RANGER MAN DROWNS IN LEON LAKE

COAL SHORTAGE TO TIE UP ROADS IN SEVEN WEEKS

Government Official Says Continued Strike Will Paralyze Transportation.

WASHINGTON, June 26.—The reserve coal supplies of the railroads will be exhausted completely within seven weeks, if the coal strike continues as at present, it was estimated today by the department of commerce.

PROVIDENCE, R. I., June 26.—Paralysis of industry and transportation on a country-wide scale is not many weeks distant if the coal strike continues, George Otis Smith, director of the United States geological survey—the man who keeps his fingers on the nation's reserve coal supply—stated in a speech today before the National Conference of Social Workers.

Basic reforms in the coal industry are necessary before permanent peace can come, he said.

RAILROAD WALKOUT TO BE ORDERED NEXT SATURDAY

CHICAGO, June 26.—Strike of 1,200,000 union railroad employees on July 1 appeared certain today as the policy committee of the shop crafts met here to canvass the strike vote.

The vote of eleven railroad unions associated with the railroad department of the American Federation of Labor has been overwhelmingly in favor of the walkout in reference to accepting wage cuts and working rules ordered by the United States labor board.

By the signalmen on approximately one-half of the railroads in the United States, it was announced by D. W. Holt, president of the Brotherhood of Railway Signalmen. The brotherhood has voted unanimously against the wage cut effective July 1, it is stated.

EXCAVATION FOR HIGH SCHOOL IS FINISHED TODAY

The excavation work for the new high school building was completed today and the first concrete for the foundations poured. All of the concrete work for the building will be inspected by Justice of the Peace McFatter, who has been appointed as the representative of the architect.

Under the contract the building is to be completed in 200 working days, or about Jan. 1, 1923. The present buildings will be left standing by the contractors for school purposes until the new building is completed.

DRYS PROTEST AGAINST SEC. WEEKS' DAMP SPEECH

OKLAHOMA CITY, June 26.—Protesting against the recent alleged statement of Secretary of War Weeks in favor of legislation permitting beer and light wines to be sold, the regional conference of the Anti-Saloon league today wired President Harding. The protest read:

"The regional conference of the Anti-Saloon league, in session here with delegates from Arkansas, Louisiana, Kansas, Missouri and Texas, protests against the recent utterance of Secretary of War Weeks.

"Such a statement coming from an official of the government encourages lawlessness and defiance of the laws of the land."

DOUBLE PARACHUTE JUMP FROM 19,000 FEET IN AIR

LAWTON, Okla., June 26.—From a height of 19,000 feet in a high altitude double jump for the world record in Ship No. 23807, Lieutenant W. H. Brookley and Sergeant R. E. Gilpin made a parachute leap. Lieutenant Shulze piloted the ship. The jump was a part of the farewell air circus held at Post Field, Fort Sill, Okla., Sunday afternoon before a large crowd of spectators.

Small Boy Falls in Oil Well

JOY AT HUSBAND'S ACQUITTAL KILLS ILLINOIS GOVERNOR'S WIFE

KANKAKEE, Ill., June 25.—Mrs. Len Small, wife of the Illinois governor, died today as a result of overjoy as a result of her husband's acquittal.

Mrs. Small was stricken with paralysis when blood vessels burst in her brain Saturday night. No hope was held out for her recovery after the stroke. Specialists rushed to her bedside declared the nerve strain of the trial, coupled with great joy at her husband's victory, caused death.

She was stricken just after a rousing homecoming celebration by friends of the governor had been concluded on the lawn of the Small mansion here. Turning to her husband, Mrs. Small said: "I believe I am going to be ill." Those were her last words. She collapsed in his arms.

During the nine weeks that the governor was on trial, Mrs. Small spent much of her time at his side. The ordeal is believed to have contributed largely to her ailment.

The tender devotion Mrs. Small exhibited toward her husband during the long ordeal of the trial was the admiration of all. She was constantly at his side.

The effect of her death on the governor is feared by physicians. "Thank God, she lived to see me vindicated," he said. "My enemies have brought this other great sorrow upon me."

"Thongs stood outside the Small home throughout the night, waiting for physicians' bulletins on Mrs. Small's condition. The governor refused all appeals of physicians that he sleep. He sat crushed and broken beside his wife's bed.

OPERATORS TO BLAME! MASSACRE AT MINE IS 'CLOSED INCIDENT'

HERRIN, Ill., June 26.—"Bloody"

Williamson county unanimously approved the report of the coroner's jury which held officials of the Southern Illinois Coal company responsible for twenty-one deaths in the clash between union and non-union miners Thursday.

In a separate verdict, D. K. McDowell, crippled mine superintendent who was shot to death in the affair, was branded as a murderer, accused of the death of George Henderson, one of the union miners killed. A deposition from a wounded man in the hospital declared he saw McDowell fire the shot that killed Henderson.

The coroner's jury reported that McDowell killed Henderson on Wednesday, the day before the massacre. The others killed are found by the coroner's jury to have come to their death from gun shot wounds inflicted by unknown persons.

With eighteen victims of the affair buried in the cemetery here, Herrin considered the incident closed. No further investigation or prosecution is expected.

Five thousand persons marched behind the coffins of the three union men who died in the battle.

Without a single arrest being made for the killing of the nineteen or more men in the attack on the Lester mine, Williamson county officials are making no effort to fix the blame and the investigation is almost entirely in the hands of the state and federal authorities.

In seeking to fix the responsibility for the rioting which cost the lives of at least twenty-one men at the Lester mine, the investigators learned from Sheriff Thaxton that neither he nor any of his deputies attempted to prevent the massacre.

MINERS MARCH ON JAIL TO FREE 91 PRISONERS

FAIRMONT, W. Va., June 26.—The entire Fairmont police force and all Marion county deputy sheriffs were mobilized at 11:30 o'clock this morning to stop a reported march of striking miners and sympathizers from Monongah, a mining town ten miles from here.

Authorities said they had been informed an attempt would be made to liberate ninety-one prisoners in the county jail. These men were arrested Friday afternoon after a march of strikers through this city.

NAVY TURNS AGAINST SOUTH CHINA LEADER

PEKING, June 26.—Latest advices from Canton report Dr. Sun Yat Sen is detained aboard a gunboat there, with his navy and the Kwangtung provincial assembly definitely aligned against him and General Chen Chiung Ming's troops in full control of the city. Sun's forces in Kiangsi province, on which he pinned his flickering hopes for restoration, are said to be disorganized and looting the territory over which they are scattered.

HOOCH RAIDERS PINCH SEVEN ON THURBER ROAD

Few Bottles of Choc Found in Cars Causes Men to Be Detained.

Seven men and numerous bottles of choce beer, thought by the officers to be destined for home consumption, were seized yesterday afternoon on the Thurber road by Prohibition Agent Bandy, Deputy Sheriff John Barnes and Chief of Police Shell McDowell. The drivers of the cars in which the beer was found were taken to police headquarters last night and later to Abilene, to be arraigned before the United States commissioner on charges of transporting intoxicating liquor. Several bondsmen accompanied the prisoners.

Only a small quantity of beer is said to have been found in the respective cars and Chief McDowell was of the opinion that the owners were bringing it back for their own consumption, rather than for sale. Because of the fact that boys and girls of Ranger as well as others find it easy to purchase intoxicants at Thurber, the police department is anxious to break up the liquor sales there, Chief McDowell explained, and to do this it is necessary to arrest all persons found transporting it back to Ranger. The officers hope to obtain sufficient evidence from such persons as to make cases against those engaged in liquor selling at Thurber.

FARM DINNER FOR THURSDAY AT WHITE HOUSE

WASHINGTON, June 26.—A farm dinner rivaling the recent steel and railroad dinners at the White House will be given by President Harding Thursday night, it was learned here today. Some of the leading representatives of farmers' associations, members of the congressional farm bloc and those in the executive departments charged with the administering of laws affecting agricultural interests, are expected to attend. The exact object of the dinner is being kept secret by the White House.

WARNER INSISTS NEFF IS TO BLAME FOR SCHOOL PLIGHT

PARIS, Texas, June 26.—The legislature is defended from Governor Neff's reported charge that it is to blame for the plight of the public schools, in a statement issued today by Harry T. Warner, gubernatorial candidate. Neff vetoed the rural school bill, Warner said, and unless he reassembles the legislature to make proper provision, he must assume full responsibility for the situation. Warner's statement follows:

"In his opening speech Governor Neff again blames the legislature for the plight of the public schools. I deny that charge. There has never been a legislature more liberal toward the schools than the present one. Neff vetoed the rural school bill and boasts of it. He accepted the reduced bill because he feared that the original would be enacted over his veto. The per capita tax next year will not exceed \$10 and the schools cannot properly function on that amount.

"I do not see how the legislature can make proper provision for the schools, and I believe they will if given the opportunity, he assumes full responsibility for shortened terms, reduced salaries of teachers and increased local taxation."

ELEVEN NOW HELD FOR BERLIN ASSASSINATION

BERLIN, June 28.—Eleven persons alleged to be members of a Bavarian secret organization were arrested here yesterday, police announced today. They expressed the opinion that this organization is implicated in the assassination of Foreign Minister Rathenau on Saturday.

NEW C. OF C. OPENS OFFICES

Offices of the New Chamber of Commerce, with Ernest G. Albright, newly elected secretary, in charge, will be opened tomorrow at 205 and 206 Guaranty bank building. These are the offices occupied by the old chamber in 1920, before removing to the Cole building. They are well situated, being on the second floor and directly across the hall from a good sized assembly room which may be used for meetings.

EX-U. S. AGENT CAPTURED BY MEX BANDITS

Women Not Molested as Husband Carried Away for Ransom.

MEXICO CITY, June 26.—A. Bruce Bielaski, chief of the bureau of investigation of the United States department of justice during the war, is being held for ransom by bandits who held up his auto seven miles west of Cuernavaca, in the state of Morelos, yesterday. Bielaski with his wife and Mr. and Mrs. Manuel Barceña of Mexico, were on their way to view some ruins near town. The bandits suddenly appeared and after robbing the party took Bielaski and Barceña with them but did not molest the women.

When news reached this city, American Charge d'Affairs Sammerlin immediately communicated with the authorities at Cuernavaca and got in touch with the federal government and Secretary of War Serrano ordered federal troops in the vicinity to start after the bandits.

Bielaski, who is no longer connected with the American government, is vice president of an oil company. RANSOM ON ROAD. NEW YORK, June 26.—Ten thousand pesos, or \$5,000 in American money, is on the way from Mexico City to the retreat of bandits as a ransom for A. Bruce Bielaski, according to Frank Sample of the firm of Richmond, Loveman & Co., of which Bielaski is a member. Sample stated that a Mexico City bank was handling the delivery of the ransom.

PRINCE OF MONACO DIES, WAS FAMED AS SCIENTIST

PARIS, June 26.—Prince Albert of Monaco in whose small principality Monte Carlo is located, died here at 5 o'clock this afternoon. He was well known in the United States as a sportsman and a scientist and was a friend of the late Buffalo Bill on whose Wyoming ranch he hunted years ago.

The prince made three visits to the United States, the first in 1868 as a sailor in the Spanish navy, when he obtained a three months' leave of absence, the second in 1913, when he passed a considerable time in the West; and the third, in April, 1921, when he received the Alexander Agassiz gold medal from the National Academy of Science and a similar medal from the National Geographical society for his researches in oceanography.

One of the prince's most valuable contributions to submarine knowledge was his charting of the drift of both German and allied mines in the North sea and English channel. Although for years a close personal friend of the former emperor of Germany, the prince, from the beginning supported the cause of the allies. Just before the armistice, in 1918, the prince placed at the disposal of the American government his beautiful estate at Monte Carlo where for months from 6,000 to 8,000 American wounded soldiers were brought through rapid convalescence.

Prince Albert was born Nov. 13, 1848, and succeeded his father, Prince Charles III in 1889. He was twice married, first to Lady Mary Douglas Hamilton of England in 1869 and second, to the Dowager Duchess de Richelieu in 1889. A son by his first wife, Prince Louis, who was a soldier in the French army, is expected to succeed him. Monaco is a French protectorate.

OIL MILL MANAGER IS SHOT BY WORKMAN

ENNIS, June 26.—S. H. Dunlap, manager of the Ennis Cotton Oil & Manufacturing company, was shot Sunday morning by Buck Boren, a former employe. Boren fired three shots, one taking effect in Dunlap's left temple. Dunlap is in a serious condition.

Boren voluntarily went to Waxahachie and surrendered. Boren also shot twice at an employe without effect.

RESCUERS FAIL IN EFFORTS TO SAVE W. F. MILAM

Earl Taylor, His Companion, Has Narrow Escape; Wife Sees Tragedy.

W. F. Milam, about 30, ex-service man and salesman for Taylor Bros.' Wholesale Grocery & Produce company of Ranger, was drowned early last night in Leon lake, nine miles southwest of this city, when he became exhausted and sank in twenty feet of water despite the efforts of Earl Taylor, his companion, to aid him. The body was recovered several hours later and brought here in the Milford ambulance. The accident occurred about 6 o'clock.

Mr. Milam and his wife had gone to the lake with a party of friends. Milam, Earl Taylor and S. S. Marston was swimming out to a submerged bar a short distance above the power plant and dam of the Oil Cities Power company. Some distance from the shore, Mr. Taylor discovered that his friend was having difficulty in remaining afloat and seizing one of his arms, started towing him toward the submerged bar, which was marked with a stick protruding above the water.

Swims Over Bar. Handicapped by the exhausted man, Taylor swam over or passed the bar and was becoming exhausted himself when Milam released himself from the other's grasp. Taylor thought that his friend had recovered sufficiently to swim, but on turning to look behind him, found that Milam had disappeared. Both men had cried out for help but Milam sank before assistance could reach them and Taylor was barely able to swim to safety. The body was not recovered until 9:30 o'clock when divers succeeded in locating and fastening a rope to the body.

Mrs. Milam, who was standing on the bank with others in the party, witnessed the tragedy but did not know that it was her husband until his companions came ashore. Friends believe that Milam was either exhausted or was seized with cramps. On entering the water he was heard to remark that he had not swam any in several years. Neither Marston nor Taylor are expert swimmers, it is stated.

Mr. Milam had lived in Ranger for the last three years and was well known and universally liked here. He is survived by his wife and one child, residing in Ranger Heights and by his parents at Wills Point.

Funeral arrangements have not been completed.

TWO DROWN AT HOUSTON.

HOUSTON, June 26.—Bathing resorts claimed the lives of two people here yesterday.

Douglas Dunnigan, 22, drowned in the bay at Seabrook, near here, yesterday morning. He was attempting to swim the channel there and is believed to have been seized with cramps.

Caught in a tangle of vines and logs, Willie Jordan, 8 years old, drowned in Buffalo bayou here late yesterday.

ASSASSINATED BRITISH MARSHAL BURIED TODAY

LONDON, June 26.—A verdict of willful murder was returned today by coroner's court against James O'Brien and James O'Connell, assassins of Field Marshal Sir Henry Wilson.

Sir Henry was buried today in St. Paul's. Lord French, Earl Haig and Admiral Beatty, the outstanding military and naval figures of Great Britain, in the World War, in which Sir Henry served with such distinction, acted as honorary pallbearers. Marshal Foch marched with the Duke of Connaught behind the coffin on the route from the Wilson home to the cathedral.

YOUTH GIVEN DEATH IS DENIED NEW TRIAL

BARSTOW, June 26.—William Meadors, 18, who Friday received a 99-year sentence for the death of Aza Rawls, was denied a new trial by Judge Charles Bibbs early Sunday morning and the trial of his father, Andy Meadors, on the same charge, was transferred to Garfield County in Glascock county at an early date.

A BENEFICIAL DIVERSION.
A few years ago, golf players were dubbed effeminate by the majority of the citizens of the great Southwest. It was considered clever to say things about them reflecting not only upon their physique but upon their mentality.

But that was some years ago. Today golf is played not only in the big cities, but on the cow ranches of the west. Persons have found it is an all around game—beneficial to the office worker because it gives him needed exercise and sun and air without exhausting him; beneficial also to the physical worker because it provides relaxation and limbers up toil-stiffened muscles.

Ranger has fallen in line and will have a golf club, whose links will be ready for use and abuse early next week. To those who have the leisure and the money it will provide a new diversion, and increased sociability. It is an addition that will make life here more varied and interesting. The only trouble is folks will have to acquire a new vocabulary.

The golf club will be a community asset, and its organizers deserve credit for it, even if a desire for personal benefit did figure largely in the idea.

It is very disturbing to learn that Senator LaFollette does not approve of the supreme court.—Chicago News.

ANTI-SALOONER DENIES LABOR WANTS ITS BEER

By Associated Press.
KANSAS CITY, Mo., June 26.—The assertion that labor demands beer and light wines was declared to be "unfounded," by Wayne B. Wheeler, general counsel and legislative superintendent of the Anti-Saloon league of America, in an address before the convention of the International Sunday School Association here today.

"On May 16," said Mr. Wheeler, "a test was made in the Thirtieth district of Pennsylvania, now the greatest industrial district in the United States, with its steel mills, factories and mines. Seventy-five thousand dollars was expended by the beer and wine champions to defeat Congressman Kelly, who is an outstanding advocate of prohibition. He was re-nominated for congress on the Republican ticket by a majority of 11,900, by a vote of three to one on the Democratic ticket, and unanimously on the prohibition party ticket.

"Seventy-eight United States senators and a majority of congressmen come from states where the state itself has prohibition even of 1 per cent beer. A senator or congressman who voted against the standard maintained by his own state for law enforcement does not deserve the support of law-abiding citizens. Senators like the senior senator from Missouri, who have fought law enforcement measures and spent their time in abusing and misrepresenting those measures enacted for the public good, have forfeited all claim on good citizens.

Drunkness Decreased.
"Thus far we have established two facts: Prohibition enforced is a success, and even when only partially enforced it is better than the license system. The following results prove it: Drunkness has decreased more than one-half. Those opposed to prohibition admitted, after a survey made recently, that consumption of beverage liquor has fallen off 70 per cent and that the number of drinkers is reduced over 17,000,000. Crimes related to liquor have fallen off materially, and all existing crime induced by drink proves our contention that alcohol provokes crime and should be eliminated. Nineteen hundred and twenty-one was the healthiest year in the United States. Liquor as a contributing factor in poverty is now negligible. Over \$2,500,000,000 wasted for drink has been turned into useful channels. Bank deposits and savings have increased, and the net increased wealth of the country last year was \$8,000,000,000.

"The attempt of the liquor interests to nullify this law is a challenge to red-blooded Americans. The higher the individual in social or business life, the greater the responsibility that should be attached when he defies the law of the land.

"The eighteenth amendment was adopted by twenty-three-twenty-fourths of the states, a greater proportion than ever voted for the ratification of any other amendment. It is therefore entitled to proportionately greater respect."

DOG HILL PARAGRAPHS
By GEORGE BINGHAM

The Mail carrier got hung up in a mud hole on the Gander creek road this morning and had to throw out several arm loads of mail order catalogs before he could proceed.

Poke Eazley says it is remarkable how often the sugar bowls is empty when you reach over to sweeten your coffee.

Luke Mathews says at the rate timber is now being cut, in fifty years a fellow who is tired will have to walk twenty miles to find a stump to sit on.

MAILMAN'S SON WILL SUPPORT HEIRESS

Harold S. Glendenning

Harold Sanford Glendenning, the son of a Norwalk (Conn.) mail carrier and honor Rhodes scholarship student at Oxford (England) university, will marry Miss Alicia DuPont, daughter of Alfred DuPont, Delaware multi-millionaire.

Amarillo Woman Pinned Beneath Overturned Car

By Associated Press.
AMARILLO, June 26.—Mrs. Marie McClain of Amarillo was seriously injured today in attempting to leap from an overturned automobile in the Palo Duro canyon. She was pinned beneath the machine. Only the skill of the driver of the machine is said to have kept it from plunging over a seventy-five foot precipice.

'GRANNIE' AT THIRTY-TWO OUTFLAPPERS FLAPPERS

By United Press.
ST. LOUIS, June 26.—American flappers, watch your laurels! In St. Louis resides Mrs. Joseph E. Dehner, a grandmother at 32, and now 33, in possession of all her "flapper" attractions—laughing brown eyes, impatient feet and a taste for wearing sport clothes in a truly flapperish manner.

Mrs. Dehner, who keeps house for her husband and 13-year-old school-girl daughter, has the charm of youth with the wisdom of age. The call of the dance, the joy of motherhood and the delight of grandmotherhood are all hers.

SUMMER RESORT FIRED BY BURNING POWDER

By Associated Press.
UTICA, N. Y., June 26.—Three barges filled with gunpowder caught fire at Sylvan Beach early yesterday evening, burning in a spectacular manner. Fanned by a stiff breeze, the flames, which shot 200 feet in the air with each explosion, spread to cottages at Verona Beach. Rome and Oneida have sent fire apparatus to the scene.

PROGRAM

LACKLAND WILL TELL STAMFORD FOLK HOW TO RAISE POULTRY

Col. Rufus J. Lackland left this morning for Stamford, where he has been invited to address the crowds attending the home-coming celebration, on poultry and poultry raising. Col. Lackland's invitation came as the result of the recent visit of West Texas Chamber of Commerce officials to the Lackland Bros.' poultry ranch here, which they classed as a model of its kind and the second largest in Texas.

DEMPEY'S DAD IS NERVOUS ON WILLARD

LOS ANGELES, June 26.—"Daddy" Dempsey, Jack Dempsey's father, who admits that he has "licked" the world's champion heavyweight a few times himself, thinks that Jess Willard is the only man who might beat his son.

He says that Willard is too tall and has too long a reach and that even after seeing the beating Jack gave Willard at Toledo, he will "always be nervous if Jack signs to meet Jess."

Rowboat Carrying Cargo of Whisky Was Cuba Bound

DETROIT, Mich., June 26.—Seagoing vessels with only oar equipment are now traversing the Detroit river. A small punt less than seven feet in length, loaded with whisky, was spied by a United States patrol boat in the river.

Officers of the patrol boat and government agents hurried to the punt with the expectation of seizing the liquor, but it was not to be. "What have you there?" they asked the small man who was sculling the boat.

"Whisky," he replied. "Where is it bound for?" he was asked. "To Cuba," he responded, and to prove his statement he produced clearance papers from Canada. He was allowed to proceed.

DRUGS SEIZED, THREE HELD BY POLICE RAIDERS

A quantity of sniffing and eating cocaine was seized last night by the police when found in the possession of three persons in a local rooming house. All three were taken into custody for investigation and will probably be turned over to the federal authorities. A quantity of cocaine was found wrapped in papers, ready for sale, the officers say.

STATES GETS WELL SOUTH OF EASTLAND

EASTLAND, June 26.—A well estimated to be good for 2,000 barrels was brought in Sunday morning in the field south of Eastland by the States Oil corporation. The yield of the well is increasing at the rate of ten barrels an hour.

The new well is known as the States No. 1 on the North Martin. Oil was encountered at 3,349 feet and the well was drilled to 3,372.

At Pioneer the States brought in a 500-barrel well on the W. R. W. Smit tract Saturday, this being the States' first completion in that field: The company is drilling four wells in that field and has made four additional locations.

M'ELROY COMPANY GETS EDISON AGENCY

The McElroy Furniture & Glass company has obtained the exclusive agency here for the Edison phonograph and records and will handle a complete line, it was announced this morning.

CIRCUIT CHANGES ARE PROBABLE AT LEAGUE MEETING HELD TODAY

President J. C. Smith at the last moment was unable to attend at league meeting at Abilene today at which changes in the circuit are probable. He will keep in touch with the meeting by telephone, however.

organization is hard up and the umpires are unpaid. Other matters are likely to be brought up which will affect the second half.

Flag for First Half Hinges on Games Here and at San Angelo.

With Amarillo holding a two and one-half game lead over Lubbock, the first half flag will depend on the final series to be played here and at San Angelo.

If all six games are played at San Angelo and the Hubbers should win all of them, it would give them a standing of 44 games won and 20 lost, a percentage of .688.

NITROS COMING—AND GOING!

Charley Watson, left-handed kinker from Strawn, has joined the Nitros and probably will get into action during the Amarillo series which opens today.

be "rode" if you miss the play. Forget it! Nobody is riding you for missing hard chances.

CREDIT NITROS WITH ASSIST IN SWATTER WIN

All Around Misapplication of Baseball Doings Figure in 7-1 Game.

Joining in the proceedings with all the enthusiasm of Pussycot Johnson at a bootleggers' convention, and fielding in the faultless fashion of a housewife driving nails, the Nitros yesterday dropped the final with Sweetwater, 7 to 1.

Some folks said the Nitros played like washwomen. But that is unkind to washwomen, and perhaps libelous. Whatever they did play like, it wasn't like a ball club that had any self-respect.
