"He Profits Most Who Serves Best"

VOLUME LXI

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, FEBRUARY 14, 1947

NUMBER 7

## Looking round

BY THE EDITOR

### FISHER'S COLUMN

Through a mistake a part of Congressman Fisher's column was left out of the regular place. The finish of the article will be found elsewhere in the paper headed "Fisher's Column."

### GILMER BILL

Among the many bills dropped in the legislative hopper at Austin seeking to cure the evils inherent in strikes is one relating to strikes by utility employees introduced by the Honorable Claud Gilmer of Rock Springs, Speaker of the House of Representatives during the last regular session.

Mr. Gilmer's bill applies only to water, gas and electric utilities and proceeds on the theory that the maintenance of water, gas and electric services are absolutely essential to the life, health and safety of the people, and that it is the duty of the state to prevent any person or group of persons from wilfully destroying or damaging the facilities used in rendering the service.

His bill further provides that although any employee or group of employees have the right to strike or quit work at will, it shall be unlawful for any person or persons, whether employees or not, to interfere with ingress or egress of any employees to, or from any property of any utility by picketing, or to harass or intimidate any employees who are willing to work in order that the services may be maintained.

Under the terms of the Gilmer bill, it is a felony punishable by a penitentiary sentence for any person to wilfully wreck, destroy, or sabotage any plant, equipment or facility of a water, gas, or electric utility.

Mr. Gilmer's bill applies to utilities furnishing water, gas and electric service whether the utility be a private corporation, a municipality or a state agency, such as a River Authority.

### SANTA ANNA GRADE SCHOOL CONDITION ANNOUNCED

Below is a complete report of the findings of the condition of the Grade School building here in Santa Anna. This letter was sent to several members of the school board and the copy below is furnished this office by one of the members.

It is hoped that in publishing this article that the public of this trade territory will realize the condition of the school that the children are having to attend.

As I understand it, the school board has awarded a contract to Mr. David S. Castle of Abilene to repair the building for the time being, and when he gets the repairing completed, the building will be in condition for use for the remainder of this school term.

To: Mr. E. A. Kattner, Supt. of Schools, Santa Anna Independent School District, Santa Anna, Texas.

Subject: Inspection of Grade School building, Santa Anna Independent School District, Santa Anna, Texas.

Arnold Wittmann, director, Division of School Plant and Structural Safety, State Department of Education.

On January 27, 1947, beginning at 10 a.m. a complete physical inspection was made of the Grade School Building, Santa Anna Independent School District, Santa Anna, Texas, by the writer. The following is a report of the inspection. All or any part of this report, at the discretion of the Board, may be published.

Findings: (numbered paragraphs herein correspond to

## The Lions Roar

A general discussion of a softball league being formed here to entertain through the summer months was the main discussion at the Lions Club Tuesday at the regular meeting.

The Senior Scouts were guests of the club and a nice descriptive talk was given, about the Scouts by their assistant director, T. G. Gilmore.

There were 58 members present.

numbered paragraphs in faults of findings and in recommendations):

1. The writer wishes to commend the school board, the superintendent, and many other school patrons on their far-sightedness in safety and on their improvement in their progressive educational program.

2. The design of the roof is questionable.

3. The building has one wooden stairway which does not comply with the Texas school building law.

4. The classrooms do not have any form of fresh air intakes.

5. The classrooms do not have any foul air exhausts.

6. All classroom doors open inward.

7. The window stools are less than 3'-6" above the floor line, and the tops of the windows are more than 6" from the ceiling line.

8. There are 4 water closets and one lavatory in each toilet room. There appears to be no ventilation in this room.

9. The water closets do not comply with the Texas sanitary law.

10. There is insufficient glass area in the classrooms.

11. The building indicates many structural cracks in the interior and exterior masonry walls.

12. There are many outstanding structural cracks in the exterior foundation walls.

13. The exterior southwest corner wall has a considerable bulge. If this wall continues to fail, there will be an entire roof collapse.

14. The building has small tension rods running in various directions.

15. The building is being heated by natural gas fuel, and the supply lines run under and throughout the building to the gas burning units.

16. The gas supply line is not equipped with a low pressure cut-off.

17. The gas-fired space unit heaters are not acceptable as approved heaters.

18. The walls and floors are unprotected from the radiant heat of the units.

19. The wooden floors are saturated with oil.

20. All ceilings are of the beaded-ceiling type.

21. The artificial illumination system consists of two lamps to four lamps in each classroom.

22. The majority of classrooms and the corridors have cracked plastered walls.

23. Portions of the present wiring system are dangerous from the standpoint of fire safety.

24. There is a storage closet under each staircase.

25. Two interior classroom windows are located in the classroom corridor walls six or eight feet above the stairs.

26. The radial corridors are approximately 5'-6" wide in the clear.

27. The coat strips in the corridor consist of nails protruding from the walls.

28. Exterior doors are not provided with panic hardware.

29. The building has two wooden attached fire escapes and one metal spiral fire escape.

30. Water closets are of the "senior" size.

31. The drinking fountains are of the insanitary type.

32. A dry well, approximately ten feet deep, with removable top, is near the southeast corner of the building.

33. Dangerous electrical wiring and sharp metal edges are in

## Coleman County Shows Grand Champ Carlot of Lambs at Houston Show

the front and rear of the building.

34. An old bench with protruding nail heads is adjacent to the southeast corner of the building.

35. The two front classrooms have concrete floors.

36. Blackboards are around three walls in most of the classrooms.

37. The widths and shapes of some of the classrooms are not conducive to a first class educational program.

38. Classroom windows are equipped with single roller window shades.

39. Building is situated approximately 100 yards from a railroad track.

40. This ten-room, tin roof, heavily stuccoed, wall bearing, semi-fireproof building, approximately 60 years old, houses 330 grade school children from the first through the eighth grade.

FAULTS OF FINDINGS (numbered paragraphs herein correspond to numbered paragraphs in findings and in recommendations):

1. Nothing.

2. The perpendicular supports are insufficient as far as support is concerned. The imposed roof loads have created bends and warpings in such numbers.

3. According to Article 2920, "All school buildings of two or more stories shall be provided with not less than two widely separated flights of stairs, and no stair shall have winding treads, but every tread shall be full width and turns be made flat landings not less than four feet wide, and there shall be one such landing between floors. All stairs shall have a handrail on each side and of such size and so placed that it can be held easily by the pupils using stairs."

4. The School Building Law provides that every classroom shall be provided with an efficient apparatus whereby in cold weather a supply of thirty (30) cubic feet of fresh air per minute—warm air—shall be provided to each pupil.

5. The School Building Law provides that every classroom shall be provided with exhaust flue or flues, with inlets at or near the floor line, so arranged as to effectively carry out of the room the cold and impure air without placing an pupil in a disagreeable draft.

6. The School Building Law states that "All outside doors and all doors leading from classrooms or study halls shall be hung so as to open outward."

7. The School Building Law states that all classroom or study hall windows shall not come lower than a point three and a half feet from the floor, and shall extend to a point within six inches of the ceiling.

8. Water closets in each toilet room are insufficient, according to Article 5177, "Toilets," which states that water closets shall be supplied in the proportion of one to every 25 male persons, and one to every 20 female persons.

9. The water closets do not have anti-siphonage devices as required by the Texas Sanitary Law.

10. The School Building Law states that the area of clear window surface in classrooms or the study halls shall not be less than one-sixth of the area of the floor space in said classrooms or study halls. The widths and shapes of some of the classrooms do not permit compliance.

11. Some of the structural cracks were caused by additions to existing portions. New masonry sections butted against existing sections will in the majority of cases draw away from the older portions, creating cracks.

Other wall cracks were caused by the rupturing of foundations and footings. The roof erected by improper design undoubtedly held

(Continued on Page 9)

Coleman county boy feeders gained state recognition when the judge, Roy Snider, placed the grand champion ribbon on a carlot of lambs at the Houston Stock Show recently. The 15 lambs were bred in Coleman county, 13 of which were bred by Boyd and J. L. Stewardson of Santa Anna, and the other two by Don Smith of Talpa. Snider stated in making the award that these were the best fitted, groomed and fed lambs that he had ever seen in major shows. The boys exhibiting the lambs were Boyd and J. L. Stewardson, Stanley Cobb and Burgess Stewardson of Santa Anna and Don Smith of Talpa.

Boyd Stewardson won first place in the group of three lambs fitted by one boy; J. L. Stewardson, second; Stanley Cobb, fourth; Don Smith, fifth; and Burgess Stewardson, sixth place.

J. L. Stewardson exhibited the third place Hereford steer in the senior Hereford steer division with Maurice Kingberry exhibiting the tenth place steer and Boyd Stewardson the fifteenth place in the same division.

Other boys exhibiting and selling steers in the Houston show were Freddie Henderson and James Neal Williams. Mr. H. E. Stewardson and Alfred Williams accompanied the boys to Houston and helped them care for the livestock.

The Santa Anna FFA and 4-H boys also won championship with their carlot of lambs in the Brownwood show. The carlot of lambs were fed by Stanley Cobb, Boyd Stewardson, J. L. Stewardson and Burgess Stewardson.

## Interesting Old Newspaper

On last Saturday afternoon, Mr. D. D. Woods who lives in the Mayo community brought to the News office a copy of the Daily Baltimore American, dated November 2, 1908, which we found quite interesting.

Mr. Woods found the copy between the mirror and woodwork of an old time organ, he was taking apart.

The paper was dated the day before the election of William Howard Taft to the presidency of the United States. Running against him on the Democratic ticket was William Jennings Bryan.

A perusal of the paper reveals that people were interested then in about the same things as now, politics, good government, churches and schools. Some awful crimes were reported and even some juvenile delinquency! Announcement was made that Miss Martha Berry of Rome, Ga., founder of the Berry School for boys, an industrial institution, would give several lectures in Baltimore, the following week. The leading citizens, especially the women were backing her work.

The most interesting part of the paper was its advertisements. Some bankrupt sales listed the following bargains, with premium stamps thrown in:

Yard wide black taffeta silk 39c per yard.

Men's blue flannel shirts, 49c.

Yard wide bleached muslin, 4-7-8 cents per yd.

Three pounds shortening 29c.

Lamb stew 5c per pound and picnic hams 8-7-8 cents per lb. Other things in proportion.

Real estate was offered on a par with other things, some substantial homes being offered for as little as a down payment of \$50, and the other to be paid out at rental prices, which were low. This writer remembers, that in Texas also things were cheap at that time but money was scarce, and of course hard to get. Anyway it was interesting to recall to memory some of the things taking place nearly 40 years ago.

## Brady State School Opened

BRADY, Feb. 11 — The first state eleemosynary institution in the Heart of Texas is now open for business and C. M. Tibbitts, business manager of the institution announced today that several girls are expected to arrive this week.

The institution — the Brady State School for Delinquent and Neglected Negro Girls — is the colored counterpart of the State School for girls at Gainesville. The site was formerly the Brady prisoner of war camp, two miles east of the city.

The Brady institution was declared ready for the acceptance of students Monday, County Judge Claude Knight was notified by the Board of Control. Eligible at present to enter delinquent or neglected Negro girls are 65 counties in the state.

Procedure for entering students will be the same as those at the Gainesville State School, but the local institution for colored girls only. "It will be necessary of course, to bring commitment papers, and the girl must be accompanied by a woman attendant," the Board of Control announced.

Until June 1, counties will be required to give the superintendent three days' notice before entering a student.

It has been impossible to date to anticipate the student load for the new school but definite dates have been set for each county to start the movement of students to the school. The county can continue students after the beginning date for that county, but an allotment has been set which the county cannot exceed.

Sixty-five counties had Feb. 10 as admission date, 63 have Feb. 28 and 63 have March 10.

The school was made ready for the students in spite of great damage done recently during the ice storm at which time many lines and connections were disrupted and many pipes frozen and burst. Tibbitts said.

## Apprentice Operator Needed At News

Who Can Fill the Place? We have an opening for an apprentice operator on our Linotype machine at the News office. Age does not amount to as much as being mechanically inclined. At least a high school education, or its equivalent is necessary, if not essential. No use to bother about answering unless you would like to establish yourself in a self-reliant position for the future. It takes time and endurance to learn to operate the machine, and we would not be interested in one for just a short duration. If you feel like undertaking a real place, one that is worthwhile and pays good money when you have learned to do the work, and will resign yourself to the place and do your utmost to learn, we have a good proposition to offer, others please save your time. The place is open to either men or women who desire to learn a good trade and become self supporting. See either of the Greggs' in person for interview and further information.

R. M. Stephenson who has been quite sick and in the Sealy hospital for some time, has improved sufficiently to be moved to the home of his daughter, Mrs. O. L. Cheaney and husband.

C. P. Franchot of New York City visited recently in the home of Elgean Shield and family. Mr. Franchot has extensive oil holdings in Coleman county, including the Burkett and Leigh fields.

Lowell Longbrake of Weslaco in visiting his brother, Dick Longbrake and wife. The three made a trip to Dallas the first part of the week.

## Are You A C of C Member

Members of the Santa Anna Chamber of Commerce have been responsible for a lot of things that have been for the betterment of Santa Anna and territory within the past year. They are the ones that are interested primarily in Santa Anna and think enough of Santa Anna that they invest their money in the town through the Chamber of Commerce.

Any city needs a Chamber of Commerce the same as they need a bank, a newspaper or most any other kind of business establishment. Suppose a party may be planning to come to our town and put in a new business of some sort: who would he go to? The Chamber of Commerce? It is the job of the manager of the chamber to sell the town that he is working for to the prospective newcomer, but that is only one of the many things that the Chamber of Commerce does.

Anyone who was here a year ago can look around (and you don't have to look far) and you can find any number of things that the Chamber of Commerce has done for our city in the past year.

Following is a list of the members of the Chamber of Commerce: L. E. Abernathy, B. T. Vinson, Lloyd Burris, Burton-Lingo Co., Calvin Campbell, Coleman Gas & Oil Co., Sam H. Collier, Corner Drug Store, O. A. Etheredge, Grammer's Dept. Store, Griffin Hatchery, Hotel Santa Anna, Hosh Grocery Co., Hunter Bros., Ladies Shoppe, E. D. McDonald, Owen Bros. Station, Parker Auto Supply, Payne's Variety store, Phillips Drug Co., Piggly Wiggly, Purdy Mercantile Co., Queen Theatre, Santa Anna Gas Co., Santa Anna Hardware Co., Santa Anna National Bank, Santa Anna News, Santa Anna Silica Sand Co., Santa Anna Telephone Co., Santa Anna Wool Ash Service Cafe, Elegean Shield, Western Associate Store, West Texas Utilities Co., B. T. Wiley, and F. C. Williams.

There will be a Chamber of Commerce membership drive in the near future. If you are interested in the future of Santa Anna, don't make the committee call on you. Join now and get in the harness with the rest of the town.

## Crippled Children's Nursing Conference

A crippled children's nursing conference will be held by the orthopedic nurse of the Crippled Children's division, State Department of Health, Austin, at the Coleman County Court House on February 21st. Hours will be from 9-12 and 1-4. Children known to the crippled children's division will be sent letters to attend. Parents of crippled children not known to the division are cordially invited to meet the nurse, February 21st to discuss any plans or problems for future treatment, hospitalization or nursing care.

Mr. and Mrs. Hardy Blue left Tuesday for Opelousas, La., for a short visit with their daughter, Mrs. Oran Henderson and family. The Hendersons will return with them and she and Ora Beth will stay with her parents here for a few weeks while Oran is taking some special studies in Dallas.

Mr. and Mrs. Granville England and little daughter, Sharon, Mr. and Mrs. Herman Estes and daughter, Sue and Mrs. Johnnie Shamblin spent Sunday in the home of Mr. and Mrs. Ernest England.

Mr. and Mrs. Robert Goodloe of Lubbock are visiting with her mother, Mrs. Fred Turner.

## The Texas Public Schools

(ARTICLE 2)

Money to operate the public schools is derived from three sources: Local, state, and federal. During the school year 1945-46, the local school districts contributed 49.6 per cent, the state 47.8 per cent and the Federal government through vocational, Lanham Act, and Hot Lunch Fund appropriations, 2.6 per cent or \$5,512,606.

The state provides money through two sources for the public schools. The Available School Fund is distributed on a per capita apportionment basis and the Equalization Aid appropriation from the General Revenue Fund of the State.

Equalization Aid is made to school districts with a scholastic population of 1250 or less that can show need for special state assistance. The annual appropriation is \$14,000,000 per year for the present biennium ending August 31, 1947. Schools receiving equalization assistance comprise roughly 475,000 scholars and 16,000 teachers. 200,000 children are transported daily from their homes to accredited schools.

The Available School Fund provided a per capita apportionment this year of \$35.00 per child of school age.

What are local communities doing to help educate their own children is a question often asked? Local support has kept ahead of state support consistently although the constitution provides that the legislature shall provide funds for the operation of the public schools for a period of not less than six months. Local school districts last year collected for maintenance and bond purposes \$93,793,161 as compared to the state's contributions of \$71,049,911.

The Legislature in 1945 provided that local school districts could levy an ad valorem tax rate not to exceed \$1.50 on the \$100 of property valuation instead of the maximum of \$1.00. On September 1, 1946, sixty-nine of 1,000 independent school districts were levying the maximum tax of \$1.50; 27 were levying between \$1.25 and \$1.50; 29 were levying \$1.25 and 34 were levying a rate between \$1.00 and \$1.25. This number does not include a very large number of common school districts that also levy a rate above \$1.00 nor the dozens of independent and common school districts that have increased their property valuations for the purpose of paying better teacher's salaries.

Texas ranks sixth in population figures, yet thirty-third in per capita expenditures for the education of her children. What effect does such an inverse ratio have on qualifications and pay of teachers and the opportunities for the best schools possible for Texas boys and girls?

Magnetometers suspended from aircraft and used by the Navy during the war to detect enemy submarines, are now serving a aerial diving rods to discover new oil fields in inaccessible regions.

## Boyce House "Gives You Texas"

It was at Round Rock that Sam Bass met his fate--and I almost did.

I never go through the picturesque little town, 19 miles north of Austin, but I think of an afternoon in the summer of 1934 when, as my car rounded a curve in the old, twisting highway, there was a spot wet from a shower and the machine began skidding. Another auto was approaching and only by the most strenuous effort was I able to avert a collision; then car and I wound up, right side up but in the ditch and on the wrong side--if there is a right side of a ditch to go into.

In case the state associations of history and literature want to mark the spot, you can see it on the old road, off to your right and below you, about 20 yards after you have crossed the big overpass on your way to Austin. A sign in the little town of Slatado, calls the public's attention to the old stage coach inn, established in 1852.

Can you remember, back in Model T days, when Henry's product had only one wind-shield wiper and the driver had to use one hand to operate it?

Paul Bolton, Capital City newspaper-radio commentator, has written a most interesting book, "Governors of Texas." It is artistically illustrated and handsome in appearance.

Senator O'Daniel was quoted by the papers as saying, in substance, that all the Roosevelt legislation ought to be repealed. Among the laws passed during President Roosevelt's administration were social security, guaranty of bank deposits, crop payment to the farmers and old age pensions.

Says a sign in a cafe, coffee is still 5 cents a cup--but we don't fill the cup quite as full.

## Weekly WAA Surplus News

Special types of surplus fire-fighting equipment will be channeled to municipal and volunteer fire departments to combat rising fire losses throughout the nation, WAA has announced. Surplus equipment such as ladder trucks, pumping engines, crash trucks and office of civilian defense type pumps is urgently needed by municipal fire departments to replace old and worn equipment, WAA said. Federal agencies will continue to exercise their priority rights; however, since these agencies do not normally purchase this type of property, municipal and volunteer fire departments will have, in practice, exclusive access to surplus fire-fighting equipment.

More than 7,700,000 pairs of surplus half soles will be offered for sale by WAA at new-reduced fixed prices ranging from six cents to eight cents a pair for the various trade levels. Orders will be accepted concurrently from priority claimants and other buyers, including exporters, from February 15 to March 7, 1947. The half soles are black, made of composition rubber, one-fourth inch thick, in sizes six to 11, inclusive. Any WAA regional office will supply detailed information on the offering.

The Fort Worth regional office of WAA is holding one of the largest sales of electrical equipment and supplies yet to be held in the region. Hundreds of different items of electrical merchandise are included in the sale, which closes February 24. Further information may be obtained from WAA, P. O. Box 1407, Fort Worth.

WAA is concurrently distributing a 16-page booklet entitled "How to Buy or Lease Surplus Real Estate." The purpose of the pamphlet is to guide business, political subdivisions, institu-

tions, banks and other interested organizations and individuals in taking the steps necessary to acquire government owned property. Copies of the booklet may be obtained from any WAA regional office of real property disposal.

Surplus twin-engine Douglas C-47 type transports and single-engine liaison aircraft have been removed from the priorities list by WAA. All such planes are now price-tagged and sold on a first come, first served basis, with no priority certificate necessary. The prices range from \$1,075 to \$1,490 for the smaller craft and \$15,000 to \$40,000 for the larger, depending on model and condition.

## Produce A Bale To The Acre

A bale of cotton per acre? Eugene Butler, editor of the Progressive Farmer, writes how it's done. Special emphasis is placed on the first step in growing cotton--the seedbed. He censures farmers who persist in following the bad practice of burning stalks and Hubam clover straw. "A good stalk cutter," he writes, "can handle this debris with ease." He further points out that fairly deep plowing is the practice of recognized best cotton producers of the state. The lister is highly recommended where soil is subject to blowing. The stalk cutter will also reduce wind erosion since organic matter is mixed with the soil reducing erosive tendencies.

Most of the farmers interviewed stressed use of green manure legumes, such as vetch, in striving for the bale per acre goal.

Mr. and Mrs. Rip Mayo and son, Charles, who have recently moved back to Coleman from Abilene were guests of her parents, Mr. and Mrs. W. E. Vanderford, Sunday.

In its annual orbit around the sun the earth travels an estimated 584 million miles.

Mrs. Ray Caldwell of Rockwood who writes interestingly of the happenings of her community for this paper was a pleasant visitor at the News office Tuesday afternoon. She was returning home from a ten days visit with her sisters, Mrs. C. G. Hardse and Mrs. A. N. Cullum in Dallas. Few changes should be made in feeding hens, and those that are made should be gradual.

### That Ring Around the Bathtub

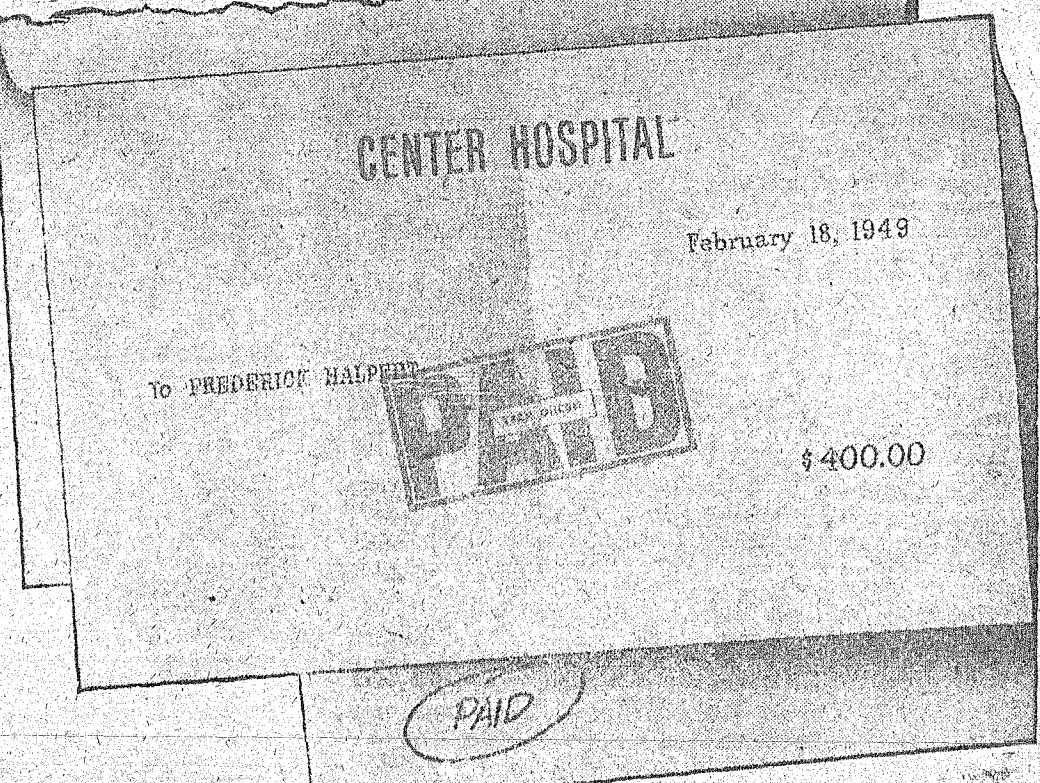

Jeb Crowell blew his top the other day. Seems that for weeks he's been trying to get his youngsters to scrub out the bathtub after using it. And this night he sees two rings around it--one where young Sonny left off, and another about Pinky's level.

He raves and rants--and takes it out on the missus for her lack of discipline. And later that evening he sees her quietly polishing the hardwood table that's right by his chair. She's removing the rings he's left there with his evening glass of beer!

## Burton-Lingo Co.

**Annual F. O. Meeting Last Tuesday In Coleman**

The sixth Annual FO meeting was held Thursday, February 6, in the educational building of the First Baptist church of Coleman.

According to Arvol D. Hays, FHA Supervisor, the meeting began at 10 a.m. Coffee was served

until 10:30 a.m. A group discussion, analysis and review of last year's business lasted until 12:15 noon. The lunch hour lasted from 12:15 until 2:15 p.m. which consisted of a basket luncheon and an informal social hour at which time the exhibits were viewed and many ideas exchanged.

In the afternoon an instructional program on better farm and home management was given

through the use of motion pictures. Three films were shown: "Saving the Garden Crop," "Raindrops and Soil Erosion," and "Over the Rainbow." The showing time of the three films was approximately one hour. The two department films were secured through cooperation of Soil Conservation and the Extension Service. The film "Over the Rainbow" which has just been released was obtained from the Sinclair Refining Company. Mr. Joyce, assistant vocational agriculture teacher, contributed his time and the use of the Coleman high school projector in the showing of these films. Miss Alma W. Lewis, associate FHA supervisor, assisted Mr. Hays in conducting this meeting.

The first Farm Ownership farm purchased in Coleman county was in 1939. Today there are 44 families who have been able to realize the security and happiness of home ownership through the assistance of the Farmers Home Administration. These families have bought and improved 10,079 acres at a total cost of \$341,444 or an average of 220 acres at a cost of \$7,760.

Sales from the 37 farms of the families that filed a return this year grossed \$186,100 and paid \$2,915 in land taxes.

The county committeemen, Mr. Eubank, Mr. Van Dalsem and Mr. Jameson, and wife were in attendance. The committeemen served as receptionists in the morning. At the close of the meeting a review of the day's program was given by Mr. Van Dalsem and Mr. Eubank.

Out of town visitors that attended the meeting were: Mr. Joseph D. McKenzie, district FHA supervisor, Dallas; Mr. Chas B. Williams, FHA supervisor, Stephenville; Mrs. Maude Hooten, associate FHA supervisor, Stephenville; Mr. Sam R. Ellison, FHA supervisor, San Saba; Miss Lillian Ongire, assoc. FHA supervisor, San Saba; and Mrs. Modelle More, assoc. FHA supervisor, Brownwood.

**Rev. G. W Green Succumbs Tuesday**

The Associated Press has announced the death in Kansas City on Tuesday, February 11th of Rev. Guy W. Green, Sr., at the age of 75 years. Rev. Green held a union meeting in Santa Anna several years ago, which was held in the Methodist church. He will be remembered for his superior knowledge of the Bible, being able to quote long chapters from memory. Before becoming an evangelist he was an organizer of baseball teams and editor of the American Hereford Journal. For 20 years he had been an evangelist for the Presbyterian church. He was active to the last, having conducted his last meeting at Clarinda, Iowa, one month before his death.

Mr. and Mrs. Neal Oakes have bought of Mr. and Mrs. R. B. Archer the place near the hospital, formerly known as the F. B. Hill home.

Mr. and Mrs. George England who are living there have bought the old Stephenson home near the mountain and some time ago, Mr. and Mrs. Tom Mills bought the Mrs. Comer Blue place the Oakes family has occupied for two years. The respective owners will occupy the properties when planned improvements are made on each.

Mr. and Mrs. Curtis McMeans of Valera were Sunday night guests of his sister, Mrs. Arthur Talley and family.

After running the other item about Mrs. R. L. Hamiter's illness her condition became worse and she was taken to the Sealy hospital Wednesday afternoon. Her daughter, Mrs. McCoy remains with her and her other daughter, Mrs. Sam Carter, who lives on the plains is expected to come.

Dr. and Mrs. J. E. Brewer and Mrs. Harry Hammond of Brownwood and Mrs. J. E. Hale of Brady were guests last week of Mrs. James Clark and her mother, Mrs. Vera Shield.

Mrs. Ed Spencer received a letter Wednesday from her son, Ed Jr., who is in the Navy and on his way to Okinawa. At time of writing he was leaving Pearl Harbor after a two weeks stay there. He signed up for four years and has served more than half of the time.

**Judges Named at Ft. Worth Stock Show**

Fort Worth, (Spl) The men who will select the finest from the more than 5,000 head of purebred animals at the Southwestern Exposition and Fat Stock Show, March 5-16, were announced by Edgar Deen, general manager.

The judges of each department are:

C. G. Hendry of Paul Spur, Ariz., Hereford breeding classes. Elmer Riffel of Hope, Kan., Polled Hereford breeding classes. A. E. Darlow of Stillwater, Okla., Shorthorn breeding classes. Tim J. Pierce of Creston, Ill., Aberdeen-Angus breeding classes.

A. D. Weber of Manhattan, Kan., fat steers, open classes of all breeds, and boy's baby beef. Dr. Frederic S. Hultz of Laramie, Wyo., sheep breeding classes. J. H. Jones of College Station, Texas, sheep, fat lambs. P. E. Guiley of Uvalde, Texas, Angora goats.

Fred Hale of College Station, swine, breeding classes, and Negro boys' pig show. W. T. Reneker of Chicago, Ill., swine, open class fat barrows, and boys' pig show. F. W. Atkeson of Manhattan, Kan., dairy cattle, Jerseys and Holsteins.

These judges will decide which animals win portions of the \$65,000 in cash premiums for their owners.

Sam H. Collier was a business visitor in Ft. Worth, Monday and Tuesday and visited his sister, Mrs. Will Hall and husband, and his brother, Lewis C. Collier.

Mr. and Mrs. Ben Ewing returned to their home in Waco Wednesday to be gone a few days. They have been here at the bedside of his father, Mr. Don Ewing, who was taken critically ill two weeks or more ago. Mr. Ewing continues very seriously ill at his home with seemingly no improvement in his condition.

John David Harper of Fredericksburg visited Monday with his aunts Misses Ruby and Elsie Lee Harper and other relatives.

Mr. and Mrs. Elmer Flemming and daughter, Tony of Brady paid a surprise visit to W. E. Schulle and family Sunday.

(By Mrs. Beula Kingston)

In fact about all the new I can hear of is colds, sore throats and sinus. Mrs. Oscar Boenike, Mrs. Shield, Mr. Whitley are all feeling too bad to be out any. Went to Sunday School yesterday, but didn't venture out last night for singing.

Mrs. P. D. (Ida) Miller, Mrs. Emma Perry and another lady, all from Bangs, visited Mrs. Glenn Haynes and also Mr. and Mrs. Elmer Haynes a few days ago.

Gray Laughlin spent several days with his nephew, James G. Laughlin and family of Brownwood last week.

Mr. Walter Ford spent last Thursday with his sister, Mrs. C. F. Shield.

That turkey dinner Mr. Lea Dockery had for her children Sunday (they said) tasted just as good as if it was Christmas day. All of her children were there. Something a mother is always proud to have.

Ruth Dean taught school one day last week for Mrs. York.

Mr. and Mrs. Joe Stacy and family visited her parents, Mr.

and Mrs. Oil Martin Sunday afternoon.

Mr. and Mrs. Glenn Haynes and Nancy Jo visited Mr. and Mrs. R. S. Stearns Sunday night.

Walter Stacy was in Brady one day last week. Carrie went as far as Rockwood and spent the day with Mr. and Mrs. Sam Grant and Houston.

Mrs. L. E. Page spent Sunday afternoon with Mrs. Shield and Mrs. Thompson.

Roberta James was dinner guest of Nancy Jo Haynes Sunday.

Mrs. James Ford and her sister, Viola Wagner were given a birthday dinner Sunday by their parents, Mr. and Mrs. Silas Wagner. The two Hibbits girls and Mr. and Mrs. Baxter Rice were guests for the occasion.

Alice Evelyn and Verma May Stearns were supper guests of their aunt, Mr. and Mrs. Walter Stacy and Delray Sunday.

Mrs. Dean and Ruth spent Sunday in the Fred Haynes home.

Miss Sharon Champ of San Angelo spent the weekend in the E. C. Curtis home and attended Sunday school here Sunday.

Visitors at Sunday school Sunday were Cullen Bobo of Brownwood and Joe Sellers of Santa Anna and Pat McClatchy. As I have missed going to Sunday school so much of late I don't know if Pat still comes home every weekend or not.

Joe Stacy and family attended singing here Sunday night, from reports by those who were there, not many came, but singing was good.

Mr. Bill Vaughn visited Mrs. Kingston Monday afternoon.

James Gray Laughlin and family spent Sunday with his parents.

Mr. and Mrs. Walter Stacy and his mother attended church at Cleveland Sunday morning.

Mrs. George Bobo, who has been here with her parents, since the death of Mr. Bobo is moving to Brownwood so she can be with her son, Cullen, who has employment there.

Mrs. Key Bradley and her mother, Mrs. Emma Paulson attended the funeral of Mrs. W. T. Carlisle at Mullen Saturday.

Darvin Lovelady lost his bill-fold Friday night at the musical with car papers and driver's license. Finder please leave at Bradley's store.

Mr. and Mrs. Harry Wilson attended church at Bangs last Sunday.

If from reports by those present the musical put on at the

school house Friday night turned out very well for the weather to have been so bad and so many sick.

The musicians were Ed Zenor from here; Ed Jones and Bob Miller of Bangs; Carl and Carolyn Ray, Auruzy Roberts of Santa Anna. Songs were sung by Carl Ray, Dean Brooks, Dick Jones and his 8-year old daughter.

There will be a PTA meeting Thursday night, February 20th with a George Washington program, every one welcome to come.

**Whon News**

Mrs. Tom Rutherford

Seems like every one in our community has been staying home during the cold weather. If you visit or have visitors that is news. Will you please send me some news for the paper? "Thanks!"

Mr. and Mrs. Charles Bengel and daughter, Laneta visited with Mrs. Bengel's parents, Dr. and Mrs. Cheatham Sunday afternoon of Millersview, Mr. and Mrs. Bengel and children plan to go to Millersview Wednesday to attend a wedding shower for a brother of Mrs. Bengel, Mr. and Mrs. Alec Cheatham of Millersview.

Mr. and Mrs. Charles Bengel and daughter, Laneta visited with Mrs. Bengel's parents, Dr. and Mrs. Cheatham Sunday afternoon of Millersview, Mr. and Mrs. Bengel and children plan to go to Millersview Wednesday to attend a wedding shower for a brother of Mrs. Bengel, Mr. and Mrs. Alec Cheatham of Millersview.

Mr. and Mrs. Charles Bengel and daughter, Laneta visited with Mrs. Bengel's parents, Dr. and Mrs. Cheatham Sunday afternoon of Millersview, Mr. and Mrs. Bengel and children plan to go to Millersview Wednesday to attend a wedding shower for a brother of Mrs. Bengel, Mr. and Mrs. Alec Cheatham of Millersview.

Anna. Mrs. Bert Turney has gone to California to visit two of her sisters, Lily and Nora. She plans to have an indefinite visit. We are sure Mrs. Turney will have many interesting things to tell us when she returns, especially those of us who were never very far from Coleman county.

Since sending in the news last little Jimmie Lee Gill, baby boy of Mr. and Mrs. Warren Gill has had his tonsils removed. He did splendid.

Mr. and Mrs. Howard Lovelady of Rockwood visited Mr. and Mrs. Earl Cozart Sunday.

Mr. and Mrs. Giomillion Montgomery, Mrs. George Rutherford and Mrs. Jack Haney went to Pearsall Saturday, to see Mr. George and Bill Rutherford, also, Mr. Montgomery's mother and other relatives, who live in Pearsall.

Mr. and Mrs. Buster Wallace were Brownwood visitors Monday.

Mr. and Mrs. Tom Rutherford were shopping in Santa Anna and Coleman Monday.

Mrs. Earp and children, Orva Gene and Charles Donald of Houston attended church services at the Nazarene church Sunday night. Mr. and Mrs. Earp spent Sunday night with their father, Mr. Zack Bible. Friends remember Mrs. Earp as Juanita Bible.

Mrs. Oliver of Lubbock is visiting her father, Mr. Wesley Tennyson. Mrs. Oliver is the former Cora Mabel Tennyson.

Mr. and Mrs. Etoile Cozart and son, Dwan visited until bedtime Saturday night with Mr. and Mrs. Tom Rutherford.

Mr. and Mrs. Jackson, the school principal here have their

daughter visiting them, she arrived Sunday.

Mrs. Mary Bible is in Brownwood at the bedside of her mother, Mrs. Peebles, who is seriously ill.

Mr. and Mrs. Etoile Cozart and Mr. and Mrs. Gene Deal were shopping in Santa Anna Saturday.

Mr. and Mrs. Ben Smith went to Coleman Saturday. Their son

and wife are moving to Coleman from Iraan.

Mr. J. J. Winger, who has been in poor health lately was taken to the Sealy hospital, on Monday, where he is reported to be getting along very well. "Dad Winger" as he is familiarly known makes his home with his daughter, Mrs. Will Parker and husband.

Mr. and Mrs. Ben Smith went to Coleman Saturday. Their son

and wife are moving to Coleman from Iraan.

**GRIFFIN TURKEY FARM**  
SANTA ANNA, TEXAS

Dear Sir:  
We are glad to have this opportunity to send you our folder to better acquaint you with our turkey farm and our method of doing business.

For several years we have offered poults to the hatchery trade at wholesale prices, but until this year we have only had enough volume to fill the needs of a few customers. We are in position now to supply your needs for the coming season and are pleased to quote you the following wholesale prices:

- WHOLESALE PRICES DELIVERED**
- 100 ALIVE GUARANTEED**
- Approved Grade Broadbreast Bronze**  
**\$65.00 per 100**
- Certified Grade Broadbreast Bronze**  
**\$75.00 per 100**
- Beltville Small Broadbreast Whites**  
**\$70.00 per 100**

On all orders placed four weeks in advance you may deduct \$1.00 per 100 discount, 25% of the amount should be sent with order and balance 10 days before date of shipment. All poults will be shipped by express unless otherwise requested. We will appreciate your orders and will give them our personal attention.

Yours truly,  
W. B. Griffin

**Mrs. Brodie hits the roof!**

No, no, this isn't a new Atom Bomb! It's merely Mrs. Brodie, after a quiet family conference with Mr. Brodie. Mr. B. made a few sharp remarks about their family budget.

Naturally, Mrs. Brodie hit the roof! And, like the cost of living, her temper kept right on going up and UP!

On the other hand, the cost of electricity, like Mr. Brodie's popularity at home, is going down and DOWN!

The Brodies (and you, too, if yours is an average family) get plenty of electricity for every budget dollar—more than twice as much as 20 years ago!

This domestic bargain took plenty of practical planning and technical skill on the part of your friends and neighbors in this company, under sound business management.

**West Texas Utilities Company**

**PRINTED FORMS**  
FOR THE OFFICE

Neatly printed business forms aid busy workers... do much to make office operations smoother. With the proper printed form there's no omissions... no forgetting. They make existing systems more efficient and speed production. Bring us your business form problems... we can print the forms you need exactly to fit your specifications... for your own individual problems.

EDITORIAL

Two men who have had a striking influence in our national government have birthdays in this month. Abraham Lincoln and George Washington used their influence to make our

nation a democratic nation. What is democracy? Democracy is the form of government in which the supreme power is retained by the people and exercised either directly or indirectly through a system of representation and delegated authority periodically received. As Abe Lincoln said, "It is a government of the people, by the people, and for the people."

Democracy does not apply only to national government. In our school government, we have a democratic system. The Student Council is our system of representation and every year we elect new members to represent us. We accept their decisions as a fair repetition of the privileges of our student body.

WHO'S WHO

This week's Who's Who, brings to you the well liked and very much admired Senior girl, Nancy Ann Flores. Nancy is 16 years old and is about 5 feet 5 inches tall. She has light brown hair and lovely blue eyes.

Nancy's favorite teacher, is Miss Anglin and favorite subject is English. There are lots of things she likes to do for entertainment but the thing that tops them all is listening to Jose Turbi play the piano. Nancy's ideal person is her mother.

Nancy's one dislike is snooty people, however they shouldn't bother her much, because she is known for her sweet dispo-

sition and can get along with almost anyone.

Nancy has been an active member in the homemaking club three years, in the press club two years, and in the Spanish club two years. She was also in the band two years.

After Nancy graduates she plans to start nurses training. We wish her the best of luck.

Well, well, seems like we have that "ole" Senior James England this week. James is a very attractive young man in the Senior class. In fact all around SAHS. He is 5 feet 11 inches in height and is 17 years of age. He has black hair and dark brown eyes.

James has been in high school for 5 years—not because he was dumb—but because he simply liked school, so he says. And of course we believe him.

When James was asked what he liked, he answered with an enthusiastic "sports;" and it seems as if he really means it. As he takes a great interest in them. When he was a '45-'46 Senior, he played on the Mountaineer team as number 86, right halfback, and as a Senior of '46-'47, number 22, left end. And if anyone has seen any football games, they know he was right in the middle of them. He was co-captain of the football team this year, and we feel he was well awarded. He played as number 13 on the basketball team. He stated his other likes as Mexican foods and cowboy songs of which he has many records. He has no dislikes.

Even when James was only a freshman, we found him very active, he was duke of the freshman class, in the Hallowe'en Carnival. President of Sophomore class and vice president of this year's Seniors. He was president of S. Association in 45-46. Also he is the business manager of the Annual staff. Of course all of us in high school know that as he runs around saying "have you bought your Annual?"

For his favorites in life, he thinks Joan Leslie is a grand actress, and Alan Ladd is a top actor. For his favorite in high school, Mrs. I. Williamson, and subject, shorthand. Zane Grey, ranks first as best writer.

When James gets out of high, he plans to join the Navy. James, wherever you go, whatever you do we wish the greatest of happiness and success in life.

GOSSIP

This column this week is featuring the diggings up of the two meanest lil' girls in school, betcha you know with one guess! We have uncovered some amazing facts never before known to SAHS. We see all, know all, and tell all, so look closely, your name is bound to be in here, sooner or later.

It is our understanding that James Medcalf has asked Ruth Cole for a date to the Junior-Senior Banquet, who knows how this beginning will end?

We have been trying to find out who Fern Bengé and Earl Gill asked to the Junior-Senior Banquet. It couldn't be us could it? (not bad).

By the way Coach, we thought Gene Sherrod and Olim Horton were Earl Woodard and Rhoda Pritchard in assembly Friday

morning and on second look we still thought so, but took another when we compared lipstick shades.

Mr. Pettit, did you take note that when you received the big applause in assembly Friday morning. It was mostly girls. (afterwards we saw many bruised hands.)

Miss Anglin and Miss Holt have been sparking two mighty fine looking specimens of manhood, namely, Mr. ??? and Mr. ??.

Maurice seems to be sad, the twinkle in his grey eyes is dulled, he cannot go with the same girl to the Junior-Senior Banquet that he went with last year, she seems to have another.

Oh how drastic! We saw five of the most beautiful dignified Senior girls chauffeuring Henry's limousine around. We understand it just died four times. By the way, Bagby, do you have a driver's license?

We smooth girls are planning a hookey playing. Have a few empty applications, better apply now, supply is limited.

(Take note, Mr. Kattner). SAHS is blessed with 20 beautiful girls. Here's hoping one of you gets first place. I have my doubts.

To conclude this brief statement of facts if this question of mystery. Do you know who Mr. Pettit is taking to the Banquet? If not look in this column next week. Ah, suspense!!  
Toodle-o-o-o-o

F. F. A. NEWS

The Santa Anna FFA boys' entered their projects at the Houston show and placed in everything they entered.

They won first place in the carload lot of lambs, they brought 31c a pound.

The day the lambs arrived at Houston, they had to find and bed down their pens, wash their calves and block their sheep and lambs.

There were none of the calves sifted from the Santa Anna chapter so they go to show all the way through the show. The highest bid on Santa Anna calves was 41c per pound.

SENIOR NEWS

The Seniors have been quite active lately. Our five most beautiful girls as decided last week are Anne Bagby, Tommie Sue Holmes, Zona Douglas, and Reba and Ruby Goodgion. The Seniors class contributed \$5 to the March of Dimes drive last week.

The Senior class has lost another member, Jeannine McCluskey formerly Jeannine Stockard withdrew this week. That leaves our roll at 32.

We are anxiously looking forward to the Junior-Senior ban-

quet, to be given us Friday, the 14 by the Juniors.

THE BLACK LIST

The following members of the Press Club did not hand in their assignments this week: Reba Goodgion, Barbara Bruce, and Jerry Fulton.

BARN DANCE

Did some one say fun? Then they must have been talking about the Barn Dance that the FHA chapter sponsored Saturday night in the Elgean Shield building, where ring games and dancing were enjoyed by all. String music was furnished by James Price and his Band. The purpose of the dance was to raise money for a camp fund.

(Held Over From Last Week)

"S" Club

The "S" Club was called to order by the vice president, Pat Gilmore. Coach Whitaker suggested that the "S" Association adopt a constitution.

We also discussed imitating the new "S" Club members for this year. The date was set for the fifth of February at the High School Auditorium at 7:00 o'clock. The meeting was adjourned. Selected

F. F. A. News

The winners of the Santa Anna Fat Stock Show were:

J. L. Stewardson won first place in Senior Wet Lot Calves. J. L. also won first place in Junior Wet Lot Calves.

J. L. won first place in the Senior Dry Lot Calves and Boyd won first place in Junior Dry Lot.

J. L. won Grand Champion Calf. Maurice Kingsbery won Reserve Champion. J. L. won Grand Champion Lamb and Burgess Stewardson won Reserve Champion Lamb.

Burgess Stewardson won first place in Cross Bred Lambs. J. L. won first place in Southdown Lambs. James Goodwin won first and second place in Fine Wool sheep.

Kenneth Vance won first place in Corridale sheep.

In Memory

In Loving Memory of Billy Who passed away Feb. 10, 1940. Gone is the face we loved so dear, Silent is the voice we loved to hear;

Too far away for sight and speech but not to far for thought to reach.

Sweet to remember him who once was here; and who though absent, is just as dear.

A Sister

Reba, Cadet Nurse

Mr. and Mrs. A. E. Genz and family.

The following attended the Workers Conference which met in Coleman on Thursday of last week with the North Coleman Baptist Church. Rev. S. R. Smith, Mr. and Mrs. Emzy Brown, Mrs. J. F. Goen, Mrs. Ola Niell, Mrs. Seth Risinger, Mrs. John Brown, Mrs. Richard Smith, Mrs. R. W. Douglas, Mrs. Earl Watkins, and Mrs. Dovie Chapman. A good attendance and interesting meeting is reported.

Mrs. C. C. Simmons and Martha and Lawanda Benton of Brownwood spent the week-end with the latter's parents, Mr. and Mrs. G. E. Benton. Lawanda is attending Howard Payne College.

Mr. and Mrs. Hiram Farris returned home Saturday from a stay of two weeks with their son, Willie Farris and family of near Brownwood. He had been very ill but had recovered sufficiently to bring them home and he and family visited with the parents until Sunday.

Go to Church Sunday.

Insist  
new clothes be  
dry cleanable

BEFORE you fall too deeply in love with that new dress, ask "Will it dry clean?" If it won't say "No!" Clothes are too expensive for just a few wearings... and if we can't clean it, it can't be cleaned without injury.

## National and International News Hi-Lights of the Week

The Jewish underground in Palestine declared Sunday night that the hour has arrived for "setting up a Jewish government and creation of an army."

The announcement was made in a broadcast by the illegal radio transmitter operated by the militant Irgun Zvai Leumi Organization.

The broadcast followed rejection by British organizations in the Holy Land of British demand for co-operation in suppressing underground violence.

Peace treaties will be signed Monday for Italy, Romania, Bulgaria, Hungary and Finland, all sadly disillusioned satellites of Germany in World War II.

But even the signing in the famous clock room of the French Foreign Ministry will not finally bring peace. The treaties must be each of the major powers by the United States Senate, for instance—an instrument of ratification must be deposited with the Foreign Ministry here.

Italy, Romania, Hungary and Finland all lose territory, although Romania recovers Transylvania territorially intact and coveting a part of Greece.

World War II peace treaties with Italy, Romania, Hungary, Bulgaria and Finland were signed at the French Foreign Office in Paris, Monday, bringing official peace once more between these countries.

Meanwhile in Rome, more than 25,000 rioting Italians ripped an American flag to shreds and attacked the Yugoslav mission building Monday in protest against signing of the Italian treaty.

Business joined almost to a standstill Monday as China's currency plunged so low that no one would exchange American dollars for it.

The official rate for the Chinese dollars remained 3,350 to 1, but by early afternoon buyers on the black market were offering 14,500 for every United States dollar and were finding no takers.

The latest reported sale was of an ounce of gold for 666,600 Chinese dollars.

Bomb-hurling Jewish extremists fought anti-terrorist Jews in the heart of Tel Aviv Tuesday night in a battle in which at least a dozen persons were injured, reliable private sources said.

It was the first major clash of Jew against Jew in Palestine since British military forces began the enforcement of extraordinary security measures in an effort to stamp out underground violence. The fighting broke out as police and military forces waited tensely for an expected new wave of terrorism.

Legislation to create a first class university for Negroes and keep them barred from state colleges for whites quickly cleared an initial barrier in the Senate Tuesday.

Without dissent, the Senate state affairs committee recommended passage of a bill by Senator Lee Stewart of Houston designed to solve the problem of providing equal educational opportunities for Negroes.

Mr. and Mrs. Rex Golston, Jr. were in Fort Worth, Friday and Saturday of last week, where he took an examination for an officers' commission to re-enter the regular army. He has been on the inactive reserve list.

Mr. and Mrs. C. D. Bruce and their daughter, Evelyn, and Grady Banister were in Houston from Thursday until Sunday taking in the Fat Stock Show. Mr. Bruce exhibited a two year old quarterhorse colt, which he sold for \$600.

Oscar Taylor of Bangs has bought the home of Mrs. Mattie Harper in the southwest part of town, and he and family are moving to the place this week.

Lovell Dick and son, Paul of Abilene visited Sunday with the former's parents, Mr. and Mrs. A. T. Dick.

Mr. E. N. Carpenter has bought the Hamburger Palace and Mrs. Carpenter and daughter are now in charge.

Mrs. Daisy McCoy of Abilene came Monday to be with her mother, Mrs. R. L. Hamiter, who has been quite sick but seems to be getting along very well.

## State Dept. Of Health Letter

AUSTIN — During the past few weeks there has been a general increase in the incidence of mumps throughout the state. There have been 1750 cases reported since January 1, compared with only 896 cases during the same period last year, according to Dr. Geo. W. Cox, state health officer.

Though mumps is one of the common childhood diseases, serious complications may develop, so children should be protected as much as possible from this disease. The usual control procedures such as avoidance of crowds, exclusion from school of all cases or suspected cases and quarantine should be followed. The family physician should always be consulted when a case occurs.

The most easily recognizable characteristic symptom of mumps is a painful swelling of the salivary glands. Sometimes there is an involvement of other portions of the body causing disturbances in the digestive, nervous, circulatory, and genitourinary systems. The disease is usually accompanied by a temperature rise which more often than not is mild.

"The patient suffering with this disease should be isolated from other members of the family immediately upon the suspicion that mumps exists, and the family physician should be called promptly," Dr. Cox advises. "In the meantime, complete rest in bed is indicated. The doctor's orders should be followed strictly. Violating his instructions can lead to serious injury, which may permanently affect the individual's health."

Elean Shield was attending to business in Ft. Worth and Houston several days this week.

## Eureka News

(Mrs. R. W. Aschenbeck) Mr. and Mrs. J. M. Elkins, Mr. and Mrs. R. W. Aschenbeck and Mr. and Mrs. V. W. Curry attended the Workers Conference at the North Coleman Baptist Church in Coleman Thursday.

Mr. and Mrs. V. W. Curry and Mrs. Thelbert Elkins visited Mr. and Mrs. Tom Prease of Bangs Sunday.

Mr. and Mrs. A. N. Lovelace and Mrs. Herman Elkins and daughters Faye and Patsy visited Mr. and Mrs. R. W. Aschenbeck and Jean Sunday.

Mr. and Mrs. Ray Dempsey and daughter visited his parents Mr. and Mrs. Dempsey Sunday.

Mr. and Mrs. Thelbert Elkins of Coleman spent Saturday night and Sunday with their parents, Mr. and Mrs. V. W. Curry and Mr. and Mrs. J. M. Elkins.

Mr. and Mrs. Elmer Sawyer and daughter of Brownwood spent Friday night with his sister and husband, Mr. and Mrs. A. N. Lovelace. Mr. and Mrs. Joe C. Brooks and children visited her parents, Mr. and Mrs. Top Terry.

## Buffalo & Liberty

(By Mrs. Sealy Thacker) Tuesday night Centennial came to Buffalo to play a basketball game. Thanks to Mr. Lowe for the training, the girls defeated the Centennial team 39 to 34. Mr. Harris' boys team defeated them 37 to 17. In a previous game Centennial had defeated our teams.

**DAUGHTER BEATS MOTHER**  
In relieving the discomfort of children's simple chest colds by using Durham's Nu-Mo-Rub, the modern Guaiac-Col-Camphor chest rub. Doctors agree that its 29% Guaiac-Col-Camphor formula is a decided improvement over Mother's old-fashioned Eucalyptus style salves. Try Nu-Mo-Rub for croupy coughs. Double the purchase price refunded if you do not find Nu-Mo-Rub more effective. In 35c and 60c jars at your Druggist or PHILLIPS DRUG CO.

Mr. C. R. Lowe gave a o'possum hunt for the freshman class Wednesday night. The four guest invited were: Fontella Terry, Carlene Thacker, Lennard Harris and Cotton Curry.

The Buffalo buses were broken down Wednesday and Thursday, however, they had school Wednesday and Liberty had school both days.

In a game between Talpa and Buffalo Friday night, our girls defeated the Talpa girls by a score of 29 to 18. The Talpa boys defeated us by 1 point. The score was 25 to 24.

Mr. Charles Lee joined his wife

and baby Saturday night. Mrs. Lee and the baby had been staying with her parents, Mr. and Mrs. Luther Studdard, for the week. They returned to Austin Sunday night.

Mr. and Mrs. E. W. Gober and girls, Mrs. Lolete Wylie, her son, Danny, Leroy Curry and Mr. and Mrs. Luther McCrary and boys spent Sunday with Mr. and Mrs. Edd Gilbert.

Damon McCartney, Jimmy Priest, and L. W. Jennings spent Sunday with Charlie Walton of Liberty. It was Charlie's Birthday.

ATTEND CHURCH SUNDAY

On St. Valentine's Day  
February 14 th.

"Roses are red, Violets are blue  
Flowers will say, It all for you"

There are corsages, pot plants, bouquets and cut flowers to tell her she's the ONE girl in all the world. Mother will appreciate flowers, too.

Order your Valentine Flowers now. If your Valentine is here or 1,000 miles away, we can assure the delivery of fine flowers to them.

The State of Texas  
County of Coleman  
Sheriff's Sale

WHEREAS, on the 6th day of January, 1947, in Cause No. 6820-B, in the District Court of Coleman County, Texas, wherein City of Santa Anna, a municipal corporation was plaintiff, and Santa Anna Independent School District; and State of Texas and County of Coleman as Intervenor recovered judgment against H. B. Mason and Sam Collier, Defendants, for taxes, penalty, interest, and cost against the hereinafter described property;

WHEREAS, on the 27th day of January, 1947, by virtue of said judgment and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property;

WHEREAS, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 27th day of January, 1947, seize and levy upon as the property of the above defendants the following described property, situated in Coleman County, Texas, to-wit:

(Said description showing the number of acres, original survey, locality in county, and name by which said property is most generally known.)

FIRST TRACT: All west 1/2 of Lot three (3) out of Block 39 of the Original Addition to the town of Santa Anna, Coleman County, Texas, and all of Lots 4 and 5 out of Block 39 of the Original town of Santa Anna, Coleman County, Texas, as per plot of said addition of record in the Deed Records of Coleman County, Texas.

And I will on the first Tuesday in the month of March, 1947, the same being the 4th day of said month, proceed to sell all the right, title, and interest of the Defendants in and to said property at the Court House door of said county in the city or town of Coleman, between the hours of 2:00 p. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property in said suit, whichever is lower, subject also to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the Defendants to have said property divided and sold in less divisions than the whole.

Dated at Coleman, Texas, this 27th day of January, 1947.

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD L. NISBET, D. D. Of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for February 16

Lesson subjects: Scripture texts selected and arranged by International Council of Religious Education; used by permission.

JESUS AT THE FEAST OF TABERNACLES

LESSON TEXT—John 8:12-16, 31-36; 9:1-5. MEMORY SELECTION—I am the light of the world; he that followeth me shall not walk in darkness, but shall have the light of life.—John 8:12.

"The Light of the World is Jesus!" Who does not remember with what delight we as children sang, "Come to the light, 'tis shining for thee..." The Light of the World is Jesus! How precious was the truth that thus flooded our souls!

Has the passing of the years dimmed the beauty and glory of that light in our hearts and lives? Do we need it renewed? God is willing and ready. Jesus is the light, and just as the sunlight sheds its glory on an awakening world at dawn, so Christ sheds abroad the light of God in the hearts of believing men. The writer of these lessons pens these words with the prayer that as this portion of God's Holy Word is studied and taught, that light may break forth on many a soul lost in the bewilderment of this dark world.

Our study centers around three simple words fraught with beauty and rich in meaning.

I. Light (John 8:12-16)

The text says, "Then spake Jesus." When? Just after he had silenced the hypocritical accusers of a woman taken in sin, and had spoken the word of peace to her troubled soul. She was to "go and sin no more" because she had met him who is the light of the world. They that follow him "shall not walk in darkness"; they are the children of light, they have the very light of life.

How sad it is that with the light of the world shining in all its brightness, men loved their own darkness. The Pharisees, instead of receiving the Light, had to argue, and to do it on a low, fleshly plane. They even accused Jesus of being a liar. Think of that!

So it is that men may reject the Light of God and go on into a darkness made deeper because they have seen the light.

Now we look at our second beautiful word. How sweet it sounds as we repeat it—

II. Freedom (vv. 31-36)

Free! Four letters, but what a depth of meaning! Chains have fallen off, prison doors are open. The one who was bound is free. But here we are concerned with an even more important liberty, the freedom of the soul. Many there are who boast of their independence, but who are merely slaves. Jesus said: "Whosoever committeth sin is the servant of sin" (v. 34) not its master.

How shall they be freed? Note three things in these verses: (1) A condition—"If ye continue in my word." This means not only a profession of faith, but a daily appropriation and realization of his truth in life. (2) A promise—"Ye shall know the truth." The philosophies of men profess to be a seeking after truth, but how few there are who look to the one place where it can be found—in Jesus Christ. (3) A result—"The truth shall make you free." Truth always sets free.

Men are enslaved because, as in some foreign lands, they have not had the opportunity to learn the truth (we have failed to send it); or because they have rejected it.

Freedom and light can lead only to

III. Vision (John 9:1-5)

This is one of the most instructive passages in Scripture. A man born blind is seen by Jesus. His disciples note his interest and begin to theorize on a theological question. They had learned so little of the compassionate spirit of Jesus that they saw in this blighted life only an illustration of a theological problem. May God help us that we may never be so blind.

Jesus goes at once to his blessed work. He was in the world to do the works of God. He and the Father always work. Let us follow his blessed example. The King's business requires haste. Let us work "while it is day, the night cometh when no man can work."

By a loving and gracious act, Jesus stirs in the heart of the man that faith which causes him to go, to wash, and, glory to God, he sees!

The House last week, by a vote of 285 to 121 passed a resolution by the required two-thirds to submit a Constitutional amendment to limit the tenure of the President to two four-year terms. I voted for the measure in the belief it is a matter of such importance and of so much public interest that the question should be passed upon by the state legislatures. The proposal now goes to the Senate where, if approved by a two-thirds vote of the members present, it will be submitted to the states. Our Constitution requires that at least three-fourths of the states ratify the amendment before it is adopted. If the Senate concurs, this will be the first Constitutional Amendment submitted since I came to Congress four years ago.

WOOL TARIFF—Last week I appeared before the committee on reciprocity information and expressed my opposition to any reduction in the present tariff on wool. These hearings have been going on for several weeks and are preliminary to negotiations for reciprocal trade agreements with a number of countries and deal with a vast number of agricultural products, including wool.

In my testimony I pointed out

that the One who caused him to see "is a prophet." All of a man's doubts concerning the deity of Jesus Christ disappear when he becomes his Saviour. Do not fail to read the remainder of the chapter and note how this man's faith was victorious in the face of trials, persecution, and even of excommunication; for outside the temple he met Jesus and took him as his Lord. As Dr. Scroggie puts it, "His excommunication was a promotion. He went from the synagogue to the Saviour."

that certain segments of American agriculture may suffer unjustifiably from trade agreements that fail to give adequate consideration to the needs and rights of American farmers.

At this time there is a world stockpile of apparel wool of approximately five billion pounds. A major portion of that is controlled by a British state monopoly, which can and does virtually control the market price the domestic grower gets for his wool in this country. The domestic grower is therefore at a decided disadvantage in competing with the highly subsidized monopoly-controlled stockpile.

Tariff serves as an equalizer between our own cost of production and that of other countries. We compete with countries where labor and other costs of production are only about a third of our own and where standards of living are much lower. It is the prosperity of our own markets that enables us to be the largest HOME MAKERS CLASS

MEETS AT CHURCH Mrs. Roscoe Bell was hostess to the homemakers class social, at the First Baptist church at the meeting Friday, February 7. The business session was conducted by the president of the class, Mrs. Hallie Bivins, with further plans to complete the year books. Refreshments were served to the eight members present including the teacher, Mrs. Edd Bartlett.

The next class meeting will be Friday, March 7th.

**"Looking 'round"**

(Continued from page 1)  
ped in the movement and rupturing of the exterior walls.  
The aged masonry wall cannot offer very much resistance to compression factors due to the fact that the masonry mortar has lost much of its tenacity due to age.  
12. The stone masonry footings of the exterior walls are easily disintegrated and broken. Compression or tension applied to such material will quickly rupture the walls.  
The building indicates very definitely that it has been shaken or is being shaken by soil tremors. Upon investigation, it was found that a railroad running parallel to the building, in an east-west direction, is located approximately one hundred yards north of the building.  
North tremors created by energy being applied to the road

bed spread very quickly, particularly when the soil is saturated with water. These tremors travel great distances; of course, the distance is somewhat governed by the soil saturation.  
13. The exterior bulge in the southwest corner is noticeable but is not of the magnitude of the bulge in the southeast wall. There is no doubt that the imposed roof loads created a shifting load to the southwest wall. The compressive forces acting on this wall created an undue amount of tensile force on the tension rod that is located close to the floor connecting these two walls. The tension placed on this rod was great enough to break the rod. Movement of such walls naturally weaken the entire structure and will lend itself to a complete roof failure if proper supports are not provided.  
14. We cannot loan much support to the theory of tension rods. It has been our observation

that very little is gained from such installations. There is very little brick work or masonry held together with the small area covered by the plates on the exterior walls. We feel that if the foundations are not sufficient to support the imposed loads, the use of tension rods would be of very little value when a wall falls.  
The rods used in this building are of very little value to their cross-sectional area.  
15. There is a definite danger of another school building gas explosion with the present installation of gas fuel lines. If walls continue to lean in various directions, tension will be applied to the supply lines which cannot withstand very much of this type of tension force. A broken gas line could fill the underside and other portions of the building, and what the results might be are unpredictable.  
16. Gas supply loops not provided with low-pressure cutoffs create potential explosion and asphyxiation hazards.  
When the gas pressure is reduced, usually the flame will be extinguished when the gas pressure is reduced to two ounces, thus creating a definite hazard when the normal gas pressure is resumed.  
17. Open space gas units should never be used in any school building.  
18. Chalk rails, or holders, were deeply scorched and charred from the radiant heat or adjacent heaters.  
19. Wooden floors saturated with oil are definitely a potential fire hazard.  
20. Beaded ceilings are not recommended for use in school buildings. They are dust and dirt catchers and are very difficult to keep clean.  
21. Artificial illumination in the classroom and study hall is not sufficient, and causes eye-strain.  
22. Besides being unsightly, the cracked plaster may possibly fall and injure small children.

23. The wiring system is old and defective, creating a potential fire hazard.  
24. So long as storage closets exist under stairways, there is a potential fire hazard.  
25. The two classroom windows above the staircase are so located that any child might fall headlong down the stairs and incur severe injuries.  
26. Corridors are too narrow for hasty egress in case of fire.  
27. Children running or walking past the protruding nails could be severely gashed around the upper portion of the body.  
28. Doors not equipped with panic hardware will not allow rapid egress in case of fire.  
29. Fire escapes run by windows not equipped with wire glass, as recommended by the National Board of Fire Underwriters. In case of fire, the fire escapes would themselves not be protected from fire coming from the interior of the building. The supports to the fire escapes are placed, in some cases, on movable stones. The fire escapes are not securely attached to the sides of the building.  
30. "Senior" size water closets are of the improper size for elementary children. In order to use a senior-size water closet which is approximately 17 inches above the floor, an elementary pupil is required to pull himself upon the seat and slide.  
When a small child uses such a high water closet, it is impossible to obtain a full opening of the bowel tract. In order to open the bowel tract so that the body will be rid of waste, the user must be in a crouched position with his feet placed flatly upon the floor.  
31. The fountains are of the perpendicular, unprotected type which do not prevent the return of water to the orifices from which the jets issue. Children may put their mouths to the orifices of these fountains, a practice which is very insanitary and

which leads to the transmission of disease.  
32. The danger of an open well, or a well the top of which may be easily removed, is apparent.  
33. The danger of sharp, exposed metal edges of shoe scrapers is apparent.  
34. Protruding nail heads in a children's play area, especially on benches, are always dangerous.  
35. Concrete floors in classrooms are very undesirable because of their non-resiliency and their high conductivity both of heat and cold. Also, a physical fatigue factor sets in much earlier when a person stands or has his feet upon concrete.  
36. Blackboard, which has a high light absorptive factor, should not according to modern school building standards exceed ten lineal feet in each classroom except for special purposes.  
37. Classrooms are oddly shaped, not uniform.  
38. Double roller window shades are preferable to single roller window shades in classrooms since the entry of natural light into the classrooms can be more easily controlled.  
39. Explanation of tremors caused by trains passing close to the school is given in paragraph 12.  
40. No comment.

We further feel that the funds, if spent, will not remove the doubts that are in the minds of the parents of the children. Even though the children are placed back into this building, and if any portion of the plaster falls, we feel the results will be more severe next time.  
We believe that the school board should make plans immediately for the housing of the children, and by following this course, the parents minds will be settled as to the safety of their children.  
Knowing and seeing the conditions now existing in this building, I suggest that the building be evacuated.  
If the board decides to do otherwise and remodel the present building, we naturally would like to have statements from the engineers as to how safe the building will be.  
If this Division can be of further assistance to you, please feel free to call on us at any time.  
Very truly yours,

consumers of imported products and therefore the world's best customers of imported goods. We should try to maintain that prosperous market by giving stability and security to the wool industry.

If the present tariff rate of 34 cents per pound, scoured basis, is lowered it will mean a corresponding decrease in the price the producer can normally expect to get for the wool he produces. As it is, foreign competitors can produce wool, transport it, pay the tariff and yet sell it on our markets at or under our cost of production. It was for these reasons that I urged the committee not to consider lowering the tariff rate but rather to consider raising it a few cents. While other agricultural products get various forms of government support, the wool grower gets no government help—except for the temporary purchasing program—other than that which is afforded by the tariff. It would be disastrous to the domestic grower for it to be materially reduced.

**Bishop Ivan Lee Holt  
On Methodist Hour**

Bishop Ivan Lee Holt, will speak on the Methodist hour Sunday morning, February 16th at 7:30 a.m. over station WFAA. His subject will be "The Witness of the Methodist church in the World Today." Bishop Holt, leader of American Protestantism, is known internationally as scholar, author and preacher.

Max Norris, son of Mr. and Mrs. Ernest Norris, returned to his home in California this week after visiting several days with his grandmother, Mrs. B. M. McCain.

**Mountain City Garden Club Meeting February 7th**

Mrs. Sam Collier gave the history of cultivated vegetables, when the Mountain City Garden Club met Friday, February 7th, with Mrs. A. D. Donham, Jr., Mrs. Maggie Culver, the president conducted the business session. The \$87.00 made recently in a contest will be used for the beautification of the cemetery.

Mrs. O. A. Ehrbridge discussed tropical hardwoods, and Miss Elsie Lee Harper's name was submitted for membership. Decorations of pink daffodils, commemorating George Washington's birthday were used. Mrs. Donham surprised the members, by serving refreshments consisting of a salad course with tea and coffee. Pruning shrubbery was discussed, and people are advised not to prune their shrubbery until the extent of damage from recent frosts may be determined.

Others attending besides those mentioned were, Mesdames Hardy Blue, J. L. Boggus, Chap Eads, R. C. Gay, on Gray, T. M. Hayes, Jr., J. C. Matthews, Tom Mills, S. R. Smith, Lola Stephens, Olive Weaver, Virgel Priddy, John Brown, and Mrs. J. E. Watkins, a visitor.

**THE MARY CIRCLE MEETS WITH MRS. J. E. HOWARD**

The Mary Circle of the WMS of the First Baptist church, met in the home of Mrs. J. E. Howard, Monday afternoon at 3 o'clock. An interesting program was given and a box of clothing valued at over \$48 was donated to Buckner Orphan Home. The valentine scheme was carried out in the refreshments of heart-shaped sandwiches, cake, cookies, pink and white heart-shaped mints, tea and coffee, served to Mesdames W. V. Priddy, Seth Rissinger, Aubrey Parker, S. R. Smith, G. B. Smith, Ola Neill, Dennis Kelley, Lon Gray, Agnes Holman, J. E. Howard and Miss Mollie Lowe.

Mrs. Ernest England spent a few days last week in Ft. Worth visiting her daughter and husband, Mr. and Mrs. Ray Gregory.

**H. D. Club Quilting Party**

The Santa Anna H. D. club met Tuesday, February 11, in the home of the president, Mrs. W. E. Vanderford. The purpose of the meeting was to quilt a quilt.

A covered dish luncheon was enjoyed by the following, Mrs. C. A. Kilmer, who was voted an honorary member of the club, Mesdames W. A. Standly, Claud Conley, John Lowe, Lillie Ray, Arthur Talley, Ed Jones, C. W. Stephenson, J. F. Goen, W. L. Campbell, W. E. Vanderford, and Ellen Richards. The next regular meeting will be with Mrs. Goen on February 21st.

**MRS. EARL IRICK, JR. HONORED WITH TEA**

Friday afternoon, February 7th from 2:30 to 4:30 Mrs. Martel Eubank and Mrs. Richard Traylor were hostesses at a tea, honoring Mrs. Earl Irick, Jr. in the home of her mother, Mrs. Melvin Lamb.

Mrs. Ethel Davis met guests at the door and introduced them to the receiving line in which stood the hostesses, Mrs. Martel Eubank and Mrs. Richard Traylor, the bride, Mrs. Earl Irick, Jr., the bride's mother, Mrs. Melvin Lamb and the groom's mother, Mrs. Earl Irick. Guests then registered with Mrs. M. L. Guthrie, Jr., presiding. Mrs. Charles Wristen poured coffee and Mrs. Thomas Wristen Jr. served a refreshment plate of party sandwiches, mints and cookies.

The table was laid with a white linen cloth, and centered with a large bowl of fruit on a reflector, which was surrounded with lacy fern. On either side of the table tall white candles burned.

Guests were then shown into another room where Mrs. Lee Boardman and Mrs. Jim Lovelady showed them the large array of gifts. Many friends called during the receiving hours, and the bride was the recipient of many useful and lovely gifts.

Mr. and Mrs. Joe McCall of Brady visited Monday with Mr. and Mrs. W. A. Standly. Mrs. McCall is the former Maggie Rainbolt, whose parents, Mr. and Mrs. John Rainbolt lived in Santa Anna for a number of years.

**H. D. C. Has Interesting Meeting**

The Home Demonstration club had an interesting meeting with Mrs. Edd Jones on Friday afternoon, February 7th. 17 ladies were present including Mrs. Jack Shield, who became a member.

Mrs. Clifford Stephenson, clothing demonstrator brought an interesting lesson on, taking a clothing inventory, buying with a plan and keeping clothing records. She also demonstrated a well equipped sewing box. Her's contained pinking shears and other kinds of scissors and most everything that could be needed in sewing.

Mrs. D. H. Moore gave a good Council report, and the recommendations of same were accepted. The hostess served refreshments of coffee, cookies and mints, and valentines were favored.

Mrs. L. O. Garrett returned Monday from a 10 days visit in East Texas. Dr. Garrett accompanied her and first they visited his mother, Mrs. T. J. Garrett at Winoosboro. Dr. Garrett returned home last Wednesday, and she visited the rest of the time with her sister, Mrs. May Wilson and other relatives and friends. Mrs. Garrett being an Iris fan brought home some very rare and expensive bulbs of these popular flowers, of which she is getting quite a collection.

Mrs. Drew Vinson of Buffalo spent Saturday in the home of her parents, Mr. and Mrs. Dave Banks.

Wendell Campbell, who has been quite sick lately and was for a time in the Sealy hospital, is reported to be improving at the home of his parents, Mr. and Mrs. A. E. Campbell.

The Self Culture club will meet with Mrs. W. R. Kelley, Friday, February 14th, instead of in the home of Mrs. Gay as stated in the year book.

Mr. and Mrs. Hardy Glascock from Knox City and John Glascock of El Paso, visited last weekend with their sister, Mrs. John Lowe and family.

Mrs. J. F. Goen returned last week from a visit with her son, Jimmie Goen and family at South Gate, California, and at the weekend she and Mr. Goen visited their other son, Jesse Goen and family in Austin.

Mrs. Mattie Dellinger and her daughter, Mrs. Mary Behrend returned at the weekend to the home of the latter after spending a week here in the home of the former. Mrs. Dellinger will stay indefinitely with her daughter.

Mrs. Kate Garrett has accepted employment with Sturges & Gibbs in Coleman and began working Monday.

Mr. and Mrs. Jerry Taylor and daughter, Patty and Mrs. Winifred Stevens of Coleman and Mr. and Mrs. William Rutherford and Donnie of Santa Anna spent Sunday with Mr. and Mrs. S. F. Tucker and Davis.

Jack Duffee of Miles came the first of the week for treatment and was a visitor of his sister, Mrs. W. M. Morgan. He entered the Sealy Hospital Wednesday.

Mrs. Blanche Granthem who formerly lived in Menard accompanied them and visited with friends.

Mr. and Mrs. W. E. Vanderford visited in Waco last week with his sister, Mrs. F. L. Lancaster, who is ill and has been confined to her bed for several months.

Gladys Myrtle Blanton, daughter of Mr. and Mrs. Manley Blanton was able to be moved home Monday from the Sealy hospital, where she has been for about two weeks, because of a compound fracture of the left arm. Gladys Myrtle is a senior in the Santa Anna high school.

Mr. and Mrs. Claud Reid who are now making their home in Dallas visited with her mother, Mrs. J. J. Kirkpatrick last week. Mr. Reid got his discharge lately. He had been stationed in Atlanta, Ga., as a recruiting sergeant, where he and Mrs. Reid made their home for some time.

Mrs. Charles Wristen and baby and Mrs. Martel Eubank and three children were in a car accident at about 7 o'clock Sunday night, just east of Bangs. A tire blew out and the car turned over in the creek. Some men nearby got the women and children out, and none were seriously hurt, but shaken up and pretty badly frightened. The Eubank's car in which they were riding escaped damage except for the top.

Mrs. Judge Woodruff who is in Denver, Colo., for her health underwent surgery recently and is reported to be getting along splendidly. Her mother, Mrs. W. E. Wallace, her brother, Scott Wallace and her son, Wallace Woodruff, who have been with her have returned home.

Mr. and Mrs. Jozach Miller and girls of Leaday spent Sunday with her parents, Mr. and Mrs. Dave Banks.

Rev. Lloyd R. Simmons, pastor of the Evans Ave. Baptist church of Fort Worth, accompanied by his family, visited in the home of Mrs. Simmons' parents, Mr. and Mrs. J. J. Gregg from Friday evening to Saturday afternoon. If you are a shut-in, or not situated so you can attend church on Sunday nights, tune in on KPJZ, 1270 on your dial, from 7:30 to 8:15 and hear the services from the Evans Avenue church through the month of February.

Mr. and Mrs. Pierre Rowe had as guests over the weekend, Mr. and Mrs. Wyndell Rowe and Denny, and Mr. Jack Brusenhan of Abilene, Mrs. Lucille Garrison of Jacksboro, Mr. and Mrs. Jack Rowe and Janice of Coleman were Sunday visitors.

Fire Chief Arlie Welch, Cliff Herndon, Vernon Parker and Tommie Starnes attended the midwinter convention of the Hill Country Firemen's Association, which met in Menard Tuesday.

Duane Griffin of San Angelo is in a hospital there seriously ill, since last Friday. His parents, Mr. and Mrs. Dick Griffin, and his brother, Pete Griffin and wife visited him, Monday night.

A daughter named Rebecca Lou was born Sunday, February 9th at 3:30 a.m. in the Coleman hospital to Mr. and Mrs. Irvin Taber. Her weight was 7 pounds. Both mother and babe are doing fine.

Mr. and Mrs. Carroll Watts and little daughter of Austin visited over the weekend with her mother, Mrs. Zetha Thomas.
