A meeting was held today with the council drive officers and the Coleman officers in joint session.

## Rites For H. F. Waldrop Held In Coleman, Friday

Mr. H. F. Waldrop, of Coleman, who has been in critical condition the past few weeks, and in failing health, the past few years, passed away Thursday afternoon at 3:05 p. m. Funeral services were held in Coleman, Friday at 3 p. m. at the Church of the Nazarene, with Rev. Hadley Hall, San Antonio District Superintendent, officiating, with Rev. J. W. Whitfield, pastor of the First Methodist Church of Coleman, assisting. Special songs were rendered by a radio quartet, accompanied by Mrs. Harold Woodard.

Pallbearers were grandsons, honorary pallbearers were smaller grandsons, and flower bearers were granddaughters.

Mr. Waldrop was born in July, 1866 in Alabama. He came to Texas in 1884, and resided in Gouldbusk and Coleman for the entire time since that date. He is survived by his wife, four daughters, one of which is Mrs. Collin Price of this city, and Mrs. J. B. "Doc" Pirtle, of Coleman, five sons, thirty grandchildren; those from this vicinity being Mrs. Alford England, Annabelle, Joe Sealy and Maxie Lee Price, and Jo Ann, Carolyn and Rodney Pirtle of Coleman; nine great grandchildren, and one sister.

He married Ollie Wilson in 1890, who died December 15, 1914. He married Mrs. Vade Wilson Boyd, January 30, 1916, in Mansfield, Texas, who survives.

Mr. Waldrop joined the First Methodist Church in Gouldbusk in 1907, and has remained a faithful member since that time. He leaves, besides a large group of relatives, a host of friends, who mourn his passing.

He retired from his occupation as a farmer in 1941, and moved to Coleman, where he resided at the time of his death.

Mr. and Mrs. Max Reinbach of Fredericksburg were Santa Anna visitors Thursday and Friday of last week. The latter is remembered as Alline Harper.

Mrs. H. G. Mayo is leaving this week for an indefinite visit with her sons at Big Spring and Odessa and with her mother, Mrs. M. C. Brothers at Stanton.

Mrs. Pleas Ellis of Brownwood is visiting this week with her parents, Mr. and Mrs. Claude Hodges.

## Band Officers Elected For 1948-49 Year

On Tuesday, September 8, the band met at its regular period and under the direction of T. K. Martin, elected officers as follows: Barbara Bruce, president; Anne Priddy, vice-president; Reba Hardy, secretary-treasurer; Margaret McCaughan, reporter; and Shirley Lewellen and June Parker, librarians.

Thirty-seven band students were named. Former students returning are Barbara Bruce, Geraldine Lewellen, Shirley Lewellen, June Parker, Paula Holt, Reba Hardy, Anne Priddy, Rilda Stephenson, Don Davis, Martha Priddy, Max Eubank, Jimmy Region, Tommy Martin, James Rice, Sue Milligan, Venita Joy Allison and Mary Frances Williams.

New members joining the band are Wayne Stewardson, Billy Hite, Billy Jack Harris, Joyce Rowe, Sue Gillham, Sandra Shields, Annette Johnson, Patricia Davis, Cleburn James, Temp Fiveash, Virginia Day, Betty Ruth Hale, Margaret McCaughan, Linda Stewardson, Shirley Matthews, Theresa and Patsy Baucom and Tommy Bailey.

The band has many new musical pieces, mostly pep songs, which we are learning to play for the football games. We are planning to go to Abilene Sept. 27, to take part in the opening parade of their fair, if we have perfected our marching by that time.

On September 14, we elected Anne Priddy as drum major, Barbara Bruce as sub-drum major, and twirlers will be Sandra Shields, Virginia Day and Helen Day.

The beginner's grade school band meets at 12:15 noon at the Grade School Building. This band will take any eligible prospects, provided they are in the fourth grade or higher.

Mr. Kent Martin, the band director, received his BS degree this summer at McMurry College in Abilene, where he majored in Education and Band. Mr. Martin is an able director, and has many plans for his band.

All the band needs now is the support and backing, plus never-lacking encouragement of the citizens of Santa Anna, to make this band the best Santa Anna has ever produced. They have the talent, the students and the director to make it so.

## Mountaineers Open Season Friday In Baird Play Conference Game

The Santa Anna Mountaineers will open the 1948 football season with the Baird Bears at the Baird Football Field at 3:30 p. m. Friday, September 17. The Mountaineers are in excellent condition, with the exception of Arbus Little who has a slight injury, but is expected to be in the starting line-up when the team goes on the field.

This game is expected to be one of the hardest games for the Mountaineers. The Bears are defending the district title from last year. Reports indicate they lost most of their experienced players last year, but that the new team is progressing very rapidly and that they are going to be out to win this game.

The Mountaineers are a more or less inexperienced team also with only 6 lettermen returning to the squad this year. However, they also have a number of new men in the team that are showing some real spirit that it takes to win a football game.

Four of the teams in District 11-B had non-conference games over the past week-end. Early defeated Rochelle by a score of 35-0. Rising Star defeated the eleven from Strawn by a score of 25-0. Moran was defeated by a large score, and Baird just managed to nose out the Robert Lee eleven by a score of 7-6.

The Mountaineers have not participated in a game this year. They had a good scrimmage with the Bangs Dragons two weeks ago, and really showed up good.

The coach reports he has been ironing out some of the kinks discovered at Bangs and expects all the boys to be in first class condition for the opening game.

SCRIPTURE: Acts 19:23-41  
 DEVOTIONAL READING: Romans 13:1-16

**For a Better City**  
 Lesson for September 19, 1948

"FOR A BETTER CITY" is a good slogan. No one would think of objecting to it. If the great city of Ephesus, capital and metropolis of the wealthiest and most thickly populated province of the Roman Empire, had had a chamber of commerce, no doubt they would all have been in favor of a "Better City." There would be no argument about that.

The question is: What makes a city better? Four different ideas on that line—two very bad ones and two good ones—can be seen in the story of Acts 19.

You should read the story itself before looking over these comments. Because we are beginning toward the end of the story, with the very lowest and silliest of the four ideas how to make a city better. It is a very simple idea: Just "holler," yell, make a demonstration. Make it long, make it loud, and the city will be the better for it. For two mortal hours that absurd mass-meeting kept the uproar going: "Great is Diana of the Ephesians!"

A curious thing, the mob-mind. If something is true, how can noise make it truer? If a thing is a lie, how can all the shouting in the world make it respectable? But the mob-mind thinks that if a thing is said loudly enough and by enough people, it is bound to be true. So that theater-full of fools wasted a good afternoon shouting a lie into the deaf blue heavens. It did Diana no good. She was as dead as Marley's ghost, she had never lived, in fact. It was no use drumming up the decibels. Do you know people who think they can make your town better by shouting about it? It won't work. You can make a town or county famous if you shout long enough; but you won't make it better.

**Making Money**  
 THE SILVERSMITHS there in Ephesus had another theory. The way they looked at it, the big thing is money. They used to make money selling their little silver shrines. Now this fellow Paul had come along, persuading people that hand-made gods are no gods at all, and the trade in "sacred" trinkets had fallen off. It looked like a bad year for the silversmiths. To make things better, they decided, they needed more money. More business! More production! The fact that what they produced was not only worthless but actually harmful, did not seem to bother them. Do you know people like that today?

**Abiding By the Law**  
 THE TOWN CLERK of Ephesus had a simple idea, vastly better than these other two. He saw no sense in the mass meeting, he seems not to have been taken in by the silversmiths' crocodile tears. If anything was wrong in Ephesus, he said, the courts were open and trials were open, and trials could be held. We have laws—let us live by them; that was the gist of his idea. That is not bad advice. All honor to the honest sermons of the public who now as then give their best efforts to seeing that good laws are made and well enforced.

**Changing Lives**  
 SPEAKING OF LAWS, there are three kinds of people in the world. One kind will not obey the laws whatever they are. These are the criminal classes. A second kind say "inside the law" but they never advance a step beyond them. A third kind, too rare, will go far beyond the law's requirements in personal living and in social helpfulness. Now Paul had been in the city of Ephesus for some months, and he had nothing to do with the laws of that city. Yet what he was doing was more effective in making that city better than anything the courts could have done. For what he was doing was nothing less than changing lives. The trouble with people is that they're people," and the business of Christianity's first of all is

changing people. It is no use hanging out the slogan "For a Better City" unless you are working for better people. A tree is no healthier than its roots, and a community's roots are the characters of her people. And from St. Paul's day to this, the one and only organization which sets out to change people from the inside, is the Christian church.

From where I sit ... by Joe Marsh  
**"Farming" Versus "Ranching"**  
 Talked to some editors who run my column in their papers—in states where there's mostly cattle and sheep raising—about the differences there might be between farming and ranching.  
 And they told me: "Joe, there's no real difference between cattle-men and farmers. We make our living from the land like year-fellers do; we have the same 24-H. C. and G. and G. and G. the same problems of prices and marketing.  
 "When it comes to recreation, we have the same thing to get to-  
 gether now and then for a while and a friendly game of cards."  
 And from where I sit that about sums it up. Ranchers may have different names for things or grow different crops, but wherever American folks who work the land share these common traits of hard work, labor reparation, and good fellowship, whether they be working cattle for beef, or hay, or corn, or American farm and ranch.
