Two Local Boys Attend National Scout Jamboree

Dean Bass, son of Mr. and Mrs. Dick Bass, and Temp Fiveash, son of Mrs. Preston West, left Sunday morning for Valley Forge, Pa., where they will attend the second annual National Boy Scout Jamboree. The Jamboree opens June 30 and ends July 6.

The cost of making the trip is about \$200 each, and they must have three complete uniforms. These two boys have worked hard during the past few months to make money enough to pay their own way and have some spending money while they are gone. They have attended a number of meetings in preparation for this Jamboree.

All the Scouts, numbering over 40,000, attending the National Jamboree are taking some article that represents their part of the country to the Jamboree to trade with other Scouts. The local boys took over 200 horned toads and 300 pounds of sand from the Santa Anna Silica Sand Co. This sand was put up in small bottles and prepared especially for the Boy Scouts.

The boys were to arrive in Washington, D. C. at 11:00 a. m. Tuesday and leave there at 1:00 a. m. Wednesday. They were to arrive in New York City at 6:30 a. m. Wednesday and spend the day there. They departed New York City at 12:45 mid-night to arrive at Valley Forge at 6:30 Thursday morning. The boys planned to see the New York Yankees and the Washington Senators play while in New York. The boys will depart Valley Forge on July 8, and return by way of New York City, Buffalo, New York and Niagara Falls. They will arrive in Abilene Tuesday morning, July 11.

They will ride a float in a parade Friday morning and that night will attend the Queen's Ball. Saturday morning they will attend the Race meet as guests of the Brady Jubilee.

The school of experience has a rigorous course. No graduates. No degrees. Some survivors.

Queen Theatre To Present Stage Show Tuesday

Bill and Joe Callahan, Stars of the Liberty Broadcasting System, with their "Blue Ridge Mountain Folks", are heard each day on a coast to coast network. All of the principal cities and towns have their program on the air daily at 4 p. m.

This great troupe of Radio and Recording stars have also been featured in Monogram pictures from Hollywood and are making a tour of Theatres throughout the Southwest. You can see and hear them in person and on the stage of the Queen Theatre in Santa Anna, Texas on Tuesday, July 4th.

This is one of the greatest comedy shows on the road and on the air today. Bill Callahan who has been the featured comedian with such famous stars as Jimmy Wakely of Monogram Pictures, Ray Whitley of RKO Pictures and on Radio network for years, is the funniest character ever presented on any stage. He was also featured with Red Foley as comedian on the Grand Ole Opry Show at Nashville.

Together with his brother Joe Callahan, they form a singing team that will present your favorite song, past or present. This team has made recordings of folk music and songs for more than 10 years.

Other members of their stage cast are all recording and radio artists of wide reputation and their ability to entertain you with fun and good music is backed by years of experience.

The entire cast of the "Blue Ridge Mountain Folks" will be glad to meet you at the Queen Theatre on Tuesday, and they will be in the lobby after each show to meet you in person.

Preston Smith Visits Santa Anna Tuesday

Mrs. Ed Baxter Killed In Train Accident Sunday

Funeral services were held Tuesday, June 27, at 4:00 p. m., for Mrs. Ed Baxter, at the First Christian Church, who was killed on Sunday morning, when struck by a fast moving freight train. Mrs. Baxter was on her way to Sunday School and church services at the Christian Church. Walking on the north side of the tracks she was going parallel with the train, and had passed the depot and was approaching the grade crossing on 1st street when hit. It is supposed she was drawn against the train. The impact threw her upward and away from the train. Death was almost instantaneous. She was pronounced dead upon arrival at the Sealy Hospital.

Rev. E. H. Wylie officiated at the services, assisted by Rev. Ben H. Moore.

Lucile Volentine was born to Mr. and Mrs. Henry Volentine on January 9, 1882, who lived between Santa Anna and Trichham. Later the family moved to Santa Anna, which continued to be her home, except for a time she and Mr. Baxter lived in Albany, Texas, just prior to his death.

She attended Coleman County schools, and Howard Payne College. She was married at the home of her parents in Santa Anna, to W. C. Baxter, on January 14, 1909.

A daughter, who survives, was born to this union.

Mr. Baxter who preceded her in death, on May 6, 1949, was for a number of years mayor of Santa Anna.

Mrs. Baxter was one of the 9 Volentine sisters, and the 5th to die.

On June 14, Mrs. Baxter and her sisters, attended funeral services for their sister, Mrs. Lillie Patton, at Carlsbad, New Mexico.

Mrs. Baxter became a member of the First Christian Church in young womanhood, and was faithful in attendance, and active in the services, when death claimed her.

She was known as one devoted to her family, and loyal to her friends.

Survivors include the daughter, Mrs. H. B. Thompson of Dallas; and four sisters, Mrs. A. R. Brown of Santa Anna; Mrs. Frances Adams and Miss Ruby Volentine of Austin, and Mrs. A. C. Hefner of Fort Worth.

Flower bearers were: Neal Oakes, Oscar Boenicke, Bill Mulroy, Jack Woodward, Calvin Campbell, and Ozro Eubank.

Flower bearers were: Mrs. L. O. Garrett, Mrs. Lovel Richardson, Mrs. Clifford Stephenson, Mrs. Tom Simpson, Mrs. John Scott, Mrs. J. R. Gipson, Mrs. Blossom Owen, Mrs. Bernice Hagenot, Mrs. Lonnie Sykes, Mrs. Bill Mulroy, Mrs. Oscar Boenicke, Mrs. J. L. Boggus, Mrs. Paul Pembroke, and Mrs. Jack Woodward.

Burial was in the Santa Anna Cemetery, with Hosch Funeral Home, directing.

No. 1 Griffin May Be Best Well In Field

The CDFG Oil Co. No. 1, W. B. Griffin well blew in Tuesday morning and has prospects of being the best well located in the Breneke Sand to date. The well flowed at the estimate rate of 800 barrels per day through the open hole. Oil-gas ratio was estimated at approximately 600-1. This gives good indication that the Breneke Sand goes to the west and north of the Glass-

Norton No. 1, Copeland location. The Griffin well is located due west of the Glass-Norton No. 1, Copeland, and is located 165 feet from the east line and 439 feet from the north line of the GH & BRR Survey.

The first part of the Breneke Sand was hit at 1762 to 1767, the second sand section was cored from 1771 to 1792. Total depth of well is 1794, with casing set

to 1792. The Lightfoot, Quinland, Rich, No. 1, W. E. Vanderford was shot with 4 quarts of nitro Saturday morning. Since that time the well has been made a producer and has not been officially tested yet. The Lightfoot, Quinland, Rich on the Z. D. Kemp, Amos Taylor location took a core Monday morning, but results have not been made public.

John Dean Cox Buried Thursday

Funeral services were held at the First Methodist Church Thursday afternoon, June 22, at 5:30 p. m., for John Dean Cox, 10, son of Mr. and Mrs. Edwin H. Cox of Santa Anna.

John Dean was drowned Wednesday afternoon at about 3:00 p. m. in the waters of Mud Creek, on the Hosch ranch, 3 1/2 miles northeast of Santa Anna. He was with a group of youngsters who had gone out to the creek on a picnic and fishing party with M. R. Matthews. The youngsters were wading and swimming when John Dean got off in deep water and disappeared. The little Matthews girls ran to W. J. Curry, who was plowing in a nearby field, for help. Curry drove three miles by tractor to the nearest telephone to sound the alarm. R. S. Traylor, Curry and a Mr. Lovelace got the boy out of the water and administered artificial respiration, but to no avail. Hosch Funeral Home was summoned from Cal Fullers home.

Earl Trick, Justice of the Peace, went to the scene of the accident and rendered a verdict of death by drowning.

This was the second tragedy in the Cox family in two years. A younger brother lost his life in a tractor accident near Bangs about two years ago.

John Dean's mother and grandmother, with whom he lived, were visiting in north Texas at the time of the accident. His father is a driller in the Santa Anna oil fields. He would have been 11 years old September 11.

Officiating at the service was Rev. W. F. Smith, pastor of the church, and Rev. J. E. Farren of Bangs.

Pallbearers were Bud Allen, Sammy Baker, Morris Dean Cox, Samuel Cox, Newt Evans and Doyle Evans.

Survivors include his parents of Santa Anna; two brothers, Jerry Lee and Jackie; his grandparents, Rev. and Mrs. C. B. Cox of Aquilla, and Mr. and Mrs. John Evans of Santa Anna.

Burial was in the Santa Anna Cemetery, with Wright's Funeral Home in charge.

Dr. Strozler after graduating from the U. of T. medical school in 1906, practiced medicine in Santa Anna, until World War I. He was 69 years old.

Yours for an honest, efficient and courteous administration.

The organization bestowed the Honorary Lone Star Farmer degree on Hardy Stewardson for outstanding work in advancing the FFA program in San Saba and adjoining counties. His son, J. L. Stewardson, was chosen State Officer from area 12. Young Stewardson, who has carried on outstanding livestock feeding projects in the past two years, will take office as vice-president of the Texas Association of Future Farmers of America at the state convention to be held in San Antonio in July.

Allan Shivers Asks "Term Of My Own" As Governor of Texas

Gov. Allan Shivers, in formally announcing his candidacy for a first elective term as Governor, said he has done his best to carry out a program for Texas in a manner acceptable to the people of Texas, adding: "If I have succeeded, I will appreciate their votes for a term of my own."

Shivers, who assumed the Governorship last July, had not held a full-time governmental job before becoming Governor. He was elected to the State Senate in 1934 and twice re-elected. In 1946 he was elected Lieutenant Governor and re-elected to that office in 1948. Born in Lufkin, he spent his boyhood in Tyler County and later moved with his family to Port Arthur.

During his public career Shivers has given particular attention to public welfare, rural roads and improved educational facilities. He was a co-author of Texas' original old-age assistance law and helped to write the tax bill which still meets the cost of old-age assistance. Under his leadership last February, the Legislature approved a far-reaching reform and improvement program for state hospitals.

"Between now and the July 22 election I will continue to make my views on important public issues," Governor Shivers stated. "I will emphasize facts and records of accomplishment, instead of easy promises, and will address myself to all the people of Texas rather than to any special group."

The Governor said he considers economy to be the State's top problem. "And that means economy of money, of our soil and of our water resources," he added.

He expressed thanks to "the thousands of individual Texans who have already told me that they will support me in this election."

DEVOTIONAL READING: Psalm 91

Black and White

Lesson for July 2, 1950.

A GROCER in Minneapolis received a letter from a former customer who lived in the city during the latter part of the war. It had been written in a revival style, the letter said I want to make a change in my life and please let me know how to do it. The grocer checked up on the man and found that he was a Communist who had been in Minneapolis.

Conversion is God's operation on the heart. No one can actually see the heart, but if the operation is successful, the symptoms of disease will disappear and the symptoms of health can be seen by any one. The patient is a new man.

Jacob Black

BEREK'S most notable case of conversion in the Bible, aside from the Apostle Paul, is the man named Jacob. His life is a study in black and white up to a certain point, but anything good could be said of him, but after that point he can hardly be accused of anything bad.

All his younger days he was principally noted for giving trouble to other people and "doing them out of" something he wanted for himself. First he tricked his older brother into selling him the family birthright, for the ridiculous price of a bowl of soup (pottage). You would not think any one could sell his birthright, but Jacob caught Esau when he was dog-tired and hungry. Then he saw him outsmarting his brother again by birthright; Jacob was by that time a shameless liar and thief. It became so hot for him at home that he had to leave town.

We have a glimpse of him on his journey, dreaming about a ladder to heaven. Evidently his conscience did not trouble him. Indeed, he proceeds to bargain even with God; if God will prosper him, he says, he will see that God gets ten percent. God did indeed prosper him; but he grew no better for it.

The rest of his life, for the next twenty years, is one piece of trickery after another, he and his uncle Laban taking turns trying to outsmart each other, with Jacob usually coming out ahead.

Jacob White

THINGS came to a climax on the night when Jacob, fearing death at Esau's hands, arranged his family to go ahead of him, keeping himself in the safest place, in the rear, and there at last he came face to face with God.

The story of his all-night struggle at the brook Jabbok is a strange one, but one thing is certain. After that night even his name was changed, for the man himself was a new man. He is patient in trouble, no longer resentful. He is not only a good man himself, he does his best to help others. He conducts what can only be called a family revival; he persuades one and all to give up the idols they had been worshipping and turn to the one true God. He offers sacrifices, like his fathers before him.

He goes down into Egypt at last, a humble man, no longer the conceited young crook he had been when he went to Padan-Aram. He depends now on God and not on himself.

The God of Jacob

A FAMILIAR Psalm carries this refrain: "The God of Jacob is our refuge." Why the God of Jacob, not Abraham nor Isaac? Well, if it were only the God of Abraham, most of us might as well give up. For Abraham was a great genius, a man such as appears scarcely once in a century. Or if he were the God of Isaac only, we would be led to think of him as caring especially for the weak-minded, the lame and the lazy. But Jacob—just a plain man full of meanness, yet the same God who changed him can change the meanness of us.

The real test of religion is not what support it can give to noble souls, or what comfort it gives to the weak. The real test of religion is: Can God turn black into white? Can God take an ordinary, conceited, slippery customer and make a good man of him? The God of Jacob can do this; and he is the God most of us need.

FOR TWO WEEKS NOW the House has mostly marked time, passed a few bills and watched the Senate for signs of activity that would point to an early adjournment.

Right now the best guess is that the session will end about August 1st, but that will depend on the Senate which always lags behind the House on legislation. There is no debate limit in the other chamber and some of the Senators are prone to be long-winded at times. Only last week one energetic Senator talked for 12 hours on one bill without sitting down.

The Senate leadership has

promised another attempt to bring up the FEPC and how much time they'll kill on that is anybody's guess.

It's a funny thing. With some Democrats and some Republicans eyeing the November election and the negro & CIO votes, they spend hours blaming each other for not passing an FEPC bill, while very few if any of them sincerely believe in the soundness of this vote-getting scheme. The proposal is kicked around and extolled as a panacea, and the crocodile tears that are shed by its sponsors would turn a small desert into a verdant forest and almost float the battleship Missouri.

THE HOUSE LAST WEEK passed another rent control bill, containing controls over rentals for 7 months. I voted against this measure. The war has been over for five years and I cannot justify arbitrary controls over what one segment of business enterprise can make while not doing the same to others. Why discriminate? If it's a good thing to control what a duplex owner can make on his investment, then why isn't it a good thing to control what a wage-earner can make, what a farmer or a sheep or cattle raiser can make? In

other words, why pick on one group of citizens who must, in operating their business, pay more for wages, more for the food they eat, more for repairs, paint, taxes and so forth?

Besides, individual States have authority to pass state laws controlling rents if they feel that they are needed. Texas voted to abandon rent controls a year ago and is getting along very well without Uncle Sam imposing federal controls down there.

THIS BEING A POLITICAL YEAR, and Washington being the center of politics, trends are being closely watched and activities of political groups scrutinized these days.

Last week Phil Murray, boss of the CIO, called his 300 political leaders to Washington to whip them into a frenzy and launch a million dollar drive for his political war chest.

The CIO leader told his Political Action Committee (PAC) the money is needed to elect a pro-labor Congress this Fall and to defeat those who favor the Taft-Hartley Act. The latter, you will recall, makes labor unions subject to the labor laws as employers.

Thus far this year the PAC has had a low batting score in primary campaigns, and they are obviously smarting from these set-backs. Money-raising attempts have been very disappointing to them. Their success in November will have a strong bearing on their 'welfare state' program and the question of whether we are moving toward a labor government in this country. Walter Reuther, a promising CIO leader, favors an outright Labor Party, but others frown down on the idea at this time.

AMONG OUR VISITORS last week were four Brownwood High School graduates and the school Principle, Mr. Leroy Preston. The students were Betty Bell, Virginia Hallum, Don Friend and Wayne Dean. They were a part of a group now on a conducted sight-seeing tour which included Washington and historic points in this area. From here they went on to Philadelphia and New York. The party of 14 included students and others from Austin, Stephenville and two-

Roxie Ann Burcham and LaVern Montgomery—from Ft. Stockton. OUR RECENT VISITORS included Miss Lena Strachbein of Rocksprings; Mr. and Mrs. W. A. Stroman and T. A. Henderson Jr. of San Angelo; Mr. and Mrs. L. C. Sanson of Rochelle and their daughter and son-in-law Mr. and Mrs. Charles Haensch of Goldthwaite; Mary Thompson of Sabin; Miss Lucy Wilson of Del Rio; Walter W. Knopp of Stonewall; M. A. Campbell of Goldthwaite; Jesse Beffis and L. J. Milham Jr., a recent West Point graduate, both of Brownwood; Mrs. Floyd McAdulan, Mrs. D. K. McMullan, Jr., and Mrs. Lewis Hershey, all of Big Lake; and Miss Bill McMullan of San Angelo.

Paula Holt, visited several days last week with relatives, the Roger Holt family in Abilene.

Mrs. C. W. Rasbery has returned home from Odessa, where she visited several weeks with her daughter, Mrs. Tra Earnhart.

Mr. and Mrs. R. C. Arnold from Mid West City, Okla., visited from Friday until Monday with his mother, Mrs. Byrd Arnold, who accompanied them home, for a two weeks' visit.

Mrs. May Taylor of Lamesa, formerly of Santa Anna, is here for a visit with her daughter, Mrs. Emmett Stiles and family.

Mr. and Mrs. Robert Spence, from near Dallas, were here for the week-end visiting with his mother, Mrs. W. A. Featherston, and his sister, Mrs. Otto Lange. Mrs. Lange, who was hospitalized for several weeks and had surgery recently, is convalescing at her home.

Mrs. Collin Price visited several days last week, in Abilene with her daughter, Annabelle, who is employed there for the summer.

Mr. and Mrs. Alford England, visited a short while in Santa Anna last Friday. They were returning to their home in Abilene, after a 10-day vacation in Saltillo and Monterrey, Mexico. They also visited friends and relatives, in Corpus Christi and San Antonio, en route.

Mrs. Nora Watkins, and her granddaughter, Janet Watkins, returned to their home in Jonesboro, Ark., last week after visiting with her sister, Mrs. E. A. Harris, and Mr. Harris. They also visited with Mrs. Ola Neill, a sister-in-law of Mrs. Watkins.

Mrs. J. S. Tinkle, and Martha, returned home, at Tulsa, Okla., Sunday night, after visiting with her parents, Mr. and Mrs. C. L. Boardman.

Mr. and Mrs. Emmet Smith and children, of Monument, New Mexico, are visiting his parents, Mr. and Mrs. Turney Smith.

From where I sit ... by Joe Marsh

Maybe This'll Wake Us Up!

Because a couple of thoughtless drivers threw a newspaper out of their car yesterday, Miss Gilbert, our school principal, nearly had a bad accident.

She was following them on the highway and the paper flattened over her windshield, so she couldn't see. In a minute her little coupe was across the line—right in the path of an oncoming trailer-truck. It missed ... but only just!

The parties were recognized and soon as I heard about it I ran over to Sheriff Harper—demanded they be brought up on charges. But

Harper says: "Hold on, Joe. Let's talk this out, over supper and a glass of beer at Andy's."

He pointed out that those men aren't criminals. Just careless, like a lot of us seem to be getting these days, judging from the trash you see along roadsides. From where I sit, this near accident may be the lesson we need to make us stop littering our roads—and start showing a little tolerant consideration for our neighbors!

Diabetes Death Rate High In Texas

AUSTIN.—Death rates from diabetes is three times as high in diabetics whose condition was not discovered until after complications developed than for patients whose illness was recognized and brought under treatment before advanced symptoms appeared.

Based on recently completed national studies, this was revealed by State Health Officer Geo. W. Cox.

"Diabetes has not always been a public health problem," the health officer declared. "It became one when we found that the death rate is much greater when the condition is discovered late.

"Public education makes for lower diabetes death rates, and public education in such matters is a health department job."

Dr. Cox told this story about diabetes:

It used to be that many diabetes patients sought treatment only after having developed serious complications. A considerable number of all diabetes examined at autopsy showed active pulmonary tuberculosis.

The discovery of insulin gave physicians a specific treatment for prolonging patients' lives, even before it was entirely clear what the disease was and what its effects were. Thus, even after event took place with insulin therapy, eventually leading to the realization that early discovery means longer life.

"Diabetes mellitus"—called sugar diabetes by some people—is a condition in which the body cannot properly process the sugar it needs. The result is chronic thirst, hunger, and weakness. Eventually, without insulin, the patient will literally starve to death. Insulin injections will correct the faulty body processes.

"In 1949, there were 739 diabetes deaths in Texas," Dr. Cox said. "By comparison, that same year there were only 189 polio

100 Texas Citizens Expected To Die Over July 4 Holiday

Once a year, we people of America pause from our every day work and take time out to celebrate our National Independence Day. Many years ago, a group of brave men gave their lives that we might enjoy this land of ours without fear for the safety of our lives and personal liberties.

On the 4th of July of each year, our pleasures of the holiday take a heavy toll upon us and our loved ones. Hundreds of people die a violent death due to accidents of every imaginable type. On a day of pleasure and joy we compile a terrific record of death and destruction because of the lack of a little planning and care on the part of each one of us.

We people of Texas can expect at least 100 of the citizens of our state to meet a violent death over the holiday week-end from Saturday through Tuesday. Out of that ill-fated group of 100 men, women and children, approximately 36 will die in traffic accidents on streets and highways. Drownings, firearms, fire-

works, homicides, and suicides will all take their toll upon the people of Texas.

The Texas Safety Association states that if each of us would but stop and think and exercise a little care and a lot of good common sense, that many of these lives can be saved. Remember these few rules: When driving, drive defensively. Stop often and rest so that you may remain alert at the wheel. Check your vehicle carefully before starting on a trip. And remember that intoxicating drinks and driving do not mix. If you plan to go in swimming, know the place in which you will swim. Do not swim immediately after eating. Do not stay in the water after you become tired. If you cannot swim, stay out of deep water. If you must use firearms, handle them with care, know your target, and do not shoot in unprotected places. Refrain from horse play while carrying firearms. If you must celebrate with the aid of fireworks, remember that each little firecracker or skyrocket is potentially dangerous. Remember that fireworks are a very great fire hazard, and when using them, always respect the rights of other people around you.

Each person expects to have a day of pleasure on the 4th of July. It has grown to have that meaning in the minds of each of us and we fail to remember that our holiday might be spoiled by an accident or tragedy involving ourselves or one of our loved ones. The best insurance against accidents is to use care and caution in all daily activities, regardless of how simple they may seem.

The Texas Safety Association feels that if these few simple facts and rules are kept in mind, that each of us will be safely back on the job after another enjoyable holiday week-end.

BE CAREFUL - REMEMBER THE LIFE YOU SAVE MAY BE YOUR OWN.

Local Methodist Church News

A splendid attendance was noted the fourth Sunday. The pastor's morning message was based on the 55th chapter of Isaiah, while the 19th Psalm suggested a group of thoughts for the evening sermon.

A successful Vacation School is reported, although it came at a very busy time. The closing program, Wednesday evening included action songs, scripture reading, and poems by the children. The Youth gave a radio skit, some special numbers in song, and a flannelboard presentation, all centering on the Bible. Attractive displays had been prepared by each group.

The annual pledge service of the W. S. C. S. was held at the home of Mrs. Crews Monday afternoon preceding the monthly social. The needs in the many mission fields and of various institutions and other projects in men, women and children, presented by a group of the members. Several babies in our church have been honored through the pres-

entation of Life Memberships.

The first month of the new conference year has passed. As a church we are in full accord with the district and conference programs and hope to do our part in making this a good year throughout the church at large. To do this, each member is urged to be loyal to the program as outlined for our local church by those entrusted as our leaders. May we continue to work together as in the past that the Lord might bless us, as He always blesses those who seek to do His will, and thereby glorify His name.

Do You Intend To Drive Your Car On Your Vacation?

Driving your car on a vacation trip?

Don't neglect to have it checked for safety and roadability.

Your vacation will be care-free only if the car which takes you there and brings you back is free of mechanical faults and is in top shape in every respect." said E. L. Harrig, manager, service and mechanical department, Chevrolet Motor Division.

"The per-vacation checkup should be more than the customary oil change, lubrication, tire, battery and radiator check," said Harrig. "Brake adjustment, wheel alignment, rear axle and transmission lubrication and spark-plug cleaning are among the items that should be checked on your vacation-bound car. Air cleaners should be cleaned, tires cross-checked, wheel bearings packed and windshield wipers checked for proper functioning."

"For safety, the lights should be tested, windows and windshields examined. For comfort, don't neglect shock absorbers, wheel bearings and tire pressures. And, for peace of mind, there is nothing like a motor tune-up to assure you that all's right with the road."

One-fifth Of Cotton Groups Have Applied For Benefits

About one-fifth of the organized cotton-improvement groups have already applied for the benefits due them under the Smith-Dooley Act, according to H. J. Matejowsky, local cotton representative of the U. S. Department of Agriculture's Production and Marketing Administration.

Applications for these services can be secured from Cotton Branch, PMA Office, and the County Agent. They should be sent immediately to P. O. Box 2001, Abilene, Texas.

"Our goal is to get all applications in by July 1," Matejowsky explained. "This will give farmers time to make arrangements for sampling. Also, it will help cotton classing offices get ready

to operate at full speed when the season starts."

Mr. John Oakes came from Lovelady, Texas, several weeks ago, to visit his sister, Mrs. Homer Goodgion and family. Shortly after coming he took sick and underwent surgery at Medical Arts hospital in Brownwood and later was transferred to Sealy hospital, where he spent 13 days. His friends will be glad to know he is greatly improved now.

Mr. and Mrs. W. T. Moore and their granddaughter, Donna Sue Carroll, of Henderson, came last Saturday. On Sunday they took Mrs. Moore's mother, Mrs. Don Ewing back with them, after she had visited for several weeks here among old friends.

T/Sgt. and Mrs. M. R. Hibbs are here from Sacramento, Calif., for a visit with her mother, Mrs. C. E. Eubank. The Hibbs returned to the States several months ago from a years' stay at Munich, Germany.

Mr. and Mrs. Robert Luedtke and children returned to their home at Fort Atkinson, Wis., last Thursday after a visit of nearly two weeks with her parents, Mr. and Mrs. R. P. Earnhart.

Mrs. W. C. Spencer of Roswell, N. M., came Monday for a visit with her parents, Mr. and Mrs. Tom Mills. She returned home Wednesday, and Mr. and Mrs. Mills, accompanied her, for a visit of several weeks.
