgot something very important. When six weeks came rolling around he was unusually busy and could not find time to study for test. Bill made 34 and 48 on two of his six weeks tests. Today Bill is sorry he did not take time to study. He was a star football player but he isn't seen on the lineup any more. Six weeks will come around again, but if Bill does not watch out he will fall again.

Many students at Santa Anna high school did the same as Bill. They were disappointed too, when they got their report card. It takes plenty of determination to pass and many of us lack that. Let's each of us make up our mind that next six weeks we will pass. If we make a D this time then bring it up to passing next time and even though we

may have made a B, try to make a higher grade next time. Some of us do make good grades. With determination and co-operation we all can be happy with good grades.

FOOTBALL NEWS

Winters beat the Santa Anna Mountaineers on the Mountaineer gridiron, Friday, October 18. In the first half, Winters made 10 first downs and scored four touchdowns, while Santa Anna made one first down. Santa Anna attempted several passes but they were all incomplete.

During the last half, the Santa Anna team made considerable improvement. They made eight first downs and completed four out of the 14 passes attempted, while Winters made five first downs and completed two out of four passes.

Santa Anna's punter, Arthur Talley, averaged 40 yards and Winters averaged 32. Winters scored twice early in the third quarter and Santa Anna scored late in the third quarter when Gene Sherrod carried the ball through center.

When the game ended the score was 39-6 in favor of Winters.

THE INQUIRING REPORTER

Question: What is your reaction to the suicide of Goering of the other nazi criminals?

Craig Douglas: I think they should have been hung but I don't think everyone should be so happy about it. I think there is something wrong in their minds to have made them so inhuman.

Evelyn Zenor: I think they should have been hung but that they should have waited just a little longer to do it. I think they should have gone on and hung Goering even after his death by his own hand.

Lois Gaay Haynes: I think Goering should have been hung because of the cruel things he had done to the soldiers and their families of the U. S. I do not think the other criminals should have been hung at the same time Goering was supposed to have been hung but soon afterward.

Jack Carroll: I think they did right in hanging them. It seems that some of Goering's family must have slipped him the poison.

Jonie Hartman: I think it is a good thing they were hung. I think they should try to find out who slipped the poison to Goering.

Bonnie Jean Rushing: I think hanging them was a good thing and they got their deserved rights. I think Goering just couldn't face the people, sort of a coward, so he committed suicide.

Audrey Robbins: I think justice was done in hanging them but they weren't hung soon enough. I think that if I had been about to be hung by my enemies I would have committed suicide as Goering did.

Mr. Whitaker: I had no emotional feeling whatsoever. I figured it was just a court order beyond my jurisdiction and they were justly punished and not too severely punished.

DISASTER

Disaster struck Santa Anna's

ball club last week when Maurice Kingsbery, main passer, was injured in practice. Kingsbery, who is suffering from an injured hip, will probably be playing again before the season is over. Since Kingsbery was unable to play last Friday night, James England and Howard Lovelady substituted as chief passers for the Mountaineer team. They did a good job.

We suffered another great loss when our punter, Arthur Talley, was injured Monday evening during football practice. We hope he will be playing on the Mountaineer team Friday night against Ballinger.

PERSONALITY

Hold on guys and gals, we now present to you the "center" of attraction from every group, King Auestead!

King is one of those wild Mountaineer football players, on the first string as center.

He is noted for his wonderful personality and ability to get along with people, especially girls.

King has been attending school in Santa Anna for three years and last year was also on the football team in the same position.

King has many "likes." His favorite person is his mother and he likes all the girls in S. A. H. S. Jane Russell and Lana Turner are his favorite movie stars. Mrs. I. Williamson is his favorite teacher, with typing his best subject.

When asked his main dislike he solemnly replied "geometry."

King is 6 ft. tall, weighs 148 pounds and has brown hair and green eyes, also he is usually smiling.

King is an all around good Mountaineer. Here's luck to you, Auestead.

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for October 27

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education, used by permission.

PAUL'S WIDENING FIELD OF SERVICE

LESSON TEXT—Acts 13:1-5, 13, 14, 44-46, 48, 49; 14:26, 27.

MEMORY SELECTION—But when it pleased God . . . to reveal his Son in me, that I might preach him among the heathen.—Galatians 1:15, 16.

God uses men to accomplish his high and holy purpose of preaching the gospel in all the world. They must, however, be men who have been called by the Holy Spirit, prepared and sent out by him. They must be willing to labor and to sacrifice without limit for his glory.

Paul was such a man, and as we study the widening sphere of his service and influence, we catch a vision of what missions should mean in the church.

I. A Missionary Call (Acts 13:1-4). Much discussed among earnest Christians is the question of what constitutes a missionary call.

The need must be brought home to the individual believer's heart by the Holy Spirit, and he must give a conviction that one is to go out to meet that need.

Note that the call came through a live, active and well-equipped church in Antioch, a city of Syria. It was a cosmopolitan church—read the names of those who served there. They were of many nationalities and of various occupations and social positions. In the midst of that group were two exceptionally able preachers, Barnabas and Paul. They all loved the Lord and served him.

To such a church the Holy Spirit can speak, be heard and obeyed. Notice that they gave of their best, at the direction of the Spirit, not withholding it for themselves (cf. II Sam. 24:24). God wants our best. Sent forth by the Holy Spirit these men went promptly and willingly. Why should the Lord have to plead, and prod, and wait for his people to obey him?

II. A Missionary Conquest (Acts 13:4, 5, 13, 14, 44-46, 48, 49). To trace this first missionary journey it is well to look at the map illustrating the Acts and epistles at the back of most Bibles.

It will appear at once that it was not an easy itinerary these men undertook. It involved travel by sea, through difficult country, and often among hostile and hateful peoples. God does not call his servants to an air-conditioned arm-chair evangelism. His Word must go out where it has never been heard, and that means pioneering among the most backward of peoples, the neediest of this earth. It means working in rescue missions, in thankless and difficult pastorates; yes, anywhere the Divine Executive, the Holy Spirit, may direct.

Paul met both popularity and persecution, and that not far apart. After the experience of acceptance and rejection on the island of Cyprus (Acts 13:7, 8), Barnabas and Paul went to Antioch in Pisidia (a different city than Antioch in Syria; see map). Here they were invited to preach in the synagogue and Paul was blessed in the presentation of a powerful gospel message. Read it in Acts 13:16-41. It met with such a response that the people besought that these words might be preached to them the next Sabbath (v. 42). So great was the popularity of Paul's message that the whole city came the next Sabbath "to hear the Word of God." What a wonderful sight that must have been.

But wait—there is something else here beside popularity, and its name is jealousy (v. 45). It caused the Jews to blaspheme as they contradicted Paul's preaching.

Jealousy always makes a fool out of the one who yields to it. Yet this green-eyed monster is permitted to go right on hindering the work of God. The result in this case was that Paul turned from the Jews to the Gentiles with the gospel, to their great joy and delight. This is a great turning point in the history of the church.

Now the preachers turn homeward to Antioch in Syria, and there they had

III. A Missionary Conference (Acts 14:26, 27).

Nothing stimulates missionary giving, and praying, and going in a local church like a live missionary conference, where those who have been on the field come back and tell what the Lord has done as they went out to serve him.

Whom News SPECIAL NOTICE

Mrs. H. A. Shirley, a returned missionary from Africa will speak at the Nazarene church here Monday night, October 28. Mrs. Shirley spent 40 years as a missionary in Africa, and we feel should be qualified to tell many interesting things. The pastor, Rev. Nellie Hill, says we were very fortunate in having her come to a small community and church as this, and urges everyone who possibly can to come and hear her speak Monday night, October 28.

Mr. and Mrs. Oscar Lovelady and Mr. Gus Fiveash attended the funeral of Mrs. Bontly in Coleman Sunday afternoon.

Mr. and Mrs. Henry Smith visited Sunday afternoon with Mr. and Mrs. Tom Rutherford and children and also Mrs. George Rutherford spent Sunday with them.

Mrs. Tom Cooper spent Friday with Mr. and Mrs. George Rutherford and children.

The party for Mr. and Mrs. Lee Fiveash and children and Mr. and Mrs. Morgan and children was attended by a large crowd at the school house Saturday night. Each family was presented with a lovely set of dishes as a token of remembrance from the entire community. Both families will be moving from our community in the near future. Mr. and Mrs. Lee Fiveash have sold their home here and are moving to Santa Anna. Mr. and Mrs. French have purchased a home at Concord, near Bangs. We always hate to see our friends move from our little community, but expect some other place to profit by our loss.

Mr. and Mrs. Dick Deal and family attended a football game in Brady Saturday night.

Friends will be glad with Mr. and Mrs. Buster Wallace over him.

It is good to know that what the Lord led men out to do has been fulfilled. That completes the circle of divine guidance and blessing, and strongly encourages us to go again—and others to go for the first time—to do missionary work for God.

The church which does not have such an annual missionary conference misses a blessing and an opportunity for enlarged vision and service. No pastor or church can afford to miss such an open door for the working of the Holy Spirit of God.

Amusement Park In Brownwood

"According to the Good Book," says B. C. McDonald, spokesman for Brownwood Amusement Park, "A little child shall lead them."

"We accept this scripture quotation in all its solemnity and hold it sacred," McDonald said. "Yet," he added, "Going from the sublime to the ridiculous, as it were, we are operating a recreational amusement park with all the facilities for good clean amusement for all ages, and cordially invite kiddies and youngsters to bring their parents out for a couple of enjoyable hours where home drudgery, worries, grumpiness and such like will be forgotten for the evening and maybe forever." Brownwood Amusement Park is located a few blocks from downtown Brownwood, on the Ft. Worth highway, where there is plenty of parking space. Among the attractions will be found a giant ferris wheel, merry-go-round, kiddie rides and others including the newest and latest in major riding devices, what is called a "splitfire," which is a newfangled contraption that looks like dive bombers, takes the riders high up and over at a mile a minute clip, finally landing them safely on terra firma amid many squeals of excitement, both by the riders

and spectators as well. Yes, there are hot dogs, hamburgers, popcorn, snow cones, lemonade and in fact everything that goes to make a circus or carnival, so youngsters, bring your parents out for an evening of "forgetfulness" to Brownwood Amusement Park."

From where I sit... by Joe Marsli

On Playing the Fiddle Badly

A favorite recreation in our town is getting together in one or another's home and making music. There's somebody at the piano; a guitar; a fiddle player; and Molly Birtles even has a harp!

What comes out isn't the best music in the whole world. In fact, a lot of it is downright bad. But nobody even thinks to question or to criticize.

Because the spirit of harmony is there--harmony between folks who like each other's company, who enjoy the simple, homey atmosphere

--with nothing more exciting than old songs, and a glass of moderate beer or cider.

From where I sit, it's a heap more important to be a poor fiddle player, than not to play at all. More important to be a part of the American scene--with its community music, home entertainment, friendly glass of beer--than to hold out for professional perfection. (Besides, I like to play the fiddle--even badly!)

4-H Rally In Coleman Saturday, October 19th

"Living by the 4 H's in the 4-H Pledge will lead to a fifth H which stands for 'Happiness'" according to Mr. D. E. Lovelace, county superintendent, when he, as guest speaker, addressed some 125 4-H boys and girls, their parents, sponsors and visitors from 12 4-H Clubs and communities of the county at the County 4-H Rally held Saturday, October 19, in the American Legion Hall in Coleman.

Master of ceremonies for the afternoon was Mr. Joe Glover, county agricultural agent. The 4-H Motto, Pledge and Prayer were led by Doris Beeler of Coleman. Cleo Belle Biggs of Brown Ranch, led the group singing, which included a novelty song, "Do Your Ears Hang Low?" George Green, Jr., of Buffalo read a story "The King's Daughter" while the audience provided the sound effects.

Speaking to the rural youth was easy for Mr. Lovelace, who has spent many years on a farm. He encouraged the boys and girls to take advantage of the 4-H organizations, because by the improvement of their land, hands, heart, and health, they will reap a fifth H which is Happiness.

To show the effective use of panel discussions, Mrs. R. S. Adian, who is co-chairman of 4-H sponsors, demonstrated with the assistance of Maurine Fenton, Doris Beeler, Max Eubanks and George Green, Jr., using mimeographed sheets provided so that the audience could agree or disagree to such statements. This discussion was open to members of the audience. The panel and discussion ideas were a result of the Texas 4-H Round-Up at College Station, in August, the participants in the demonstration having attended the Texas 4-H Round-Up.

Earlene Boatright, county Gold Star Girl, and Peggy Throgmorton, winner of second place in the contest, were presented ribbons and gifts at the rally. 4-H achievement pins were presented for outstanding work done during the past two years. Some 25 girls had qualified to receive one pin. Several received two pins. Mr. E. W. Scott, principal of Coleman high school, ran the film, "The Home Place", which

Special Ceremonies For Navy Dead

New Orleans.—Special flower ceremonies with contributions of single blooms from each donor will again mark memorial services on Navy Day, Eight Naval District Headquarters announced here today.

Participants were asked to send one blossom or bud, preferably wild or home grown, and to avoid sending flowers purchased for more than a modest sum.

Flowers received at designated ports before midnight, Saturday, October 26, will be put aboard Navy ships or planes and scattered over the oceans in expression of the sentiments of a grateful world.

Appropriate all-faith services will be held before the take-off and ships and planes will proceed out of sight of land to scatter their floral offerings, the Navy said.

Sponsored by the Navy League, official sponsor of Navy Day, the ceremony will be observed in the continental limits and in Alaska, Pearl Harbor, Guam, Manila, San Juan, the Canal Zone, Samoa and the Virgin Islands. Flowers from the United States will not be delivered to port overseas, since ports outside the continental limits have been designated for local observances only, the Navy explained.

In the eight states of the Eighth Naval District (Alabama, Arkansas, Louisiana, Mississippi, Oklahoma, Tennessee, Texas, and extreme Northwest Florida), the ports of Mobile, Ala., Corpus Christi, Texas, and Pensacola, Florida have been designated as receiving spots for flowers. Blossoms should be sent in care of the Senior U. S. Navy Chaplain at the closest of the three ports, district officials said.
