RHINELAND MAY BE TAKEN FROM GERMANY

France Considers Separation as Punitive Measure for Non-Payment of Debts.

PARIS, Aug. 3.—Separation of the Rhineland from Germany, with its own parliament and government and a separate financial régime supervised by the allies, is a part of a scheme of penalties presented to Premier Poincaré as representative of the opinion of the French parliament which he is known to have taken under consideration. The scheme which would be put into effect upon definite refusal of the German government to fulfill the agreement for payment of private debts owed to French citizens by Germans since before the war, also involves the expulsion of the present functionaries from the Rhineland, the officials to be replaced by natives.

Other provisions include extension in the powers of the allied Rhineland commission and measures of autonomy upon the present German industries.

Would Seize Mines.

France plans to invade Germany and seize and operate coal and iron mines in the Rhar basin if the Berlin government refuses to pay war debts and private claims. Industries now in the hands of the Stinnes, Thimpen and Krupp, all multi-millionaires, will be operated by France unless all obligations are met, the French press, outlining Premier Poincaré's plan of coercion, announced today.

According to the plan the Rhineland customs barrier against Germany will be set up and German officials replaced by Rhinelanders. The Rhineland commission in the event the plan is carried out would give the territory autonomy.

The Petit Parisien states that Germany's debt to 12,000,000 francs on condition that Germany accepts definite responsibility and the entire allied debts be cancelled.

British Note States Idea.

A note of Lord Balfour which informed European allies that they must pay enough of their debts so that England may settle her war obligations with the United States has played directly into the hands of France, it is believed here.

England has told France that she must pay because the United States wants her money from Great Britain. Now France is in a position to demand that Germany pay because England is demanding money from her.

SEATS FOR 2,000 PREPARED FOR KLAN LECTURE

Seats for 2,000 people have been erected in front of the bandstand on Elm street for the Klan speaking to night at which time Dr. W. A. Hamlett, D. D., of Austin, Baptist missionary, pastor and lecturer, will address the citizens of Ranger on the principles of the Ku Klux Klan. The address will start at 8:15.

Construction of the seats was under way this morning and arrangements were being made to string lights from the bandstand over the seats and to decorate the bandstand with bunting and flags. The Merchants' association band has been engaged for the occasion. The speaker will be introduced by Rev. M. F. Drury of the East Ranger Baptist church, an old-time friend of the speaker.

NEW MEXICO WOMAN SEEKS SENATE SEAT

LAS CRUCES, N. M., Aug. 3.—Mrs. N. C. Mandell, who has lived for more than 45 years in this vicinity, and is mother of six children, has announced her candidacy for the United States senate. She is the first woman in this state to announce for the senate. Her announced platform includes prohibition, anti-gambling laws, a popular vote, and revision of the educational system.

SWATTING THE MARK

LONDON, Aug. 3.—German marks were quoted today at 4,000 to the pound sterling or approximately 920 to the dollar. Austrian crowns were sold at 250,000 to the pound sterling or about 50,300 to the dollar.

PAVING TO END ON HILL TOP?

A report that the paving on the Pleasant Grove road would be stopped at the top of Eastland hill and will not be brought down into Ranger, as was at first contemplated, has resulted in the appointment of a committee from the New Chamber of Commerce to meet with the county commissioners' court.

The decision to change the paving plans as regards the entrance of this road into Ranger is said to have originated in the county highway department.

ROSWELL MAY GET BERTH IN W. T. LEAGUE

Stamford Drops Out, Leaving Circuit With Club on Its Hands.

Stamford has withdrawn from the West Texas league, it was confirmed this morning by President Northern in a telephone talk with the Times. The notice of withdrawal was received yesterday afternoon.

Northern expressed confidence that the club will be placed, with Roswell, N. M., as one of the prospects, though it is rather distant from other cities in the circuit. Failing in that Mr. Northern said, one of the clubs will have to be dropped; which one, will depend upon decision at a meeting.

One reason Clovis and San Angelo will play their series beginning today, at Roswell is to test the baseball interest there.

Stamford's withdrawal was due, not to lack of support but to complications caused by the first management, Mr. Northern said. In endeavoring to strengthen early in the season, a club in another league was given the pick of the Stamford talent. Some time ago, Colonel Penick, a Stamford sportsman, took over the club with the understanding that it was free from all encumbrances, and he threw up the franchise when he found this was not true.

FAMOUS INVENTOR TO BE BURIED ON MOUNTAIN TOP

BADDECK, Nova Scotia, Aug. 3.—On a lofty craig on Beinn Breigh mountain, overlooking Cape Breton, Alexander Graham Bell, inventor of the telephone, will be buried with simple services tomorrow evening. The distinguished American inventor's last wish was that his body would lie on the mountain top near his summer home.

A few friends and relatives will attend the services at 5 o'clock.

CLAIM REPUBLICANS NOMINATED REED IN MO.

KANSAS CITY, Aug. 3.—Republican interference in the state Democratic primary was believed today to have resulted in the renomination of Senator James A. Reed, publicly repudiated by his party two years ago. Incomplete returns indicate that Reed's majority in Tuesday's primary will be between 3,000 and 4,000 over Breckenridge Long, former member of President Wilson's administration.

'CLOSED INCIDENT' IS WILL HAYS' VIEW OF ARBUCKLE CASE

LOS ANGELES, Aug. 3.—Roscoe "Fatty" Arbuckle, who came into international prominence through his trial in connection with the death in San Francisco of Virginia Rappe, also prominent on the screen, is now at liberty to do as he pleases, cinematically speaking.

It has become known that Will Hays, leader of the motion picture industry, through whose decision Arbuckle pictures were barred following his acquittal of the murder charge, will not render another decision in the actor's case. Hays, it is understood, considers the matter a "closed incident." Inquiry from various sources indicated that no steps would be taken in Arbuckle's behalf.

GOTHAM GAS REDUCED.

NEW YORK, Aug. 3.—The Standard Oil company of New Jersey today announced a reduction of 2 cents a gallon in the price of gasoline.

MECHANIC WHO WOULDN'T STRIKE IS BEATEN TO DEATH AT CHICAGO

STRIKE SUMMARY

A move to make peace in the anthracite field was announced today by John L. Lewis, miners' chief. Hard coal operators and union presidents probably will meet Wednesday and settlement of differences is expected.

Events in the rail walkout were at a standstill. Strike leaders at Chicago, having accepted President Harding's proposal, looked to Washington for a new move. The executives turned their backs on the White House and pushed steps to break the strike. Washington dispatches indicate the administration will make no other effort to intervene in the rail strike at the present time.

The first steps by the Big Four brotherhoods to protect men operating under guard were announced in Cleveland. Workers on roads in two Indiana districts were ordered to discontinue operations if their lives were endangered by "irresponsible guards."

KLAN CANDIDATE ADMITS DEFEAT BY OKLAHOMANS

OKLAHOMA CITY, Aug. 3.—H. H. Wilson, Ku Klux Klan candidate for the democratic nomination for governor of Oklahoma against J. C. Walton, labor candidate, conceded victory to Walton in a statement given out at noon today.

At the time of Wilson's concession, complete returns had been received from 18 of the state's 27 counties, showing a poll of 20,342 for Walton and 14,160 for Wilson.

Partial returns from other counties raised Walton's figures to 83,421 and Wilson's to 55,120. Precincts remaining to be heard from number 940.

'SLAIN' GALVESTON MERCHANT KILLED BY HEART DISEASE

GALVESTON, Aug. 3.—Charges against Tom G. Blackstone, county superintendent of public instruction, held in connection with the death of Samuel W. Block, wealthy Galveston business man, were dismissed by Justice of the Peace R. A. Kupza this morning after the county physician had testified Block's death was due to heart disease, superinduced by violent exertion.

Block was found dead late Sunday night. Blackstone shortly afterward voluntarily gave himself up.

STREET CARS AND AUTOS PUT END TO PACKET LINE

ST. LOUIS, Aug. 3.—Daily packet service on the Mississippi river between Alton and St. Louis which has been in existence for more than half a century has been discontinued, due to the heavy inroads on passenger traffic by automobiles and trolley.

This marks the passage of what, at one time, was regarded as the best available means of transportation between the two cities. Boats were operated on schedule similar to that on the railroads. Although the fare was cheap the heavy travel supplemented by the freight business made the service profitable.

Recently, however, traffic on the boats plying between the two cities became so light that it was decided to abandon the daily service, substituting four boats a week, leaving St. Louis regularly on Tuesday, Wednesday, Friday and Saturday, but not maintaining a fixed schedule on the return trip.

BRITISH ASSASSIN'S APPEAL IS DISMISSED

LONDON, Aug. 3.—The court of criminal appeals today filed and dismissed the appeal of Jos. O. Sullivan and Reginald Dunn, under sentence of death for the assassination of Field Marshal Wilson. The appellants were not present at the hearing.

SON-IN-LAW SHOTS HOUSTON POLICEMAN

HOUSTON, Aug. 3.—D. G. Glover, 50, mounted police officer, was shot and seriously wounded at 10:30 this morning. His son-in-law, L. Z. Smit, surrendered. Family affairs are said to have been the basis of the dispute.

Developments at Standstill as All Sides Await Washington Move.

CHICAGO, Aug. 3.—Robert Johnson, Illinois Central employe, was beaten to death today by four unidentified men. Johnson was on his way to work when the four men approached him. Persons driving by saw the man knock Johnson down and beat him. When police arrived Johnson was dead. Johnson was employed in the Burnside shops and refused to go out on strike.

SANTA FE STRIKEBREAKERS WANT RIGHTS PROTECTED

CHICAGO, Aug. 3.—Ten thousand shopmen on the Santa Fe, who have formed an association of new employes, today telegraphed Chairman Hooper of the United States railroad labor board, demanding their rights be safeguarded in any settlement of the shopmen's strike. They are entitled, they say, to protection in the seniority rights acquired during the strike.

The petition declared that "the failure to redeem the board's promise of seniority would be betrayal of the men who had remained loyal. The crafts are striking against the decisions of the board, and to recognize them in preference to employes who stayed on the job would destroy faith in the government."

ROUTINE POLICE WORK OCCUPIES DENISON TROOPS

DENISON, Aug. 3.—Occasional arrests of automobile speeders, vagrants, day and night patrolling of railroad property, alone break the routine of Denison's two military camps where two battalions of national guardsmen are encamped.

While the Katy railroad contends that the locomotive shop force is gradually approaching normal, the strikers claim that as many as their jobs as are employed.

An assistant attorney general is investigating alleged restraining of trade here. The official points out that the alleged conspiracy would be in violation of the state's anti-trust laws.

MARINES ROUT DRILLERS FROM TEA POT DOME

CASPER, Wyo., Aug. 3.—Drillers of the Mutual Oil company packed their tools and vacated the Teapot Dome naval oil reserve today following the arrival of a detachment of four United States marines commanded by Captain George Schuyler. Indications are that no further efforts will be made by the workers to enter the reserve following the order of federal government for them to vacate. After the workers left the field, the detachment of marines returned to Casper.

SH-H-H! COME ON OVER!

WASHINGTON, Aug. 3.—Although it is against the policy of the United States government to extend formal invitations to presidents-elect of other republics to visit the United States, President-Elect Alvear, of Argentina, it is said, has been advised through appropriate channels that he would be made welcome should he care to visit this country.

PHONE SERVICE TO STOP.

NEW YORK, Aug. 3.—Every telephone in the United States and Canada will be silenced for one minute tomorrow while Alexander Graham Bell, inventor of the telephone, is being buried. This was announced today by the American Telephone & Telegraph company. The exact time will be determined later.

THE SPREEING CHAMP!

NEW YORK, Aug. 3.—One of the longest sprees in history was attributed today to a former bartender, August Detering, by his wife, Rose, who told a Brooklyn magistrate that her husband got drunk the day prohibition went into effect and had been drunk every since. Before prohibition, he never touched a drop, she said.

HERRICK OF OKLAHOMA AMONG CONGRESSIONAL LAME DUCKS

CHICAGO, Aug. 3.—Four Republicans and one Democratic congressman apparently have failed for renomination in Tuesday's primaries in Missouri, Oklahoma and Kansas, according to today's reports. The question of progressiveness or conservatism did not enter these contests except in the Third Kansas district, where Representative Campbell was defeated. Miss Alice Robertson of the Second Oklahoma district was re-nominated.

Mrs. St. Clair Moss of Christian college, Columbus, Mo., had the advantage over two men opponents for the Democratic nomi-

nation in the Eighth Missouri district.

In national aspects, the defeat of Phillip Campbell, member for 20 years from the Third Kansas district and chairman of the house rules committee, probably caused the greatest sensation. That W. H. Sproul of Sedan, who carried the support of labor, would be returned to victory, has been regarded in Kansas as probable but was entirely unexpected outside the state.

Another picturesque figure, Manuel Herrick, from the Eighth Oklahoma district, also will pass from congress as a result of Tuesday's voting. The second Oklahoma congressman to fall by the wayside was T. A. Chandler of the First district.

BENDY NOMINATED FOR SHERIFF BY REPUBLICAN CONVENTION

T. A. Bendy, federal prohibition agent for this district, is the Republican nominee for sheriff of Eastland county.

W. K. Jackson, assistant manager of the Eastland office of the Prairie Oil and Gas company, will oppose V. Cooper, Democratic nominee, in the general election.

In fact a complete county ticket selected by the Republicans at their county convention in Eastland Saturday was announced yesterday through the Cisco Daily News by T. Blankenblecker of Cisco, secretary.

Ranger Man for Judge. Robert C. McCoy, Ranger attorney, was nominated by the convention for the office of judge of the county court-at-law to oppose Judge Joe Jones, Democratic nominee.

For justice of the peace precinct No. 2 the convention nominated J. W. Woody (or Moody). The ticket does not state, however, whether he is to oppose Roger Fenlaw or J. N. McPatter, the Democratic nominees for places No. 1 and 2, respectively.

Governor Neff is bitterly condemned in the resolutions passed for "refusing to protect life and property at Denison" until forced to do so by the government. It is declared that the governor sent state troops against bootleggers at Mexia but refused to take the proper action against a band of men committing "murder, flogging, abductions and other crimes too numerous to mention and denying to citizens the same right to work as they have to quit work."

No Republican could be found in Ranger today who had attended the county convention or knew anything about the ticket named. H. M. Holloway, precinct chairman of the Republican organization here, stated that he was unaware of what action had been taken as he had not attended the convention and knew no one who did. Another prominent local Republican declared that the recent warm primary fight had made a Democrat out of him and that he was pledged to vote for the Democratic nominees.

The Republican convention met last Saturday in the county court room while the Democrats battled over the Klan issue in the Eighty-eighth district court room. The delegates departed without giving an account to the Eastland press and before they could be seen by newspaper men of that city. Eastland Republicans were unable to agree on the names of the men nominated.

The Republican ticket is announced as follows: For Representative of the 10th Representative District—D. G. Hunt Jr. For Judge of the County Court at Law—Robert C. McCoy. For Judge of the Commissioners' Court—W. B. White. For County Attorney—J. M. Parker. For Sheriff—T. A. Bendy. For Tax Collector—N. F. Payne. For Tax Assessor—W. J. Triplett. For County Clerk—W. L. Holmesley. For County Treasurer—H. E. Tanner. For District Clerk—Miss Janice Griffin. For County Superintendent of Public Instruction—Mrs. Ida Kennon. For County Surveyor—L. W. Hilgenberg.

For Commissioners—Precinct No. 1, W. K. Jackson; Precinct No. 2, L. F. Kemp; Precinct No. 3, C. R. Smith; Precinct No. 4, G. S. Williams. For Justice of the Peace—Precinct No. 1, C. M. Sparr; No. 2, J. W. Woody; No. 3, Jack White; No. 6, A. P. Slater; No. 8, S. W. Smith. No nominations for justices of precincts 4 and 7.

The constables nominated are: J. T. Jordan, Eastland; S. V. Parker, Gor-

man; W. J. Tyler, Rising Star; H. A. Bible, Cisco; A. C. Quinn, Desdemona. Banzai, Harding!

Resolutions were adopted congratulating the national administration for its "matchless and unprecedented achievements," despite the handicaps of Wilson's administration which was characterized as "greed, graft and gall."

The governor is criticized for sending troops to suppress a "few indigent bootleggers at Mexia with an election eight months in the future." "But with an election a few days off a band of men committed floggings, abductions and other crimes too numerous to mention, openly defying all laws and denying to citizens the same right to work as they have to quit work," the governor of Texas sends a few rangers to the scene of trouble—some of whom were abducted by the lawless element, it reports to be true.

"Notwithstanding this the governor of Texas continues his campaign for a second term and absolutely refuses to protect life and property until forced to do so by the United States government if the press reports of the resignation of Labor Commissioner Myers is correct," the resolutions conclude.

RUM RUNNERS MURDER CREW TO GET LAUNCH

HAVANA, Aug. 3.—The American legation today warned all United States ports of the operations of the launch Mugaros, which was seized by two pirates after they had murdered the crew. The pirates, who according to American authorities have been identified as Roy Hoendarwin and Duke Lemsenec, Germans, murdered the pilot and engineer of the Mugaros after hiring the launch. One member of the crew escaped death by jumping overboard and swimming four miles to shore. The body of Isadore Fernandez was washed ashore late last night.

It is believed the launch was seized to engage in rum running.

COAL SHORTAGE TO CLOSE DOWN MOTOR PLANTS

Ford Has Fuel for Two Weeks Only, Fuel Administrator Is Told.

LANSING, Mich., Aug. 3.—The Ford Motor Co. plants in Detroit must shut down in fourteen days because of the shortage of coal, Chas. J. Sorenson, general manager, told the fuel administrator here today.

Sorenson appeared before the fuel committee to ask that priority orders be issued for the Ford plant. If the Louisville & Nashville railroad would allow the Detroit, Toledo & Ironton, Henry Ford's road, to run its cars and engines over the L. & N. tracks to the Ford coal mines, Sorenson stated, enough coal could be supplied for the whole of Michigan.

"WILL CLOSE TOGETHER"

DETROIT, Aug. 3.—Henry Ford's coke ovens today were supplying fuel to his largest competitors, despite the seriousness of a shortage in his own plants. When informed that the competing companies were running on Ford coke, the motor king refused to allow the orders cancelled, saying: "They shall have fuel as long as we do. If necessary then we will all close down together."

MANY TROOPS, FEW WORKERS, AT IND. MINES

WASHINGTON, Aug. 3.—Cleaning up of mines preparatory to mining of coal for state institutions was begun in Indiana today under the protection of 800 state troops. 3,700 laborers responded to the governor's call.

Fuel shortage was reported to be approaching the acute stage in a number of states. In Wisconsin the supply of anthracite coal is said to have been exhausted. Michigan state institutions face a shutdown in a few days. Georgia industries are feeling the pinch to a greater extent than at any time since the strike began.

Specific plans for the distribution of coal which are being drawn up by fuel statisticians were expected to be completed today.

The latest program of the Merchants' association band's concert season is promised tonight, the band at this time featuring a wild fandango "Wenedum" by Ikey Joseph. of both clubs and their ladies, to be staged next Tuesday night at the country club grounds.

Maybe the Rotarians have something up their sleeve. Anyway, both crowds have lost sight of the original purpose of raising money for the Nitros and are out for blood, they announce. Whatever comes in at four hits per-ladies free—will be donated to the ball club. Both sides say they don't give a hoot whether anybody is there or not. The game's the thing!

RANGER SENDS DELEGATES TO HIGHWAY MEET

Secretary Ernest G. Albright of the Chamber of Commerce and J. M. Dodson left this afternoon for Galveston to attend the two-day convention of the Texas Highway association in the interest of Ranger in the proposed system of state highways.

It is the purpose of the organization to bring about a connected system of state highways by mapping out the routes of the needed thoroughfares over the state; to secure the cooperation of the counties in the location of the various links and to name a permanent committee to go to Washington to secure the proper federal aid for the designated highways.

FORD'S SALES FOR JUNE SET NEW HIGH RECORD

DETROIT, Aug. 3.—Retail sales of Ford cars, trucks and tractors established a new high record during June, when, according to a statement issued from the Ford factory at Detroit, an average of 5,709 machines were sold daily.

Ford sales have been showing a constant increase each month this year; June being the highest in the history of the company with a total of 148,439 cars, trucks and tractors. Of this number, 6,054 were sold by the Ford company of Canada and 9,435 by the various European Ford companies and South American branches, reaching purchasers in practically every civilized country in the world.

Ford officials state that every attempt has been made to supply their dealers with sufficient cars to fill their orders, but that for the past three months, prompt deliveries have been impossible with some of the types. The demand for Ford enclosed cars has been especially hard to meet, due to the ever-increasing popularity of the coupe and sedan for all-year-round use.

HARD FOUGHT LUBBOCK LOSS IS PROTESTED

LUBBOCK, Texas, Aug. 3.—The Nitros lost a hard-fought, protested, 11-inning game, 5 to 4, here today. It was a pitchers' battle between Phillips for Ranger and Sparks and Cantrell for Lubbock. Lybrand finished the game for Ranger after Ammons hit for Phillips in the ninth.

The Nitros took the lead in the third inning and held it until the eighth. The score stood 2 to 1 in the last half of the eighth, when Lubbock made two. The Nitros came back in their half of the ninth with two.

It was in this inning that Ranger protested the game over the umpire's decision. Ranger had three men on and two down. White hit a line drive to left and all hands came home. White was thrown out at third and Lubbock protested that the third runner had not crossed the plate when the out was made, the umpire was watching the play at third and did not see the one under question so he asked the official scorer and his contention was the out was made before the runner crossed home.

In Lubbock's half of the ninth Earnshaw knocked a homer into right which again tied the score. Ranger was held scoreless in the next two trips to the plate while Lubbock put across the winning run with a squeeze in the eleventh.

It is Manager Ammons' contention that if the umpire did not see the play on which the protest was made, the runner was safe and three scores should have been counted and that the official scorer's decision did not have any bearing on the matter.

WOOLDRIDGE SOLD TO CHICAGO CUBS

LUBBOCK, Aug. 3.—Sled Allen has sold Sport Wooldridge, pitcher of the Lubbock Hubbers to the Chicago Cubs to report at the end of the present West Texas league season. Scout Jack Doyle of the Cubs was here and saw Wooldridge lose a game to Ranger, but was so well impressed with his work the deal was made immediately. There is also a possibility of Allen selling Outfielder Sam Langford and Pitcher Dick Morgan into the majors as scouts who have seen them work think they have the making of big league players.

WEST TEXAS GAMES

SMITH STOPS BRONCS.

Special to the Times

AMARILLO, Aug. 3.—The Broncs were unable to do anything with Smith after the first inning and the Gassers won the deciding game of the series, 10 to 3. Running catches by Fitzgerald and Badger featured the game. The first game of the series, which was protested by the Gassers, was played off, resulting in a victory for the Broncs. The game was started in the seventh inning and neither side was able to score.

Vick of the Colonels was in fine form and held the Colonels to one hit up to the ninth inning when they bunched four hits with a Buzzer error and shoved three runs across after two were out. The series with San Angelo, starting tomorrow, will be transferred to the Roswell grounds.

T-O. LEAGUE MAY FINISH SCHEDULE WITH FOUR CLUBS

DALLAS, Aug. 3.—The Texas-Oklahoma league probably will finish out the season with four clubs, two of which will be placed at Fort Worth and Dallas while the Texas league are on a long road trip, and the other two remaining at Corsicana and Mexia, according to an announcement here by Doak Roberts, president of the circuit. Consent of the Texas league is necessary for the arrangement but is believed to be certain, as the Greenville club is owned by the Dallas magnates and the Fort Worth club is virtually owner of the Paris Snappers.

Roberts was incensed at President Thompson of the Ardmore club, who made the announcement that the league would wind up with Sunday's games. It was to have been kept a secret, Roberts said.

FANS SEE NITROS IN SWEETWATER SERIES

Many Ranger fans are planning a trip to Sweetwater during the series there to boost the Nitros on their pennant march. President Smith is now with the club.

Mmes. J. C. Smith, L. T. Summers, T. L. Pyle and George Phillips left last night on the Sunshine. Dr. and Mrs. A. N. Harkrider and Gus Coleman plan an auto trip to Sweetwater Friday. The Harkriders will go from Sweetwater to Amarillo for a visit.

WILLIAMS MOVES AHEAD OF HORNSBY WITH 28TH HOMER

ST. LOUIS, Aug. 3.—Kenneth Williams of the St. Louis Browns Wednesday took the lead among major league home run batters by hammering out his twenty-eighth circuit drive of the season off Rommel, with none on base, in the fourth inning of a game between Philadelphia and St. Louis. It was Williams' sixth home run in six days. Rogers Hornsby of the St. Louis Cardinals, who held the championship home run batting honors this season for several weeks, is one behind Williams.

ST. LOUIS PLANS TO BAR "AMBULANCE CHASERS"

ST. LOUIS, Aug. 3.—Ambulance chasing by lawyers is prohibited in this city. The executive committee of the St. Louis Bar association has agreed that members who resort to ambulance chasing and other unethical solicitation of business shall be expelled.

NOT MUCH CHANCT TO PICK STARS IN ROTARY-LION AFFAIR—'LARDNER'

A RUBBER GAME?

Rumors percolated from the Rotarian camp this morning that they are going to combat the Lions in a third and decisive combat Friday or Saturday, in a firm determination to win the civic championship by taking the rubber game. The topheavy trimming rendered yesterday by the Lions club got the Rotary mad up, these rumors say, and they want revenge. The reason for the haste is that one of their "star players" (who remains unidentified) is going away Saturday night. "Durn the money, we want to win that game," was the reply to a suggestion that Sunday would draw a larger crowd.

Ranger, Texas, Aug. 2, 1922.

Dear Editor: Before departing for my palatial home in Rough Neck, L. I. I want to appraise myself of the opportunity to compliment the Lions and Rotary clubs on the high grade entertainment and the poor grade of baseball dished out at Nitro park today (Wednesday). I did not get to see the Rotarians play much as they were not in bats often enough to tell who was a good hitter and vice versa and I did not get a chance to properly criticize their infield because their outfielders did most of the chasin of the ball. I think I can recall that maybe one fly ball was caught by Karl Jones, purported captain of the Rotarians and star performer of a prior engagement, but outside of that nobody had much of a chance to show their skill at fielding. By that I mean, to be painfully exact, that the Lions knocked the ball so far and so often as to keep the Rotary fielders completely outwinded and the pitchers outwitted.

The Rotarians all said after and during the game that the Lions' pitcher, Red White, didn't have nothing on the ball but as a matter of fact I don't think they knew anything about it as Howard Gholson confided in me just before he departed for the bath house that he didn't see a ball that White threw but just struck after the wind-up and fortunately he did poke one out for Ben Owens to drop.

It was both distressing and disappointing to me and Giff Clegg to see the scores pile up on the top side of the score board whilst Giff's teammates could not get a man around honestly, but had to slip in a man on first whilst the umpire was litin a cigarette and let him go on around for a score. In this way the Rotarians counted what few they could.

The entire membership of the Rotary club took turns at pitching and it was a pity that the Junior Rotarians, Chevnie Newnham, Goof Clegg and Herk Jones were not there to be given their turn. You can see from these remarks that my sympathies were with the Rotarians, but for fear you might think I am as big a fool as most people think I am I might tell you that my money was on the Lions. They are almost always a sure bet because they always get credit for doing what little they do and some things they don't do, which means to insinuate that the Rotarians errors cost them 16 scores while White let 'em have five to keep them from protestin the game and which is the truth even if Aubrey Jameson won't admit it.

However, since it is my understanding that the Rotarians are supposed to have high ideals and a lot of other things, and are supposed to take an interest in Boy's work, I would suggest that they direct their efforts along this line instead of loafing, because a final check up shows two bats and three balls gone to the land of the great unknown.

Yours very truly, Ring W. Lardner Coleman. With the necessary apologies.

RAIL EXECUTIVES FLAYED BY GOMPERS

HARRISBURG, Pa., Aug. 3.—Samuel Gompers Wednesday denounced railroad executives as assuming an autocratic position in rejecting part of the plan of President Harding, in the railroad strike. The head of the American Federation of Labor was here to participate in a conference of the State Federation of Labor to frame a protest against the sending of troops into the bituminous coal fields of Pennsylvania. Before entering the meeting Mr. Gompers said: "It shows when government pressure is exerted the working man is expected to accept and resentment is at once manifested when he does not yield. Here the railroad executives just assume the position of masters of all they survey, take an autocratic position in regard to transportation and spurn the plan proposed by the President."

It seems certain that the main axis of production heretofore recognized, is to be materially changed by the finding of oil in a number of wells lately getting the pay in several different directions from the town.

To the northwest three-quarters of a mile, in territory new to exploration, Brannon and the Texas Pacific Coal & Oil company gives every promise of being a producer. If it proves a good well there will be a large scope of new territory opened.

STATE SEEKS TO FORCE SALE OF SWIFT OIL MILLS

AUSTIN, Aug. 3.—A motion to require Swift & Co., packers, to sell their oil mills in Texas was filed Wednesday by Attorney General Keeling in the Twenty-sixth district court of Travis county and was set for hearing on Aug. 12.

By a decree of the court in 1916, Swift & Co. was ordered to sell its Texas oil mills, it being held that ownership of such mills was in violation of the Texas anti-trust statutes. The attorney general alleges that the packers have not complied with the decree and he now asks that the sale be made.
