WHAT A COMEBACK!

The Panthers suffered through the first period and part of the second getting behind 19 to 0 before they came to life and started a drive for a score. Then they came back and completely dominated the Buffaloes in the second half for a 23 to 19 victory in District 13A.

The Buffaloes hit the scoreboard first in the initial quarter, when on their first possession they moved from their own 28 in 10 plays for the score with Jason Fleming getting the final 4 yards on a run with 5:36 left in the period. The drive featured runs of 5, 6, 10, and 15 and passes for 9 and 10 to set up the score. The kick try failed and Cross Plains led 6-0.

On the next series by the Panthers the Buffalo defense held and forced a Panther punt. The snap from center to the punter sailed over the head of the punter and the Buffaloes recovered on the Gorman 2 yard line. After a stiff defense holding the Buffs on the first two plays and a Buff penalty, Brock Walker scored from 11 yards out after being flushed out by the Panther pass rush with 2:09 left in the first. The try for two points failed and Cross Plains was up 12-0.

After holding the Panther offense again on the next possession, the Buffs took the ball on their own 37 and scored in 7 plays with Michael Cowan racing in from 20 yards out for the score with 9:22 left in the second. Kevin Switzer then added the point after and the Buffs were up 19 to 0 to a shocked Panther team.

However, on the next possession the Big Red offense finally got untracked and started a drive on their own 38 and killed four minutes off the clock and scored in 9 plays with Rajee Patel scoring from 11 yards out with 5:28 left in the half. The drive featured 9 yard run by Tony Farbus, a 7 yard run for a first down by Don Mauney; a 16 yard scamper by Rajee, a beautiful 35 yard run by Kris Scitern to set the Panthers up at the Cross Plains 11. Then Rajee scored the TD. On the try for extra points, Kris Scitern took the pitch and rammed over the line for 2 points to make the score 19 to 8.

The Buffs got a drive going but were stopped at the Panther 34. Then time ran out for the first half.

The Panther Marching Band (and the Cross Plains Band) really put on a great halftime show. Both bands thrilled the fans with their performances. The Big Red Band has really improved this year and have put on some great halftime performances.

Halloween Parade Slated For Sat. October 31

Hey everyone, it's that time of year again we all can let our imaginations run wild and pretend we are someone or something else.

Yes, it's time for our Halloween Parade - Saturday, October 31st at 5 p. m. We will meet in the Senior Citizens parking lot and parade down Kent Street. Be sure and come early enough so you can see what your friends are dressed as. We want to be sure and start the parade on time so we will be finished in time to all go to the PTO Fall Festival.

So everyone get those thinking caps on and see what you can come up with.

NOTICE to all Parents: I need volunteers to help. I need help to collect donations (candy or money) to buy candy if you want your kids to receive a bag of goodies. We will also need help with the parade - if you would like to help please let me know - Call 734-2720. If you would like to donate candy or money to buy candy, it can be left with Brent Lasater at Higginbothams or with Ina Scitern.

Thanks, Ina Scitern

Weekend visitors with the L. D. Holidays were Ruth Bryant and Nancy Hendricks of Kokomo, Lejws Waller of De Leon and Glenn Glasson of Gorman.

Following the intermission, the Panthers came out all fired up and took control of the game as they got the kickoff on their own 37 and went the distance in 15 plays to take almost all the third period on the clock and scored (despite three 10 yard holding penalties) with Tony Forbus scoring from 2 yards out with 3:56 left in the period. Rajee Patel rolled out to his left and ran the ball in for the two point play and the Panthers were on their way. The score stood at 19-16 but the Big Red were really in control.

On the next series of downs the Panthers got the ball on the Buff 43 and scored in 6 plays with Don Mauney ramming the ball in from the one for the score with 11:57 left in the game. The drive featured a beautiful 20 yard scamper by Kris Scitern; and a 14 yard bruising run by Don Mauney to the Cross Plains one foot line before Don took the handoff and blasted in for the TD with 11:57 left in the game. Henrik Bodlund booted the extra point and the Panthers were out in front 23 to 19.

From there the Panthers held on defense until the final minute of the game before the Buffs took over at their own 5 and were moving the ball via the shotgun offense before time

ran out. Otherwise the Big Red defense had completely stymied the Buffs on offense in the final period. Enough can't be said for the great job the Big Red defense did after they came to life in the second half to shut down the Buffs. I won't name any one of the Panthers because they all did yeoman service for Gorman and are to be congratulated for their great performance to help their comeback victory.

The Buffs were held to a MINUS 37 yards on the ground in the second half. Other than the passing yardage in the final drive by the Buffs, the Big Red did great.

Kris Scitern led the Panthers on the ground with 90 yards on 8 carries. Rajee Patel got 80 on 16 keepers. Don Mauney, running in the fullback slot for the first time this season, had 70 yards on 17 trips and really carried the big load in the last half for the Panthers.

Gorman will play host to the Evant Elks at Brogdon Field on Friday at 7:30 in another very important 13A District tussle. The Elks and Panthers have always had some great battles and the Big Red defense and offense will have to have a great game to secure another victory.

Go Get 'Em Big Red!

QUARTERBACK ON THE MOVE - Rajee Patel is shown following his lead blocker Daniel Reeves during game action Friday against Cross Plains.

PANTHER DEFENSIVE ACTION - The Panthers held the Buffaloes to short yardage in game action Friday. Shown above are Shane Caraway, Don Mauney, Jeremy Sanders, and Tony Forbus.

Keeping Up

Vicki Seay, of Gorman, was recognized at the County 4-H Awards Banquet for her support to 4-H as an Assistant Club Manager for Olden 4-H; Chairman of Eastland County Parent/Leader Association; and adult leader for many 4-H activities. Vicki received the 1992 Outstanding 4-H Woman Leader Award.

Though I had better get back in the groove a little, since I have been so lax in writing the column. But we have been so busy at work (?) that it just seems to be impossible to get it scribbled down, as this is a rush time for our printing dept.

It is great now to know that we can finally make our decision as to who to vote for as our President. I am sure all of you didn't have any idea who you were going to vote for until all the "Debates" were over with. Well, it is finally all over with as of Monday night, so now we all know exactly who we want to vote for. It sure seems like a big waste of time, money, etc. for those who are running for president (or any other office) to have a debate. Especially when we never know any more about things after they debate than we did before. I have watched some portions of the debates (very little) and I think the candidates could do much more for their campaigns by getting out and meeting the people instead of trying to get together and make remarks and accusations toward each other. What's that old saying, "Love thy neighbor as thyself" and "let those who are without guilt cast the first stone".

Anyway, "Happy Voting" on General Election Day, November 3rd.

Received a few notes the past several weeks and want to put them in the column:

Dear Editor (or whatever)

Some time back I had an attack of the stingsies and cancelled my subscription. I find I miss the paper, so please reinstate my subscription. I am enclosing my check for the paper.

I missed seeing the picture of my beloved child, Karo Boswell, washing windows for the Peanut Festival - although it was only her back in the picture.

The main reason is that I have to have the Sav-On grocery specials ad!

Sincerely,

Mary Pemberton

Note: Mary we regret that the picture showed only the back of Karo but it was impossible to get her to turn around for the picture. You know what I mean!

Dear Joe

Sorry I am late in sending in the money for the paper.

Thanks so much.

Jewell Hallmark

Dear Joe -

Enclosed is my check for one year renewal of the Gorman Progress. The Peanut Festival and homecoming activities sounded like so much fun! Wish I lived closer, so I could visit Gorman more!

Sincerely,

Dorothy J. Ainsworth

Have noticed that the city crews have been doubly busy lately doing patching projects on our streets. This is a continuous task for our city and they do try real hard to keep our city and its facilities, streets, etc. in good shape. Its not easy for a city as small as ours to keep everything up to top-notch shape, but our city people try so awfully hard to get it done.

The Panthers sure did a great job with their comeback effort last Friday at Cross Plains. They came back from a deficit of 19 points and won the game by a score of 23 to 19. The defense did a great job the second half in stopping the Buffaloes offense. And the Panther offense really began to roll in the last part of the second quarter and the last half.

If the Panthers can win a couple of more games, they will be in the playoffs this season.

Friday night they meet the Evant Elks in a 13A District tilt. They will have to have a great effort to stop the Elks. But if they play like they did the last half at Cross Plains, we feel the Big Red will come away with another victory.

Go Get 'Em Big Red!

Tough On Crime

That's Bob Glasgow.

A former District Attorney, he has been on the front lines fighting crime. He put drug pushers and other criminals behind bars, in prison for life - five in one week. His conviction rate was 98%. That's tough.

As our Senator he continues fighting crime. He has one of the strongest anti-crime records in the legislature. Glasgow played a key role in passing Ross Perot's War On Drugs. He passed wiretap

legislation to help catch drug pushers, and he passed tough laws against abusing our elderly and handicapped.

Just as important: Bob Glasgow has worked to build more prisons and to end early release of prisoners.

Amazingly, Glasgow's opponent has charged Bob with opposing important DWI legislation.

Well, Jane Nelson is dead wrong - again. Mothers Against Drunk Driving has praised Glasgow for his support of tougher DWI laws.

It takes more than slogans to stop the spread of crime. It takes hard work. It takes leadership and it takes the courage to do what is right.

That's Bob Glasgow.

Cross Timbers Clinics Represented At Conference

Jerry A. Bush, Cross Timbers Health Clinics, Inc.'s Executive Director, and Karol J. Wilhelm, R.N., Director of Nursing, attended the National Association of Community Health Centers 1992 Community Health Institute and Clinical Issues Conference in Atlanta, Ga. September 20-23. The theme of this year's conference was "First Class Care for First Class People." Jerry Bush reports that while appropriate nationally, this theme is especially applicable to Cross Timbers Health Clinics, Inc.

Not really understood is that our services are available to all residents of the counties where we are located. There is no class distinction, rich or poor, applicable to persons using our services. Program highlights this year emphasized professional development programs, update on sexually transmitted diseases, new directors and board members' orientation, and physician recruitment and retention. Over 100 educational topics covering more than 200 hours of classes were available at the conference. Jerry covered adm. issues to the extend possible, while Karol concentrated on clinical issues. Jerry hopes next year to have broader participation in the annual conference to include physicians and board member representation.

Homemakers Class Meets At Hotel Apartments

The Homemakers Class of the First Baptist Church met at the Hotel Apartments for an enjoyable time with the residents on October 15th.

The devotional was given by Juanita Fuller concerning love. The Bible speaks of three types of love: the love of God for man, man's love for God, and love between people. How great can our love for others be? John 15:13 - greater love hath no man than this, that a man lay down his life for his friends.

Why should we love one another? 1 John 4:7-8 - beloved, let us love one another, for love is of God; and everyone that loveth is born of God, and knoweth God. He that loveth not knoweth not God, for God is love.

John West voiced our prayer for refreshments. Halloween theme was carried out.

Residents attending were John and Irene West, Inez Rogers, Lillie McCloud, Willie Broom, Nona Bond,

Open House Held At GaLa Watson Home

Saturday, October 17th was a perfect autumn day for an open house held in the home of GaLa Watson. GaLa, with the help of her sisters, Mary and Edna Joyce, paid tribute to their parents, the late Edna and Arland Watson, by honoring their surviving relatives.

The newly remodeled home was viewed by twenty-three relatives. Each room was remembered for what it was originally. It was built in the late forties with all the modern conveniences of the day. It was originally a four bedroom home, where four children were raised to be adults and have homes of their own. Johnnie Arland, the only son, passed away in November of 1987.

GaLa, with the help of her sisters and brothers-in-law, have completely remodeled the house both inside and out. It now has two bedrooms, two bathrooms, large kitchen and dining area, an enclosed porch that serves as a sitting room, and a large formal dining and living area. Although it has been completely remodeled, the home still has the same spirit of love as it has had for over forty years.

Surviving relatives were the honored guests. Guests were Georgie Fay Skaggs, Bobbie Jo Barnett, Alvena Reynolds, Betty Lowery, Ora Mae and Chesley Atchison, Ima Lee Burleson, George Ann Iley, Elmer and Modell Watson, Linda Garcia, Judy and Glen McCurley, Richard, Connie, Rachel and Stephen Watson James Teeson, John Brinegar and Clay Phillips. Several nieces, nephews and other relatives were unable to attend.

Coffee, tea, cookies and cake were served by the hostesses, Mary, GaLa and Joyce.

Another open house for the grandchildren and great-grandchildren of Edna and Arland is planned during the holidays.

Vicie Collins, Clarence Ragland and Mrs. Wise. Class members were Lavoyce Hirst, Frances Babbitt and Juanita Fuller.

Congressman Stenholm Receives Leadership Award

Washington, D.C. — Congressman Charles Stenholm (D-TX) received the 1992 National Security Leadership Award during a ceremony held on September 30th in the U. S. Capitol. The award was made in recognition of his 100 percent score on the American Security's

Council's National Security Voting Index (NSVI) for the 102nd Congress and acknowledges his leadership "in promoting collective security, international economic growth, and an international role for the United States." Among the ten key votes selected

Texas Farm Bureau Convention Set For Nov. 29 - Dec. 2

Corpus Christi — "Expanding Horizons Together" is the theme for the 59th annual Texas Farm Bureau Convention here on Nov. 29-Dec. 2.

The four-day event highlights the year for the state's largest general farm organization.

Some 1,300 voting delegates consider state and national resolutions; hold special conferences; hear special speakers and award scholarships to youths and a young farmer and rancher family.

TFB President S. M. True will deliver his annual address to the convention body, noting that 1993 will mark another important period when the Texas Legislature will be in session and a new Congress will convene.

Paul Ott of Summit, MS, a noted folklorist and singer, will be guest speaker on Monday, Nov. 30.

Winners of the Miss TFB, Free Enterprise Speech and talent Find competition will be selected the

for the NSVI were the use of military force in Iraq during Operation Desert Storm; the North American Free Trade Agreement, the Balanced Budget Amendment, the Line-Item Veto, the American Technology Pre-eminence Act, and Humanitarian assistance to Russia and the former Yugoslavia. The American Security Council was formed in 1955 and works on behalf of a national strategy designed to safeguard U. S. interests while promoting a world of free nations at peace.

"This Leadership Award is just a small token of our appreciation of Congressman Stenholm's effort," said Dr. Harvey Sicherman, the President of both the American Security Council and ASC Foundation, who also participated in the presentation. "Congressman Stenholm realizes that military power and sound diplomacy will always have an important role in assuring our national security. But he also realizes that in an increasingly interdependent world there are other dimensions to our strength and security that cannot be ignored. For example, the Congressman has emphasized the need to reduce the federal budget deficit because it threatens both the long term economic health of the country and our international leadership on many issues," said Sicherman.

In accepting the award, Stenholm cautioned those who advocate isolationist and protectionist policies. "The United States is now the world's lone superpower and must not abandon its international role and commitments; to do so will not enrich us -- it will merely diminish us," said Stenholm. "I intend to continue working hard to promote U. S. economic strength and international leadership which, after the end of the Cold War, are key to winning the peace," Stenholm concluded.

TSU Nursing Classes To Hold Reunion Oct. 24th

The Division of Nursing at Tarleton State University will host its first reunion during Homecoming 1992 activities on Saturday, Oct. 24th.

Members of the nursing faculty are inviting all TSU nursing graduates to a reception beginning at 10 a. m. in the Nursing Center on the southeast corner of the campus.

The University received approval for an Associate degree in Nursing in 1976 and the program was begun that fall. Its first graduates received diplomas in May of 1978. Since that time, Tarleton has awarded 450 Associate degrees in Nursing.

Erna Mae Buzbee, an instructor in the nursing program, says efforts are

underway to begin an alumni association for the nursing graduates and they are currently collecting the names and addresses of former students.

During the reception, the nurses will be invited to tour the facilities, visit with former faculty members and receive an update on the University's progress toward a Bachelor of Science in Nursing.

More information on the reception is available by contacting the Division of Nursing at Tarleton at 817-968-9139.

FALL, HARVEST TIME SET STAGE FOR DIFFERENT KINDS OF PESTS

During the months of October and November, producers are generally busy with harvest and are not concerned with pest management other than shooting a few squirrels and crows. However, there are a few pest-management operations that should be considered and implemented where possible.

Fall pest-management operations can include sanitation, planting of cover crops and controlling degrading wildlife. All of these operations can be implemented around harvest operations.

Although sanitation has its limitations, all sanitation practices will be beneficial. Sanitation practices such as cleaning up and destroying shucks and pops at harvest can aid in reducing the over-wintering hickory shuckworm populations. Populations of wood-infesting insects such as twig girdlers that over-winter in severed twigs on the orchard floor, can be reduced by gathering and destroying fallen twigs and limbs.

During October and November winter legumes can be planted in orchards to enhance natural enemy populations in the spring. Before this practice is initiated though, soil pH and the presence of soil-borne dis-

eases, such as cotton root rot should be determined.

Controlling vertebrate pests is a

difficult and often frustrating challenge. Unlike insect and disease problems which can be sprayed for, vertebrate pest control requires more time and effort.

Shooting of crows and bluejays is probably not a viable population reduction strategy by itself. Shooting is best used to enhance the effects of other scare devices. The most common scare device is the propane gun.

To achieve the greatest effect from these devices, they should be elevated on a platform, moved frequently and used in conjunction with pyrotechnic devices or shooting.

Crows may be shot at any time when they are damaging property or crops; however, bluejays cannot be taken without a federal kill permit issued by the United States Fish and Wildlife Service.

Pecan losses from squirrels will be greater in orchards located adjacent to existing woods and will have some loss every year, but losses can be reduced through habitat management and hunting.

In some areas, producers may find it profitable to lease their orchard on a daily basis for hunting. The lease money plus the hunting pressure could well offset the crop loss. All hunting should be promoted in accordance with state and federal hunting laws.

Effective control measures for vertebrate pests require an aggressive and persistent program. For additional information on controlling vertebrate pests, you can contact your local animal damage control office or representatives from the state wildlife and fisheries department.
