Two Questions In Saturday Election

Polio Fight Everybody's, Truman Says

New York (AP).—President Truman asked the support of the American people Monday to help replenish the depleted treasury of the National Foundation for infantile paralysis.

The foundation's annual march of dimes drive starts Jan. 15 with a goal of \$50,000,000. The group said its epidemic aid funds had been entirely wiped out fighting the disease in 1950.

In a letter to the foundation, released here, President Truman said that the 1950 polio epidemic, third in as many years, "deeply concerns all Americans" as the fight against the disease is "everybody's fight."

"Because people everywhere have been willing to help their friends and neighbors when polio strikes, no victim today stands alone," the president wrote.

"It cannot fail to move any American, as it moves me, to know that there have been well over 100,000 polio patients in the last three years. Because of these 100,000, increased support of the 1951 campaign against the disease is urgent. Not only must we stand by these patients, but we must be ready to assist those who may be stricken in the year ahead, and at the same time continue scientific research to find a cure."

Mrs. Jack Gregg of Brownwood and Miss Frances Gregg, N., were in San Antonio from Thursday until Saturday of last week, shopping and visiting in the home of Burton Gregg and family.

March of Dimes Huckleberry Finn

Larry McKenzie, 1951 March of Dimes Poster Child, sits in a wheat field and forgives he has polio—a smiling symbol of the thousands of children and adults who look to the March of Dimes for aid when polio strikes. The wheat field is on a farm near Larry's home on the shores of Lake Ontario. Twelve-year-old Larry was hit by polio in August of 1949 and was aided by Orleans County (N. Y.) Chapter of National Foundation for Infantile Paralysis. His picture will be seen on thousands of posters throughout the nation during the 1951 March of Dimes against polio this January.

Our Birthday Offer To Our Many Readers

With this issue of the Santa Anna News, we enter our sixty-sixth year of continued service to the people of Santa Anna and Coleman County. And to commemorate our anniversary, we are offering our readers a birthday present, as follows:

For one month, starting January 5, 1951, and continuing through February 5, 1951, we are offering the Santa Anna News to old and new subscribers for the Bargain Rate of only \$1.00 per year in Coleman County.

Everything seems to be rising in cost, as the world situation gets worse. We are making this offer as our birthday gift to you, and knowing that 1951 prices of paper and other materials that go to make up a newspaper will be considerably higher, we can only make the offer good for just ONE MONTH.

All subscription prices to places outside of Coleman County will remain as they are.

Miss Wanda Duggins, after spending the holidays with the home folks, Mr. and Mrs. Emzy Brown, has returned to Dallas, where she is a student.

Mr. and Mrs. W. F. Smith, Jr., of Santo, visited Sunday night and Monday with his parents, Rev. and Mrs. W. F. Smith.

Recent visitors in the home of Rev. and Mrs. W. F. Smith have been his brother and wife, Mr. and Mrs. M. L. Smith and another brother, D. O. Smith, all of Iowa Park.

Salvation Army Drive Closes Satisfactorily

The Salvation Army drive approaches a very satisfactory conclusion. Funds in hand amount to \$497.50, with the prospects of a few more dollars coming in. One-third of this amount remains with us to be used for the relief of the needy in our town and community.

We would call attention to the splendid contribution of the Ward School, under the leadership of Mrs. Clifford Lowe. Their contribution amounted to \$33.60.

We wish to express our appreciation to all those who took part in making this drive a success. Rockwoods contribution of \$45.00 was very much appreciated, and reflected some fine work by Mrs. Jack Bostick and Mrs. Lon Gray.

The public has been very sympathetic and responsive to this appeal and the leader and helpers wish to express their sincere appreciation.

Santa Anna Is Now Prepared For Expansion

This Mountain City town is now better prepared for growth and more substantial development than ever before.

Within the next few days, the large 8 inch water line for the waters of the Brownwood lake will be permanently connected with Santa Anna, and the town should never suffer for the lack of water again. For forty years, Santa Anna has been trying to build lakes that would supply the town with an adequate water supply, but the long droughts, such as the one now existing, continue to let us down without water. But at last, through the vision of our Mayor, F. Z. Payne, and his commissioners, B. A. Parker and W. W. Adams, who managed to roll up enough support to put over a bond issue of such an amount to pay for what appears to be a permanent water supply, which is now ready to be turned into the water lines of the City. No industry should hesitate to locate here, if the water problem is any question, to be considered, for we now have an honest-to-goodness water supply to meet any and all kinds of needs, and it is real water, too.

The local oil field has been a boom to Santa Anna, the thirty-odd producing wells brought in this year in the south part of town, with a few extensions to some of the near-by farms, has given a lift to the financial status, and according to reports, which apparently are from reliable sources, contracts for the drilling of fifteen or twenty more wells are in the offing. What we now need more than anything is a good rain throughout the country. There is yet plenty of time to make a good grain crop, but the sooner we get rain the better it will be, and grazing for our livestock will add another trump to our prospects. We have water for domestic purposes, but will have to depend upon the elements for moisture to produce crops and range feed for the fine livestock in this country. JJC

Mr. and Mrs. Newnan Urton and children of San Antonio, visited recently with their parents, Mr. and Mrs. T. H. Urton and Mr. and Mrs. C. L. Jordan.

Mr. and Mrs. J. F. Goen visited from Saturday until Monday morning with relatives at Richland Springs.

Two questions that concern every citizen in Santa Anna will be presented to the qualified voters of Santa Anna at a Special Election on Saturday, January 6. These two questions concern the changing of the city government from the commission type

New Pump Station

The new pump station, located on the Newton farm, on the banks of the Jim Ned Creek, where the creek enters Lake Brownwood, is pictured here, and inscribed "Santa Anna Water Works, 1950". This pump station will furnish Santa Anna with the unlimited supply of water that we have been wanting for many years. (Polaroid One-Minute Photo by The News).

Harry T. Caton Buried Thursday

Funeral services were held at 10:30 a. m. Thursday, January 4, for Harry T. Caton, with Rev. W. F. Smith and Rev. Harry Wigger officiating.

Services were held at the residence of Mrs. T. T. Perry.

Death came to Mr. Caton in the Coleman hospital, on Tuesday, January 2, 1951, at 8:20 p. m. He had been seriously ill for about a week, and in failing health for some time.

Harry Tracy Caton was born April 16, 1891, at Ferris, in Ellis County, and came to Coleman County in December of that year.

He had been a member of the Baptist Church for 45 years. He was married to Miss Ione Myrtle Perry at Santa Anna, March 23, 1922.

The deceased was a veteran of World War I, and a retired Civil Service worker.

Survivors include the widow, Mrs. Harry T. Caton, of Santa Anna; four sisters, Mrs. Alice Comer, San Antonio; Mrs. Jane Black, California; Mrs. Blanche Newman; and Mrs. Gladys Brown of Santa Anna; and one brother, T. C. Caton of Portland, Oregon.

Other survivors include a number of relatives and many friends. Burial was in the Santa Anna Cemetery with Wright Funeral Home in charge of arrangements.

Attention

I am leaving this Thursday morning for a short stay with Velma and family at Austin, and at the week end will go to San Antonio, to attend to some business and help care for my shut-in sister. As a reporter on the News, let me insist that you cooperate with the paper, in bringing in articles about your club meetings, parties, family gatherings, etc., very promptly. And remember if you have guests, it is a courtesy to them, to let their visits be known. Hope to see you again before very long. May 1951 bring each of you prosperity and happiness.

government to the Aldermanic Form of City Government and the employment of a City Manager.

The first question on the ballot concerns the Aldermanic Form of City Government. Under the Aldermanic form of government, the city council will consist of a mayor and five aldermen, elected at large. If the city is divided into wards, two aldermen will be elected from each ward, making a total of eight aldermen, and a mayor elected at large. If the change from the commission type of city government to the Aldermanic form of city government is made, the present mayor and commissioner have the opportunity to serve on the council until their term expires in April of this year.

Provided the Aldermanic form of city government carries, plans are to divide the town into wards. If, and when the town is divided into wards, it will assure each section of the town equal representation on the city council. Voting on matters that arise in the city will be voted on by the council men, and only in cases of tie votes will the mayor have a vote. This part of the government will be similar to the manner used by the County Commissioners' Court, whereby the County Judge does not have a vote except in cases of a tie vote.

The Aldermanic form of city government is being adopted by a large number of cities & towns all over the southern part of the United States. It seems that the towns that have adopted the plan are well pleased with the change and it gives the town a better opportunity for advancement, because of better representation of the population on the city council. It also gives people with more know how and opportunity to serve on the city council. In that it will not take as much of their time from their business to take care of the city affairs.

The second question on the ballot concerns the City Manager Plan. The City Manager Plan authorizes the city council to hire a city manager, and also the city council must fix the salary of the city manager by an ordinance. The City Manager must be appointed within 60 days after the plan has been adopted, and the City Manager shall hold office at the pleasure of the governing body.

In other words, the city council will set the salary of the city manager, and anytime the appointed city manager does not fill the requirements of the city council, the council may dispose of him by a majority vote.

Under state laws, a city manager's qualifications are as follows: choice shall not be limited by any resident qualifications, and he shall be selected solely on the basis of administrative ability. The manager shall give bond for the faithful performance of his duties, in such amount as may be provided, for by ordinance.

According to the best information we have, the city manager plan operates on about the same set-up as the school system does. The city manager is directly responsible to the city council for his actions, the same as the superintendent of the schools is responsible to the school board for his actions.

A city manager should be trained in the management of city affairs, and be qualified to take care of the operation of a city in a business like manner.

The primary purpose of wanting the change-over from the commission type of city government to the Aldermanic form of city government and the city manager plan is to relieve the persons who serve as mayor and commissioners of the town from the burden of having to take so much of their time from their personal business or other inter-

ests and donate it to the city. Under the City Manager Plan, a man with responsibility will be at the City Hall all the time. He will be there to serve the public, to answer your questions without having to get the mayor and commissioners together for a discussion, to see that you get service that you are entitled to, to take care of your complaints, and see that the operation of the city is on a paying basis. He will be in charge of the operation of the city, and he will have to answer to the city council for all his actions.

Under the present set-up, if something of an important nature arises, the mayor and commissioners must take time from their business to go and take care of the matter. At times these men are busy with their own business matters, and may not be able to take care of situations that may arise for the city. Therefore a number of different problems are not taken care of as they should be. Whereby, under the City Manager Plan, the city manager would be at his office to take care of the city affairs, when they needed to be taken care of.

You might say that a person should not ask for the job as a city councillor unless he has the time to spend to take care of the city business. We agree. But where are you going to get a person qualified to take care of the city business, to offer his services to the city when he derives very little monetary consideration for the job, and has to listen to all the complaints that a city councillor is presented with. Under the present operation of the city, the mayor receives a total of \$17.50 a month and the commissioners receive \$12.50 a month for their services.

So you can see that what time they work in the business of the city is almost donated. Under the City Manager Plan, the city manager would be at his office to take care of, and oversee, all of the city business. He would have the authority to get on business matters without having to run the city council with every little detail. Then, at regular meetings of the city council, he would have to answer to them for his actions, while all this time he is under bond for faithful performance of his duties.

Naturally, in order to hire a competent city manager, the salary would have to be set at a rate that would interest a competent man. What the salary would be has not been determined as yet, because that will be a matter for the new council to act upon, but according to information presented to us, paying a man a reasonable salary would save the city more than it would cost to hire him, provided he handled the operation of the city in the proper manner.

In short, it would be the same thing as a large business firm hiring a manager to look after their business for them. The business of the operation of a city should be handled about the same as any other business. City business is big business, and now, more than ever before, someone who has planning ability, along with administrative ability, is needed to handle the affairs of our city.

We feel that the approval of the Aldermanic Form of City Government and the City Manager Plan will be a step in a forward direction. However, if you oppose the two questions, it is your right and duty to express yourself as being so. Regardless of whether you are for the proposals or against them, GO TO THE POLLS AND CAST YOUR VOTE ON SATURDAY, JANUARY 6.

The voting place will be at the Fire Station part of the City Hall.

Needle Craft Club

Members of the Needle Craft Club met for their annual Christmas party in the home of Mrs. Dovie Chapman December 14. A turkey dinner with all the trimmings was served to the 16 members present. After the meal, Heart Sisters were revealed and gifts exchanged.

New officers were elected for the ensuing year.

Those present were: Mmes. Harry Caton, John Brown, A. B. Brown, John Dillingham, Ella Stiles, Fred Turner, T. H. Upton, Lillian Pettit, J. E. Watkins, W. E. Wallace, Taylor Wheeler, W. T. Wheatley, T. T. Perry, J. Ed Bartlett, J. R. Banister, and the hostess, Mrs. Dovie Chapman.

Everyone enjoyed the occasion very much.

Trickham H. D. C.

"Christmas at Home" was the subject for the afternoon when the Trickham Home Demonstration Club met at the club room last Wed., Dec. 13, with seven members and one child present.

Christmas songs were sung. The minutes were read by the club secretary. The council report was given by Mrs. Oscar Boenicke. "Getting Ready for Christmas" was presented by Mrs. Boenicke, and "The Christmas Tree" by Mrs. Linton Oakes.

Plans were made for the next meeting, "The Christmas Party" to be held in the home of Mrs. Lige Lancaster on Friday night, Dec. 22. Each member is supposed to bring a home-made gift. The husbands are invited too, and bring a gift for them.

Mrs. Boss Estes

Evans and Kenneth of San Angelo, Mr. and Mrs. Clyde Bartlett of Merkel, and Mr. and Mrs. Edward Everett of Eastland.

Watch Party With Gladys Townsend

Friends gathered at the home of Gladys Townsend Sunday evening after church for a surprise watch party with her.

Miss Townsend was recently hospitalized following a car wreck, and friends are happy to have her home again.

Refreshments of hot chocolate cookies, and pop corn were served to Harold Underwood, Lucy Davis, Frank Smith, Patsy Rehm, Nelda Steward, Kenneth Young, Kenneth Wilkerson, Neva Rehm, Jay Steward, Bobbie Rehm, Kay Steward, Donnie Davis, Thomas Switzer, Bryan Hodges, and Wayne Townsend.

Class Of '45 Has Reunion

The Santa Anna High School graduating class of 1945 held their annual class reunion Saturday night, December 23. This was the fourth annual occasion.

The group met at the Service Cafe for a turkey dinner, and everyone enjoyed visiting and talking over school days.

Oran Lewellen, who was president of the senior class, and who is now attending A&M, gave a very appropriate and interesting discussion on "Friendship."

Following the dinner, a short business session was held at it was decided to elect a secretary to keep an up-to-date record of the addresses and status of every member of the class. Doris Jane Henderson, 1217 North 10th St., Abilene, Texas, was elected and all members not present for the occasion are asked to send her their address. She is also to be informed of any illness or deaths.

Dr. Green Will Operate Private Practice Here

Dr. John Green, who has been practicing medicine in Santa Anna since about the middle of December, announces this week that he will not begin the operation of the Sealy Hospital, because he has received word from the Army authorities that he will have to join the Medical branch of the United States Army before he could get the hospital on a sound operating basis.

Dr. Green states that he will continue his private practice in his present location until he has to join the military forces. He is located in the same building with Dr. L. O. Garrett, dentist, and uses the same lobby, or waiting room.

Dr. Green states that it might be possible that he could get a deferment, and not have to go into the Medical service for some months yet, but feels that it is his duty to go ahead and serve his country when they issue his call.

The other doctor who was to come here and jointly operate the hospital with Dr. Green, has accepted the operation of another hospital.

Mr. and Mrs. Lester McCullough and sons, are moving back to the Hosch farm, where they lived before moving to town several months ago.

The Charles Moseleys had as holiday visitors: the Barry Sullivans of Austin and Sarah Frances, from T.C.U., in Fort Worth.

Christian Church Young People Organize Fellowship

A group of young people of the First Christian Church met at the church at 6 p. m. Sunday, December 31, to organize a Christian Youth Fellowship.

Julia Bailey made a short talk on "What We Aim to Do."

Bro. Wylie made a talk on the need of young peoples work.

Officers elected were: June Parker, President; Tommy Bailey, Vice President; Nell Parks, Secretary and treasurer; Faye Parks, Worship chairman; and Nancy Wylie, Reporter.

It was agreed to meet at 6 o'clock each Sunday evening at the church, and any one desiring to attend is welcome.

Mr. and Mrs. Walter Farris and son, Otto Farris, and family of San Angelo, and Mr. Hiram Farris of Brownwood, visited Sunday with Mr. and Mrs. Rufus Farris and Nancy.

Mr. and Mrs. Buck Mitchell, and Betty, visited last Saturday night with Mr. and Mrs. Sam Craig of Talpa.

Mr. and Mrs. Oscar Boenicke attended church in Santa Anna last Sunday and were luncheon guests of Bro. and Mrs. Wylie.

Miss Lea Mitchell left last Tuesday afternoon for Howard Payne College, after spending the holidays at home.

Mr. and Mrs. Albert Dean and Ruth visited in the Wylie McClatchy home Tuesday night.

Visitors in the Albert Dean home Christmas Day included: Mrs. Dean's father, Mr. Kit Casey and Thelma of Santa Anna, Mr. and Mrs. Danny Bryan and sons of Abilene, Mr. and Mrs. Rodney Dean and Beth of Rockwood, Mr. and Mrs. Arthur Casey and Dorothy of Coleman, Mr. and Mrs. Ben Herring of Cleveland, Mr. and Mrs. J. R. Haynes and family.

Each temptation faced Jesus with a choice; each time his choice was on God's side.

Life's Work THERE is a great thrill in setting out on the work one is going to do for the rest of one's natural life. Out of the harbor traffic on to the open sea! Jesus now becomes a preacher, and this was his work for the rest of his life. His carpentry has long since mouldered to dust; his preaching and teaching are immortal.

But suppose Jesus had been a slipshod, inefficient, careless carpenter? Would he have ever become a great teacher and preacher? It is quite true, the products of his shop have vanished, but there was something taking shape in that shop which did not vanish: his character.

Your choice about your future and final life's work may still be in the future; your best work may not yet have been begun. But the way you do what you have to do, today, will help set the pattern for every choice and every work in your life.

Friendships NEXT after Jesus' life-work came his choice of friends. No doubt he had known Simon and the others before, and Mark simply records in his abrupt way the climax of a long story, in telling how Jesus "called" them.

We cannot imagine Jesus without his disciples. It is not exaggeration to say that even the Son of God would have been a failure, as a man, had he won no friends. There would have been no Christian religion if Jesus had had no friends.

Around New Year's time it is well to ask oneself the question: Am I as careful in selecting my friends as Jesus was in selecting his?

No Blanket Exempts For Farmers

Austin, Texas. — Emphasizing that the draft law provides no blanket deferment for farm workers, Brig. General Paul L. Wakefield, state Selective Service director, declared today that local boards are required both by law and regulation to consider each agricultural worker's case individually, just as other men's cases are considered.

General Wakefield said that regulations issued by the President provide for a deferred classification for farm workers only when the following conditions are met to the satisfaction of the local board:

1. The man must be "employed in the production for market of a substantial quantity of those agricultural commodities which are necessary to the maintenance of the national health, safety, or interest."

2. The production for market of a substantial quantity of agricultural commodities should be measured in terms of the average annual production per farm worker which is marketed from a local average farm of the type under consideration. The production of agricultural commodities for consumption by the worker and his family, or traded for subsistence purposes, should not be considered as production for market. Production which is in excess of that required for the subsistence of the farm families on the farm under consideration should be considered as production for market.

The state draft director observed that "this still doesn't give the complete picture," and added that a man, to be eligible for farm deferment, must also meet the requirements in the section of the Selective Service regulations defining necessary employment.

He quoted as follows: "A registrant's employment in industry or other occupation, service in office, or activity in study, research, or medical, scientific, or other endeavors shall be considered to be necessary to the maintenance of the national health, safety, or interest only when all of the following conditions exist:

"1. The registrant is, or but for a seasonal or temporary interruption would be, engaged in such activity;

"2. The registrant cannot be replaced because of a shortage of persons with his qualifications or skill in such activity; and

"3. The removal of the registrant would cause a material loss of effectiveness in such activity."

General Wakefield stressed that deferments based on agricultural and other civilian occupations are not permanent. "They are issued for one year or less," he said, "and local boards have instructions to classify a registrant as available for service whenever the cause for his deferment ceases to exist."

He explained that the designation Class II-C is used to indicate those deferred because of agricultural occupation.

Tells Dallas Ad League How Newspapers Sell

SENATOR LeBLANC Tells How to Sell South

Louisiana Senator Dudley LeBlanc offered to donate \$10,000 as the first contribution to get an Advertise-the-South Campaign rolling nationally. He made the offer in an address before the Dallas Advertising League, and said "and there's plenty more where that came from."

The South, said Senator LeBlanc, should use the methods of advertising and promotion he had used as "a country lad" who parlayed a \$2,500 borrowed shoestring into today's \$7,000,000 Hadacol organization in less than two and a half years.

He disclosed he had turned down a \$10,000,000 cash offer a week ago for his Louisiana-made Hadacol tonic business.

"So you see if one man—a country lad with only the idea of wanting to get ahead—could do that with one item," said LeBlanc, "what couldn't we do if all of us got united in the South?"

"By a concerted effort, using advertising, the South could induce our northern cousins to bring their manufacturing industries into our midst," he added.

Senator LeBlanc's plan called for establishment of "a non-profit organization of some type" with a huge southern advertising "War Chest" to come from funds appro-

riated by various State Legislatures, plus contributions from private corporations.

"I know and feel sure," LeBlanc told his audience of Texas advertising men, "being a State Senator myself, that you would have no difficulty in obtaining an appropriation from all of the various states of the Southland."

Senator LeBlanc spoke before an audience of almost five hundred, one of the largest in the Advertising League history, including special guests from civic groups.

The Senator reported that his 1950 business would be in excess of \$20,000,000, and said he would sell \$100,000,000 worth of Hadacol in 1951 if materials are available.

Dr. Clarence Poe Explains Point Four Program

South To Benefit, Says Progressive Farmer Editor

Birmingham, Ala., Dec. 20—Addressing a group of agricultural leaders from Alabama, North Carolina, Kentucky, Tennessee, and Texas in Birmingham recently, Dr. Clarence Poe, President and Editor of The Progressive Farmer, and recently appointed by President Truman as a member of the Advisory Board of the Point Four Program, said the whole South should profit from development of under-developed areas of the world under the Point Four program.

DR. POE

The program, stated Dr. Poe, is not a "give-away" project, but aims to help foreign nations help themselves through industrial and agricultural development. Dr. Poe defined the immediate objective of the program's committee as providing of employment in industry and progress in agriculture with the aid of technical assistance and sound investments by American capital. It is hoped that the program will achieve a degree of agricultural progress in many rural regions of the world comparable to that accomplished in our own South through the Agricultural Extension work of farm and home agents.

The interest of American business in the Point Four program is evidenced by the fact that President Truman secured Nelson A. Rockefeller as chairman of the board and Harvey S. Firestone, Jr., as a member. The President also appointed John L. Savage, chief designing engineer of the Hoover and Grand Coulee Dams, and, indicating the great emphasis to be laid on public health, Dr. Thomas Parran, former Surgeon General of the United States.

The South has a major interest in the groundwork of the program in that the chief organizer has been

Capus Waynick of North Carolina, and groundwork for its activities was laid in the widely discussed Gordon Gray report, authored by the new president of the University of North Carolina. Dr. Henry C. Bennett, president of Oklahoma A. & M. College, has been made executive director of the entire Point Four program, and Dr. Paul W. Chapman, of the University of Georgia, will advise on development of rural industries. Dr. Robert P. Daniel, president of Virginia State College for Negroes, is also a member of the Advisory Board.

Dr. Clarence Poe organized The Progressive Farmer Company and has been its president during the magazine's period of growth from a circulation of 5,000 to its present monthly circulation of more than 1,150,000. Dr. Poe has traveled widely abroad and is the author of two books on agricultural and industrial conditions in Europe and the Orient.

The March Of Dimes

"Lend Me A Hand."
That is the slogan of the 1951 March of Dimes which will open here and throughout the nation on January 15. The four words are expressed eloquently by the poster-portrait of a bright-faced American boy whose arms have been crippled by polio. He is Larry McKenzie, 12 years old, one of some 54,000 men, women and children to whom a helping hand was extended by the March of Dimes last year.

In three successive years, polio has struck more than 100,000 people in the United States. In that time it has cost the National Foundation for Infantile Paralysis \$38,000,000 to help them, as well as earlier victims still needing care. Since 1938, the patient-care outlay alone has been \$94,000,000 in March of Dimes funds.

But these are only inanimate figures—the real story of the March of Dimes is people. That story is unfolded in hospitals, rehabilitation centers and clubs throughout the country where real people—not "cases"—are fighting their way back to useful lives. It is told in homes, factories and offices by men and women who have made comebacks over great odds and at great cost.

The knowledge that the individual battle can be and often is won should stimulate everyone to back the fight against polio. Tragically enough, the ranks of polio sufferers will be increased this year. We cannot control that—yet. But we can all lend a hand through the 1951 March of Dimes, January 15-31.

Spare The 'ROD' And Spoil The Country

Austin, Texas. — "We know our rights backward and forward, but most of us do not realize the extent of the danger they are in now as they are bombarded by two enemies—the communist and the indifferent American citizen," stated Secretary of State John Ben Shepperd, chairman of the State Bar American Citizenship Committee in discussing a January campaign to encourage each citizen of Texas to think about what he can do for democracy rather than what democracy can do for him. The American Citizenship Committee of the Bar is sponsoring the campaign.

The project is being designed "Responsibilities, Obligations and Duties Month," or in short, "ROD Month," and the slogan for the month is "Spare the 'ROD' and Spoil the Country."

In order to remind Texans of their responsibilities to the rights granted them in the Constitution and Bill of Rights, a "Bill of Responsibilities" has been prepared by the committee. The "Bill" which is designed as a guide to good, responsible citizenship will be distributed over the state during January. It catalogues duties of allegiance, awareness, defense of rights, patriotic activity, education, propagation of democracy, free enterprise and self-reliance.

Shepperd, originator of the "ROD" idea remarked, "To perpetuate our individual freedoms and to have liberty without hindrance, we must use our rights and be responsible to them. While we increase our efforts to become prepared against communistic aggressors, we should also have an increased vigilance over our personal freedoms. An unused or abused right cannot live."

T. Kellis Dibrell of San Antonio, chairman of the "ROD" sub-committee, explained that this is the first such project to be sponsored by the Bar, and that it was adopted after Shepperd suggested it at a July State Bar convention in San Antonio. "We are inviting many civic clubs and schools of the state to join Texas lawyers in their battle to replace the qualities of dependence, irresponsibility and self-reliance, initiative and industry," explained Dibrell. "A great number of lawyers will meet with various organizations during January to discuss the responsibilities, obligations and duties of the citizen," he stated.

A basis for the talks will be the "Bill of Responsibilities." As a part of the "ROD" programs, "Citizenship Questionnaires," also prepared by the American Citizenship committee, will be distributed. The Questionnaire grades citizenship on five levels, superior, good, average, fair and poor.

Emmet Smith and family and Mrs. Dennis Smith and son of Monument, N. M., visited during the holidays in the Turney Smith and J. J. Horner homes.

Local Methodist Church News

Lessons from "The Sower" were chosen for the discussion the fifth Sunday, Student Recognition Day, when a good representation of our youth, away from home for various reasons, were present. "Birthplace of Manhood" was the theme for Sunday evening, following a song service of New Year's hymns and a solo, dedicated to our youth, by Sandra Shields.

Special services are being planned for the first Sunday. At 10 o'clock the entire Sunday school is asked to assemble in the auditorium for a dedication service. At the evening service we are having our annual Epiphany program, featuring a dramatic presentation, "The Three Camel Caravan", by our young people. All are cordially invited.

At the beginning of the last quarter attendance cards were distributed upon which each one was to keep his individual record. Recognition is to be given Sunday to those who have been present every time. Attendance has been good, but why not make it better, beginning the very first Sunday of the New Year and being present for each service throughout 1951, as far as possible?

Modern Building To House BSU Choir At TSCW, Denton

TSCW Baptist Student Union will be housed in a modern new Student Center next year.

The proposed center will be located across from the Music Building on the lot where the Record Shop stood. Bids from contractors were received until December 7, and construction is due to begin shortly.

The spacious center will be made of wood and trimmed with brick. It will have a large recreation room, a class room, work room, prayer room, two offices, an open porch and a patio. When finished it will be headquarters for the Baptist Student Union and for the Bible class rooms or Bible Chair.

Baptist students are now engaged in a "Student Center Booster Plan" in an effort to raise funds for the building. During the Christmas holidays each member spoke to groups in her home church, asking for contributions to the fund. The Texas Cooperative Baptist Fund will contribute to the building fund. BSU members plan to contact ex-members and are presenting the play "Victorious" to add to the finance fund.

Martha Priddy, student at TSCW presented this to the members of the First Baptist Church while she was here during the Christmas holidays.

Junior Snook, formerly of Santa Anna, but now living in California, is with his two sons, visiting with his parents, Mr. and Mrs. P. B. Snook in Coleman. He has also visited friends in Santa Anna. Junior's wife died in September.

Miss Kathryn Baxter came in from Waco on Thursday of last week and left Friday to spend Christmas with her sister, Mrs. Ernest Polk and family in El Paso.

Talmadge Turner of Newton, Texas and Doris Belle, of Fort Worth, visited over the week end with their parents, Mr. and Mr. Arthur Turner.

Mr. and Mrs. Robert See of Shreveport, La., have been visiting his father, Mr. Will See. They also visited a part of the time while here with Mrs. W. A. Featherston.

Mr. and Mrs. J. S. Tinkle and Martha, of San Angelo, and Mrs. C. L. Boardman, visited last week in San Antonio and Austin.

Dr. and Mrs. E. R. Huckleberry and their son, N. I. and family from Chicago, who had spent Christmas with them, left last Thursday for an indefinite stay at Salt Lake City.

Among those of our children to visit with us during the Christmas holidays were: Mr. and Mrs. W. E. Schulle and children, Jackie and Willene of Watonga, Okla., and Mrs. Aleene Gregg of 1607 Eleventh St., Brownwood. They were joined Tuesday for lunch by John Gregg and family and Miss Frances Greg, R. N., who still resides in Santa Anna, to bring words of cheer and greetings to their parents on their 40th wedding anniversary. The younger son, Burton Gregg, and family of San Antonio, and Dr. Loyed R. Simmons and family of Fort Worth, intended to be with us for the occasion, but were prevented from coming due to physical disabilities. — JJJ

Mr. and Mrs. Knox Campbell of Talpa, visited Sunday afternoon with her aunt, Mrs. Ollie Weaver.

Mr. and Mrs. Chic Current and children of Amarillo, were holiday visitors here with her sister, Mrs. J. D. DeSha and family.

Mr. and Mrs. Frank Doan (she the former Marjorie Jean Oakes) of San Diego, Calif., spent part of Christmas with her brother, Neal Oakes and family, before going on to visit with her sisters at Belton and Vanderbilt.

Miss Betty Sue Todd is home from Stephenville, where she is employed in the library of Tarleton State College, and is visiting with her parents, Mr. and Mrs. Tom Todd. On Sunday the 24, the three attended open house at Rice, near Corsicana, for Mr. Todds aunt, Mrs. R. A. Bowden, who was celebrating her 100th birthday. She is very spry. She attended church services in the morning and greeted her guests in the afternoon.
