"He Profits Most Who Serves Best"

VOLUME LXVII

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, OCTOBER 3, 1952

NUMBER 40

## Thoughts OF A COUNTRY EDITOR

BY JOHN C. GREGG

### OUR BAND

The Santa Anna High School Band, under the direction of their new band master, Mr. Carl Gilkerson, is showing a great amount of improvement since the beginning of school. As yet they have not received their new uniforms but prospects are good for them to be here by the time of our next football game on Friday night, October 10.

Mr. Gilkerson has some very unique ideas of half-time activities during the football games and every patron is sure to enjoy them. It is worth the price of admission to the ball games to see the band perform. Our hat is off to Mr. Gilkerson and the band.

### Mrs. Matilda Alice Brown Buried Sunday

Funeral services were held at the Central Baptist Church in Coleman on Sunday, September 28th at 4 p. m., for Mrs. Matilda Alice Brown, who died on Saturday at 6:55 at her home in Santa Anna.

Rev. Harry C. Wigger and Rev. Raymond Dunn officiated. Mrs. Brown, aged 92, was blind and had recently suffered a stroke.

She was born March 3, 1860 at Carrollton, Ga. She came to Coleman County in 1919, which continued to be her home. She had been a member of the Baptist Church since childhood.

Mrs. Brown is survived by three sons, Roston Smith, Chicago, Ill., Homer Smith, and Otis Smith, both of Santa Anna.

Eighteen grandchildren also survive, several nieces and other relatives.

Pallbearers were: Eddie B. Beal, Garland R. Brinson, Freddie Beal, Jackie White, Aston Buck, Wilborn Woodard.

Flowerbearers were: Mrs. Eddie Beal, Mrs. J. C. Watson, Mrs. Garland Brinson, Miss Rozela Beal, Mrs. W. A. Brinson, Miss Barbara Buck, and Mrs. Jackie White.

Burial was in the Coleman cemetery, with Wright's Funeral Home in charge.

# Saturday Is Dollar Day

## New Stained Glass Windows For Local Methodist Church

The First Methodist Church of Santa Anna is undergoing a major re-decorating program and by the end of this week will have installed \$2,500 worth of new stained glass religious windows in its sanctuary. All the Sunday School rooms of the church have already been repainted and improved, the doors and floors have been repaired and the sanctuary has been completely repainted.

Included in the master plan to renovate the 38-year old structure is a plan to refinish the floor of the sanctuary and install new carpeting in the isles; the chancel rail and altar will be re-worked with a foam rubber kneeling cushion being installed and the pews will be completely redecorated.

The installation of the new windows will complete the primary part of the re-decoration. The two largest windows being installed are, "Jesus in Gethsemane" and "Jesus Knocking at Hearts Door." Among other windows installed are: "The Lord is My Light", "The Betrayer", "The Cross", "The Crown", "The Bread of Life" and "The Vine and Branches". Many of the windows will be memorials to former laymen of the church who have passed away. The windows will be completely paid for by the time they are installed, by the end of the week. The windows came as a result of the work of the layman of the church, spearheaded by a window committee composed of Mrs. Ben Yarborough, Mrs. T. M. Hays and Miss Ruby Harper.

James Neal Williams returned home early last week from Odesa, where he had been working. He went to Abilene on Wednesday of this week for a physical and probable induction.

Stamp pads at the Santa Anna News office.

## County Asked To Buy Right Of Way For New Highway

Robert Milligan, District Engineer for the State Highway Department of Brownwood, Monday asked the Coleman County Commissioners Court to purchase a road right-of-way from the junction of the old and new roads at Valera to the Santa Anna city limits. He also asked them to purchase new right-of-ways on the old Coleman-Valera road so it could be rebuilt and straightened out.

The right-of-way requested requires approximately 270 acres

of land and will require the building of around 22 miles of fence from Santa Anna to Valera and around 10 miles of fence from Coleman to Valera. The right-of-way must be at least 120 feet wide and in some places will be wider than that, possibly up to 200 feet wide. The court estimated the first cost would be in the neighborhood of \$50,000, but before a cost can be determined, an exact study of the proposal will have to be worked out.

This road has been under consideration for the past several years but this is the first time it has been presented to the Commissioners Court. Due to the size of the proposal, the court asked for a postponement of their answer until October 16. During the intervening time, the court will study the proposal and try to determine the exact cost of the right-of-way, and attempt to find a way to raise the necessary money for the right-of-way purchase.

## National Guard Goes On Night Problem Saturday

Twenty-four officers and men of the local National Guard Company spent Saturday night and Sunday at Lake Sealy, working on night problems and cleaning equipment on Sunday.

The night problem was Interior Guard, a very important function of the Armed Forces.

The group camped on the south bank of the lake and enjoyed a nice steak dinner on Saturday evening.

Last week the National Guard Company received a new G. M. C. Hydramatic truck with all

## Homecoming And Dedication Service Planned By Methodist Church In Nov.

Sunday, November 2, has been set as Homecoming Day for the Santa Anna Methodist Church, Bishop William C. Martin, of the Dallas-Fort Worth area of the Methodist Church, will deliver the sermon at the morning service. District Superintendent H.

B. Loyd of Brownwood, will also be present.

Following the morning worship lunch will be served at the church and in the afternoon a dedication service will be held for the \$2,500 worth of new stained glass windows installed in the church this week. Bishop Martin will also be in charge of the dedication service. Miss Bettie Blue has been appointed General Chairman for the services and is planning invitations to all the former pastors of the church. Members, former members and friends of the church are also invited to be present.

The local First Methodist Church was formed in 1885, this year marking its sixty-seventh anniversary. It was the first church organized in Santa Anna that is still in existence. The present building was completed 38 years ago.

Rev. Jack Payne, present pastor who came to the church in June, is its thirty-seventh pastor.

## Methodist Church Plans County Wide S. S. Teachers Training Program Soon

A county wide Sunday School Teachers training program for teachers of the county's Methodist Churches will be held in Santa Anna October 15, 16, and 17. This training program is designed to give teaching helps to Sunday School teachers in churches of 500 members and less. Including the Santa Anna church, there are 10 Methodist Churches in the county.

Directors of the school will be R. K. Green, Pauline Eubank, Hardy Blue and Mrs. O. A. Ethredge. Rev. Jack Payne, pastor of the local church, will be dean of the school.

Teachers will be Rev. W. H. Cole, Conference Executive Secretary of Waco, will have charge of the adult teaching program; Mrs. W. H. Cole, Conference Director of children's work, and Mrs. J. D. F. Williams, wife of the pastor of the First Methodist Church of Coleman, will have charge of teachers doing children's work; and Mrs. C. H. Cole, wife of the pastor of St. John's Methodist Church of Waco, will have charge of teachers doing youth work.

The training school will be held in the Santa Anna Methodist Church and will begin at 7:30 p. m. each evening.

## Lions Den

A good attendance was present at the weekly meeting of the Lions Club to hear the Boy Scout representative make a talk on the duties of a sponsoring organization to a Scouting program. Don Maness of Abilene gave the Lions a good brief outline of how they should set up their Scouting program before presenting it to the local boys.

The president, Tom Stewardson, appointed the same committee, composed of Lions Ford Barnes, Harry Wigger and Jack Payne, to continue to function and see if the Scouting program could be continued in Santa Anna.

Lions Bruce Snodgrass and Bill Stiles were appointed to have charge of the program for next week and O. J. Albro and Jesse K. Barton for the following week.

The Lion Secretary made a report on the zone meeting held in Coleman Monday night and also reported that for the past month the local club had an attendance of 88%.

Saturday, October 4, is Dollar Day in Santa Anna. Most of the local merchants are cooperating 100 percent in the first Dollar Day here by offering a large variety of good merchandise at big discounts for the entire day. On other pages of the Santa Anna News you will find a large number of advertisements telling you what the merchants offer for the one day event.

In some lines of business it would be difficult to make special bargains that sell for \$1.00. However, some of these merchants are cooperating in the Dollar Day event by offering a substantial discount on merchandise they have for sale.

We urge you to study the advertisements in this issue of The News and take advantage of the big savings offered the people of this area.

## Rites For Mrs. J. P. Newman Wed., Afternoon

Funeral services were held Wednesday, October 1st, at 4 p. m. for Mrs. J. P. Newman at the First Baptist Church of which she had so long been a faithful member. She had died in the Overall Hospital in Coleman, at 6 a. m., Tuesday, September 30.

Officiating at the services were, the pastor, Rev. Harry C. Wigger, the former pastor, Rev. S. R. Smith, and Rev. W. L. Womack, retired Presbyterian minister.

Mrs. Newman had been in failing health for a long time. She had been a patient in the Bangs Convalescent Home for several months. After becoming worse at the week end, she was moved to the hospital on Monday.

Sarah Ann Dodgen was born near Fayetteville, Ark., April 24, 1870.

She was married to James P. Newman in Washing Co. Texas, November 10, 1899. They lived in Bosque Co. for a while before moving to Santa Anna in the autumn of 1898. They settled on a farm north of town, which continued to be their home, until the death of Mr. Newman, February 5, 1949.

Until recent years, Mrs. Newman had been active in the Eastern Star and United Daughters of the Confederacy organizations.

She is survived by one son, Walker Newman, Santa Anna, and one daughter, Mrs. Nettie Singleton of San Angelo, also three grandchildren and 8 great grandchildren.

Other survivors include one brother and four sisters: J. W. Dodgen, Coleman; Mrs. T. C. Cooper, Houston; Mrs. W. A. Hagan, Sulphur, Oklahoma; Mrs. W. H. Truitt, Roscoe; and Mrs. Dan Whitaker, Seminole, Texas. Many other relatives and a host of friends also survive.

Chosen as pallbearers were nephews, the eight Newman brothers, Henry, Lewis, Lester, Oran, Virgil, Frank, Walter and Roy.

Flowerbearers were, Mrs. Louise Parsons, Mrs. Roy West, Mrs. Neely Evans, Mrs. Walter Holt, Mrs. Walter Newman, Mrs. Henry Newman, Mrs. Lester Newman, Mrs. Ernest Newman, Mrs. A. O. Newman, Mrs. Frank Newman, Mrs. Virgil Newman, Mrs. Roy Newman, Mrs. Bessie England and Mrs. Edgar Parish.

Burial was in the Santa Anna Cemetery, with Hosch Funeral Home directing.

Henry Turner and wife returning to their home in San Angelo from East Texas, visited with Mrs. Fred Turner and Gay on Monday.

Lincoln was assassinated during his second term as President.

## Mountaineers Down Early In Fumble-Riddled Tilt

Fumbles again were the worst drawback to the Santa Anna Mountaineers when they overpowered the Early Longhorns last Friday night by a 19-6 score. There is little telling what the score would have been if it had not been for the fumbles. But the Mountaineers were not the only ones fumbling during this game for the Longhorns also chalked up several of them.

The Mountaineers kicked to Early to start the game and Early quick-kicked on the second down to the Mountaineers 33-yard line. Four plays later Melvin Pollock carried the ball over for the first counter from the 34 yard line and then kicked the extra point, putting the mountaineers out front 7-0. Later in the same period Jay Steward intercepted a Longhorn pass and returned it 55 yards for a score, only to have it called back for a 15-yard penalty for the Mountaineers. After an exchange of fumbles the Longhorns started a goal-line drive that originated on the Mountaineer 49-yard line and in the second period David Walls went through center for the only Early counter. Early threatened again in the second period after another exchange of fumbles when they got as far as the Mountaineer 9-yard line.

The Longhorns kicked to the Mountaineers to start the third period and in two plays Charles Scarborough sent 4 yards for the second Mountaineer TD.

Pollock missed the extra point. Late in the same period Scarborough passed to Jay Steward from the Mountaineer 25-yard line with Steward taking the ball near midfield and going all the way for the final Mountaineer TD. Pollock again was wide on the extra point try.

Fumbles were numerous in the fourth period with neither team making any serious scoring threat.

Statistics show Santa Anna 6 first downs, Early 10; Santa Anna gained 227 yards rushing and lost 14 yards. Early gained 127 yards rushing and lost 41 yards; Santa Anna attempted 5 passes and completed one for 75 yards. Early attempted 12 passes and completed 5 for 39 yards; Early intercepted one Santa Anna pass and Santa Anna intercepted one Early pass but it was not counted as far as statistics are concerned. Santa Anna recovered 3 Early fumbles and Early recovered 6 Santa Anna fumbles; Santa Anna received 6 penalties for 80 yards and Early 5 for 35 yards; Santa Anna did not kick during the entire game and Early kicked four times for 141 yards. Santa Anna fumbled 10 times and Early 5 times.

**TO REST THIS WEEK**  
The Mountaineers have an open date this week and will take a much needed rest before beginning their conference season on October 10. Some of the

boys suffered slight injuries in the Early game and the coach is expected to give the boys a lot of exercise handling the ball during this two weeks period.

### DISTRICT BRIEFS

This week will see the start of some conference games in District 7-A. Conference games will see Bangs at Wylie on Thursday night, October 2 and Eastland at Rising Star on Friday night, October 3. Other games in the district will be Early at Cross Plains and Dublin will entertain Brady.

All District 7-A teams won their game over the past week end except Eastland, who lost to their arch rival Ranger by a 47-0 score. Ranger playing in Class AA football this year and Eastland is playing their first year in Class A football.

DeLeon scored almost at will to beat Fort Hood 12-7; Bangs upset the dope bucket and beat the May Tigers 19-3, scoring in the first, second and fourth quarters; and Santa Anna overpowered Early 19-6.

### SEASON STANDING

Team	W	L	T	Pts	Opp
Wylie	3	0	0	1000	83
Dublin	2	0	0	1000	59
Santa Anna	2	1	0	687	40

By MRS. JOHN LAUDER

ROUTE TWO

SANTA ANNA, TEXAS

So far as I could find out, most everyone stayed home this week and news is scarcer than hens teeth. We do have two new wild-cat wells going down though. One on Loyd Price's place and the other on the Bill Archer farm.

The Blue Bonnet H. D. Club met Thursday in the club room

at the school house. The club voted to reorganize and drop the parliamentary procedure and become a working club. The club will meet the 15th of October for an all day meeting in the home of Mrs. John Lauder to quilt a quilt for the Old Folks Home in Coleman. All ladies of the community who are interested are invited to come and bring a covered dish for lunch.

The club voted that all the money they take in from commission on their sales of subscriptions to the Santa Anna News is to go to the Old Folks Home in Coleman. Anyone having a news item, please hand it to me or to Mr. Homer Schulze.

I wish to make a correction of last weeks news. The cousins reunion that is held in Brownwood each September is made up of the descendants of the two Gaines brothers and their two sisters. One became a Fry and the other a Belvin. There are

Lowes in the group now but they were not of the original first cousins.

Mrs. Robert Richardson of Dallas visited Sunday in the home of Mr. and Mrs. Waid Rosser.

Mrs. Garland Powell is in Houston this week visiting her daughter, Mrs. John T. Burrell, Mr. and Mrs. R. W. Aschenbeck visited Sunday with Mr. Drue Vinson, his sister, Adelle, and brother, Will Edd.

Mr. and Mrs. Elmer Brannon attended the funeral at Brownwood on Wednesday of Mr. Will Talley, a former resident of this community. The Joe C. Brooke family and the E. D. Bouchillon family were guests of the John Lauders Saturday night. Rev. and Mrs. Charles Grimes of Brady made a short visit in the John Lauder home on Monday. They brought Mr. Lauder's mother up for an indefinite visit here.

**EVEN FIRE** insurance rating schedules in Texas are going pocket-sized. Here State Fire Insurance Commissioner Paul H. Brown compares the new, streamlined General Basis Schedules, at right, with the unwieldy book from which Texas insurance agents have computed fire insurance rates for nearly 30 years. Completely revised after months of work, the new General Basis Schedules is only a quarter of the size of the old book.

and children spent Sunday with her father, Dr. and Mrs. Cheatham of Millersview. Sorry Dr. Cheatham wasn't feeling so very well.

Mrs. Addie West of Santa Anna spent several days last week with Mrs. T. J. Adkins and Vonnie.

Mrs. Douglas Avant, Mrs. Aaron Avant and Mrs. Ethel Radle spent one day last week with Mr. and Mrs. Buster Wynn and boys of Coleman.

Tom Rutherford and Sammie Shields were transacting business in Brownwood Friday morning.

Mr. and Mrs. Babe Gardainer were supper guests of Mr. and Mrs. Earl Cozart Sunday night.

Mr. and Mrs. Joe Will Fowler and son, Joe Earl of Austin spent the week end with her mother, Mr. and Mrs. Earl Cozart.

Mrs. Allyn Gill went to Clifton Thursday to join her husband for the Polled Hereford Sale and Show, Friday and Saturday. Mr.

Ordinance No. 29, City of Santa Anna, Texas, states:

"It is unlawful for any person to ride any bicycle on the side walks of the City of Santa Anna, Texas." This offense is fineable up to \$200.00.

All bicycles ridden in the corporate limits of the City of Santa Anna must at all times obey traffic regulations and if they are to be ridden at night they must have a head light and a reflector tail light.

A number of recent complaints have caused much concern about this ordinance and the City Council has directed this ordinance to be enforced.

**ALSO**

City Ordinance No. 159 states that no trucks will park on Wallis Ave. (main street) at any time. This ordinance has been being violated recently and it will also be enforced to the limit of the law. Violations are fineable up to \$200.00.

Lonnie Hollon is at the home of his sister, Mrs. Ozell Byrd in Coleman after being hospitalized with an injured hand.

Josh Bryan of Abilene spent Saturday night with Mr. and Mrs. M. D. Bryan and was Sunday luncheon guest with Mr. and Mrs. L. L. Bryan and Kenneth.

**Highway Upkeep On The Increase**

Austin — If Texas could spend all its highway income on construction of new highways it would have a system of new roads unequaled anywhere.

Maintenance, however, is becoming such a factor in use of highway revenue that it is eating fast into the total amount of money paid by the highway users, according to a study of the Texas Good Roads Association just released.

In 1952 road maintenance will take some \$42 million out of the \$120 million total that will be available to the highway department, according to the figures.

"It must be remembered that we have many hundreds of miles of highways, built back in the Model T days, that are now carrying from 2,000 to 4,000 automobiles a day," said General Ike Ashburn, executive vice-president of TGRA.

"The speed of the automobile is twice as great and the load limit for trucks is eight times as great. This beats down these old roads unmercifully and the maintenance cost is high," he said.

Highway planners also point to the dwindling dollar value. A dollar of highway money, like any other dollar, is worth less than half what it was when the roads were built.

Mr. and Mrs. Raymond Donnell of Seguin were week end visitors with Mr. and Mrs. George Richardson.

**From where I sit ... by Joe Marsh**  
**No Longer Two Sides to This Question!**  
Ever seen those two-family houses they have in some places — with separate front doors and porches — side by side? My sister owns half of one and lives in it, near Philadelphia.  
Nice little frame home. Only Sis painted her half brown and the other family always painted theirs green. Ruined the effect — but for years neither family ever thought of suggesting that they both decide on a common shade.  
Now Sis writes that their two-toned home is no longer. "I mentioned we were going to repaint," she says. "And they said let's get a color we all like. So we did. A nice shade of gray for both-sides."  
From where I sit, so often when there's a difference of opinion it's best to sit right down and work things out (like when our volunteer firemen decided to serve both lemonade and beer at their annual picnic last month). Don't let prejudices "color" your opinion of your neighbor. He'll probably be quite as open-minded as you are.

**LEGAL NOTICES**

**Citation By Publication**  
The State of Texas  
To: Jack Gray Defendant,  
Greeting:

You are hereby commanded to appear before the Honorable 35th District Court of Coleman County, Texas, at the Court House thereof, in Coleman, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 27th day of October, 1952, then and there to answer Plaintiff's Petition filed in said Court, on the 26th day of August, 1952, in this cause, numbered 7622-A on the docket of said court and styled Mildred Sparks Gray Plaintiff, vs. Jack Gray, Defendant.

A brief statement of the nature of this suit is as follows, to wit:

Suit for divorce based upon such excesses, cruel treatment, and outrages toward her as to render their further living together insupportable. Plaintiff further alleges that there are no property rights to be adjudicated, and that no children were born to said union as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. Issued and given under my hand and the Seal of said Court, at office in Coleman, Texas this 15th day of Sept., 1952.

Attest:  
T. H. Corder, Clerk,  
District Court, Coleman,  
Texas.

**Ernest Tupin Named Handicapped Person Of The Year**

Ernest S. Tupin, a triple amputee of Comanche, was presented an award by Governor Shivers as "The Handicapped Person of the Year." Presentation was made at the Driskill Hotel in Austin last Monday morning. His right arm and both legs have been amputated, due to a circulatory disease.

He has trained himself to use his left hand. He owns his home in Comanche, and his watch repair business, and has trained 66 other persons in watch repair work. Twenty-five of the number he has placed in employment or business for themselves.

Mr. Tupin will appear before the Brownwood Lions Club at their luncheon on October 7th, during the "National Employ the Handicapped Week."

His wife, who died in 1947, was the former Miss Iva Smith of Santa Anna.

**Texas Highways Take Heavy Pounding Every Day In Year**

Austin — Texas highways take a pounding from 81 million miles a day of automobile and truck traffic, according to recent studies of the State Highway Department.

Of that amount, 47 million miles a day are driven over roads financed entirely with state funds. Federal and county funds are used in financing a portion of the remaining roads.

According to the Texas Good Roads Association, 56 per cent of the state maintained system now is more than ten years old. It has passed the half-way mark of the 20-year life expectancy for such highways. This accounts for the large amount of current revenue that must be used on maintenance instead of new construction on the state's system.

**Two Growing Problems Is Subject Of Conference In Oct.**

Austin — Two of the State's growing legal problems — insanity pleas in criminal cases and traffic law enforcement — will be the subject of a conference October 17-18 at the University of Texas.

Attorneys, law enforcement officers and municipal officials will hear talks by experts on various phases of the problems and have opportunities after each address to question the speaker. The University's Law School is conference sponsor.

**Buttreys Have Great Grand Son**

Guy Allan was the name given the son born to Mr. and Mrs. Raymond McNutt at Abilene Monday, September 22. The baby weighed 7 lbs. and 3 ozs.

He is the great grandson of Mr. and Mrs. N. J. Buttry of Rockwood. Maternal grandparents are Mr. and Mrs. Dick Inman of Coleman.

Sgt. Doyle G. Williams arrived home last Friday night from a service of 20 months in England. He is visiting with his parents, Mr. and Mrs. John L. Williams and Paty. He is an airman with the Medics at Swenden, England. At the expiration of his 30 days leave, he will leave for Massachusetts for further service.

**Rites For W. F. Talley Held In Brownwood**

Funeral services were held in Brownwood on Wednesday, September 24th, at 3 p. m., for William Francis Talley, who died at his home on Monday at 8:30 p. m.

He had been afflicted for nine years, and a bed patient one year. Rev. Bill Uhlman officiated at the services and burial followed in the Bangs Cemetery.

He had lived in Brown Co. 30 years. He was a member of the Methodist Church.

Surviving are his wife, Mrs. Effie Mae Talley, Brownwood; a son, S. O. Talley, Brownwood; four daughters, Mrs. Charles Loebstein, Brownwood; Mrs. Lorene Summer, and Mrs. Maggie Lee Duncan, Monahans; and Mrs. Flora Donica, Bangs; his mother, Mrs. Margaret Talley, Brownwood.

Four brothers: Irving of Brownwood; Arthur of San Saba; Asa of Hermleigh and Elgin Talley of Santa Anna.

Three sisters also survive: Mrs. Mary Cristey, Coleman; Mrs. Ed Laird, San Angelo; and Mrs. Seborn Darwin, Brownwood and eight grandchildren.

Mrs. Elgin Talley of Santa Anna attended the services, but her husband was not able to do so.

**TEL CLASS HAS ANNUAL PICNIC THURSDAY EVENING**

Members of the TEL Class of the First Baptist Church entertained their husbands with a picnic at the Coleman Park last Thursday evening, September 18.

A picnic dinner was served and a number of games were enjoyed. Those present were:

Mr. and Mrs. Lewis Newman, Mr. and Mrs. Dennis Kelley, Mr. and Mrs. Bert Howington, Mr. and Mrs. Clarence Gray, Mr. and Mrs. Neely Evans, Mr. and Mrs. Lester Newman, Mr. and Mrs. Emzy Brown, Mr. and Mrs. Edd Moore, Mrs. Dovie Chapman, Mrs. John Brown, Miss Wanda Howard and Rev. Wigger.

### Attention Women!

New finding has been added to the long-burning controversy over the relative merits of men and women drivers. In a recent analysis of the results of its Safe Driver Training Course for members and their families, the Auto Club of New York arrived at a decision which gives the traditionally boastful male little to brag about. This round was taken by the ladies, and the young ones at that. The New York Club survey showed that, if you're a woman between the ages of 18 and 35, then you can learn to drive more readily than your male counterpart. It's reported that disgruntled males who took the course are now circulating the word that the results of the test undoubtedly were compiled by women — between the ages of 18 and 35. Next round, coming up!

### New Method Of Giving State Exams Announced

The Merit System Council in Austin today announced a new procedure in giving competitive examinations for positions in the State Department of Public Welfare.

Beginning in October, examinations for typist, stenographer, field worker, child welfare worker and senior child welfare worker will be offered once each month.

In eleven cities, Abilene, Beaumont, El Paso, Galveston, Harlingen, Laredo, Lubbock, Odessa, Paris, Tyler, and Wichita Falls, examinations for these positions will be offered on each second Saturday.

In Amarillo, Austin, Corpus Christi, Dallas, Fort Worth, Houston, Longview, San Angelo, San Antonio, Texarkana, and Waco, the examinations will be offered on the third Saturday of each month.

Interested persons are urged to visit the local office of the State Department of Public Welfare to secure information about minimum qualifications, salary ranges, etc.

### Son Born To Travis Kings

Arthur Vincent King was born Saturday, September 27, at a McKinney hospital to Mr. and Mrs. Travis King of Dallas. The baby weighed 9 1/2 pounds.

Paternal grandparents are Mr. and Mrs. A. L. King of Rockwood and Mrs. J. C. King is the great grandmother.

### Car Use Too Much Gas? Have It Checked

Austin — If you think your car is using too much gasoline, service experts of the Texas Division of the American Automobile Association may be able to give you the reason.

Besides the well-known causes, excessive speeding on the open road and fast getaways at stop lights, there are certain mechanical reasons for gasoline wastage, the Three-A experts say.

The following 10 reasons are not listed by the AAA experts in order of importance, but all contribute to waste of gasoline:

- (1) Worn ignition cables; (2) sticking valves; (3) faulty choke control; (4) defective breaker points; (5) leaky, clogged or poorly adjusted carburetor; (6) weak coil; (7) leaky gaskets; (8) poor oil circulation; (9) fouled spark plugs, and (10) ignition timing.

### Poney Prize Offered At Prison Rodeo

Huntsville — When the Prison Rodeo opens for its 21st series of October Sunday afternoon shows this year the rodeo management will celebrate the occasion by giving away a fine Shetland pony.

Some one of the thousands of young cowboys and cowgirls who attend the first show of the 21st Annual Prison Rodeo series, Sunday, October 5th will become the master or mistress of a handsome little black and white Shetland pony and a fancy, tooled-leather cowboy saddle complete with bridle and all the trappings.

Some time during the rodeo a halt will be called between events of the show and the junior-size cowhorse awarded. The lucky young rodeo fan who gets the pony will be announced by Roy Dillon, rodeo MC, and called into the arena to receive the prize.

### Religious Service To Close State Fair

RELIGIOUS SERVICE  
Dallas — Dr. Daniel A. Poling of New York and Philadelphia, one of the nation's busiest and most dynamic clergymen, will be the speaker at the mammoth non-denominational Cotton Bowl Religious Festival here Sunday night, Oct. 19, Dan D. Rogers, Chairman of the festival Laymen's Committee, has announced.

The second annual festival will be held on the final evening of the 1952 State Fair of Texas. All gates to the fairgrounds will be thrown open on this night and there will be no admission charge after 6 p. m., Mr. Rogers said.

"The festival last year was attended by about 45,000 people, one of the largest religious gatherings of its type," Mr. Rogers said. "We hope that an even larger crowd will attend this year's festival to hear Dr. Poling, who is widely respected as a speaker and a writer."

The religious festival is presented by combined committees of prominent laymen and pastors from the Dallas area, with the full cooperation and sponsorship of the State Fair. Thirty-one ministers are serving on the Pastors' Committee.

Mr. and Mrs. Phillip Smith, Judy and Jimmie and Janice, of Oxford, Maine, have been visiting with Mrs. H. M. Smith and the Lewis Jordans. Mrs. Phillip Smith is a sister of Mr. Jordan. The Jordans and their children, Dawn and Terrance, have moved from Brownwood to Rankin, where he will teach music in the school there, and she will be the 5th grade teacher.

The word "tip" comes from the first letters of the words, "to insure promptness."

### Increase Fall Egg Production with Light

College Station — Egg prices have steadily climbed since the summer slump in egg production started weeks ago. It is a situation that happens just about every year, says W. J. Moore, poultry husbandman for the Texas Agricultural Extension Service, but good flock management can help overcome some of the trouble.

A practice that will pay dividends during the fall and winter is the use of lights in the laying house. For maximum production, a hen needs 12 to 14 hours of light each day, says Moore.

He recommends that lights be used from about the middle of September until spring. The light, he adds, must fall on the birds, feeders and waterers for best results. It makes no difference whether morning or evening lights are used; however, the more common practice is to use morning lights because of convenience.

In using morning lights, the recommended procedure is to turn the lights on about 30 minutes before daylight in the fall of the year as the days begin to get short, and to turn them on a little earlier each morning as the days get shorter.

When evening lights are used, the lights are turned on in the late afternoon before dark and are allowed to burn until the birds receive their 12 to 14 hours of light per day. Moore cautions poultrymen to dim the evening lights for a few minutes before turning them off so the hens will have time to get on the roosts. Large light bulbs are not necessary, Moore recommends.

INSURANCE FOR A FEW CENTS A DAY COVERAGE FROM 1 Day through 95 Years

the use of two 25 to 40 watt bulbs for each 400 feet of floor space.

### Training Union At Rockwood Elects New Officers

The Training Union of the Rockwood Baptist Church met Sunday evening, September 28 and elected new officers as follows: President, Wess Wise; Vice-President, Joyce Jackson; Secy.-Treas., Jo Beth Cooper; Group Captains, Patsy Bryan and Bobbie Rehm; Bible Readers Leader, Kenneth Bryan; Mission Chairman, Wanda Hodges; Social Ch., Patsy Rehm; Reporter, Kay Steward; Sponsor, Mrs. Ray Steward.

The program was given and we were dismissed with a prayer. —Reporter.

### HUNTERS SHOW VAST INCREASE

Austin — The Executive Secretary of the Texas Game & Fish Commission said the number of hunters and fishermen in the state has more than doubled since World War II.

He made the announcement in a speech before the International Association of Game Commissioners in Dallas.

The Executive Secretary added:

"It cannot be said that the wildlife population has improved to meet this demand. So far it has been met by lower bag limits and shorter harvest periods. There is an end to how far such curtailment can go and yet be satisfactory.

"The problem of the ever increasing number of sportsmen who go afield and cause an additional pressure on the wildlife resources has as yet no answer. Everyone is encouraged to go hunting and fishing who will. It is the job of the professional conservationists to find ways and means and furnish leadership for maintaining the highest possible harvest so as to accommodate the maximum number of sportsmen."

The Executive Secretary noted that "it would not be well to say that wildlife work in Texas is poorly financed, but never has

it been financially strong enough to accomplish more progressive management practices that those closer to the problems would like to see done." He went on to observe that "the work of wildlife conservation is as well financed as the people of the state want it to be and will be improved at such time as public sentiment sees the need for it, the Commission itself."

### Governor To Open Texas Prison Rodeo

Governor Allan Shivers will, for the fourth consecutive year, again officially open the Annual Prison Rodeo, Sunday, October 5th and that date has been named Governor's Day by prison officials.

The announcement of the Governor's acceptance of the Prison Board's invitation to officiate at the rodeo's 21st year opening day ceremonies was made by the Board's Rodeo Committee Co-Chairman, French M. Robertson of Abilene, and H. H. Coffield of Rockdale. In addition to the State's first citizen, members of the Legislature and other State officials have also been invited to attend the big convict show on that date as guests of the prison management.

To be featured as special guest attraction for the day, the 130 piece University of Texas Longhorn Band will come to Huntsville to play and perform drill and marching routines between inmate riding events. Featured with the Longhorn Band will be the Texas Stars, a separate organization of twirlers and majorettes who appear with the band at football games wherever the band plays. On Saturday before the appearance at Huntsville the band plays at Memorial Stadium in Austin for the Texas-Notre-Dame game.

Mrs. Edd Featherston had as visitors last week end her niece, Barbara Greene and her friend, Jackie Frost, of Silver City, New Mexico. They are students at Abilene Christian College, which Barbara's father used to attend.

Rubber got its name from its early use as an eraser or "rubber."

**IT'S THE LAW**  
in Texas

A public service feature  
of the State Bar of Texas

**CHECK LIST FOR MEN GOING INTO MILITARY SERVICE**

What about your civilian affairs if you are called into military service? You may save yourself and your family a great deal of difficulty and worry by considering right now some of the problems that may arise.

All during World War II and in the present Korean conflict, a special committee of the State Bar has handled literally thousands of disconcerting legal entanglements for servicemen. Members of the group say that many of these difficulties could have been avoided if the soldiers involved had taken a few simple precautions before leaving civilian life.

After you enter the services, keep in mind that this group, the State Bar committee on Legal Assistance to the Armed Forces, stands ready to help when necessary. Every county in the state has a legal Assistance Chairman whose responsibility is

to look into local matters when requested by a serviceman. The committee and the county chairmen may be contacted through State Bar of Texas, Austin, 15, Texas.

But before going into service, here is a partial list of things to do to protect yourself and your family:

Execute a power of attorney in recordable form if you want someone to be able to act for you in your absence.

Rent a safety deposit box, collect your important documents and store them in it.

Have a will prepared, or revised to suit any changed conditions.

Arrange for payment of outstanding bills or loans. The Soldiers and Sailors Civil Relief Act protects you against entry of judgment while in service.

Check your life insurance. Be sure the beneficiaries are correct — if the beneficiary is to be paid in monthly installments, is the amount now adequate in the light of the presented deflated dollar? Arrange for premium payments.

If you have a lease on your business or residence arrange to cancel or sublet; provide for getting premises back when you return. If you give proper notice, the Soldiers and Sailors Civil Relief Act may save you from further liability under leases after your departure.

Check your fire and personal property insurance policies for expiration dates, proper coverage and address. Get a rebate if you cancel.

Be sure your automobile license and insurance are available and in the name of the proper person. If your car won't be used for business purposes you may be entitled to a reduced premium.

Leave with some person, other than your wife, complete data as to yourself, where you are, how you are to be reached. Keep that person informed of changes while you are away, so he can reach you in an emergency.

**SIGNIFICANCE OF TEXAS GRASSES**

Texas grassland is, the foundation on which to build permanent prosperity for the whole state.

Grass feeds livestock. It builds fertility and saves soil. In its own way, grass is just as important as any of the natural resources of the United States.

Texas is making rapid strides in restoring its grasslands — an important phase of farm economy. The soil improvement program, using grasses to best advantage, is sweeping through the state with increasing velocity. Some counties are more advanced than others, but the movement is state-wide.

The average farmer or rancher has not always been so concerned with the preservation of cover grasses. And the nation is still paying for this short-sightedness. The disastrous sandstorms of the early '30's is an example of what happens when grasses are destroyed, good land practices are abandoned, and the farmer begins to mine, instead of farm, his soil.

One of the most striking examples of how grasses can save the land was demonstrated in an experiment performed by the Soil Conservation Experiment Station at Zanesville, O., some years ago. The experiment revealed that 34.5 inches of rainfall annually on a 12 percent slope planted to corn would wear away the top seven inches of soil in only 19 years.

Yet, this same slope planted in blue grass would not lose this rich seven-inch layer of soil for 23,300 years. This is an amazing comparison — and it is that average of seven fertile inches of soil upon which we must depend to feed and clothe our nation.

Two important conclusions can be drawn from a study of

consolidate your bank accounts and open a joint account. Arrange for statements, allotments, etc. Check your credit resources and arrange for your family to obtain credit loans in emergencies.

If you are under 26 and called in the reserves, notify your draft board. File a change of address card with the post office and have your mail forwarded to some responsible person.

If you have a mortgage or land contract arrange with the lender for deferment of principal payment, if necessary. Check GI loan provisions and the Soldiers and Sailors Civil Relief Act.

(This column, based on Texas law, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

grass. First it is almost indispensable to the profitable raising of livestock. Because of this fact, it deserves the thoughtful consideration of every intelligent farmer.

Second, it is invaluable in the functions of soil conservation and fertility maintenance. Because a stable soil is essential to the nation's welfare, grass merits the high regard of every American citizen.

It is conceivable, of course, that the return to grass could go so far for the welfare of our present economic system. Certain crops are necessary for human food, industrial demands and livestock needs. The goal of agriculture should be to find the ideal means between the two extremes. When this point is found, the soil would be held to the land, fertility would be maintained, and yet there would be enough of the various crops produced to meet the country's needs.

In the overall scheme of things, grass was nature's way of conserving the soil and producing food. And time after time, nature's way has proven to be the best way.

The Fairland Baptist Association will meet with the North Side Baptist Church, Rev. C. L. Carroll, pastor, Thursday night and Friday, October 2nd and 3rd.

**THERE ARE** two classes of persons in this world: the drifters and the dedicated. Drifters become driftwood, cumbering a barren shore, or they float, waterlogged and helpless, a nuisance to more important traffic. The dedicated, on the other hand, have purpose in their minds, they have a course and a compass. They have somewhere to go, some reason for going there. But not all the dedicated are alike. The vital question is: To what is a man dedicated?

Dr. Foreman

**Dedicated to God**

HIGHEST object of all dedication is God; this always includes devotion to his cause. To be dedicated to God means to be devoted, in purpose and in action, in every way that is possible, to making this world — beginning with one's own self — come into line with the prayer, "Thy will be done."

The young man Jesus, whose story the Sunday school lessons will be following through the Gospel by Matthew for the next six months, was of all persons the topmost example of a life dedicated to God. Jesus did not drift into this. Dedication was not automatic, inevitable.

Jesus, not less than those he walks his brothers and sisters, had to make up his mind to the ancient demand: Choose this day whom you will serve.

**The Power**

JESUS WAS not a late comer to his decision. Once or more it has happened that a young man who decides to enter the ministry will surprise and even startle family and friends by this decision. But when Jesus "entered the ministry" (as you may rightly say he did, after his baptism), it could have surprised none who had known him. He had always been aware of being "about his Father's business." He did not pass from drifting to dedication, as most men must; he passed from one stage of dedication to another.

Whatever questions the story of Jesus' baptism raises, one thing is certain: from and after that even Jesus knew himself to be God's special Representative, endowed with the Holy Spirit for the work he was to do.

Over and over in the New Testament we hear of the "power of the Spirit," for the divine Spirit both brings power and is Power. Only the one dedicated to God has the power of God.

**The Problem**

IT IS a mistake to think that the dedicated life is free from problems. God will not weaken us by making our choices for us. Every temptation is an opportunity to choose, between God's way and some way that is not God's. Temptation may also present a choice not so much between black and white, wrong and right, as between good and better, right and more-right.

One meaning of Jesus' temptations was just that in them he had to think through the how of this dedicated life. He was indeed God's beloved Son; His work was indeed to save the world for God.

But the question was, How? By throwing stones into bread? By astonishing people with miracles such as jumping unharmed off the Temple top? No; these were not God's way. The last temptation was not so absurd as it sounds. Whenever man has said, "Let us do evil that good may come," whenever they have said that a noble purpose glories in any method used to attain it, they have done what Jesus was tempted to do — worship Satan.

**The Practice**

THE DEDICATION does not free the dedicated from problems. When life is put at God's disposal, with each problem comes the power to avoid wrong choice, to

make the right one. Yet again there is a condition: God will not resist our temptations in our place. There is something we have to do for ourselves. There is a practice required.

Is it likely that Jesus had never in his lifetime been tempted before that day in the wilderness? No, he resists with the skill of long practice. The weapon he uses is still ours to use: the Word of God.

Does that weapon lie rusting under the dust at your house? Keep it bright by using it, as Jesus did.

**Competition is the life of the**

**OIL BUSINESS**

The demand for oil increases every year.

Americans need more oil for more automobiles, for more airplanes, more ships, more high speed locomotives and more of many things besides.

And just as one merchant competes with another for your business, oil companies compete for it, too — for the gallons of gasoline and quarts of

motor oil you buy; to supply the ships, the locomotives, the industries, the airplanes.

The competition is intense, and it spreads throughout the industry. Oil companies compete with each other to find and produce more oil. Pipe lines

companies vie with each other to develop low cost transportation. Refineries compete to supply more and better oil products. Salesmen compete on the basis of quality products and the service rendered.

It's a good thing, this competition, a healthy thing. It is the life of the oil business; it keeps the industry vigorous, progressive, enterprising.

But its chief benefit is to you and other Americans. Competition within the oil industry discovers and develops a natural resource necessary not only to modern living but to national defense. It supplies you and the country with continuously improved petroleum products; today, two gallons of gasoline do work that required three in 1925, but the gasoline costs no more than it did then.

**Delta Omicron Presented Fashion Review Tuesday**

A preview of the new fall fashions were presented by Delta Omicron at the Queen Theatre Tuesday evening. Fashions were furnished by the Ladies Shop.

Models participating in the preview were: Bobra Garrett, Rilda Stephenson, Annabelle Price, Evelyn Oakes, Dixie James, Billie Guthrie, Doris Harvey, Virginia Shields, Jo Ann Allen, Sadie Richardson, Idella Wristen, Bobbie Fuller, Jean Heiner and Theola Stewardson. Mrs. Rena Pinkerton narrated and wore a creation from the Ladies Shop.

Special attractions for the evening were: Theola Stewardson modeling a gown and bonnet worn by her great grandmother in 1875; Dixie James, a turn of the century creation, bustle and all; Sammy McCreary modeling a fashion of 1910; Jo Ann Allen wearing a 1915 model bathing outfit; and Billie Guthrie wearing a favorite costume of the late 1920's, entertained with a Charleston, the dance rage of that era.

The stage was decorated with large baskets of crepe myrtle and greenery.

Fifty percent of the proceeds will be presented to the Santa Anna High School Band to add to the uniform fund.

Delta Omicron wishes to express its appreciation to Misses Elsie Lee and Ruby Harper, Mrs. Rena Pinkerton, Mrs. J. R. Gipsen and all the above mentioned models for helping to make their first style show a success.

Geoffrey Chaucer, author of the "Canterbury Tales" lived in the 14th century.

**Trickham Home Dem. Club Met On Wed.**

"Small Equipment for the Kitchen" was the subject for discussion when the Trickham Home Demonstration Club met in the club room on Wednesday, September 24 at 2:30 p. m. Mrs. Harry Wilson was in charge of the meeting.

Mrs. Oscar Boenicke led two songs and Mrs. Wilson led the Pledge and Prayer. Mrs. Wilson was also in charge of the recreation and Mrs. Raymond McElrath won the prize.

In the business meeting, officers for the coming year were elected, as follows: President, Mrs. Buck Mitchell; Vice-President, Mrs. Harry Wilson; Secretary, Mrs. Delburn Rice; Reporter, Mrs. Bond Featherston; and Mrs. Oscar Boenicke, Council Member.

Mrs. Wilson led the club in a round table discussion on small equipment, selection and use and arrangement of the equipment in the kitchen. After the business meeting, Mrs. Raymond McElrath of Coleman, gave a good report on the State THDA meeting in Kingsville.

The hostesses, Mrs. Wilson and Mrs. Boenicke, served ginger bread and coffee to five club members and the following guests: Mrs. McElrath, Mrs. Frank Brewer and the new Home Demonstration Agent, Mrs. Weed.

The next meeting will be October 8 at 2:00 p. m. at the club room with Mrs. Weed demonstrating Loaf Bread. Each member is requested to bring a gift to exchange.

The moon is about four and one-half times the size of the U. S.

**Delta Omicron Officers Attend District Meeting**

Four members of the Delta Omicron, the Santa Anna Chapter of Epsilon Sigma Alpha International, attended the district meeting in Brownwood Sunday, September 28th, at Hotel Brownwood.

Members attending were: Billie Guthrie, President; Theola Stewardson, Vice-Pres; Daphne Dockery, Corres. Sec., and Jo Ann Allen, Treasurer.

Coffee was served on the mezzanine at 11:00, and all members registered and got acquainted. Chapters from San Angelo, Brady, Coleman, Santa Anna, Brownwood and Stephenville were represented.

Luncheon was served in the Blue Room and a business meeting was held immediately following. District officers were elected. All officers were from other towns.

Ideas for rushing parties were exchanged and also ideas to raise money for charities.

San Angelo made and won a bid to have the next district meeting in their city.

**Liberty Home Dem Club Met At Club Room-Tuesday**

The Liberty Home Demonstration Club met at the club house on Tuesday, September 23.

Mrs. Truman Fletcher, in an interesting way, demonstrated "Small Kitchen Equipment." Mrs. Raymond McElrath of Coleman gave a most interesting account of the three days state H. D. Convention, which she attended recently in Kingsville.

The new H. D. Agent, Mrs. Weed, and Miss Wanda Shafer, Assistant H. D. Agent and 4-H leader, were present and lent inspiration to the gathering. Eleven old members and two new ones, Mrs. Drisco Woods and Mrs. Cecil Curry were present and the three visitors, a total of 16 women and 2 children.

**Self Culture Club Has Interesting Meeting On Friday**

SELF CULTURE CLUB -----  
The Self Culture Club had an interesting meeting last Friday afternoon in the home of Mrs. Hardy Blue with the president, Mrs. R. C. Gay in charge. There were some interesting responses to roll call and other routine business was attended to.

It was agreed to send a donation to Austria, clothing especially childrens, toys etc. After these things are assembled in Abilene, arrangements have been made to get them overseas.

A cash donation was voted to be sent to Austin for the maintenance of the state club headquarters there.

The International Scene was the topic for the afternoon consideration.

Latin American Literature Today was Mrs. C. L. Eeds' topic and Mrs. J. L. Harris, discussed Scandinavian Literature Today. Both were splendidly done.

Those present besides the hostesses and others above mentioned were: Mrs. J. R. Banister, Mrs. Norval Wylie, Mrs. Ted Stewardson, Mrs. Kittie Walker, Mrs. Jodie Mathews, Mrs. Nona Woodruff, Mrs. J. Edd Bartlett, Mrs. A. L. Oder and Miss Dora Kirkpatrick.

**Santa Anna Council Of Church Women Met Monday P. M.**

There was a fine attendance at the Methodist Church on Monday afternoon, when the Council of Church Women met with the W. S. C. S. of that church.

The president, Mrs. Hardy Blue, presided and conducted the devotions. She exhibited and read portions from the new revised Bible, just being released to the public.

The program for the afternoon was based on Human Rights and Human Welfare, and she made appropriate comments along those lines.

Miss Bettie Blue told of impressions received at a School of Missions at Kerrville last summer. She heard Dr. William Faulkner of Fisk University, 1949 Nobel Prize winner, lecture. His grandmother was a negro slave, his grandfather a white land owner.

He said the colored people want an equal chance at education, good jobs, with the same pay that whites receive, if their qualifications are the same.

Mrs. C. L. Eeds discussed in an interesting way the Problems of Labor, and Miners in the church. It was revealed that miners since they are receiving better pay have better housing and clothes, are attending church much better and their contributions have greatly increased.

Mrs. Blue conducted an interesting quiz on citizenship.

During a short business period, Mrs. Jennie Oakes was elected secretary to fill out the term of her sister, Miss Blanche Boyd, who has gone to Tatum, New Mexico.

We were glad to have five of the Rockwood W. S. C. S. members to attend. They were: Mrs. J. C. Hunter, Mrs. Fox Johnson, Mrs. Bill Rehm, Mrs. Tom Bryan and Mrs. Don Jopling.

Refreshments of generous servings of cake iced in white, and home made ice cream were served.

**Mrs. Box Honored On Birthday At Rockwood W. M. U.**

The Rockwood W. M. U. met with Mrs. Ray Steward Monday, September 29, to sew for Buckner Orphan Home. A number of lovely garments were completed.

After a short business meeting, Mrs. Velma Box was pleasantly surprised with a shower of birthday cards. Mrs. Lilly King brought a lovely birthday cake baked for her own birthday by her daughter, Mrs. Gerald Sitterle, with the hostess serving iced tea and coffee. Miss Linnie Box sent bottled drinks.

Those present were Mmes. Frank McCreary, Carl Buttry, J. C. King, Lee McMillan, Lon Gray, Goldie Milburger, L. Brusenhay, J. W. Wise, Bill Steward, Velma Box, Claud Box, Ray Caldwell, Evan Wise, A. L. King and the hostess, Mrs. Ray Steward.

**Whon Home Dem Club Met With Mrs. Lee Abernathy**

The Whon H. D. Club met Wednesday, September 24th in the home of Mrs. Lee Abernathy with the president, Mrs. W. C. Watson, presiding.

The pledge and prayer were led by Mrs. Etta Earl Buse, who also led the song, "The Eyes of Texas."

Mrs. Hettie Turney gave the council report for Mrs. Floyd Morris, who is in Arizona.

As our club didn't get small kitchen equipment demonstration, Mrs. R. S. Adian told us something about it.

Mrs. Adian gave us a very interesting report on her trip to

Kingsville, for the State H. D. Meeting. The report made each of us feel almost like we had been there, it was so complete. Members present besides the hostess were: Mrs. Bert Turney, Mrs. W. C. Watson, Mrs. Riley McFarlin, Mrs. Nick Buse, Mrs. Charles Bengel, and one visitor, Mrs. R. S. Adian.

**Fidelis Class Met With Mrs. Rowe**

The Fidelis Class of the First Baptist Church, had their regular monthly meeting on Thursday, September 18th, with Mrs. Seybold Rowe. There were 16 members and three visitors present.

The visitors will become members, October 1st. The class welcomes these new members.

The devotional was given by the hostess, prayer was led by Mrs. Drennon and the minutes read by Mrs. Lamb, the teacher of the class.

Officers were installed for the new year, beginning October 1st. Those attending pieced on a quilt for Buckner Orphans Home and members revealed secret names with gifts.

Refreshments of punch and cake were served. All received a blessing from meeting and trust all members will be present at next meeting, October 16th in the church annex.

# Oil Activities IN COLEMAN COUNTY

J. W. Quinn, Jr., et al of Coleman No. 1-A O. S. Allen is to be drilled as a wildcat 11 miles east of Coleman.

Drillsite is 300 feet east and 1,485 feet north of the northeast corner of Section 45, T&NO survey, but in M. Cheaves Survey 44. Contracted for 1,990 feet with rotary, location is on a 50 acre lease.

Mid - Continent Petroleum Corp., Midland, No. 1 Mary I. Dunman, Section 43, BS&F Survey, has been completed in the Dunman Field, located in the north part of the county.

The well gauged 107.46 barrels of 39.8 gravity oil per day, flowing through a 16-64-inch choke with packer set on the casing and 125 pounds tubing pressure. Production is from 24 perforations at 3,754-60 feet, treated with 200 gallons of acid. Operator set casing at 3,980 feet while the hole is bottomed at 3,982 feet. Gas-oil ratio was 264-1.

Potential has been filed for The Blackwell Oil & Gas Co., Abilene, No. 2 Whittington, Section 4, T&NO Survey, located in the Glen Cove Fry Field, one mile east of Glen Cove.

No. 2 Whittington had a daily potential of 455 barrels of 41 gravity oil, flowing through a 20-64-inch choke with packer set on the casing and 245 pounds tubing pressure. Having a gas-oil ratio of 957-1, the well is producing from an open hole at 3,155-63 feet.

In that same field and area, Blackwell staked location for No. 3 Whittington, contracted for 3,500 feet with rotary.

Drillsite for No. 3 Whittington is 1,323 feet from the north and 1,380 feet from the east lines of the southeast quarter of Section 4, T&NO Survey. Site is on a 100 acre lease and 933 feet south of No. 2.

Anzac Oil Corp., et al, of Coleman No. 4 Mattie B. Miller is to be drilled in the Coleman County Regular Field, 10 miles northeast of Coleman.

Contracted for 2,250 feet with cable tools, site is 2,539 feet from the south and 190 feet from the east lines of S. Blythe Survey 263. It is on a 390 acre lease.

Location has been amended

for A. W. Adkisson, Fort Worth, No. 6 R. F. Crum, regular field project eight miles south of Santa Anna.

New site is 500 feet from the south and 245 feet from the west lines of A. Mace Survey 277, and located on a 1,906 acre lease. No. 6 Crum is contracted for 1,600 feet with rotary.

A new county wildcat is to be drilled to 3,200 feet with rotary in the area one mile west of Coleman.

It is John J. Eisner, Abilene, No. 1 B. B. Nunley, located 330 feet from the north and east lines of the west-half in G. W. Sloan Survey. Site is on a 255.8 acre lease.

Operator is installing a pump at Gilchrist Drilling Co., Abilene, No. 1-A G. A. Stinson, Section 10, T&NO Survey. It is a Home Creek discovery well for the Glen Cove Jennings Field, one-half mile northwest of Glen Cove. It is 180 feet southwest of No. 1 Stinson, a Jennings Sand producer.

W. C. Woolf 1 N. H. Wheelless Oil Co., Abilene, No. 4 L. P. Whittington, Section 5, T&NO Survey, has been completed in the Glen Cove Jennings Field, one-half mile north of Glen Cove.

Daily potential was 32.11 barrels of 43 gravity oil, flowing through a 14-64-inch choke with 700 pounds casing and 560 pounds tubing pressures. Production is from 23 perforations at 3,368-72 feet with the casing set at 3,405 feet, the hole is bottomed at 3,413 feet.

E. F. White, Jr., of Abilene No. 5 Edith Anson Boulware is to be drilled in the Valera Lower Fry Field, one-fourth mile southeast of Valera.

Site for No. 5 Boulware is on a 550 acre lease, 330 feet from the north and 990 feet from the west lines of Section 16, Block 1, GH&H Survey. Slated depth is 2,625 feet with rotary.

Daltex of Coleman No. 2 Floyd Price has been spotted as a wildcat four miles northeast of Santa Anna.

Location is 3,210 feet from the north and 150 feet from the east lines of T&NO Survey 46, and on a 185.25 acre lease. Proposed depth is 1,995 feet with rotary.

The Bay Petroleum Corp., Abilene, No. 2 Dunman, Unit 3, Section 36, D. F. Roddan Survey, has been completed in the Dunman Field in the north part of the county.

The well gauged 331 barrels of 49 gravity oil per day. Completion was on a 20-64-inch choke with packer set on the casing and 350 pounds tubing pressure. Production is from 32 perforations at 3,515-23 feet with the casing set at 3,820 feet. Having a gas-oil ratio of 1,400-1, the well is bottomed at 3,530 feet.

In that same field, Tri-M Production Co., Midland, No. 6-G Mary I. Dunman is to be drilled as a 4,000-foot rotary try.

Drillsite for No. 6-G Dunman is on a 163.9 acre lease. It is 2,300 feet from the east lines of Section 35, T&NO Survey.

Another Dunman Field location is Bells Well Oil Co. & Fred Snuggs, Miami, Okla., No. 1 Mary I. Dunman, contracted for 3,600 feet with rotary.

Drillsite is on an 85 acre lease, 1,320 feet from the south and 330 feet from the west lines of W. B. Rodday Survey 48.

Also in the north part of the county in the Ballard Morris Sand Field, Hickok & Reynolds Royalty Co., Cisco, No. 2-4 Mrs. Josephine M. Ballard, E. H. Williams Survey 4, is a new oiler.

No. 2-4 Ballard gauged 15.02 barrels of 39 gravity oil, plus 50 per cent water, per day. Production is from 24 perforations at 2,470-76 feet with the casing set on the bottom of the hole a 2,500 feet.

In that same field and area same operator's No. 3-4 Ballard, E. H. Williams Survey 4, was completed for a daily potential of 104.95 barrels of 39 gravity oil.

Production is from 40 perforations at 2,441-51 feet with the casing set on the bottom of the hole at 2,474 feet. Gas-oil ratio was 1,000-1.

In that same field and area, Hickok & Reynolds No. 1-27 Mrs. Josephine Ballard was spotted as a 3,000-foot rotary try.

Site is 330 feet north and east of the northwest corner of Section 26, but located in Section 27, GH&H Survey. It is on a 323 acre lease.

C. L. Richardson & L. J. Maxwell, Coleman, have completed a discovery from an unidentified sand one mile west of Glen Cove.

The project No. 2 W. Helm, Section 9, T&NO Survey, was completed for 30 barrels of 42 gravity oil and 68 per cent water per day, flowing through 1/2 choke with packer on casing and 80 pounds on tubing.

Production was from 25 perforations at 1,981-85 feet. Casing was set at 1,986 feet, total depth.

Nearest production is a half mile to the east, and is from the Jennings Sand.

The Bay Petroleum Corp. No. 6-1 T. J. Hudson is to be a Dunman Field location eight miles northeast of Novice, 1,160 feet from the south and 330 feet from the west lines of D. F. Roddan Survey. Proposed depth is 3,650 feet with rotary.

### OIL AND GAS LEASES

F. L. McClanahan et al to Carl Robinson, \$10.00, 106 acres out of the H. Kegans Sur. No. 520.

James W. Dibrell et al to J. K. Wadley, \$10.00, 100 acres out of the Burnett Co. School Land Sur. No. 703.

Mr. and Mrs. E. L. Dossey and Paula Sue left Sunday for Rotan where he has employment in the oil fields.

Mrs. Kay Brimberry of Odessa visited from Tuesday until Friday with her mother, Mrs. Lula Taylor.

We can order a rubber stamp for you at the News Office.

## Farm Families To Be Honored At State Fair

On October 9, 1952, at ceremonies to be held in the new livestock arena, State Fair grounds, Dallas, Texas, recognition will be given to the achievements of more than 300 Texas FFA farm families who have repaid their loans this year. Certificates of achievement signed by R. L. Thornton, President of the State Fair of Texas; and L. J. Cappleman, State Director of Farmers Home Administration will be awarded those farmers whose loans have been paid this year from agricultural income.

An address pointing up the achievements of these farmers will be given by the Honorable Lyndon B. Johnson, United States Senator from Texas. Senator Johnson will be introduced by the National Administrator of Farmers Home Administration, Dillard B. Lasseter. W. M. Burkes, Chief of Farm Ownership Division in Texas will present the certificates to the farmers.

The Senator, chairman of the Senate Preparedness Subcommittee, is also scheduled to open the State Fair October 4 with an address.

Johnson, whose home is Johnson City, received the H. H. Arnold trophy from the Air Force Association for "statesmanship of the highest order." The other Senator to share the award was Joseph C. O'Mahoney of Wyoming.

The citation said Johnson helped bring to light many valuable military facts upon which sound air power legislation could be based.

The 44-year-old solon went to the Senate in 1948 after serving 12 years as a congressman from the 10th District of Texas. During World War II, he was a lieutenant commander from December 10, 1941 to July 16, 1942.

He was state director of the National Youth Administration in 1935-37.

The ceremonies will begin promptly at 1:00 p. m. October 9, County Supervisor John H. Curry, announced this week. The farm families to be recognized will include two from this area. He is planning to attend the event, which will be the Fifth Annual Achievement Day observed by Farmers Home Administration. Of the more than 6,000 loans made in Texas under the Bankhead-Jones Tenant Purchase Act, more than half have been paid off; and the farms are now owned, debt free, by farmers who were at one time tenants. A feature of the Achievement Days program will be radio interviews of successful farmers who have followed FFA directions in their farming operations.

Mr. and Mrs. W. N. Kilmer of Placid came Monday and took his mother, Mrs. C. A. Kilmer, with them to Alpine, for a visit of several days with their daughter, Mrs. Wanda Oglesby and family.

U. S. President William Henry Harrison died only one month after his inauguration.

## No Hitchhikers Allowed On Highways

Austin — Many motorists continue to give rides indiscriminately to hitchhikers despite reports by police officials of an increasing number of cases of motorists who have been robbed, beaten, forced to go out of their way, kidnaped and in some cases murdered, according to Paul R. Kulp, manager of the Texas Division of the American Automobile Association.

In addition, Kulp points out that the practice is prohibited in 20 states and under curbs in five others. Texas is one of the 20 states prohibiting the soliciting of rides while standing in the roadway.

Aside from the physical dangers, Kulp says that motorists may run the risk of damage suits in the event of injuries to hitchhikers resulting from accidents. He also points out that stopping on the road to pick up hitchhikers is dangerous from a safety standpoint.

Kulp cites a warning from J. Edgar Hoover, director of the FBI, that "motorists are cautioned to be alert to the danger of attack by criminals who may be posing in the guise of innocent hitchhikers along the highways of the nation."

## Schools Need Definite Health Programs

Austin — Every school should have a definite school health program. Situations such as, the kind of drinking water, arrangements for the school lunch, the lighting, seating, ventilation and cleanliness of the school-room, and the personal practices of the teachers and children are the basis of the school health program, said Dr. Geo. W. Cox, State Health Officer.

Every school has tremendous opportunities to promote the health of its pupils and of its community. From early childhood to early manhood and wo-

manhood, most children are enrolled in schools and are under the supervision of school staffs for a substantial part of the day for approximately half the days of the year. The conditions under which they live in school, the help which they are given in solving their health problems, the ideals of individual and community health which they are taught and the information and understanding that they acquire of themselves are factors which operate to develop attitudes and behavior conducive to healthy, happy and successful living.

Schools alone, however, cannot enable children to attain all the desirable goals of individual and community health. Considering the magnitude and multitude of the diverse and continuing efforts that must be made to satisfy the health needs of children, many people and groups, in addition to schools and health departments, should be interested in promoting health.

Parents have a prime responsibility. Physicians, dentists, nurses, social and welfare workers organizations, such as medical, dental, nursing societies, and voluntary health agencies should lend their support to local and state health departments in their effort to secure better health not only for school children but the community as a whole.

Mrs. George Brooks and Freda went to Junction Monday and brought her aunt, Mrs. D. H. Craddock home with them for an indefinite stay. Mrs. Brooks' mother, Mrs. Randolph of Comanche, was here several hours between buses Monday, on her way to California. They failed to see each other.

Mrs. F. B. Snook, who with her husband is living temporarily at Garden City, Kansas, came Sunday for a few days visit with her sister, Mrs. Norval Wylie.

**LET'S TALK  
LIVESTOCK  
BY TED GOULDY**

Fort Worth — Heavy pressure continued on cattle and calf prices this week. Another excessive run of grassers and shortfeds appeared at the 12 major markets Monday when over 165,000 cattle and calves appeared and roughly 75 percent of these were grassers and stockers and

feeders at many markets. This was over 23,000 over a week earlier, and over 42,000 over the same day last year.

Most cattle and calves ruled 50 cents to \$1 or more lower at Ft. Worth, with some spots \$1 to \$1.50 off on calves and yearlings and the plain and medium steers. Stocker demand remained narrow over the country and packers reported excessive supplies of meat other than strictly choice grain fed beefs.

Deterioration of pastures in Kansas and Oklahoma increased the rush from those areas. Continued lack of moisture dampened prospects for wheat grazing over the Texas-Oklahoma-Kansas plains.

Hogs opened the week with 25 to 50 cents higher prices and top of \$20.75 to \$21. Sows drew

\$17.50 down. Sheep and lambs opened steady.

Good and choice fed steers and yearlings sold for \$23 to \$30, odd club calves \$33 and \$34, while plain and medium slaughter kinds sold at \$14 to \$22 with cutter grades from \$10 to \$14. Stocker steer yearlings bulked at \$14 to \$24, with a few choice lightweights to \$25. Stocker heifers sold from \$22 down.

Fat cows cashed at \$13.50 to \$17, with canners and cutters at \$9 to \$13.50. Stocker cows sold from \$14 to \$18.50. Bulls sold from \$12 to \$19.

Good and choice slaughter calves cleared at \$20 to \$27 and plain and medium slaughter kinds sold from \$14 to \$19, with cull sorts from \$10 to \$14. Good and choice stocker calves sold mostly at \$20 to \$27, while plain and medium sorts sold from \$15 to \$9.

Good and choice fat lambs sold from \$18 to \$22 and stocker and feeder lambs sold from \$10 to \$17. Cull lambs, yearlings and two's sold from \$8 to \$10. Fresh shorn lambs and sheep usually sold \$1 to \$2 under woolskins.

Yearling wethers sold at \$17 down, and two-year-olds sold from \$12.50 down. Aged wethers cashed at \$10 down. Slaughter ewes sold from \$5.50 to \$7, and some solid-mouthed ewes drew \$7 to \$8.50. Old bucks cashed at \$6 to \$8.50. Feeder yearlings sold from \$10 to \$12.

Judy and Marilyn were Sunday night visitors with Mrs. Beula Kingston.

The Trickham Home Demonstration Club met at the club room last Wednesday afternoon.

Mrs. Marlin Jameson of Gila Bend, Arizona, Claud Hodges and oldest daughter of Santa Anna, were visitors in the Buck Mitchell home last Thursday afternoon. Mrs. Jameson (nee) Lottie Jackson.

Mr. and Mrs. Otis Calcote and baby of Ft. Worth spent the week end with their parents, Mr. and Mrs. Leston Cozart and Mr. and Mrs. Robert Stearns.

C. B. Jones spent last Saturday night and Sunday with his daughter, Mrs. Ray Owens and family of Santa Anna.

Mr. and Mrs. Oscar Boenicke visited Mr. and Mrs. Antone Boenicke Sunday afternoon, and with Mr. and Mrs. Marvin Whitely Sunday night.

Delray Stacy of San Antonio was here greeting friends and relatives last week end.

Mrs. Buck Mitchell attended a Home Demonstration Club training meeting last Monday afternoon held in Coleman.

**"The Typical Texan"**

Dallas, Texas — Texans' political independence is no surprise to historians, says Joseph Leach, professor at Texas Western College in his new book "The Typical Texan" just published by the SMU Press.

As far back as the 1830's when Three Legged Willie Williamson was appointed district judge by Sam Houston he let the community know how things were going to be, after some of the citizens had informed him that they wanted none of Houston's courts there. Williamson placed a rifle at one elbow and a pistol at the other and declared: "Hear ye, hear ye, court for the third district is either now in session or by God somebody's going to get killed."

Leach says, however, the popular conception of a Texan as someone belligerent, independent as a hog on ice, and given to loud and long boasting about his state came more from the East than from Texas. For instance, a New York magazine in 1882 said, "the typical Texan is half-alligator, half-human, who eats raw buffalo and sleeps out on the prairie; he is peaceable only after he has killed everybody in sight and can find no fresh material to practice on."

**Trickham News**

By MRS. BUCK MITCHELL

Rev. Allen the Presbyterian pastor was unable to fill his appointments here last Sunday, so there was no church. Rev. Snipes, a Baptist pastor from Howard Payne College will be here Sunday, October 5th, to preach.

Mrs. Lee Vaughn is visiting relatives in Houston this week.

Mrs. Oscar Boenicke and Mrs. Kingston were in Brownwood last Saturday. While Mary was shopping, Mrs. Kingston visited her niece, Mrs. Howard Jones and family.

Visitors at Sunday School here last Sunday were: Mrs. J. C. King of Rockwood and Mrs. Meeks of Bangs.

"... and they're 'just right'!  
Of course, they were  
*Cooked Electrically*"

Grandma's pies were something to remember... but they were no better than the pies you can bake today with the modern electric oven. One pie for supper or half a dozen for a party... cooking with a modern electric range is fast, and so easy. There are no new tricks to learn — in fact, the automatic features of the new electric ranges plus exact temperature control make good cooks better.

### Fire Losses In U. S. At All-Time High

New York — Fire losses throughout the United States, when measured in dollars, are at an all-time high and going higher!

This was reported here this week by the National Board of Fire Underwriters as the nation, spurred by President Truman's proclamation of Fire Prevention Week beginning October 5, took stock of its \$730 million loss in property and 11,000 lives.

According to John R. Cooney, president of the National Board of Fire Underwriters, much of this loss in lives and property resulted from fire in the home. He cited the estimate of 856,703 fires in U. S. cities last year. "Nearly half or 418,871 of them," he said, "were building fires, nearly three-fourths of them, or 293,776, being residences."

The major cause of these fires, he added, were careless use of matches and smoking and misuse of electricity. Such carelessness, he declared, accounts for close to 40 per cent of the nation's reported fire losses.

### Poor Eyesight Can Make Child "Slow"

Austin — Poor eyesight can make a child "slow" in school. Uncorrected visual defects can cause a normally bright youngster to dislike school, fall behind in his class and become self-conscious about playing sports and games, says Dr. Geo. W. Cox, State Health Officer.

A child will rarely complain about poor vision. It may be blurred, he may see double, yet in three cases out of four, he will not tell anyone because he does not know how well he should see. That is why it is so important for parents and teachers to know the symptoms of eye trouble. An intelligent child may be victimized by poor vision both at school and with his playmates.

Too often a youngster's eyes are neglected because no one knows that they will need care, Dr. Cox points out. For this reason, visual tests should be continued throughout the child's school career.

Some of the symptoms which may mean that a youngster has eye trouble are:

1. Rubs eye often, attempts to brush away blur.
2. Becomes irritable when doing close work.
3. Blinks more than usual, stumbles or trips over small objects.
4. Is over-sensitive to light.

Only Way To Prevent A Wreck

can't play games requiring distance vision.

5. Red-rimmed, encrusted or swollen eye lids.

When any of these symptoms are present, those responsible for the child's condition should have his eyes examined at once. Early correction will save many days of unpleasantness and possibly blindness.

### W. A. McKean Buried Here Sunday

Graveside services were held in the Santa Anna Cemetery on Sunday, September 28th at two p. m. for W. A. McKean who died in a Brownwood hospital at 6:45 p. m. Saturday.

Rev. Jack Payne officiated. Mr. McKean, aged 73, had not been so well for a month and was taken seriously ill on Friday and taken to the hospital on Saturday.

Living alone at his home on Ave. B. neighbors and friends were very thoughtful of him at the time of his illness and death.

He was born August 4, 1879 in Missouri, and came to Santa Anna in 1928. He worked for a number of years as an oil well driller.

After retiring from that type of work, he made somewhat of a hobby of gardening and was able to demonstrate the growing of fine blackberries, strawberries, and rhubarb, things not usually grown in this vicinity.

Wright's Funeral Home had charge of arrangements.

Pallbearers were: Bill Pritchard, Buster Woodard, Jack Amarine, E. E. Blanton, Edd Hall and Roy West.

### Mr. Bird Billings Of Rockwood Honored On 93rd Birthday

A dinner at the Coleman Park Sunday, September 21 honored Mr. Bird Billings on his 93rd birthday. Present were: Mr. and Mrs. Emmett Billings of Monahans; Mr. and Mrs. Oran Billings of Dallas; Mr. and Mrs. Carroll Billings of Silver Valley; Mr. and Mrs. B. Monroe and children of Midland; Mr. and Mrs. Alonzo Billings and family of Abilene; Mr. and Mrs. Otto Irby and daughter of Coleman; Mr. and Mrs. Jack McSwane and Stanley of Rockwood; Mr. and Mrs. Clovis Billings and daughter of Dallas; Mr. and Mrs. Quinton Billings and son of Abilene.

Among his fellow lodge members calling in the afternoon were: Marcus Weathered and Claude Johnson.

Carbon paper and sales pad at the News office.

### Southwest Conference Football Games To Be Broadcast Sat.

Humble Oil & Refining Company broadcasts this week end include six big games featuring several of the most highly-rated teams in the nation. Over seventy stations in the Humble football network will carry the exciting play-by-play accounts of the Texas-Notre Dame, Baylor-Washington State, Texas A & M-Kentucky, T. C. U-Arkansas, S. M. U.-Georgia Tech, and Rice-L. S. U. contests.

Kicking off at 1:50 p. m. Saturday will be Texas versus Notre Dame from Memorial Stadium

In Austin. The familiar voices of Kern Tipp and Alec Chesser will bring listeners a running description of this waited-for game over stations KRPC, Houston; WFAA-WBAP-820, Dallas-Fort Worth; KTSA, San Antonio; KRBC, Abilene, KGKL, San Angelo, KBWD, Brownwood.

Broadcast of the Baylor-Washington State tilt begins at 1:50 p. m., Saturday with announcers Bob Walker and Jerry Doggett describing the play from Baylor Stadium in Waco over stations WACO, Waco; WRR, Dallas; KABC, San Antonio.

Ves Box and Dave Russell will bring the clash between Texas A & M and Kentucky to listeners direct from Kyle Field in College Station at 8:00 p. m., Saturday over stations KRPC, Houston;

WFAA-WBAP-820, Dallas-Fort Worth; WOAI, San Antonio.

T. C. U. versus Arkansas will be aired at 8:00 p. m., Saturday from T. C. U. Stadium in Fort Worth with Bill Michaels and Dave Smith announcing over stations WFAA-WBAP-820, Dallas-Ft. Worth; KXYZ, Houston; KTSA, San Antonio.

The Cotton Bowl in Dallas will be the scene of action as S. M. U. meets Georgia Tech. Broadcast time is 8:00 p. m., Saturday and at the microphones will be Charlie Jordan and Eddie Barker, who will cover the game over stations KRLD, Dallas; KRBC, Abilene; KGKL, San Angelo; KBWD, Brownwood.

Broadcast of the Rice-L. S. U. tilt begins at 8:05 p. m., Saturday with announcers John Fer-

guson and Colt Butler describing the play from Rice Stadium in Houston over stations KTRH, Houston; WRR, Dallas; KFVZ, Fort Worth; KABC, San Antonio.

Mrs. W. G. Lindsay of San Saba is visiting her brother and wife, Mr. and Mrs. Ben Yarborough, for a few days.

Mrs. Fred Turner had as visitors last week end several of her family. They were Robert Turner and wife of Denison, Mrs. Robert Griffin, Ft. Worth, Mr. and Mrs. Charles Turner and children of Hobbs, New Mexico, Mr. and Mrs. Robert Goodloe and Mr. and Mrs. R. V. Kimmel of Lubbock, and Mr. and Mrs. Carl Horne and daughter, Galyn of Waco.
