## '21' Study Club Entertained By Excelsior Club

Each year the Excelsior Club has the pleasure of entertaining the members of the Twenty-One Study Club of Desdemona with a special program. The meeting this year was April 8, with Mesdames E. C. Sutton, W. A. Sutton, Marvin Blair, Paul Ormsby and J. E. Foster, joint hostesses. Guests and members of the Club assembled in the Home Economics unit of the high school. The entertaining rooms were prettily decorated with flowers symbolizing the Easter season and Spring. The lace covered table had a huge bouquet of lilacs as its central point of interest. A potted Easter lily was at one end of the table and an arrangement of cut flowers, featuring Easter lilies, was on the other. White candles and holders flanked a centerpiece of tulips and iris on the buffet. A large Easter bunny and basket was the centerpiece of an end table.

A quartette, composed of members of the High School Choral Club, sang two numbers. The girls were dressed in black taffeta skirts and white satin blouses. Miss Lowry is sponsor of this organization. Virginia Hamrick, Earlene Moorman, Ruby Dale Brown, and Jo Nell McGaha composed the quartette.

Mrs. W. I. Dixon interviewed and introduced the speaker for the afternoon, Mrs. Leslie Hagaman, of Ranger. Mrs. Hagaman was presented with a corsage of snapdragons, a gift of the hostesses. The book which Mrs. Hagaman selected to review was, "On the Long Tide", by Laura Crey. This book gives a vivid account of early settlement days in Texas and the period of the War with Mexico. Mrs. Hagaman's charming personality and sincere appreciation of the book gave the audience an insight into its story and a feeling that, as Texans, we have a heritage to be proud of. It was an hour thoroughly enjoyed by all present.

Desdemona guests were Mesdames: Heeter, Snodgrass, Lemaster, Maltby, Davis, Skippin, Hickey, McFatter, Lee, Arnold, Williams, and Miss Wall.

Other guests of the Club were Mrs. Hagaman's little daughter, Betty Lou; Mrs. Frank Dean; Mrs. Tom Hamrick; Miss Lois Lowry, and Miss Greenwaldt.

Excelsior Club members present were: Mesdames Bishop, Blair, Brogdon, David, Dixon, Eison, J. E. Foster, John Hamrick, Lindsey, Oldham, Paul, Ormsby, Richey, Scales, Stubblefield, Ed Sutton, W. A. Sutton, Wright, and Allen.

Following the book review, the hostesses had several clever stunt songs arranged and everyone participated. After this, a period of "get-acquainted" was held.

The refreshment course carried out the hostesses theme for the afternoon. Individual ice cream, moulded into the shape of Easter lilies, individual cake squares iced in pastel colors, and pink and green mints were served.

The hostesses were assisted in serving by Frances Stubblefield, Peggy Dixon, and Virginia Hamrick, daughters of Excelsior Club members.

Mr. and Mrs. E. E. Todd and Miss Anna Lou Finley accompanied Glen Carter to Camp Bowie Sunday after he had spent the week-end here with relatives.

Mrs. Roy Keyser and daughter, of Dallas spent several days here with her mother, Mrs. Euna Koonce.

Mr. John Chapman spent last week in Dallas in the home of a daughter, Mrs. Gill.

Mr. and Mrs. Ed Smith and daughter and Mrs. Tillman Self of Brownwood visited relatives here Wednesday.

## Gorman Invited To Dublin Rodeo

Plenty of thrills, spills and action is promised at the World's Championship Rodeo in Dublin April 25, 26, and 27th, in the largest outdoor arena in the Southwest. Everett Colborn's World Championship Rodeo Stock will be rounded up and brought in from the Lightning C ranch thirteen miles from Dublin. The Lightning C, operated by the World's Championship Rodeo Corporation which supplies stock to the Boston Garden and Madison Square Garden Rodeos, is the largest ranch in the world devoted exclusively to rodeo stock, brahma bulls, bucking horses, brahma cows and calves, Mexican steers and longhorn cattle.

The Texas Legislature unanimously passed a resolution last week setting aside April 25, 26, and 27th as "Pioneer Days of Texas" in recognition of the revival of the spirit, folklore and sport of the pioneer cattlemen of Texas. These dates were selected because of the Dublin rodeo, and were endorsed by the state representatives as the dates on which the roughest, toughest rodeo stock perform in practically their native surroundings.

Mayor Dr. G. T. Blackwell of Gorman has been invited to attend the rodeo Friday night and to ride in the parade before the first performance in recognition of Mayors Day at the rodeo contests. Other performances will be held Saturday afternoon and night, and Sunday afternoon.

## 4-H Club Boys To Have Special Nitragin Inoculator

Twelve 4-H Club boys of Eastland county have been given a new and special nitragin inoculator for their peanut demonstrations, according to John A. Wright, assistant county agent.

This new inoculator is still in the experimental stage and has been prepared especially for peanuts. If it proves to be better for peanut production than the general legume inoculator, it will be placed on the market for sale next year.

The Eastland county 4-H Club boys are planning to keep an accurate record of their demonstrations, and compare them with the production on the same type of land where an inoculant was not used. If anyone is interested in the results, they will be able to get them in the county agent's office as soon as the demonstrations are completed.

## BROTHER OF LOCAL CITIZEN SUCCUMBS

Funeral services for Lonnie F. Pittman, brother of Andrew Pittman, who died Tuesday, were held Wednesday at three o'clock at the Baptist Church in De Leon.

He was riding horseback when a horse ran into the one Mr. Pittman was on, throwing his mount which fell on him. This happened Sunday morning and he was never again conscious.

For several years he had resided at Elsasville and had recently moved to De Leon.

He is survived by his widow; one son, Troy, and several brothers and sisters.

Several from Gorman attended the funeral and have expressed sympathy to Mr. Pittman here and the family of the deceased. Interment was in the DeLeon cemetery.

Mrs. Mae Schow of Clifton visited Mrs. Etha Pittman Saturday and Sunday.

Ruby J. Love visited in Rising Star Sunday.

Mrs. J. C. Brewer and Elizabeth were Brownwood visitors Saturday.

Mr. and Mrs. Frank Morrow spent Sunday with Mr. and Mrs. Tug Underwood of Eastland.

## Truck Growers To Meet Regularly

The Gorman Truck Growers' Association have decided to meet each Tuesday night, at the K. P. Hall. All farmers are urged to be present each meeting night. The Army camps will provide a large market for local foods, an opportunity unequalled heretofore for truck growers.

A report from the committee of the Rising Star Truck Growers' Association, made after visiting Camp Bowie on April 14th, gives some valuable information. It states that there will possibly be 60,000 men to feed at Camp Bowie this summer, and the orders are to buy vegetables in season locally. The menus are furnished the 25th of each month for the following month. Buying orders will be handled in Fort Worth.

The committee recommends planting giant stringless green pod beans now; cantaloupes now and May 1st; Red Head tomatoes May 6th to 10th and continue setting until July 1st (will produce until frost); and sweet potatoes now. More acreage of all crops is needed.

## Fruit Spraying Demonstrations To Be Conducted

S. E. Mears and L. F. Mears, two brothers who farm four miles east of Gorman, are conducting a demonstration of control of fruit insects in cooperation with the county agent, Elmo V. Cook. They are following a recommended spray schedule on their one thousand peach and plum trees to control curculio (known as plum weevil or peach worm), brown rot and scab, using a barrel sprayer and applying a mixture of five pounds wettable sulphur, three pounds of lime, three pounds of zinc sulphate, one pound of arsenate of lead and fifty gallons of water.

They expect to spray four or five times in order to effective control insects and diseases.

They will have a demonstration Friday afternoon and all day Saturday. All farmers interested are urged to be present.

## Senior Class To Present Play

The senior class of Gorman High will give their 3-act play, "High Pressure Homer," tomorrow evening, Friday, and the public is assured an evening of laughs. It is being directed by Mrs. Allen and she and the entire cast have worked and practiced diligently and hope to play to a full house. Plans now to be at the Gorman Gym Friday for this high school performance, encouraging these young people and at the same time giving yourself entertainment which you will thoroughly enjoy!

## WAYNE MULLINGS PASSES AWAY

Mr. John Clark, who has been suffering with a heart ailment for several weeks, is reported to be slowly improving.

Mr. and Mrs. Tom Hamrick had as guests in their home Sunday Mr. and Mrs. Marcus Hamrick and son, Richard, and Mrs. J. T. Hamrick and son, Rafoad, all of Abilene.

## REFERENDUM VOTE ON MARKETING QUOTA BILL SET FOR APRIL 26th

Secretary of Agriculture Claude R. Wickard recently proclaimed marketing quotas on peanuts for the 1941 crop and called a referendum among peanut growers for Saturday, April 26.

The proclamation was provided for by Congress in a recent amendment to the Agriculture Adjustment Act of 1938. The national quota for 1941 is the amount of peanuts which will be harvested from the national acreage allotment, set by law at 1,610,000 acres. This is the same as the peanut acreage allotment under the 1940 Agricultural Conservation Program.

The quota will remain in effect only if approved by two-thirds or more of the peanut farmers voting in the referendum. The vote is for a three-year period affecting the crops of 1941, 1942, and 1943.

Under the quota, a farmer who plants within his peanut acreage allotment may market all he produces without penalty. Peanuts marketed in excess of the farm marketing quota are subject to a penalty of three cents per pound. However, payment of the penalty is not required if the excess peanuts are delivered to an agency designated for handling excess peanuts. In this case, the farmer receives for his excess the price for oil, which usually is considerably lower than the market price for edible peanuts.

Only those peanuts which are picked and threshed by mechanical means are subject to marketing quotas. This means that peanuts hogged off or dug for hay do not come under quotas. Also, quotas do not apply to farms on which the measured peanuts acreage is one acre or less.

The Act requires that if quotas are not approved in the referendum, no peanut loan or diversion program can be offered on the 1941 crop. If quotas are approved in the referendum, farmers are assured of a loan or diversion program, or both, as a means of protecting peanut prices. The loan rate would be between 50 and 75 per cent of parity.

"The use of marketing quotas," said R. M. Evans, AAA Administrator, "is the means by which each farmer can receive his fair share of the available market Peanut acreage which has been expanding rapidly in late years, with the result that farmers are now producing more peanuts than they can sell on the open market at profitable prices."

"The new law provides that, if marketing quotas are approved in the referendum, either a loan or diversion program, or both, becomes mandatory."

"Producers of cotton and tobacco already market their crops under the quota system, and have received loans which help to stabilize prices. Now peanut growers will decide for themselves, through the democratic procedure of the referendum, whether they want marketing quotas for handling their crops. The marketing quota is simply a part of the regular AAA Farm Program which is ready to be put into use whenever the situation calls for it."

A preliminary report gives the 1940 peanut acreage picked and threshed by mechanical means as 1,907,000 acres, from which the production was 1,611,634,000 pounds. In 1935 this acreage was 1,473,000 and the production was 1,147,000 pounds.

Mr. and Mrs. T. C. Wiley and children, Barbara Ann and John Harvey, and Mrs. Leazer spent the Easter holidays in Houston with Mr. and Mrs. Frank Leazer. Mrs. Leazer remained for a longer visit with the new granddaughter.

Mr. and Mrs. Earl Pittman and Mr. and Mrs. Wade Smith spent Sunday in Temple visiting the ladies' sister, Miss Mary Lou Hamrick.

Mr. and Mrs. Sam Plyer and Mrs. Fannie Burkett of San Antonio spent the week-end with Mrs. Burkett's parents, Mr. and Mrs. P. S. Pullig.

## Who May Vote In Peanut Referendum

All farmers engaged in 1940 in the production of peanuts (meaning peanuts picked and threshed by mechanical means) are eligible to vote in the referendum to be held on peanut marketing quotas Saturday, April 26th. Any person who shared in the 1940 crop of peanuts or the proceeds thereof as owner (not landlord of a fixed rent tenant) tenant or sharecropper is considered as having been engaged in the production of peanuts.

No person shall be eligible to vote in any community other than the community in which he resides except under certain conditions. There shall be no voting by mail (except by persons residing outside of the county in which they are engaged in the production of peanuts in 1940).

The County Agricultural Conservation Committee shall be responsible for the proper holding of the referendum in each county.

## CREDIT ASSOCIATION HAS RESIDENT REPRESENTATIVE

The Stephenville Production Credit Association again has a resident representative located in Eastland county since the appointment of Walter Hill of Cisco as Inspector and Field Representative. Mr. Hill, who is a former resident of Comanche county, recently leased and moved to the S. H. Hill ranch near Cisco and Eastland where he is carrying on extensive ranching operations.

Eastland county also has a member on the Association's Board of Directors. I. S. Echols of Gorman was recently elected to serve as a member of the five-member board.

The Association serves ten counties, Eastland being one of the leading counties in volume of business.

Mr. and Mrs. Jim Martin of Stephenville were over to spend the day with her Sunday.

Virginia Pullig, Sara Stewart, Sam Richey, Bob Kirk, Bob Ross, and Neill Sutton of Tarleton were home for the holidays.

### 1941 SUPPLEMENTARY PROGRAM

Under the 1941 Supplementary Cotton Program, recently announced by the Secretary of Agriculture, farm cotton order stamp payments will be made. These payments will be computed at the rate of 10 cents per pound of the 1941 normal yield established for the farm times the acreages of cotton voluntarily reduced. The acreage reduced will be the amount by which the 1941 planted acreage of cotton is below the smaller of the 1941 allotment or the 1940 measured cotton acreage. If a producer had no cotton planted in 1940 he is not eligible to receive the stamps, although a form will have to be signed on the farm if there is a cotton allotment for 1941.

The cotton order stamp payment to be made to any cotton producer on the farm cannot exceed a value of \$25.00 with respect to any farm (\$50.00 in the case of the operator of a farm operated by two or more tenants or shareholders). In no event, however, can a producer's cotton order stamp payments with respect to all farms, wherever located, exceed a total number of cotton order stamps representing a value of \$50.00. If the acreage reduced is

not sufficient to result in a computed farm payment of \$5.00, no cotton order stamp payment will be made with respect to the farm. Producers eligible to receive cotton order stamp payments will be eligible to receive food and feed production payments. Both the cotton order stamp payments and the food and feed production payments are in addition to, and not in substitution for, any other payments under the programs.

Producers on your farm will not be eligible to participate in cotton order stamp payments and food and feed production payments unless a prescribed form, "Intention to Participate in the 1941 Supplementary Cotton Program," is signed by you as operator of the farm and filed in the county office as soon as possible. This form, indicating your intention to participate in the 1941 Supplementary Cotton Program, should be signed at the time committee men visit your community for the purpose of the 1941 Farm Plan Sheet sign-up.

WANT ADS BRING RESULTS.

### Guest House Is Maintained At Camp Bowie

Relatives and friends of men quartered in Camp Bowie who feel that they may never get the opportunity to see just how the young men of the Thirty-Sixth Division live are provided with very comfortable quarters under just such conditions.

The Guest House, equipped with the same type of cots, mattresses, blankets, sheets, and other bedding is open to visitors. The only difference between the quarters there and those of the men is that the guest house is a frame building whereas the soldiers are quartered in walled tents. Mother and dad may come down, spend the night in Camp Bowie and know they have occupied the same type beds as their sons.

Reservations are made by addressing the Senior Hostess, Camp Bowie, Texas. Rates are \$1 per

night for one person or \$1.50 for two. Each room is equipped with two cots.

Guests are allowed to stay two nights on week-end and one night through the week. This rule, however, is altered in the case of a person who has a relative seriously ill in the hospital.

A guard is maintained at all times. His duties are to answer questions and otherwise aid the visitors. The reading room is open but the cafeteria is not functioning yet due to lack of equipment. Guests may be informed of bus or train schedules from hostess, may find and get word to soldiers they wish to visit and arrange to meet them at the Guest House.

Rules of the Guest House are the same as those governing the remainder of the camp. Guests must return to camp by taps each evening.

### Second Death

By B. B. Harding

#### 1. Once to Die

Hebrews 9:27. It is appointed unto men once to die, but after this the Judgment, it has never been appointed unto men to die twice—but once to die. This does not mean that all men must die even once, for those who are changed when the Lord comes will not die. It means simply that one may die one time. Those who fail to be born again or be raised to walk in newness of life will receive the second death which lasts forever. Christ died and was raised to abolish death (second) and to bring life and immortality to light through the Gospel (good news).

#### 2. Second Death

Rev. 2:11. He that overcometh shall not be hurt of the second death. Rev. 20:14. And death and hell were cast into the lake of fire. This is the second death.

#### 3. What Is the Second Death?

Rev. 21:8. But the fearful and unbelieving, and the abominable,

and murderers, and idolaters, and all liars shall have their part in the lake which burneth with fire and brimstone, which is the second death. No, one dies in that lake, but he is cast into that lake, making the second death. This death is abiding—eternal death—as long as Heaven lasts for the redeemed

#### 4. Cast Alive into the Lake

Rev. 19:20. These both were cast alive into the lake of fire. This is eternal punishment.

It is appointed unto man once to die. The dead are raised, and the wicked are cast alive into the lake (second death).

Let us awake to righteousness and sin not. Enjoy the life and immortality brought to light by and through the Gospel.

Come and worship with us at the Gorman Church of Christ at every service, and it will be well with your soul.

Elder James Fowler is the minister.

Engineers Make Test Runs Through Hilly And Brush-Covered Terrain With Midget Reconnaissance Car.

THE United States army has a new blitz weapon of its own in a 1700-pound midget reconnaissance car. It is capable of 55-mile per hour speed, carries a machine gun and a crew, or a quarter-ton load. Huge cargo planes now in production for the United States government can swallow up four or five of these midget trucks, fully equipped, and deposit them in the battle zone ready for immediate action. Some of these cars have four-wheel drives. All are equipped with twenty-two Timken bearings to provide trouble-free action of the vital moving parts.

room where they piled the gifts on the table before Rev. and Mrs. Clark, who were in a back room, knew that anyone was there. Many who could not attend sent gifts. The things given included three sacks of sugar, canned fruits and vegetables, preserves and pickles, eggs, butter, bacon, cereals, and many other articles of food, climaxing with a large hen, ready dressed, sent to them on Saturday by Mr. and Mrs. Charlie Lee who gave that in addition to their "pounds" on Wednesday night.
