Mountaineers Travel To Richland Springs For 2nd Non-Conference Tilt

The Santa Anna Mountaineers will travel to Richland Springs this Friday to engage the lads who beat Bangs last week in the opening game of the season for both teams. The game is the second in a series of non-conference games to be played before the conference season starts.

Richland Springs colors are blue & white. The coach, Haskel Miller, operates from a combination of the single wing, "T" and "Y" formations. The wheel-horse for Richland Springs is their 189 pound quarterback, C. D. Rowell. Reports indicate that they have a nice field, but we do not know about the seating capacity.

The game is scheduled to start at 8 p. m.

Richland Springs line will average 148 pounds and their backfield will average 157 pounds. The Mountaineer line averages 161 pounds and the backfield averages 153 pounds. Not much other comparison between the two teams can be made, so far as paper is concerned. Comparisons will begin being made after the week end games are completed in this district.

The probable starting line-ups will be as follows:

TROUNCE ROCHELLE

Last Friday night the Mountaineers trounced the Rochelle Hornets to the tune of 25-0. It was a typical first-season game during the first quarter, with both teams fumbling a number of times. However, beginning with the second period the Mountaineers go hold of themselves and from there on it was their show.

Excellent cooperation among the entire team was credited with the win. The line seemed to open holes that the backfield players just had to run through, to gain large amounts of yardage. This was not a one or two man show, but the entire team working as one, made the show. Some players are bound to be outstanding as far as the onlooker is concerned and Parish

Auto-Trailer Accident Puts Two In Hospital Sat.

An auto-trailer accident one-half mile east of the Santa Anna City Limits at about 5:30 Saturday afternoon resulted in young Miss Harriett Wigger, daughter of Rev. and Mrs. Harry C. Wigger, being hospitalized with facial cuts and bruises and Mrs. Wigger being hospitalized on Sunday from shock.

The accident occurred when a trailer came loose from the Manley Blanton car and side-swiped the Wigger car. The trailer was loaded with cotton seed. Mr. Blanton was returning home after having a bale of cotton ginned.

Both car and trailer were badly damaged. The accident was investigated by the Sheriff's department, but no charges were filed.

and Hartman in the backfield and Smith and Stephenson on the line seemed outstanding, but their ability came with the help of all the others on the team.

Hartman scored first in the second period, after setting up the tally with a 60-yard run. Then Parish scored from the 8-yard line, after a series of ground plays, to make a half-time score of 13-0.

In the second half Hartman and Parish both scored again, and the game ended with the Mountaineers leading 25-0.

The Blanket Tigers and the Gorman Panthers open the District grid schedule this week at Blanket. This is the only conference game this week. Last week Blanket run over Carbon to the tune of 55-0. Gorman, on the other hand, tied with the Baird Bears 13-13.

Other games in the District this week will find: Lohn at Bangs, May at Carbon, DeLeon at Cross Plains and Rising Star at Baird. Last week Rising Star lost to Class A Comanche 7-0; Lometa beat Early 14-12; Richland Springs bopped Bangs 6-0; and Cross Plains and Aspermont tied 6-6.

Helen Soward Joins News Staff

Miss Helen Soward, who hails from Comanche, begin work on the Santa Anna News staff this week, and plans to be one of us in the future. She did some outside work this week and will be out among the merchants talking advertising every week.

We will appreciate any favors shown her.

Memorial Window Honors Former Santa Anna Girl

Mrs. Lloyd Thomas, nee Elizabeth Rollins, who passed away at her home in Mineral Wells last December 11, was recently honored by her Sunday School at A & M College.

Her class dedicated a handsome stained glass window, in their church, to commemorate her 33rd birthday, on August 28. She was especially remembered for her outstanding work with the children and with the young wives of the students at A & M College. Her brother, Edwin Rollins and his wife, attended Mr. Thomas at the impressive service. Mr. Rollins and Mrs. Thomas are graduates of the Santa Anna High School, and grew up in Santa Anna. Mr. Thomas, a graduate of A & M, returned there for Post Graduate work, after being in the U. S. Cavalry about two years.

Monday Wreck Injures Two

An auto-truck accident near the Santa Anna High School Monday morning did considerable damage to a 1940 Ford driven by Curtis Shields, 15, and did some damage to a tractor-trailer truck driven by Price M. Woods of Abilene.

The Shields car struck the rear wheels on the trailer. Calvin Shields, father of Curtis, was treated at the Sealy Hospital for minor cuts and bruises about the face and on one hand. Curtis received minor scratches on the body. Price was uninjured.

Charges of driving without an operators' license were filed against Curtis Shields. The truck is owned by Roy Parnell of Abilene.

Our Iron Lung

About the middle of the afternoon Monday, Dr. Huckleberry received a telephone call from the Polio Center in San Angelo. They requested the immediate loan of the Iron Lung in the Sealy Hospital. Doctor Huckleberry, knowing and realizing how the Iron Lung was purchased, through contributions, told them that he could not give them a definite answer, but would have to contact some interested parties and get their reactions before he could give them an answer. The Polio Center told him they must know right-away, because it was needed right then. If he could not give them a definite answer, they were going to contact the National Foundation and attempt to have one flown there that afternoon. Dr. Huckleberry promised them an answer as promptly as possible.

He contacted a number of the business men of the town, explaining the situation and asked them what to do. Every one contacted reacted favorably and he called the Polio Center back and told them they could borrow the Iron Lung. They requested him to get a truck to bring it to San Angelo immediately. By about 5 p. m. the Iron Lung was on its way to San Angelo, possibly to save some unfortunate person's life.

We feel that the people of Santa Anna and vicinity must face the true and actual facts concerning the operation of an Iron Lung. It is absolutely necessary to have a trained technician on duty with one at all times. Also, there must be men trained in the mechanics of the Iron Lung, who are qualified to get one back in operation within a very short time, provided something should happen to cause it to cease operation. It is estimated, that to operate the Iron Lung in the local hospital, the cost would be over \$50.00 per day for the personnel required alone.

The Iron Lung has been stored in the local hospital over ten years. When it was purchased it was assembled and demonstrated a number of times, but since then it had not been used and most of the rubber connections have got old and would all have to be replaced. To put the Iron Lung in operation would require the skilled attendants, and to care for a polio patient in the local hospital, a nurse trained in the care of polio diseases would have to be acquired. In short, it would be impractical

to attempt to care for a polio patient here. Only polio centers are equipped properly to care for the polio patient.

Dr. Huckleberry explained the condition of the Iron Lung to the polio center. They assured him they had the necessary parts to put it into operation and said they would have mechanics waiting for the truck when it arrived.

The Polio Center at San Angelo is the center of operations where persons from this area would be treated for polio. Provided a person from this area is stricken with polio, they should immediately be carried to San Angelo for treatment.

We feel that a large portion of our citizens have been living with a sense of false security. Most everyone knew the Iron Lung was in the hospital, and was under the impression that should they or their children be stricken with the dreaded disease, they could be taken to the local hospital and start receiving treatment immediately. This was not true, because it would most likely take several days to get all the needed parts assembled and the operators here, even if they could be obtained. This writer thinks that a person would have a better chance of survival with our Iron Lung in the Polio Center at San Angelo.

This is not the first request the San Angelo Polio Center has made for the Iron Lung. Several weeks ago the Center made a formal request that the Iron Lung be donated to the National Foundation, and be sent to the San Angelo Center to be used there or anywhere it was needed. Dr. Huckleberry also presented this matter to a number of interested citizens of the town for action. However, not realizing the acute need for the Iron Lung, there was no hurried action taken on the matter.

Now, in view of the circumstances presented above, we are going to present the matter to the general public of Santa Anna and vicinity. In 1939 this Iron Lung was purchased through contributions from the citizens of this and surrounding areas. The Lung cost slightly over \$1500. Well over 600 persons made donation toward the purchase of the Lung. Of course all these 600 persons are not still living here, but several hundred of them are living in Santa Anna and in the areas around Santa Anna.

Would you, the citizens who made contributions to the purchase

of the Iron Lung, be willing to donate it to the National Foundation of Infantile Paralysis, with no strings attached as to where and when the Iron Lung would be put into service? Before you answer "yes" or "no" we want you to weigh the facts and give your honest opinion about it.

The National Foundation said that the only way they could accept it as a gift would be with no strings attached. This would be so they could move the Lung from place to place as it was needed.

We have a complete list of the persons who contributed to the purchase of the Iron Lung, and for the benefit of everyone concerned, would be glad to publish it again, if we had the space to do so. However, we feel that most of the ones who made the contributions will still remember it. You are the ones who purchased the Iron Lung, and you are the ones who have the say-so as to what should be done with it.

We want your honest opinions about the matter. When the polio epidemic is brought under control, should the Iron Lung be returned to the local hospital, to again be stored, where it very likely will never have the chance of saving a human life, or should it be donated, without strings attached, to the National Foundation of Infantile Paralysis for use whenever and wherever it is needed.

At the time of this writing, a very popular young lady, who was born and raised in Santa Anna is in the Polio Center in San Angelo, in a very critical condition. She is Mrs. Elizabeth Holt, daughter of Mr. and Mrs. C. L. Eeds, who reside just south of the city limits of Santa Anna. She was carried to San Angelo over the week-end, and reports indicate that her condition is very serious.

What is your opinion? Please do not come in and tell us your opinion for the record. We want you to write your opinion on paper and sign your name to it and mail it to Post Office Box 335, Santa Anna News, Santa Anna, Texas. All opinions expressed will be held in strict confidence and only the number who answered "yes" or "no" will be released, but these names will not be released unless the person requests it. We would like to have as many answers as possible within the next few days and feel that all answers should be received not later than October 15, 1950.

Mrs. Elizabeth Holt Dies With Polio Wed. Morn.

Mrs. Carroll D. Holt, of Brownwood, formerly Miss Elizabeth Eeds, daughter of Mr. and Mrs. Chap Eeds of Santa Anna, died early Wednesday morning in the Polio Center at San Angelo.

Mrs. Holt was carried to San Angelo early Sunday morning, after her case was diagnosed as Polio in the hospital at Coleman. According to reports received here, she had been sick several days, but was not considered serious until late Saturday night.

At this time, Wednesday, we have not been advised as to the funeral arrangements.

TOMMY MARTIN DIES
A nephew, Tommy Martin, son of Mr. and Mrs. T. K. Martin, who was carried to the Polio Center in San Angelo for observation early this week died about 5 a. m. Thursday of the same type polio. He was reported in a serious condition Wednesday afternoon.

Funeral arrangements have not been announced as we go to press.

Area Receives Good Rains Mon.

Santa Anna and vicinity received one of the heaviest rains of the season during the early hours of Monday night. The downpour registered from 1 1/2 of an inch along the Home Creek watershed to 4 1/2 inches on the Ozro Enbank farm southwest of town. Some report three inches some two and some less. Here in town the gauge at the Coleman Gas and Oil Company showed 1.75 inches.

Lightening struck several places, but we have not been advised of very much damage. Pastor Smith of the Methodist Church, reports a considerable shock, and some damage to the parsonage, but not serious. Miss Geo. Wells also reports some danger at his home, in the cemetery. The thundering and lightning was severe for a long time.

Rooms And House Listines Wanted

The Chamber of Commerce is attempting to keep an accurate listing of apartments, rooms and houses for rent in Santa Anna. The only way that an accurate list can be kept is through the cooperation of the ones who have them.

A number of calls are received by the Chamber of Commerce and the Santa Anna News each week by persons wanting a place in which to live. If the owners of rent property would keep the C of C and the Santa Anna News posted on their rent property, then we could give prospective renters a definite place as to where they might rent living quarters.

"THE FRIENDLY BANK" This Isn't Buffalo Or Boston--But THERE IS REAL NEED FOR THIS MODERN BANK It takes a lot of money to keep the wheels of exchange turning in the large cities. In the great money marts like New York and London the need of money is tremendous. Even in our own community it takes a lot of cash and credit to keep the business wheels going around. The need is supplied by this modern, community-serving banking institution. Knowing the community, we are always in a position to serve the normal banking requirements of local individuals and businesses. We have connections, too, that enable us to serve the large and unusual financial needs arising in this community. Local Methodist Church News

Several were absent the third Sunday because of sickness and some were out of town, however, there were a number of visitors for the preaching service. "God Shall Supply All Your Needs" was the theme for the morning hour, while "Enemies of The Cross of Christ" was the evening subject. An unusual song service, featuring four solos, was enjoyed by all. Several hours were required for the arrangement of such a program as well as quite some-time for preparation.

Almost fifty were present for the monthly Fellowship Supper, at which time Mr. and Mrs. Roy

Richardson were honored. Birthday honorees were Mrs. Etheredge and Mr. Mobley. As a token of love and appreciation the guests of honor were presented a beautiful coffee service. Mr. and Mrs. Richardson are going to be greatly missed. They have the best wishes of all as they go to their new home.

The W.S.C.S. is enjoying the Mission Study each Tuesday morning, to which all ladies of the church are invited.

Remember Rally Day next Sunday. Let's make it 100% attendance.

Dr. A. M. Fischer Is Chiropractic Association Head

Dr. A. M. Fischer of Coleman was elected State director of the Texas State Chiropractic Association of the district 4 group when they met at the Wooten Hotel in Abilene Sunday.

Other officers included Dr. Raymond Ray of Abilene, district president; Dr. George Strathman of Brownwood, district vice president; and Dr. M. E. Gambiel of Colorado City, district secretary-treasurer.

District Directors elected were Dr. James H. Chaney of Merkel, Dr. T. C. Tinkham of Big Spring, and Dr. M. L. Denman of Abilene.

The next meeting will take place in Stamford sometime in November.

Time Capsule To Be Buried At State Fair

(Editor's note. A copy of the September 1, 1950 edition of the Santa Anna News will be included in the Time Capsule described in the following article, which will be opened to the public 100 years from now.)

The 1950 State Fair of Texas will mark the Mid-Century point in history for future generations by burying a Time Capsule with instructions not to be opened until 2050 A. D.

The time capsule, containing data of historic interest about life in Texas during the first half of the 20th Century, will be sealed and buried on the final day of the 1950 State Fair Mid-Century Exposition.

Disinterment of the hermetically sealed metal cylinder 100 years hence will probably be a high point of the next Mid-Century Exposition. Its contents will enable Texans at the 2050 Fair either to marvel or smile tolerantly at the way we live in 1950.

Prominent among exhibits to be included in the Time Capsule to give a true picture of Texas

World Evangelist Lesson for September 24, 1950.

IT IS not only the ignorant and the prejudiced who claim that Protestant Christianity did not start till the 17th Century. Even Protestants can make this mistake. The real founder of Protestantism is Saint Paul. What the Reformers of the 17th Century did was to rediscover Paul. The doctrines of Protestantism are not some peculiar invention of Luther, not a vagary nor a quirk, still less a heresy; they are simply Christianity according to Saint Paul. If for no other reason, Paul is one of the most important figures in Christian history, perhaps in all history.

Dr. Foreman

The World is My Parish THERE is another reason why Paul is important. It is not too much to say that if it had not been for him, there never would have been any Christianity, as a world-religion. It would have died as a Jewish sect.

What the history of the world would have been in that case, God only knows. But although our so-called Christian era is still not exactly Christian, it is vastly different from what it would have been if Christianity had been no more (say) than Essenism, a word you would have to look up in the encyclopedia, an antique and forgotten sect.

To many unnamed Christians, but to Paul more than any other person, we owe the fact that ours is a religion with a world-outlook.

First Gr. at Missionary

PAUL was not a typical Christian any more than George Washington was a typical American. To this day, missionaries can hardly be called typical Christians. They are far too few, and their quality is far too high, to stand for the "average" Christian—well, in fact does not even understand missionaries, as a rule. Nevertheless, the missionary now as in Paul's time, is the burning-point of Christianity, the front-line patrol, the cutting edge.

One thing was his vital experience of Christ. Jesus, for Paul, was not somebody he had read about in a book, he was not a statue on an altar or a picture in a museum, he was not a definition in a catechism. Jesus was Someone he had met on the Damascus Road.

Second, Paul loved people, all kinds of people. (After his conversion, not before!) He could see in the most pitiful little mason of a slave-girl, the meanest tailor, a sister of

Rockwood News By Mrs. John C. Hunter

The Rev. G. W. Childers, pastor, preached at the Baptist Church Sunday. He and his family were dinner guests of Mr. and Mrs. J. C. King.

Edwin Broadus, minister, spoke at the Church of Christ Sunday. He was a dinner guest of Mr. and Mrs. W. Watson.

The Rev. V. E. Hankinson, pastor, filled the pulpit at the Methodist Church. The Rev. Mr. Hankinson announces prayer and preaching services at the Methodist Church, each Thursday evening beginning at 7:30 o'clock. Everyone is invited.

Bill Nevins had as guests last week his wife, Pat, of San Angelo, daughter and granddaughter, Mrs. George Chapapas and Kathy, of Rio Grande City. Sunday guests were Dan Jones, Leroy Johnson and son, Roy, of San Angelo.

Mr. and Mrs. Walter Boatright of Dublin, were dinner guests on Saturday of Mr. and Mrs. L. H. Estes and family.

Mr. and Mrs. Carl Buttry attended the TSGRA convention in Coleman.

Mr. F. M. Tisdale of Brady brother for whom Christ died, as he put it. Nowadays you sometimes hear church people saying about others outside the church, "They're not our kind. They wouldn't make good Presbyterians (or Baptists or whatever the speaker's church may be)." It never occurred to Paul that anybody would not make a good Christian, if only Jesus Christ got hold of him.

Furthermore, Paul had a world-horizon. There are hole-and-corner Christians, and there are world Christians. Paul was a world-Christian. He "thought big." To this day, the wide-horizon, big-thinking Christians are either out there on the mission field, somewhere, or they are supporting missions with all their might.

Bibles Across the Sea

THERE is one thing which you, reader of these lines, can do right now, if you have some of this world-vision. This week, today, you can help in a great missionary enterprise which is not confined to any denomination.

Over in Japan, General MacArthur says, Christianity and the Bible are the dykes holding up the flood of Communism. Dr. Shiro Murata, a Japanese Christian, also says: "The eyes of Japan are fixed on two books. One is Das Kapital by Karl Marx. The other is the Holy Bible. Japan is at the crossroads."

A campaign is being conducted this year to send to Japan five million Bibles and Testaments. The Japanese can read; they have the largest non-Christian population in the world reading one language. Through your local church, or even by yourself, you can contribute to this great undertaking to bring the Bible to a people sorely needing it.

Home Dem. Club Met With Miss Ellen Richards

"County Funds and their Distribution" was discussed when the Santa Anna Home Demonstration Club met with Ellen Richards Friday, September 15, at 2 p. m.

"Duties of each county official" was told by Mrs. A. L. Oder. "How taxes are assessed and collected in the county" by Mrs. F. A. Rollins, and "How tax money is distributed and spent" by Ellen Richards.

Mrs. J. F. Goen, Mrs. Orville Allen, Mrs. Louis Zachary and Mrs. F. A. Rollins were appointed as a committee to set up the club's exhibit on making aluminum trays at the Fall Festival in Coleman later this month.

During the recreation period Mrs. Arthur Talley, who recently returned from a visit with a daughter in Albany, New York, showed pictures and told of her visit to the home of the late president, Franklin D. Roosevelt, and other points of interest.

Refreshments of open faced sandwiches, cookies and soft drinks were served.

Others present were: Mmes. R. W. Douglas, John Lowe, John Perry, Marvin Rouse, Sam Ruth, Clifford, and Carl Williams and Mrs. C. H. Richards.

P-T. A. Has First Meeting Of Year

The local P-T. A. started off on a high note, when it met for the first meeting of the school year Tuesday afternoon at the Ward School. The attendance was better than usual, with a number of mothers attending for the first time.

Mrs. Jack Mobley, president, emphasized the fact that fathers also are eligible to membership in the organization.

The president appointed a number of committees to serve during the year.

The treasurer, Mrs. Roscoe Hosch, gave a fine financial report.

After routine business was disposed of, Rev. Wigger spoke on "It's Up To Us," stressing our responsibility in helping boys and girls to develop their character, along physical, mental, and spiritual lines. He said there is "unity" in "community" and we should keep it that way.

The president announced that the next meeting, October 17, will be Family Night and will be held in the High School Auditorium.

Mrs. Clifford Lowe's first grade pupils won the attendance award.

After the meeting was dismissed those present remained for a social period, during which time they got better acquainted and enjoyed refreshments of soft drinks and cookies.

Bartlett - Briggs

On Saturday, September 16 at 2 p. m. Miss Rita Joyce Bartlett, daughter of Mr. and Mrs. W. W. Bartlett of Santa Anna, became the bride of H. L. Briggs of Fort Worth, son of Mrs. Linnie Briggs of Bangs.

The double ring ceremony was read at his home in Winchell by Rev. C. S. Reese, retired Methodist minister and long-time friend of the Bartletts.

The bride was given in marriage by Bobby Reese of Brownwood, and his sister, Joan Reese, also of Brownwood, was maid of honor.

The bride wore a suit of brown wool gabardine, with feather hat shoes and bag in matching color. She wore a beige blouse and gloves and a white gladiola corsage.

Others besides the attendants present for the wedding were: the bride's parents, the groom's mother, and Mr. and Mrs. C. M. Reese of Brownwood.

The bride is a graduate of the Santa Anna High School, Tarleton State College and attended N.T.S.C. one semester.

The groom attended Santa Anna High School and received his diploma in the Air Force, in which he served three years, two years being stationed in Japan.

The couple, on their wedding trip, spent the week end in San Angelo.

For traveling the bride wore a black velvet dress, with white hat and gloves.

The newly weds are making their home at 1701 Lee St., in Ft. Worth, where the groom is employed.

Rockwood W.M.S. Honors Mrs. Lovelady

The members of the Rockwood W.M.S. met in a Royal Service program Monday afternoon, in the home of Mrs. J. C. Lovelady, in honor of her 91st birthday. Mrs. Pondren and Mrs. Jim Lovelady baked a birthday cake. Mrs. Lovelady was presented a beautiful bouquet and pot plant.

Present were Mmes. F. E. McCreary, Sr., Lou Gray, Bill Bryan, Cecil Davis, J. W. Box, Matt Estes, Ewan Wise, Ora Caldwell, Couger, J. C. King, Jim Lovelady and Alice Ann and Miss Alta Lovelady.

Carolyn Woods Honored At Party

Mr. and Mrs. Drisco Woods honored their daughter, Carolyn, on her 12th birthday, September 11, from 7:30 until 9:30 p. m. in the home of Mr. and Mrs. Lonnie Knutson.

The guests played games, after which the gifts were opened.

Birthday cake, soft drinks, candy and bubble gum were served.

Guests present were: Barbara Harris, Beth Stiles, Christine Turner, Janice Donham, Carol McClellan, Barbara Ann House, Betty Vinson, Joan Neill, Betty and Patsy Scott, Bobby and Patsy Parish, Mary and Maxine Baucum, Carol and Sheron Garrett, Barbara Baucum, Linda Knutson, Tom Garrett, Donald Ray Owen, Otis Taylor, Donald Hosch, George Mack and Bryan Baucum, Eddy Rice, Jerry Scarborough, Duane Bivins, Billie Jack and Dickie Ferguson, Larry and Danny Knutson, Billy Woods and Kent Garrett.

Other guests were Mr. and Mrs. Jack Banta and family and Miss Rosa Ray, all of Coleman, Cloyce Gagnens, Graham, Mrs. Rex, Garrett and Mrs. Edwin H. Cox and Butch.

Those sending gifts were: Ruth Miligan and Lillian Wallace.

Marriage Announced

Mr. and Mrs. Edgar Cole of Santa Anna, announce the marriage of their daughter, Ruth, to Mr. Harold D. Casey, son of Mr. and Mrs. D. E. Casey of Kerrville. The wedding ceremony was held by Rev. H. O. Wynn, August 27, in San Antonio. Mrs. Casey is a graduate of Santa Anna High School and Mr. Casey is a graduate of Athens High School, and is employed by a contracting firm in San Antonio.

Publisher And W. F. Barnes Attends Fair At Rising Star

Your Publisher was accompanied by W. Ford Barnes last Friday to Rising Star, where we spent the day attending a double event. The Old Trail Blazers Association met in their annual reunion session September 15th, and the Rising Star District and Community Fair was in progress, starting on Thursday and continuing through Saturday. Mr. Barnes seemed to enjoy the day, seeing the sights and meeting new people. The writer was kept pretty busy greeting and renewing acquaintances with former friends, having lived there for ten years, during which time we published the local paper and the last two years we served as the town Mayor. We never miss an opportunity to spend a day in Rising Star, for we have a very friendly feeling for those good people. JGG.

S. S. Representative In Coleman Tuesday

Ralph T. Fisher, Manager of the Abilene office of the Social Security Administration, will be at the Department of Public Welfare in Coleman at 1:00 p. m. on Tuesday, September 26th. Persons wishing assistance with retirement claims or death claims under the Social Security Act, or needing information about their social security accounts, should call at that time for necessary help and information.

Mr. Fisher stated that all persons receiving Old-Age and Survivors Insurance payments will get increased amounts under the new Social Security law. Checks sent out in the early part of October will be the first ones to include these increases.

It is not necessary for any action to be taken in order for the increased amount to be received. Mr. Fisher requested persons now receiving payments not to contact the Social Security Administration about the increase. It is expected that all checks will be increased with the payment due early in October 1950.

Local Baptist Church News

The Gideons will be in charge of the morning services at the First Baptist Church this Sunday, Sept. 24. The Gideons are business men who are organized to distribute Bibles around the world, especially in hospitals and hotels. The public is invited to attend this service.

Good services were reported last Sunday with an increased attendance in Sunday school. There were three additions at the morning service. This makes five additions to the church in the last two Sundays.

A number of the local members planned to attend the Associa-

tional meeting which met at the First Baptist Church, Coleman, on Tuesday and Wednesday, Rev. Wigger brought the annual sermon at the Tuesday evening session. There are 28 churches cooperating in the Coleman Co. Baptist Association.

If you are worried, troubled, or discouraged seek the House of the Lord where you can find the key to your problem. If you are not attending church anywhere in this community, you are given a cordial invitation to attend the First Baptist Church. The church is in the community to serve you.

Mr. and Mrs. Lonnie Bledsoe, formerly of the Shield community, but now living in the Mount View community in Brown Co., were attending to business and shopping in Santa Anna Monday.

Mr. and Mrs. R. B. Renfro of Coleman, formerly of Santa Anna, were greeting friends and shopping here one day last week.

Whon News
 Mrs. Tom Rutherford

Our deepest sympathy is extended to Mr. and Mrs. Darwin Lovelady over the loss of their infant son last Wednesday, born in the Coleman Hospital. The mother is still in the hospital, not doing so well as hoped for.
 Graveside services were conducted by Rev. C. F. Cloud of Novice, a former pastor here. Burial was in the Rockwood cemetery.
 Grandparents were Mr. Baker of Winchell and Mr. and Mrs. Oscar Lovelady.
 Mr. and Mrs. Jack Haney and baby, Barbara Jo, of Sweetwater, spent Sunday night with her parents, Mr. and Mrs. George Rutherford.
 Mrs. Zack Bible and son, Orval, returned home from Houston, over the week-end, where Mrs. Bible has been several weeks, under treatment of a Houston doctor.
 Mrs. Kate Holmes and daughter, Tommie Sue, of Brownwood, and Mr. and Mrs. L. J. Lovelady and Barbara of Stephenville, were Sunday dinner guests with Mr. and Mrs. Arthur Switzer and family.
 Cotton pulling is beginning to get under way in our community this week. Probably several will be ready to begin when the weather becomes more settled.
 Rev. Maurice Smith of Brownwood, preached at both services at the Baptist Church, Sunday.
 Dump Rutherford, who has been here with his parents and other relatives for a week, was called back to Iraan Friday, where he has employment. Work was renewing again.
 Mary Jane Turner of Santa Anna, spent the week-end with Vonnie Adkins.
 Those who visited in the home of Mr. and Mrs. Earl Cozart Sunday night were: Mr. and Mrs. Luther Wood of Hamilton, Mr. and Mrs. Leon Russel of Ballinger, Mr. and Mrs. Billie Maness of Brownwood, Mr. and Mrs. Uless Maness and Mr. and Mrs. R. Eddie Bo Wilson Buys Jersey

Columbus, Ohio. — Eddie Bo Wilson, Route 2, Santa Anna, has purchased his first registered Jersey, as announced by The American Jersey Cattle Club from its national headquarters in Columbus, Ohio. He has purchased the Jersey female, Royal Noble Actress, from the herd owned by Dick Inman, Coleman, Texas.

The Jersey breed had its origin in Jersey Isle, one of the Channel Islands located off the coast of France. Today Jerseys are found on every continent and are known to be extremely versatile in adapting themselves to all kinds of climatic conditions. Forty-two percent of the dairy cattle in the United States are Jerseys. Their milk finds a ready market because of its high food value and rich flavor.

A. C. L. Carroll and family, Abilene, have moved to San Antonio and are occupying a new four-bedroom house on South 4th Street. Rev. Carroll recently accepted the pastorate of the North Side Baptist Church.

After being here for a month with his mother, Mrs. W. E. Wallace, Scott Wallace and family are moving this week to Hale Center, where he will be employed as a janitor.

Stop Before Passing Stopped School Bus

Did you know that you are required to stop your car immediately before passing a school bus which is discharging children, if that bus is on a highway outside of a business or residence district? After having stopped, you may then proceed at a prudent speed not to exceed 10 miles per hour, until you are safely beyond the bus. This is required of you whether you are meeting or overtaking the school bus. This law was passed in 1947 by the 50th Texas Legislature as a part of the Uniform Act of Traffic Laws.

If you will notice within the next day or two, you will see in operation some of the approximately 6,000 school buses which carry tens of thousands of Texas children to and from school every day. The Law stated in this Article is one of several which have to do with the operation of a motor vehicle in the vicinity of a school bus which is loading or discharging children.

Each year a number of accidents occur which usually involve a passing car and one of the children getting off the bus. These accidents are of the most heart-breaking kind because they usually mean that some young, happy school child has either been killed or possibly, maimed for life.

Each driver of an automobile should know and follow the rules concerning motor vehicle traffic around school buses, because these rules were made in an effort to protect the children who ride them. It is often a hardship on some of these children to get ready in time to ride the bus many long miles into school each day. Certainly if these boys and girls will put forth that much effort, the drivers of automobiles on our streets and highways can exercise enough care to protect their safety on the way to and from school.

DRIVE CAREFULLY... YOU MAY SAVE A LIFE.

Instruments To Measure Atom Bomb Radiation

AUSTIN. — At least four different types of radioactive detection instruments and computers are available for measuring radiation particles if and when and atomic bomb is ever exploded over a Texas community.

This encouraging bit of information was revealed by the state's chief health official, Dr. Geo. W. Cox. He's state director of health and emergency medical services, part of the Texas civil defense setup.

Radiation is one of three prin-

cipal harmful effects of atomic explosions. Others are blast damage and burns. Using RADIAC instruments, it is possible to know what areas are safe from the tasteless, odorless, colorless radioactive particles.

All RADIAC instruments are designed for use by radiation monitoring squads. Squad members might be soldiers, or they could be civilians trained by the State Health Department's radiological division. In either case they would be trained for immediate action in atomic disasters.

"Planning emergency medical and health services in an atomic disaster has been one big mess of confusion," Dr. Cox admitted. "But we're beginning to see light now. Our radiology division is going to go right to work, now that we have it set up."

Radiac instruments got this official explanation:

Film badges can be pinned on to the lapel, strapped onto the wrist, worn in a ring, etc. They

consist of a piece of photographic film, and are used to show the amount of radiation to which the monitor has been exposed. Radiation particles affect the film like light. Dozens of "tracks" are visible when the film comes in contact with heavy concentrations of radiation.

Film badges are a permanent record of the exposure to which the monitors have been subjected. Dr. Cox says they show whether or not the wearer has received the "maximum allowable lifetime dosage."

Pocket dosimeters, like the film badges are for the protection of the monitors. They look like fountain pens, and gauge on-the-spot amounts of radiation.

Geiger counters and ionization chambers actually count the number of radiation particles—gamma rays, and alpha and beta particles present in an area. So sensitive is the Geiger counter that if it could be wired to a fly his footsteps could be heard distinctly.
