"He Profits Most Who Serves Best"

VOLUME LXIV

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, JANUARY 14, 1949

NUMBER 2

## 9th Annual Fat Stock Show Starts Thursday

With many new faces and as many new solutions for the ills of the day in the offing, the wheels of the 81st Congress began to grind last week.

In the House there are now 263 Democrats, 171 Republicans and one American Laborite.

The old bromide about "moss-backs" running Congress can keep talking, the average age of the new membership being one year older than the old Congress. The average age jumped from 51 to 52 years. Seven of the members are over 75, while 13 have not yet reached their 35th birthday.

Speaking of ages, one of Texas' two new members shares honors with one other Member in being the youngest in the House. He is Lloyd Bensten, of McAllen, successor to the late and lamented Milton West Bensten is 27, has been serving as a County Judge, and indications are he will be a sound and valuable Congressman.

### NEW LOOK

There's a new look in alignments and in committee make-ups. It's quite different from what it was in the 80th Congress, which the Republicans controlled, and also different from the 78th and 79, both under Democratic direction. The main differences stems from expected increased influence of Labor on legislation.

Capital dopesters are saying Labor leaders will throw a lot of weight around in this Congress. That is, they're saying Labor will control more individual Members than in the past. Phil Murray, CIO President, called on House leaders a few days before Congress met and was reported to have demanded that no new Members who had voted for the Taft-Hartley labor law be added to the Ways & Means Committee.

Murray's wishes were respected, only one of six new Democrats added to the Committee having voted for the labor law.

The Ways & Means Committee assigns new Members to other committees, and Labor leaders naturally want to be able to have a direct voice in the make-up of other committees where legislation must originate. An attempt to put Rep. Stanley of Virginia,

### Mountaineer Cagers Place Second In Coleman Tourney

The Santa Anna Mountaineer Basketball team took second place in the first Coleman Basketball tournament, played the past Friday and Saturday. Dick Humphries, center for the local cagers, was placed on the all-tournament team and was presented with a miniature gold basketball.

On Friday night the local boys won over Winters by a score of 39-20; Saturday morning they won over Lakeview by a score of 40-23 and lost in the finals Saturday night to Coleman.

a farmer, on the committee, failed in the Democratic caucuses, evidently largely because he did not have the blessing of Labor.

### THE PRESIDENT SPEAKS

President Truman in his State of the Union message, appealed for harmony and cooperation. His report was generally well received, much more so than on a similar occasion a year ago. Along with many constructive proposals, the President set the stage for some hot battles by urging some measures sure to be controversial.

Among these was his demand that Texas and other coastal States be stripped of any claim to the minerals under the adjacent tidelands. All of this oil along the Texas gulf goes to our State school fund, and was expressly reserved to our State when we were admitted to the Union. Last year the House passed a bill expressly relinquishing any Federal claim to such minerals, but it died in the Senate. Prospects for such legislation being enacted this year are not good.

Among other measures for which the President plugged, which are not acceptable to many of us, include 'socialized medicine, socialized housing, Federal control over lynching, poll taxes, racial segregation, and alleged employment discrimination because of race or religion. Opponents insist these matters are for the States to handle.

Mr. Truman called for \$4 billion in new taxes, and for repeal of the Taft-Hartley law. He asked that the old Wagner Act be revived, with a few amendments.

On the brighter side, the President favored a strong national security program, a balanced budget, a vigorous foreign policy in the struggle for peace, sound farm legislation, REA expansion, water and soil conservation and development of our water power and other natural resources for the common good.

### County Agent Gives Summary of Work

1948 will be remembered as one of the driest years Coleman County has had in several years. All crops suffered from lack of moisture. Crops were almost a complete failure, except in a few scattered localities, where rain fell at the right time. Our main crops, small grains, sorghums and cotton made very small yields, compared with the average.

Crops were not the only things hurt by the drouth in 1948. If possible, the livestock industry was hurt even worse. Most stockmen had to get rid of most of their livestock and had to feed the remainder most of the year. Cattle and sheep numbers in the county are way below normal. Some people estimate that at least 75% of the counties foundation stock is gone.

Pastures have been damaged millions of dollars, most pastures are bare and will not maintain livestock.

Farmers and ranchers are interested in range conservation work and in 1949, lots of work will be done in trying to build back the carrying capacity of the county's range land.

The drouth has not been as bad as some have in the past, due to livestock water being available. In the past few years the AAA Program has helped farmers and ranchers construct tanks large enough to supply livestock water the year round. Also, feed is easier shipped and hauled than it was several years ago.

Soil and water conservation was one of the Extension Services main problems in '48 and it will be in 1949, say Mr. Jenkins. The P. M. A., S. C. S., Central Colorado Soil Conservation District Supervisors, and the county agent's office have all worked together to try to get as much land terraced, and other conservation practices carried out.

Demonstrations on pasture and crop land were carried on in 1948 and will be in 1949.

Nearly everyone noticed the increased yields on terraced land and on land that was prepared with a chisel-type plow.

4-H Club work took up a great part of the county agent's time. 184 boys in 16 4-H clubs over the county carried on demonstrations in every phase of agriculture. Demonstrations included; sheep, cattle, poultry, swine, crops, soil conservation and dairying. 4-H Club members exhibited 105 head of sheep, 18 head of cattle and 13 head of swine in the 1948 county show.

They plan to exhibit a few more head of livestock in 1949 than they did in 1948. 4-H Livestock Demonstrations have not suffered from the drouth as much as was expected.

Besides demonstrations, 4-H members enjoyed encampment, a district encampment and several parties, throughout the year. They held regular meetings and studied agriculture. A sheep and Wool Judging Team represented the county at Sonora, in June. In fact, the 4-H Clubs have something going on at all times.

4-H Clubs were not the only ones carrying on demonstrations showing better methods of agriculture. Adults throughout the county carried demonstrations in every phase of agriculture.

At different times in the year, Mr. Jenkins had Extension Service personnel from College Station here to help with special problems. Special visitors in 1948 who gave farmers and ranchers some interesting pointers included: W. I. Marschall, District Agent, Extension Service; Roy Snider, Meat Specialist; A. L. Smith, Animal Husbandry; Paul Gregg, Entomologist; and Dr. W. C. Banks, Veterinarian.

A school in Sheep Production was attended by Mr. Jenkins in 1948 and he plans to take a course in Range Management in 1949 in order that he can be of more service to farmers and ranchers.

A radio program was conducted the first part of 1948 by the county agent, but it was discontinued, due to the fact that he did not have enough time to prepare the programs because of other work.

Newspaper articles have been released throughout the year on the activities of the county agents' office and of the farmers, ranchers and 4-H club members in the county. The radio station and newspapers have been very helpful and cooperative and the county agent wants to express his appreciation at this time. Also, he wishes to thank all organizations and individuals who have helped him carry on his work in 1948.

Maybe 1949 will be a better year than 1948 was. If the county agents' office can render any service to any farmer or rancher he wants them to feel free to call on him.

The county agent has bulletins on every phase of agriculture and can secure the help of Specialists in nearly every field if the need arises.

The 9th annual Santa Anna FFA and 4-H Club Fat Stock Show will start Thursday morning, January 13. Plans are complete to make this the biggest and best show, thus far, to be put on. The show animals will be on display all day Thursday and the judging will start at 10:00 a. m. Friday morning, with the auction to be held at 2:30 in the afternoon.

Provided the weather does not cause too much interference, the show this year will have more attractions than any show that has been put on here in a long time. Even though the weather may be cold and had, the gymnasium will be heated and a comfortable, enjoyable time can be had by all. The ladies and children are especially invited to see and be a part of the show this year. There will be many attractions in the gymnasium, with plenty of room and seats, free moving pictures during the day and other good entertainment. There will be about 20

nice booths arranged in the gym, which will be interesting and educational. Both days are planned for your enjoyment—make it an appointment to be remembered among those present.

Thursday night at 8 o'clock the Santa Anna Lions Club will sponsor the "Livestock Variety Show," which is an 18 act program that you won't soon forget. The program will be in the high school auditorium and admission will be 30 cents and 60 cents.

There will be 13 classes in the Livestock Show, as follows:

### Mrs. Gus Fiveash Buried At Whon

Funeral services were held in the Nazarine Church, at Whon, of which she was a member, on Friday afternoon, January 7, for Mrs. Maudie Belle Fiveash, who had suffered a stroke on New Year's Day, which caused her death. Her pastor, Rev. Nellie Hill, officiated at the services.

Mrs. Fiveash was born January 30, 1838, in Bell County, and came to Coleman County in 1902, where she continued to live.

She is survived by the husband, Gus Fiveash, of Whon, a son, Vernon Fiveash, of San Angelo, a daughter, Mrs. Lorene Wynn, of Whon, and three sisters: Mrs. Morgan Black, of Mullin; Mrs. George Keating, of Comanche; and Mrs. Sam Rutherford, of Santa Anna.

### TERRY SANDERS ARRIVE FOR VISIT

Mr. and Mrs. Terry Sanders II, and their son, Terry Sanders III, are here visiting her parents, Mr. and Mrs. Ford Barnes.

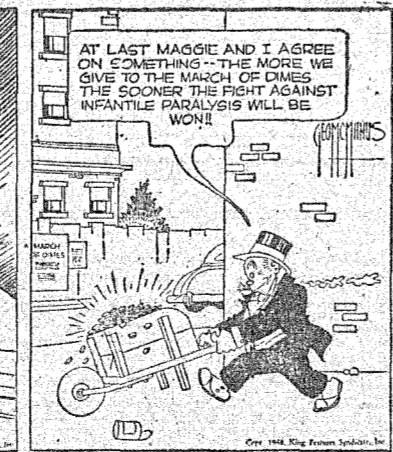

Mrs. Sanders is Consul, and 2nd Vice-president at the American Embassy, in Ottawa.

The Sanders family came by plane from Washington to Dallas, where they were met by Mr. and Mrs. Barnes. They plan to be in Texas until about February 1, and will visit Mr. Sanders people in the Rio Grande Valley.

### ANNOUNCEMENT

Members of the Self Culture Club are reminded that the regular meeting of the club will be held on Friday afternoon, January 14, with Mrs. R. C. Gay.

**MISTER, WHICH WAY TO EASY STREET ?**

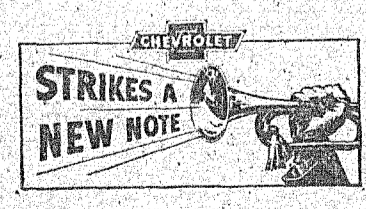

WELL, THERE ARE A COUPLE of short cuts but a lot of them pass through bad neighborhoods, and it's awfully easy to get lost. But there's one route that's good and straight, and leads right where you want to go. Here's how to get on it. If you're employed by a firm, you can sign up on your company's Payroll Savings Plan. They'll see that you pile up bonds just as fast as you like. You'll be surprised how easy and painless an operation it is—and you'll be amazed how soon you'll find yourself going along in the right direction. Or, if you're not on a payroll, your bank has the equally simple Bond-A-Month Plan, that brings you a bond every month, charging the cost to your account. Then, in just ten years, when your bonds pay you back four dollars for every three, you'll know that Easy Street isn't very far away. You can't miss it. What's that? Oh... you're welcome.

**Coming JAN. 22 New Chevrolet for '49**  
*Tested and Proved...*  
 on the world's toughest Proving Ground

WHEN you see the 1949 Chevrolets, a glance will be enough to tell you they're new—all new—in line and contour, in beauty and style. And when you look inside, and under the hood, and beneath the chassis, you'll see that their newness is not merely in outward appearance, but in design and engineering and construction as well. But, to a lot of people, the 1949 Chevrolet is already old. They know what it will do, and how exceedingly well it will do it—they know all about its performance, its comfort, its power, safety, durability and

economy. They are the engineers and technicians of the General Motors Proving Ground—the largest, most completely equipped, outdoor testing laboratory in the automobile world. Here, before a single new 1949 Chevro-

let went into production, experimental models were tested—made to show that they possess, in greater measure than ever, all those qualities on which Chevrolet has built its leadership. In short, the General Motors Proving Ground tests are your assurance that your new-model Chevrolet has proved its worth through many months and many, many thousands of miles of rough handling. Soon you will see the new Chevrolet—and when you do, you will see a car not only new, but tried and true.

### State Health Department Letter

Austin, Texas. A statement from Dr. Geo. W. Cox, State Health Officer, discloses the fact the 2,531 Texans died from pneumonia during the year 1947, and emphasizes his often repeated warning that this disease is a killer.

Pneumonia is caused by the pneumococcus germ which is present in the body of almost everyone, and ready to start trouble if the resistance becomes lowered for any reason. We can build up our resistance by avoiding undue fatigue and unnecessary exposure to extreme weather conditions. When we go outside in cold weather, sufficient clothing should be worn to keep the body warm. Keeping the temperature of our homes and

offices as low as is consistent with comfort will greatly lessen the difficulties encountered in adjusting ourselves to the cold when we leave the house.

Another method of prevention in pneumonia is to never neglect a cold, for the common cold often opens the door for pneumonia if it is neglected. A person with a severe cold should stay at home and call his physician for advice, if temperature persists and the cold lingers on. He should follow his physician's advice until the cold has entirely disappeared.

Another advantage of consulting a physician when suffering from a cold is the fact that what the patient mistakes for a severe cold may be beginning pneumonia. If this is the case, the doctor will have an opportunity to begin treatment early, which adds materially to the patient's chances for recovery.

(Mrs. J. B. Weathers)

We are having winter this a.m. Monday. Don't think anyone would mind the cold so much if we could just get a good rain.

Mr. and Mrs. Lompie Bledsoe were seeing friends in the com-

munity on Tuesday afternoon. Grandmother Russell, who has been sick with the flu the past week, is somewhat improved.

Mr. and Mrs. Roy Tucker and son, George, were guests in the J. B. Weathers home on Tuesday night.

Mr. and Mrs. Ira Newton and baby, of San Angelo, spent the week-end with their parents, Mr. Will Newton and Mrs. C. P. Elliot.

The Home Demonstration Club had their regular meeting on Thursday afternoon at the Club room.

Mrs. Jim Gray, of El Centro, Calif. and Mr. and Mrs. Shutter and two children, of Pennsylvania State, were calling on friends in our community on Saturday. Mrs. Shutter will be remembered as Jennie Nell Gray. She and Mr. Shutter are on an extended visit with relatives over several states.

Mr. and Mrs. Ira Newton visited on Sunday with Mr. and Mrs. Grady Williams.

A good crowd attended the singing at the Baptist Church on Sunday afternoon.

Mr. Kaler Wheatley, of Kerrville, visited Sunday and Sunday night with his mother and with his sister, Mrs. John Dillingham and Richard.

Mr. George Stewardson, Sr. was taken ill on Sunday. Sure hope his condition is not serious.

**Whon News**

Mrs. Tom Rutherford

Don't have very much news this week. We are all saddened by the death of Mrs. Gus Fiveash, who was laid to rest Friday afternoon. Our deepest sympathy is extended to all the family. Uncle Boney Wright, who is making his home at 123 Walnut

St., Brownwood, was greeting friends in Whon Saturday morning.

Mr. and Mrs. Earl Gill were on the ranch Saturday morning.

Mrs. Freda Young and baby, of Georgetown, visited Mr. and Mrs. Wimpy Watson over the week-end. Friends were glad to see Mrs. Young again, who lived here last year.

Mrs. Bob Averett and children Louise and John Earl, visited with friends in the Gouldbusk Community Sunday.

**We Both Won This One**

Blew my top-the other morning when I discovered a shirt I'd put on had two buttons missing.

"Joe," the missus says, "do you ever read what you write? For a man who writes newspaper pieces all about tolerance, you sometimes show a lot of race prejudice."

"Race prejudice!" I hollers. "No one can accuse me of that." "I mean prejudice against the entire human race," she insists with a smile. "Why get a little world over two little buttons?"

From where I sit (as I told the missus that evening), a lot of us sometimes get too worked up over little things... little differences of opinion or taste. One person prefers beer or ale, another prefers cider or lemonade. But why criticize the other fellow just because his tastes aren't the same as ours? "That sounds more like you, Joe," she laughs, snipping off a thread. (It so happens she was sewing on buttons.)

### Two Auxiliaries Have Meeting In Breeder-Feeder Barn, Jan. 3

The Auxiliary of the Breeder-Feeder and the Sheep and Goat Raisers Association, of Coleman County, met in regular business session at the Barn on the evening of January 3, at 7:00 o'clock.

In an impressive ceremony, Mary Jo Garland installed the following new officers: Presi-

dent, Mrs. L. H. Edens; Vice-President, Mrs. Montie Stone; Secretary, Mrs. Henry Newman; Treasurer, Mrs. Bailey Hull; and Publicity, Mrs. Jesse Hinds.

After a bountiful covered-dish dinner, planned and directed by Mmes. Dobson, Forehand and Bevill, Mr. E. W. Scott, of Coleman High School, kept the entire crowd of Auxiliary women and their husbands in an uproar of laughter, with his witty jokes. He also spoke in a more serious vein, reminding us of the many privileges we enjoy in our free country.

While the men played 42, the Auxiliary members met in business session, with the new president, Mrs. L. H. Edens, presiding, the secretary, Mrs. Henry Newman read the Constitution

and By-laws of the organization. A report by the Stock Show chairman, Mrs. U. D. Terry was given urging all members to cooperate in any way possible to make the show a success. Mrs. Gertrude Horne, chairman of the "Make It With Wool Exhibits" asked that we bring in articles made of wool. Reports of other committees were adopted. Mrs. George Cobb was appointed Parliamentarian, Mrs. Floyd Thompson, Historian, Mrs. Allen Norris, Carl Buttry and Ozro Eubank, construction committee.

On the entertainment committee for the next quarter are Mmes. Lonnie Hinds, C. C. Evans, and J. D. Williamson. The membership committee is made up of Mmes. Theo. Griffis, Ben Cox and Sam Lindsey.

The next business meeting will be the first Monday night in April, with Mmes. W. C. Norwood, Jozack Miller and Archie Bryson as hostesses. All members are urged to attend.

Club officers are: President, Mrs. Walter Stacy; Vice-president, Mrs. Lige Lancaster; Secretary - Treasurer, Miss Ruth Dean; Reporter, Mrs. Buck Mitchell; Parliamentarian, Mrs. John Pentecost; Recreation Leader, Mrs. Oscar Boenicke; T-HDA Chairman, Mrs. Will Haynes; Council Delegate, Mrs. Dean.

Committees: Program, Mrs. Lige Lancaster and Mrs. Marvin Whitley; Finance, Mrs. Bond Featherston; Exhibit, Mrs. Oscar Boenicke; Marketing, Mrs. Dean; Expansion, Mrs. Lou Featherston; Legislation, Mrs. Harry Wilson and Mrs. Chleo James.

The duties of officers and committee chairmen and members were discussed by Mrs. Stacy and some new club plans were made for the year.

Mrs. Marvin Whitley and Mrs. Delburn Rice were appointed bedroom demonstrators.

Plans were made to attend the Bedroom Training School to be held January 10, at the Feeder-Breeder Barn.

Each member is requested to make a pie or cake for the food concession at the Coleman Livestock Show. Mrs. Oscar Boenicke will take the pies and cakes to Coleman early Saturday morning, January 15.

January 20-21, A talk by Mrs. Johnson on "Family Life" held in Coleman. Mrs. Lenton Cakes and Mrs. Carrie Stacy were selected to attend.

The next meeting will be on January 26. The place has not

been decided. To make our club a better club, all members are urged to attend regularly.

## His Growing Years

Lesson for January 16, 1949

**DOUBTLESS** God can do anything he wants to do. He could have sent Jesus to earth on a moon-beam; he could have had him for

Dr. Foreman

the first 30 years of his life on a lonely peak in the Andes, far from any human dwelling; he could have sent him into the world full-grown, without ever having to go through the grind of growing and learning as the rest of us do. But God did not plan it that way. If the manhood of Jesus was to be real, and not a hothouse facsimile, he had to come up the hard way. Angels do not grow, they just are; but human beings grow. The great difference between Jesus and ordinary mortals is not that they grow and he did not; the difference is that he grew straight.

### No 'Good Chance'

THE world around us makes its impression on dolls. They go on smiling their built-in, painted-on smiles, but we have to learn through tears. And so did Jesus. The heavenly Father saw to it that his experiences were not always easy ones. He was born in a stable, of parents who were very poor, living the first few years of his life as a displaced person in a foreign country, with a price on his baby head.

He grew up in a village "off the main line," among companions not one of whom ever became famous, working through long years at a simple and not too well-paid trade. During Jesus' first 30 years his neighbors never guessed that the most extraordinary person of history was living in their village.

We sometimes wish that we had an easier time of it, and that God had seen fit to cast our lot in some big city with a rich family, instead of where we are. We feel we could be better people if we "had a chance." Yet every reader of these lines has a far better chance than Jesus. It did not take perfect surroundings to shape a perfect life.

### Holy Family

WE CALL Joseph and Mary and the rest the "Holy Family," but they were not known that way in Nazareth. They were just Joseph the carpenter, and his Mary. Then there were the boys and girls; Mark (6:3) tells the boys' names, but no one ever remembered to put down the sisters' names. Even then it was no small family. Jesus, as the oldest of seven, would have many responsibilities. After Joseph's death he would be the chief breadwinner. Seeing that the rent was paid, that there was grain in the house for Mary to grind into meal, finding money for clothes for seven growing children—this could not have been easy for Jesus the young carpenter.

They were not an easy family to live with, those boys and girls. When Jesus later began his work of teaching and healing, we hear that even his brothers did not believe in him. But in spite of the brothers, there was always Mary. Mother-like, she loved her first-born as no other could or did.

There are some who worship her as "Queen of Heaven;" but it is enough for us to remember that she was queen of the home where Jesus the child grew to be Jesus the man. Not this side of heaven can we know how much we owe, as Christians, to this one woman, whose mind and spirit were woven into the thought and spirit of her Son.

### Home Memories

INDEED, Jesus' whole boyhood was woven into his manhood. Among life's most precious memories are those of our growing years. Later on, we can see how Jesus' mind was bright with memories of home. The parables of the patched garment, of the leaven hidden in the meal, of the poor woman hunting with a lamp for her one lost coin, of the hungry neighbor

Mrs. J. W. McClellan and her sister, Mrs. Era McClellan, visiting here from Washington, D. C., and their mother, Mrs. J. T. Oakes visited Saturday with their sister and daughter, Mrs. J. W. Witek, at Robert Lee, Mr. McClellan, who is working at Robert Lee, returned home with them for a stay of several days with his family.

Mrs. R. D. Hill and nephew, Hal Sander, who was home from N. T. A. C. Arlington, were visitors Christmas with her sister in Comanche.

at midnight, of the son who said "I go" but did not go — these and many others may well be echoes of Jesus' boyhood home. Deeper than these are Jesus' habits of prayer, his fondness for calling God "Father," his familiarity with Scripture even in death's agony—here surely are patterns learned in childhood's growing years.

# Reservoir Planned On Jim Ned Near Novice

A proposal to seek a federal permit to build a large reservoir on Jim Ned Creek in Coleman County near Novice, was announced early this week. Santa Anna and Coleman, in cooperation with the Central Colorado River Authority, have been studying this project for some time.

The City of Abilene and the West Texas Chamber of Commerce has recently become interested in this project.

The Abilene city commission last Friday entrusted City Manager Bertel McDaniel to study cooperation with the Central Colorado River Authority officials from Novice, the possibility of getting the federal government to build the reservoir on the Jim Ned northwest of Novice, which Abilene and other nearby towns might use water.

The action of the Abilene city commissioners Friday was taken after the city manager had requested a conversation he had with Sam Cooper of Coleman, Central Colorado River Authority official.

Mr. Cooper stated the project is in the preliminary stage, and is aimed at flood control.

The Central Colorado River Authority has just completed the first of a proposed series of dams in the Jim Ned watershed at Novice for community use. This is a small lake.

The Authority has plans for 10 or 12 other flood control projects in the watershed.

The best information at present seems to be that the proposal for the dam in Coleman County involves drainage area of 200 to 250 square miles which is in the area with a rapid runoff dropping from a surface elevation of 2200 feet down to 1750 feet. This causes the water to come dumping in such a way as to cause flood damage.

Apparently the location for the proposed big reservoir is east and north of Novice, near the Callahan-Taylor county line on the north border of Coleman County. Part of the lake would be in Taylor county.

The Central Colorado River Authority, which embraces Coleman county, has obtained some preliminary engineering.

The flood control need claim is based on the premise that 14,000 acres of land in the area is subject to overflow between the site of the proposed dam, and Lake Brownwood.

The size of the lake and the amount of water it would impound has not been determined.

## Rockwood H. D. C. Has Regular Meeting

The Rockwood Home Demonstration Club met Wednesday, January 5, at 2:30 p. m. in the luncheon room, with the discussion of the year book.

Mrs. Bailey Hull, club president, called the club to order with the club motto and prayer. Mrs. Charles Porter led the songs.

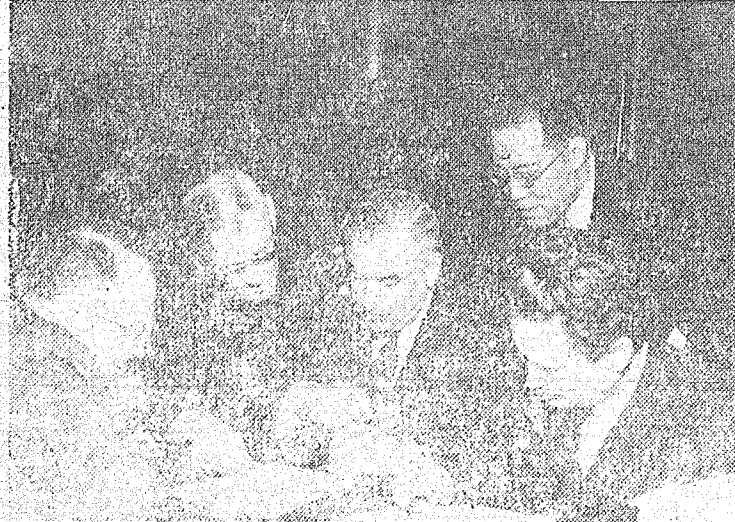

Mrs. Harold Straughan reported the program for the year. Mrs. J. T. Adian discussed Education and Expansion. Mrs. J. H. Robertson told why we should have recreation. Mrs. Bill Rehm gave the finance report. Mrs. Jack Cooper gave the T.H.D.A. report and Mrs. Johnnie Steward reported the Council meeting.

The club voted to have the bedroom demonstration at Rockwood, if the clubs of this area will come here.

The club members are to take a pie or cake to the Coleman Stock Show, Saturday, January 15. All members are asked to have their cake or pie at the luncheon by 10 o'clock Saturday morning.

Mrs. J. H. Robertson led the recreation. Mrs. Tom Bryan and Ora Cald-
