The information we have concerning the local garment manufacturing plant is very meager. Our contact with the resident manager produced a negative reaction and a "we don't wanna say much right now" attitude.

We can understand this reluctance to discuss future plans when such plans might be very nebulous to say the least. We do know that the plant is currently manufacturing some type of baby clothes and is on some sort of a production basis. At least this activity augurs some good, and it is hoped that current difficulties can be ironed out satisfactorily for the present management.

This addition to the local economy would be very beneficial to all concerned. Probably most of the payroll of a plant of this nature would be spent locally to provide family needs. It at least would "up" family income to the point that more income could be circulated in the Twin Cities business cycle. It has been estimated that for every new one dollar dropped in the economy of a community, seven additional dollars of goods and services is created.

This additional revenue, any merchant in the Twin Cities will tell you, would be very stimulating to the local economy. Everybody locally does have a reason to be concerned about the garment plant and, as far as we can tell, all hands locally wish it well.

Preston Smith just has to be one of the luckiest politicians in Texas history. The Governor is now in a perfect position to make a gob of good old political hay out of the latest Federal Court decision. This decision we refer to is the one re-drawing Congressional boundaries.

We read in Monday morning's paper where numerous ranking Texas politicians are asking Smith to call a special session and let the legislature have another crack at setting Congressional District boundaries.

Personally, we would feel that Smith ought to let well enough alone. The Texas legislature has tried redistricting and has been found wanting. In other words, our duly elected representatives in Austin just could not resist the temptation to play politics instead of thinking of the good of Johnny Q. Taxpayer.

They whipped up a bad batch of gerrymandering pie and got it tossed back in their faces in good old Keystone Kop tradition. Now they are yelling for the Governor to expend uncounted thousands of the taxpayers' dollars so they can do it all over again.

Now this gives Preston Smith an unprecedented opportunity; he can sit back with great solemnity and piously defend the people's money by not calling a session at this time. This would let him point the spendthrift finger at his opponents and proclaim his personal dedication to the little people's weal. Gad, what a political coup!

Or, the Governor can express righteous outrage at the court's decision and call a special session, but, in the meantime, extract a bundle of political support from the Congressmen affected by the late court decision. Many an incumbent Congressman would be happy to pledge his political support to the Governor in exchange for a special session that could bail him out of his present Congressional District mess.

Inasmuch as we have seldom, if ever, detected true concern in Austin for the faceless taxpayer, we are sure that whatever course the Texas captains of politics take it will be for political advantage, purely. This type of amoral politicking is certainly lending support to that south Texas political prospect who says, "throw the rascals out."

Who knows, someday the people might wake up and discover how bad their situation really is and actually do something about it.

## Little Dribblers To Organize

Vernon Scott, president of Farwell Little Dribblers, announces that an organizational meeting will be held Thursday night, Feb. 3, at 7:30 in Security State Bank community room.

All interested parents are urged to attend this meeting. Election of new officers will be held and plans to or-

**DEVASTATION BY FIRE --** Kelly Green Seeds, Inc., seed elevator and warehouse was completely destroyed by fire Monday night as flames licked up seed, seed sacks, chemicals, motors and cleaners estimated to be worth in excess of \$100,000. The blaze, which was reported at 7:05 p.m., apparently started as the result of a dust explosion, according to Lee Hutchins, Farwell fire chief. For a time, firefighters were afraid the

flames would spread to the nearby Lewis Foster home and to a row of gas tanks owned by Continental Oil Co., both near the west end of the buildings. Several area firefighting units answered the call besides the Farwell department. They included units from Texico, Friona, Bovina and Clovis. Clovis dispatched a truck which was equipped with a snorkel used by firemen to aid in getting water over the walls of the buildings and into the interiors.

**Damage Exceeds \$100,000 --**

# Kelly Green Elevator Total Loss After Fire

A seed elevator belonging to Kelly Green Seeds, Inc., was totally destroyed by fire Monday night while firefighters attempted to contain the fire and keep it from reaching the nearby Lewis Foster home and a row of gas tanks belonging to Continental Oil Co.

At 7:05 p.m., the alarm was turned in to Farwell Fire Station. All units of the Farwell department, plus units from Texico, Friona and Bovina answered the call. Also, a truck equipped with a snorkel was dispatched from the Clovis Fire Station to aid the area fire fighters.

Lee Hutchins, Farwell fire chief, says he believes the blaze was caused by a dust explosion. J. W. "Pat" Patrick, co-owner of the elevator, was not sure what caused the blaze but said two employees were still at the elevator after he left at 6 p.m. "Whatever the cause, it happened so fast there was nothing that could be done," he said.

The blaze, which erupted during the night and continued on into the day Tuesday, completely destroyed the main elevator building and an adjacent warehouse on the west. Contents of the buildings, which included about 20 storage bins, were seed, some chemicals and a large quantity of seed bags. Also destroyed were motors and cleaners used in the business.

Patrick estimated damages in excess of \$100,000. Seed which had been stored in a tall storage bin on the east end of the elevator was not destroyed. The seed was being taken out of the bins and put into trucks Tuesday morning so that the small fires which

continued to flare up in the main building would not destroy it.

Firemen at the scene were worried for a time when they couldn't control the blaze since the Foster home was close to the west end of the elevator and a row of gas tanks behind the home were also in the path of the blaze.

Mrs. Foster was attending a basketball game at the time of the alarm. When she was alerted to the danger, she returned home and called her husband who was at a Lions Club meeting.

The family, along with several people who had been watching the ball game, and friends and neighbors cleared out everything from the house in about a 20-minute period.

"We had people from Bovina, Clovis, Texico and Farwell helping us move things out. It seems to me there must have been a hundred people. I'm so grateful to everybody for helping us," Mrs. Foster said.

The Fosters moved back into their home Monday night after firefighters reassured them the danger had passed. "I'm very happy I have a mess to clean up. There might not have been one if the fire had reached

the house, but everything would have been gone," said Mrs. Foster on Tuesday as she surveyed her home.

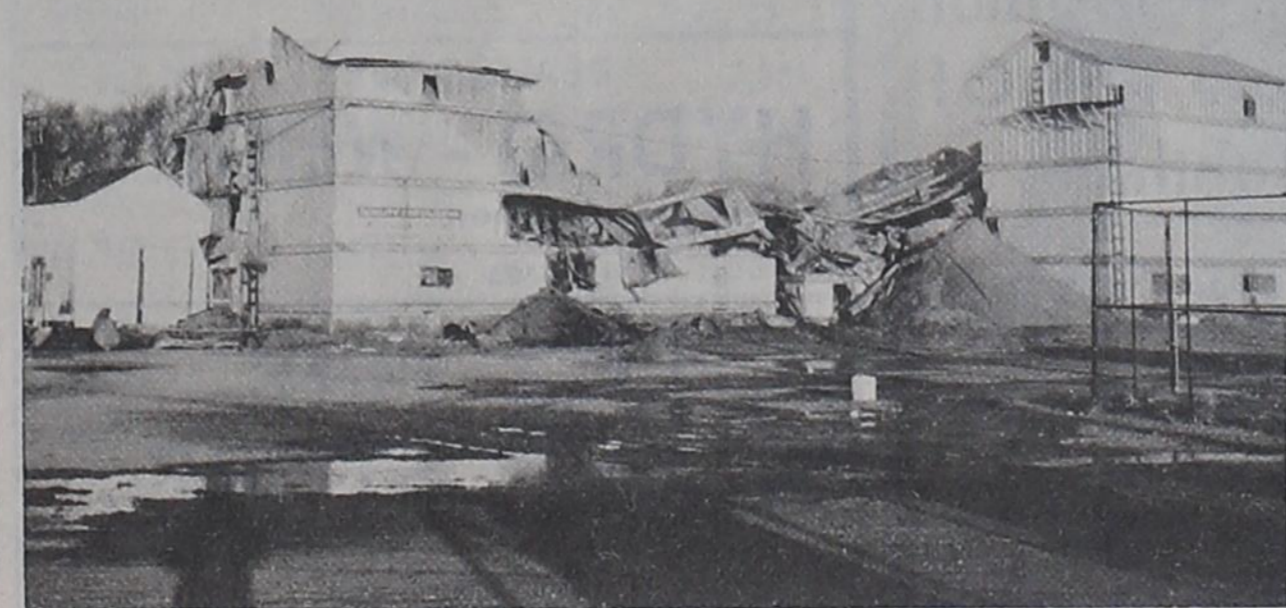

Patrick said of the cooperation of area firefighters and others who helped Monday night, "I really do appreciate all the help we received from everyone. We weren't lacking at all for help Monday night."

V. C. Venable, Farwell water superintendent, had these words to say for the effort made on the part of the Farwell Fire

## C of C Meet Rescheduled

I. W. Quickel, Farwell Chamber of Commerce secretary, announced that the next Chamber meeting will be held Tuesday, Feb. 1, at noon in Clara's Spur Restaurant.

A regularly scheduled meeting on Jan. 25 was postponed due to conflict. Committees will make reports concerning the upcoming Chamber of Commerce banquet in March.

A PILE OF RUINS --- was all that was left of the Kelly Green Seeds, Inc., seed elevator and warehouse after fire destroyed the buildings and their contents Monday night. Early Tuesday, employees of the company were emptying the tall storage bin, at the left of the picture, of its seed so that small fires which kept re-occurring in the main building would not destroy all of the seed. Exact amount of damage will not be known for sometime, says J. W. "Pat" Patrick, co-owner of the business, but he said it will run in excess of \$100,000.

RESERVE CHAMPION BARROW --- Paul Brigham, son of Mr. and Mrs. Bill Brigham of Farwell, exhibited Reserve Grand Champion barrow at the Amarillo Junior Livestock Show last weekend. Brigham's barrow won first medium weight and champion crossbred in its class as well as the reserve championship over 350 barrows shown. Another barrow shown by Brigham won second place lightweight cross. Several other Farwell FFA members attended the show.

Farwell Chapter --

## FFA Boys Place In Stock Show

Several Farwell Future Farmers of America members placed in the barrow show last weekend at the Amarillo Junior Livestock Show. Paul Brigham showed the Reserve Grand Champion barrow which received first medium weight and

champion crossbred honors in its class.

Carl Kirkland placed sixth in the lightweight Hampshire class, Paul Brigham also placed second in the lightweight cross class, David Garner placed fifth in the medium weight cross class.

Mark Haseloff placed seventh in the medium weight Duroc class, Thad Phillips placed ninth in the lightweight Chester class, and Gary Green placed 15th in the mediumweight Duroc class.

Exhibiting steers this week

in the stock show were Bill Johnson and Freddie Dale. Mack McFarland was exhibiting a heifer.

Attending the show with the FFA boys were Messrs. and Mmes. Henry Haseloff, Doyle Green, Darrell Norton, Glen Phillips, Bill Brigham and Danny Ivy. Also attending was Jerry Mathis.

Lori Norton, daughter of Mr. and Mrs. Darrell Norton, placed second in lightweight Hampshire class. She is an honorary FFA member.

## Car Tag Sales Begin Feb. 1

Texas license tag sales begin Feb. 1, according to Hugh Moseley, Parmer County Tax Assessor-Collector. Motor vehicle owners are receiving renewal applications from the Texas Highway Department in Austin for obtaining the 1972 license plates.

Hugh Moseley said owners can order their tags by mail by sending the three-part renewal application, the registration fee and \$1 to cover the cost of mailing.

Applications should be sent to the local courthouse office and not to Austin, he said. License plates can be obtained in person at the county tax office, he added, by using the three-part applications. Deadline for displaying the new tags is midnight April 1.

Parmer County citizens are also reminded that Jan. 31 is the last day to register to vote for all 1972 elections.

However, if one forgets to register by the deadline he may register at a later date for a certain election and his name will be added to the supplemental list of voters. He must register at least 30 days prior to the election in which he wishes to cast a vote.

## Mother's March Tonight

The National Foundation-March of Dimes Mother's March will take place Thurs-

day (tonight) between 5 and 6 p.m., according to Mrs. Nell Walling, county chairman.

## Jury Hears

### One Case

Parmer County District Court convened Thursday, Jan. 20, to hear the case of the State of Texas vs Joe Mendoza. The jury found Mendoza guilty of theft of property over \$50 and assessed punishment at two years in the penitentiary. They also recommended that the sentence be probated. District Judge Pat Boone, Jr., approved the recommendation.

On Monday, Jan. 17, four pleas of guilty were entered. John B. Lilley received two years for DWI, subsequent; Johnny Perez, three years, forgery, passing; Billy Province, three years, worthless check; and Joe Guadalupe Rodriguez, two years, DWI, subsequent. All were probated sentences.

Members of Theta Rho Chapter of ESA Sorority will be canvassing Farwell residences for donations. Another activity which has been set up as part of the March of Dimes campaign is a coffee day at Clara's Spur Restaurant on Monday, Jan. 31.

Proceeds from the sale of coffee during the day will go to the March of Dimes. Mrs. Walling urges all area residents to support the Mother's March and other March of Dimes activities taking place this month.

Anyone not contacted during the March should mail their contributions to Mrs. Nell Walling, Box 27, Farwell, Tex. 79325. The March of Dimes is a national foundation which attempts to help prevent birth defects which strike some 250,000 American babies each year.

## Water Importation Practical --

# Water, Inc. Audience Hears Good Reports

"Plans to import water are progressing as scheduled, and physically water importation is practical," said Water, Inc., Executive Director Bill Clayton at a meeting of the organization Monday night in Bovina. The membership meeting drew several hundred interested Parmer County residents.

W. L. "Preach" Edelman of Friona, county president, presided over the session and

welcomed those in attendance. Mayor Charles Flynn of Bovina also greeted the crowd and welcomed them to the meeting and to Bovina.

State Representative Clayton gave a detailed slide presentation on the role Water, Inc., has played to date in keeping the various agencies concerned importing water informed on

the needs and requirements of West Texas. Clayton also stressed that Eastern New Mexico and the Oklahoma Panhandle were also in the Water, Inc., association.

The executive director stated that Water, Inc. now has six full time employees and an annual budget of over \$130,000. Clayton pointed out the nec-

cessity of an organization gathering and recording all the facts that will be needed to support a request to the United States Congress for the funds to make water importation a reality. He also said that we are now about 18 months away from a request to Congress and that all the facts necessary to

(Continued on Page 2)

ATTEND WATER MEETING -- Bill Clayton, second from left, executive director of Water, Inc., answered many questions from individuals following the membership meeting of Water, Inc., in Bovina Monday night. Among those attending from Farwell were, left to right, Elmer Hargrove, Joe Jones, Don Williams and Jim Berry.

## Longtime Resident's Services Sunday

Funeral services for Mr. Henry S. Curtis, longtime resident of the Farwell area, were held Sunday, Jan. 23, in the First Baptist Church of Farwell with Rev. T. L. Pond of Coleman, Tex., officiating. He was assisted by lay speaker, Sam Aldridge of Farwell.

Mr. Curtis died Thursday, Jan. 20, in a Lubbock hospital where he had been a patient for three weeks. Prior to hospitalization in Lubbock, he was a patient in Clovis Memorial Hospital.

Burial was in Sunset Terrace Memorial Park in Farwell under the direction of Sherwood Mortuary of Clovis. Pallbearers were Curtis' sons, W. E. of Phoenix, Ariz., Duane of Big Fork, Mont., H. W., J. H. and Gerald, all of Farwell, and a grandson, Doyle Vaughan of Story, Wyo. Honorary pallbearers were all friends of the Curtis family.

Mr. Curtis, a member of the Baptist church, was 88 years old. He was born March 8, 1883, in Young County, Tex. He came to the Farwell area in 1904 at the age of 21 to file for squatter's rights on

land six miles south and one and a half miles west of Texico in the old Fairfield community.

He married Grace Haynes when she was 15 years old in 1908. The couple obtained their marriage license in Parmer County. It was one of the first marriage licenses to be issued in Parmer County.

Mr. Curtis raised sod crops of feed and corn and worked part-time for wages. He farmed southeast of Farwell for several years before moving to town 12 years ago. Mrs. Curtis preceded him in death Nov. 20, 1969.

Other survivors include a daughter, Mrs. Pearl Holbrook of Clarksville, Ark.

HENRY S. CURTIS

•Tea is another good warming beverage. Drink it "as is," for a calorie-free repast. Or, heat it with fruit juices, natural sugar and a stick of cinnamon for a "natural" apres-ski drink.

•Hot apple juice or cider with a sprinkling of apple pie spice is an easy spicy sipper.

## Hill Services Held Sunday

Funeral services for Mr. John M. "Jack" Hill of Texico were held Sunday, Jan. 23, in Charles V. Steed Memorial Chapel, with Rev. Claude Walker of the Assembly of God Church in Texico officiating.

Burial was in Texico Cemetery under the direction of Steed-Todd Funeral Home of Clovis. Pallbearers were Ardell, Johnny, Emmett, Doug and Everett Autrey and David Bland, all of Texico. Honorary pallbearers were Thurl, J. C., F. E., Ralph, Edward, Milton and J. A. Autrey, Jr., of Texico.

Mr. Hill had been a resident of Texico for the past seven years. He had been a truck driver for Emmett Autrey.

He is survived by three daughters, Sharon Gail Hill, Janice Rose Hill and Carolyn Hill, all of Dallas; one son, John Mark with the United States Army stationed at Ft. Ord, Calif.; two sisters, Mrs. Inez Adair of Dallas and Mrs. Beatrice Taylor of Houston; and one brother, David C. Hill of Dennison, Tex.

**FIERY INTERIOR** --- The interior of the Kelly Green Seeds, Inc., seed elevator was full of smoke and fire Monday night as the contents of the building were consumed by flames. Although area firefighters had the fire under control about 9:30 p.m., flames were still abundant throughout the night. Farwell Fire Department units were again called to the scene about 3:30 a.m. Tuesday morning to extinguish another blaze. A unit of the fire department stayed on the scene Tuesday to keep small fires from getting out of hand as seed stored in the elevator continued to smolder.

## Mrs. Dane Services Monday

Mrs. Grace Dane, 51, of Pleasant Hill community, died early Saturday morning, Jan. 22, in St. Anthony's Hospital in Amarillo. She had been ill about three months.

Funeral services for Mrs. Dane were held Monday, Jan. 24, in the Pleasant Hill Baptist Church with Rev. Hugh Frazier of University Baptist Church in Portales officiating. He was assisted by Rev. Tommy Farmer, pastor of Pleasant Hill Baptist Church.

Burial was in Levelland with Claborn Funeral Home of Friona in charge of arrangements. Pallbearers were Roy Richardson, Herman Gerles, John Range, Clarence Brown, Troy Lovett and Don Teague. Honorary pallbearers were B. B. Dane, Leon Webb, Dolph Ashmore, Jimmy Dane and Earl May.

Mrs. Dane came to Pleasant Hill with her family 15 years ago from Hockley County. She was a member of Pleasant Hill Baptist Church. She was born in Grayson County near Sherman on June 25, 1920.

Survivors include her husband, Weldon, of Pleasant Hill; two daughters, Mrs. Marjorie McClure of Amarillo and Mrs. Mary Race of Lubbock; two sons, Jackie of Maypearl, Tex., and Johnny of the home; two sisters, Mrs. Lucille Sullivan of Bowie and Mrs. Donnie Bowden of Fort Worth; six brothers, Loris Griffin of New Orleans, La., Von Griffin of Lebanon, Mo., Altus, Alex and Boyd Griffin, all of Bowie, and Marlon Griffin of Gatesville, Tex.; and six grandchildren.

## Water, Inc. --

(Continued from Page 1)

economically justify such an expenditure must be available by that time.

Leon Hill of Amarillo, Regional Director of the United States Bureau of Reclamation, gave a detailed report on the engineering studies that have been done on the problem of importing water. Hill said that while the system for importing water from the Mississippi River would be the largest engineering feat undertaken by man, this accomplishment was entirely possible. He pointed out that the California water project overcame greater engineering obstacles than those which are found in the Texas water plan.

Hill also stated that while from the engineering standpoint the plan was quite practical, it was up to the people in the areas concerned to prove to Congress that it was economically possible.

A. L. Black of Friona then spoke to the group and said that the purpose of Water, Inc., was to gather the facts to prove that importing water was economically feasible. Black also said that in future years, without imported water, our area's entire economy would suffer dramatically.

He urged everyone to join Water, Inc., and to remain a member each year as this is a continuing plan for growth into the 21st century. Black also pointed out that if all vast engineering feats had not begun and been carried forward by somebody, we would not have our present advanced society, and we must plan and prepare for those who will need water in the year 2000.

## Kelly Green --

(Continued from Page 1)

Venable goes on to say, "Do we appreciate these men giving their time? What have we given? We should take time to thank our boys in this community for a good job. I would like to put my two cents in on their behalf. For 20 years I have worked with them, and I feel I understand how much hard work they do."

•Cranberry Pick-Me-Up is a warming beverage guaranteed to take away chills. In a saucepan, heat 2 cups cranberry juice, 2 cups pineapple juice and 2 teaspoons mint leaves from the spice shelf. Strain before serving steaming hot.

## Essay And Homemaker --

# Contest Deadlines Are Feb. 1

Parmer County Soil Conservation Service and Extension Service are taking entries for the Parmer County Soil and Water Conservation District Conservation Essay Contest and Texas Conservation Homemaker Award nominations. Deadline for both contests is Feb. 1.

Those entering the essay contest should bring their entries to the Friona Soil Conservation Service office by 5 p.m. Tuesday, Feb. 1. All boys and girls living in Parmer County who are 18 years of age and under are eligible to enter.

Subject for the essay contest is "Conservation-The Key To Survival."

Women who are entering the Texas Conservation Homemaker contest should have their record books in the Parmer County Home Demonstration agent's office by Feb. 1 in order to be considered as a nominee from Parmer County.

Any woman who lives in the county and she or her husband operate a farm or ranch under a basic soil and water conservation plan developed in cooperation with the Soil and Water Conservation District may

submit her name and record. A three-member county committee will be in charge of selecting a nominee from those entering record books. Women will be judged on farm and ranch conservation practices followed, conservation practices followed in the home, and leadership and community life. County nominations will be sent to a regional judging committee. The regional committee will pick one nominee who will be given a silver award at the regional awards banquet held in May.

The regional nominee from each of Texas' five regions will have her records sent to a state judging committee who will be in charge of picking a Texas Conservation Homemaker.

The top award, a silver service, will be presented to the honoree during State Conservation Awards Program held May 13 in the Student Center Ballroom on the Texas Christian University campus in Fort Worth.

Both the Texas Conservation Homemaker Award nominations and Soil and Water Conservation District Conservation Essay Contest are a part of the 1972 Awards Program.

Today 80 per cent of our population live in urban areas, and 50 per cent of the population live on less than 1 per cent of the land area of the United States.

The General Agreement on Tariffs and Trade (GATT) includes 78 nations. The United States played a major role since its inception 25 years ago.

## Roy Tolk New SWPS Head

Roy Tolk was elected chairman of the board, president and chief executive officer of Southwestern Public Service Company at a meeting of the electric company's directors recently in Dallas.

Tolk joined Southwestern in 1938, shortly after his graduation from the University of Texas. He became a vice president of the company in 1958, executive vice president in 1965 and president and director in 1967.

A registered professional engineer in Texas, Tolk is also a member of Eta Kappa Nu, the engineering honorary fraternity. He is active in electric industry affairs and is a director of the Edison Electric Institute, The National Association of Electric Companies and the Texas Atomic Energy Research Foundation.

Other important business and civic posts in which he serves include membership on the board of the First National Bank of Amarillo; directorships in the Texas Manufacturers Association and the Texas Research League; vice president of the board of trustees of St. Anthony's Hospital, Amarillo; and member of the board of regents of Amarillo College.

# Varsity, B Teams Beat Happy, Bovina

Farwell Steers romped over Happy Friday night, winning 95-67. Brett Hargrove was high scorer for Farwell with 25 points. He was followed by Kevin Hargrove with 21, Rod Johnston had 11 rebounds.

Farwell B boys team beat Happy 71-54. Gene Charles Christian was high scorer for Farwell with 26 points. Carl Kirkland was next with 21. Farwell led throughout the game.

Farwell varsity girls edged past Happy with a score of 43-42. Farwell came from behind to win the game. They trailed Happy in the first three quarters of the game before Joyce White added six important points to bring Farwell into contention for the game.

Coach Gayle Nicholas said those six points made it possible for Farwell to catch up and win the game. Jo Dell Goldsmith was high scorer for Farwell with 19 points. LaShawn Sheets followed with 13. Lynne White was named outstanding guard.

Tuesday night Farwell Steers trampled over Bovina to win 79-67. Brett Hargrove made 19 points and Kevin Hardage made 18 for Farwell. Coach Vernon Scott said, "The whole squad has been playing well in recent games. They have been doing some very good hustling."

Farwell B boys beat Bovina 55-31 Tuesday night. Mike Woods with 16 points, Carl

Kirkland with 14, Gene Charles Christian with 12 and Lesley Curtis with 11 were high scorers for Farwell. Mike Ware scored 11 points for Bovina.

Coach Tally Kelso said he felt the team made a good effort. "Our boys have been playing sophomores and juniors all year long, and they are only freshmen and sophomores," he said.

Farwell varsity girls beat Bovina Tuesday 50-44. LaShawn Sheets scored 31 points. Jo Dell Goldsmith was next with 11 points. Debra Foster made 13 rebounds.

Coach Gayle Nicholas said, "All three guards did a good job against Bovina. They were Lynne White, Phillis Jones and Debra Foster. Marilyn Winegeart, replacing Becky Ritchie who was ill, did a fine job."

Farwell B girls lost to Bovina 54-47. Sharon Booth made 36 points for Farwell. Karen Herington, replacing Joyce White who played with the varsity, was credited with 10 points. "She did a very good job," said Coach Nicholas.

Farwell varsity and B girls teams and the Steers will travel to Springlake-Earth Friday night. Farwell varsity boys have a 3-0 district record in the second half of the season.

"We will need this game if we plan to stay in the running for district. It will be a big game, and we must win it," said Coach Scott.

## Whats Cooking At Farwell School

MONDAY -- Fish with tartar sauce, macaroni and cheese, blackeyed peas, hot rolls, butter, honey and milk.

TUESDAY -- Spaghetti and meat balls, whole buttered potatoes, buttered corn, peanut butter and crackers, apple cobbler, bread, milk.

WEDNESDAY -- Baked ham, sweet potatoes, green beans, lettuce and tomato salad, hot rolls, butter, honey and milk.

THURSDAY -- Hamburgers, pickles, onions, lettuce, tomatoes, potato chips, cheese slices, peach cobbler, milk.

FRIDAY -- Fried chicken, potatoes and gravy, buttered corn, lettuce and tomatoes, hot rolls, butter, applesauce, milk.

## Bookmobile Is Coming

Thursday, Jan. 27 -- Okla. Lane, 9-10; Rhea Community, 10:45-11:45; Friona #1, 1-1:30; Black, 1:45-2:45.

Friday, Jan. 28 -- Hub, 8:45-9:45; White's Elevator, 10-11; Lazbuddie, 12-1; Clay's Corner, 1:15-2:15.

Saturday, Jan. 29 -- Farwell, 8:55-11:50; Friona #II, 1-4.

## Kirt Martin On Dean's Honor Roll

Kirt Martin, son of Mr. and Mrs. Preston Martin of Farwell, has been named to the Dean's Honor Roll for the fall semester just completed at Lubbock Christian College.

A grade point average of 3.5 is necessary to be named to the Dean's Honor Roll and Kirt had a 3.83.

LCC is a small, private, senior liberal arts college offering BA and BS degrees in 16 majors.

## Named To Dean's List

Carolyn Langford, daughter of Mr. and Mrs. Elmer Langford of Farwell, has been named to the Dean's Honor Roll at Texas Tech University.

Miss Langford is enrolled in the College of Home Economics. To qualify for the honor list, a student must be enrolled in 12 semester hours of courses, excluding pass-fail courses, and have at least a 3.0 grade point average. Texas Tech uses a 4.0 point grading system.

## Texico Girls

### Lost First Game

Texico senior girls lost their first basketball game this season Tuesday night to Grady. The score was 45-37. Coach Charles Stockton said five of his team members fouled out before the last two minutes of the game, leaving only four players on the floor.

Kim Pearce was high scorer with 14 points, Henry and Harper each had 10 points for Grady. "We didn't play well at all. It wasn't one of our better ball games," he said.

Texico junior girls beat Grady 21-13. Sue Hall was high scorer for Texico with nine points, Bailey made five points for Grady.

## Dora Is First --

# Texico Wins Third In EPAC Tourney

Texico Wolverines won third place in the Eastern Plains Athletic Conference tournament held last weekend in Portales. Dora was first place winner with Elida in second place. Texico has a 11-4 record in conference play.

In their first tournament game on Thursday, the Wolverines beat Logan by a score of 62-45. Terry Yell led Texico in scoring with 25 points. Other men in double figures were Doug Harrison and Curtis Lindley, both with 11, and Ricky Ketcherside with 10.

Texico led in the first quarter of play 17-15, but they were behind by one point at the half, 27-26. They regained their lead in the third quarter and stayed ahead throughout the last half of play.

On Friday, Elida beat Texico 53-49. Yell made 21 points, Harrison made 13 and Randy Skaggs made 10 for Texico. John Rains made 33 for Elida.

Elida held the lead throughout the first three quarters. Texico caught up in the third quarter and was leading by two points in the fourth quarter until two minutes before the end of the game when Elida surged ahead to win.

In their final game on Saturday, Texico clinched third place by beating Melrose 50-42. Harrison made 17 points and Skaggs made 12 points for Texico. Texico led throughout the game. Coach Bucky Walters said, "We played a very poor second

game. We missed too many easy shots. We weren't guarding well at all. Rains beat us by himself."

Texico A and B boys will play Grady in Texico this Friday night. The Wolverines are 1-2 in district play.

KATHY LOCKHART

# Kathy Lockhart Wins Good Citizen Award

Kathy Lockhart, daughter of Mr. and Mrs. John Lockhart of Texico, was selected recently by the New Mexico Society, Daughters of American Revolution, as DAR Good Citizen from Texico High School.

Criteria for selection of the girls from each New Mexico County by school faculty members is based on their demonstration of dependability, service to home, church and community, leadership and patriotism. High schools participating in the program from Curry County are Clovis, Texico and Melrose.

Miss Lockhart is president of the National Honor Society, vice-president of Future Homemakers of America, secretary of the first place State Office Education Association Parliamentary Procedure Team and was a 1971 delegate to Girl's State. She has lettered in girl's athletics and had a poem published in Western Anthology.

She received the Crisco award, the American League Citizenship award and an award for the highest grade point in Texico High School. She serves her church as a vacation Bible school teacher, assistant organist and is secretary of her Sunday School class.

She visits "shut-ins" in her neighborhood and runs errands for them, helps with community clean-up projects and types for elderly persons when needed. She hopes to attend college and medical school, and eventually become a general practitioner in medicine.

Alternates chosen from Texico include Vickie Richardson, Deborah Tharp and Becky Lockmiller.

Pins and certificates for each girl selected in the county will be presented at a later date. They are being given by Clovis-Portales El Portal chapter of DAR.

A state winner selected from the school winners will be announced in February. The state winner will be selected by Mrs. Robert Allen Harding, state chairman of Good Citizens for the New Mexico Society, DAR, and Dr. Forrest Walker of the Eastern New Mexico University history department.

The state winner will receive a \$100 bond and will be eligible to compete with other state

winners for the national award, which will be a \$1,000 scholarship.

Miss Lockhart also recently received a \$25 savings bond for second place in the Clovis Soroptimist Club Youth Citizenship Awards contest. The awards were based on compliance with instructions, students activities, earned awards, chosen field of interest, aims and purposes, and candidates' answers to questions.

Recognizing youth achievement in the family, in the community and in the world is the objective of the Soroptimist Foundation. This award has been given the Freedom's Foundation medal eight times.

Through the Youth Citizenship Award, members of the Soroptimist Club express their belief in the integrity of youth and recognize the contributions made by outstanding young people everywhere.

## Flowers Makes Honor Roll

Mike Flowers, son of Mr. and Mrs. W. H. Flowers of Farwell, was named to the president's honor roll during the fall semester of Texas State Technical Institute in Amarillo.

Flowers, a 1971 Farwell High School graduate, is a student in building construction at the school. Persons making the honor roll must have grades of A in each class.

He was also elected to serve on the student council and was a candidate for Mr. TSTI.

# 43 Students Named To Texico Honor Roll List

Texico junior and senior high school students named to the honor roll for the past nine weeks were: seniors, Virginia Rojas, Deborah Tharp, Connie Autrey, Linda Bland, Terry Duncan, Lynn Fought, Beatrice

Gonzales, Diane Kelly, Kathy Lockhart, Becky Lockmiller, Connie Martin and Vickie Richardson.

Juniors were Georgia Autrey, Bobby Englant, Jody Miller, Jo Pearce, Diane Riley, Marilyn Walters and Linda Wilson.

Sophomores were Nancye Cooper, Regina Kelley, Dwayne Kelley, Cheryl Lockmiller and Eugene Wallace.

Freshmen were Larry Albright, Bev Duncan, Roy Hager, Ricky Hendrix, Elaine Kelley, Elizabeth Pierce, David Turnbough, Sammy West, Max Winkles, Kevin Stanley, Dave Robinson and Albert Galvan.

Eighth graders named were Gia Crook, Valerie Flitz, Turner Spencer and Vicki Snodgrass.

Seventh graders making the honor roll were Deanne Day, Mark Howard and Betty Jo Peugh.

The Consolidation Coal Company has made an \$8,500 grant for the purchase of 20 pieces of anti-pollution equipment by the Wheeling (W. Va.) College. The college will conduct research in water pollution.

## School Lunch Schedule

At Texico

MONDAY -- Hamburger on bun, lettuce, pickles, onions, buttered peas, fruit cobbler, milk.

TUESDAY -- Meat balls on rice, green beans, celery stick, hot rolls, butter, chocolate cake, milk.

WEDNESDAY -- Pinto beans, beef and cheese tacos, lettuce and tomato salad, cornbread, fruit cup, milk.

THURSDAY -- Fried chicken, cream gravy, whipped potatoes, tossed salad, hot rolls, peanut butter and syrup, milk.

FRIDAY -- Fish sticks, macaroni and cheese, blackeyed peas, cornbread, fruit gelatin and chocolate milk.

## Fire Calls

Texico and Farwell Fire Departments answered a call to a fire at Kelly Green Seeds, Inc. elevator at 7:05 p.m. Monday. The Twin Cities firemen were joined by units from Bovina, Friona and Clovis Fire Departments.

The seed elevator and an adjoining warehouse were totally destroyed. Damages were estimated in excess of \$100,000. Contents of the buildings included seed, seed bags, motors and cleaners.

Farwell firemen were again called to the seed elevator fire about 3:30 a.m. Tuesday to extinguish the smoldering fire which had again erupted. A Farwell unit stood by Tuesday at the seed elevator location to contain the smoldering fires. Saturday evening Farwell Fire Department answered a call to extinguish a stack of alfalfa which was burning on the Woltmon estate six miles northeast of Farwell.

Damage to the stack, which was owned by W. O. Chadwick, was estimated at \$2,000. The blaze apparently started from a trash fire which was being burned at a nearby home.

Farwell Fire Department answered another call Saturday afternoon to extinguish a grass fire behind the radio station in Farwell.

## Riding Club

### Elects Officers

Texico Riding Club elected officers at a meeting held Tuesday, Jan. 18, in the Texico school cafeteria. Elected were Howard Leavell, president; Bill Christian, vice-president; and Mrs. Glenda Harrison, secretary-treasurer.

The club made plans to ride every second and fourth Sunday afternoons if the weather permits. They will meet at the Farwell arena. Anyone wishing to join the club is urged to attend these get-togethers.

Plans for an upcoming rodeo to be scheduled some time in April were discussed.

In 1972 the domestic electrical manufacturing industry expects to have product shipments totaling \$50.2 billion, nearly double the \$26.5 billion worth of equipment shipped just ten years ago.

**EARLY FARMING METHODS** -- When B. H. Kube started farming in 1929, he used a team of mules pulling a sled of knives to cultivate his land. Pictured are three of his brothers who are lending a helping hand. His family farmed a piece of land adjacent to his which belonged to Adolph and Henry Haseloff's grandfather. Both Kube families rent the land and Kube stayed 12 or 13 years before buying a farm in West Camp.

**B.H. Kube --**

**Farming For 43 Years, Only One Crop Failure**

by Janie Crane  
B. H. Kube of West Camp community came to the Oklahoma Lane community with his family in 1925 from Lexington, Tex. He stayed here for 25 years helping his father and brothers before returning to Lexington.  
Kube stayed a year in Lexington where he married Augusta Mayer in 1928 when he was 25 years old. "She had already told me I could have her before I left for this country, so I figured I'd better go back and get her," he said.  
Kube returned to this area with his wife in 1929. "When she first saw the sandhills around Muleshoe, she told me she didn't want to stay here. After we had gotten settled, though, she decided it wasn't bad at all," he said.  
Kube grew maize, cotton, corn and wheat on his place in Oklahoma Lane. "We grew everything on dry land then because there was no irrigation. We had a good crop every year," Kube remembers.  
Kube used a team of mules pulling a sled with knives to cultivate his farm land. The couple lived on the place where the Gilbert Kaltwassers now reside.

The land they rented belonged to Adolph and Henry Haseloff's grandfather. Kube farmed his 190 acres with a one-row outfit. He cut maize by hand and his wife helped him haul it in the heads to the elevator.  
He fondly recalls maize harvest since his wife would bake bread while they were hauling grain. Whenever they came close to the house, she would go in and see about the bread.  
About 200 people lived in the Oklahoma Lane community when the Kubes arrived. Kube remembers get-togethers with dancing and singing. He also remembers how farmers helped each other so they could all survive.  
In 1938, Kube bought his first tractor. He traded in his team of mules much like the way we trade cars today.  
Kube's only crop failure in 43 years of farming came in 1945. "I had enough grain in cold storage to make my land payments, so it wasn't too bad," Kube remembers.  
Clarence, Kube's only son, lives at the edge of the farm in West Camp where Kube purchased land after farming in Oklahoma Lane for 12 or 13 years. Kube says he leaves

most of the work to his son but that he still enjoys looking over the land.  
Although the Kubes suffered through cold weather, especially when they first came here, Kube says that he is just as happy today as he was then. "We didn't think of the hardships," he says. Kube's wife passed away April 23, 1967.  
Kube sums up his success in farming by saying, "No-count farmers must have all the luck."

**SWEET MEMORIES** -- B. H. Kube reminisces over pictures taken during his life. Kube came with his family to this area in 1925 from Lexington, Tex. After spending two years here, he returned home to marry his sweetheart, Augusta Mayer. They returned to the Oklahoma Lane community in 1929 where Kube farmed for 12 or 13 years before buying a farm in the West Camp community.

Extinct Australian kangaroos were as large as a horse.

**At Home In Parmer County**  
By Jana Pronger  
County HD Agent

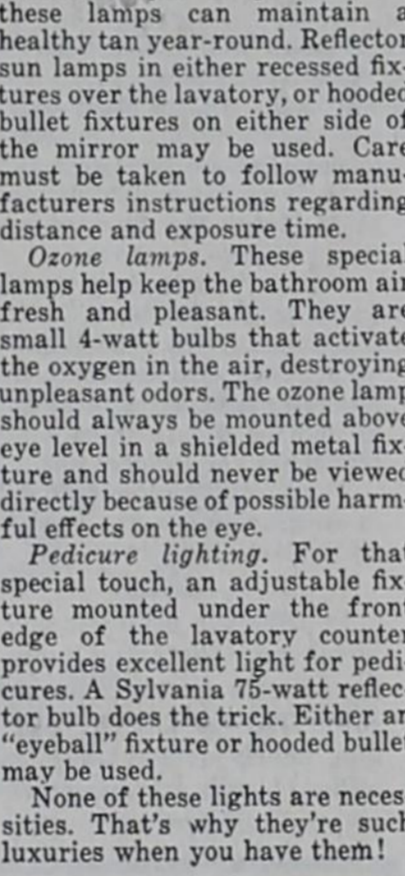

Something new in the fabric industry? Yes, "Take Home" fabric care labeling is now offered by some fabric manufacturers. Care labeling of textile products for home sewers is a great convenience to the homemaker due to the development of numerous new fibers, fabrics and finishes. Proper laundering is important to the appearance and performance of fabrics.  
By law, fiber content must be stated on yardage, either on a

hangtag or printed on the bolt end. Many manufacturers also include care information. One fiber maker is taking the guess work out of caring for fabrics made with the company's fibers. Care and sewing instructions are printed continuously on tape which is then inserted along the fold of the fabric as it is being wound on the bolt. Thus, even a small cut of the material will contain a complete set of instructions. This procedure should certainly make friends among home sewers everywhere.

Another new idea for our area is a 4-H project to be broadcast over television. Beginning March 11, "The Magic World of Electricity" will be televised over KGNC Channel 4 from Amarillo at 12:30 p.m. This will be the first of a series of six 30-minute programs on electricity, its use and simple projects the youth can make at home. One does not have to be a conventional 4-H club member to participate. To enroll in the project and receive your copy of "Mr. E's Tricks," the project booklet, drop me a card with your name and address. (Box 683, Farwell, Texas 79325).

The last few winter months sometimes seem to drag for a child who longs for those spring days of bicycling, baseball and roller skating. To keep children occupied, why not suggest a scrapbook of their own choice, such as a collection of dog pictures?  
Purchase a book or binder with an easy to clean cover and plenty of paper for photos, drawings, or magazine and coloring book clippings. Small fry will be proud too of what they've learned in searching for material.

For most people, lighting is merely functional, or mostly decorative. But there are special kinds of lights that emit an aura of luxury because they are not strictly necessary. These are the so-called special-purpose lamps which, while small in themselves, add immeasurably to convenience and comfort. For bathrooms, here are four lights of luxury:  
**Heat lamps.** Infrared bulbs give instant heat that warms the body by radiation rather than by heating the air. They are ideal for quick heat in the spring and fall when regular house heat is not operating or for keeping baby warm while drying and dressing. They are nice to install over the tub for added warmth. Because of condensation, the hard-glass type of heat lamp is recommended for bathrooms.  
**Sun lamps.** Properly used, these lamps can maintain a healthy tan year-round. Reflector sun lamps in either recessed fixtures over the lavatory, or hooded bullet fixtures on either side of the mirror may be used. Care must be taken to follow manufacturers instructions regarding distance and exposure time.  
**Ozone lamps.** These special lamps help keep the bathroom air fresh and pleasant. They are small 4-watt bulbs that activate the oxygen in the air, destroying unpleasant odors. The ozone lamp should always be mounted above eye level in a shielded metal fixture and should never be viewed directly because of possible harmful effects on the eye.  
**Pedicure lighting.** For that special touch, an adjustable fixture mounted under the front edge of the lavatory counter provides excellent light for pedicures. A Sylvania 75-watt reflector bulb does the trick. Either an "eyeball" fixture or hooded bullet may be used.  
None of these lights are necessities. That's why they're such luxuries when you have them!

**NEWS for OUTDOORSMEN**  
By VERN SANFORD

Here are some facts of interest to outdoorsmen:  
Cricket raising for bream fishermen now has become big business. A half-dozen cricket farms through the south produce something like a million crickets per year, which are sold at local bait stands.  
A true saltwater goose is the American brant. Seldom is it found far away from the sea. They are not migrants to Texas.  
A whittled wooden plug is believed to be the first ever tossed at a bass. That happened less than a hundred years ago... back in 1889.  
You can always identify a copperhead snake by the pit on each side of its head. That's the reason they are called pit vipers.  
Chukar hunting is permitted far into the winter months where they are legal game. Texas has planted them, but they are not yet in shootable numbers.

A snapping turtle feeds only under water and it cannot draw its head or tail into its shell.  
Empty, quart-size ice cream containers, the round kind, if filled with water and placed in your deep freeze, can be used to cool your portable ice chests. Provides drinking water, too, when melted.  
There is economy in buying chunk ice for your chest instead of the crushed variety. It costs much less and lasts a good deal longer.  
If you want to add to lake-side beauty, take along a few dime packages of flower seed when you go fishing. Strew them at good places along the banks of your favorite stream or lake.

A small transistor radio is a handy item to keep in the tackle box if you are interested in getting the news while out fishing. Don't play it so loud as to disturb other fishermen.  
Most public parks now have signs prohibiting dogs. If you are taking a long vacation trip, it might be best to board the pooch.  
You can make cheap and effective fishing sinkers. Use spent .22 shells. Drop a small-size paper clip or a piece of bent wire into the shell. Then fill it with molten lead.

**HELPING EACH OTHER** -- B. H. and Augusta Kube are pictured at a family reunion in the early 1960's. Although Mrs. Kube like the idea of staying in this part of the country when she first came, she helped her husband with his farming and soon began to enjoy it. She passed away on April 23, 1967. Kube fondly recalls how she used to bake bread during harvest while he hauled grain to the elevator.

**ROBERT ARMSTRONG**  
A man walked into an attorney's office, nervously sat down and asked, "I would like to know if I have grounds for divorce?"  
"Are you married?" inquired the lawyer.  
The man nodded and replied, "Of course."  
"Then," said the lawyer, "you have grounds."

## Patrick, Conner Vows Repeated

Susan Lee Patrick and Robert Randall Conner exchanged wedding vows Saturday, Jan. 15, in Ford Chapel, First Baptist Church, Lubbock.

The bride is the daughter of Mr. and Mrs. James W. Patrick of Farwell and the groom is the son of Mr. and Mrs. Robert Conner of Winters, Tex.

Dan Yeary of Lubbock and J. L. Bass of Odessa officiated at the double ring vows before an altar featuring a center arch of votive candles flanked by arrangements of greenery. Two side arches of votive candles completed the setting.

Musical selections were presented by a string quartet consisting of Brian Gum, Phil Hutchins, Cathy Horn and Gwen Ashba, and Chelcy Jones, harp. Special music was presented by Brian Gum, Gwen Ashba and Chelcy Jones entitled "Jesus, Joy of Man's Desiring." Gwen Ashba and Chelcy Jones played "Meditation from Thais" during the wedding prayer.

Presented in marriage by her father, the bride wore a full-

length gown of white imported organza with a bodice overlaid with Chantilly lace. The dress featured long full sheer sleeves fitted onto wide lace cuffs. The bride's veil was trimmed with matching lace. She carried a bouquet of gardenias and stephanotis with green velvet streamers.

Lana Church of Omaha, Neb., was maid of honor. Bridesmaids and matrons were Jill Wendel, Mrs. Dan Williams and Rebecca Shaw, all of Lubbock.

They wore long olive green velvet skirts, sheer lime blouses with full sleeves and wide turquoise belts laced with green velvet ribbon. Their hairpieces were double bows of lime and turquoise. They carried bouquets of glamelias with turquoise streamers.

Best man was Robert Conner, father of the groom. Groomsmen were Robert Louie of San Antonio, Charles Murray of Fort Worth and Mike Mitchell of Winters.

Roger Patrick, Stanley Louie and Barry Wilmoth, all of Lubbock, and Byron Anderson of Amarillo served as groomsmen.

For her daughter's wedding, Mrs. Patrick chose a soft aqua three-piece suit with bone accessories. Mother of the groom wore a bright blue dress with blue accessories. Both mothers wore gardenia corsages.

After the wedding, a reception was held in the church parlor. Members of the houseparty were Val Moore, Pam Warren and Mrs. J. M. White. Mrs. Gerald Anderson registered guests.

For a wedding trip to Oklahoma City, the bride chose a lavender plaid cape and dress ensemble with white boots. The couple will reside in Ft. Gordon, Ga., where the groom will attend U. S. Army Southeastern Signal School.

Mrs. Conner is a graduate of Farwell High School and Texas Tech University. She taught piano at Tech and Catuogno Piano School in Lubbock.

Conner is a graduate of Winters High School and Tech where he majored in agricultural engineering.

## Wedding Reminder

Donna Faye Deel, daughter of Mr. and Mrs. Richard Deel of Farwell, and Michael Henry Haseloff, son of Mr. and Mrs. A. H. Haseloff of Farwell, will be married at 6 p.m. on Saturday, Jan. 29, in St. John's Lutheran Church at Lariat. Friends and relatives of the couple are invited to attend the wedding.

NEW TROOP OFFICERS elected Jan. 18 by Junior Girl Scout Troop #121 were, left to right, front row: Lisa Howard, Suzanne Howard and Paula Christian, patrol leaders; middle row: Tonda Fulcher, Debbie Prather and Linda Bibbs, assistant patrol leaders; back row: Vicki Vinton, troop scribe; and Terri Chandler, troop treasurer.

## ESA Committees Make Reports

Theta Rho chapter of Epsilon Sigma Alpha sorority met in the home of Mrs. Bob Vinton of Farwell Monday, Jan. 24. Each committee working on the Area I meeting gave a report on progress made. The

meeting has been scheduled in Farwell on Feb. 13.

The group voted to donate \$25 to Girls and Boys State. Mrs. Joe Helton reported on the upcoming Valentine party to be held Feb. 5 at Farwell Country Club for sorority members and their husbands.

Mrs. Don Williams presented the program on "Fellowship-Why?"

Refreshments of fresh apple cake, whipped cream, coffee and soft drinks were served

to the following members: Mesdames Rosa Roberts, Fred Chandler, Troy Christian, Doyle Ford, Don Gerles, Joe Helton, Duane Herrington, Jack Kirkland, Glenn Marsh, Vernon Scott, Darrell Stephens, Bob Vinton, Mitz Walling, Don Williams, Terry Parr, Jimmy Peoples, Dean Avara and Jim Berry.

Next meeting of the group will be Feb. 21 in the home of Mrs. Mitz Walling.

## Club Hears Speaker

Texico Women's Club met Monday night, Jan. 17, in the home of Mrs. Jerri Tharp with Mrs. Norma Rogers as co-hostess. Nancy Munz, home economics teacher at Texico High School, presented a program on materials and knits.

Members discussed their cookbook project. They are planning to compile recipes by local women for a cookbook which the group will sell. Any-one wishing to contribute recipes should contact any member of the group. A spokesman said recipes are needed very much.

Next meeting of the club has been scheduled for Feb. 15 in the home of Mrs. Tommie Snodgrass when members will entertain their husbands at a Valentine party.

Refreshments of individual pecan and apricot pies were served to Mesdames Tommie Snodgrass, Jerri Tharp, Marie Christian, Norma Rogers, Louise Ingram, Vera Walters, Marcia Leavell, Wanda Turnbough, Sue Dobbs, Charlotte Pierce and Gail Ingram, members. Guests were Nancy Munz and Kathy Busbice.

## Hospital Notes

Mrs. Eddie Harrington of Texico, who has been a patient in Clovis Memorial Hospital since Tuesday, Jan. 18, returned home Tuesday, Jan. 25. Mrs. Harrington was hospitalized with pneumonia. She reports that she is feeling very well now.

Mrs. Eddie Smith of Farwell is feeling better after being hospitalized Tuesday, Jan. 18, in Clovis Memorial Hospital for medical treatment. She was released from the hospital Saturday, Jan. 22.

Mrs. Ted Magness of Farwell was released from Clovis Memorial Hospital Monday after being hospitalized a week as a surgical patient. She is now recuperating at home and is feeling very well.

If you live in an area where salt is used on paths to melt ice, beware of the after-effects on nearby lawns or plants. If you must use salt, flush the nearby plants with a copious supply of water just as soon as weather permits—certainly in early spring. Then fertilize as early as possible to give injured plants a chance to survive.

KIM SNIDER

## Kim Snider Girl Of Month

Kim Snider, daughter of Mr. and Mrs. M. A. Snider, Jr. of Farwell, was recently named "FHA Girl of the Month" for January by Farwell High School Future Homemakers of America.

Miss Snider received the honor by accumulating the most points for her FHA activities. She is president of the local chapter.

Each month members are chosen for the honor through a point system which includes points for attending regular or called meetings, attending FHA parties or field trips, selling cookbooks, working on special FHA projects, acting as hostess for the month, giving devotional at the monthly meetings and working on appointed committees.

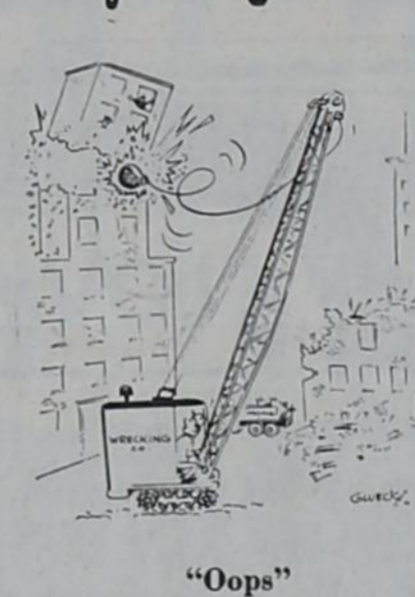

**GREAT MOMENTS IN MEDICINE**

IN 1948, MEDICAL SCIENCE SCORED A MAJOR ADVANCE WITH THE INTRODUCTION OF A NEW "WONDER" DRUG CALLED AUROMYCIN—WHICH PROVED EFFECTIVE AGAINST A BROADER RANGE OF DISEASE-CAUSING ORGANISMS THAN ANY OTHER ANTIBIOTIC.

## My Neighbors

"Oops"

## In Odessa

Clyde Perkins of Farwell returned home Wednesday, Jan. 19, after spending several days with his daughter and family, Mr. and Mrs. J. L. Nunnally of Odessa. Perkins recuperated in the home of his daughter after being hospitalized for a time in Lubbock.

## Scout Leaders

### Meet In Farwell

Girl Scout leaders from Farwell, Friona, Bovina and Muleshoe met at Hamlin Memorial United Methodist Church in Farwell Tuesday, Jan. 25, for an area association meeting. Anna Langley, Girl Scout Council representative from Lubbock, taught the group how to make paper mobiles and scrap material pictures.

Twelve leaders from the area attended including Mesdames Reta Dollar, Patsy Nance and Alice Vinton from Farwell. Also attending was Norma O'Brien of Bovina, neighborhood chairman.

## APRICOT-COCONUT BALLS

This delicious confection may be served at an informal morning coffee or a formal afternoon tea. Your guests will enjoy them any time of day. Be sure to use Griffin's Fancy Shred Coconut . . . in the new Super Moist vacuum packed can. It stays fresh longer.

- 1/2 c. dried apricots, ground
- 2 c. Griffin's fancy shred coconut
- 1/2 c. chopped pecan meats
- 1 can sweetened condensed milk
- Colored Griffin's fancy shred coconut

Blend apricots, coconut and pecans together in a large mixing bowl. Stir in condensed milk. Shape into small balls and roll in colored coconut. Let stand in air until firm.

MRS. RANDALL CONNER

## Portraying Area Homemakers

by Janie Crane

Our area homemaker this week is Mrs. W. G. (Dorothy Ray) Harlan of the Lazbuddie community. She came to Bailey County when she was in the second grade and attended Muleshoe schools.

Harlan came to the Muleshoe area when he was nine months old. He also attended Muleshoe schools. The couple graduated from Muleshoe High School.

They married in March, 1946, after Harlan had been in the service and attended West Texas State University. They moved to the Lazbuddie community and Parmer County in 1947.

The couple's children, Sam, now of Corpus Christi, Connie, now Mrs. Ronnie Kenmore of Canyon, and Lee Ann, a student at Howard Payne College in Brownwood, all were born in Muleshoe. They attended school in Lazbuddie.

Before they were married, Dorothy Ray worked for a time in Dallas and for three and a half years at the REA office in Muleshoe. She says her main interests are family and church. The family belongs to First Baptist Church of Muleshoe. She and W. G. "Dub" recently attended a New Life Crusade in Spain with other members of the church.

Dorothy Ray enjoys crocheting, knitting and working crossword puzzles. "I think keeping active keeps you happy. The busier you are, the happier you are," she says.

LOVES ANTIQUING -- Mrs. W. G. (Dorothy Ray) Harlan of the Lazbuddie community is pictured sitting in front of an old piano which she antiques. She has also finished antiques a coffee table. Other interests which keep her busy since her family has grown up and left home are crocheting, knitting and working crossword puzzles.

the 11 day of January, A.D. 1972. Attest: Dorothy Quickek Clerk, District Court, Parmer County, Texas. (SEAL) Published in State Line Tribune Jan. 14, 21, 28 and Feb. 4, 1972.

Report From The Sheriff's Office

Parmer County Sheriff's officers are investigating a break-in at the Capitol Foods store which occurred Saturday night. Glass was broken in the front door to gain entry. An undetermined amount of merchandise, which included cigarettes, was taken. Officers estimate damage to the door at \$50-\$60. Sheriff Charles Lovelace said this is the fourth time in two years that the store has been entered by breaking the glass in the front door. Two juveniles, who were being held in connection with the theft of highway signs near Lariat, were released to their parents after appearing before County Judge Archie Tarter Monday. Sheriff's officers are investigating a burglary at Don's Medicine Chest in Bovina Monday night. Sheriff Charles Lovelace reports that a large quantity of narcotics and cash were missing. Entrance was gained through the back door. The United States accounts for 15 per cent of the world's total trade, and is by far, the largest trading nation in the world.

TWO MINUTES WITH THE BIBLE

BY CORNELIUS R. STAM PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60635

NOT ASHAMED

Three times in Romans 1, the Apostle Paul uses the phrase "not ashamed": "I am debtor" (Ver. 14), "I am ready" (Ver. 15), and "I am not ashamed" (Ver. 16). As God's appointed apostle to the Gentiles, Paul declared: "I AM DEBTOR both to the Greeks and to the barbarians; both to the wise, and to the unwise." The gospel now was no longer to be confined to Israel, but was to go to all nations, and Paul felt himself a debtor to proclaim it, first because God had appointed him to do so, and second because he held in his hands that which would save the lost. He was morally obligated--and so are Christians today. Notice: the apostle did not say, "I am a debtor, but" and then begin to give a thousand excuses, as so many Christians do. He said: "I am debtor... SO..." and his fidelity to his call is seen as he adds: "So, AS MUCH AS IN ME IS, I am ready to preach the gospel" (Ver. 15).

**Water, Inc. Trademark**

The symbol or "trademark" of Water, Inc., is a display of four drops of water under which is the wording, "Water, Inc." Three of the drops are inter-connected, with a fourth standing to the right.

The three drops of water joined together have two symbolic meanings. In one, the three drops signify local, state, and federal efforts involved in water resources development. The other is symbolic of the three states served by Water, Inc., Texas, New Mexico, and Oklahoma.

The single drop standing to the right stands for unity and the combined efforts of the three in either meaning.

In the word, "Water," the "W" and the "A" are joined together, and the "T" and the "E" are joined, symbolic of canals linking the area served by Water, Inc., with sources of fresh water.

In the original Water, Inc., symbol, there was no comma between "Water" and "Inc.," and the period after the abbreviation was in the opening of the "C." These were design devices and had no symbolic significance. In fact, there was some misunderstanding, with some observers reading it as "Watering," rather than as intended.

In recent reproductions of the "trademark," the comma has been added, and the period moved to the normal position.

**Texico --**

**Council Adopts Ordinance**

Texico City Council passed and adopted Ordinance 178 at their regular meeting held Tuesday night, Jan. 25. The ordinance increases the salary of municipal judge for the next two-year term to \$175.

The city of Texico has agreed to host the New Mexico Water Supply and Pollution Control meeting for the month of February. The council approved hiring a carpenter to refurbish Texico Fire Station living quarters.

In other business, the council agreed to pay one-third of the cost for Christmas lights put up

by the fireboys along the city's main street. Bills were approved for payments during the meeting.

**Orange Filling Enhances Cake**

"The filling can make the cake," is more than true when that filling is a smooth corn starch thickened custard.

This one is deliciously fresh tasting because it is made with freshly squeezed orange juice and grated orange rind. For extra goodness, whipped cream is folded into the custard just before spreading on the cake.

Such a filling can be used to enhance the goodness of a prize sponge or chiffon cake or to work dessert magic with bakery sponge layers.

**Orange Filling**

- 3 tablespoons corn starch
- 1 teaspoon grated orange rind
- ¾ cup orange juice
- ½ cup light corn syrup
- 2 egg yolks, slightly beaten
- 1 tablespoon margarine
- ½ cup heavy cream

With a spoon, blend corn starch, orange rind, orange juice and corn syrup in a double boiler top. Cook over boiling water, stirring constantly, until mixture thickens. Cover and cook 10 minutes, stirring occasionally. Stir a little hot mixture into egg yolks, then stir all into remaining hot mixture in double boiler top. Cook 1 minute, stirring constantly. Remove from boiling water. Stir in margarine. Cover and chill. When ready to fill cake, whip cream and fold into chilled mixture. Makes about 1½ cups.

**Insurance Company**

**Thanks Firemen**

Texas Farm Bureau Insurance Companies recently sent Farwell Volunteer Fire Department a check for \$75 as an expression of thanks for their work on the property of James Ensor of Farwell.

The money will be used for their loss prevention program. Texas Farm Bureau Insurance Companies pay volunteer fire departments this amount when the department works at a fire in rural areas, involving property insured by them.

The insurance company believes volunteer fire departments have contributed to reduce the amount of loss involved by fire and more important, to prevent fires, say officials of the company.

**On The Farm In Parmer County**

By R. MACK HEALD  
County Agent

Several Parmer County 4-H members will be exhibiting their animals in the Amarillo and Hereford livestock shows. From Friona, Holly, Karene and Evelyn Hart will show lambs and Ross Middleton and Gary Schueler will show steers, Mike and Russell Windham of the Lazbuddie club will exhibit both lambs and barrows. Showing steers from the Oklahoma Lane Club will be Steve Kaltwasser, Mark Haseloff and Joe Haseloff. Dwight and Darwin Green from Farwell will show barrows in Amarillo.

The scabies quarantine is still in effect and will be for months to come. Listed below are the inspectors that can help you with hauling permits and inspections.

- Bob Henderson, Muleshoe, Ph. 272-4949.
- Linwood Guthrie, Farwell, Ph. 825-2066.
- James Calaway, Bovina, Ph. 238-6641.

The U. S. Department of Agriculture has placed additional restrictions on the use of diethylstilbestrol (DES), a synthetic growth promoting hormone used in livestock feed. The new ruling became mandatory on January 8, according to Dr.

**USDA Survey Uses Farmers**

Approximately 25 Parmer County farmers will be contacted in February by Mrs. Leon Smith, a representative of the United States Department of Agriculture, in a survey of farm production expenses.

Cary D. Palmer, statistician in charge of Texas Crop and Livestock Reporting Service, said the local producers will be included with 700 others in the state and 10,000 in the nation. Producers will be visited starting in February and asked to report their 1971 farm production expenses. All information is confidential and only regional and national summaries are released.

Palmer said the survey will play a major role in helping farm program planners, farm groups and analysts have a better understanding of how farmers stand in the nation's economic picture.

The nationwide survey will show current buying patterns of farmers. It will indicate the kind and amounts of goods and services bought to raise crops and livestock. The last farm expenditure survey was conducted in 1955 and purchasing patterns have changed drastically since then. Farmers now buy considerably more fuel, fertilizer and machines, but less labor and different chemicals.

Frank Orts, meats specialist with the Texas Agricultural Extension Service.

Under the new program, federal meat inspectors will hold all cattle and sheep from slaughter at least seven days unless the animals are certified as not having been fed DES or as having been withdrawn from DES at least seven days before slaughter.

According to Orts, there are three alternatives for handling cattle and sheep at slaughter:

1. The animals may be slaughtered if certifications requirements have been met.
2. The animals will be held alive for the required seven days.
3. The animals could be slaughtered, with samples sent to a U.S. Dept. of Agriculture-approved laboratory for testing. Meat from the animals could not be marketed until tests prove they are free of DES residues.

The new program will help provide further assurance that DES residues will not be found in the nation's meat supply, says Orts. Violators will be subject to criminal prosecution by the Food and Drug Administration.

**BEAUTIFUL BREAKFASTS**  
By: Marge Ehlers  
Spice Specialist

Spice up breakfast menus and you'll find the family won't want to miss this important a.m. meal. A good breakfast starts the day off right and everyone does a better job all morning. Follow these easy as A-B-C ideas to make the first meal of the day a pleasant eating adventure.

• French toast is easy if you whirl the eggs, milk, salt, sugar and a generous dash of vanilla extract quickly in the blender. The vanilla gives a rich custard-like flavor. For a change, substitute cracked wheat bread for white.

• Everyone likes an omelet accented with herbs. Take your pick of basil, chervil, rosemary, chives, Italian seasoning or already-blended omelet herbs for a green-and-good accent. Shallots or minced green onion from the spice shelf are another possibility.

• Stir a bit of allspice into waffle batter before baking. • Jazz up instant breakfast drinks with a sprinkling of spice. How about ginger in vanilla flavor, allspice in strawberry and cinnamon in chocolate or chocolate malt?

• Concoct a quick blender breakfast with milk, sugar, egg, a banana and a dash of pumpkin pie spice.

• Hot rice is a delicious, and economical hot cereal, a pleasant change from oatmeal and cream-of-wheat. Cook it the night before in a double boiler, then it's easy to warm in the morning. Very special served with milk and cinnamon and sugar.

• Bagels and bialys are popular with morning coffee. Spread with cream cheese mixed with freeze-dried chives and/or bottled bacon flavored bits for a distinctive flavor accent. (NP Features)

**It won't leak**

You're thinking, "Ok, Buster, prove it to me." And that's exactly what we want to do. Because we've already proved it to ourselves. When we first got the idea that a rubber gasket joint could solve a leaky irrigation problem, people said, "phooey." But our engineers ignored them. They went right ahead designing. And when they finished that they started testing. Lab tests. Acid tests. Hydrostatic tests. Field tests. Every kind of test imaginable. Guess what happened? Nothing.

The rubber gasket still looked the same. Still felt the same. And still acted the same. It still held a watertight seal. In addition, the rubber gasket saves about one third of the installation time with less manpower. And, used inside our exclusive long-formed coupler, it allows the line to expand and contract when the ground does. Get in touch with our representative. He'll show you firsthand what we're talking about. Then he'll explain how we can custom design your system to make the best use of your irrigation water. Use Vanguard. It won't leak.

# At Home Around The Area

--- by Bobby Ann Dictson

Home Economist  
For  
Southwestern Public Service

Pies have been a favorite dessert in America for years and years. Stories pertaining to homemaking in the early days of our country usually mention the baking of bread and pies. This generation likes pie, too; and we have the advantages of such a great assortment of recipes that have been developed for us and many that we developed for ourselves through experimental cookery in our own kitchens.

The following two recipes were given to me by two good cooks. I tried them at my house, too, and want to share them with you.

**PINEAPPLE CREAM PIE**  
1 can (8 oz.) crushed pineapple  
3/4 c. sugar  
5 T. cornstarch  
1/4 t. salt  
2 1/2 c. milk  
2 eggs, beaten  
1 T. butter  
1 t. vanilla  
1 baked pie shell

Drain the pineapple, reserving 1/4 cup pineapple juice. In a saucepan, combine the sugar, cornstarch, and salt and mix until smooth. Add pineapple juice and mix until smooth. Over medium heat, bring mixture to boil and let boil about one minute, stirring constantly. Remove from heat and stir about one half of the hot mixture into the bowl of beaten eggs; then pour egg mixture back into saucepan. Stirring constantly, let pie filling return to a boil and let cook until quite thick, just a minute or two. Remove from heat and add butter and vanilla. (If mixture is not smooth, an electric mixer can correct the problem.) Add crushed pineapple. Pour into baked pie shell and let cool. When pie has cooled to room temperature, you may chill it in your refrigerator.

This pie is good without a topping; however, you may top it with slightly sweetened whipped cream just before serving, if you can stand the extra expense and calories. I have made the pineapple pie twice, and here is a variation that was made to give a stronger pineapple flavor. Use a 15-oz. can of crushed pineapple; drain and use the 3/4 cup pineapple juice plus just 2 cups milk for the liquid. The extra crushed pineapple and more juice are quite good if you particularly like the taste of pineapple. Think you'll like it either way.

**REFRIGERATOR PEACH CREAM PIE**  
18 chocolate wafers  
1/3 c. butter, melted  
2 T. sugar

With a rolling pin, crush finely the chocolate wafers. Combine with melted butter and sugar. Line pie pan and pack firmly; then chill. In the event your grocer does not have the chocolate wafers you may use a regular pie crust; but we think you'll like the chocolate one, as it gives a

good combination of flavors with the peach filling.

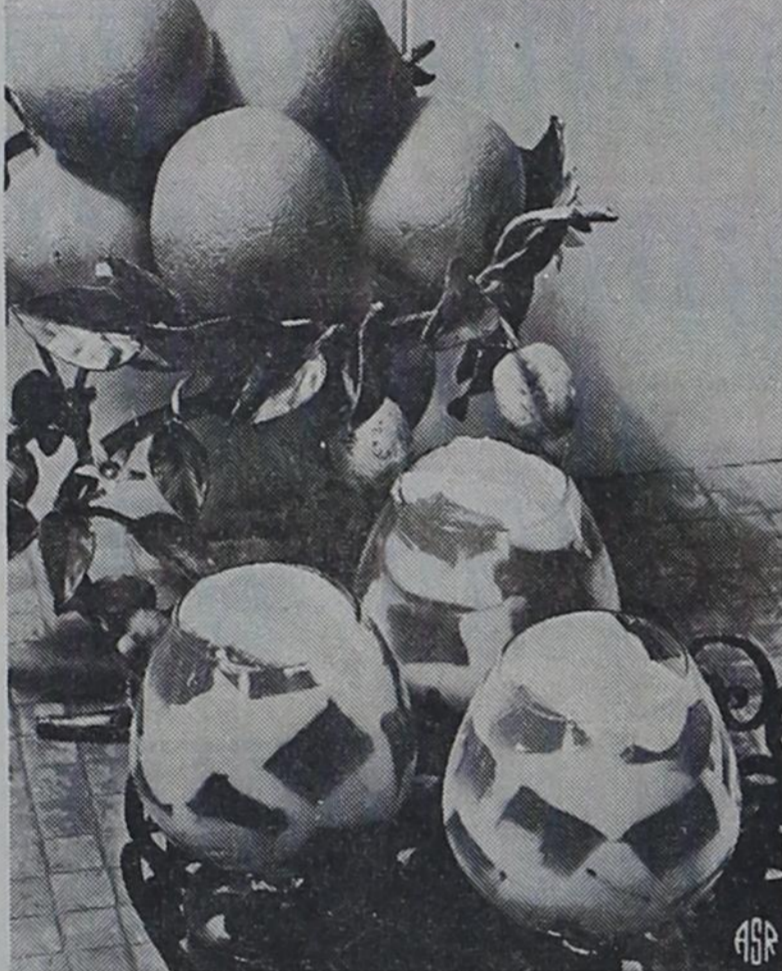

**PEACH FILLING**  
Package frozen peaches (18 to 20 oz.)  
3 T. lemon juice  
1 T. unflavored gelatin (1 envelope)  
16 large marshmallows  
1/2 pint cream, whipped  
Thaw, drain, and dice peaches. Reserve peach juice. In a saucepan, heat lemon juice and peach juice. Have unflavored gelatin soaked in 1/4 cup cold water. Add gelatin to hot peach liquid and stir until dissolved. Turn surface unit to low heat and add marshmallows to the hot peach liquid, stirring constantly. When they are melted, remove pan from heat and add diced peaches. When cooled to room temperature, fold in whipped cream. Pour into pie shell and chill. This recipe makes one large, beautiful pie. Here is another recipe which I picked up somewhere along

the way. I don't know who is responsible for assembling the ingredients. Since the final product is sure to be worthwhile, I thought it might be added to the recipes for this week.

**LIFE'S RECIPE**  
1 c. of good thoughts  
1 c. of kind deeds  
1 c. of consideration for others  
2 c. of sacrifice for others  
3 c. forgiveness  
2 c. of well-beaten faults  
Mix these thoroughly and add tears of joy and sorrow and sympathy for others. Flavor with gifts of love. Fold in 4 cups of prayer and faith to lighten other ingredients and raise the texture to great height of Christian living. After pouring all this into your daily life, bake well with the heat of human kindness. Serve with a smile.

## Fresh Orange Jelly Parfait Cheers The Winter Table

Your market basket will look as if Midas touched it when you fill it with bright gold oranges in such good supply at your store now. Gladden your table with a dessert all a-sparkle with fresh orange flavor. Try Fresh Orange Jelly Parfait. The gelatine is made with orange juice you squeeze yourself, together with a zippy touch of fresh lemon juice and rind. Layer squares of the orange gelatine with whipped cream. Delectable and simple to do. The word "orange" goes back to the old Arabian word "narani". Oranges are great to eat out of hand for juicy refreshment and for their rich supply of vitamin "C".

**Fresh Orange Jelly Parfait**  
1 envelope unflavored gelatine  
1/2 cup cold water  
1/2 cup sugar  
1/2 teaspoon salt  
1 1/4 cups fresh orange juice  
2 tablespoons fresh lemon juice  
1/2 teaspoon grated fresh lemon rind  
1 cup heavy cream, whipped  
1/2 teaspoon vanilla  
Sprinkle gelatine over cold water in saucepan. Place over low heat; stir constantly until gelatine dissolves. Remove from heat; stir in sugar and salt. Add orange juice, lemon juice and rind. Pour into a 9 x 9 x 2-inch pan. Chill until firm. Cut into squares. Fill parfait glasses with alternating layers of orange jelly and whipped cream mixed with vanilla. Makes: 6 servings.

FOR SPECIAL DAY -- Chicken or Crab Salad served in tomato aspic hearts is still the just right mainstay of the reception buffet table.

## Pancakes For Slumber Party Brunch

When your daughter's friends gather for a slumber party, plan something different for breakfast. Let Peaches 'n Cream Pancakes take a starring role. Especially designed for feminine tastes, these pancakes also contain important nutrients. Complete pancake mix is made from flour enriched with B-vitamins and iron, and eggs and milk are already in the mix. You add only water.

The light, tender pancakes are layered with vanilla pudding and sliced peaches for yummy flavor. The pancakes are so easy that the young hostess can prepare them herself; for special party fun she can decorate individual servings with guests' names.

**PEACHES 'N CREAM PANCAKES**  
Pancakes: 2 cups complete pancake mix  
1 1/2 cups water  
Frosting: One 16-oz. can sliced peaches, drained  
One 1-1/16-oz. tube colored glossy decorating gel

For pancakes, place mix and water in bowl. Stir lightly until batter is fairly smooth. For each pancake, pour batter onto hot, lightly greased griddle. Turn pancakes when edges look cooked. Turn only once.

Frost 2 pancakes with vanilla pudding. Place one on serving plate and top with about 3 peach slices. Cover with second pancake, frosted side up. Print name with decorating gel on top. Repeat for remaining pancakes.

Help young members of your family develop good eating habits by offering them a variety of foods at each meal. Every once in a while encourage them to taste a new food -- perhaps an unusual vegetable like asparagus.

\*\*\*\*\*  
The history of Vitamin C (also known as ascorbic acid) is interesting. It was the first vitamin to be identified chemically, and was associated with the prevention and treatment of scurvy among sailors. Vitamin C has many purposes in our body's well-being -- it aids in healing wounds or severe burns, helps prevent bleeding gums, and helps protect the body against infection. Since the body cannot store enough of this vitamin, it's important that at least one high Vitamin C food is included in the diet each day. Good sources are: oranges, grapefruit, strawberries, tomatoes.

# Salad Right For Sentimental Day

Hearts and flowers belong on the refreshment table at any sentimental occasion. Two of the nicest choices for the salad at a reception are still the classic Chicken or Crab Salad -- delicately seasoned and blended with real mayonnaise. For such great occasions as weddings, anniversaries, showers, birthdays and St. Valentine's Day itself, serve either of these salads in individual tomato aspic hearts.

Or, if the party occasion is more casual, here are two variations on the chicken salad theme to be served simply in lettuce cups. One salad includes crisp apples, the other, carrot strips and crunchy almonds.

### RECEPTION SALAD

3 envelopes unflavored gelatin  
1 c. cold water  
4 c. tomato juice  
1 t. salt  
4 peppercorns  
1 bay leaf  
2 stalks celery, chopped  
1/4 c. lemon juice  
1 t. onion juice  
1 recipe Crab or Chicken Salad - Iceberg lettuce or salad greens

Sprinkle gelatin on cold water to soften. Mix tomato juice, salt, peppercorn, bay leaf and celery in saucepan. Bring to boil and simmer 10 minutes. Strain. Add softened gelatin to hot liquid and stir until completely dissolved. Mix in lemon juice and onion juice. Pour into 12 (1/2 cup) heart shaped molds. Chill until firm. Unmold onto serving plate. Spoon Crab or Chicken Salad on top of each. Garnish with salad greens. Makes 12 servings.

Note: If heart shaped molds are not available, pour mixture into 2 (9-inch) square pans.

Chill, then cut with heart-shaped cutter.  
For enough Crab Salad to top aspic hearts, clean and flake 1/2 pound cooked crab meat or 2 (5 1/2 to 7 1/2-ounce) cans crab meat. Mix with 1 cup finely chopped celery, 2 tablespoons minced parsley and 1/2 cup real mayonnaise. Chill until serving time.

For Chicken Salad, toss together 2 cups diced cooked chicken, 3/4 cup diced celery and 1/2 cup cooked peas. Then mix 1 tablespoon grated onion, 1/2 teaspoon salt and dash of pepper into 1/2 cup real mayonnaise. Toss the dressing lightly through the chicken mixture. Chill well. Just before serving, toss 1/3 cup walnuts through salad.

**CHICKEN & CARROT SALAD**  
1 T. lemon juice  
1/2 c. real mayonnaise  
2 c. diced cooked chicken  
1 c. shredded carrot  
3/4 c. sliced celery  
1/2 c. slivered almonds (optional)  
2 T. chopped onion  
Salt to taste  
Iceberg lettuce

Stir lemon juice into mayonnaise. Toss with chicken, carrot, celery, almonds, onion, and salt. Serve on lettuce. Makes 4 servings.

**APPLE & CHICKEN SALAD**  
1 1/2 c. chopped cooked chicken  
1/4 c. chopped celery  
1/4 t. salt  
1/2 c. chopped unpared apple  
1/2 c. real mayonnaise  
2 t. lemon juice  
1/4 c. nuts  
Iceberg lettuce leaves  
Mix together chicken, celery, salt and apple. Mix mayonnaise and lemon juice; lightly toss with chicken mixture. Mix in nuts. Serve in lettuce cups. Makes 4 (1/2 cup) servings.

## JOHNNY

## WATFORD

Johnny: "It's nice to be back from my vacation. It rained most of the time I was gone."

Al: "It couldn't have been too bad. That's a nice tan you have."  
Johnny: "That's not a tan. That's rust."
