## Weekly Contest Winner --

# Gaye Coffman Finds Winning Combination

Gaye Coffman of Farwell came up with the winning combination of guesses in last week's Merchants Football Contest. Even though there were several unpredictable upsets in last week's games, Gaye picked nine games correctly. Lynn Kittrell came in second with eight correct guesses and was only three points off on the tiebreaker scores. Third place was won by Ronnie Rogers who also got eight right, but was four points off on the tiebreaker.

Overall leaders in the contest to date with 20 points are Charles Dannheim, Kevin Hardage and Omata Scott. In second place with 19 points are Fern Christian, Gaye Coffman, Terry Craft, David Dannheim, Glenn Marsh, Don Owens, Bunk Phillips, Thad Phillips, Truitt Smith and Elaine Wardlaw.

Third place leaders are Rubie Craft, Mrs. H. R. Crook, Lorine Dannheim, Carolyn Davis, Greg Hargrove, Danny Ivy, Mrs. Albert Johnson, Lisa Kittrell, Jerry Mathis, Mrs. Bill Moss, David Norton, Dorothy

Quickel, Dutch Quickel, Vernon Scott, Jo Walker, Mitz Walling, Kle Watkins and Jim Wilman with 18 points. Last week, the Tribune inadvertently neglected to identify the man in the picture presenting Mrs. Albert Johnson her check. Carl Glenn Davis of Piggly Wiggly presented the check for first place to Mrs. Johnson. Winners of the first three places each week are awarded prizes of \$5, \$3, and \$1, respectively. Grand prize winner for the 12-week contest will receive two tickets to the Cotton

PROUD WINNER OF this week's football contest is Gaye Coffman, left, daughter of Mr. and Mrs. E. R. Coffman of Farwell. She is being presented a \$5 check by Bobbie McFarland, right, of Bobbie's. Gaye picked the winners of nine games correctly. Second place weekly winner was Lynn Kittrell. In third place was Ronnie Rogers. Both guessed eight games correctly, but Kittrell came closest on the tiebreaker game with three points off while Rogers was close behind with only four points off.

Last week's football contest apparently turned out to contain a number of upsets. At least that was the way the local seers viewed it. An average score was in the neighborhood of four right with more than the usual number of just one righters.

Dumas, of course, let the local prognosticators down when Tascosa rolled over them. Also, Palo Duro's victory over Hobbs was unforeseen locally.

In the college ranks, many folks missed all three games with the large majority falling to see the possibility of Colorado beating Ohio State. We would have failed to see it also had we been called upon to wager a bob or two on that particular game.

This low scoring week keeps the contest wide open for most anybody, including latecomers on the list. It also might just point up that sometimes the less you know may be the better off you are. But, we fail to see how some "experts" could know any less.

Early last month, the President announced his price-wage freeze program along with a series of economic measures and recommendations to the U. S. Congress. The President by Executive Order was able to immediately implement many of his programs, but many were also subject to Congressional action and legislation.

To date our Congress has been mired down in political squabbling, petty bickering and jockeying for political position. Precious little has come from these overpaid, so-called representatives of the people.

What I as come from them has only been an unseemingly scramble to give away more of our precious tax dollars to the unproductive ne'er-do-wells already wallowing in unprecedented luxury at the taxpayers' expense.

In debating on the proper economic measures to be enacted, much has been said about our balance of trade deficit and ways we might correct the existing situation.

Nothing has been said about past Congressional action that has added to and compounded our sorry international financial position. We are referring to the action of our liberated ecologists in killing the American SST program and thereby losing us a sizeable chunk of foreign capital.

In 1970 our exports of all civil aircraft exceeded \$2.5 billion. Large jets and their parts accounted for \$1.5 billion of that. The exporting of just one jumbo jet offsets the import of 12,000 small cars. In the past 12 years U. S. aircraft industry sold more than \$9 billion worth of goods overseas and that U. S.-built aircraft constitutes 82 per cent of all free world jet aircraft.

In the past, the United States was slow in developing jet transports but it wasn't long until the world recognized the superiority of American technology and quality control. It would not be unreasonable to assume that the same overwhelming use of an American-made SST by the world airlines would not also occur.

Now, however, thanks to Congressional political pandering, this will not occur and the good old U. S. will lose a goodly chunk of trade credits. This, of course, will never be mentioned in the political demagoguery flooding the Capitol's halls. Only the hackneyed refrain of "kick him out" and "elect me" will be heard from our so-called statesmen in Washington.

In the meantime in foreign money marts, the once proud United States dollar will continue to shrink in value. It's always "politics above all."

who correctly picked eight games but were too far off on the tiebreaker game to place in the winner's circle are Billy Watts, Lisa Kittrell, Glenda Sublett and Jack Wardlaw.

Last week's picks brought some of the lowest correct guesses in the history of the annual football contest. The average number of correct team choices was just a little over four.

## Texas DPS To Offer School

Texas Department of Public Safety will offer a school to the public concerning new laws recently passed by the 62nd Legislature.

The schools will be of special interest to area farmers in regard to the pulling of trailers, but all persons interested in finding out about the new equipment laws are encouraged to attend.

Oct. 5 is the first date for the school, which will be taught by Highway Patrolmen. It will be held at 7:30 p.m. in the high school cafeteria at Friona.

The next school will be held Oct. 7 at 7:30 p.m. at the Bovina high school cafeteria. Highway Patrolman Glenn Fant said the officers will try to answer all questions concerning the new laws.

Fant stressed participation in the school. He said if enough persons attended the first two schools, a school would be scheduled in Farwell in the near future.

OPEN HOUSE -- Approximately 75 persons attended the open house at Gregory Medical Clinic in Farwell Sunday afternoon, sponsored by the Farwell Chamber of Commerce and Agriculture. Mrs. Don Williams, center, serves punch while Mayor and Mrs. Elmer Hargrove, left, and Chamber President Don Williams greet Mr. and Mrs. Bill Nance, right, and other area residents who were present to view the clinic facilities and meet Dr. and Mrs. Jerry Gregory. Other Chamber wives who helped host the event were Mesdames R. W. Anderson, Glenn Marsh, Charles Aycock, John Getz and Jim Berry.

## For Robbery Suspect --

# High Speed Chase Starts In Farwell

Texas Highway Patrolman Glenn Fant received an all-points bulletin over his car radio Monday afternoon at 2:30 p.m. The Tape Deck store at 1304 Main in Clovis had just been robbed and Clovis police were sending out a description of the car in which the alleged robber fled.

Fant hurriedly set up a roadblock at a fruit stand on Highway 60 near the Twin Cities. He stopped everyone coming through until approximately 4 p.m. He was armed with a shotgun.

Then the car, which matched the description given him by Clovis police, plunged through his roadblock attempting to run over him.

He took up the chase which led to Bovina with both vehicles traveling at speeds usually topping 110 m.p.h. Highway Patrolman Jack Walker of Friona was in Farwell at the time the suspect sped through the roadblock. He also took up the chase following Fant and the fleeing suspect.

When the suspect reached the Bovina roadblock set up by City

Marshal Ronald Mitchell, he went through it and kept going toward Friona.

Mitchell joined Fant and Walker in the chase after the running of the roadblock in Bovina. The suspect was apprehended at a roadblock set up near Friona when his tire began to go flat and oil started leaking from his car.

Several shots were fired at the car at each of the roadblocks before the car stopped at the Friona roadblock. At this time, the suspect's car failed due to lack of oil which apparently escaped through a bullet hole in the bottom of the car.

Friona Chief of Police Bill Denney and City Patrolman Bill Lucas were responsible for setting up the roadblock near Friona.

The suspect, Frederick Lee Talbot, 38, was taken into custody in Friona and later returned to Parmer County jail in Farwell. He is being held under \$10,000 bond set by Judge Archie Tarter and is expected to be extradited to Clovis on robbery charges.

Bowl football game in Dallas on New Year's Day and \$50 expense money. Second prize is two tickets to the Sun Bowl game in El Paso and \$25 expense money. Two persons with the highest number of points at the end of the contest will receive the top two prizes. Entry blanks should be turned in to the Tribune office by 5 p.m. Friday afternoon. Mailed blanks should be postmarked by 5 p.m. Friday.

Only one entry blank per person is allowed. Entrants should be 12 years of age or (Continued on Page 2)

## By State Order --

# Texico Fire Chief Resigns Last Week

At a special session of the Texico City Council Wednesday, Sept. 22, the resignation of Texico Fire Department Chief Lewis Cooper was ac-

cepted. Chief Cooper submitted his resignation in compliance with a letter directed to the City of Texico by Deputy State Fire Marshal W. T. Aldridge of Santa Fe.

The letter from Aldridge was received by the city council of Texico last week and it pointed out that the state laws prohibit the chief of a New Mexico fire department from living out of state. Cooper has been living in south Farwell for some time. The letter also pointed out that the Texico Fire Department could not participate in the New Mexico fire department fund if it allows its equipment to be taken out of the state.

It has been the practice of the Texico and Farwell volunteer departments to render mutual help in the area if the magnitude of the emergency warranted such use and cooperation.

At a regular meeting of the Texico City Council Tuesday, Sept. 28, a resolution by Trustee Bill Christian was discussed which would authorize the City Attorney to contact the elected representatives from Curry County and to try to work out a solution which would be in keeping with the needs of the community.

It was pointed out that the

ability to cooperate between the Texico and the Farwell departments would be beneficial to both communities, and in the long run provide better fire protection for all concerned. This, it was felt, was the aim of fire departments.

Bill Thigpen of Texico accepted the position of Texico Fire Chief on an interim basis until the city council could appoint a permanent chief with the advice of the department members.

Trustee Donald Callouet noted that this was a good time for the citizens of Texico to realize the value of the department to the city and for more local people to join the department and give the department their support.

Texico currently enjoys the lowest fire insurance rate possible without having a paid department. It was also noted that losing the low rate would result in substantial fire insurance premium increases by everybody in the town.

The City Council concluded its meeting with its regular end-of-month business. City officials present for the meeting were Mayor Perry Winkles and Trustees Bill Christian, Donald Callouet, Wesley Engram and M. E. Turnbough.

2400 LIGHTBULBS will be on sale at 5:30 p.m. Tuesday, Oct. 5, when the Texico-Farwell Lions Club members start canvassing the towns of Texico and Farwell. Jim Rogers, left, and Otis Huggins, both accomplished salesmen and Lions Club members, will be joining their fellow members in selling the 60, 75, 100 and 125-watt bulbs for \$2 for a package of six, or eight bulbs for \$2.50.

## Coronation Set Oct. 8 --

# Homecoming Bonfire Scheduled Oct. 7

Homecoming festivities at Farwell High School will begin Thursday night, Oct. 7, at 8 with a bonfire to be held between the baseball field and bus barn.

Freshman class is in charge of the bonfire. They will be responsible for obtaining the wood and building the bonfire.

Farwell High School pep club, cheerleaders, and band will attempt to rouse the spirit of the crowd at the pep rally and bonfire by entertaining with cheers and music. Avid supporters are expected to join in the fun and yell along with the group.

To keep the spirit high, a pep rally will be held at 3:15 p.m. Friday, Oct. 8, at Farwell High School gymnasium. Everyone is urged to attend.

Highlight of the 1971-72 homecoming festivities will be a coronation ceremony held prior to the Steers' game against Happy. The ceremony is scheduled to start at 7:30 p.m. with Farwell High School and Junior High bands, under the direction of Lynn Burton, providing accompaniment.

The bands will march to the

center of the field and take the shape of a heart for the coronation ceremony. They will play "More" from Mondo Cane during the crowning of Homecoming Queen and Pep Club Beau.

Homecoming Queen candidates are Joi Meeks, freshman, daughter of Mr. and Mrs. Billy Meeks; Leslie Norton, sophomore, daughter of Mr. and Mrs. Darrell Norton; Sandra Ensor, junior, daughter of Mr. and Mrs. James Ensor; Phyllis Jones, senior, daughter of Mr. and Mrs. Phil Jones; and Debra Flowers, candidate-at-large, daughter of Mr. and Mrs. William Flowers.

Pep Club Beau candidates are Mike Deel, freshman, son of Mr. and Mrs. Richard Deel; Kevin Hardage, sophomore, son of Mr. and Mrs. Gene Hardage; Ray Norton, junior, son of Mr. and Mrs. Darrell Norton; Larry Erwin, senior, son of Mrs. Mildred Erwin; and Mike Travis, candidate-at-large, son of Mr. and Mrs. Harold Travis.

Queen candidates are chosen (Continued on Page 8)

## Three-Day Rains Wet Entire Area

A rainy spell, lasting Wednesday, Thursday and Friday of last week, brought approximately 1 1/2-2 1/2 inches to the entire area around Texico and Farwell.

Amounts ranging from 1 1/2 inches near Lariat to 2.3 inches in an area north of Texico were reported during the three-day rainy period marked by slow, drizzly rains and cool temperatures.

Although farmers appreciated the moisture, most were apprehensive about the moisture continuing. Prospects looked better as clouds disappeared over the weekend and warm temperatures prevailed the first of this week.

In an area south of Farwell, an amount of well over an inch was reported last Friday morning before the rains had stopped. The area northeast of Farwell was reported to have received 1.6 inches of moisture.

In the Oklahoma Lane area, reports of 1.7 inches were received Friday morning before the rain had stopped. Texico-Farwell received approximately 1.7 inches of moisture.

Larger amounts of rainfall were reported in areas south and north of Texico. A report of 2 1/2 inches south of Texico was received Friday morning.

## Band Cookbooks Are Selling Now

Band cookbooks which had been re-ordered have arrived and are on sale by the Farwell Band Boosters, reports Mrs. R. J. Garner. Anyone interested in obtaining one is asked to call Mrs. Julia Symcox at 825-3693 or Mrs. Jenny Blankenship at 825-2332.

**WOW! WHAT A SEASON! ---** A new sports season has started, but some still remember what a great season the Twin Cities had this summer. Texico-Farwell Rotary Club members helped the Little League and Pee Wee teams celebrate the end with a hot dog feed in mid-July. Sammie Sanchez, son of Rudolph Sanchez of Texico, is asking for more ice cream in the picture at left. In the right picture, Jerry Bradley, left, son of Mr. and Mrs. Charles Bradley of Texico, Alldridge Insurance Team, and Benito Rivas, right, son of Mr. and Mrs. Jose Rivas of Texico, Kelly Green team, are discussing the results of the previous season.

**Hospital Notes**

**Farwell Girl Picked As Student Senator**

Mrs. Lynn Burton of Clovis, wife of Farwell band director, Lynn Burton, has been hospitalized since Monday, Sept. 20, in Clovis Memorial Hospital. Mrs. Burton, who underwent surgery last Tuesday morning, is expected to return home Thursday (today).

Vicky Kaltwasser, daughter of Mr. and Mrs. Walter Kaltwasser of Farwell, has been elected to represent De Baca Hall as its student senator in the Associated Student Body on campus.

Mrs. Bernice Thigpen of Texico returned home Sunday morning after being hospitalized in Clovis Memorial Hospital since Friday, Sept. 24. She is reported doing satisfactorily and is expected to be up and around after a few days bed rest.

Miss Kaltwasser, a junior elementary education major, will represent 287 girls in student government on campus. She has also been elected as a senator for De Baca Hall Student Senate, vice-president of National Student Education Association, Dean's Honor Rolls and is an active member of the Baptist Student Union. Student Association President Gary Blakely, in announcing the achievement, said, "We are proud to have her as a student leader, and know she will contribute greatly to the student body for the coming year. We feel like the contributions she is making to her college are important to her community too," he concluded.

Mrs. Doyle Ford of Farwell has been a patient in Clovis Memorial Hospital since Wednesday, Sept. 22. She is reported doing fine after undergoing surgery and is due to be released in the next few days. She will be recuperating at her home for approximately six weeks.

**Young Gentlemen Learn Football Early**

Approximately 60 youngsters enrolled in the physical education programs in Farwell Elementary and Junior High Schools are learning the fundamentals of one of the area's favorite sport, football.

Both fifth and sixth grade boys are taught by Larry McDorman who asked the boys early in the year what they would like to do in their class. Previously, the class was a series of exercises to keep the boys in good physical shape. Since enthusiasm is high with high school, college and professional football teams in action, the boys immediately decided they wanted to learn how to play football.

four teams into which the boys have been divided. The names are remarkably similar to those of some famous professional teams.

Each Saturday morning two of the teams will be playing against each other, according to Coach McDorman. Last Saturday, the Packers and Cowboys battled each other.

Whoknows, this may be the secret to a state-bound team in later years. Whatever the result, these boys are learning sportsmanship and brotherhood.

Shoes and mouthpieces are furnished by the boys themselves. School uniforms and other equipment used belongs to the athletic department. Some uniforms and helmets are furnished by the boys who are too small to wear those belonging to the school.

The boys are learning how to play by dividing up into teams. There are approximately the same number of sixth and fifth graders on each team.

Packers, Cowboys, Bears and Chiefs are the names of

**4-H Banquet Set Saturday**

Parmer County 4-H members who have completed their record books, and leaders, sponsors and donors are invited to attend the annual Parmer County 4-H Achievement Banquet to be held Saturday, Oct. 2, at 7:30 p.m. in Bovina School cafeteria.

Kevin Kaltwasser of Farwell will be master of ceremonies. Parmer County 4-H Achievement Awards will be presented during the banquet to area 4-H members.

John Pitts of Muleshoe will be the speaker. He is a former State 4-H Council chairman.

**Attends Funeral**

Mr. and Mrs. H. R. Crook and Jacquetta of Farwell attended the funeral of Crook's sister, Mrs. Floy Whitcomb, in Trinidad, Colo., Tuesday, Sept. 28.

Mrs. Whitcomb, a resident of Trinidad, died Sunday. She survived also by another brother, F. M. Crook of Bovina; and two sisters, Mrs. Vera Shuck of Chester, Okla., and Clara Mae Simmons of Cleveland, Okla.

**Farwell Chamber**

**In Regular Meet**

Farwell Chamber of Commerce held its regular meeting Tuesday, Sept. 28, at noon at the Farwell Restaurant.

Some discussion was held on obtaining a speaker for the annual Chamber banquet which will be in February or March. Regular business was also discussed.

Approximately 13 Chamber members attended the session.

**Loden Retires**

**From SWPS Post**

At the meeting of the Board of Directors of Southwestern Public Service Company held Friday, Sept. 24, Chairman of the Board Don Loden announced his intention to retire as chairman and director, effective at the annual meeting of the company to be held on January 12, 1972.

Loden has served at the request of the Board for two years past his regular retirement date. The Board accepted his decision reluctantly and expressed deep appreciation for his service to the company for many years. A successor has not been named.

Loden, who joined Southwestern Public Service Company in 1926, was named vice president and secretary in 1957 and became financial vice president in 1964. He was elected as director in 1965 and chairman of the board in 1966.

**A. B. Horn, Drayman --**

# Hauled Everything From Thread To Cement Blocks

by Janie Crane

A. B. Horn came to Texico in February, 1906. He had just filed a claim on some land in Quay County, New Mexico, but he moved his family to Texico so he could join the eight or so draymen who hauled freight from Texico to Clovis each day.

Horn's wife, Emma, and their three children, Philholl, Ruby and Thelma, lived in a tent near what is now Clara's Spur Restaurant. They spent several months out of the year on Horn's land in what Thelma called their "summer home."

Horn, now 96, lives in Burbank, Calif., with his daughter, Thelma, and son, Ruby. His wife died in 1966 and his son, Philholl, has been dead a number of years.

Horn's sister and brother-in-law, the Roy Melugins, live in Clovis. Horn left Texico in September, 1923, to make his home in California with his wife and children.

While Horn resided in Texico he contracted for jobs as a drayman. He used a wagon and a team of horses to haul items from the Santa Fe Depot to Clovis or from individual businesses to any location they might request.

Horn says he hauled anything anyone asked as long as he was paid in advance or knew payment was forthcoming. He relates one experience of hauling a cargo of thread at night. "A thread company in Texico went broke and didn't want anyone to find them out, so they hired me to haul a wagon load of spools of thread to Clovis at night," he chuckled.

Horn also hauled furniture and dry goods in his wagon. He hauled wagonloads full of whiskey until Texico went dry. "There would be special loads of whiskey shipped in on holidays," he recalls. "I hauled enough whiskey from Texico to float a ferry boat from there to the East Coast if I had it all in one ditch," he adds.

Horn charged 10 cents a hundred for anything he hauled which made his cargo of thread pretty valuable since there were so many spools of thread, but they didn't take up much room.

Horn recalls that there were more liquor wholesale houses and saloons than anything else in Texico, but he remembers the old courthouse and a dry goods place in Farwell, too.

He also remembers when N. H. Cruce owned the building now housing Rip's Western

Wear. The old Cruce building was rented out to several different merchants at that time.

On a recent visit to the Melugin home in Clovis, Horn was told that the building housing Ealy Furniture Store in Clovis had burned down. Horn hauled the cement bricks to make that building during his days as a drayman.

Horn says the reason that draymen were so plentiful in the early 1900's in Texico was that the railroad could ship things cheaper to Texico and take them to Clovis by wagons than if they sent them across the state line to the Clovis depot.

In 1917-18 Horn bought some trucks and began hauling cargoes from Texico to Amarillo on a dirt road which was south of the railroad.

After moving to California, Horn worked for the Los Angeles Gas and Electric Corporation for 16 1/2 years. After retirement from this job, he worked for the city of Burbank until 1947 when he started what he calls his "pick up what you can" job. That means you do anything that anyone asks you to do when they ask you to do it.

Horn limits his work now to mowing lawns and working in the yard. He also enjoys growing flowers.

One activity which surprises many of those who have met Horn is his ability to cook. Several years ago when Horn had quite a few visitors, he went into the kitchen and cooked an entire meal without assistance. His daughter says he still enjoys baking a cake every once in a while when she is out

of the house. Horn gave this recipe as an example of the kind of food he used to eat when he lived in this area.

"You take a can of peaches and pour them over some light bread crumbs, then spread on more crumbs and cover the bread and peaches with the syrup. Add sugar if you want it and sit the cake out in the hot July sun until you get ready for it. After several hours it will be warm and ready to eat," says Horn.

A man who has lived such a full life is to be admired. He just got a new hearing aid, the first one in his life, and would you believe that he has trouble hearing with it. Maybe the doctors just think he is the age to have trouble hearing.

A. B. HORN, DRAYMAN -- is the name and title of this man who lived in the Texico area from 1906 until 1923. During this period of time Horn hauled wagon loads of liquor, dry goods, furniture and other assorted items from Texico to Clovis while many changes took place in the communities. During the time Horn was in the area, Texico was at its peak of prosperity and Farwell was just beginning to feel the wealth. While in the area, Horn and his family lived in a tent near what is now Clara's Spur Restaurant.

## On The Farm In Parmen County

By R. MACK HEALD  
County Agent

Dodder, a parasitic weed with a peculiar name, can spell real trouble for alfalfa unless it is carefully controlled.

It shows up as a straw-colored mat of vines wound among alfalfa and certain weeds.

Dodder can literally suck the life out of a valuable alfalfa crop if it is allowed to spread unchecked. It is most often introduced on a farm by contaminated crop seed, although it can also be spread by combines, mud or manure on animals and farm equipment.

Dodder is a parasite, and must live on a host plant to survive. The emerging seedlings are rootless and leafless with a fine yellow-thread-like stem about one to three inches long. The seedlings rotate slowly until they find an object to vine on. If the object is the stem of a suitable host plant, the parasite twines around the host and sends suckers into it.

The seedling in direct contact with the soil then withers and the dodder thrives at the expense of the host plant. If it fails to reach a host plant, the seedling will die.

After becoming attached to the alfalfa or other host, the dodder produces many stems in a tangled mass and grows as much as three inches per day. A single plant may spread ten feet or more in a year.

Guard against buying "bargain" alfalfa seed, because it may be contaminated with dodder.

This bargain seed can be extremely costly in terms of yield loss and later control expenses.

Dodder seed that is in any hay can pass through an animal's digestive tract and still germinate later. The seed can remain viable in the soil and produce seedlings over a prolonged period of time, which makes control even more difficult.

Animals fed hay that is contaminated with dodder should be confined to a feedlot or the field where the hay originated. They can also be put on non-host fields where crops such as cotton, corn or grain sorghum will be grown the following year.

Do not spread manure suspected of containing dodder seed on clean fields. Be sure to clean forage equipment thoroughly before moving from a dodder-infested field to a

clean field. Use compressed air and water to clean the equipment.

There is very little danger of spreading viable dodder seed if the forage is harvested before the parasite matures, and the alfalfa is made into alfalfa meal, silage or even fed green.

Don't let dodder grow along irrigation ditches, because the water may carry the seed from field to field.

With this parasitic plant, an ounce of prevention is literally worth a pound of cure. Dodder that is allowed to become established can be controlled, but the methods are expensive.

Any equipment that thoroughly stirs the surface soil and exposes it to drying will give good control on small dodder seedlings.

Dodder can also be controlled by mowing or shredding the host plants below the point where it is attached. It is important to control dodder before it has time to produce seed.

Chlorpropham (CIPC) can be applied in a granular form at six pounds of active chemical per acre on moist soils. This will control the parasite for about four weeks. Application should be about five days before irrigation when the alfalfa is at least four inches tall.

This provides shade to keep the soil surface cool and moist, which in turn prolongs the persistence of the CIPC. The shade also retards later emergence of dodder. Other herbicides such as dichlobenil (Casoron) and DCPA (dacthal granules or wettable powder) are registered for use in alfalfa grown for seed only.

Burning is another control method that will prevent dodder seed production, but flaming will not kill dormant seed buried in the soil. Farmers should watch for emergence of

Discovery of new salmon rivers is a major event in a world seemingly determined to eradicate the species. There are five vast watersheds in the Ungava wilderness (Labrador) that hold Atlantic salmon—the storied George, the Payne, the Koroak, the Leaf and the Whale.—SPORTS AFIELD

Decorated firearms have had universal appeal since hand cannons evolved into pistols, shotguns and rifles. As early as the sixteenth century, deluxe arms reached American shores from Europe. the dodder seedlings and then staking the area so these spots may be identified for follow-up control.

If the fields are severely infested with dodder, the most effective and economical control measure may be to rotate to a non-host crop. The parasite will still germinate, but the plants cannot survive in sugar beets, corn, cotton, grain sorghum and most vegetable crops.

Although alfalfa is a primary host for dodder, it is by no means the only susceptible plant. Texas blueweed, a broadleaf perennial, is also an excellent host plant. Blueweed growing around the edges of cropland should be killed or moved frequently.

## Pick Lazbuddie High Officers

Class officers, sponsors, and class mothers were chosen recently by each class in Lazbuddie High School, according to J. R. Davison, principal.

Senior class officers for the 1971-72 school year are Jimmy Noland, president; Jesse Mendoza, vice-president; David Gallman, secretary; and Loy Dale Clark, treasurer. Sponsors are Scottie Windham and Errol Johnson. Mrs. Clark and Mrs. Noland are class mothers this year.

Junior class officers are Mark Barnes, president; Mike Winders, vice-president; Rhonda Treider, secretary; and Mary Longoria, treasurer. Class sponsors are Larry Drury and Mrs. Karen Hayes. Mmes. Miller, Morris, Weir, Cargile and Winders are class mothers.

Sophomore class officers are Karen Cargile, president; Melanie Davison, vice-president;

Lareta Wenner, secretary; and Nancy Bush, treasurer. Sponsor is Bud Brock. Mrs. Lillian Smith is class mother.

Freshman class officers are Bart Burnett, president; Danny Clark, vice-president; Diane Coker, secretary; and Susan Mimms, treasurer. Mrs. Skaggs is class sponsor. Mrs. Miller and Mrs. Burnett are class mothers.

They went on to Austin Saturday night where they viewed the Texas-Texas Tech clash.

## Girl Scouting Is Underway

Girl Scouting is underway in the Twin Cities with the start of a new school year. Brownies are meeting on Mondays after school at Hamlin Memorial United Methodist Church. Leader is Mrs. Bob Vinton.

Cadet and Junior Troops are meeting on Tuesdays after school at the church with their leaders, Mrs. Charles Aycock, Cadets, and Mrs. Gerald Curtis, Juniors.

Senior girls are meeting each Saturday with their leader, Mrs. Patsy Nance. Mothers interested in having their girls join Scouts this year are asked contact the leaders of the troop to which their girl should belong.

## See Texas-Tech Clash

Jim Berry, Gil Patschke, Jim Wiman and Wiman's son-in-law, Jay Gurley of Roswell, were in Brownwood last Friday night to see the Abilene Eagles play Brownwood. The Eagles are coached by another son-in-law of Wiman, Jim Steadmon.

## Mrs. Barry Williams Feted At Bridal Shower

Mrs. Barry Williams of Lubbock, the former Deb Chandler, was honored with a bridal shower Saturday afternoon, Sept. 25, at Farwell First Baptist Church.

Approximately 30 guests called during the afternoon. They were served punch, blue and green decorated cupcakes, nuts and mints from a table covered with white net over white satin. The serving table was centered with an artificial blue and green floral arrangement fashioned by Mrs. Harry Sheets.

Milk glass appointments and blue and green napkins with the names "Deb and Barry" printed on them were used. Mrs. Don Christian and Mrs. Troy Christian served the refreshments.

Special guests at the shower were Mrs. Johnnie Williams of Farwell, grandmother of the groom, and Mrs. Sallie Chandler of Farwell and Mrs. Ashley Buck of Phoenix, Ariz., grandmothers of the bride.

Mrs. Williams was assisted in opening her gifts by her mother, Mrs. Fred Chandler of Farwell, and the mother of the groom, Mrs. Bert Williams also of Farwell. Also assisting was an aunt, Mrs. Mark Liethen of Farwell.

## S. S. Class Holds Meet

Golden Circle S. S. Class of First Baptist Church, Texico, met Tuesday night, Sept. 28, for installation of officers and Dutch treat dinner. Opening prayer was given by Mrs. John Summers.

The closing prayer was given by Mrs. Bill Boling and the meeting was adjourned.

## Area Residents Entertain Guests

Weekend guests in the homes of Mr. and Mrs. Elmer Langford of Texico, Mr. and Mrs. E. R. Coffman and daughters of Farwell and Mr. and Mrs. Lester Harrelson of Clovis were Mr. and Mrs. Wilson Barker of Cleburne, Tex., and Mr. and Mrs. O. B. Brown of Nemo, Tex.

Barker and Brown are uncles of Mmes. Langford, Coffman and Harrelson.

Sunday dinner guests in the home of Mrs. Harrelson were the Barkers, Browns, Langfords, Coffmans and Mrs. Eda Wallin and Mrs. Chris Moss, both of Levelland, and Mr. and Mrs. Fred Barker, Jr. of Friona. Barker and Mrs. Moss are the brother and sister of Mmes. Langford, Coffman and Harrelson. Mrs. Wallin is a cousin.

Visiting the group later in the afternoon were approximately 35 nieces, nephews and other relatives.

## Delta Kappa Gamma Has First Meeting

Delta Kappa Gamma met recently in the home of Mrs. Lenton Pool for its first regular monthly meeting of the year. The group enjoyed a salad supper which was held in conjunction with the business meeting.

The program for the coming year was discussed by the group.

Attending locally were Mmes. Dorothy Donaldson, Frances Boling, Hattie Coffey, Patricia Owens and Lauretta Pool.

Bovina members attending were Mmes. Judy Ezell, Patricia DiCuffa, Icy Leer, Janie Potts and Leola Williams. Mmes. Martha Bates, Ethel

Benger, Wana Brewer, Iona Cook, Margaret Duggins, Leota Hargrove, Jeanne Moseley, Carmaleet Truitt and Miss Joy Morton, all Friona members, attended.

TWO MINUTES WITH THE BIBLE BY CORNELIUS R. STAM PRES. BEREAH BIBLE SOCIETY CHICAGO, ILLINOIS 60633

THE SPIRIT OF PROMISE

"Having also believed, ye were sealed with that Holy Spirit of promise" (Eph. 1:13, R.V.).

Of all the wonderful Scripture passages on the eternal security of the believer in Christ, this is perhaps the most blessed of all.

"Having heard the Word of truth you believed," says the apostle, and "having believed, you were sealed."

Now a seal speaks of finality and permanency, whether it be the official seal on an electric transformer or the seal on a jar of preserves.

But the most blessed fact of all is that the believer in Christ is "sealed with that Holy Spirit of promise." Mark well, he is sealed not by, but with the Spirit; the Spirit Himself is the seal.

Here, let us say, is a woman sealing jars of preserves with wax. The jars are sealed by the woman, but with the wax. Thus the humblest believer is sealed with the Spirit. It is He Himself who keeps us safe in Christ through all eternity.

And this is but the "earnest," the first installment "of our inheritance" (Ver. 14), for the Spirit keeps us secure in "this present evil age" only that "in the ages to come" God might show "the exceeding riches of His grace in His kindness toward us through Christ Jesus" (2:7).

Little wonder the apostle closes this passage on our security with the appropriate acknowledgement: "TO THE PRAISE OF HIS GLORY."

At Home In Parmer County by Jana Pronger County HD Agent

Foods made from fungus, swamp gas, auto exhaust gas, oil, molds and algae? Although they may sound far out, we may actually be eating such foods some day, says Sally Springer, Extension foods and nutrition specialists at Texas A&M University.

Foods technologists and nutritionists at the Western Hemisphere Nutrition Congress held recently in Miami, Fla., discussed some of these possibilities.

One possibility may be single cell protein, an edible food product, made by bacteria, yeast or molds. Some micro-organisms have the ability to turn gas and oil, for instance, into edible, valuable protein foods. Protein is the food element most needed by the world's malnourished populations.

Other researchers are working with bacteria that can turn cellulose -- the most abundant organic substance on earth -- to food. If the experiments are successful, such bacteria might be able to convert a bag of household trash into a meal as healthy as a thick steak.

According to specialist, the basis of these experiments is this: a cow eats grass, mostly cellulose, and it becomes protein and steak. Various scientists believe that bacteria, in controlled operations, may be able to do the same, thus supplying cheap, virtually endless protein for the world's growing population.

The National Aeronautics and Space Administration is developing methods to make food from human breath. They hope to use this supplement food supplies on long space voyages. As we look to the future, foods will be different for our children's children.

Our 4-H'ers may not be experimenting with fungus and mold in their cooking but they are doing a fine job. I would like to commend all of our 4-H'ers for their entries in the 4-H Fair in Friona held recently.

Special congratulations go to Cheryl Gohlke of Farwell, (Oklahoma Lane 4-H Club) who was

named the Champion Cook and the Champion Canner, Karen Hart, Friona, was named Champion in the Clothing Division and Holly Hart, Friona, Champion in the Crafts Division.

Also recognized were Evelyn Hart, Friona, Crops Champion; and Kent Winders, Lazbuddie, Champion Gardener.

Champions were determined in each division according to the number of points earned on first, second, third and fourth place ribbons by an individual in that division. A special "thank you" goes to the Woodmen of the World who provided trophies for our Champions.

## Steers Win 20-12 In First Victory

After having suffered two defeats on the road, the Farwell Steers made their first game at home this year a victory when they defeated the Morton Indians last Friday night, 20-12.

The Steer offense, despite four punts and five turnovers, turned in its best performance of the year, amassing a total of 235 yards.

The Steers' ground game was led by Ray Norton who rushed for 70 yards and averaged better than five yards per carry.

In the air, Farwell managed to complete only six passes of 16 attempts, but these were for a vital 92 yards and a crucial touchdown in the last period of play.

The game was plagued with penalties; Farwell suffering 13 penalties for a total of 162 yards and the Indians, 12 penalties for 116.

The Steer defense showed its colors again, forcing five punts and three turnovers, and holding the Indians' offense to a total of 198 yards.

The game started out favorably for the Steers after Farwell's opening kick-off, when Larry Erwin recovered a Morton fumble on the Indians' sixth play from scrimmage.

The "Blue Wonders" took possession of the ball on their own 42 and in nine plays had maneuvered it to within three yards of the goal line, only to be thrown back to the 24 on a fumble. An attempted field goal from this point failed.

The next few series were punting duels which saw Mike Travis, Ty Phillips, Terry Craft, Mack McFarland and Larry Erwin constantly harassing the poor Red Man in his own backfield.

This part of the game was highlighted by great teamwork when Mack McFarland blocked and Harold Jones recovered an attempted Morton punt.

Then, later in the second quarter, Indian Jimmy Harvey slipped through the Steer right, broke a tackle, and, finding a clear field before him, ran 55 yards for a Morton touchdown.

The two-point conversion failed and the opening score stood 6-0, and that is the way the half ended.

On their first possession of the second half, the Steers drove to within five yards of paydirt, only to fumble. But everything came out all right in the end when Larry Erwin regained possession of the ball for the Steers as he recovered an Indian fumble on the two. Ray Norton plunged over from there for the Steers' opening score, and after Andy Bowers' extra point, the score read 7-6.

Teamwork struck again when, after the resulting Farwell kick-off, Johnny Franse forced and Larry Erwin recovered a Morton fumble only 34 yards from the goal line, but Farwell was forced to punt four plays later.

However, this is not as bad as it sounds, for the Indians fumbled this punt and Kevin Hargrove recovered the ball only 30 yards from the goal line. Eight plays later, the Steers were only three yards from paydirt, but unfortunately, they again fumbled.

After two more exchanges, Morton found themselves with a first and ten on the 5-yard line. But not for long, for on the first play, Allan Joyce cracked the Steer defense and

scrambled the 50 yards for the touchdown that returned the Indians their lead, 12-7.

But, Farwell was not to be denied, for they drove from their own 31 to a fourth and goal situation on the 25 in 15 plays. From there, quarterback Brett Hargrove delivered a do-or-die TD pass to the waiting arms of Johnny Franse to return the Steers' lead, 13-12.

After holding the Indians on downs on the next series, Farwell took over possession of the ball 20 yards short of another TD. They got this TD in seven plays, Brett Hargrove legging the last five yards.

After a successful two-point conversion was called back on a Steer penalty, the Steers settled for one, which gave Farwell a perilous eight-point lead, 20-12.

The Indians were persistent, and returned the Steer kick-off from their own 10 to the Steer 35, straining for the tying TD. When the clock ran out two plays later, the ball lay in Morton's possession only six yards from the goal line.

Head Coach Toby Booth said his team offered their best effort defensively and offensively in quite awhile. "I felt like they moved the ball really well," he said, "and our defense was great."

"If we could have held the penalties down, we could have scored more than we did. Our backs were running better than they have all season," he commented.

"Brett Hargrove did an outstanding job as quarterback and also outstanding were Larry Erwin and Ray Norton. We have also come a long way in blocking," he added.

## Steers Of The Week

Brett Hargrove and Larry Erwin were recognized this week by Head Coach Toby Booth for their outstanding offensive games against Morton last Friday night. Booth named Mickey Lunsford and Mack McFarland as outstanding Steers of the Week for their defensive play. All seniors were outstanding in last week's game, according to Booth.

## Farwell Teams Will Host Hart

Farwell Junior Varsity will host Hart tonight (Thursday), Sept. 30. They slipped past Muleshoe last Thursday night with a final score of 8-0.

Junior Varsity Head Coach Talley Kelso said his team played a "real good" defensive game. "We were fair on offense," he added. "We were very pleased with Ricky Williams, both offensively and defensively," he said.

Williams, tight end, made the only touchdown in the game from a pass thrown by quarterback, Lesly Curtis. Also cited by Coach Kelso for a job well done was Jesse Cantu, who caught a Muleshoe punter in the endzone for a safety. Farwell has a 1-1 season

with six games left to be played. They lost to Friona the first game and came back for a win last week. Larry LeFevre is assistant junior varsity coach.

Farwell Junior High seventh and eighth grade teams will play Hart there this afternoon (Thursday) beginning at 5 p.m. Last week's game with Muleshoe was cancelled because of rain.

## First District Clash --

### Steers To Play At Hart

Farwell Steers are tuned to a high pitch for their first district clash of the season against the Hart Longhorns at Hart tonight (Friday) at 8 o'clock.

Head Coach Toby Booth describes Hart as having an adequate line. "They have an outstanding 119-lb fullback who is an excellent runner and a 135-lb. halfback who can really scoot," he said. The Hart Longhorns are a strong team and they are good, the coach added.

All area fans are urged to be in Hart tonight to support and cheer the Farwell Steers to victory in their first district game.

QUARTERBACK Randy Harrison, center, plunges through the strong Melrose defense last Friday night to pick up some yardage for the Texico Wolverines. The Wolverines lost to Melrose 28-6 in their second district clash of the season. Only the week before they beat Vaughn for their first district win. The lone Texico touchdown came in the second half of play. Texico will oppose O'Donnell, Tex., tonight (Friday) at O'Donnell. Game time is 8 p.m. CDT.

## Texico Stunned By Melrose

by Dale Fought  
Stunning it was to the Texico Wolverines as they looked at the final score, which read 28-6 in favor of Melrose last Friday night at Texico. It meant their first district loss and a 1-1 record for district play.

The Wolverines have four teams in their district. Last week Texico swept past Vaughn, 20-0, in their first district clash. This leaves only Roy, yet to play in the district. In order to win district the Wolverines will have to beat Roy, and Melrose will have to lose to either Vaughn or Roy.

To get the game underway the Wolverines' Doug Harrison kicked to Melrose's Danny Austin who returned the ball for short yardage. From here on out Craig Kerr showed his running prowess for the Buffaloes.

His first run was for 30

8 p.m. --

## Wolverines To Face O'Donnell

Texico's Wolverines will face O'Donnell, Tex., tonight (Friday) in O'Donnell in a non-district clash. Game time is 8 p.m. CDT.

Head Coach Jim Wynne commented on the Wolverine opponent saying "I think they will be tougher than Melrose. They have a 40-12 win over Whiteface and we lost to Whiteface 13-12 in an earlier game," he added.

Fans are reminded of the change in game time to 8 p.m. CDT instead of 8:30 p.m. as previous games were scheduled.

## Melrose Revisits Texico Jr. High

Texico Junior High will take on Melrose Junior High for the second time this year on Saturday morning, Oct. 2, at 10 a.m. here. Texico played Melrose on Sept. 18 and won the clash 30-6.

Texico battled Lazbuddie Monday, Sept. 27, and won the game 12-6. James Steward scored both touchdowns for Texico.

"Our junior high team is doing a fine job this year. They are coming along real well and I am very pleased with them," commented Head Coach Jim Wynne.

Last week's game with Portales was cancelled and has been rescheduled in October.

## Jr. High Loses, Sr. High Wins In Floyd Games

Texico Junior High girls softball team lost to Floyd last Tuesday afternoon in Floyd with a score of 8-7. Pitching for Texico was Sue Hall. Catcher was Carol Steward.

Texico Senior High girls topped Floyd Senior High girls 28-3 in the second game. Texico had 16 runs during the first inning.

Winning pitcher for Texico was Vicki Richardson. Kim Pearce was catcher. Next game for both teams will be Thursday afternoon, Oct. 7, at 3:30 CDT in Grady.

## At Lazbuddie --

## Players Of The Week

Head Football Coach Buddy Brock of Lazbuddie has chosen Arthur Graves and Doyle Weir as "Players of the Week" for their fine performance during the Bovina game last week.

Graves was cited for his offensive play of the night with the lone Longhorn touchdown being scored on his 85 yard return after kick-off. Brock acknowledged an excellent job defensively given by Doyle Weir.

\*Right now, Southern Union Gas Company will help YOU prepare for winter by lighting your furnace and checking your heating equipment without charge as a part of its normal service to customers.

If, however, you call after October 15, there will be a charge of \$2.50, as the Company's fall light-up program will then no longer be in effect.

When chilly weather arrives Southern Union is flooded with light-up calls. As a result, you may have to wait several days for service. So have a gas company serviceman come to your home now — and avoid the rush! CALL SOUTHERN UNION TODAY!

yards, being brought down by Curtis Lindley, defensive back, in Wolverine territory. Melrose continued to dominate the game for the entire half on the running of Kerr and passing of quarterback Don Gunn.

Melrose scored three times in the first half. Kerr scored twice on short runs, coming right back once for points after touchdown run, and Don Gunn completed a touchdown pass to halfback Butch Merritt. Gunn then proceeded to plunge across for the PAT.

The Wolverines moved well on the ground through the running of Albert Steward and Ricky Ketcherside, Randy Harrison, quarterback, moved the ball very well in the air completing six passes for 103 yards but penalties and mistakes held the Wolverines scoreless. The score at halftime left Melrose out in front 22-0.

In the second half of gridiron play the Wolverines seemed to pull together and work as a team. This proved beneficial as they held the Buffaloes to one touchdown and scored once on a seven-yard run by Albert Steward.

However the first half lead was too much for the Wolverines to overcome. The Buffaloes' score came on a five-yard run by Kippy Black. The Texico team came within scoring distance several times but costly fumbles and penalties kept them from scoring.

Randy Harrison, Texico quarterback, played an excellent game, completing six passes for 103 yards and also running for substantial ground gains. Curtis Lindley, who rotates the tight end position with Kent Armstrong, snagged two of Harrison's passes for 30 yards.

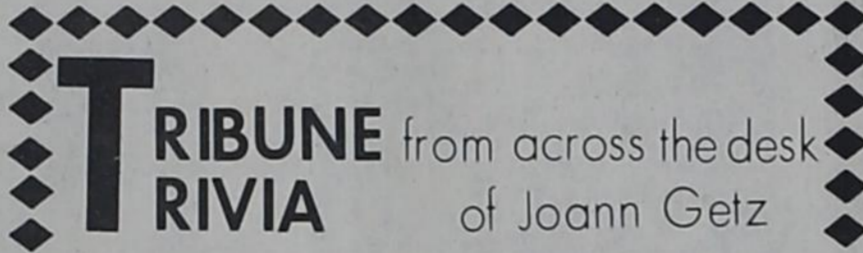

Doug Harrison, running back, came up with three passes for 63 yards, and split end Domingo Rojas caught one pass for 20 yards. Hard-hitting Albert Steward again rushed for over 100 yards contributing highly to the Wolverines' ground game.

Ricky Ketcherside carried the pigskin for about 50 yards; Doug Harrison picked up 28 yards.

The Wolverines play this Friday night at O'Donnell, Tex., in a non-conference game. It will be Texico's fifth game of the season. Their present record is 1-3. To wind up with a winning season, the Wolverines need to win the rest of their scheduled games. They also need your attendance.

Texico Head Football Coach Jim Wynne offered no comments on the Texico-Melrose game.

BOUQUET AND THANK YOU: A word of praise and a special note of appreciation to Farwell School Athletic Director and Head Football Coach Toby Booth who makes our job a little easier and a lot more pleasant by his help.

Every Tuesday between 2-3 p.m., Coach Booth finds time from his coaching as well as teaching duties to come to the Tribune office to give us his comments on the previous week's game and to report his staff's picks of the Farwell "Steers of the Week."

He praises his boys alot but he also points out their faults and mistakes. Too, he gives us what information is known about the upcoming opponent.

We are a small staff and must rely on reports from our schools, civic clubs and city governments to give us their news either in person or by telephone. That little extra effort is always noted and appreciated.

Flash: just off the press; etc. The following is for immediate release, so says Anthony N. Briggles, Public Relations, Neiman-Marcus:

NEIMAN-MARCUS MOVES UP DATE OF FETE DES FLEURS -- Because of several outstanding world events scheduled for the third week-end of October, such as the celebration of the 2,500th anni-

versary of Iran in Persepolis, Neiman-Marcus has elected to move the date of the opening of their Fete des Fleurs forward one week, in order to avoid a conflict for some of the guests.

Prince Rainier and Princess Grace of Monaco are to be the guests of honour at a gala party, benefiting the Southern Methodist University School of Fine Arts, opening the Fete in the world famous specialty store. The date of the party, originally scheduled for Oct. 17, has been changed to Oct. 10. Some of the other noted guests are Fleur Cowles, Estee Lauder, Florence Elseman, Roberta, David Evins, Herbert Levine, Lydia de Roma, Bill Bryan and Adolfo.

The Neiman-Marcus Fete des Fleurs is a two-week festival, October 10-23, in the downtown Dallas store. Thousands of orchids, chrysanthemums, carnations and other beautiful and exotic flowers and plants will be used in a stylistic setting especially designed for the occasion. A prominent feature of the Fete will be a cactus garden modelled upon the Royal Cactus Garden in Monaco, as interpreted by the Houston Cactus and Succulent Society. (End of Release.)

As Dan True would say, "I'll bet you waited breathlessly all week for this."

## Lazbuddie Loses To Bovina

Lazbuddie Longhorns left Bovina last Friday night with a 13-6 loss on their hands. Head Coach Buddy Brock didn't seem too disappointed, though.

"I think we played a pretty good game. We had too many mistakes and we fumbled three times, but overall the boys put out a fine effort," he said.

Arthur Graves made the lone Longhorn touchdown on an after-touchdown kick-off return. He ran 85 yards to plant the pigskin in enemy territory.

Bovina scored first when Shelby, quarterback, plunged one yard over the goal line to draw first blood. They kicked a one-point conversion to make the game 7-0. Graves' TD made the score 7-6.

Bovina made their second score on a 50-yard pass play with 34 seconds left in the half. "I think we did an excellent

job in the second half of the game controlling the ball," he said. Brock mentioned good games played defensively by Jimmy Noland and Loy Dale Clark.

Lazbuddie has an open date this week.
