## WARRANT OUT FOR OKLAHOMA GOVERNOR

### White Priest Gets Negro Church in Bad With 'KKK'

#### GIRL SAYS 'TEX' TOLD HER TO SAY ANOTHER DID IT

#### 15-Year-old Witness Against Rickard Admits That She Sought Intimacies.

NEW YORK, March 22.—Admission that she went to Tex Rickard's offices and permitted intimacies because she wanted the money, was made under cross-examination today by Sarah Schenfeld, 15-year-old witness against the sport promoter, charged with mistreating four little girls. Max Steur, counsel for Rickard, gave the young witness, whose childish appearance contrasted sharply with the grim-faced prisoner at the bar, to a severe but courteous cross-examination. The Schoenfeld girl admitted relations with Rickard on several occasions and said she met him first at the garden, where she invited an acquaintance.

The girl declared that four days after her arrest that Rickard had taken her and Nellie Gace, 13, for a ride in Central park and had told them to say "another man did it, if they got caught." At the time Rickard was under arrest for criminal assault on the person of Alice Ruck, another 15-year-old girl.

#### NAVY STRENGTH IS 10,000 BELOW DENBY'S DEMAND

WASHINGTON, March 22.—The house naval affairs committee agreed today to report a bill fixing the maximum enlisted strength of the navy at 80,000 plus 6,000 apprentices, or 10,000 less than the number Secretary Denby declared is needed to operate the treaty fleet.

#### COMMISSION TO MAKE NEW INTRASTATE RATES

AUSTIN, March 22.—Members of the Texas railroad commission and representatives of Texas railroads are in conference today discussing plans for dissolving state rates ordered by the interstate commerce commission and permitting the Texas commission to make intrastate rates under the recent decision of the United States supreme court in the New York-Wisconsin case.

The interstate commerce commission holds power to review all rates, according to the supreme court decision.

#### HOOCH SHIP SEIZED

NEW ORLEANS, March 22.—The world, a fifty-ton lugger, loaded with liquor said to be worth \$30,000, and manned by a skipper and crew of nine, all heavily armed, was seized by prohibition officers half a mile offshore in Lake Ponchartrain early today. The lugger, which according to officers, only recently sailed from this port, was making for shore in an effort to unload its cargo.

#### TRAINMEN BLAMED FOR WRECK ON KATY

WASHINGTON, March 22.—Engineer Hobnel and Glanna Yearden are blamed for a wreck of Jan. 17 on the Katy railroad near Warner Junction, Texas, in a report to the chairman of the bureau of safety of the interstate commerce commission today. The report stated that Hobnel had failed to obey a stop signal and the flagman had failed to go back and protect the train.

#### PHONE OWNERS MEET

FORT WORTH, March 22.—Independent telephone owners of Texas began their annual convention here today. The principal subject of discussion was the relation between the telephone owners and the public.

#### Pastor Threatened With Tar and Feathers; Church With Bombing.

BEAUMONT, March 22.—Evidence that a showdown between the law and order and gang terrorism, through attacks on citizens of both races and varying ages developed at the meeting of the Beaumont city commission last night, when \$500 reward in each of the two most recent cases was posted by the city.

The most recent development is the receipt of two notes by the church of the Blessed Sacrament, a negro Catholic church. One note stated that the building would be bombed and the other ordered the white pastor, Rev. A. A. LaPlante to leave the community within the next few days under penalty of being whipped, tarred and feathered.

Catholic citizens have called on officers to see that neither of these acts are perpetrated and it is not unlikely that the church will be guarded. LaPlante does not intend to leave, he says.

The notes were signed "K. K. K." They read:

"To the Pastor: We disapprove of a white priest teaching negroes, so we warn you to leave town this week. If caught afterwards, you will be whipped, tarred and feathered."

"To the Congregation: We forbid you to come and listen to this white priest. Keep away or we will dynamite the place."

#### Can't Get Dope.

Investigators of the two most recent outrages, of which the victims were Dick Richards, a negro, Saturday night, and J. A. Pelt, Monday night, are up against a stone wall, as Richards has left town and Pelt is in no condition to discuss the attack on him.

The recent tarings and featherings are a disgrace to the city, Mayor Steinhagen told the city commission, and the persons responsible for them must be apprehended.

#### Negroes Are Scared.

Only a few persons were at early mass today at the negro Catholic church here, following the threats. The pastor said many of his parishioners had called him to the telephone and told him they were afraid to go to the church or send their children.

#### AUSTIN CONSTABLE RUNS ON ANTI-KU KLUX PLATFORM

AUSTIN, March 22.—Constable Charles Harris of Travis county today announced his candidacy for sheriff on an anti-Kl Klux Klan ticket, subject to the action of Democratic primary. The constable in declaring his opposition to the Klan charges it with seeking to take the law in its own hands.

Sheriff W. D. Miller, candidate for re-election, admitted to the grand jury some time ago that he was a member of the Ku Klux Klan.

#### MORE STATE AID IS GRANTED FOR BANKHEAD ROAD

EASTLAND, March 22.—The sum of \$50,000 additional in state and federal aid has been secured by Eastland county for the Bankhead highway east of Ranger and west of Cisco, Judge C. R. Starnes stated today. The judge based his statement on a telegram received from County Engineer W. R. Eccles, which announced the allowance of the \$50,000 and declared that the amount might be increased later.

The \$50,000 is to be applied on the construction of the Bankhead highway east of Ranger and west of Cisco exclusively and cannot be used on that portion lying between Ranger and Cisco, for which \$418,000 has already been granted in state and federal aid.

#### STORM VICTIMS RESCUED.

EL PASO, March 22.—Rescue from death on the open Pacific, where schools of meandering sharks swarmed around the open life boats, the passengers and crew of the American steamer Fair Haven, have been landed safely at Manzanillo, Mexico, by the steamer Christiania, according to reports here.

The Fair Haven sank in a gale of 300 miles off the Mexican coast.

#### FAIRCLOTH NOT IN COURT WHEN CASES CALLED

#### Constable's Bonds in Four Charges Declared Forfeited by County Judge.

EASTLAND, March 22.—All bonds in the four cases against Constable R. L. Faircloth of Ranger were declared forfeited this morning by Judge Jones of the county court at law when the constable failed to appear for trial on two cases of drunkenness, one of abusive language and one of aggravated assault. The amount of the bonds or the sureties are not known, the bonds not being available for inspection, owing to the absence of Assistant County Attorney Bilis from town.

#### Bonds Sold Soon.

The sale of the \$35,000 bond issue, voted by the city last December, is expected to be sold in the next few days and the contractors have announced their willingness to go ahead with the construction of the building when the city's portion is available. The contract was let for the building some time ago for \$51,000. The remaining portion of the \$65,000 voted by the county and city will be used to pay for the ground and put it in shape; to install an elevator, equipment and for other expenses. When completed the new hospital will be modern in every respect and will be equipped with every facility for the handling of all classes of cases.

#### Details of Building.

The building is to be constructed of brick, three stories high, counting the basement floor above the ground. On the basement floor will be located three large wards for the care of negro and Mexican patients, the kitchen, dining room, boiler room, laundry, nurses' rooms, laboratory, X-Ray room and morgue.

On the first floor will be located two wards, eight private rooms, the office, diet kitchen, linen room and reception room. A long corridor runs the width of the building.

On the second floor will be located the two largest wards, one for men and the other for women, there will also be two private rooms, two operating rooms, connected with a sterilizing room, a doctors' room, dressing room, linen room and diet kitchen. There will be large porches in both the front and rear of the building and every floor will be equipped with an adequate number of toilets and baths.

#### DEMOCRATS TO WAGE USELESS FIGHT ON 'GAG'

WASHINGTON, March 22.—Democratic congressmen are lining up today for a futile fight on the "gag" rule under which the bonus bill will be passed in the house tomorrow.

The house rules committee today reported out a special rule, which when adopted tomorrow will cause suspension of the house rules and allow but four hours' debate on the bonus bill.

Conservative estimates are that not more than seventy-five will vote against the bill.

#### RINGLING TRAINS RUN ONLY TO BRECKWALKER

BRECKENRIDGE, March 22.—Effective Sunday, all trains over the Ringling road ceased running over the Hamon tracks into Breckenridge, it was announced today by James Valentine, traveling freight agent of the Hamon road. Under the present arrangements, which result from the separation of the management of the two roads, the Ringling trains run only as far as Breckwalker, where they connect with the Hamon trains.

It was explained that removal of the Ringling trains from the Hamon tracks results from the fact that the Hamon road is in the hands of the receiver and that the law prohibits the road from carrying trains of another road over its tracks.

#### JELLYBEANS BARRED FROM SCHOOL CAMPUS

BRECKENRIDGE, March 22.—"Jellybeans" who have been "hanging around the high school campus" must stop, according to an order from Sheriff L. D. Head. The sheriff states that somebody will suffer if the practice is not stopped. One arrest has been made.

#### THE WEATHER.

Tonight and Thursday, generally fair; warmer tonight in the Panhandle and the extreme eastern portion.

#### MAY 1 SET AS DATE TO START C.-C. HOSPITAL

#### Officials Believe All Financing Will Be Completed at That Time.

The construction of the new City-County hospital will start about May 1, it was decided yesterday afternoon at a joint meeting of city and county officials with Oscar Quisile of the contracting firm of Quisile & Andrews, and G. H. Thomas Washburn, the architect. Financing the county's end of the project was discussed and the revised plans of the building approved. This morning Mayor John M. Gholson and City Engineer M. H. Redwood started laying off the building site between Pine and Mesquite streets.

County Judge C. R. Starnes and Commissioner E. H. Webb told the others present that the county would issue its portion of \$30,000 in warrants and that the money would be available when needed. The entire commissioners' court is behind the project, the city officials were assured.

#### Protection from hijackers and burglars was demanded of the city commission yesterday afternoon by S. Romick, proprietor of the Ranger Dry Goods company and resident of Eastland hill, whose residence was looted Saturday night by thieves of silver, jewelry and furnishings valued in excess of \$800. The burglars flaunted his helplessness in his face in a note accompanying a return of several invaluable personal effects. Mr. Romick said. He sought police protection, barred wire entanglements and any other defensive measures that would prevent his home being preyed upon at the whim of thieves.

#### Now This is Courtesy!

#### Romick's Burglars Enclose Note of Thanks With Bundle of Unwanted Loot Tossed Into Victim's Yard.

It was pointed out at the meeting that the city was not financially able to increase its police force to sufficient size to patrol Eastland hill and further that only \$37.50 had been paid in taxes this year by citizens of that section toward defraying the expenses of the city government and police protection.

#### MERCHANTS RAISE HIGH JINKS TO CELEBRATE CAMPAIGN'S SUCCESS

The great gain in the membership of the Retail Merchants' association in the campaign last week, was fittingly celebrated last night at the banquet to new and old members in the ballroom of the Gholson hotel. The "crowning" of A. Joseph's winning membership team over the defeated rivals of E. M. Humes' team; the lamentation of the Humes' contingent, who served as waiters; and the jokes of Raymond Teal, furnished the fun of the evening.

The Retail Merchants' band, and later an orchestra selected from the organization, furnished music both before and during the banquet. The serious moments of the occasion were devoted to short talks by President E. M. Humes on the organization, by Secretary M. O. Burt on the services performed for members by the association and its accomplishments since it was organized; by Lytton R. Taylor on "Co-Operation" and C. C. Chenoweth on the benefits of the membership campaign. All the speakers dwelt in an optimistic vein on the future of Ranger and the odds and obstacles that had been overcome by the hustling interests in building the city.

#### Funeral Parade.

The fun opened shortly before 7 o'clock when A. Joseph and his "teamsters" corralled E. M. Humes, captain of the defeated team, after a long hunt over town, and declared him to be officially dead. A bunch of roses was thrust into his hands and he was gently placed on a stretcher in the hands of an ambulance crew from the Jones-Cox company. After a parade or funeral procession, the corpse was brought back to the Gholson hotel. The Rev. W. H. Johnson then passed a few appropriate remarks over the deceased while Captain Joseph sat astride of him to insure a continued demise. The band, which had been playing in front of the hotel since 6 o'clock, then sounded taps while the body was being lowered into the hotel basement.

A. Joseph, declared King of the May, was clothed in a forerunner's coat and helmet, and enthroned in a high seat at the head of the room and Humes assigned as his personal waiter. King Joseph read telegrams from President Harding and Governor Neff, congratulating him on the success of his team. His reign was ended shortly, however, when one of Humes' anarchists, embittered by the king's remarks on their leader, attached an electric wire to his seat of government, literally toppling over the throne, to the great joy of Humes' hangers. For the edification of the waiters, Manager Arthur Jury of the Gholson, in charge of the banquet, had it served in courses from salads to ice cream and cake. The waiters then served the orchestra, composed of Pop Endicott, Dr. Clyde C. Craig, L. L. Neal, Aubrey Jameson, Miss Dorothy Walker and Mr. Sutton. Practically all of the 180 new and old members were present.

#### Works of Organization.

In his talk on the organization President Humes told of the trade carnivals, Caddo road construction, scrip issues, booster trips, Thanksgiving dinner, the organization of the band and other accomplishments of the association.

Secretary Burt told the new mem-

#### COAT IN STOLEN CAR CAUSES THREE ARRESTS

EASTLAND, March 22.—A coat found on the running board of a stolen Dodge car abandoned Wednesday night on the Cisco road, was the clue that resulted in the arrest of three men charged with the theft, officers say. Charges have been filed against Broc Owen, Jim Atchley and Wallace Boyett. Atchley and Boyett have been released on bonds of \$1,000. The car was owned by F. W. Kimmer.

#### WICHITA FALLS, March 22.—

Gregg Lund, 25, was instantly killed and R. M. Hillquist was seriously injured last night near Burk Burnett when an automobile driven by Hillquist turned over.

#### INDICTED WITH 52 OTHERS FOR BANK DEALINGS

#### Okmulgee Jury Also Returns Bill Against State Banking Commissioner.

OKMULGEE, March 22.—The grand jury last night indicted Governor Robertson and Fred Dunn of the state banking commission on charges of accepting a bribe to permit the Guaranty State bank to remain open after it had been found insolvent.

Sheriff Sowers of Okmulgee county, now has a warrant for the governor's arrest but said that he was attempting to get the governor on the phone and would make no attempt to serve the warrant today. Indictments have also been returned against John P. Cook, former president of the Guaranty State bank, and John H. Rebole, vice president both of whom have been arrested.

It is reported that the governor left Oklahoma City at noon today and will come to Okmulgee to submit to arrest.

Naming Fifty-three Persons. The indictments were returned by the district court grand jury here early last night in its final report on an investigation of bank failures in Okmulgee county.

Although in an initial draft of its report the grand jury had gone at length into the bank cases, the report, which was submitted to the court, contained only the single sentence under the head "banking matters."

No Explanation. "Our work is expressed in the indictments, but because of the legal complications that might arise, it is deemed best to make no comment or explanations regarding same."

The banking section of the report was rewritten three times before it was considered acceptable by the grand jury. In the first draft, blame for the failure of the Bank of Commerce here last November was fixed in sensational charges, but after it had been scrutinized by Judge Bozarth and County Attorney James Hepburn, it was understood to have been "re-vamped."

The third correction in the document was necessitated only by minor clerical errors, it was understood.

#### STOCKHOLDER IN CISCO R. R. WANTS HIS MONEY BACK

EASTLAND, March 22.—Suit was filed in Ninety-first district court today by J. B. O'Brien of La Salle county against R. Q. Lee, Cisco banker and president of the Cisco & Northeastern railroad, for \$11,000, alleging misrepresentations in the sale of stock. It is set forth by the plaintiff that the defendant induced him to purchase \$10,000 worth of stock in the Cisco & Northeastern road on the statement that the road would begin the payment of dividends at once. The plaintiff states that he borrowed \$1,000 to purchase the stock and that no dividends have been paid. He asks recovery of his \$1,000 invested in the stock and damages of \$10,000.

#### BRECK INSTALLING FIRE ALARM SYSTEM

BRECKENRIDGE, March 22.—All materials for the installation of the Breckenridge fire alarm system with the exception of one generator arrived here yesterday morning and the installation of the twenty fire alarm boxes will be started at once, Chief Smalley announces. The system will also include four klaxon horns. The boxes will be installed on Elm, Walker and Williams streets only, it is stated.

#### PLATEAU GETS WELL

EASTLAND, March 22.—The Plateau Oil company's well on the Beard tract northeast of town has been drilled into the Ranger sand at 3,630 feet, and according to reports is now standing 1,500 feet in oil, but without sufficient gas pressure to make it flow. It is estimated that the well will be a 100-barrel producer when completed.

#### DOCTORS SAY PARRISH HAS 50-50 CHANCE

WICHITA FALLS, March 22.—Congressman Lucian W. Parrish, who has been in a critical condition from injuries sustained last week in an automobile accident, has an even chance for life, physicians declared today. "Mr. Parrish is conscious and taking nourishment. The fact that he is holding his own is in his favor. He has a fifty-fifty chance to recover," says a bulletin issued shortly before noon today.

PUBLIC OPINION BUNK.  
Public opinion, it is said, has won  
the fight for the arms conference  
treaties.

Possibly public apathy is a better  
term, for it is doubtful if the public  
has actively mixed in discussion of  
the subject. The dear people have  
long since learned that its opinions  
amount to as much as a feather in a  
whirlwind, so far as deciding on a  
policy is concerned. It was a known  
fact that whatever treaties were de-  
cided on by Harding's appointees  
would be approved by a Republican  
senate. It makes no difference if they  
are the same in substance as Wilson's  
league of nations, which the G. O. P.  
thought so opprobrious. It makes no  
difference how logical the objections  
to the treaties. They were foredoom-  
ed to passage, so why should the pub-  
lic addle its brains over them?

Besides that, there are so many  
considerations affecting such al-  
liances that the public is really un-  
able to weigh them. The treaty pos-  
sibly means lower taxes, for one  
thing. And that is desirable. Coun-  
terbalancing that is a natural pride  
in a strong fighting force and a dis-  
trust of Japan, which is felt through-  
out the West, at least.

That distrust would normally make  
for fear and an insistence on protec-  
tion. But these do be such parlous  
times, nationally and individually,  
what with wars and hijackers and  
self-appointed floggers, that safety is  
not so important as it once was.  
There is a disposition to take a  
chance. If the treaty is respected by  
Japan, money will be saved. If the  
treaty is not respected, we will get  
mad, and proceed to give Japan a  
licking, whether or not we have a  
navy to start with. Therefore the  
public apathy which has decided the  
treaty issue.

Meanwhile, Eastland county road  
workers continue to revel in luxury  
on the munificent stipend of \$2.25 a  
day. But none of the road work  
pacts have provided for any decrease  
in taxation.

The origin of the human race isn't  
bothering most of us half as much  
as its ultimate destination.—Birm-  
ingham Age-Herald.

Washington Post.

Another trouble is that Volstead  
and temperance don't mix.—Washing-  
ton Post.

HARDING WILL  
AGAIN APPEAL  
TO OPERATORS

STRIKE SUMMARY.

With miners' leaders gathered  
at Cleveland for a council of  
war on the tie-up ordered for  
March 31, federal officers today  
are considering means of averting  
a second walkout of 600,-  
000 miners. President Harding  
may issue a public appeal to the  
miners and operators to get to-  
gether in a national peace confer-  
ence and settle their differenc-  
es in wages and hours. The  
miners accuse the operators of  
refusing to meet them, and  
hence the order to suspend  
work.

International President Lewis,  
in New York, today said he ex-  
pects the tie-up to be 100 per  
cent effective. Union officials  
at the Indianapolis headquarters  
of the organization said every  
effort would be made to make  
the strike peaceful and orderly.  
Reports from the mine fields in-  
dicate that the workers have re-  
ceived the order without any ex-  
citement.

WASHINGTON, March 22.—Presi-  
dent Harding is considering a final  
appeal to coal miners and operators  
to set aside their differences and avoid  
national suffering, to be made within  
the week. It is learned authorita-  
tively that the President is inclined  
toward such a move as a final effort  
to draw the bituminous operators into  
a national peace conference and en-  
hance the chances for settlement of all  
disturbances.

Harding has consulted Attorney  
General Daugherty, it was learned to-  
day, as to what legal rights he has in  
inviting the operators to a confer-  
ence. Daugherty told him, it is re-  
ported, that he knew of no legal steps  
that might be taken at any time be-  
fore the fuel supply of the nation is  
imperiled by the walkout.

ANTI-TRUST LAW DANGER  
BLOCKS MINE AGREEMENT?

WASHINGTON, March 22.—Bitu-  
minous coal operators who see danger  
to themselves from anti-trust law  
enforcement if they confer with the coal  
miners in a national agreement to fix  
wages were declared to have set up a  
"smoke dream," in a statement issued  
today by the United Mine Workers.  
The statement referred to an address  
by George H. Cushing, managing di-  
rector of the American Wholesale  
Coal association here yesterday, in  
which the alleged legal danger case  
was disclosed.

BOY INJURED WHEN  
MAD STEER ATTACKS  
SCHOOL CHILDREN

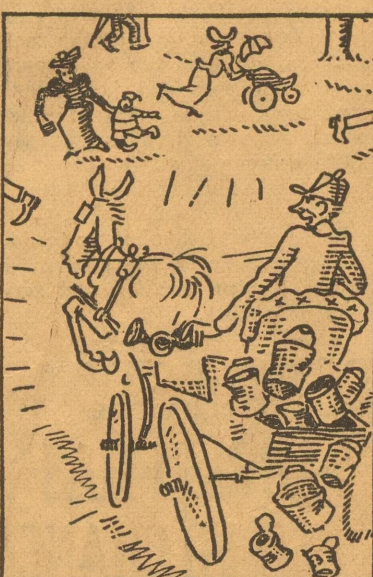

CLARKSVILLE, Texas, March 22.—  
George Cook Knight, 11 years old,  
was painfully injured and a horse  
belonging to E. H. Williams was  
probably fatally gored by a mad steer  
in Avery Tuesday. The animal was  
one of a large number driven through  
the town for shipment.

In coming into town from the riv-  
er section the animals were driven  
near the public school grounds where  
a number of children were playing.  
The steer ran into the crowd and  
tossed George Cook Knight several  
feet into the air, gored a horse and  
lunged at several children.

The animal was shot and killed by  
Deputy Sheriff Meadows before it  
reached the entrance to the school  
building.

DOG HILL PARAGRAPHS

By GEORGE BINGHAM

Cricket Hicks fooled some of his  
friends Wednesday afternoon when  
he placed a lot of empty tin cans and  
buckets in his buggy, attached a horn  
to the spatter-board and drove right  
fast down the road, and of course  
everybody thought he had bought a  
second-hand auto.

If everybody along the rural mail  
routes would move about until they  
were lined up in alphabetical order  
it would be much easier on the mail  
carriers.

Sile Kildew says one disconven-  
ience about talking a heap is that  
your pipe goes out, and half the time  
you haven't got another match.

SIX TRAINS OF  
MENNONITES ON  
WAY TO MEXICO

By United Press.  
EL PASO, March 22.—With the  
arrival of six trainloads of Mennon-  
ites who are immigrating from Can-  
ada to Central Chihuahua, it was of-  
ficially announced that fifty trains of  
colonists will make the move this  
summer. The six trains carry 1,168  
persons, who will start the settle-  
ment at San Antonio, Chihuahua. It  
is understood another division of  
Mennonites is engaged in negotiating  
for land near San Luis Potosi.

RANGER MOOSE LODGE  
CHOOSES NEW OFFICERS

All Ranger Moose are urged to at-  
tend the regular meeting Monday  
night of the Ranger Lodge 928, re-  
organized here last Monday with D.  
T. Cunningham as the new head.  
Frank J. Hill has been chosen vice  
dictator of the lodge and plans are on  
foot to make the Ranger lodge one of  
the banner organizations of the state.  
J. H. Kraner, grand lodge representa-  
tive, stated this morning. The Moose  
lodge has never died out, Mr. Kraner  
explained, but had merely become in-  
active.

The meeting Monday night will be  
held at 8 o'clock in the I. O. O. F.  
lodge rooms on North Rusk street.

As in England, the women in Ger-  
many have generally been forced to  
relinquish their jobs to ex-service  
men.

MITCHELL CO. WELL  
IS INCREASING FLOW

COLORADO, March 22.—The Mor-  
rison No. 2 flowed 300 barrels Mon-  
day without agitation. The well made  
five heads during the day and during  
two of these flows oil was thrown  
above the crown block. Before giv-  
ing a shot of nitro several days ago  
the well never made more than two  
flows every twenty-four hours. Since  
the shot production has shown a grad-  
ual increase.

Drilling will be resumed on the  
Smith No. 1, five miles west of Colo-  
rado, by April 1. Materials for re-  
placing the derrick, which burned  
down a few days ago, arrived from  
Ranger Monday morning and have  
been hauled out to the well. The derrick  
burned down when a stove in  
which crude oil was used as fuel ex-  
ploded.

YOUNGEST CO-ED IS 3.

By United Press.  
EMPORIA, Kan., March 22.—  
"Teddy" Jean Trentham, 3,  
(ed.) today holds the distinction  
of being the youngest co-ed  
in the United States.  
"Teddy" is a student at the  
Kansas State Normal school. To  
be sure, she is in the kindergar-  
ten of the school but it took a  
lot of granting of special permis-  
sion and red tape to get her even  
there.  
She was admitted when she  
convinced authorities and teach-  
ers by tests that she could "do  
the work." "Teddy" is a daugh-  
ter of Mrs. Hazel Trentham, a  
student at the normal.

PAST GRAND MASTER  
I. O. F. LODGE DIES  
AT SAN ANTONIO

SAN ANTONIO, March 22.—Death  
came suddenly this morning to one  
of the highest officers of the I. O.  
O. L. in attendance at the state con-  
vention here. Dr. B. J. Hubbard,  
past grand master of the order was  
taken suddenly ill this morning at  
his hotel with acute indigestion. At  
9 o'clock he was removed to a hos-  
pital where he died at 10:30. The  
body will be sent to Hoffman for  
burial, where Dr. Hubbard is surviv-  
ed by several children.

BRECKENRIDGE WILL  
SEEK NEW RAILROAD

BRECKENRIDGE, March 22.—Ray  
B. Leach, secretary of the Chamber  
of Commerce, is enthusiastic over the  
outlook for the Fort Worth-to-the-  
Plains railroad, a meeting in the in-  
terest of which he attended in Fort  
Worth.  
If this road is routed through  
Breckenridge, the city will have three  
direct routes into Fort Worth.

BOND TO BE ASKED BY  
EL PASO MURDER SUSPECT

EL PASO, March 22.—After pre-  
liminary hearing, Fred McClure,  
charged with the murder of Miss  
Louise Frenzel last week, will ask  
bond, county authorities believe. For  
this reason a transcript of the evi-  
dence is being rushed so it can be  
given to the grand jury for consid-  
eration Friday.

Mrs. Carrie Chapman Catt, the  
noted suffragist, has lectured in al-  
most every country in Europe and in  
every state in the United States.

Taste is a matter of  
tobacco quality

We state it as our honest  
belief that the tobaccos used  
in Chesterfield are of finer  
quality (and hence of better  
taste) than in any other  
cigarette at the price.

Plans and specifications may be obtained from John Tulloch, architect, Sherman, Texas, by depositing a check for \$10 to guarantee return of plans, etc. Bids to be addressed to V. V. Cooper, president school board, Ranger, Texas, and will be received till 3 p. m., April 10, 1922. Each bid must be accompanied by a certified check as provided for in specifications. The school board reserves the usual rights.

### COUNTY AGENT WILL SHOW HOW TO SPRAY TREES

Tree spraying equipment has been obtained by R. H. Bush, county demonstration agent, and demonstrations will be conducted in any part of the county where they are desired, it was announced this morning. The county agent explained that he had engaged a helper and would be glad to hold a demonstration on any farm where the trees are in need of spraying, provided that the owner would furnish the spraying materials and invite his neighbors over to see the work. Demonstration engagements can be made and information as to the spraying materials obtained from the agent at the courthouse in Eastland.

### RANGERS GUARD TRIAL OF TWO WACO NEGROES

WACO, March 22.—Captain Hamer of the headquarters company, Texas rangers, will meet Ranger McMordie at Waxahachie today and this afternoon the two will bring Bonnie Young and Cooper Johnson, negroes charged with the murder of W. H. Barker and wife and Homer Turk, 13 years old, at Concord, McLennan county, on the night of Saturday, Feb. 11, to Waco for trial.

### CISCO RAILROAD TO SPEND BIG SUM ON IMPROVEMENTS

CISCO, March 22.—The Cisco & Northeastern railroad, operating between this city and Breckenridge, has obtained from the interstate commerce commission the authority to make a loan for a sufficient amount of money with which to make additions to the rolling stock, to erect repair shops in this city and to balance the roadbed, it is announced by R. Q. Lee, president of the road.

An extension of the railroad from Cisco to the Pioneer oil field, in the southwestern part of Eastland county, rumors of which have been current for the last few weeks, is not being considered by the officials at this time.

Wells, Dallas; L. P. Yocham, Caddo; Bryan D. Beck, Dallas.

### DALLAS NEGRO WOMAN WINS AGAIN IN COURT BATTLE FOR MILLIONS

NEW ORLEANS, March 22.—The Louisiana supreme court has denied the claim of Frances Scott Glenn, negro woman of Memphis, Tenn., to one-half of the oil lands in Claiborne parish, said to be worth between \$15,000,000 and \$20,000,000 recently awarded to Lillie G. Taylor of Dallas, another negro woman.

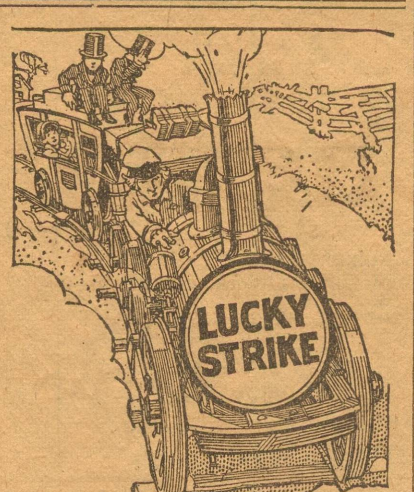

The Glenn woman, who claimed to be the daughter of Lona McGee by a second husband, sued George West, in possession of the lands when claimed by Lillie Taylor, and the Gulf Refining company, which had leased it to bore for oil, for possession of one-half of the lands and for all money realized from oil taken from the property. The court in its decision awarding the property to the Taylor woman declared that the latter was the natural daughter of Lona McGee.

The court denied the Glenn woman's suit on the ground that she could not claim the land as the property of her father, as he had not been in possession by law nor was he in possession as owner when Lona McGee died.

This is the second court fight won by Lillie Taylor in her fight for the millions of dollars' worth of oil land. Several weeks ago she won the first contest in the supreme court and was declared owner of the lands by inheritance.

At that time she was living at 304 North Hill avenue, Dallas, but upon learning of the decision, she left the city and neighbors were not informed of her destination.

Our observation is that the most positive harbingers of spring are on the ladies' heads.—Dallas News.

You take railroad travel for granted these easy days.

But remember about Stephenson and the first locomotive. A lucky strike for progress!

### LUCKY STRIKE!

### TUESDAY FIRE DID DAMAGE OF AROUND \$900

A loss of \$900 is estimated to have been sustained yesterday afternoon in the fire at Alice and South Marston streets, caused by the explosion of a jar containing gasoline. Two small dwellings belonging to Mrs. Ida Brown were totally destroyed and a two-story building belonging to Fred English was damaged.

The two dwellings were valued at \$500 and the loss on their contents is estimated at \$200. The loss on the two-story structure is estimated at \$200. No insurance is said to have been carried on any of the buildings.

Mrs. Brown told members of the fire department that the fire started when one of her small children held a match over an opened fruit jar, containing gasoline. An explosion followed, spraying the burning gasoline over the room and setting fire to the bed and other furnishings. By the time the fire department had been summoned by a small boy, the two small houses were almost enveloped in flames. The blaze was put out promptly in the two-story building but the fire had gained too great headway in the smaller houses to check it.

A volunteer fire crew of high school boys assisted the two firemen available for the actual fire fighting. Of the four men on duty at the fire hall, only one was available at the scene of the fire until the two lines had been connected at the fire plug, some distance away, and the pump started.

### SEXTON EMPLOYED TO CARE FOR CEMETERY

A sexton has been engaged for Evergreen cemetery by the city authorities and will live on the premises to keep the grounds in good shape at all times. Commissioner Hodges, who was appointed by the commission a week ago to investigate the cemetery situation, announced yesterday. A house is now being moved to the cemetery grounds for the sexton and his family, it is stated, and the work of cutting the high weeds begun. Commissioner Hodges has not completed his investigation and no report was made on the matter at the commission meeting yesterday afternoon.

### HUMBLE LOSES OIL WORTH HALF MILLION IN TANK FARM BLAZE

HOUSTON, March 22.—A \$450,000 smoke cloud was hanging along the horizon east of Houston late Tuesday. It came from 350,000 barrels of crude oil burning in two earthen storage tanks at the Wooster tank farm of the Humble Oil and Refining company at Goose Creek.

One of the tanks caught fire at 10 o'clock and shortly afterwards ignited the other. At 2:30 o'clock they boiled over into the fire walls. Firefighters reinforced these walls to prevent oil spreading. No spread of the fire was feared at 4 o'clock this afternoon, according to Humble officials here.

The oil in the two tanks will have to burn itself out, the company officials said. At \$1.30 a barrel it is worth \$450,000.

No one has been injured in fighting the spread of the flames. Blown by a northeast wind, the smoke cloud extends southwest perhaps forty to fifty miles and two miles high, according to reports from Goose Creek. Engineers here used surveyors' instruments and reckoned that the cloud is two miles high.

**THURSDAY**  
Thursday Bridge club meets with Mrs. Garrett Bohning.  
Recital in the evening at the old Liberty theatre.

**20TH CENTURY CLUB MEETING**  
The Twentieth Century club will meet Friday with Mrs. J. F. Blair.

**BENEFIT RECITAL TOMORROW NIGHT**  
Lovers of good music have a treat in the program that has been arranged for the benefit recital at the old Liberty theatre tomorrow night.

Each number on the program has been well chosen and it goes without saying that they will be perfectly executed. It is not often that one has the opportunity to hear really good flute music, so the fact that Mr. Gus Coleman, who handles this instrument like a professional, has consented to appear tomorrow night with Mrs. McCoy and Mrs. Wakefield in this recital, is creating quite a bit of interest among those who are devotees of the reed-like instrument.

The object of this recital is to raise money to defray the expenses of the federated club meeting here in April, so it is thought that everybody that is interested in this convention will come out tomorrow night and hear a good program and incidentally help in raising this fund.

**ST. MARY'S GUILD**  
The members of St. Mary's Guild had a splendid meeting yesterday afternoon at the home of Mrs. E. E. Crawford, with Mrs. P. E. Nicol as hostess. There was an unusually large attendance and after the business meeting Rev. Emerson of Thurber, conducted a Lenten service. The hostess favored her guests with a delicious salad course.

Those present were Meses. H. H. Maddren, Walter Burden, George Sturgis, Vincent Wakefield, A. J. Orth, L. A. Vandervoort, Earl Taylor, Karl Jones, E. E. Crawford, George Taggart, William Clegg, and Rev. Emerson.

**CHILD WELFARE CLUB**  
The Child Welfare club met yesterday afternoon at the Gholson hotel. This club reports that it now has milk in Central, Cooper and Young schools, where from twenty-five to fifty one-half pint bottles are being distributed a day. This milk goes to the underweight pupils and since these pupils are working in co-operation with the club in consuming the milk provided for them, it will not be long before those interested in this work will be rewarded by seeing rosy-cheeked, plump children where formerly there were pale thin ones. This is great work and the club feels very much encouraged with the success it is having in furthering it.

**EASTERN STAR BIRTHDAY PARTY**  
The third Eastern Star birthday party occurred Monday night at the Masonic temple, and this, like the others, was a most enjoyable affair. The interest seems to grow in these parties as the year grows older and each time there is a little larger crowd present than at the previous meeting.

Hostesses for the March birthday party were Meses. Blackwell, Lawson, Ward, Dreinhofer, Thomas, Jensen, Plummer, Cohn, Cox and Mr. Joseph.

The following splendidly arranged

### Pimples Keep Young Men Down!

They Make Women, Too, a Puzzle! How S. S. S. Stops Skin Eruptions Positively.

Pimples and skin eruptions have a price—you pay for every pustule, black-head, and pimple on your face, pimples produce prejudice and prevent prosperity. Your heart may be gold,

S. S. S. Will Rid You of the Crushing Pimple-Calamity.

but who wants to kiss eruptions? Pimple men don't look like the owners of anything. Pimple women, too, are puzzles, with no prospects and no power. Young men and women, here's the positive way out. Physicians and purgatives will fail. What you need is a scientific blood-cleanser. S. S. S. is one of the most powerful destroyers of blood impurities. You can prove this in a short time. S. S. S. has been passed on by a jury of millions of people just like yourself. It is considered one of the most powerful vegetable blood-purifiers and flesh-builders in existence. That's why you hear of so many underweight people putting on lost flesh in a hurry, why you hear of so many rheumatics being freed from this scourge, with S. S. S. Start today with S. S. S. and see your face clear and your skin get ruddier, your flesh firmer. It will give you a boost in your career. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

program was rendered: Reading, Miss Chaney Brashier; music, Miss Mayme Ruth Langston; solo, Miss Genevieve Armer; reading, Mr. Hale; music, Mrs. Bronstead.

After the program the same kind of refreshments that this chapter is famous for, were served and while the members ate they also visited with one another and enjoyed a social hour. The next party will be on the third Monday in April.

### W. M. U. OF EAST RANGER BAPTIST CHURCH

The Woman's Missionary union of the East Ranger Baptist church met in regular session Monday afternoon at 2:30. The manual lesson was led by Mrs. J. M. White and was a very interesting one. The attendance was good and much interest was manifested by all present in the work now being accomplished by this society.

### BAKE SALE SATURDAY

The Sunday dinner problem is being made very much lighter on Ranger housekeepers by the Saturday markets that are being held each week by the various religious societies. This Saturday the Christian ladies will hold a market at Phillips drug store, where they will also sell sandwiches and coffee.

### YOUNG SCHOOL PARENT-TEACHERS' MEETING

The Young School Parent Teachers had its first meeting since the district meeting yesterday afternoon. Miss Deffebach's room was used for

this meeting, which was presided over by the president, Mrs. C. E. Madocks. Mrs. Stubblebine opened the program with a prayer. The third grade of which Miss Deffebach is teacher, sang two songs and gave a demonstration of the Palmer system of writing which was very instructive and interesting. Mrs. George Armer made a report on the medical clinic and the nutrition classes, which was greatly appreciated. Mrs. C. D. Woods reported on the work done at the district meeting on the first day and Mrs. J. P. Scott reported on the work done on the second day. Both these reports were very full and comprehensive and echoed much of the enthusiasm that radiated during this convention. Several business matters came before the club which were attended to.

**TWELVE O'CLOCK LUNCHEON**  
At their home in the Young addition, on Thursday at 12 o'clock, Mr. and Mrs. John M. Henry entertained with an informal luncheon. For the occasion narcissus were used for table decorations, a bowl of them resting on a mirror in the center of the table reflected their own beauty, as well as sprays of the same flowers banked around the mirror. A further suggestion of spring was spring chicken, which was the piece de resistance of a perfectly appointed four-course dinner.

Covers were laid for Mr. and Mrs. Bradley Henry, Charles Ford, Mrs. C. C. Bellar, Mrs. E. L. Chaney, Miss Laura Henry, Master John D. Ford, Selma Ray and Johnnie B. Henry and the host and hostess.

**PURELY PERSONAL**  
Mayor Nolan Queen of Weatherford, was a visitor in Ranger yesterday.

Vol Davenport, an old-time resident of Ranger, but who now lives in Weatherford, is visiting in the city.

Miss Allayne Gholson of Fort Worth is visiting Miss Helen Gholson.

Frank Barhardt of Ohio, and his secretary, Dave Beyhan, are in Ranger.

Mrs. Oliver Gibson and little son arrived in Ranger last night to join Mr. Gibson, who is with Baum's Booterie. They will reside here.

Mrs. Charles Conley, who has been ill for the past few weeks, is greatly improved and her early recovery is expected.

**FLAMES SWEEP RANCHES.**  
SONORA, Sutton County, Texas, March 22.—The largest and most destructive forest fires in this section occurred Monday in the hill country near Ozona. The wind was blowing a gale from the west, probably forty miles an hour, thus making it very difficult to fight the flames.

### YOUNG COUNTY GETS 1,500-BARREL WELL

OIL CITY, Texas, March 22.—Roarck No. 1 of the Galco Oil company, two miles southeast of here, came in Monday night, marking an extension to the production district of approximately two miles. According to officials of the company, the well is flowing at the rate of 1,500 barrels daily. Production was struck unexpectedly at 3,780 feet. The nearest production is the Askew well to the northeast.
