**ARTHRITIS DRIVE TO KICK OFF . . .** The annual Muleshoe Arthritis Drive will begin in Muleshoe Monday and continue through the week. Pictured with the literature that the local Arthritis Foundation Chapter delivers to the local hospital is Mrs. Randy Johnson, a co-chairman of the drive this year. The drive will cover both in town and country homes, but will not cover the local businesses.

## Arthritis Drive To Be Held Here

The second annual arthritis drive will be conducted in Muleshoe next Tuesday, March 20 from 5:00 to 7:00 p.m. The entire week of March 19 to the 24 will be allotted to the rural areas for their campaigns.

The dual purpose of the drive will be first, to get names of those wanting free literature and other information concerning arthritis, and second, to collect funds to be used for the work of the West Texas chapter of the Arthritis Foundation, as well as for research on the national level. The residential area of the city will be covered but not the business area.

Mrs. Herbert Griffiths was named chairman of the Arthritis Foundation for Bailey County for

this year, but was called out of town, due to illness in the family. Carrying on the drive in her place will be "steering committee" members, Mrs. Sam Damron and Mrs. Randy Johnson.

Team captains for the city of Muleshoe are Mrs. Harold King, Mrs. Sam Fox, Mrs. Mike Miller, Mrs. F. H. Gable, Mrs. Owen Jones, Mrs. John Smith, Mrs. Doyce Turner, Mrs. J. B. Fowler, Mrs. Rufus Gilbreath, and Mrs. Eugene Howard.

Area team captains include Mrs. Bobby Kindle, Maple and Stegall; Mrs. Raleigh Mason, west of Muleshoe; Mrs. Nowlin Harlin, Bula; Mrs. Lewis Wayne Shafer, Needmore; Mrs. Kenneth Precure, Y. L. Community; Mrs. Oscar Allison, Pleasant

Valley; Mrs. E. W. Locker, Progress; Mrs. Dean Waltrup, Enochs; Mrs. Buster Kirell, Longview; Mrs. David Stovall, north Clovis highway; and Mrs. Virgil Nowell, West Camp.

Mrs. Damron states that arthritis is second only to heart disease as the most prevalent illness in the U. A. today and that there are 100,000 diagnosed cases in West Texas alone. The steering committee is hopeful that the arthritis drive this year will exceed the \$ 1,200.00

collected last year for Bailey County. If at any time one wishes to make a memorial donation to the Arthritis Foundation, he may contact Mrs. Lloyd Killough.

### Jaycee Clowns Devote Time To Cheering Lonely Children

A hospital can be a lonely place for a child. The Muleshoe Jaycees have now instigated a new project that brings joy to children's wards and other lonely places.

The Jaycee Clown project has brought hours of fun and happiness for hundreds of children in several local hospitals and the Lubbock State School.

Dressed as clowns and shouting mirth and laughter, several Muleshoe Jaycees have volunteered a few hours of their time to give to those in need.

Originally started by the Pasadena, Texas Jaycees, it soon became a state Jaycee project and was then adopted by the Muleshoe Jaycees.

At the present time there are six Jaycee Clowns, Jimmy Bruton, Carter Reed, Gene McGuire, Bill Russell, Charles Moraw, and Gary Shipman.

passing out balloons and just visiting with the children. At Christmas time last year, the clowns distributed gifts to the needy families in Muleshoe.

They are planning a visit to the Muleshoe Nursing Home in Muleshoe later this month and some trips to orphanages in surrounding cities.

The clowns are available to visit various hospitals, nursing homes, children's homes and community events without obligation.

Their services are free of charge and they welcome suggestions for their services.

These men find time to participate in these projects after work at night and on weekends at their own expense.

They make their own costumes and their makeup is professional clown makeup. The clowns also use professional clown ethics.

Gene McGuire, chairman of the project in Muleshoe, reports that it takes from 45 minutes to an hour to apply the

makeup that eventually becomes the clown face. Then it takes approximately 30 minutes to clear off the makeup.

The Clowns offer a variety of Cont. on Page 3, col. 2

**EVERYONE IN THE CHURCH THE CHURCH IN EVERYONE**

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

### State Contest Held In Houston This Year

Last week, March 8, 9, and 10, Boyd McCamish, Beverly McCamish, Rhonda Manasco, Coordinator Mark Gist, and Mrs. Frank McCamish went to Houston to attend the DECA State Contest. 2700 students from DECA Chapters all over the state attended this conference. On Thursday, March 8, there was a 'Get Acquainted' Party at 8:00 p.m.

Friday, March 9, those students participating in contests such as Public Speaking, Sales Demonstration, Job Interview, Display, and Advertising competed against each other for the final State winner to be determined. At 7:00 p.m., a business meeting was held to discuss proper parliamentary procedure and to elect new state officers.

On Saturday, March 10, everyone attended a program called "A Sales Blast" when a guest speaker gave a history of selling

and various techniques of selling. At approximately 9:00 p.m. an Awards Ball was held to conclude the 1973 State Conference. It started with a "bang" and ended with a "blast"!

The three students who attended worked hard and had fun in between times. They had the opportunity to meet and talk with several of the students from various high schools all over Texas, which was great. It was a great experience and everyone had an enjoyable time. We would like to extend our special thanks to Mrs. McCamish who took time out of her busy schedule to sponsor this trip.

### Muleshoe Educators To Attend TSTA Convention

Five Muleshoe educators are planning to attend the 94th annual state convention of the Texas State Teachers Association March 22-24 at the Houston Convention Center.

They will be among the 11,000 TSTA local association members and guests expected to attend. One of the Muleshoe teachers, Mrs. Norma Jo Prather, will be official representative to the 1973 house of delegates. That is the state association's governing body, which will meet twice during the convention to act on proposed amendments to the TSTA constitution and conduct other business.

The 1,422 official delegates are elected from the 470 TSTA local associations throughout the state. They are certified

by districts on the basis of one delegate per 100 members or fraction of 100, to represent the 156,000 members of TSTA. Every local association is entitled to at least one official delegate.

Murry Banks, noted psychologist of Midland, Michigan, will give the keynote address for the convention at 7:30 p.m. Thursday, March 22.

Sir Ronald Gould, British educator, will speak at the second general session at 9:30 a. m. March 23.

The Muleshoe delegation will include Mrs. Lucy Faye Smith, Miss Virginia Bowers, Mrs. Norma Jo Prather, Mrs. Wayland Ethridge and Neal Dillman.

This month's D. E. student is Eddie Ellington. Eddie is the son of Mr. and Mrs. Carl Ellington. They reside at 224 East 8th Street.

Eddie has been employed at Cobb's Department Store for two years.

His activities and special interests include DECA, FTA, Art Club, Demolay and girls. He was chairman of the Halloween Booth for DECA. He has also participated in Area Contest his Junior year for DECA.

After graduation Eddie plans to find a full-time job. His comment on D. E. was, "DECA has helped me in many ways. It has helped me to expand my knowledge of business management. I have also gained valuable experience through my job. DECA is neither a classroom course nor a job course. It is both. Without one, the other would be worthless. Thanks to my employer, Roger Albertson, and my coordinator, Mr. Gist, I have now found a place for myself in the field of distribution."

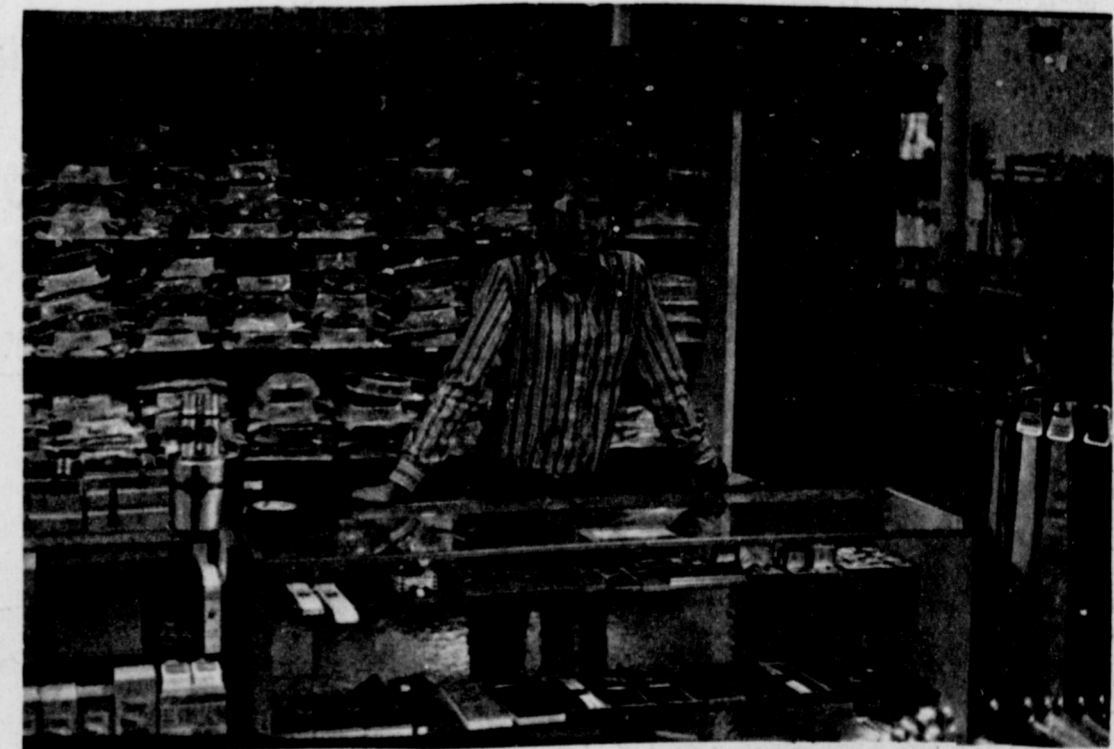

Give the other man credit for some sincerity of purpose and you might be able to understand him better.

# STATE Capital NEWS

By BILL BOYKIN

AUSTIN, TEX. --Top Legislators have settled down to the budget-writing job which will decide whether lawmakers--and the taxpayers--will be confronted with a tax bill this year.

Gov. Dolph Briscoe said new taxation must be avoided--for the second legislative session in 20 years--and offered a budget which would require no new revenue.

Further, the Briscoe budget would leave \$300 million in unobligated funds on the table to meet unforeseen court developments in the public school finance case and uncertainties of welfare spending requirements.

Briscoe's no-new-tax proposals met generally favorable reaction from legislative leaders and rank-and-file legislators, although some differed with him on specifics.

The governor delivered to a joint session of the House and Senate a \$9.6 billion biennial appropriation recommendation--\$391.6 million above the present level of general revenue outlays and federal revenue-sharing income.

Even with the addition and the holding back of \$300 million, Briscoe was \$171.1 million under former Gov. Preston Smith's last budget draft for 1974-1975, and \$91.6 million below the Legislative Budget Board's recommendations.

He recommended \$240.3 million more for education; an \$111.3 million increase for the state departments and agencies; \$29 million more for public health, hospitals, mental retardation and youth institutions and \$11 million more for the courts and legislature.

While governors' budget recommendations are generally ignored, Briscoe's were promised careful review, although House and Senate appropriations bill drafters had already concluded their hearings when he offered his set of figures.

EDITORS HERE FOR INTERVIEWS--Texas newspaper editors will converge on Austin Monday, March 19, to seek "editorial" and "column" material. Legislative Day for editors will feature meetings with Governor Briscoe, Lt. Gov. Bill Hobby, Speaker Price Daniel Jr., Sec. of State Mark White and Atty. Gen. John Hill--and hometown legislators.

Current issues of interest to Texas editors and publishers include revision of the Constitution, judicial reform, penal code reform, drug laws, election laws and "reform legislative package" by Speaker Daniel. It includes revisions of the Open Meetings Law, Free Flow of Information Bill--newsman's privilege measure--and Open Records Bill.

INFORMATION BILLS TO ADVANCE--Lieutenant Governor Hobby said he is optimistic that a strong press "shield" law and a tougher open meetings bill will clear the senate soon.

The lieutenant governor said the shield law will not only protect newsmen from having to divulge sources of confidential information but also will grant privilege to all information they obtain in the course of their official duties.

HB 10 -- the House-passed shield bill -- got a rough reception in the Senate Jurisprudence Committee last week, but

Sen. Chet Brooks of Pasadena said that doesn't mean it is log-jammed there.

"The hearing just provided an opportunity for some members of the Senate to vent their hostility against the press," said Brooks.

Sen. A.M. Aikin of Paris is the sponsor of the broader shield bill which provides that no newsman can be forced to disclose any information received or any source of information obtained in the course of new-related activities. The privilege would be no protection in actions for libel, slander or invasion of privacy.

ETHICS CONFERENCE SET--Former State Sen. Jack Strong of Longview was designated by Hobby as chairman of a March 20-21 Citizens Conference on Ethics in Government here.

About 150 citizens have been invited to attend the Austin session and provide a "grass-roots input into the legislative process."

"To be meaningful," said Strong of the conference, "it must explore not only the ethics of legislators, but the ethics

of the citizens as well, since the legislature is merely a reflection of the more advanced society."

COURTS SPEAK--The Supreme Court declined to overturn San Patricio County land claims involving thousands of acres and millions of dollars in spite of an attorney general's contention that the case may deprive the permanent school fund of all unsurveyed public school land.

In other recent rulings, the Court held:

\*The Fort Worth Court of Civil Appeals was right in ordering uninsured motorist benefits paid to a man injured when his brother's car, on which he was working, was struck by an uninsured driver.

\*Lower courts should be reversed in holding that a Corsicana district judge is qualified to hold his office although he has not practiced law or been a judge for four years before election. The High Court itself refused to decide.

APPOINTMENTS -- Governor Briscoe named Frank G. Evans III of Houston associate justice of the First Court of

Civil Appeals, to succeed Tom F. Coleman who resigned. The Senate promptly confirmed Evans, who was a Briscoe Campaign aide.

Briscoe reappointed Brig. Gen. Willie L. Scott of Austin and Col. Belisario D.J. Flores of San Antonio as assistant adjutants general for the Army and Air National Guard, respectively.

LEASE SALE NETS \$7.4 MILLION--An oil and gas lease sale on state-owned lands--largest since 1966--brought the

state \$7,451,278 in bonus payments for the permanent school fund.

Land Commissioner Bob Armstrong said renewed interest in oil and gas production on state lands is due largely to increased demands for energy fuels.

A total of 113,737 acres were leased at an average per acre price of \$65.51.

For the first time in recent years, the highest bid was over one million dollars. Houston Oil and Minerals Corporation bid \$1.5 million for 394 acres

in a Galveston County sub-merged tract.

Indians criticize long neglect of problems.

NAVY IN RED

The Navy told Congress recently it illegally went more than \$100 million in the red on personnel moving cost. The Navy estimated it overspent \$8 million in fiscal 1969, \$72 million in fiscal 1971 and from \$15 million in fiscal 1972.
