## ARREST CAUSES PITCHED BATTLE IN MEXICAN TOWN

### Vera Cruz Tenants Sing "Internationale" as They Attack 200 Soldiers.

VERA CRUZ, Mexico, July 6.—Twenty persons were killed and seventy-five wounded today in a terrific battle between soldiers and members of the tenants' union. The soldiers, under orders of the district court here, were sent to arrest Heron Proal, leader of the union. Proal resisted. Hundreds of his adherents gathered about his home and opened fire on the detachment of 200 soldiers.

The union members sang the "Internationale" as they struggled with the troops.

Most of the casualties were among the union members. One lieutenant and two soldiers were arrested. Proal was finally taken in custody.

## SPOUSE SHOT, POLICE QUIZ YOUNG WIFE

By United Press.

HOUSTON, July 6.—Dan W. Ryan, 45, wealthy owner of the Buffalo Bayou Shipping company, is dead and his wife, Mrs. Martha Hazel Ryan, 25, is held in the county jail on charges of firing the fatal shots last night.

Ryan was shot on the lonely Clinton road, fifteen miles from Houston. With him, it is said, was a married woman prominent in the business life of the city and mother of four children. Ryan and his wife had been separated for several months.

According to the district attorney's office, which obtained a statement from Mrs. Ryan, she learned that her husband was going riding last night with another woman and she employed a rent car to follow them. After riding around a while she came upon her husband's car, parked at a lonely spot on the road. After watching the couple for a while, she declared she saw her husband get out and walk off. Later he returned and she went up to the car and said, "Why, Dan, what are you doing here?"

She says her husband then attacked her and she was forced to shoot him. Five shots were fired, two striking Ryan.

## SENATE COMMITTEE SEEKS CHANGES IN MUSCLE SHOALS BIDS

By Associated Press.

WASHINGTON, July 6.—A final opportunity to offer further modifications of proposals for purchase or lease of the government's nitrate and power plant at Muscle Shoals, Ala., will be given all bidders whose offers have been considered by the senate agricultural committee, Chairman Norris announced today. After an executive meeting of the committee, Norris said a letter would be sent to all bidders inviting them to appear at a meeting called at the Norris home on the evening of July 13.

## SEVENTY-FIVE HURT IN TRAIN COLLISION

By United Press.

PORTER, Ind., July 6.—One person was probably fatally injured and seventy-five others were slightly hurt when Pere Marquette passenger train No. 6 collided with a New York Central locomotive four miles west of here today. Most of the passengers were from Chicago. A negro chef was badly scalded and is not expected to live.

## STEAMER STRIKES DERELICT.

By United Press.

SAN FRANCISCO, July 6.—The steamer Arctic went aground on Sounders reef late last night, according to marine advices here. Leaking badly, the Arctic then proceeded to Arena cove. The steamer Admiral Sholey stood by to render assistance if needed. The Arctic struck the derelict destroyer Whittier on Sounders reef.

## SHERIFF'S WIDOW CAN COLLECT REWARD DUE HIM

By Associated Press.

AUSTIN, July 6.—The attorney general's department held in an opinion today that the reward for capture of an escaped convict can be paid to the widow of a sheriff killed in attempting to capture the convict, providing the convict is killed or caused to be captured by the sheriff.

## 'TIMES DO CHANGE!' OLD-TIMER'S WAIL AS POLICE BREAK UP 'TREAT'

"I seem to have made a mistake," gravely remarked a bibulous gentleman of the boom days in Ranger this morning as he cocked one eye at Police Chief McDowell, busily engaged in breaking three or four bottles of choc beer with which the owner had intended to treat the police force. The officers were deaf to all entreaties that they spare

one bottle. In a festive frame of mind, the "reminder of the past" drove up in front of the police station, bowed to all and sundry and invited them to partake of a lil' refreshment. Failure of the officers to fall into his jovial mood soon convinced him that all was not well. He was allowed to depart after a warning.

## BLANTON'S 'SAVING' RECORD ALL BOSH, CUNNINGHAM ASSERTS

### Says Congressman Only Delays Some Bills; Is Stupendous User of Government Printing Office; Went to Congress as Friend of Union Labor.

The career of Thomas L. Blanton from the time he entered congress in 1916 "as the dependable friend of organized labor," until the present time when his "claims of being the only honest man in congress" are being heard in his campaign speeches over the Seventeenth district, was scathingly arraigned last night at the Majestic theatre by Judge W. J. Cunningham, district attorney at Abilene, who is opposing him in the race.

That Blanton is a foe to all organized labor, a champion of big business interest, and voted against the Sweet bill to remove the red tape from the settlement of disabled soldiers' claims, had for six months blocked the investigation of the escape of Grover Cleveland Bergdoll, draft deserter now in Germany; had voted against the appropriation to bring back the body of the unknown soldier buried last Armistice day and that while denouncing the prodigality of his brother congressmen, had been "prodigal himself" was declared by the speaker, who produced the congressional record, official reports and other evidence to support his claims.

Cunningham's declaration himself unalterably opposed to the anti-lynching bill as an attempted invasion of state rights and the proposed movement in some sections of the North and East to abolish the state regulations for separate cars for white people and negroes. He heartily advocated the soldiers' bonus in a tribute to the sacrifices made by the ex-service men, and declared against any cancellation of the foreign debt. This debt when collected, he said, would reduce taxation in this country by one-seventh. He explained that these figures had been introduced in congress and never disputed. He produced figures to show that Great Britain was able to pay her part of the debt.

He advocated taxation on the ability of the taxpayer to pay and in proportion to the benefits received from the government.

On the prohibition question Judge Cunningham announced against any amendment to the Volstead act except to put teeth in it by sending those manufacturing it to the penitentiary instead of assessing small fines against them as at present.

Interests Finance Blanton? Blanton's campaign in 1920 was financed entirely outside the state, Judge Cunningham declared reading from a list filed by the congressman with the secretary of state. All of the contributors, the speaker declared, are shown by Dun and Bradstreet to be in the big business class. At the time the motion was up to expunge his report on the public printing office, Blanton was attending a

meeting of 400 big business executives in Wheeling, W. Va., and it was from this source that telegrams began to pour into Washington protesting against his expulsion from congress, he said.

Blanton blocked the resolution calling for an investigation of Grover Cleveland Bergdoll, the draft evader, and three times voted against it; he voted for the Esch-Cummings transportation act, which raised the cost of freight rates and took the constituted authority of the state railway commissions and vested it in the interstate commerce commission, Judge Cunningham said. He declared that Blanton was trying to show by the records that he opposed this legislation, and explained that while Blanton did vote against it when it passed the house, that he voted for it when referred back with a senate amendment in conference.

Blanton's Mail. While denouncing other congressmen for wanton waste and abuse of government privileges, Blanton has been prodigal to the extreme, the speaker declared and produced a letter from the public printer at Washington, showing that Blanton during the Sixty-fifth, Sixty-sixth and Sixty-seventh congresses used 1,009,533 envelopes, 91,000 francs, 101 special bindings, costing \$2,939.60 and weighing 28,000 pounds. Records from the folding room, where it costs the government \$1 a thousand to fold and enclose literature for mailing, were read showing that the total amount of such literature received from Blanton was 1,104,500 copies, in comparison with 8,000 received from Congressman Garner, head of the Texas delegation.

A telegram was read from Congressman Summers, stating that the clerk of the house reports that Blanton not only accepted all cedar, oak and pine packing boxes issued to congressmen, for which he criticized others, but had procured two additional boxes by special request.

"Savings" Denied. Blanton's claims that he had saved the country untold millions while in congress were declared ridiculous by the speaker, who pointed out that all one member could do was to delay appropriations and that it was a well known fact that the majority ruled. Blanton's points of order where appropriations were carried as riders only resulted in the matter being deferred, but allowed him to send out records of the day's proceedings and make it appear that he had really saved these sums, Cunningham said.

At the request of his audience, Judge Cunningham read the well known speech of Representative Garner of Texas, in which Blanton was bitterly condemned as a disgrace to Texas.

Blanton's claims that he had saved the country untold millions while in congress were declared ridiculous by the speaker, who pointed out that all one member could do was to delay appropriations and that it was a well known fact that the majority ruled. Blanton's points of order where appropriations were carried as riders only resulted in the matter being deferred, but allowed him to send out records of the day's proceedings and make it appear that he had really saved these sums, Cunningham said.

At the request of his audience, Judge Cunningham read the well known speech of Representative Garner of Texas, in which Blanton was bitterly condemned as a disgrace to Texas.

## BIELASKI KIDNAPED SELF, MEXICO SAYS

By Associated Press.

WASHINGTON, July 6.—Reports from Mexico City on the proposed prosecution of A. Bruce Bielaski by the Mexican government on charges of conniving in his own abduction by bandits near Cuernavaca lacked confirmation at the state department today. No word has been received from George Summerlin, charge d'affaires, to indicate that he has been advised of such a step.

## BAMBINO RAPS HOMER WITH BASES LOADED

By United Press.

POLO GROUNDS, July 6.—Babe Ruth smashed a home run into the left field stand this afternoon with the bases full, in the third inning of the Yank-Indian game. The Indians led the Yanks 2 to 0 when Babe performed.

## SCULPTOR ARRESTED FOR KIDDING MUSEUM

By Associated Press.

PARIS, July 6.—Joanny Durand, sculptor, and M. Le Roux, journalist, were arrested by a guardian of the Louvre while trying to smuggle out of the famous art gallery a statue made by Durand and surreptitiously placed in the Louvre June 23.

The statue, intended for the Humeralists Salon and representing M. Dupequait, so-called Mayor of the "Free Commune of Montmartre," attired in a battered stovepipe hat and frock coat, stood for four days with its smile directed at the famous Venus de Milo, while visitors wondered.

The intended joke of placing a modern caricature statue in the Louvre and then removing it again, threatened to take a serious turn with the arrest of the men, but the director of the gallery decided it was preferable to take the incident in fun, and asked that the artist and his friend be released.

It was the first time since Louvre palace was converted into an art gallery that a living artist had got one of his works into its collection, the first condition of entry to which is that the artist be dead.

## Olive Branch Waved In Shopmen's Strike

### Both Sides Show Conciliatory Attitude and Early Adjustment Is Forecast.

By United Press.

CHICAGO, July 6.—Heads of the striking shopcraft unions clung today to the olive branch and officials of the United States railroad labor board are hopeful for a quick settlement of the dispute.

"If anyone has any proposition or proposal to make, we are ready to listen," B. M. Jewell, president of the shop craft unions, said. "The railroads and the labor board know how to proceed if they want peace. It is their move. We are ready to confer on any reasonable basis."

The feeling is general that the last twenty-four hours has shown a marked trend toward peace. Better feeling is said to have resulted yesterday following the exchange of letters between Chairman Hooper of the labor board and Mr. Jewell, and to have paved the way toward negotiations for an early settlement of the strike.

Quit Contract Work. A harbinger of peace is contained in a statement by Chairman Hooper that a number of the railroads which formerly farmed out their shop work, one of the main contentions of the strikers, had agreed to discontinue this practice.

A strong willingness to grasp the olive branch was expressed by Jewell in a statement referring to a letter received from Chairman Hooper yesterday in which it was said that the board was looking after the interest of the striking shopmen. Jewell said that any reply to the board would be decided upon after careful consideration and that he was willing to open negotiations with any one having a proposal "up his sleeve."

## STRIKERS DRAW LINES AROUND MISSOURI SHOPS

By Associated Press.

SLATER, Mo., July 6.—Railroad officials today are awaiting word from Governor Hyde before making plans to reopen the shops here, from which a crowd of 500 strikers drove eighteen strikebreakers yesterday.

After the strikers had cleared the town of strikebreakers and drawn a dead-line around the shops, through which strangers were not allowed to pass, and had established guard posts at several points, they settled down to a policy of watchful waiting. Union leaders and town officials declared they expected no trouble if the railroad does not attempt to import strikebreakers.

## GOVERNOR AWAITS REPORT.

By Associated Press.

JEFFERSON CITY, Mo., July 6.—Governor Hyde announced this morning that he would meet today a representative of the attorney general's office, who has been to Slater, Mo., where striking shopmen are in possession of the Chicago & Alton railroad shops. The governor said he had been advised that 200 soldiers are needed to guard the shops.

## MANAGER OPTIMISTIC.

NEW YORK, July 6.—"The men are beginning to see which way the wind is blowing," was the comment of B. H. Voorhees, general manager of the Baltimore & Ohio railroad, in discussing the strike situation today. Voorhees is spokesman for the general managers' association.

## DEMPSEY MAY MEET WILLARD BEFORE OCT. 1

By Associated Press.

WICHITA, Kan., July 6.—A bout between Jack Dempsey, world's heavyweight champion, and Jess Willard, former world champion, is virtually assured before Oct. 1, according to an announcement made here today by Dempsey's manager following a conference with Tex Rickard.

## EUROPE AND BACK IN 15 DAYS SETS NEW RECORD

NEW YORK, July 6.—What is generally accepted in shipping circles as a record round trip to Europe has been completed by S. W. Frankel, when he arrived on the White Star liner Olympic.

Two weeks ago he sailed on the Mauretania on an important business mission. He arrived at London the following Monday. The next day at noon he flew to Paris.

His business was transacted in an hour. He immediately flew back to London, arriving there in time to attend a theatrical performance that night. The next day, Wednesday, he sailed on the Olympic.

## RIOTING AT HOUSTON

## HARDING IS BOOTLEGGER!

By Associated Press.

WASHINGTON, July 6.—President Harding and Chairman Lasker of the shipping board were today charged with "flagrant violations of the prohibition law for permitting the sale of intoxicating liquor on board shipping board vessels," by Senator Cawaway, Democrat, of Arkansas.

The senator said that all Christian people are protesting against this.

## DUBLIN REBELS YIELD ONLY AS FLAMES MENACE

### Eight Days' Fighting Ends With 61 Dead and 259 Wounded.

By Associated Press.

DUBLIN, July 6.—The provisional free state government has instructed the general staff of the voluntary organization to place its entire establishment on an active service basis.

For the eight days' fighting in Dublin which ended yesterday afternoon, casualties of 61 dead and 259 wounded are announced. The material loss to citizens of Dublin is very heavy.

The lost rebel fortress in Sackville street surrendered at 8 p. m. Wednesday after resisting a determined four-day attack by the regular free state troops. Eamonn de Valera, who was supposed to have been in personal charge of the defending force, escaped.

## Rebels' Endurance Amazing.

The endurance of the rebel resistance was amazing. Flames sweeping down Sackville street forced the final surrender where free state bullets which had rained down on the group of rebel hotels for four days failed.

The Hammam, Gresham and Granville hotels, the principal insurgent forts, were torn with ragged shell holes through which the free state machine gun squads poured sprays of bullets. For four days the final surrender of the rebels had been expected hourly, but it was not until the smoke of the encroaching flames began to smart their eyes that they were willing to admit defeat.

Headless of the stray bullets from the guns of the snipers, huge crowds gathered around the fringe of the danger zone to watch the fire and the fighting.

## IRELAND UNDER MILITARY DICTATORSHIP—DE VALERA

LONDON, July 6.—In a statement issued to the American people, Eamonn De Valera declares that the pact between the Irish parties has been torn up and that civil war is in progress and the dail not allowed to meet. The provisional government, he states, has resolved itself into a military dictatorship, backed by the British dig guns.

## PICKPOCKETS USE NICKELS AS BAIT TO LURE THEIR VICTIMS

NEW YORK, July 6.—Dropping coins in front of their intended victims, and picking their hip pockets when they bend to pick up the coins, is said by detectives to be a new stunt of pickpockets.

Samuel Jalonsone, 32, was arrested by Patrolman Keavey, charged with having adopted this method in picking the pocket of Samuel Grupp. Grupp said a nickel was dropped in front of him and Jalonsone told him it had apparently been dropped by him he bent to pick it up. His pocket was then robbed, he said.

## VATICAN GUARDS MUTINY.

LONDON, July 6.—A Central News dispatch from Rome says gendarmes serving in an honorary capacity in policing the vatican mutinied this morning, crying out, "Long live the pope! Death to the commandant!"

## 150 OVERCOME BY SUBWAY FIRE 75 FEET DOWN

### Women Hoisted to Street by Ladders; Hospital on Sidewalk.

By Associated Press.

NEW YORK, July 6.—About 150 persons were overcome by smoke today when a northbound express on the East Side subway caught fire near Lexington avenue and Sixty-first street. Dozens of ambulances were summoned from nearby city hospitals in the city. Mayor Hylan arrived on the scene to direct relief work. The injured were stretched out on the sidewalk for several blocks. A temporary hospital was organized and fourteen pulmonologists were put in operation. The crowd of spectators grew so dense that police reserves were rushed to the scene.

The accident occurred about seventy-five feet under ground. The fire started in the motorman's box when a fuse blew out. The flames flashed back into the leading car and smoke swept through the crowded train.

## Carried Up Ladders.

When the emergency brakes were applied, the passengers made a mad scramble to escape. Those unable to walk were carried from the cars and through the nearest stations to the street. Fire ladders also were dropped through iron gratings at Sixty-first street and unconscious women were lifted to the street.

When firemen arrived the blaze was soon extinguished. Several of the men were overcome. Mayor Hylan has ordered the department of water supply, gas and electricity to make a thorough investigation into the blaze.

## SALT WATER IN MEXICAN WELLS HELD AID TO U. S.

By United Press.

HOUSTON, July 6.—The salt water situation in the Teteo-Cerro-Azul section of Mexico—on July 1 one of the biggest oil fields in the world—is steadily growing worse, according to messages received by the Oil Weekly today from Tampico.

A total of fourteen wells, widely scattered over the entire district, have been affected by the water and many of them are completely closed in. It is estimated that production of the field already has been cut more than 100,000 barrels a day and that by Aug. 1 it will have been cut down to less than 50 per cent of the oil it was making on July 1.

Oil in this district has had a bearish effect on the United States domestic crude oil market and oil men over the country are hailing the news of salt water there as the best news coming to them in many months.

## ARTILLERY QUELLS BRAZILIAN REVOLT

By United Press.

BUENOS AIRES, July 6.—Private dispatches received here shortly before noon announced that the insurgents in Port Topocaba, near Rio de Janeiro, had surrendered to Brazilian government forces at 10 o'clock this morning.

RIO DE JANEIRO, July 6.—The roar of heavy guns thundering over Rio bay early today told that the insurgents who revolted yesterday still were holding out against overwhelming numbers of government troops.

Brazil's embryo revolution was still smoldering, although rebel surrender was believed at hand. During the morning the insurgents at Topocaba were subjected to a sporadic cannonade.

Americans who have homes in the vicinity of the fortress or who were visiting homes there and who took refuge in the city included W. A. Haile of Texas.

## RUSS ASSASSINATION PROVES FALSE ALARM

By Associated Press.

LONDON, July 6.—A rumored attempt to assassinate Russian delegates to The Hague conference caused considerable excitement at The Hague this morning, says an Exchange Telegraph dispatch.

Both police and the Russian delegates at The Hague deny any attempt at assassination was made. The report probably grew out of the turning back at the Dutch frontier of fifteen Russians said to have been monarchists, who were traveling under false passports.

WHO INVENTED CARROTS?

What with politics warming up and everybody wondering what the Nitros are going to do and the like, it behooves an agitated humanity to take a day off occasionally and think about nothing in particular.

Why not, then, speculate on food, and its preparation?

The present generation goes along contentedly, putting eatables in shape for consumption in ways that are so old that the memory of man reckons nought that sometime there must have been a beginning.

What genius, for instance, learned that berries and tomatoes and the like are to be eaten raw, while cabbage and turnips need to be boiled? Why shouldn't the latter be eaten with cream, as well as the former? Who invented carrots, and why? Should there not be a monument to the first pie-maker, instead of his or her name being lost in the mists of forgotten times?

The people of today, in spite of greater and greater strides in the world of science, still order their lives on habits founded by the past; the intimate incidents of living are those once conceived by some one person and spreading from him to others, until they became ingrained in the fabrics of life.

But somewhere back down the ages, there were inventors who, in the light of their opportunities, were just as great as Edison and Henry and the other wizards are today. And ages and ages before history, there were moderns who thought theirs was the first progressive age—forgetting, as we do, the aid that unknown ancestors had given them.

Incongruous as it may sound, Brooklyn dry agents raided a "still" operated by a woman.—Buffalo Express.

The British photographers did not need to ask Chief Justice Taft to look pleasant.—Philadelphia Record.

The little war that occurred this week out in Illinois is one very good reason why most Americans are not over-enthusiastic at the proposition to set up a bolshevist republic in the United States.—Boston Transcript.

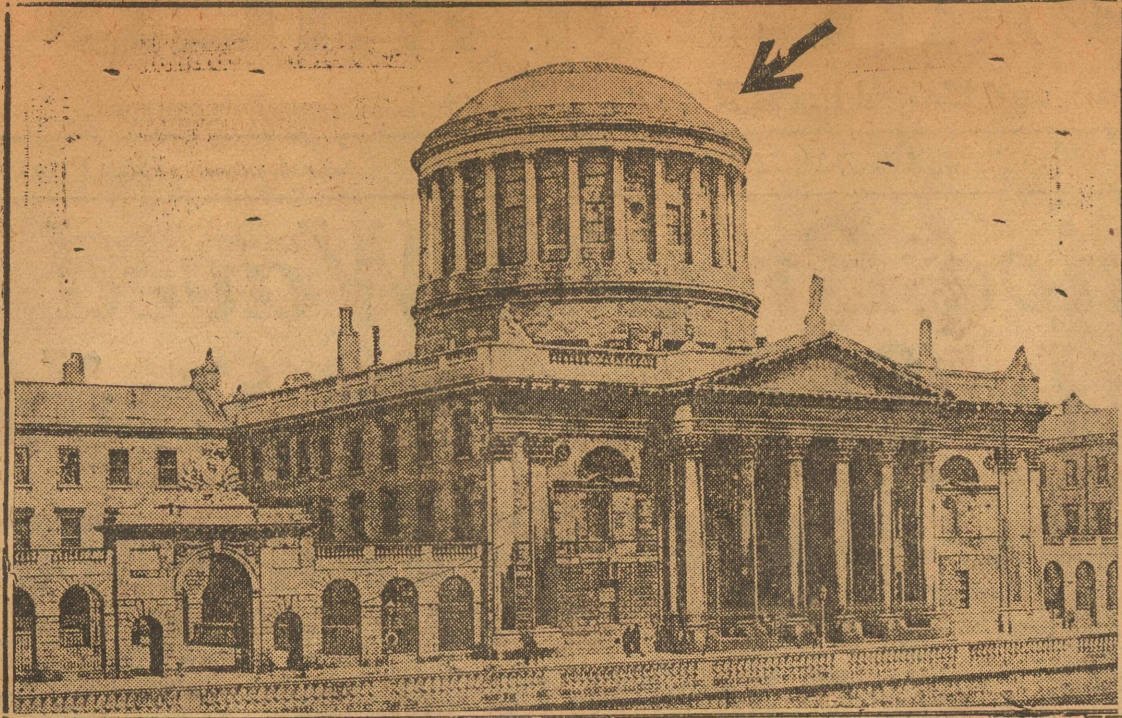

We are inclined to favor a constitutional amendment permitting Secretary Weeks to take a drink occasionally, if it'll make him any happier.—Ohio State Journal.

When Senators Heflin and Glass fell to calling each other names, it was Watson, of Georgia, who called them to order. Whadya know 'bout that?—Philadelphia Record.

Many of the Republican leaders in Washington are in a peck of trouble, but we reckon Doc Sawyer is having the time of his young life.—Houston Post.

A great many public men who do not like Mr. Gompers would be glad to have him explain how he holds his job so firmly.—Detroit Free Press.

Fierce Fighting for Four Courts Building

This is the famous Four Courts building in Dublin, the scene of the sanguinary fighting between the forces of the Irish Free State army and the Irish Republican army.

DUTCH WON'T SELL LANDS TO KAISER

BERLIN (By Mail to United Press)—Ex-Kaiser Wilhelm has been seeking to extend his domain in Doorn, Holland. Despite the fact that he owns a large villa with a considerable amount of land attached, he has felt that he needed more space than the estate of Haus Doorn affords him.

But a neighbor from whom he wished to buy repulsed his overtures haughtily. This woman belongs to the family from which the late Antonk, Comstock, New York reformer, came. Her reply to the kaiser's offer to buy was simple:

"Why should I sell to you? My family is older than the Hohenzollerns."

That ended the negotiations in that direction, though it is understood that the former ruler is still seeking other property in the Doorn neighborhood.

The woman's refusal to have any dealings with the ex-kaiser is understood to rest upon other than strictly grounds of family pride, for, it is said, she was compelled to sue the kaiser for damage to her property when he first moved to Doorn. At that time his moving vans cut up some of the adjoining land belonging to this woman.

The kaiser is said to have been extremely angry at the law action and to have been even more moved by the woman's curt refusal of his subsequent offer for her property.

MOVIE HOUSE INSTALLS TWO LARGE BLOW FANS

Two ten-foot blow fans are being installed at the Lamb theatre and will be in readiness for service by Monday or Tuesday. The fans are being erected on either side of the screen in large overhead compartments and will result in a steady stream of cool air being forced through the building continuously during the performances. The compartments housing the fans will be painted a deep black, thereby aiding in making the pictures clearer.

The work is being done in the forenoon and late at night, so as not to interfere with the regular exhibitions.

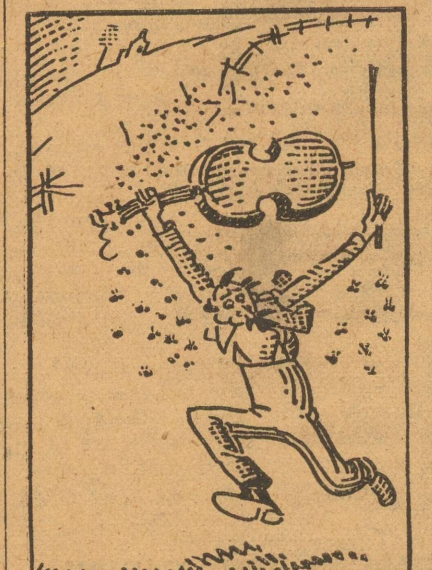

COUNTY COMMITTEE TO HOLD FINAL MEET

The final meeting of the Democratic executive committee of Eastland county prior to the primary will be held at Eastland on next Monday, at 2 o'clock to make final arrangements for the election.

All assessments levied on candidates must be in hands of the treasurer by that time.

FRANK JUDKINS,  
County Chairman.

DOG HILL PARAGRAPHS  
By GEORGE BINGHAM

A drove of bumblebees got after Columbus Allsop Monday and chased him some distance. They seem to of got offended at him when they heard him trying to make a noise like them on his bass fiddle.

The Hog Ford preacher cut his sermon short last Sunday, as along toward the middle of it his back collar button came loose and his standing collar began to ride his neck.

Miss Peachie Sims was not dressed up enough today to sit on the front porch so she just combed her hair and stuck her head out of the window.

STRIKERS' ARMY NUMBERS MORE THAN MILLION

Labor Disturbances Lose to Industry 9,000,000 Hours Daily, Reports Show.

By United Press.

WASHINGTON, July 6.—More than 1,000,000 men and women in the United States are out on strikes, protesting against wage reductions. Figures made public today by government agencies reveal that approximately 9,000,000 hours of work a day are being lost by industry because of walkouts.

Labor department figures show a total of 1,150,000 men are on strike, including 400,000 railroad men. The strikes, ranging from the major coal and railroad operations down to the smallest group of workers, affects nearly every industry in the United States directly or indirectly.

Worst to Come.

Officials of the labor department express the opinion that the full force of major walkouts is yet to be expected. If these strikes continue for any length of time, the secondary workers in the industries dependent on fuel and transportation will be thrown out of work, the labor department believes.

Division of the number now on strike follows: Bituminous miners, 573,000, out since April 1; anthracite miners, 155,000, out since April 1; textile workers, 80,000, out since Jan. 1; railroad shopmen, 400,000, out since July 1; minor strikes, 20,000.

FAT MAN CUTS WEIGHT EIGHTY-ONE POUNDS ON HIKE ACROSS DESERT

LOS ANGELES, Cal., July 6.—When Frank Meel of Danville, Ill., left that city for Los Angeles he weighed 305 pounds.

When he reached Los Angeles he weighed 224 pounds.

He walked all the way.

He declares he is the only man to walk across the Mohave desert without carrying a supply of water.

He says a cross-country hike beats Turkish baths and dieting as a weight reducer.

He had hoped to lose only seventy-five pounds when he started on the trip, but then there was the Mohave desert to cross.

He intends to start back to Danville immediately—by train.

BRITISH BREWERS TO FIGHT U. S. DRY DRIVE

LONDON, July 6.—E. W. Giffard, presiding chairman of Barclay & Perkins, at the annual meeting of the British brewers, warned his associates that a campaign would be launched by American prohibitionists in September to make England dry.

"America's Anti-Saloon league is behind the movement and it behooves everyone valuing personal freedom to unite or we will be stamped in to action which will simply be a half-way house to national prohibition," said Mr. Giffard.

Admiral Sir Richard Hall, referring in the house of commons, debate to beer said:

"Undoubtedly the teetotalers are taking advantage of the high taxation on beer to pursue their selfish aims."

KNIGHTS OF PYTHIAS TO REORGANIZE LODGE AT MEETING TONIGHT

A reorganization meeting of the Ranger lodge, Knights of Pythias, will be held tonight in the hall to arrange for the launching of a campaign under the direction of A. Lee Brown, who organized the Breckenridge lodge with the largest charter membership in the country. All members of the lodge, including those not in good standing, are urged to be present at the meeting tonight.

BRECK MAN TO DRILL BIG DEL RIO LEASE

DEL RIO, July 6.—Activity in the oil development here is rapidly growing. The Transcontinental Oil company has just finished geologizing a large tract of land and will have a rig in the field at an early date. Winslow Taylor and company of Philadelphia, who have 6,000 acres in the vicinity of Del Rio announce their purpose of entering the field here immediately.

William Bowers of Breckenridge, who has 6,000 acres of Dimmitt county school land a few miles from Del Rio, has gone after a rig and expects to begin a deep test well within the next few weeks.

Four deep tests are now under way and one shallow test and several additional contracts have been signed.

MOTHER OF TWINS DIDN'T KNOW WHICH WAS LOST

BALTIMORE, M. D., July 6.—With tears streaming down her face, the mother of twins reached the police station here only to find she did not know which one of the pair was lost.

Edwin and Milton Gosiorowski are twin sons of Mrs. Phillipina Gosiorowski. Edwin got lost.

Mrs. Gosiorowski hurried back home to ask the other which he was. He said he was Milton, so an alarm was spread for Edwin. Two hours later he was found.

SENATE G. O. P.'S FUSS OVER HIGH TARIFF RATES

By Associated Press.

WASHINGTON, July 6.—Majority leaders in charge of the administration tariff bill were warned Wednesday in the senate by Senator Lenroot, Republican of Wisconsin, leader of the progressive group, that unless some of the high duties proposed in the tariff bill were "brought down to within reason" he would reserve the right to vote against the measure.

Senator Lenroot's announcement came at the close of an address opposing the duty of 12 cents a pound on unshelled almonds, which he declared to be unjustified on the showing both of Senators Johnson and Shortridge, Republican, California, and the Almond Growers' association of California, in favor of the rate.

The Wisconsin senator said he was in favor of protection, but added that he had no sympathy with the system that seems to prevail here that if the interests of a person in a senator's state demand exorbitant duties that senators can go and ask for and receive those duties and then because of the inter-relationship of duties throughout the bill that senator will vote for every increase that is proposed.

Senator Johnson, in a fiery reply to the Wisconsin senator declared he was casting his vote as between the almond growers who were selling at a loss and candy manufacturers who were making 300 per cent profit and fighting the rate on almonds.

The California senator said he had seen Senator Lenroot sit here day after day and vote for ad valorem duties higher than the ad valorem equivalent to the specific rate on almonds. He added that the almond growers were asking for the 15-cent duty in order to live "not to reap the 300 per cent profits as the confectioners are making."

The committee amendment carrying the 15 cents a pound rate on shelled almonds finally was approved, 39 to 12. Two Republicans, La Follette and Lenroot, voted against it, and three Democrats, Ashurst, Broussard and Kendrick supported it.

An amendment by Senator Walsh, Democrat, Massachusetts, to make the rate 6 cents a pound was rejected, 41 to 17. Senator La Follette was the only Republican to support it, while two Democrats, Ashurst and Kendrick, voted against it.

Without roll calls the senate adopted these rates:

Limes and oranges, 1 cent per pound; grape fruit 1/2 cent per pound; raisins 2 1/2 cents a pound; currants 2 cents per pound, dates, fresh or dried, 1 cent per pound.

Prepared or preserved, 40 per cent ad valorem.

MORTUARY

DICK TAKUSH.

Dick Takush, 30, proprietor of the Day & Night cafe on Main street, died at 5 o'clock this morning in a local hospital following a short illness. The body was removed to the undertaking parlors of the Milford company, where it is being held pending the completion of funeral arrangements. Takush was an Albanian and so far as is known had no relatives in this city.

HILLSBORO EMBALMER SUCCEEDS BROWNING

L. D. Simmons of Hillsboro and formerly of Ranger, has succeeded Arthur Browning as head of the Jones-Cox Undertaking company. Mr. Simmons is a licensed embalmer and

WOMAN IS IN RACE TO BE JUDGE

Miss Ruth Taylor, director of the Department of Child Welfare of Westchester county, New York, has been designated by the republican party as Judge of the Children's Court of that county. The term is for six years and carries an annual salary of \$10,000.

well known in Ranger, where he formerly worked.

Mr. Browning resigned to return to his old position as traveling salesman for the Dallas Coffin company, in the same territory which he covered for fourteen years.

ST. LOUIS OPERA HEARD IN RANGER ON RADIOPHONE

What is said to be the first complete comic opera heard here over radio, was received last night from St. Louis by John Remonte, Ranger electrician, over his radiophone which he personally built and installed at his home in the Burger addition.

Even the footsteps of the actors on the stage and the applause of a St. Louis theatre audience were plainly heard, Mr. Remonte said. The opera, which was broadcasted by the St. Louis Post-Dispatch, lasted two hours. At the request of the St. Louis operator to all stations listening in, Mr. Remonte has written a letter telling the St. Louis station of the clearness with which the opera was heard.

AND WOMEN'S ACTIVITIES

Conducted By  
MRS. R. B. CAMPBELL  
Telephone 418

### FRIDAY.

Mrs. J. F. Champion will entertain the Twentieth Century club with a 1 o'clock luncheon.

### LIBRARY HOURS.

The Library will be open on Saturday afternoon only for the time being. Hours from 2 to 5 o'clock.

### PURELY PERSONAL.

Mrs. A. J. Mann of Decatur, Texas, is visiting her daughter, Mrs. B. C. Bloodworth.

Miss Lucy Belle Baker, who has been with Mrs. S. Cohen for the past season as trimmer, left Wednesday for her home in Honey Grove, where she will spend her vacation.

Mr. and Mrs. J. F. Champion and Mrs. John Thurman have returned from a cross-country trip to Austin. They report a splendid trip.

C. H. Moffett returned yesterday from a stay of several weeks in the Laredo district, and is very enthusiastic over indications of that country becoming a large oil field.

Mr. and Mrs. Johnnie Hopkins returned to Ranger last night from St. Louis, where they have been living. Mr. Hopkins was formerly with the Hamon-Kell road here.

L. J. Marks will leave tomorrow for Cincinnati, Ohio, where he goes to visit his aged mother, who is quite ill and is at present in a hospital there.

Mrs. Walter Brahaney and little daughter, Helen Duncan, left Tuesday night for San Francisco, where they will visit relatives until October.

Mrs. Lester Adams has returned home from an extended visit to California.

Mrs. W. B. Palmer and sons returned home yesterday from California, where they have been visiting Mrs. Palmer's mother for the past six weeks.

Dr. and Mrs. J. E. King and children of Breckenridge, who have been over the Fourth guests of Dr. and Mrs. A. N. Harkrider, returned home yesterday.

Mrs. Bascom Rummage is visiting her sister-in-law, Mrs. J. T. Morton, at Weatherford.

## Rich Contractor's Heir Elopes With Japanese Waif

NEW YORK, July 6.—Far Rockaway was given a genuine surprise yesterday at the announcement by Adolf Schulz, wealthy contractor, and Miss Pondita Nauri, the Japanese ward of Richard Mott. The wedding took place at Elkton, Md., and was made public only upon the eve of the couple's departure of a honeymoon trip of unknown destination.

The bride, who is but sixteen, has been the ward of Mr. Mott, wealthy hotel and real estate man, for the past several years. Both she and her husband have received the parental blessings.

### Daughter of a Chef.

The bride is a daughter of a Japanese chef, once employed at Greyloch Hall, Mr. Mott's hotel at Far Rockaway. The chef, Rosa Nauri, came here seventeen years ago. While at the hotel he met and married a young Irish girl named Jennie Griffin.

Later he disappeared, and Mr. and Mrs. Mott continued to look after Mrs. Nauri and her small daughter. Upon the death of the mother in the influenza epidemic three years ago, Mr. Mott adopted little Pondita, and because of her brilliant personality she was quickly welcomed into the most exclusive society circles at the beach resort.

### Completely Forgiven.

She became acquainted with young Schulz about a year ago. He had just come out of college and had gone into business with his father. They decided to wed.

Informing their parents and friends that they were going for a motor trip to Long Beach, they left Far Rockaway, but boarded a train for the Maryland Green instead of going to Long Beach.

Later in the evening both Mr. Mott and Mrs. Schulz received telegrams apprising them of the wedding. Upon the return of the newlyweds they were completely forgiven and made welcome.

## AGED MOTHER NAMED AS BELGIAN BEAUTY QUEEN

LIEGE, Belgium, July 6.—Liege set a new fashion in its annual beauty contest this year, crowning as "queen of queens" neither a young blonde nor a brunette, but a white haired woman. The new queen is Madame Pirard, 80 years old, the mother of five children, and with several grand children.

## WOMAN IS THE YOUNGEST LAWYER

Miss Zonola Longstreth, 18.

Miss Zonola Longstreth, who is only 18, has graduated from the Arkansas Law school, at Little Rock, and is the youngest lawyer in the state, but she cannot gain admittance to the bar until she is 21. She has asked for a special law to permit her to practice before she is of age. She is the daughter of U. S. Commissioner Longstreth of Little Rock, a former major in the regular army.

## Father Held as Slayer Said to Have Beaten Wife With Baby's Body

EL PASO, July 6.—Charges of murder have been filed in the United States district court against Sgt. Allen O. Newman, 51 years old, of Fort Bliss, after the slaying of his 4-months-old daughter.

"He attacked me," testified the 22-year-old mother at the inquest, "and took the baby by the arm and leg and beat me with her."

The sergeant, who is completing his twenty-ninth year in the army, in a signed statement before agents of the department of justice, said he had been drinking.

"I was holding the baby when Mrs. Newman hit me with a bottle," the statement reads. "Then she threw the alarm clock at me and it hit the baby. I do not know whether I hit her with the baby or not."

### HUNTERS FIND MAN HUNG TO TREE BY WOODEN LEG

MILWAUKEE, July 6.—A party of bear hunters found the body of William Cubec, a hunter and trapper of Crane, Wis., hanging by a wooden leg from a tree twenty feet from the ground. Cubec disappeared more than a month previously.

Evidently he had climbed into the tree to dislodge a coon which had a nest among the upper branches, had lost his balance and fallen, his wooden leg becoming entangled in such a way that he could not get himself free.

## NEGRO BAPTISTS HOLD REVIVAL SERVICES

Revival services are now under way at the Negro Baptist church on Ray street with A. L. King of Dallas in charge. The services started Saturday and are being held each night. The church was the first one organized here by the negroes.

### FLYER HURT IN 222-FOOT DIVE FROM FAST PLANE

ASBURY PARK, N. J., July 6.—Charles N. Fitzgerald, known over the country for his "daredevil" stunts, plunged from the wing of an airplane, going seventy miles an hour, from a height of 222 feet, into the ocean Tuesday afternoon and received severe internal injuries. There were several hundred persons on the beach when Fitzgerald made his leap. As he struck the water half a dozen boats went out to pick him up. When he came to the surface he was unconscious. Apparently his head had struck bottom.

MAIN AT AUSTIN ST.

## G. O. P. PLANS REVENGE BY BEATING LA FOLLETTE

WASHINGTON, July 6.—Taking a lesson from recent "progressive" victories in Pennsylvania, Indiana, Iowa and North Dakota, the Republican "old guard" began to lay plans yesterday to win back lost ground by defeating a number of progressive senators who are seeking re-elections.

The biggest move of this offensive will be to unseat Senator Robert M. LaFollette, progressive Republican of Wisconsin. To retire LaFollette unwillingly from public life would average the losses of the four big campaigns to date in the opinion of the leaders of the "old guard."

The candidate now being groomed against LaFollette is Dr. W. S. Genfield, former president of Centre college, Kentucky, but now a Milwaukee educational leader.

### 5,000 SEE STUNT FLYER FALL 2,000 FEET TO DEATH

JOPLIN, Mo., July 6.—William Spain, a "stunt" flyer, fell 2,000 feet to his death at Seneca, Mo., twenty miles south of here when a parachute with which he leaped from an airplane failed to open.

A crowd of nearly 5,000 persons was watching the exhibition, saw Spain fall to the earth a few hundred feet away. According to Blaine Blizzard, undertaker at Seneca, nearly every bone in Spain's body was broken.

Women are said to be more valuable than men for work in delicate dye tests.

### MAN GIVES WIFE GLYCERINE MIXTURE

She had stomach trouble for years. After giving her simple buckthorn bark, glycerine, etc., as mixed in Adler-ika, her husband says: "My wife feels fine now and has gained weight. It is wonderful stomach medicine." Adler-ika acts on BOTH upper and lower bowel, removing foul matter which poisoned stomach and which you never thought was in your system. EXCELLENT for gas on the stomach or chronic constipation. Guards against appendicitis. The impurities it brings out will surprise you. Phillips Bros., druggists.—Advertisement.

## FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots. How to Remove Easily

Here's a chance, Miss Freckle-Face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.—Advertisement.

## JUDGE SILVER IS IN RACE FOR GOVERNOR

Judge George S. Silver, of New Jersey, who has entered the race for Governor of New Jersey, posed for this photograph, the first he has permitted to be taken of him for twenty-five years.

## PENILESS PRINCESS REDUCED TO CHARITY

PHILADELPHIA, July 6.—A woman who declares she is Princess Elizabeth Tschernitcheff, once known to the courts of Europe and whose husband was the owner of vast estates and copper mines in Russia, prior to the bolshevist regime, is being cared for by the Female Society of Philadelphia for the relief and employment of the poor.

She arrived here afoot from Washington, tired, limping and with her clothes soaked with rain. She said Wednesday night that she had spent her last penny on the road for a sandwich and two glasses of milk. She said her husband had been cru-

**Mother-To-Be, Read This—**

Here is a wonderful message to all expectant mothers. From this moment on, cast from your mind all dread and fear, and feel every day as the months roll by that great freedom from much of the suffering which thousands of expectant mothers undergo, unnecessarily. And when the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says:

"With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes."

"Mother's Friend" is applied externally to the abdomen, back and hips. It aids the muscles and tissues to expand easily. It penetrates quickly. It contains no narcotics or harmful drugs. It is safe. There is no substitute. Avoid useless greases sometimes recommended by the unknown. "Mother's Friend" is sold by druggists everywhere.

NOTE—Write for valuable free illustrated book, "Motherhood and the Baby," containing important authoritative information which every expectant mother should have, and all about "Mother's Friend," to Bradford Regulator Company, 24-W, Atlanta, Ga.

**The Real Issue About Chiropractic**

CHIROPRACTIC teaches that the backbone is composed of movable segments (vertebrae) between which the nerves emit that lead from the brain to all parts of the body; that these spinal joints sometimes become slightly misaligned and press upon the spinal nerves and that this pressure impairs the work of the nerve so that it doesn't properly transmit either mental impulses or vibrations.

For instance: If the nerves leading to the stomach are pressed upon or pinched, we have stomach trouble; if it is the nerves to the liver that are pinched, we have liver trouble.

Chiropractors do not cure or treat, they simply ADJUST THE MISALIGNED VERTEBRAE, thus permitting NATURE to cure, heal and repair the diseased member.

**THE ART OF PRINTING**

ORIGINALITY IN PRINTING nowadays is one of the most difficult of qualities to attain. You must use the types and blocks and papers and colors which have been in use for ages; hence it is extremely unlikely that rearrangement of all of these things in a manner admittedly satisfactory and at the same time quite original can be achieved by those lacking experience.

It requires years of thought and study to master the art of printing. Novices can "print" in a way, but compare the product with that of a student of the work.

We claim to have mastered the art, and take pride in the fact that our work cannot be equalled by the ordinary printer. Of course, it takes money to manufacture a product of quality, the same as in any other line. Our prices are made up to quality, not down to price.

Phone 224 for Quality Printing.

GULF BOILERMAKER SHOT AND WOUNDED AT FT. WORTH

FORT WORTH, July 6.—J. C. Moon, boilermaker for the Gulf Production company, was possibly fatally shot Tuesday night in an altercation at a hotel on East Weatherford street. Jack Ard is being detained by police. Moon was shot twice, three other shot missing their mark. Moon, who lives at the hotel, told authorities at the Baptist hospital, where he was taken, that as he left his room and turned down the hall, some one began firing. One bullet is believed to have pierced the lungs.

SPORTS LEFTY PHILLIPS HURLS SECOND SHUTOUT VICTORY IN THREE DAYS

Southpaw Server Also Cinches Game With Circuit Smash in Seventh.

For the second time in three days, Lefty Phillips yesterday exhibited his special accomplishment of blanking the Eagles, and as an added attraction bumped the horseshoe over the wall, thereby enriching himself to the extent of \$20.65 garnered from a small but appreciative crowd. As a result largely of Lefty's diligent laboring, the Nitros once more found themselves rated at fifty-fifty in the West Texas league's credit book. The smaller the crowd, the better the motto, it would seem from a comparison of yesterday's doings with those of the late lamented Fourth. For yesterday not only were Lefty's kinks bewildering Johnny King and his fellow Eagles, but the whole gang performed in sprightly fashion, giving the lefty the sort of backing that a pitching pitcher is entitled to. So good it was, and so scattered the Eagle wallops, that third base was a foreign country, and a voyage to second furnished enough travel tales to keep the bench entertained for several innings.

across with a big enough score to win. Our Lefty didn't propose to take any chances on that ball game, though. Three flies had backed the Parson against the fence, and Lefty feared the wind might change and blow one over. So, coming up in the seventh with Clayton temporarily located at first, he looped one over himself, for safety's sake, cinching the old ball game.

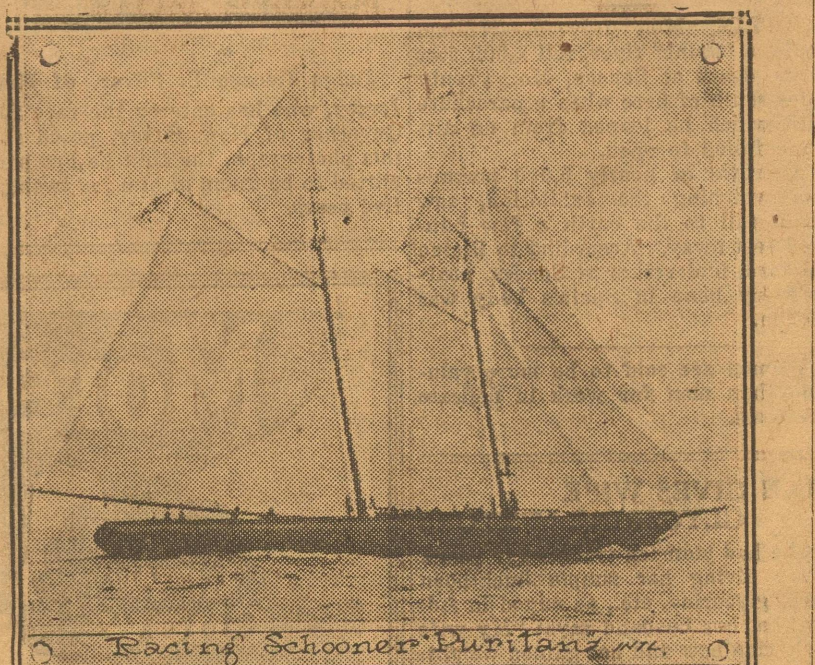

Jawn Has Rival. John King got no revenge yesterday. He struck out twice and lifted two pop flies. On one of these, he carried his bat to first and threw it toward Leedy, evidently to spoil the catcher. If he had succeeded, it would have been interesting to know the ruling on the play. Competing with Jawn for public attention was a bird in the grandstand who persisted in riding Jimmy Flagg, to the aggravation of everyone present. The gang should have howled him down, but with Lefty pitching such airtight ball, there wasn't enough excitement in the early rounds to rouse them to it. About the middle of the game, Jimmy invited him down, and though the invitation was answered with impressive silence, the situation was bettered. If the rooters will organize to stop such things as that, the club will play with a lot more spirit.

Table with columns: AB, R, H, PO, A, E. Rows for Whitehead, Lyall, White, King, Etheridge, Sain, Burch, Thomas, Ward, and Totals.

Eagles Fight Back. It took shutout ball to win, however, as the Eagle crew performed in the same stellar fashion as on previous days, if not a trifle more so. Ward was the fourth hurler exhibited by the Abilene manager who hurled a real ball game, he allowing only six drives besides Lefty's circuit swat, and permitting the grouping of but two of those. His backing was of the super sort to which ball teams sometimes rise, even in defeat, with Door Keeper Lyall acting as chief swat subduer. This went high in the air in the seventh round to make a one-handed stab of Jimmy Flagg's liner that would have smashed a board off the right field fence if it had gone that far, and in the second he started a fast double play with Conley on first.

Flagg Driven Across. The backing wasn't quite enough however, for after four scoreless innings, the Nitros broke through in the fifth, on two real swats. With one down, Jimmy Flagg slammed a looping liner into center field, which John King tried to take over his shoulder but failed. Good old Clayton rallied to the cause with a timely grounder through the groove of the infield, and the Nitro boss raced

RACING SCHOONER REPORTED LOST

The schooner Puritan, the American entry in the isnerman's race against the crack racer of the Canadian craft, is reported to have been lost off Sable Island, Nova Scotia.

WEST TEXAS GAMES

LUBBOCK WINS THRILLER. LUBBOCK, July 6.—The Hubbers beat Clovis yesterday, 2 to 3, in a thrilling battle which they lost and won back again in the ninth. Morgan held the Buzzers to four hits and labored with a one-run edge until the seventh, when Holloway was pushed across with the tying run. His own error allowed the Buzzers to go ahead in the ninth but the Hubbers came from behind when Gober parked the ball with Brown on the paths. Spectacular catches by Earnshaw and fast work by both infields made the game exciting.

WILD BALL AT SWEETWATER. SWEETWATER, July 6.—Sweetwater and Amarillo again divided a double bill, the Gassers winning the first, 11 to 10, and losing the second, 14 to 7. Both games were ragged affairs in which everything known to baseball happened. Fred Pipkin got seven hits in nine trips and Johnny Frierson featured with a home run in each game, the latter coming with three men on bases. He also relieved a wavering hurler in each contest and pitched effectively in each instance. His general all-around performance was decidedly the outstanding feature.

STAMFORD WINS SLUGFEST. Special to the Times. STAMFORD, July 6.—By staving off a Bronc rally in the ninth, the Colonels won yesterday, making it three out of four for the series. They obtained a big lead in the early innings by pounding Howell. Belcher got his nineteenth home run of the season and Greer also hit for the circuit.

HOW THEY STAND

Table showing standings for West Texas League and Texas League.

Yesterday's Results. Ranger 3, Abilene 0. Amarillo 11-7, Sweetwater 10-14. Stamford 8, San Angelo 7. Lubbock 3, Clovis 2.

Today's Schedule. Ranger at San Angelo. Stamford at Abilene. Sweetwater at Amarillo. Lubbock at Clovis.

Yesterday's Results. Dallas 7-3, Shreveport 2-0. Houston 3, Galveston 0. San Antonio 13, Beaumont 0. Fort Worth 8, Wichita Falls 4.

Today's Schedule. Dallas at Fort Worth. Wichita Falls at Shreveport. Houston at Beaumont. San Antonio at Galveston.

Yesterday's Results. Detroit 6, Cleveland 5. New York-Philadelphia, rain. No other games scheduled.

Today's Schedule. Chicago at Philadelphia. Cleveland at New York. St. Louis at Boston. Three scheduled.

Today's Schedule. New York at Pittsburgh. Brooklyn at St. Louis. Two scheduled.

NITROS ON TRIP TO SAN ANGELO; HOME ON SUNDAY

The Nitros left last night on the Sunshine for a three-day visit to San Angelo, and will return home Sunday with the same club. Gus Leedy, now a permanent member of the club, went along, as did Thompson, who has been catching for the Thurber Grappos and who probably will work a day or so, giving Clayton a well deserved rest. Clayton has caught every game since Duckworth was released, one month ago yesterday, sticking when his fingers were battered up and his shins were sore from foul tips, in addition to the normal exhaustion that comes from filling this most arduous position on the ball field.

After the three-day return engagement here with the Broncs, a nine-day road trip into the Far North is staged, after which another home stand reopens with Amarillo as victims. It is probable that games from that time will start at 4:30, as a majority of fans when questioned express preference for a later start.

CONSUL'S WEDDING SPEEDED BY PLANS OF CONGRESSMEN

LONDON, July 6.—The Washington legislators have hastened the wedding of Elliott Brewster Coulter, American vice consul at London and formerly a resident of Chicago, to Miss Kathleen Barbara Farquharson, a pretty London girl whom he met here. The couple had not intended to be married before September, but recently they read in the newspapers that a bill before the United States senate, which shortly will become a law, decrees that foreign women marrying American citizens must reside with their husbands for twelve consecutive months in the United States before naturalization.

Inasmuch as this means that the foreign born wives of members of consular service, who are liable to be moved to all parts of the world might have to wait years before becoming American citizens, the Coulters decided to beat the legislators to it by having a civil marriage at once, thus making an official marriage, and then a church and religious ceremony next September. Mr. and Mrs. Coulter separated after the civil ceremony, the bride returning to her parents until they later are united by a church service.

HART POOL EXTENDED ONE MILE TO SOUTH

MINERAL WELLS, July 6.—The Hart pool in the extreme western portion of this county and near the Stephens county line was extended a mile to the south late Monday by the bringing in of the Hart No. 1 of the Ashe Oil syndicate. The well is owned jointly by the Ashe syndicate and the Hart Oil corporation. The new well being a mile south of any other production in the district carries the producing area back into the Hart ranch property. Recent developments had been to the north indicating that the trend of production might be in that direction from the discovery. The Ashe well is making a steady flow of 500 barrels daily after a shot of 120 quarts. The shot was placed at 3,127 to 3,178 feet.

The Hart-Mexia syndicate which has a well drilling on the Hart ranch about a mile west of the Ashe well is expected to complete its well some time within the next week.

PRISONER SAYS HE "AXED" HIS VICTIM TWICE

DALLAS, July 6.—"I axed him to get out and he wouldn't, then I axed him." That is the story of Tom Anderson, negro, held for assault to murder in connection with attacking Sam Crane, negro, with an ax.

DRINKS HE'S MIXED WOULD FLOAT SHIP

Louis Gautier, sixty-two years old, is bartender on the liner La Touraine, of the French line. He has been with the line for forty-seven years. He declares that if a lake were made of all the drinks he has mixed they would float the giant liner on which he sails.
