HARDING CALLS CONFERENCE ON COAL STRIKE

Operators and Miners to Talk Peace in Washington on Saturday.

WASHINGTON, June 28.—President Harding today called a conference of coal miners and operators in the central competitive field which he hopes will bring about termination of the nationwide coal strike.

Announcement of the President's determination to call a peace conference was made by Secretary of Labor Davis, after a meeting with the President and John L. Lewis, president of the United Mine Workers of America.

The conference will be held here at 10 o'clock Saturday morning, Davis stated.

MAINTENANCE MEN FORCED TO QUIT MINES

HERRIN, Ill., June 28.—Maintenance men at five mines near Carversville, six miles west of here, quit work today following the posting of a notice ordering them to leave.

The men included officials, nine superintendents and mines bosses who had been firing the boilers and manning the pumps since the strike was called.

Three of the men wounded in the massacre were removed today by state investigators and taken to Springfield. There was no demonstration.

ELKINS, W. Va., June 28.—One HUNDRED AND FIVE STRIKING MINERS AND SYMPATHIZERS WERE ARRESTED AT THOMASVILLE, W. Va., TODAY FOR INTERFERING WITH NON-UNION MINERS.

WASHINGTON, June 28.—Charging that the people of Williamson county, Illinois, apparently gave their approval to the mine massacre, Senator Myers, democrat, of Montana, declared in the senate today that they were 100 per cent disloyal to the United States and its constitution.

GENE REYNOLDS BACK ON JOB IN POLICE CHANGE

Gene Reynolds, former assistant chief of police, who was granted a leave of absence to make the race for sheriff, was reinstated in his old position and Jim Hunt, one of the oldest members in point of service, was dropped yesterday afternoon at the weekly meeting of the city commission. Since Reynolds was relieved of active duty as chief of police and placed in charge of the books on a part time basis, a motorcycle officer has been added to the force and on Reynolds' return it was necessary to drop one man in order to stay within the required limit.

The salary of the assistant chief of police was raised from \$145 to \$150 a month and his duties will consist of having charge of the books and funds of the office on the day watch. The board decided to dispense with the services of a janitor at the police station, thus effecting a \$20 monthly saving.

The commission in passing the service car and baggage ordinance on final reading allowed an increase in the first rate designated for short hauls. The minimum charge for passengers and baggage was increased from 25 cents for the first five blocks to 50 cents up to ten blocks and 75 cents a passenger or piece of baggage for all distances over ten blocks, within the city limits. The charge for hand baggage hauled in connection with other baggage was fixed at 10 cents. Baggage rates are F. O. B. front door.

The commissioners decided to call the manager of the Oil Cities Electric company before the board for a further explanation of the revised lighting rates, announced several weeks ago to become effective on the July bill.

GOVERNOR SAVES MAN FROM DEATH; WIFE'S LAST REQUEST

CHICAGO, June 28.—Governor Len Small today granted the last request of his late wife, Mrs. Ida Moore Small, by commuting the death sentence of Ignatz Pontz to life imprisonment.

No Word From Captive Americans

BURYING BABY TOO ARDUOUS

A Mexican father employed on the county road gang east of the Prairie pipe yards was forced to give his young baby a proper burial by the county authorities late yesterday afternoon following the discovery of the body in the woods south of the Prairie yards by some small boys playing in the woods.

The police were notified of the find and Patrolman Jim Ingram, County Attorney Ove Overson and Justice of the Peace McFatter made the trip to the vicinity to investigate. It was found that the child had died a natural death. The father was then required to dig a deep grave on a hillside and bury it properly.

SECOND HALF OF PENNANT CHASE IS ON THURSDAY

Sled Allen's Gang Again Here to Combat Nitros in Fresh Start.

The West Texas baseball league opens its second half tomorrow, with Lubbock again as guests at Nitro park, after skidding severely in the last few days of the first half race.

The Nitros expect to be rejuvenated in a few days with several new players. Perhaps additional talent will be here tomorrow and the Nitros will be able—with or without it—to give the chesty Hubbers a downhill push to start the season off. It can be done. Back in 1920, when the West Texas league was young, the Nitros finished a poor seventh, and then climbed to the top in a thrilling second half. Things can happen twice.

Since Amarillo cinched the pennant yesterday, in spite of anything that Lubbock might do today, the scheduled double-header was called off and the unplayed game is officially dead. Both managements felt that two twin bills on successive days would leave them in poor shape to get the desired flying start on the new season.

The Nitros yesterday added a new first basing gent yesterday in the person of A. B. (Pat) Conley, journeyman ballplayer. How Pat will fit into the machine is of course unknown as yet, but he smacked the apple twice yesterday and played a big part in the Nitros' victory in the afterpiece.

ILLINOIS PAYS FINAL TRIBUTE TO MRS. SMALL

KANKAKEE, Ill., June 28.—Hundreds of citizens from all over this state poured into this little town of 16,000 people today to pay final tribute to Mrs. Ida Moore Small, wife of Governor Small, who died Monday.

The sympathy of the great mass, intensified by the events of the last few months—the indictment of the governor on a charge of misusing state funds, his trial and acquittal and the death of his most cherished companion—was with the governor.

MUSKOGEE OFFICER SHOT DEAD BY NEGRO

MUSKOGEE, Okla., June 28.—The vicinity of Brushy mountain, near here, was being searched early today for John L. Welch, negro, who late yesterday shot and killed Homer Teaff, Muskogee county deputy sheriff, while Teaff was attempting to place him under arrest on larceny charges.

RAILWAY HEADS WOULD WELCOME SHOP WALKOUT

Would Give Them Chance to Install Contract System, They Say.

CHICAGO, June 28.—The railroads moved today to place all shop work under the contract system in case of the strike of more than 1,000 workers is called on July 1. A strike, rail executives believe, will give them the long sought opportunity to place shop work on a contract basis.

This is opposed by the United States railroad labor board but the executives claim the men by striking will violate the board's rulings first and to meet the situation they will be entitled to extend the contract system.

WASHINGTON, June 28.—Immediate and drastic action by the federal government in the event of a strike of 1,000,000 railroad workers on July 1 is probable, it was learned on high authority here today.

President Harding is determined to uphold the railroad labor board in whatever action it takes against railroad workers or railroads. Its decisions are to be enforced with all the power that the federal government possesses, it is said.

EXECUTIVES TO MEET

CHICAGO, June 28.—The Association of Railway Executives, scheduled to meet here tomorrow, will, it is indicated, take up at once an ultimatum sent last night by B. M. Jewell, union leader, threatening a strike on July 1.

A communication has been received here from W. P. Spencer, receiver for the Kansas City, Mexico & Orient road, to the effect that unless financial assistance is obtained, that the road will be forced to shut down. The road is 700 miles long and runs through twenty-seven Texas counties, where less than 1,000,000 farmers.

STOLEN WICHITA FALLS BABY LEFT IN DALLAS

DALLAS, June 28.—That the 3-month-old baby found on the lawn of an Oak Cliff residence early Monday was kidnapped from the home of Mrs. J. G. Gober of Wichita Falls, is the assertion of Mrs. Gober, who arrived today. Mrs. Gober called at the police station to learn the whereabouts of the baby.

She declared that her baby swallowed some gasoline Sunday afternoon and that she laid it on a pallet in her parlor and went across the street to get help from neighbors. When she returned her baby was gone. Mrs. Gober said some person took the child and drove away in an automobile.

RELIEF APPEAL SENT OUT AS RIO GRANDE PASSES

BROWNSVILLE, June 28.—Mata-moras, Mexico, opposite Brownsville, the last important place menaced by the Rio Grande flood, was reported out of danger today, with the flood waters pouring into the gulf.

An appeal for funds for the relief of approximately 100 families whose farms were flooded in the vicinity of Lyford was sent out today by the merchants of that place. A relief committee is forming at Harlingen and Henry M. Black of St. Louis, regional director of the Red Cross, is at Raymondville, near Lyford, making a survey of the relief work needed.

SAN FRANCISCO, June 28.—Three negroes who journeyed from Texas to San Francisco to protest that they represent Fairview chapter, Disabled Veterans of the World War, will not be given seats in the convention, as the state convention at Waco canceled the charter given the negroes. This announcement was made today by the national commander of the disabled veterans.

Mexican Official Statement Says Troops are Being Rushed to Tampico.

BIELASKI RELEASED. MEXICO CITY, June 28.—A. B. Bielaski, kidnaped Sunday, was released this morning.

WASHINGTON, June 28.—Government officials were puzzled today over their failure to receive any definite report on the welfare of the forty American employees of the Cortez Oil company at Tampico, who are reported to be held for 15,000 pesos by a Mexican rebel chief.

It was indicated that the government will not take any steps other than the representations made yesterday to the Mexican government, urging the prompt rescue of the captives and punishment of the bandits.

Mexico military forces are taking prompt action to free Brice Bielaski and the forty other Americans held for ransom by bandits near Tampico, says an official statement of the Mexican government issued today by Manuel Pelaez, in charge of the Mexican embassy here.

The statement also asserts that the Mexican government has reason to believe the "kidnapings" are part of a plot aimed at obstructing the negotiations now under way for settlement of Mexico's external debt.

ROTARIANS AND LIONS BITTEN BY BASEBALL BUG!

A baseball challenge hurled at the Rotary Club by the Lions Club was accepted today at the weekly luncheon of the former organization. Under the Lions' challenge, a game is to be played in the near future for the benefit of the ball club, the players on both sides being limited to members of the clubs. The Rotarians have appointed a committee to pick out a team and confer with the Lions on a suitable date.

WATERMELON CROP DOUBLE LAST YEAR'S

HOUSTON, Texas, June 28.—Predictions are being made here that the watermelon crop for this year will be double that of the year preceding, according to E. M. Johnson, Texas crop statistician. From present indications the five thousand-car mark will be reached.

The price of the melons, too, if the present production is maintained, will be surprisingly moderate, Johnson said. Texas will rank third in watermelon production, from present figures.

DALLAS MAN BLOWN FROM UPPER WINDOW INTO STREET; UNINJURED

DALLAS, June 28.—W. L. Bush, president of Bush & Certe Piano company, and three other men were burned and injured about the face and hands by flying glass in an unexpected explosion followed by fire, which shortly after 8 o'clock this morning damaged the Bush temple on Elm street. The blaze was under control in thirty minutes but the damage has not been estimated.

Besides Bush, who was severely burned, the injured are: E. G. Connell, E. E. English and A. G. Mix.

T. B. Mahoney, in whose studio the explosion occurred, was hurled from a second-story window into the middle of the street below, suffering only slight bruises. He expressed the belief that the explosion was caused by gas arising from turpentine and paint being used by workmen in fixing up the studio.

OKLAHOMA CAMPUS SLAYER'S FATE RESTS ON VICTIM'S DISPOSITION

STILLWATER, Okla., June 28.—The defense of Earl Gordon, charged with murder in connection with the death of Beckham Cobb, gained strength today when the prosecution's efforts to break down the self-defense evidence of Gordon failed. Although five witnesses were called to establish the good character of the slain man, the defense testimony that Cobb was "of a jealous, overbearing, threatening and gun toting disposition" was included for the jury's consideration.

Final thrusts of the prosecution in efforts to convict Gordon were launched this morning. Mrs. Bertie Cobb, 18-year-old mother of a crowing baby and widow of the slain man, was the final witness through whom County Attorney John Vaughn hopes to tear down the self-defense evidence which Gordon's attorneys yesterday built up in six hours of grilling. Mrs. Cobb was the leading rebuttal witness. Testimony probably will end before noon and after arguments in the afternoon, the case will go to the jury.

Upon the success of Mrs. Cobb in breaking down the straightforward story told by Gordon of his entire relations with the Cobb family, largely depends the prosecution's case, it was felt by Payne county officials. Sheriff Lilley of Payne county and a stenographer from County Attorney Vaughn's office were other rebuttal witnesses.

Arguments are expected to begin before noon. District Judge B. C. Smith announced he would not limit the attorneys' arguments but they joined in an announcement that they would be brief in their appeals to the jury.

AMARILLO, June 28.—L. G. Bolton, 72, deputy United States marshal for the Northern Texas district, was found dead in his room here early today. Bolton had been sick for several days and death is believed due to acute indigestion.

"Doc" Bolton, as the officer was better known throughout the Panhandle, had been peace officer in Potter county for twenty years. His friends describe him as quiet and unassuming but he was one of the government's most fearless law enforcers.

OPEN WARFARE BREAKS OUT IN IRISH CAPITAL

Gunfire Crackles as Government Troops Move Against Republican Insurgents.

DUBLIN, June 28.—The Irish provisional government took forceful action today against insurgents of the Irish republican army, investing the Four Courts building, where the insurgents were entrenched, and opening a hot attack when a demand for surrender was ignored. The crackle of rifle fire and the rattle of machine guns resounded over Dublin, rising above the ordinary traffic sounds.

Artillery Batters Buildings. The insurgents were driven from the Four Courts this afternoon by free state troops who stormed the rebel stronghold under cover of heavy artillery fire. The insurgents under Rory O'Connor, were reported fleeing desperately to positions in the rear of the law courts building.

Great gaps began to appear in the walls and roof of the building, under the constant hammer of several blocks in Dublin, which they had seized to divert attention from the attack on the Four Courts.

At 6 p. m., free state forces captured a majority of the buildings fronting Four Courts as well as several in the rear.

Will Fight to Last. "We will fight to the end for the republic," O'Connor said in a communique issued from the Four Courts as their battle continued tonight.

Fowler Hall, occupied by irregulars, also was attacked by Irish government troops. Fire broke out in Fowler Hall shortly after noon. The irregular troops defending the hall then evacuated that place and seized a large hotel, fortifying it for defense.

The number of casualties on either side is not known definitely but fourteen are reported to have been killed. A rumor that Rory O'Connor, the republican insurgent commander, had been wounded during the fighting was in circulation. No confirmation was obtainable.

T-P. CONDUCTOR MYSTERIOUSLY SHOT ON TRAIN

TERRELL, June 28.—The entire crew of a Texas & Pacific freight train on which Conductor Edward R. Stevens was shot and killed yesterday was ordered today to appear before the inquest over the body.

ACTION TO SELL KATY ROAD BROUGHT IN COURT

ST LOUIS, June 28.—A decree looking toward the termination of the receivership of the Katy road was filed today in United States circuit court before Judge Sanborn by bondholders and stockholders of the road and others interested.

The only objection raised to the decree was by the Kansas City Terminal Railway association, composed of nine roads and the legal phase of this objection was heard by the court at once. The objection was not made to the entire decree but to a provision under which the Katy road would withdraw from the Union station.

The decree held that it was to the best interest of the owners and creditors of the road that the receivership be ended and the assets of the road sold.

HOW ABOUT CLOSING? An unofficial census of the business district, taken by the Times, reveals that several of the business establishments expect to close on the Fourth of July, regardless of what action is taken by their competitors.

With such a sentiment, it would seem that there will be no trouble in making Ranger's holiday celebration a great success, provided only that some organization or some individual in a position to do so, will attend to it.

In Texas the Fourth has yearly advanced in popularity as a midsummer holiday. Time was, when its celebration was more noted for absence than ostentation.

But leaving aside the patriotic aspect of this day, there is good reason for Ranger's giving everyone a chance to observe it. With the road races, the two ball games, the fireworks display at night, and music all the while, Ranger's celebration will be by far the most elaborate in the oil fields.

If Ranger does not make its holiday celebration a complete success, it will be because no organization or no individual is willing to step forward and secure unanimity of action.

UNION POLITICS TO LOSE STRIKE, OPERATORS SAY

COLUMBUS, Ohio, June 28.—Ohio coal operators are receiving, through private channels, information that is expected to have an important bearing upon the duration of the coal strike.

Internal politics within the coal miners' union and conflicting ambitions, they add, keep the facts from being known to the rank and file of the miners.

The suggestion is heard that the moderate element among the coal operators will have to use its influence to keep the contemplated victory from being enforced too drastically.

Operators contend that the public is not sympathetic with the miners and that labor itself is indifferent and is willing to have coal miners' wages brought down to the levels of other industrial compensation.

In Pennsylvania there is another story. When the strike was begun there idle union miners flooded non-union fields and established a propaganda that induced many non-union miners to quit.

ABILENE, Texas, June 29.—Abilene's end of the proposed Abilene, Cross Plains, Pioneer, Rising Star railroad took definite shape late Tuesday afternoon, when the special railroad committee appointed by President O. A. Hale of the Abilene Chamber of Commerce held its first meeting.

DOG HILL PARAGRAPHS By GEORGE BINGHAM

Tobe Moseley, who has been detained at home with a sore foot for the past few days, had to sit and listen to a session of the Hearsay Club, at his home Tuesday afternoon.

Sim Flinders, in looking through his almanac, says you can find some wonderful truths in there occasionally, as he noticed this morning where the month of August will be fair and warmer, with occasional thunder showers.

Jefferson Potlocks says he notices that in every home there is never more than one sharp knife, to cut the meat with, and the rest are merely to eat with.

BENEFIT BRIDGE TOURNEY TOMORROW MORNING.

Everything is "a settin' pretty" for the Child Welfare benefit bridge tourney, to be given tomorrow morning at Shamrock park. Tickets have been going "like hot cakes," many of them being bought by men who do not expect to attend, but bought because they want to "do their bit" for the kiddies. The club women are donating their time and services to the cause, without thought of recompense other than the glow of gladness that comes from a deed done for a worthy cause. Every dollar that is contributed will be used for buying playground equipment. Everything will be substantial and bought with the thought in mind that Ranger children are worthy of the best—every dollar invested goes toward making healthier and happier children.

The game will start promptly at 9:30. This is positive and those who are use to getting their beauty sleep had better wind Big Ben's alarm, so that they will be waked up in time.

The park has been contributed and quite a bit of interest is being aroused over the many prizes that are to be given—judging by their number one can expect a record breaking crowd. The park pavillion will assume a gala attire and decorations will be right up to the minute.

There is still time to buy tickets. Attendance is not absolutely necessary, but the dollars are mighty thankfully received. The ticket committee will inform you how to get them, they are Mmes. C. C. Craig, A. J. Orth and L. L. Recto, all having phones.

HOUSTON LONG ON WIVES; SHORT ON HUSBANDS!

By United Press.

HOUSTON, Texas, June 28.—Sh! Scandal. There are 37 more married women in Houston than there are married men. These figures were discovered from the census of 1920 and Uncle Sam kept them secret two years hoping a recheck would correct an error, but they leaked out today.

A number of interesting details were brought out in the census. For instance, in the early years of adult life in the proportion of married is much more for females than males. But later on, from 40 years and upward 74.9 per cent of the men are married as against 52.1 per cent for the women.

Houston with a population of 138,726 in 1920 had 2,618 widowers and 7,217 widows. The divorce percentage was greatly in favor of the women, the actual figures being 1,398 divorced men to 893 women.

How did your neighbor's last bargain tire turn out

PROBABLY you know at least one car-owner who is always on the look-out for the cheapest tires he can find.

He likes to get them by mail or at a sale or at some place where they have big red bargain signs over the door.

It would be fine if he could get "the edge" in every tire trade.

But the dealer can't afford to let him have it.

Even if a man saw any slight percentage in tire shopping at all—it disappeared when the "Usco" brought the price down.

A standard product—and the dealer sells it with pride.

A good tire. The dealer has desire to trade

GASSERS CINCH FLAG BY SPLIT IN DOUBLE BILL

Extraordinarily Hearty Whacking by Both Teams is Only Feature.

War vets in hearing distance of the ball park sought shell holes yesterday afternoon, for the clatter of flails on the horseshoe resembled a machine gun barrage in its intensity. Forty eight safeties were compiled by the Nitros and the Gassers in a twin bill, which they split, as prescribed by the double-header etiquette section of the rule book.

By winning the first game, 13 to 5, the Gassers cinched the first half title, as Lubbock dropped the second pair of games in two days at San Angelo. As might be surmised by the score, the Gassers were out to win that game and not flirt with luck any longer over that title proposition. They amassed a total of eighteen juicy hits and the Nitros, contributed seven miscues, which were quite enough to give them a walkaway game.

Rare First Chunker.
 Frank Rarey, well known citizen of Ranger and Wiles, who has been pastiming around with the Nitros for several days, was the first morsel offered for the sacrifice. Comstock hit a lovely fly ball in the first round and the right field fence misjudged it, allowing the pellet to land outside for a homer. In the second, Nitro errors contributed two runs. In the third, two walks and a wild throw added another. In the fourth, Frank was kinda bumped and retired in favor of young Charlie Watson of Strawn, with one down and two runs over. Charlie stopped the rally nicely in that inning but in the fifth the Gassers treated him unkindly and Speck Dockery added pitching to his baseball accomplishments for the last three innings. Speck did pretty well. He blanked the opposition in the sixth and was only touched for one run in each of the other innings.

Thus runneth the merry statistics of the Gasser efforts during the first game. It wasn't nearly so lugubrious as it looks on paper, for the crowd forgot its sorrow after the third round and had a good time.

Twister Is Thumper.
 Lefty Lybrand, in the second game, added further evidence in support of the opinion that Amarillo can't beat a left-hander. Lefty was bumped in the first frame, but the Nitros came right back to a 3-2 lead. In the fifth, they salted down the pastime in earnest, with Lefty himself furnishing the punch that paralyzed it. It came with two down and the bases loaded, and was a fast drive to center, which struck a well placed rock and bounded over Comstock's head. Lefty went three bases and as he and the ball arrived at third at exactly the same moment, both kept going, giving the Nitros their fifth run of the frame. Lefty's blow finished Maples, who had essayed to do the Gasser twirling, and Fitzgerald took the box. He succeeded in blanking the Nitros for three innings, during which the Gassers scored a few runs. But they had too far to go.

Green and Earnshaw; Howell and Alexander.
 Second game: R. H. E. Lubbock . . . 000 000 000—4 2
 San Angelo 020 020 04x—8 13 1

CLOVIS TAKES HITFEST.
 Special to the Times.
 ABILENE, June 28.—Both Sewell and Swenson were pounded hard yesterday, but Clovis bunched their raps to better advantage and beat Abilene, 6 to 2. Erwin and Sewell hit successive homers in the ninth inning.

SPLIT AT STAMFORD.
 Special to the Times.
 STAMFORD, June 28.—The Colonels overwhelmed the Swatters in the first game of a double-header yesterday, 14 to 0, but lost a tightly contested afterpiece, 3 to 1. Brooks was bombarded for nine runs in the sixth inning of the first game, but no relief was in sight. In the second affair, Gressett held the Colonels to three safeties, while doubles by Curran and White and Bupp's homer gave the Swatters three runs in the third round. The scores:

Underworld More Charitable Than Churches, Jailed Preacher Declares
 LOS ANGELES, June 28.—Although credited with having eliminated segregated districts from a number of California cities, Rev. Donald D. Stewart, held in the county jail here facing charges of bigamy in four states and of having fleeced a quartet of wives of thousands of dollars, declared that he found men and women of the underworld had greater hearts and were more charitable to him than members of the church.

"I have gone down and down from the time I was unfrocked in Oakland in 1914," Stewart said, "but men and women of the underworld were kinder and more charitable to me than members of the church whose worship I had led.

"Not one of my flock stood by me in my trouble."

Bigamy Charges Denied.
 Stewart denied the charges of bigamy which have been made against him. He also denied that Mrs. Ethel Turner Osbaldeston, taken into custody with him, and who, it was alleged, posed as his sister and planned Stewart's marriages, was guilty of any wrong.
