"OFFICIAL PUBLICATION OF FARMER COUNTY"

NUMBER 5

SIXTY-THIRD YEAR

15 CENTS

Monday morning of this week the "nursing home committee" of the Farwell Development Commission talked to another builder-owner-manager of nursing homes in the High Plains area. This makes three or four firms dealing in nursing home management that the Commission has talked to in the past seven or eight months, with about the same results.

On today's mortgage money market, nobody is wanting to enter into long term, high interest mortgages for this type of business. While it is admitted that this type of business is profitable under near maximum occupancy conditions, the additional cost of money today makes new ventures questionable from the profit standpoint.

The figure most often talked about when the cost of construction is mentioned is \$750,000 for a 120-bed complex. With today's interest costs hovering in the 11 percent area, we are talking about a substantial sum in just interest charges. If money could be provided at a six percent level, the project becomes considerably more economically feasible.

For example, \$750,000 at 11 percent for a 25-year term costs a monthly payment of \$7,357.50, while the same amount over the same length of term at six percent is \$4,837.50. This is a monthly difference of \$2,520, or a little over \$30,000 annually. In close operating businesses such as nursing homes this could mean the difference between a going or a non-going business for the community.

This seems to be the basic reason that nursing home management companies are shying away from personally building new facilities today.

On the other hand, a municipality or other legal political entity can offer tax free bonds to the public at six percent and find a ready market for them. This six percent money could be used to pay the construction costs of a nursing complex and take some of the economic burden off of the operators of the enterprise.

So to make a long story shorter, it has been suggested that the local people find a way to raise building money via the tax free six percent route and build a nursing home - and then lease it on a long term basis to a management concern. The management concern would then be paying substantially less each month for the use of the original construction money.

Again as an example, a 120-bed nursing facility would lease for in the neighborhood of \$6,600 per month on a fully deductible basis. The payments to defray the bonds would only be approximately \$4,837.50 per month, leaving a little cushion for the original building entity.

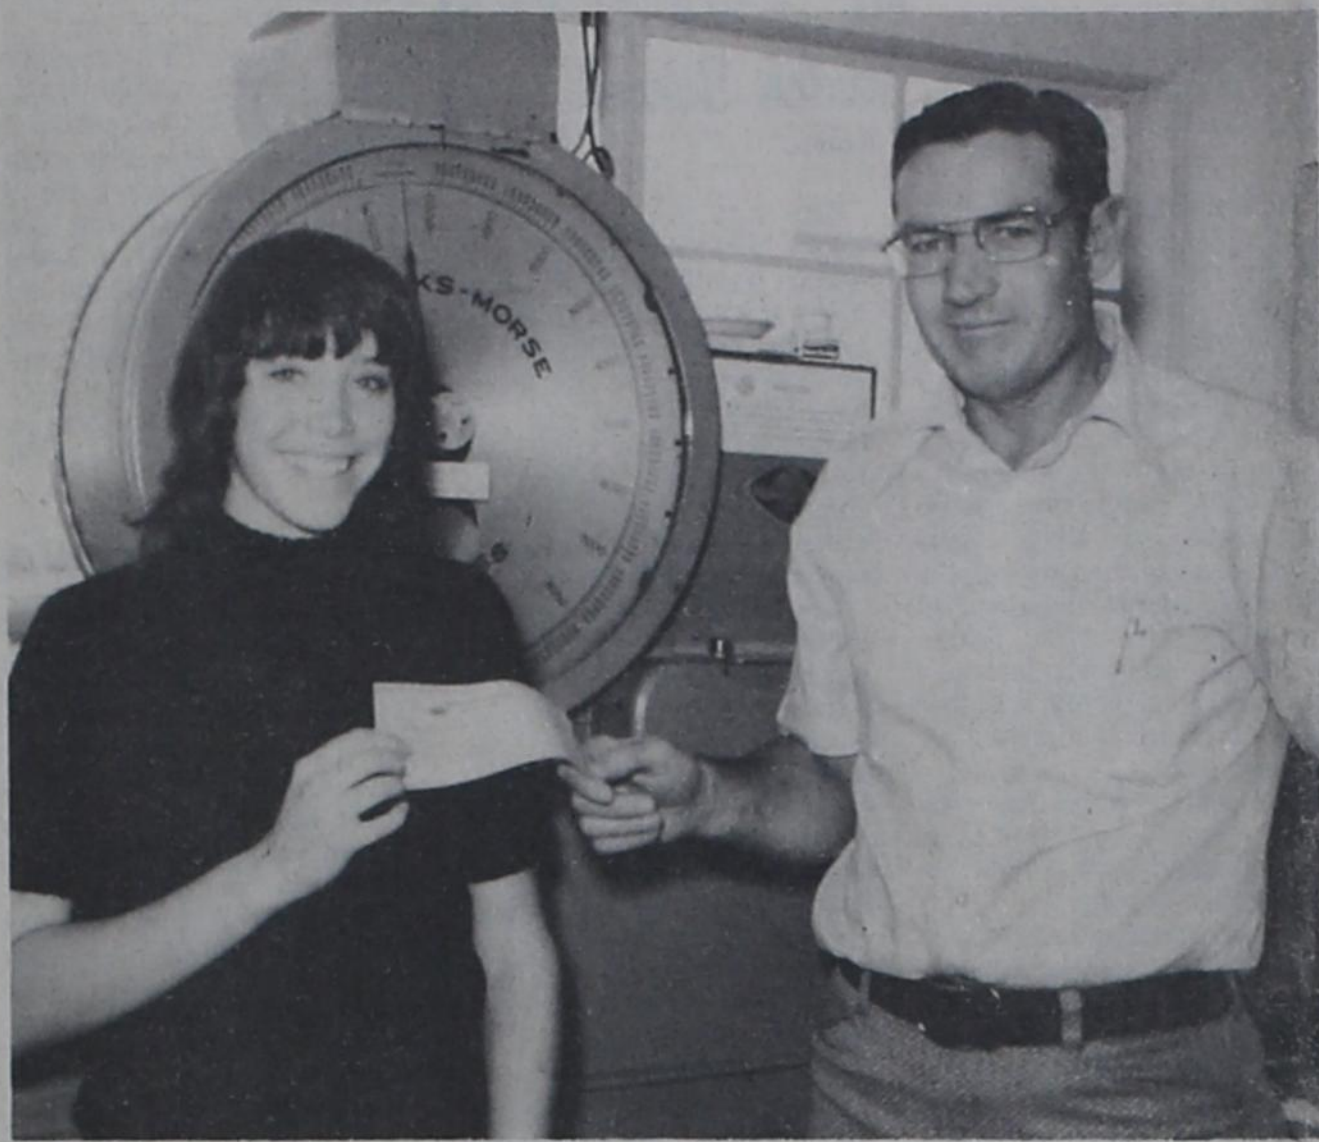

After listening to several proposals, it is evident to us that the local community is going to have to build its own facility in some manner if the nursing home industry is going to come to Farwell.

This is not an impossible dream, but one within the capability of the local citizenry.

The Tribune's Area Merchants Football contest passed the halfway mark last week and the leaders were calling at a 70 percent clip. With six weeks gone, the two prominent prognosticators have 42 games to their credit on the large score book in our office. Many of the national guessing services brag that they call games at an 80 percent clip or better, but on a limited and selective basis our local 70 percent is a darned good average.

Each year the winners eventually wind up in the 75 percent range for the full 120-game slate. Winning the contest one year seems to guarantee that person's slump the next season, as we have not had a winner even threaten the next year. Maybe this "everybody has an equal shot" aspect is what makes the Tribune contest one of the major fall guessing games in the area. Our total entry list is now

PERFECT ENTRY NETS CASH - Mary Lou Roberts, left, was the recipient of the sixth week's first prize money of \$5 in the Area Merchants Annual Football Contest with the presentation of her prize being made by Fred Chandler, manager of Sherley-Adnerson-Pitman, Inc., a sponsor of the contest. Mary Lou called all ten games correctly for the win followed by Robin Wilson of Clovis in second place with nine correct calls and 6 points off on the tie-breaker score. He was awarded \$3 for his efforts. Winning third place prize money of \$1 was Carl Goetsch who was 13 points off on the tie-breaker.

Mary Lou Roberts Calls Ten To Take \$5 First Prize Money

At the halfway mark in the 16th Annual Area Merchants Football Contest, 428 total entries have been received with this week's winner calling all ten games correctly and only one name making its second appearance in the weekly winners' column.

Mary Lou Roberts correctly predicted the outcome of all ten games on the entry blank to take the sixth week's first

place prize money of \$5. Second place prize money of \$3 was awarded to Robin Wilson of Clovis, a previous weekly winner, when he correctly called nine games correctly and was only six points off on the tie-breaker score. Being 13 points off on the tie-breaker netted Carl Goetsch \$1 for his third place win.

Others correctly guessing nine games were David Har-

grove, Jacquelyn Langford, Craig Kaltwasser and Gerald Norton.

The field of leaders has been narrowed from four persons last week to two with this week's tabulation of scores. Now holding the lead with 42 points to their credit are Billy Meeks and Mae Porter. A total of 41 points has been attained by Don Gerles, Sam Gonzales, Frances Norton, Earlene Porter and Loyd Smith to gain them second place recognition thus far in the contest. Following close behind in third place and 40 points are Pam Erwin, Brad Jones, Lori Norton, Ray Norton, Missy Taylor and Kie Watkins.

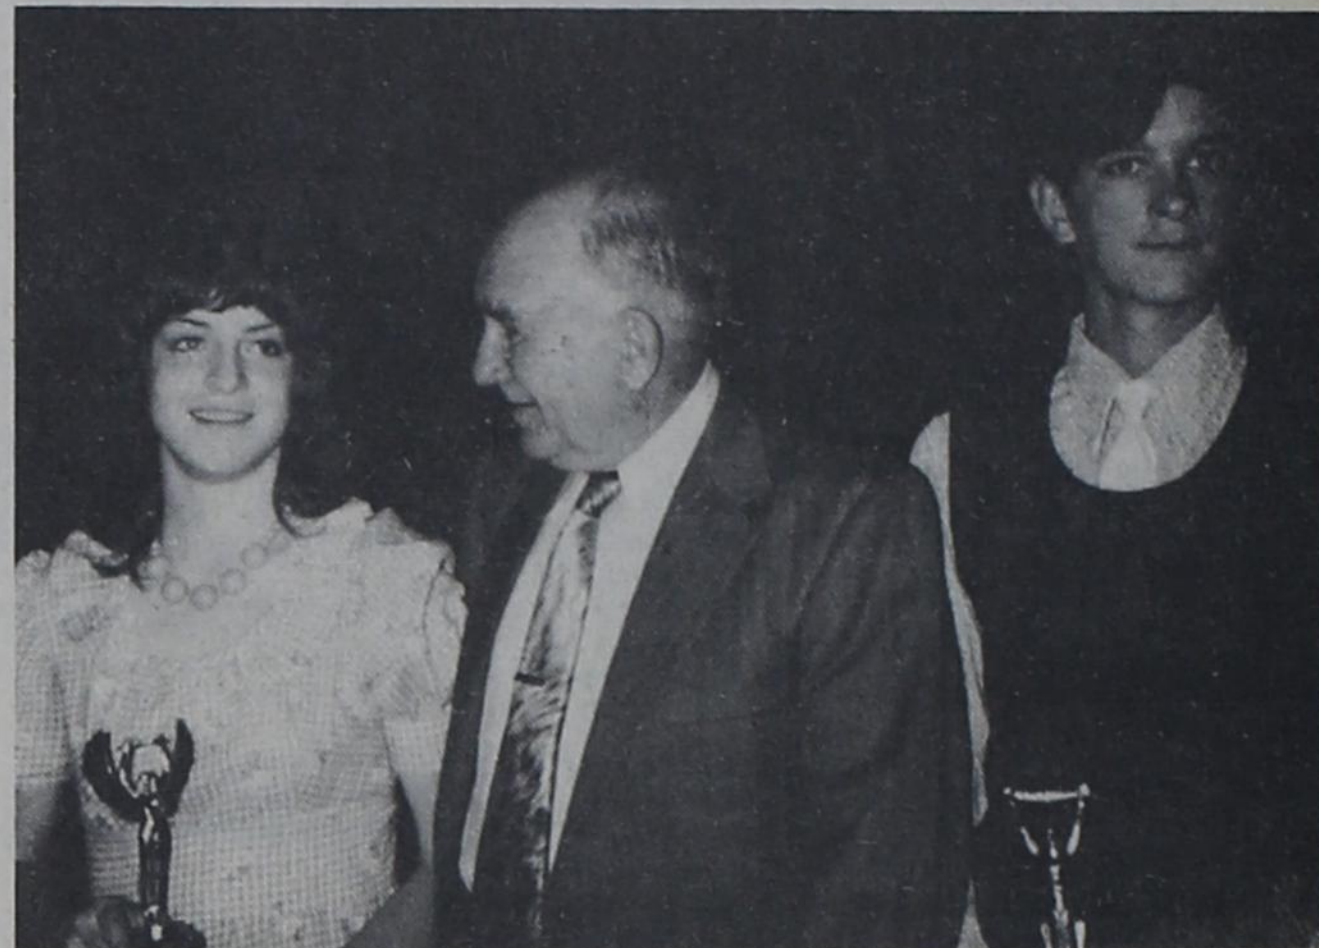

Sixty points can still be accumulated by contest entrants in the remaining six weeks of the contest toward the Grand Prize of two tickets to the Cotton Bowl game to be played New Year's Day 1975 in Dallas and \$50 expense money or the Second Prize of two tickets to the Sun Bowl Game in El Paso

and \$25 expense money.

Entries submitted each week are tallied and weekly entrants are in competition for the weekly prizes of \$5 for first place, \$3 for second place and \$1 for third place. There are three winners each week and this week's winner could be you.

Entrants must be 12 years of age or older and entries are to

Farm Bureau Sets Annual Meet Oct. 19

The annual meeting of the Farmer County Farm Bureau has been scheduled for Saturday, Oct. 19, at 8 p.m. The meeting is to be conducted in the Bovina High School cafeteria.

According to a spokesman for the group, a supper and business meeting are planned for those attending.

Man Found Dead In County Jail

Willard Gene Snyder, 21, of Friona, was found dead Friday, Oct. 11, at approximately 9 a.m. in the day room of the Farmer County Jail by Farmer County Sheriff Charles Lovelace and Deputy Tom Atkins, who had been alerted by

persons in the jail.

Farwell Justice of the Peace Ray Mears conducted an inquest into the death and ruled suicide. No foul play was found. According to Sheriff Lovelace, Snyder choked himself to death with his own boot strap. An autopsy on the body was to be performed by an Amarillo pathologist.

Snyder was confined in the jail about 2:30 a.m. Friday by the Friona Unit of the Highway Patrol who had arrested him near Friona and charged him with possession of marijuana and driving while intoxicated.

Funeral services for Snyder, a mechanic, were conducted Sunday at the Calvary Baptist Church in Friona by Rev. Trusler. Burial was in the Muleshoe Cemetery under the direction of Parsons-Ellis Funeral Home of Friona.

A native of Portales, Snyder is survived by his parents, Mr. and Mrs. Charles Snyder of Friona, a sister, Delia Snyder of Friona; two brothers, Bryan and Randall, both of Friona; and grandparents, Mr. and Mrs. Frank Snyder of Muleshoe and Mrs. Grace Kemp of Farwell.

School Board Accepts Roberts' Resignation

Members of the Farwell School Board of Trustees accepted the resignation, effective June 30, 1975, of W.M. Roberts as superintendent of

schools during their regular meeting Monday.

In Roberts' letter of resignation he stated, "At this time I would like to offer you my re-

signation, effective June 30, 1975, as Superintendent of the Farwell Public Schools. This is done with some regret, but after much thought and study . . ."

Roberts has been affiliated with the Farwell Schools for 24 years, serving six years as high school principal with the remainder of the time being filled with the position as superintendent. Roberts' resignation will conclude 43 years in teaching and administrative positions.

Farwell school principals Jack Williams, James Craig and Vernon Scott met with the Trustees in regard to a policy for personal leave for teachers. The Board adopted a policy of three days personal leave each year for each instructor.

Three Vehicles Involved - -

Texico Records First 1974 Traffic Fatality

Texico recorded its first traffic fatality of the year Monday evening in a grinding three vehicle collision at the intersection of U.S. 60 and 70-84 in Texico.

Mrs. Jack Encababian of 1904 S. Lea, Roswell, was pronounced dead on arrival at Memorial Hospital in Clovis, following the accident which occurred at 5:50 p.m. M.D.T. Her husband, driver of the car, was thrown from the vehicle.

According to Erasmo Rodriguez, Texico Deputy Marshal, who along with Texico Marshal Mickey Fenn, investigated the accident, the Encababian vehicle was headed west on U.S. 60, missed the curve, and ran

off the road. The vehicle proceeded back across the road and crossed the median striking a semi-truck hauling grain on the right side of the trailer. The Encababian vehicle then bounced off the truck and hit a third car which was stopped at the yield sign.

Driver of the semi-truck was identified as Francisco Sapien of El Paso. The truck belonged to a fleet leasing company. Encababian was admitted to the emergency room of Memorial Hospital suffering from head lacerations, chest injuries and shock. According to a spokesman at the hospital Tuesday morning, Encababian was listed in "satisfactory condition."

Mrs. Encababina, pinned in the wreckage, was wedged up under the dashboard. Passersby

assisted in extricating the woman from the wreckage. The Farwell Emergency Vehicle transported Mrs. Encababian to Memorial Hospital in Clovis, where she was pronounced dead on arrival. Encababian, who was thrown from the vehicle during impact, was taken to Memorial Hospital by the Texico Emergency Vehicle.

Encababian was admitted to the emergency room of Memorial Hospital suffering from head lacerations, chest injuries and shock. According to a spokesman at the hospital Tuesday morning, Encababian was listed in "satisfactory condition."

Marshal Fenn stated that no citations were issued at the scene of the accident; however, citations are pending. Mrs. Encababian's death marks the eighth fatality for Curry County this year, according to a spokesman for the New Mexico State Police.

Deputy Marshal Rodriguez said the Encababian vehicle was totaled and the semi-truck trailer and Lillard vehicle were moderately damaged. Grain from the truck was spilled along the highway following impact.

Mrs. Encababian's body was taken to Sherwood Mortuary in Clovis.

FATALITY RECORDED - Texico recorded its first traffic fatality of the year Monday at 5:50 p.m. M.D.T. in a grinding three vehicle accident at the intersection of U.S. 60 and 70-84 in Texico. Mr. and Mrs. Jack Encababian of Roswell were in the vehicle at left. Mrs. Encababian was wedged under the dashboard and was pronounced dead on arrival at Memorial Hospital in Clovis. Her husband, driver of the car, was thrown

from the vehicle. In the center picture, passersby assist Encababian, before he was transported to Memorial Hospital. The impact on the semi-truck is visible in picture three. The Encababian vehicle struck the truck, which was hauling grain, on the right side of the trailer. Driver of the truck, Francisco Sapien, was not injured. The Encababian car was headed west on U.S. 60, missed the curve and ran off the road.

The vehicle proceeded back across the road and crossed the median striking the semi-truck. The Encababian vehicle then bounced off the truck and hit a third car which was stopped at the yield sign. Driver of the third vehicle, Harold Lillard of Friona, was not injured. The accident was investigated by Texico Marshal Mickey Fenn and Texico Deputy Marshal Erasmo Rodriguez.

Plans Are Finalized For Pancake Supper

Plans for the first annual Kiwanis Club Pancake Supper were finalized at a meeting held Monday evening. Members of the El Llano Grande Kiwanis Club of Texico have scheduled their first supper for Friday, Oct. 25, in conjunction with Texico's 1974 Homecoming clash against the Tatum Coyotes. The supper is to be served in the Texico school cafeteria from 4 to 7:30 p.m. MDT and everyone is invited to "come on out and eat with

us before the game," according to Jim Rogers, secretary of the club.

Rogers stated that for the cost of only \$1.25 per plate, persons attending the feed will be able to enjoy pancakes, sausage, eggs, coffee and "all the others things that go with pancakes."

It was reported that members of the local club will be in charge of the cooking with assistance being offered by Dr. McDonald of Clovis, a man "who has had much experience in such things as pancake feeds."

All proceeds realized from the supper will be used by the Kiwanis in the two programs which have been initiated by the club. These projects include aid for the aged and youth activities.

Texico Schools

To Be Dismissed

Thursday, Friday

Students of the Texico Municipal Schools will be enjoying a four-day weekend next week as classes are to be dismissed both Thursday and Friday, Oct. 24 and 25.

According to A.D. McDonald, superintendent of the school, a Teachers' Meeting is scheduled during the two days. Teachers who will be representing Texico at the Albuquerque meeting will be Diane Ford, president of the local teachers' association; Dale Schwartz and Joan Edwards.

Due to the dismissal of school and the fact that Texico's Homecoming Game has been scheduled for Friday, Oct. 25, the Homecoming Pep Rally will be conducted Wednesday, Oct. 23, at 3 p.m. MDT in the new gymnasium.

Classes will resume at the regular time Monday, Oct. 28.

Court Hears Two

Additional Cases

Two additional cases were on the docket last Thursday and Friday in District Court at the Parmer County Courthouse, according to Dorothy Quicquel, District Clerk.

Heard Thursday was a theft charge against Oliver S. Landeros. The jury found Landeros guilty and assessed him a 10-year sentence in the penitentiary.

The Friday morning case before the jury was conspiracy to commit theft against James Earl Chaney. The jury returned a verdict of not guilty.

Wolverines Hope To Cage Jal's Panthers

The Wolverines of Texico High School will be looking for a chance to cage the Panthers of Jal when the two teams meet in district competition tonight (Friday) in Wolverine Stadium. The clash is scheduled to kick-off at 7:30 p.m. MDT.

"Big, strong, tough and fairly fast" is the way Texico Head Coach Ray Manly described the Wolverines' next opponents. "Jal is really a well disciplined, well coached and tough team."

Texico's strategy tonight will be to play against Jal's weaknesses. "In scouting the Panthers, we noticed several weaknesses, tendencies and trends. We will be playing on these points tonight," said Manly.

Texico has an advantage over Jal in that the Wolverines have returned the fastest boy in the state in James Steward. "This is probably our best advantage," cited Manly, continuing, "Our second advantage is that Jal has never seen us play. Thirdly, we will be playing on our home field which is always an advantage to any team."

Manly further commented that Jal is on the top of the scale for large AA schools while Texico barely slipped onto the AA scale this year. "Teamwise, Jal is a little bigger than our boys. As far as our starting units are con-

cerned, Jal is just a shade larger than we are as far as weights go. But it's no great amount."

In further comments, Manly said, "We will be playing more toward a wide-open type game and will be starting a couple more sophomores than before. We had some sophomores do a real fine job against Ft. Sumner, especially in our end positions. Our speed outside will be a contributing factor. If we get anything outside, we'll take it and be gone." He continued by stating, "I think we can beat Jal if we play good sound football. Jal is slow in certain positions and they are slow in reacting."

"Jal is one of the two toughest teams we will be facing this year and we do encourage the townspeople to turn out especially since we are not going to have a pep rally this week. If our boys know they are being supported by a great number of fans in the stands during the games they will do a much better job on the field. We're going to let Jal now that TEXICO IS HERE TO STAY!"

What's Happening At Texico School

by Kim Pearce

Homecoming events are beginning to happen this week. Mums are being sold by the Junior Class, homecoming candidates were chosen by the student body, the pep rally has been scheduled and the Homecoming Game has been set.

Junior class members are now selling mums to everyone who wants one. Plain mums with no decoration except the Green T, helmet and cow bell are selling for \$3.00. Extras will be 50 cents each, such as a number, each name and love knots. A complete mum will be sold for \$5.00.

A special deadline has been set. All orders must be in by 12 noon Friday, Oct. 25. So get your order in today.

Homecoming candidates have been selected by the student body. They are Beverly Duncan, senior; Gia Crooks, junior; Kim Harrington, sophomore; Sammy West, senior; Terry Reed, senior; and Tommy Galvan, junior. Homecoming Royalty will be crowned Friday, Oct. 25, at the Texico Homecoming game against Tatum.

Next Wednesday, Oct. 23, at 1:10 p.m. there will be a Pep Rally at Texico High School gym. The boys will need everyone's support for the Homecoming game with Tatum.

The 1975 Wolverine yearbooks are now on sale. A special family discount is in effect now through Wednesday, Oct. 23. The books are priced at \$7.00 each, but for every book after the first one purchased by the same family, the cost will be \$6.00. A \$3.00 deposit is required with each order. Also, the yearbooks will be personalized for \$1.00.

No extra books will be ordered, so it is essential that orders be placed NOW. "The yearbook staff is required to place a deposit on each book order. Therefore, we can only order the number of books on which deposits have been made," stated Steve Harrington, editor of the Texico Wolverine. Continuing, he said, "There's more color than ever before in the yearbooks."

Texico Elementary School students began their first day of tumbling Monday. Directors Jim Rogers and Dale Schwartz, stated, "There were 50 kids in the first class and we expect 75 by the end of the week." The class will be conducted every morning before school Monday through Thursday.

Handkerchief means "a covering for the head held in the hand."

FFA Members At Confab, Fruit Sales Underway

Two Texico FFA members are currently attending the National FFA Convention in Kansas City, Mo. The members are Roy Hagler, son of Mrs. Minnie Hagler, and Mike Snodgrass, son of Mr. and Mrs. Roy Snodgrass. The duo left for Kansas City Sunday, Oct. 13, and will return Saturday, Oct. 19.

While attending the convention they will also attend the

American Royal Livestock Show.

Also, the FFA members are now conducting a grapefruit and orange sale. Fruit may be purchased for \$6.00 box. This fruit will arrive in Texico around December 1.

If you would like to order either grapefruit or oranges or both, contact any Texico FFA member or advisor, Eddie West.

Jr. Wolves Downed

The Junior Wolverines of Texico couldn't get it together Thursday, Oct. 10, when they traveled to Ft. Sumner only to be stymied by the Foxes 22-0.

According to Wolverine Coach Kenneth Shaw, "It was a hard-hitting ball game. We couldn't get our offense working together and Ft. Sumner was really a well disciplined ball team."

The Wolverines entered play

Thursday with a 2-1 record for the season against a team which was sporting a no-loss record. Record for the Wolverines thus far this season is 2-2.

Texico was to travel to Melrose Thursday to take on the Buffaloes. Game time was set for 4 p.m. MDT in Buffalo Stadium. The Junior Wolverines will be meeting their last opponents of the season Tuesday, Oct. 22. They will be traveling to Tatum with game time set for 6 p.m. MDT.

School Lunch at Texico

MONDAY - Meat balls on rice, green beans, celery stick, fruit, milk.

TUESDAY - Hot dogs and chili, onions and pickles, tater tots, fruit, cobbler, milk.

WEDNESDAY - Pinto beans, tamales, coleslaw, cornbread, gelatin, chocolate milk.

THURSDAY - No school.

FRIDAY - No school.

Board Of Trustees

To Meet Tuesday

The Texico Board of Trustees will meet for a routine business session on Tuesday, Oct. 22, at 6:30 p.m. at the Texico City Hall, according to Clara Wiehl, City Clerk.

Purely Personal . . .

(Continued from Page 1) edging up to the 500 mark for the season and about 10 percent over last year's listings. Of course, we expect this in "The Football Capitol of the Southwest."

We have changed our tune to "Pfoie on October." In reading over our words the last several years about October, we find we have not been able to brag on the local foliage this year as we have in the past. While we have not yet had our killing frost, our leaves are a sorry befragled mess with most of them long on the ground. Oh well, there's always next year on the Golden Spread.

School Board . . .

(Continued from Page 1) Craig offered a report regarding the shop account in the school Activity Fund and Trustees adopted the 1974-75 school budget as it was presented during the meeting.

Walter Hughes and Charles Aycock, board members, are preparing a presentation to Moody's Investors Service concerning the recently approved school bonds. Hughes and Aycock will be in New York Monday, Oct. 21, where they will make their presentation to the service.

The Board of Trustees set Monday, Nov. 11, as the date for the sale of the school bonds. The sale of bonds will begin at 7:30 CST at the next regular meeting of the board.

Other business conducted at the meeting included the making of tentative plans to hold an auction to dispose of used desks, approval of the 1974 tax roll and setting the date of Nov. 4 as the time board members will convene to set guidelines for hiring a superintendent for the 1975-76 school year.

Present at the meeting were Trustees Gilbert Kaltwasser, R.J. Garner, Wilbert Kalbas, Billy Mayfield, Walter Hughes, Charles Aycock and Ted Magness; and Williams, Craig, Scott and Dorothy Eason, school tax assessor-collector.

Eight Point Margin - -

Plains Cowboys Brand The Steers

by David Hargrove

The perfect football evening began with a perfect 50 yard run by Steer back Mike Woods. This play was in the opening minutes of last Friday night's game with the Plains Cowboys on their own range territory. Plains picked up the kick-off but in four tries did not make the first down. On the punt to Farwell, Woods picked up the pigskin and squirmed and squiggled for a beautiful 50 yard return. It only took two more plays for the mighty Steers, led by Jay Alana, to hit pay dirt. The fans were ecstatic and the Steers were ready with what appeared to be a great night. The PAT was made and the score was 6-0, Farwell.

The next time the Steers had possession, it looked like more of the same for the Big Blue. The Steers made three first downs in a row. One pitch-back to Woods was barely completed before Steer quarterback Lesley Curtis was tackled, while the ball was still in the air. But Curtis and Woods connected for the first down. But Lady Luck escaped. On the next play Plains intercepted a pass by Curtis which was intended for George Garza.

While in possession of the ball, Plains held on for four first downs, the last one on the three-yard line. Here, the tide turned. Plains went over for six big ones and their PAT was no good. The score was tied 6-6 with only a very little time remaining in the first quarter of play.

The Steers' fans had barely sat down when Woods again picked up the kick-off from Plains and went up the middle for about 85 yards for the Steers' second TD of the game. The point after was good and the Steer camp was ahead 13-6

at the end of the first quarter. Farwell had possession of the ball twice in the first few minutes of the second quarter before Plains took control and kept the ball for a long series of plays led by their halfback, who was quite a hurdler. With a first and goal-to-go on the three-yard line, the Cowboys rustled up another TD then ran over the goal line for two points after. Score - Farwell 13, Plains Cowboys 14.

The Steers had hopes that this would be the end of the scoring for the Cowboys but the beginning for us. Not so. On the Steers' next possession, they made a first down assisted by a 15-yard penalty against Plains, only to fumble on a pitch-out by Curtis with Plains recovering. This seemed to be the turning point for the Steers and the Cowboys as the Cowboys handled the ball better than a lasso with passes completed and yardage being eaten up for them. On a fourth down situation, one more pass was completed into the end zone and the extra point was good for the Cowboys to take the lead by an eight point margin, 21-13.

The second half was mostly defensive with the ball changing hands almost as quickly as in basketball. Gene Christian, Barry Goldsmith, Larry Sutton and Jay Alana played good defensive ball and their size was needed as Plains dug in to hold the Steers. It seemed like a long second half with passes, hand-offs, and then punts as each side had their time to gain yardage only to come back to punting situations on fourth downs. It was also in this second half that Farwell caught on to Plains' hurdler and finally began stopping him as he hurdled over the middle.

But time ran out for Farwell after a spectacular beginning. Plains remained on top 21-13.

"The Steers played their best ball game of the year," remarked Farwell Head Coach Eugene Jennings.

According to the coach, Plains had an advantage over the Steers in that the Cowboys were a little stronger than the Steers and they were battling on their home field. "Our boys seemed to be a bit dead-legged because of the extreme humidity and the change of altitude," the coach said.

The Steers suffered no injuries during the clash but Jay Alana is suffering a recurrence of tendonitis. Jennings commented that Alana will be playing Friday (tonight) against Bovina but "we will be spot playing him."

Gene Christian was cited by the coach along with Alana for their "extremely good offensive and defensive play." Jennings stated, "All our backs ran pretty good. Our first touchdown came after the play was set up by Woods who broke for about 45 yards. The second TD came on an 80-yard run by Woods. Thad Phillips kicked our extra point."

Jennings remarked that penalties did not hurt the Steers. "Our problem seemed to be that our passing defense on the secondary broke down and we had no rushing on Plains' passer. We didn't cover the zones like we should have."

The Steers will be hosting the Bovina Mustangs in their first district clash of the 1974 football season tonight (Friday). Everyone is urged to support the Steers during action slated to begin at 7:30 p.m. CDT.

Co. Commission Approves Subsidy For Ambulance

Parmer County Commissioners met at the Parmer County Courthouse Monday at 11 a.m. to discuss ambulance service for the county and to take care of routine business.

Commissioners approved an \$840 per month subsidy to Parson-Ellis Ambulance Service for county ambulance service. This approval is retroactive to Oct. 1.

According to County Judge Archie Tarter, the city of Friona will provide a \$400 per month subsidy for the ambulance service, and the city of Bovina will provide \$200 per month, for a total of \$1,440 subsidy to the ambulance service per month.

Other business considered by the Commissioners was approval of bills for payment.

Present for the meeting were County Judge Archie Tarter and Commissioners Raymond Treider, Cecil Atchley, Charlie Jefferson and Tom Lewellen.

Band Calendar Sale Deadline Is Today

Deadline for purchasing a 1975 Band Calendar from members of the Farwell Band Boosters is today (Friday), Oct. 18.

Any person wishing to purchase a calendar and who has not been contacted by a representative of the Band Boosters may place their order by contacting Betty Castleberry at 481-3836 or by calling Farwell Band Director Lynn Burton at the school.

According to Mrs. Castleberry, the calendars have been priced at \$1.50 each. Birthdays and/or anniversaries may be placed on the calendars for 25 cents per item. It has been stressed by the Boosters that you need not list a birthday or anniversary on the calendar to purchase one.

Deadline is today, so place your order now.

Steers Of The Week

JAY ALANA

GENE CHRISTIAN

Gene Christian and Jay Alana are credited with an "extremely good football game both defensively and offensively" to earn the title "Steers of the Week" from Farwell Head Coach Eugene Jennings. According to Jennings, both Christian and Alana displayed a tremendous effort during action against the Plains Cowboys last Friday night to earn the title.

Tonight - Steers To Host Bovina In First District Tilt

The Steers of Farwell High School will be hosting the Bovina Mustangs in their first district clash of the 1974 football season tonight (Friday). Game time has been set for 7:30 p.m. CDT.

In commenting on the upcoming game, Farwell Head Coach Eugene Jennings said, "I believe we're going to have a real hard game by both teams. The breaks of the game are going to be a determining factor as to the winner."

Bovina has two real good running backs, according to Jennings. "The Mustangs have Ray Martinez, a 180 lb. full-back. He's an extremely good player and they also have Tommy DeLeon, a real good backfield player." Also playing against the Steers will be another letterman, Elbert Shelby. "Shelby is a 180 lb. guard and a real outstanding player." The coach further commented that all three of these players were starters for Bovina during the season last year.

Bovina has size and quickness over the Steers while

Farwell is advantageous in speed and depth. No changes have been planned for the Steer line-up with the exception of Brad Jones at quarterback. "If Jones is not hindered by his back problem we may be using him at quarterback some during the game," stated the coach.

All Steer fans are urged to attend Farwell's pep rally today (Friday) at 3 p.m. in the gymnasium. Fans are also urged to turn out for the game tonight and support the Steers as they go after their first district win of the season.

Farwell Schools To Dismiss For Workday Friday

Students of the Farwell schools will be dismissed from classes Friday, Oct. 25. A Teachers' Workday has been scheduled for the entire day.

According to Farwell superintendent, W.M. Roberts, classes will be resumed at the regular time Monday, Oct. 28.

The Santa Fe Railway System provides educational awards and scholarships in Texas, New Mexico, Arizona, California, Colorado, Illinois, Kansas, Missouri and Oklahoma.

Award recipients are selected on the basis of records compiled by the individual 4-H member. Consideration is given to their experiences in 4-H projects, activities and leadership, their personal development and service to the community.

Information on deadlines for submitting records and other details of the selection are available from the state 4-H leader or County Extension Office. These awards are among some 200,000 expected to be earned in 1974 by 4-H'ers in programs arranged by the National 4-H Service Committee, including 265 scholarships valued at more than \$184,100.

JUSTIFIED FREELY

"Being justified freely by His grace, through the redemption that is in Christ Jesus" (Rom. 3:24).

It is wonderful to know that we sinners are not justified by praying, or paying, or saying, or sighing, or crying, or doing anything. We are justified freely, BY THE GRACE OF GOD.

But this passage from Romans will mean more to us when we learn how the word rendered "freely" here is translated elsewhere in the Bible. The same expression is read in John 15:25, where our Lord, quoting from the Psalms, said: "THEY HATED ME WITHOUT A CAUSE."

Why did men hate Him? He went about doing nothing but good: healing the sick, giving the blind their sight, causing the lame to leap for joy, preaching good news to the poor and deliverance to those who were bound. There was no good reason for crying "Away with Him" and "Crucify Him." They hated Him "WITH-

OUT A CAUSE." But in the same way we might ask: Why should He die for sinners? Why should HE pay for THEIR sins? He had done nothing wrong? Ah, it was in love that He deliberately gave Himself into the hands of sinful men, that He, the sinless One, might pay for their sins. He did not die His own death, for death is "the wages of sin." He died OUR death, paying for OUR sins. So, as men had hated Him "without a cause" (except their own sinful hate) so Christ has "justified" the believer "without a cause" (except His own divine love).

And so it is that we can now proclaim the glorious news that God has sent us to tell all mankind, that His righteousness is conferred "upon all those who believe ... BEING JUSTIFIED FREELY BY HIS GRACE, THROUGH THE REDEMPTION THAT IS IN CHRIST JESUS" (Rom. 3:24).

PLEASE GIVE THEM A HOME -- These two greyhound puppies, who apparently have been abandoned by their owner or owners, were rescued by Doug Landrum last week. The puppies need a good home and persons interested in inquiring about them should contact Farwell City Clerk, Janie Bowery, at City Hall, or Landrum.

Greyhound Puppies - - Abandoned Animals Need A Good Home

Janie Bowery, Farwell City Clerk, has informed the State Line Tribune that two greyhound puppies, which apparently had been abandoned by their owner or owners, were rescued by Doug Landrum in the 400-500 block of Second Street last week.

The puppies, suffering from malnutrition, apparently were dumped out and were discovered wandering about the street by Landrum, who took them to his home.

Mrs. Bowery said people who do not want their pets should contact her at City Hall and arrangements will be made to find homes for the animals. She cautioned persons against abandoning or dumping their animals.

"These puppies are in pitiful shape," she said. The puppies appear to be about six weeks old. Mrs. Bowery said she and Landrum are trying to find

homes for the puppies, and interested persons should contact her at City Hall or contact Landrum.

Mrs. Bowery also reminded residents of Farwell that there is a city ordinance prohibiting animals from running loose in the city.

Cowboys Rustle Steers

Farwell's Junior Varsity Steers were rustled by the Cowboys of Plains during action Thursday, Oct. 10, in Steer Stadium.

Plains, who downed Farwell 14-0, was a "larger club than ours," according to Farwell Coach Eugene Jennings. "They were playing an ineligible quarterback. He should have

Plains Cowboys Jailed By 8th Grade Yearlings

The eighth grade Yearlings of Farwell jailed the Plains Cowboys 8-0 in a shut-out game played Thursday, Oct. 10, in Steer Stadium.

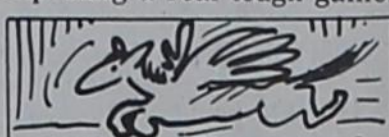

According to Yearling Coach Larry McDorman, Farwell's touchdown was scored in the second quarter of action on a 10-yard run by Gary Lee. Lee was also credited with running the Yearlings' two conversion points to give Farwell 8.

Following the touchdown, it was "a pretty good defensive game for both teams," according to the coach. "We moved the ball on Plains during all four quarters but our penalties and fumbles hurt us bad."

The coach remarked that Rowdy Chandler ran the ball 30 yards on one play only to have a fumble occur on Plains' 10-yard line. The Yearlings began a drive in the third quarter on "which we should have scored," commented McDorman. "But we had two 15-yard penalties which stopped our progress."

In citing outstanding players, McDorman lauded Gary Lee and Rowdy Chandler as offensive men and Rance Williams, Radney Robertson and Robert Lucio as defensive players.

The Yearlings were to travel to Bovina for action Thursday, Oct. 17. McDorman commented that Bovina has a tough and real big team. "We beat Plains by eight points but Bovina downed them 32-8 so we are expecting a real tough game."

Fire Calls

Farwell Fire Department reports an emergency vehicle call at 9:05 a.m. Friday, Oct. 11, to take a Farwell resident to a Muleshoe hospital. The emergency vehicle was called Monday, Oct. 14, to a wreck on highway 60-70-84 to transport an injured person to the Clovis hospital.

Texico's emergency vehicle was also called to the site of the Oct. 14 wreck along with the Texico fire truck which stood by to extinguish any fires resulting from the collision.

No other calls were reported by either fire department.

Yearlings Rope Cowboys, 22-16

A turn-about situation occurred Thursday, Oct. 10, as the seventh grade Yearlings of Farwell roped and corralled the Plains Cowboys, 22-16, in action at Steer Stadium.

Farwell's first touchdown of the game was set up by a 55-yard run with Blain Buchaneau going into the end zone to put Farwell on the scoreboard. PAT was good and the score read 7-0, Farwell.

Second TD came on a set up pass from Mark Owen to James Castleberry which covered

45 yards. Benny Yruegas credited with an assist. PAT for the Yearlings was good and Farwell had 14 points.

Third touchdown was set up by Brent Black on a 32-yard run and the Steers surged ahead with 22 points when their PAT was good.

Defensive men commended by Yearling Coach Jerry Dee Owen were Benny Yruegas, Mike Hernandez, Steve Powell and Lenole Jaime. Offensively, the coach lauded Willie Martin,

Troy Coleman and Craig Kaltwasser.

The Yearlings were set to clash with the Bovina Mustangs in action Thursday, Oct. 17, at Bovina. Game time was set for 5:30 p.m.

According to Coach Owen, "Bovina has a team comparable to ours and the game can go either way."

Around The House with Jana Pronger

Parmer County Extension Agent for Home Economics

Most homemakers spend about one-third of their food dollars on meat.

This isn't a surprise, but with inflation, most of us are looking for ways to hold this expenditure down a little.

When buying beef, consider cost per serving, instead of cost per pound.

An estimate of the number of servings per pound is based on ground and stew meat with four servings and boneless steaks and roasts with three servings. Meat with some bone provides two servings per pound and bony and fatty meat, only one serving.

Another cost-cutting measure is to buy pork liver, which is generally less expensive than beef liver. And bulk packages of luncheon meats usually cost less than sliced bulk pre-sliced vacuum-packed meats.

Is your money disappearing so fast you think ghosts must be haunting your pocketbook?

These ghosts won't knock on your door Halloween night - you'll have to hunt for them, one family resource management specialist contended this week.

She's Lynn Bourland, with the Texas Agricultural Extension Service, The Texas A&M University System.

One of the fastest ways for a family to discover what's happening to the money is for every one to keep a list of the money they spend for one month. Then follow these guidelines:

List the things bought that the family could have been just as happy without.

Circle items that could have been done or obtained with a resource other than money - traded, substituted, or made.

Underline things bought on impulse - those not planned or discussed with other members of the family.

Check items bought on credit that wouldn't have been bought if cash had been necessary.

This does not include planned or emergency credit purchases.

There may be other ghosts haunting your pocketbook, but count how many you've found with these guidelines.

MR. AND MRS. ARTHUR L. BOLTON

Boltons To Celebrate 50th Wedding Anniversary

Mr. and Mrs. Arthur L. Bolton will be feted with a celebration marking their 50th wedding anniversary Sunday, Oct. 20, at the Oklahoma Lane Community Center. Calling hours will be 2 to 5 p.m. CDT.

Arthur L. Bolton and Mary Ellen Hudson were married Oct. 16, 1924, in the First Methodist Church of Duncan, Okla., by Rev. Walter Douglas. Following their marriage, the

Boltons came to Texas and settled in the Oklahoma Lane community there they lived for 38 years. In November of 1962, they moved to Muleshoe where Bolton has been employed as a bus driver for the past 12 years.

All friends and relatives are invited to attend the occasion. The Boltons request no gifts, please.

Local Beauty Operators Attend Hair Styling Show

In Amarillo Monday to attend a hair styling show were several local beauty operators. Lanell Lee, Gardys Johnson, Tom Paul McCuan and Frances Kube of The Beauty Box and Mae Porter of Lou's

Beauty Salon all attended the show presented by Clairrol, Inc. The show featured stylist Richard Henson of San Francisco who demonstrated new methods of hair cutting and blow drying.

Kindergarten Class Visits Fire Station

Since last week was Fire Prevention Week, Mrs. Don Weems' Kindergarten class at Farwell school went on a field trip Friday to the fire station. Firemen Lee Hutchins and Joel White picked the children up at the school and they rode on the fire truck to the fire station where they were shown all the equipment, and it was explained to them how to fight fires. The men hooked up a fire hose and showed the children how far the water would squirt, explaining how to turn the pressure up and down.

During a question and answer period, the children asked such questions as "What do you do if there are two houses on fire at one time?" "Where do you hook the hose when the fire is out in the country?" and "How do you tell the fire whistle from the tornado alert?"

The children seemed very interested and really seemed to be learning from the experience, reports Mrs. Weems. When they got back to school they found that their Weekly Reader was also on the subject of Fire Prevention, and they knew how to answer all the questions that were asked.

Mothers who went along on the trip were Mesdames Scotty Turner, Everett Autrey, Lee Hutchins, Virgil Taber and Terry Parr; the teacher, Mrs. Don Weems; and teacher's aides, Mrs. Peggy Roberts and Mrs. Suzy Moore.

Another "community helper" who has visited the Kindergarten class recently is Officer Glenn Fant of the Texas Department of Public Safety. He showed the children his equipment and explained to them about safety and bicycle safety.

A former Farwell resident, Mrs. Noma Lockey, from Vernon now, visited in the home of Mrs. Alvenia Cox Wednesday through Saturday last week. She also visited with many other friends in the area.

Mr. and Mrs. Don Weems and Jeanette had a very interesting day at the Arts and Crafts Fair at Eastern New Mexico University in Portales Saturday. There were many beautiful things displayed from all over New Mexico.

A welcome guest in the home of Mr. and Mrs. Colton Robertson last week was their son, Randy Robertson from Arlington. He came Thursday and stayed until Saturday. They hadn't seem him since June, so you KNOW he was welcome!

Mr. and Mrs. Troy Christian and Mr. and Mrs. Doyle Ford all flew to College Station Friday to see the Texas A&M-Texas Tech football game. I should say they flew to Austin. That was the closest they could get motel reservations, so they

rented a car and went the rest of the way Saturday. Although their team didn't win, it was still a fun trip. They were impressed with the beautiful A&M campus and they visited with Larry Dan Jones, son of Mr. and Mrs. Melborn Jones, while there.

Another lucky person who got to go to the A&M-Tech game was Susan Patschke. She and four of her friends from Tech went down Friday. They got there in time for Aggie Yell Practice, and were really impressed with their enthusiasm. Asked if losing the game spoiled her weekend, Susan replied, "Oh, the game only lasted an hour and a half!" After that it was past history, and they enjoyed the rest of the weekend. While there she saw and visited with Will Anderson, son of the R. W. Andersons and a student at A&M.

Mr. and Mrs. Prentice Mills have just returned from a ten-day visit in Chicago, Ill., with their daughter and son-in-law and family, Bob and Cheryl Spiewak, Tom, Don and Chuck. While there they visited the Adler Planetarium, the zoo and spent some time fishing. Then after they returned to Farwell, Mrs. Mills' sister and brother-in-law, Mr. and Mrs. Verlin Towe, Silverton, came for the weekend.

Mrs. Howard Crook's two sons, Darrell and Randy, were both home for the weekend - Darrell from Mesquite, Tex., and Randy from Muleshoe. Randy spent most of his time grading papers, so they really didn't get to "visit" much with him.

Trumi Christian, daughter of Mr. and Mrs. Donald Christian, was home for the weekend. The family (including Charles) went to Muleshoe Sunday after church and had dinner with Mr. and Mrs. T. L. Kent, grandparents of Trumi and Charles.

Mr. and Mrs. Buster Gast spent the weekend in Lubbock with their daughter and family, Judy and John Abernathy and Jay.

Mr. and Mrs. W. A. Jordan, Tulia, visited in the Terry Parr home Friday. They were returning to Tulia from a trip to Tucson and Phoenix, Ariz.

GETTING THE CLAN TOGETHER

If you want to gather your clan today, you 'phone around your friends. In the days of the real Scottish Clans, you sent out the Fiery Cross.

That's to say, if you were Chief of the Clan. The Chief was the only man entitled to

send the Fiery Cross out and, once he had decided, a relay of swift-footed messengers carried as many Fiery Crosses as were needed round the whole Clan territory.

When a Clansman saw the Fiery Cross he was in honor bound to rally to his Chief, prepared for battle. The usual reason for sending it out was a pending battle between two Clans, though sometimes it was to repel Sassenachs (foreigners) who had invaded the Clan territory.

Pictures of the carrying of the Fiery Cross are very dramatic, and always show a wild-eyed, short-kilted Highlander bounding over the heather or down the mountainside with a flaming cross above his head.

But the Fiery Cross didn't blaze at all. Teacher's Scotch Information Centre can tell you that the Fiery Cross ceremony consisted of the Chief of the Clan taking a cross made of wood, searing the ends of it in a fire, and then dipping it into the blood of a goat which the Chief himself had killed.

So, by the time the fleet-footed clansmen had reached even the nearest Clan settlement, the Fiery Cross was no longer aflame.

But it lit a torch in the hearts of the Clansmen and they gathered their battle gear, said goodbye to their wives, and ran to the aid of the Chief.

To avoid leaving anything valuable behind, list the

contents of each piece of luggage on the inside of the lid. When you repack, make sure everything on your checklist goes back in-including new purchases made on your visit.

HOSPITAL NOTES

Joe Helton of Texico was to be released from Methodist Hospital in Lubbock sometime Wednesday. He has been confined there since Wednesday of last week for medical treatment and therapy for a back ailment. He is reported to be feeling better.

Dick Gerles of Farwell was dismissed from Lubbock Methodist Hospital Tuesday afternoon and is recuperating at his home. He had hip surgery Sept. 27 and he says he is "doing fine" now but will have to take it easy for awhile.

Wise Shopper Will Want New Booklet

AUSTIN-Wise Shopper's Guide, a nostalgic presentation of up-to-date consumer tips, has been published by the Texas Department of Agriculture (TDA). The 32-page booklet includes information on buying and preparing food, budgeting, nutrition, cooking for one or two, developing a home garden and buying and caring for plants.

"We think the Wise Shopper's Guide is one of the most helpful consumer publications yet published by the Texas Department of Agriculture," said Agriculture Commissioner John C. White. "It tells people how to save money without stinting on quality-and almost everybody is interested in that."

The guide is liberally illustrated and contains a variety of charts and definitions. It also tells how to get in touch with the TDA Consumer Affairs Office when someone needs help in solving a consumer problem. For copies write Commissioner John C. White, Texas Department of Agriculture.

Discuss Farwell Facility - -

Austin Nursing Home Pair Meets With Local Committee

The Farwell Development Committee Nursing Home Committee met Monday at 9 a.m. at Security State Bank with a nursing home representative from Austin and a nursing home construction representative also from Austin.

Don Brewer, owner and operator of several nursing homes, met with the group to discuss the proposed Farwell nursing home. Brewer is a past president of the Texas Nursing Home Association and his present on the National Board of Nursing Homes, representing five states.

Doug Pendergast, who is in the construction business in Austin, discussed construction aspects of the proposed nursing home for Farwell. Pendergast is an expert on nursing home construction, the laws and building codes governing

construction of nursing homes, etc.

Brewer indicated no funds were available presently for the construction of a nursing home by a private enterprise. He stated construction of the facility should be done locally with community funding.

Additionally, Brewer offered to enter into a rental agreement basis on a 10-year lease to manage the facility, provided it could be built with local assistance. He said he felt like there was a local need for the facility and that he would be interested in managing the home.

Pendergast discussed the proposed plans for the Farwell nursing home and pointed out that regulations governing construction have been changed since the preliminary plans were drawn up. He informed

the group of several changes, and noted that the preliminary plans would have to be modified to be in compliance with new federal regulations regarding construction.

Those present for the meeting included Mr. and Mrs. Bob Anderson, Don Williams, Rev. W.T. Perry, Prentice Mills, Charles Aycock, Pudge Rose, and Jim Berry.

Bookmobile News

GSPA Launches Fall Membership Campaign

Grain Sorghum Producers Association President A.W. Anthony, Jr., of Friona, announced the organization's fall membership campaign, launched Oct. 1. Anthony said GSPA has become "one of the nation's most influential commodity groups, especially in Washington."

As proof of this, he said GSPA directors serve on several top level advisory committees, including the Federal Energy Advisory Committee, USDA's Feed Grain Advisory Committee, and the National Cost of Production Advisory Committee. Other GSPA county directors serve on state

and county-level committees, advising ag-officials of the sorghum grower's viewpoint.

Joe B. Burford of Texico, Curry County GSPA director, urged area farmers to mail their membership dues early this year. He stated that "membership in GSPA is one of the best bargains available. For just \$10 annually, you get representation in Congress, contribute to world-wide market development and have your production problems gain the attention of prominent sorghum researchers. You also receive the GRAIN SORGHUM NEWS without additional

charge."

Citing some of GSPA's goals, Burford said, "We stand solidly opposed to any type of embargo on sorghum exports, we will continue to work to guarantee our farmers an adequate supply of fuel, and we are putting a great deal of time and effort into solving the problems of increased production costs."

Burford said membership dues application cards are now being mailed to all producers on the GSPA mailing list. Any one who wishes to join GSPA may do so by sending a \$10 check with his name and address to: GRAIN SORGHUM PRODUCERS ASSOCIATION, 1708-A 15th Street, Lubbock, Texas 79401.

Cockerham Elected SWCD District Director

Election results for Zone I of the Parmer County Soil and Water Conservation District are in with Jimmie Cockerham being re-elected by a landslide.

Cockerham, who lives three miles north of Bovina, will serve a five-year term of office as District Director. He has served the district well in his past term and practices sound conservation on the land he farms and is a solid example that conservation pays, according to SWCD officials.

The district, which includes all of Parmer County, is a legal subdivision of the state government. It is also a member of the Panhandle Regional Planning Commission. The office of director, even though it pays no salary, obviously carries a lot of responsibilities.

"If you don't know Jimmie Cockerham, make it a point to go by and meet him. He was elected to serve you," stated a spokesman for the organization.

Texico Volleyball Teams Play Against Floyd, Dora

Texico volleyballers once again hit the road for games as they traveled to Floyd Tuesday, Oct. 8.

The Varsity volleyball team won two out of three games to bring home their second win of the season. Scoring 15 against Floyd's five won the first game for the Whirlwinds. Playing all his girls the second game, Coach Eldon Smith's team almost overtook Floyd 7-15 and downed Floyd 15-6 to win the third game.

Junior Varsity squad "didn't do quite as well but still proved to win one game out of three." The scores of the games were 10-15, 15-11 and 6-15.

"Real pleased with the

girls," was the opening statement of Coach Smith in commenting on the games. "The girls played the best ball they ever have this week."

Although they didn't win, Texico's Varsity showed well at the Dora-Texico clash Thursday, Oct. 10. The Whirlwinds scored 10 against Dora's 15 in the first game and five to Dora's 15 in the second game.

The Junior Varsity girls lost 10-15 and 9-15 to Dora and the Junior High team also lost 8-15 and 7-15.

Coach Smith commented, "Dora was a good team. If we play them again, we'll beat them!"

Fair Board Elects Three New Members

The Annual Meeting of the Curry County Fair Association was conducted Monday night at the Curry County Fairgrounds. Three new members were elected to the Board of Directors at the meeting presided over by Jerry Bell, acting president.

The newly elected board members are Mike Spearman of Texico, Troy Monroe of Clovis and Royce Mitchell of Melrose. They will all serve for three-year terms.

The board discussed the improvements which were made

to the fairgrounds during the past year.

According to Bell, "During the year we extended the bleachers in the hog barn, put new sand and sidewalks in the cattle barn and put new show cases in the fine arts building."

"This year's fair was financially successful," reported Bell, "and the next order of business for the board will be to consider new improvements and prepare for next year's fair."

Texico Chamber Of Commerce Discusses Park, BTD, Clean-Up

Members of the Texico Chamber of Commerce met Monday, Oct. 14, at 7:30 p.m. in the meeting room of the Texico Branch, Citizens Bank.

Due to the absence of the president Lewis Cooper and the vice-president Bill Thigpen, Bill Christian was asked to chair the meeting. Others present were A.D. McDonald, Louise Engram, Ann Ledbetter, Clara Wiehl and Ruby Goforth. President Cooper joined the meeting later, following the clean up of the three vehicle accident Monday evening in Texico.

Mrs. Wiehl presented a report on the park that is being planned by the city. It was reported that funds are available for the park.

Christian reported on a recent meeting of the Border

Town Days Committee. It was decided that the Texico Chamber of Commerce would pay for the pennants used in Texico during the past Border Town Days celebration.

Mrs. Wiehl was appointed as a committee of one to contact new businesses and invite them to join the Chamber of Commerce.

A clean-up campaign was discussed and all members were asked to contribute to a list of suggested improvements to spruce up the city. Suggestions mentioned were to have the firemen burn off vacant lots and then have the lots mowed by the city. Local organizations and church groups could be asked to help with this project. Other suggestions included planting trees in town and white-

washing the end of the fire station.

Christian announced that he had been informed that the Environmental Improvement Agency was planning to set up a rat eradication program in Texico in the near future.

On The Farm In Parmer County

By R. MACK HEALD
County Agent

Meeting Scheduled For Oct. 23 Panhandle Economic Program

Wednesday, Oct. 23, is the date set for the 1974 PEP (Panhandle Economic Program) meeting, announces Parmer County Agent Mack Heald.

Convening at the Villa Motel and Convention Center in Amarillo, delegates and visitors from the 25-county PEP area will hear projected plans for a new Texas A&M University Research and Extension Center at Amarillo, and will get a leading economist's view of the general economic trends of the country. They'll also hear expert testimony about the crops and livestock situation and share new ideas and concerns about family living.

The packed schedule of events will be jammed into a program that starts with registration at 8:30 a.m. and winds up at 4:00 p.m., complete with a buffet luncheon.

The Panhandle Economic Program is a voluntary organization of area leaders in agriculture, family life, and agricultural industry who are concerned about the economic and social growth of the Panhandle.

R.B. Dawson, Jr. of Tulia, PEP's chairman, heads up this year's event. Keynote speaker will be Dr. H.O. Kunkel, dean of the College of Agriculture, Texas A&M University. He will outline plans for a new Research and Extension facility at Amarillo, including plans as

they are formulated to date and what the Center's role will be on the Golden Spread.

Dr. W.P. Gramm, Texas A&M University Economist, will present a general outlook on agricultural economy and trends. His speech should help give some direction of PEP's long-range goals which will be part of task force discussions that afternoon.

Three task forces will convene after the noon luncheon. They are the Agricultural Production Task Forces (crops and livestock) and the Family Living and Youth Task Force.

The crops section will review the outlook for wheat, sorghum and cotton.

Heading the discussions on wheat will be Leo Witkowski, president of the Texas Wheat Producers Association, Hereford.

The sorghum outlook will be presented by A.W. Anthony, Jr., president of the Texas Grain Sorghum Producer's Association, Friona.

Don Johnson, executive vice-president of Plains Cotton Growers, Lubbock, will lead discussions about the cotton industry.

For the livestock section, Bill Helming, president of Beef Grain Council at Amarillo, will talk about the future of the beef cattle industry.

Don Beasley, vice-president of the First National Bank of Amarillo, is scheduled to discuss the cattleman's financial situation.

Speaker for the Family Living and Youth Task Force which convenes at the same time as the other two groups will be Dr. William J. Vastine, Texas Agricultural Extension Economist specializing in marketing and food distribution.

A business meeting is slated for the afternoon after the task forces meet. The session will include a review of task force goals, introduction of the executive committee, the chairman's report and election of officers.

Highlighting the afternoon session will be a one-hour program centered around the continuing fertilizer crises. A Texas Plant Food Institute representative, as yet unnamed, will participate, as will a local fertilizer user.

Each county is represented at PEP meetings by the

County Program Building Committee chairman who is automatically a member of PEP's board of directors, along with selected key leaders from each county.

PEP's stated objectives are to work to achieve a more efficient use of resources, to identify problems and opportunities related to the use of these resources, to develop

plans of action, and to evaluate the effectiveness of this action.

This event offers an excellent opportunity for our people to become involved in the building and expanding of the social and economic aspects of our area, says County Agent Heald. We welcome and encourage anyone who can do so to attend this important event, he adds.

Some people believe that adding hay flowers to their baths will cure toothache.

If you'd like to eat more beef but can't afford existing prices, there may be an alternative in "baby beef."

Baby beef is beef produced from young animals weighing 400 to 700 pounds that have come off pastures where they have been nursing.

Baby beef was once quite popular in the supermarket, but in recent years the trend has been toward choice heavy beef. However, the high cost of feedgrains has caused the price of fat animals to jump while young calves coming off pastures have sold for considerably less.

This price differential on Aug. 10 was 20 per cent. So, consumers could save that much on their beef dollar by purchasing baby beef instead of heavy beef.

What are the basic differences in the two types of beef?

The major factor is that there is less marbling - flecks of fat - in the lean portion of the meat. This means that loin steaks from baby beef do not lend themselves to broiling as well as those from heavy beef. But for all other methods of cooking, young beef is excellent. In fact, baby beef is unsurpassed for pan frying.

Consumers can look for baby beef in the supermarket, as some stores are beginning to display it once again. Better yet, check with a rancher or an auctioneer and buy a young calf weighing 500 to 600 pounds. Then have it custom slaughtered, cut and wrapped for your home freezer. Often the manager of a local meat processing plant will be able to obtain a calf for you.

Now that trees are shedding their leaves, the annual chore of removing them from the yard has begun! Yet, the leaves are valuable in that they are an excellent source of compost material.

Think in terms of recycling the leaves. By putting them in a compost pile, they will provide valuable compost material to use in flower beds and shrub borders and for pot plants and as a topdressing for the lawn.

To compost leaves or other vegetative matter, alternate layers of vegetative matter four-to-six inches thick with

layers of good garden soil two-to-four inches thick. Water each layer of vegetative matter thoroughly and sprinkle on a complete commercial fertilizer such as 10-10-10 to hasten decomposition. Use about one-half pound or one cupful per 10 square feet of compost area. Manure may also be added to the soil layer of the compost pile if it is available and free of weeds.

A compost pile should be four-to-six feet wide and may be any length. A soil layer should form the top of the pile, and the surface should slope toward the center to form a basin for holding water.

Water the compost pile when it is completed and at regular intervals to keep the material moist. Also, mix or turn the material with a shovel or garden fork every three or four months. The compost will be ready to use in six months to a year.

So, clearing the yard of leaves not only helps its appearance and is important for good grass growth, but recycling the leaves makes good use of a valuable natural resource.

Services Held

For Bill Sherley

Funeral services were conducted Thursday, Oct. 10, at the First Christian Church in Anna, Tex., for W.M. (Bill) Sherley, a Parmer County pioneer.

Mr. Sherley, 75, died Tuesday morning, Oct. 8, in McKinney, Tex. He was president of Sherley Grain Company and was well-known in the Panhandle area.

A longtime resident of the Lazbuddie community, Sherley had founded the first store at Lazbuddie in 1924.

Some Irish believe that carrying furze plants in their pockets will help them find lost objects and keep them from stumbling.
