

Nine Indictments Returned by Grand Jury

Nine indictments against 12 persons were returned by the Parmer County grand jury Wednesday. After the indictments were turned in, District Judge E. A. Bills heard two cases.

Jose Palacio, 18, Henry Hernandez, 17, and Jake Vargas, 17, waived preliminaries and entered pleas of guilty in Judge Bills' court after being indicted on two charges of burglary.

They were given two years in the state penitentiary for burglarizing Esquire Cleaners and Wilson Grocery, Bovina businesses, November 13 of last year.

Keith Perkins, 17, Portales, was

given a two-year probated sentence for car theft after pleading guilty also. He admitted stealing a car from Sikes Motor Company of Farwell November 28.

The other six indictments: Against Charles and Richard Leaf and Lloyd Hopkins for burglary of the D. M. Marrow farm home in December. Charged with theft of a TV set, they are in the county jail awaiting their trial.

Two against Carl J. Williams on charges of burglary and forgery in March. He is charged with stealing a \$47.50 check from Bovina Wheat Growers and passing it at

the Farwell Piggly Wiggly. He also allegedly burglarized Nickels' Gin of Farwell, taking checks.

Against Leonard Hanna, charged with forgery.

Against Ted Matney, 23, and Clayton, 25, for burglary of the Bill Glenn farm home last August in which personal items were stolen. The two are escapees from an Idaho prison. They are now in custody in Oklahoma.

Against a Colorado man for embezzlement involving a combine belonging to Mrs. Clytie Dial, Farwell, last November. The man has not yet been taken into custody.

Eleven County Men Attend Plainview Vegetable Meeting

J. F. Rosenborough "lays it on the line" to farmers considering vegetable production on the Plains at a meeting in Plainview Tuesday. The hard-hitting marketing specialist of the Extension Service told his audience that things move fast in the vegetable business.

Eleven Parmer County men were interested enough in the possibilities of bringing commercial vegetable production to the Plains on a large scale, to attend a special meeting in Plainview Tuesday.

At this meeting, they heard the qualified opinions of Dr. Donald Ashdown of Texas Tech and J. F. Rosenborough, specialist in horticulture and marketing, on whether the plan is feasible.

The meeting stems from the work of a Lazbuddie man, Ronald Davis, who for a number of months has been active in stirring up interest in his plan to form a large corporation on the irrigated High Plains that would embrace producing, processing, and marketing vegetables.

He reports that his efforts have met with enthusiasm wherever he went, and the show of hands at the Plainview meeting substantiates this fact.

The 200 men present, most of whom were farmers or businessmen-farmers, didn't scare easily, even after Rosenborough talked straight and hard about the cold facts of the vegetable game.

To a man they endorsed the proposal of Davis to "continue to explore the possibilities of organizing this corporation," and in so moving, gave unofficial endorsement to a suggested expenditure of from \$10,000 to \$20,000 for a survey to determine market potentials.

The two authorities presented two essential parts of the vegetable industry: production and marketing. Dr. Ashdown discussed the first phase, and Rosenborough followed with the second.

There seemed to be little doubt in the mind of Dr. Ashdown that the irrigated High Plains can produce quality vegetables in quantity. Some of his points:

"There is no crop in West Texas that will market our water resources as well as vegetables.

"Our soils are rich... the hand labor is available... our country is new—we wouldn't have the disease problem that older areas have.

"Our climate is excellent for vigorous growth... we are 1400 miles closer to big markets than California."

But he also had some warnings: "Weather is always a risk. We might expect to lose as much as one crop out of three. The costs of producing vegetables are very high compared with field crops.

"There is a major deficit of information on vegetable production in this area, because we are so new."

Dr. Ashdown pointed his talk toward a happy conclusion, however, by saying, "Is it feasible? My answer very definitely is yes."

Discussing marketing was Rosenborough, who immediately dispelled any doubt that he views vegetable production as a rosy, light-hearted undertaking.

"It's a fast game," he told the audience, "and you cotton and feed growers just haven't seen nothin' yet."

Rosenborough reviewed some of the experiences that vegetable producers in East Texas have had (he is stationed at Tyler,) and put the most emphasis of his entire talk on this statement:

"It is absolutely essential to your success that you do some surveying and preliminary work, and maybe in a year—maybe two years—you'll be ready to get down to the business of growing vegetables."

He talked "facts of life" to the group by asking, "How do you know (Continued On Last Page)

Friena Struck Again By Serious Blaze

The city of Friena again took it on the chin with another serious fire early Thursday morning. Volunteer firemen were called into sub-freezing temperatures to battle a blaze that destroyed the Friena Locker plant and resulted in damage estimated at \$50,000. A snowstorm howled as they fought the flames.

The fire was discovered at 1

a. m. Thursday and was kept from spreading to adjacent buildings by the Friena department. Over 100 packed and frozen hogs and many beeves were lost in the fire.

Insurance covered the loss on the building, but the meat, belonging to Red Crow, was not insured.

Cause of the fire is as yet undetermined.

After the flames were brought under control, O. J. Beene took the shivering members of the department into his drugstore and cooked them a hot breakfast of bacon and eggs.

Two Sales Billed For Coming Week

Two farm auction sales have been announced for next week by Doshier & Francis. The sale of Neil Hendrickson will be Tuesday, February 7, and the sale of G. W. (Bill) Mayben will be Wednesday, February 8.

Chamber Lines Up Toast To Old Timers

Marshall Formby, member of the state highway commission, is the featured speaker at the coming Farwell Chamber of Commerce banquet February 10, but he may have some of his "thunder" stolen by the community's old timers, who will be honored by the Chamber.

Pioneers who have lived here "prior to 1907" will be guests at the banquet, and special certificates of recognition will be handed out to them.

The full program for the banquet will be announced next week.

Meanwhile, at a meeting of the Chamber Monday night, new directors were elected to guide the group the coming year. They are R. W. Anderson Jr., Johnnie Williams, Otis Huggins, Jim Terrell, Clay Henson, Sam Aldridge, W. W. Vinyard, Ernest Kube, and Dewey Bagley.

This group will elect the Chamber president, vice-president, and treasurer.

The Hendrickson sale will be 13 miles east of Farwell on the Oklahoma Lane FM road, and will feature four tractors, three combines, and other machinery and trucks. Irrigation supplies, household goods, and miscellaneous are also on the list, and 160 acres of choice farmland goes on the block, too.

The Mayben sale will be two miles east and 2 north of Bovina on Highway 86; or 7 miles west, 2 north of the Hub Store. A large consignment list is made up of machinery, feed, seeds, hogs, chickens, household goods, and miscellaneous. Two tractors are booked. Also offered are 320 acres land.

Both sales start at 10:30. Lunch will be served at both, also.

Richard Vaughn Injured Saturday

Richard Vaughn, employee at Spurlin TV and Radio, was injured Saturday morning while doing "tower work" on a television antenna at the Sam Rundell home in Farwell.

Vaughn was hurt when he was struck in the head by a pipe which was jerked from the ground by a wrench truck.

Although hospitalized in Clovis until Wednesday, Vaughn's injuries were not considered very serious, according to Jack Spurlin. Vaughn was also treated for a severe cold while confined to the hospital.

SCHOOL CLOSED FRIDAY

Classes will not resume at Farwell Schools until Monday of next week, according to Jack Williams, superintendent. Snow drifted roads made bus transportation impossible on Thursday, and Williams said he doubted that roads would be cleared enough by tomorrow (Friday) for buses to make their routes.

Texico School dismissed classes Thursday and although school authorities could not be contacted for an official announcement, it is believed that if weather conditions remain the same, there will be no classes there Friday.

Sno' Fo' Sho'!

What appears destined to be the biggest snow storm in three years swished in with high north winds and sub-freezing temperatures Wednesday night, plunging the mercury as it entered.

Between three and five inches of snow have been deposited over a wide part of the Western High Plains, although exact measurements are difficult because of drifting.

The snow is powder dry, but it may make up in volume for what it lacks in moisture. All farmers are delighted with the moisture, especially those who have young wheat that is "hanging on."

Temperatures of eight degrees were recorded in the area. Thursday morning, as The Tribune prepared to go to press, prospects for the snow to keep falling appeared good.

Osborn Announces For Re-Election As Representative

In announcing for re-election, Osborn made the following statements:

"I have lived in the district 32 years, coming here from my native state of Arkansas. I am 60 years of age, a veteran of World War I, and have been engaged in farming and banking since moving here in 1924.

"In serving you in the legislature, I have always fought for legislative matters I thought were for the best interests of this district and the state as a whole.

"I have served two terms on the conservation committee, which committee hears practically all the water legislation, and if elected expect to ask for the assignment again.

"In the last session, I also served as chairman of the contingent expense committee, and vice-chairman of the appropriations committee for state hospitals and special schools and am greatly interested in these institutions. Currently 24,000 people are committed to the institutions, and I feel that our people do not take the interest in these they should.

"I will continue to fight for better insurance and securities laws.

"I hope to be able to see each of you between now and the election if possible.

"I heartily thank each of you for your help and support in the past and I will appreciate your assistance in the coming campaign."

Martin Announces For Assessor-Collector

Raymond Martin, a Parmer County resident for 26 years, this week announced his candidacy for the office of tax assessor-collector of Parmer County.

In making his announcement, Martin said, "I would like to ask for the support of the people of Parmer County in this office that I seek. If elected, I pledge to administer the duties of this office with honesty, integrity, and to the best of my ability."

Martin, who now resides in Farwell, is married and he and his wife have five children, all at home. He is a veteran of World War II, and a member of First Baptist Church, Farwell.

The announcement is made subject to the will of the voters in the Democratic primary this summer.

These two are all smiles as they feel out the sentiment of West Texas voters concerning state politics. Ralph Yarborough, right, put his arm around the shoulder of H. M. Baggary, Tulia publisher, as the duo visited briefly Monday.

Ralph Yarborough Visits Parmer County

By W. H. Graham Jr.

Ralph Yarborough, looking for all the world like the candidate for governor that he swears he isn't—yet—stopped briefly in Bovina and Farwell Monday afternoon for a visit in the county that gave him the hardest time in the gubernatorial campaign he lost two years ago.

The amiable, fluent Austin attorney was in high spirits as he shook hands and answered questions in the sparkling style that characterized his stumping in the past election.

He was accompanied by H. M. Baggary, publisher of the Tulia Herald, one of his most ardent boosters. Baggary passed off a question aimed at determining if the Yarborough-Baggary association was anything other than just friendship, with the laughing remark, "I'm just his chauffeur."

The Tulia editor has been mentioned as a campaign head possibility.

Asked about his political future, Yarborough said, "I have just announced that if I am a candidate for any office, it will be for governor."

He declined to elaborate, however, saying that his decision would take "at least 24 hours and maybe three months" to make.

Two things Yarborough unequivocally advocates:

Resignation of the three-man state insurance commission appointed by Governor Allan Shivers. Monday, while Yarborough was in Farwell, the resignation of Garland Smith was announced.

"Well, that's only a third enough," was the attorney's comment.

Fixed price supports of 90 percent of parity, "until some plan that proves to be more practical can be worked out."

Yarborough was in this part of the state to fill a speaking engagement at the Swisher Farmer's Union Monday night. His talk was supposed to have revolved around farm problems.

"Did you know," he said, "that they (the administration, presumably), have increased the cotton acreage in California and Arizona, while cutting Texas?"

"The Republicans' philosophy is 'divide and conquer,' and that is just what they are doing. They are pitting East Texas farmers against West Texas farmers by the manipulation of cotton acreages within the state."

Yarborough spent slightly over an hour visiting in Farwell. He had no formal speaking schedule, and visited only with persons who were near-at-hand by happenstance.

A Parmer County commissioner happened to be in the group and asked the man about his opinions on the state's farm-to-market road situation. Yarborough charged that "Shivers tried to abolish the farm-to-market road program in 1951."

Mr. and Mrs. Frank Edwards returned to their home Monday from Union, Miss., where they attended the funeral of his brother who died there Friday.

It was a happy day for Mrs. M. D. Richardson when she stepped up on a big truck to take possession of the keys to the new Plymouth car she won Saturday. Presenting the keys is Walter Hardage, DeSoto-Plymouth dealer. At the left is Carl Davis, Piggly Wiggly store owner. She obtained the winning number from his firm.

Texico Woman Wins New Car Saturday

As 3,000 persons watched intently, Mrs. M. D. Richardson Saturday was selected from throngs as the lucky person to receive a new 1956 Plymouth given away by a number of Farwell businesses.

She won on a ticket given by the Texico-Farwell Piggly Wiggly.

The awarding of the car Saturday climaxed a 10-week promotion which got into circulation 350,000 tickets distributed from 15 businesses.

Three years ago, when the idea of giving away a car was first launched by Walter Hardage, the auto went to a woman from Earth. Two years ago it was won by Percy Tipton of Farwell. No promotion was staged in 1955.

The Richardsons are farmers, who live five miles north and two miles west of Texico. The husband has been hospitalized numerous times during the past year, and friends of the family were delighted at the Richardsons' good fortune.

Businesses which paid for the car and bought the tickets and advertising to promote the stunt included Rose Drug & Gift, City Cafe, Piggly Wiggly, Farwell Hardware, Rundell's Service Station; Elliott-Bell Auto Supply, Hardage Motor Company, The Texas Company, Fern's, The Furniture Mart, Aldridge Insurance Agency, Spurlin Radio & TV, Kemp Lumber Company, Watts Machine & Pump, and The Tribune.

Missionary To Speak At Okla. Lane Church

James C. Holden, missionary to Columbia, South America, will be guest speaker at the Oklahoma Lane Methodist Church on Sunday morning, February 5, at 11 o'clock. Holden will also be present for the evening service at 7:30 at which time he will show colored movies of missionary work in South America.

Rev. Vernon Willard, pastor of the church, would like to extend an invitation to everyone to attend these services.

THE TRIBUNE'S EDITORIAL COMMENT

No Tears for Ezra From This Department

While we have hung on with bulldog tenacity to our faith in Agriculture Secretary Ezra Benson's sincerity, honesty, and good faith in attempting to administer a farm program hellish in complexity, we register disgust at the incident last week concerning his endorsement of a magazine article.

To begin with, any man, regardless of his station in life, has no business ever delegating authority to a subordinate to sign his name unless:

1. The official knows by personal inspection the content of any document or news article; or
2. Knows the man under him well enough to be sure that the thoughts of the two are of compatible political or economic patterns.

Had either or both of these things been true—which we consider to be requisites in administration of any kind of official duties—the hullabaloo never would have come about.

We still believe Benson when he says that he had no knowledge of the article which was so severely critical of the American farmer. But we also believe that Benson pulled a bonehead on that one.

We all like a "snap" recipe ever so often, on those lazy days, and yet we like variety too. This recipe is designed to satisfy both of those qualities. But it is so rich, that calorie counters will have to "beware."

BANANA NUT CAKE
Prepare a spice cake mix as directed on the package, until the place when the mix calls for the last addition of water. Instead of water, combine two medium sized bananas (mashed) with the mix. Then add 1 cup of pecans and bake. For the icing, Mrs. Williams uses:

- 1 stick of oleo
 - 1 box powdered sugar
 - 2 small bananas.
- Whip together, add 1 cup of pe-

cans and spread over cake. Our bouquets this week go to the Texico-Farwell fire department (Continued on page 7)

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

Delegates returned from the winter institute held in San Antonio with enthusiastic reports. Gilbert Kaltwasser, president, said if anyone thought Farm Bureau wasn't a Democratic organization, he wished they would attend a meeting such as winter institute. The institute program was designed to furnish not only information and technical assistance, but also entertainment and enthusiasm.

Delegates making the trip from Friona were L. F. Bruns, Jack Patterson, and President Kaltwasser. The classes in which they participated were "History and Philosophy of Farm Bureau," "Public Speaking," "Parliamentary Procedures," "Procedures for Mem-

bership Acquisition," "Building a More Effective Organization," and "Procedures of Policy Execution and Policy Development."

There were four classes of public speaking and out of each class a speaker was selected to give a brief discussion of the institute. Out of the four, Parmer County had two, Jack Patterson and Gilbert Kaltwasser. We have some of the best speaking ability of the state right here in Parmer County. We should all be proud of the fine job these two are doing in making our Farm Bureau a much better organization.

Don't forget the special reopening of the Blue Cross-Blue Shield, within the usual six months waiting period. If you join before the 15th

of February you will be eligible for benefits April 1.

Farm Bureau directors met in the Friona office Monday night to discuss and make plans for the membership drive to be held sometime in March. Members of the committee who will do most of the work are E. T. Ford, chairman, Ralph Smith and Alton Kunkel members.

Consider this: Who shall not fear thee, O Lord, and glorify thy name? for thou only art holy: for all nations shall come and worship before thee; for thy judgements are made manifest. Rev. 15:4.

WHEREAS, it is deemed expedient and in the interest of the public welfare to regulate such parking and stopping of vehicles;

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FARWELL, PARMER COUNTY, TEXAS—

Section No. 1
It shall hereafter be unlawful for any person, either as principal or as agent or representative of another, to park any vehicle or combination of vehicles that has a total length of more than ten (10) feet in any other manner than parallel to the curb.

Section No. 2
Such parking shall be in such a manner that all of the wheels of the vehicle in question located on the side of the vehicle in question that is nearest to such curb, shall be, after the parking operation is completed, not more than six inches from such curb, in such a manner as to accomplish what is commonly know as parallel parking.

Section No. 3
Any person who shall violate any of the provisions of this ordinance shall, upon conviction thereof, be fined in any sum not to exceed twenty five (\$25.00) Dollars.

Section No. 4
If any clause, sentence, section, provision or part of this ordinance shall be adjudged to be unconstitutional or invalid for any reason by any court of competent jurisdiction, such judgment shall not impair, affect or invalidate the remainder of this ordinance, which shall remain in full force and effect thereafter.

Section No. 5
This ordinance shall become effective and be in full force and effect from and after the date of its passage and publication as required by law.

Steers 75-55 Victors Over Melrose Buffs

With nothing more than the satisfaction of beating this high rated team at stake, the Steers jumped to a small lead in the first seconds of play and maintained this lead through an exciting 32 minutes to score a 75-55 victory over the Melrose Buffaloes, who, up until Saturday night, had boasted a 10 game winning streak.

Farwell's five played fast ball and capitalized on their small height advantage to surprise the Buffs. Score by quarters, Farwell first: 18-12, 35-28, and 58-40. Bert Williams was Farwell's high scorer with 22 counts. George Washington and Eddie Smith had 15 points each and Truitt Hardage had 14.

High scorer for the Buffaloes was Hightower with 21 tallies. Farwell's B squad was defeated by a large margin in the first game of the evening. Several regulars of the B team were not present for the game.

Farwell Girls Score First Conference Win

In their first conference win of the season, Farwell girls downed the Adrian team 42-36 at Farwell gym Friday night. Earlier this year Adrian defeated the local squad some 20 points.

Score by quarters, Farwell first, were 6-10 in the first, 22-16 in the second, and 33-28 in the third.

Glenna Davis was Farwell's high scorer with 18 points. Following closely for high point honors was Mary Ann Walls with 16. High scorer for Adrian was Erma Lou Jordan with 20.

The Steers scored their third conference win this season Friday night as they swept past the Adrian cagers 67-50. Farwell's scoring included 16 points by Bert Williams, 14 by Eddie Smith, 11 by George Washington and 10 points by David Willard and Truitt Hardage.

High scorer for Adrian was Davis Brown with 16 counts.

Score by quarters, Farwell first: 17-6, 34-17, and 55-27.

Friday night Farwell High teams will be guests of the Vega teams for their first conference meeting this year.

Schlueter 42 Team Wins, Allred Loses

Texico Schlueter 42 team took a 40-32 victory over the Fields team at Fields on January 16. Texico Allred squad lost 37-35 to the Pleasant Hill team in a match played at Texico on the same night.

On January 23, the Schlueter team won 37-35 over the Portair bunch at Portair while the Clovis Hunton team beat Allred's crew 36 1/2-35 1/2.

January 30 Broadview beat Allred 43-29 at Broadview and Schlueter's team took a 43-29 win over Center Jouett team at Center.

On February 6, Schlueter's team will be host to the Chambliss team of Clovis. Allred team will play the Santi team at Ranchvale on this date.

Finals in the Curry County 42 League will begin around February 20.

In 1626 Peter Minuit purchased Manhattan Island from the Indians for trinkets worth about \$24.

Junior High Teams Take Two From Grady

Texico Junior High girls won over the Grady team 25-14 in the first game of a double-header played Tuesday afternoon at the Texico gym. Texico Junior boys won their game 40-26.

Janel Seal and Christy Bowers led the Texico scoring with eight points each. Anita Moss scored seven.

The local boys made 23 points in the third quarter to catch up with the Grady team after trailing by one point at half time.

Jerry Bowers was high pointer with 10 points and Raymond Hadley was second with six.

Charley's Crazy About Crocheting

Old Charley used to be a "do it yourself" home car mechanic. He thought he was saving money. But he didn't.

Now he takes his buggy regularly to Karl's, and has taken up crocheting as a hobby. Say's Charley: "Why didn't I think of this before?" No more dirty hands for Crocheting Charley.

It's POWERFUL Good News!

NOW NEW POWER...

NEW 2-3 PLOW TRACTOR PERFORMANCE that will open your eyes!

THE NEW JOHN DEERE 420 FLEET

WANT a real performance thrill? Just get your hands on the wheel of a new John Deere "420." John Deere Tractors have always amazed owners with their "never-say-die" lugging power, but you'll agree you never saw any other tractor pull so much, pound for pound.

The new "420" Tractors—10 models in all—feature 20 per cent more built-in power than the "40" Series, which they replace. That means better performance in the higher gears, ample power to use bigger-capacity tools—even 3-bottom plows and 4-row planters and cultivators. It means more acres covered per day, more jobs done on time.

There are many other advancements we invite you to see. As for modern John Deere comfort and operating features, you'll find them all—deep cushion seat... standard 3-point hitch with Load-and-Depth Control... "live" Touch-o-matic hydraulic control... self-energizing disk-type brakes, swinging drawbar... and many others.

Come in and get all the facts; arrange for your free demonstration. No obligation to you.

Texico Ladies Attend Mission Study Meet

Seven ladies of the Texico Baptist Church attended a state-wide mission study institute for women of Baptist Churches throughout the state of New Mexico held Monday night and Tuesday morning at the First Baptist Church in Clovis.

Every Association in the state was represented with 452 persons registering during the two-day meeting. Every church in the Plains Association had representatives at the institute. Texico Baptist Church is included in the Plains Association.

To open the program Monday night, the group enjoyed an Indian supper featuring stew, pinto beans, cornbread, coffee and baked apples.

After this meal, films, pertaining to mission work among the Indians, were shown. Classes concerning various types of mission work were conducted Monday night and Tuesday morning.

Tuesday morning those present saw films on the work of the churches' mission boards, before

going to Portales to visit the children's home.

A luncheon consisting of barbecue, potato salad, beans, tossed salad, corn and fruit cobbler was served to the guests at the children's home.

Those from the Texico church who attended the two-day meeting were Mesdames C. C. Morgan, Harold Pruitt, Olan Schlueter, Ed Henry, J. O. Ford, B. A. Kelley and Howard Whitener.

Farwell WMU To Organize Circle

At a regular meeting of the Farwell WMU, members voted to follow the circle plan as set up by the state WMU board. Mrs. Jim Terrell was elected chairman of the new circle which will elect circle officers next week.

This new circle will have after-noon meetings and is being set up primarily for those who find it inconvenient to attend morning meetings. All ladies interested in meeting in the afternoon are invited to join this group.

Nine members were present for the regular meeting held Monday.

Mrs. Willie Williams is in Hollis, Okla., this week visiting her mother, Mrs. G. W. Snider. She plans to return home today or tomorrow.

Public Schools Week Planned for March

Texas Public Schools Week will be observed throughout the state March 5-10, as proclaimed by Gov. Allan Shivers. The observance, inaugurated in 1951, is sponsored by the Texas Citizens' Committee on Education, headed by Chairman John McKee of Dallas.

Every citizen is urged to visit at least one public school during this period and to become personally acquainted with the programs and accomplishments in our educational system. A goal of more than 1,500,000 Texas citizens to visit public schools during the week has been set.

In issuing the proclamation, Governor Shivers said, "The greatest source of assurance for the future of the American way of life is our Public School System, which enables our youngsters to become familiar with the magnificent history of men and events which has made our Republic the most powerful, respected and favored country the world has ever known."

"The public schools provide the tools of knowledge which will equip our young men and women to become constructive and responsible citizens in this land of freedom," the Governor said.

"We have a great responsibility to maintain and advance the ideals and standards which our people have come to expect of their public schools. We must keep pace with the growing needs of our schools by providing new classrooms, improved methods and by encouraging loyal, able, qualified men and women to adopt teaching as a lifetime career," Governor Shivers declared.

EVERYBODY reads The Tribune.

It's the occasional heavy, gully-forming deluge, not just ordinary rainfall, that puts a farm drainage system to the test. At such times, grass waterways can offer the supplemental drainage needed to protect both land and crops.

THE WIDTH YOU FARM

can cut your costs

Now that Allis-Chalmers has cracked the weight barrier on mounted implements, you can spread your farming width to cut your costs.

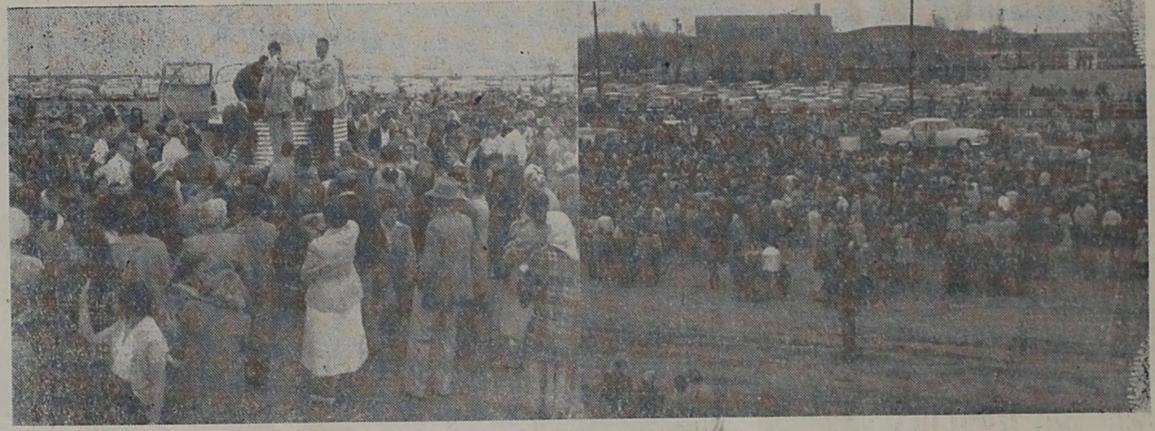

Big, tandem disc harrows 10-feet and 12½-feet wide operate like fully-mounted discs while working . . . ride on rubber elsewhere. You can cut up to 8 feet wider each round, reducing field time and travel distance accordingly. The time you save may be the difference that saves your crop.

Twin Cities Conclude '56 March of Dimes

March of Dimes activities have, for the most part, come to a close in Texico-Farwell, and workers in the campaign report that this year's campaign has been very successful.

Mrs. Ray Sharp, Texico MOD chairman, reported Wednesday that \$643.24 had been taken in through various programs and donations there. Goal for Texico this year was \$300.

Playing a major part in the 1956 fight against polio in Texico-Farwell, were members of Theta Rho Chapter of ESA. Several members of the organization gave coffees in their homes and netted \$96.11 for the fund.

Tuesday night ESA members staged a Mothers March at which they collected \$149.39 in Texico and Farwell.

Contributing to the Texico drive were coffee day sales, totaling \$27.50 at the Texico Cafe and \$10.69 at Jim's Cafe. A peanut day held in Texico brought \$24.80 and donations at a Texico basketball game netted \$15.45.

Largest sum collected in Texico was \$257.55 at a community-wide pie and box supper. Containers over town brought in \$21.13 in Texico and \$79.13 in Farwell.

Texico-Farwell Fireboys gave \$25, Methodist Men's Club donated \$9, and a Junior High School bake sale at Texico netted \$18.15. The school itself turned in \$98. A report of the amount donated at Farwell School was not available at press time.

LETTERS

To The Editor

Littlefield, Texas
January 28, 1956

Dear Sonny,
Sonny, I wrote this the other day, and some who read it wanted me to let you put it in the paper. So, here it is. If you want it.
Thanks for the way you wrote the write-up in the paper. You only told the truth and stretched nothing. I really appreciate it. So many stretched things so far.
Thank you again—good luck in your future.
Sincerely,
Leonard Hanna

THERE IS NO RECORD IN THE COURTHOUSE OF THE WORST PUNISHMENT FOR WRONG DOINGS

Two years—four years—it's not a pleasant thought to have to face. It can't be pleasant any way you look at it. But it doesn't compare with the facts when you finally face them.

Writing checks is one thing. And doing your fellow man wrong is another. Betraying friends' confidence. . .betraying a wife's love and devotion. . .betraying the Lord's will. . .betraying a young son's love, respect and honor—those things aren't on record.

But they are facts, facts that will remain until the end of time. Pay your debt to society? Yes, that much can be done. Pay back the years of happiness to a wife and son that you've taken? There is no way that can be done.

Make up for it? No, it is impossible. Gain the confidence of friends and loved ones? I hope so. But regardless of how hard you try, you realize you've taken some things from innocent people that you can never repay.

Why? That even you yourself cannot fully answer. Greed? Partly. Only self-consideration? Partly. Lust for money? Partly. True, you've been told hundreds of times what is happening. Why didn't you listen?

Try as you may, that you cannot answer. Tave you been a Christian? You thought so at one time. But, you realize that all you ever gave to God was your soul. You kept your heart and your life for yourself. Your heart was really interested in no one's happiness but your own.

What are your plans for the future? To begin everything you've lost. Can it be done. It has. Can you do it? If you live your life for Christ, you will have what is His will. You know that if you stay within His law, you will be within everyone's law.

Are you looking for sympathy? The ones who should have sympathy are those whose love, friendship, and devotion you've destroyed.

Eleven County Men At Vegetable Meet

(Continued From Page 1)

Your products will fit into the market pattern? Don't kid yourselves on anything."

It also was his suggestion that the group temporarily forget plans of being big, and start their work on a small scale, expanding gradually.

On the subject of quality, Rosenborough seized on the matter of the low-grade tomatoes that housewives must buy. Because "toms" are picked green in markets a long ways off, and allowed to ripen in transit or in storage, it is seldom that the housewife in this part of the country is able to buy a truly fresh tomato.

"How long has it been," he asked the audience, "since you got a 'store-bought' tomato and sliced it open, sprinkled some salt on it, and ate it like a man?"

The smiles and nodding of heads in the audience proved that he was making his point, and he continued this theme by stating that quality still is the primary price determinant in the vegetable field.

Tomatoes that are picked ripe will sell like hotcakes in the store for 39 cents a pound, when sitting alongside ones that ripened artificially, and are offered for 19 cents, he said.

After the two talks, Davis took the floor (he served as moderator

during the meeting), and asked for questions from the floor. A few were heard, and then a vote was taken on whether to pursue the work. All hands went up in the affirmative.

Tuesday, February 14, was set as a meeting date for the advisory board, at which time officers will be elected and formal organization will be implemented.

Present from Parmer County at the meeting: BOVINA—Arlin Hartzog, board member; Dolph Moten and George Trimble. FRIONA—Nelson Welch, board member; Ralph Miller, Steve Struve, and Eric Rushing. FARWELL—Don Williams, board member; Joe Jones, Bob Brooks, W. H. Graham, Jr.

Grade Teams Take Two From Bovina

Monday afternoon Farwell's grade school hoopers won two games from Bovina. Boys final score was 38-15 with J. F. Mounts leading the scoring with 10 points. Next in line were Tommie Williams with 9, Larry McDorman with 8, Benjy Dial with 7 and Jimmie Hardage with 4.

Girls final score was 17-14. Katherine Billington scored 10 points and Gwenlyne Potts scored 7. Redden was high scorer for Bovina with 7 points.

These two teams will go to Bovina on Monday night, February 6, for a return match. Game time is 7 p. m.

Farmers Eye Sources Of Possible Revenue

Parmer County farmers, just like thousands of others on the High Plains of the Southwest, today are anxiously casting about for additional farm enterprises that might possibly lead to more income.

Curtailments of cotton and wheat allotments, plus declining prices for all commodities, has brought about a revival of interest in types of farm operations which have been minor in nature since the development of big-scale irrigation.

One thing already is apparent: There is no one crop or any one product that the farmer of the High Plains can undertake to produce that offers him a solution to the need for more income.

There is, in fact, no simple solution to be had. Conditions of the nation's farm program place tight restrictions on new enterprises.

Here are several things that you may expect to see more of in 1956:

CORN
Several hundred acres of corn were grown in Parmer County last year, and corn probably made the best all-around showing as a "new" crop in the county in 1955.

The average irrigated yield probably ran about 65 to 70 bushels, believes County Agent Joe Jones. Most of the corn sold for about \$2.25 per hundred, shelled.

This produced a gross income not possible with milo last year. So far as is known, all the corn was disposed of on the open market, and the government loan program was not utilized, although it is offered.

Parmer County is a non-commercial corn territory in the eyes of the USDA, and as such is eligible for a price support of three-fourths the prevailing support in the corn states. The support on corn for 1956 is not yet known, but is expected to boil down to about \$2.13 for this area.

There are no acreage controls on corn production in non-commercial areas.

Some of the disadvantages of entering corn production include the fact that raising this crop will mean greater investment in new and specialized machinery.

A few Parmer County farmers purchased pickers last year, but the number is very small. At least three custom combination picker-sheller machines were in use, however.

One factor that may not have left its full impact is the corn borer. It was this insect which drove large-scale corn production from the Plains a generation ago.

Farmers growing corn the past year reported little trouble in this respect, but with big acreages, the insect may return. There is no effective means of control.

Growers now say that they will cut the corn early next year and lay it in the turnrows for a while before shelling. They thus expect to "beat Mr. Cornborer to it," should he be much of a problem.

Corn requires more water than does grain sorghums, and timing on watering is more critical. That is, when the corn plant needs a drink, it needs one immediately.

County Agent Jones says that corn isn't any harder on the land than grain sorghum production; in fact, it may be a little easier. The most popular variety of corn in this area is Texas 30, a hybrid.

Farmers who grew corn for the first time last year admit that they learned a lot, and expect yields to increase as their experience progresses. Much publicity was given to Doyce and Royce Turner of Pleasant Valley last year, who were reported to have beaten 250 bushels on a small plot. That may give an indication of possibilities, but obviously is out of the immediate reach of large-scale farming averages.

Most farmers seem to feel that the Plains ought to be able to produce between 90 and 130 bushels

consistently under irrigated, fertilized, conditions.

SILAGE
Corn again ranks high in this field, and when cut green, provides a succulent silage crop for beef or dairy cattle operations. Farmers raising corn, sargo, or some other crop for sale as silage did only fairly well last year.

The market was about \$4 a ton on the average. However, silage is rapidly increasing in popularity, and this may have a stabilizing or strengthening effect on the market.

SESAME
This oilseed crop was the "star-spangled" new crop of the Plains last year, and its introduction on a commercial basis provoked widespread publicity and interest from farmers.

Opinions from farmers who gave it a try ranged from delight to disgust, however, and its future place in the area's farming is not yet established.

Agent Jones anticipates "at least as much acreage in 1956 as in 1955" for sesame, mainly because there are still many farmers willing to give it that first try.

In practically all cases, sesame turned out the better paying crop when compared with milo, the old standby. The average irrigated yield ran about 800 pounds of seed per acre.

The market was steady all through the season, and closed out at about 10½ cents a pound. Sesame requires more hand labor than milo, but about the same watering and culture.

About 1600 acres were harvested in the county this year, following a planting of about 2500. The loss of stands was considerable—due to unfavorable weather and inexperience on the part of the growers.

No word is out from the Texas Sesame Seed Producers Association yet as to the marketing possibilities for next year. Sesame, a non-rancid oil crop, is just getting started in finding its way into marketing channels. It has been commercially produced in Texas only two years.

LEGUME SEED?
One phase of the national farm program which farmers of the area are eyeing with great interest is the proposed soil fertility bank. The laying out of 40,000,000 acres and planting it to soil-building crops might—and emphasis is placed on might—result in a sudden and big demand for legume seed.

Because of this area's long-proven ability to produce quality seed, commercial legume seed farming may not seem so impossible after all.

Sudan seed has long been a steady, although minor, crop for many farmers of the western High Plains. The high, dry climate provides ideal conditions for superior seed.

Little special equipment would be needed for this possible new farming offshoot, points out Agent Jones. It can be combined, or mowed and threshed. The drills, rakes, mowers, and combines are already on hand.

Alfalfa, clover, or vetch seed is most likely to be most adaptable in this area. Producing this seed will require careful management, cautions Jones.

Certified Sorghum Seed
Certified grain sorghum seed is another possibility for some farmers, although their numbers are limited. Isolation and special management pose hurdles.

Also, the effect that coming new hybrids may have on the certified grain sorghum seed market is a consideration.

Soybeans
Like sesame, soybeans are an oilseed crop. They are grown on huge acreages in Southeast and Midwest states. They are only a very minor part of cropping on the High Plains at the present.

As a legume, they are a soil-

building crop. The past year, they sold for about \$2.50 a bushel, and average yields ran from 25 to 35 bushels per acre.

They are eligible for price supports as a non-basic crop. At present, the beans must be hauled to Littlefield or Lubbock for marketing.

Beef, Dairy Cattle
No overnight changes are foreseen, but renewed interest is being noticed in beef and dairy cattle on county farms. Jones expects dairying to pick up, especially, as farmers find there is still some money to be made in this field, but that it takes a lot of hard work to get it.

Getting back into the dairy business takes capital. Up until last year, dairying had steadily declined over about a 10-year period.

Friona Merchants Launch Dollar Day

Friona merchants, in a move to combat similar promotions in larger cities which draw trade from the community, this week announced the first city-wide dollar day event.

Monday, February 6, will be the big day, and plans are to make the promotion a monthly affair. A good representation of Friona businesses are cooperating in the move. Gus Shaw of Ware's has been the leading instigator of the retail promotion. The first of the week, 18 businesses were in agreement to cooperate. Others were expected to join.

The first 18 included City Drug, Plains Hardware, Ware's, Houser Grocery, Johnson's Grocery, Piggy Wiggly, White's Grocery, Vestal-Brewer Hardware, Friona Consumers;

Cummings Farm Store, Foster's, Knox Dry Goods, Rockway-Hurst, Allen's Jewelry, Lewis Variety, Bi-Wize Drug, White Auto Store, and

Funeral Services Held For Robert Pierce

Funeral services for Robert Houston Pierce, about 52, were held in New Boston, Texas, Wednesday.

Pierce, who had been employed around Friona at different times for several years, died in the Weir Furniture Store fire Sunday night. Immediate survivors include his mother, Mrs. Sarah Pierce of New Boston, two sons, two daughters, four sisters and two brothers.

Marcum-Claborn Funeral Home will take the body to New Boston. Interment will be in the Pulaski cemetery.

LuNora's. Others which join will be noted in subsequent stories.

The plan is for all retail businesses to offer special prices on merchandise for the day. Grocery stores are carrying their regular weekend specials forward another day to include Monday.

Fire Hits Friona, Destroys Business

Fire of undetermined origin destroyed most of the building and contents of Scotty Weir's Furniture Store on Main Street in Friona late Sunday night.

High school youngsters discovered the blaze about 10:45 and sounded the alarm. Winds which had been blowing badly Sunday had diminished in velocity, fortunately, and the Friona Fire Department managed to hold the blaze in the building in which it began.

Tragedy was connected with the fire, however, and firemen discovered the body of Bob Pierce near the rear of the store. How the man failed to escape the flames could not be accounted for. The rear of the store had been his residence.

Chamber of Commerce Bills Cuero Editor For Annual Banquet

A Pulitzer prize-winning Texas editor will be the featured speaker at the annual banquet of the Friona Chamber of Commerce February 17, it has been announced.

He is Kenneth Towery, editor of the Cuero Record, and he became famous almost overnight last year for being the key man in breaking the Texas veterans' land scandal which rocked the state and nation.

Towery uncovered foul dealings in the normal pursuit of his duties as editor of a small paper, and his courage enabled an expose to be made of the now-famous scandals.

Tickets for the banquet are on sale at the Chamber office, City Drug Store, Bi-Wize Drug, and Friona State Bank for \$1.50 per plate. Only 200 tickets are available, announce Chamber officials.

Brewer, Bainum Elected Credit Union Directors

Friona Texas Federal Credit Union held its second annual meeting at the American Legion Hall in Friona on January 24 at 7:30 p. m. About 40 members and friends attended the meeting.

Principal speakers for the occasion were Ray Ersland, field representative of the Texas Credit Union League and Mrs. Dyalthia

Benson, treasurer of the Hereford Texas Federal Credit Union. Each of the speakers led interesting discussions on credit union work.

Loyde A. Brewer and Mack Bainum were elected to serve for two years as directors. Ralph Roden was elected to serve two years on the credit committee, and Mrs. Orma Flippin was elected to serve two years on the supervisory committee.

The credit union is a savings and loan cooperative with a federal charter. In the recommendation of the board of directors, the members voted to pay a 3% dividend and award the treasurer a monthly salary.

Mrs. Geneva Williams, chairman of the educational committee, served refreshments of doughnuts, coffee and pops after the meeting closed.

Board of directors held a short business meeting after the regular meeting closed. The following officers were elected: president, Ralph O. Taylor; vice-president, Mack Bainum; and clerk, Mrs. Lucy Jones.

Chamber of Commerce Will Meet Tonight

Thursday night, February 2, there will be a meeting of the Chamber of Commerce and Agriculture in the Chamber of Commerce office in the American Legion building.

At this meeting, the menu and program for the annual banquet of the Chamber of Commerce and Agriculture will be worked out.

New members of the board of directors will be inaugurated and a president and vice-president will be elected.

Andy Hurst, Joe B. Douglas and Hank Outland are the new members of the board of directors. Hold-over members are Dillie M. Kelley, Herman Neff, Charley Mercer and Wright Williams. Every member should make arrangements to attend this meeting.

Squaws Sting Sudan, Cowboys Top Chiefs

Friona Squaws battled to a narrow 37-34 victory over the Sudan Hornets on the home court January 24.

Friona played host to Happy Friday, January 27, when the Happy girls defeated the home team 80-39.

The Chiefs were defeated by a 61-58 count by the Happy Cowboys after having led the Cowboys by 12 points at two different times during the game.

Friona trailed by two points at the end of the first quarter, but had jumped into the lead by half-time with the score reading 29-25.

After two of Friona's regulars fouled out, Happy hustled ahead to win the game 61-58.

Joe McLellan was high point man for the Chiefs with 23 counts. Wesley Barnett had 13 points.

On February 3 Friona will be hosts to Springlake. Friona will play at Sudan tonight (Thursday).

About 30 members of the Modern Study Club participated in the Mothers March against polio Monday night. The march, which is an annual community service project of the club, netted \$153 for the March of Dimes campaign in Parmer County.

After the different teams had finished routes assigned to them, they returned to the Dan Ethridge home where they were served refreshments.

Calvin Ivie Receives Radio License

Calvin Ivie, son of the Rosco Ivies, was home from Texas Tech between semesters. Calvin is a third year engineering student and has just recently received his amateur radio license from the Federal Communication Commission at Washington.

In the near future, Calvin will have a transmitter, which he built, erected at the Ivies' farm home northwest of Black.

As soon as the transmitter is erected, other ham operators will be hearing from KNSDNY at Friona. The license grants permission to operate on three or four frequencies. The K and the 5 designate the approximate location and the N designates the holder as a novice until he has had one year's experience. One of the things Calvin is looking forward to, is contacting his Uncle Graham Campbell who operates under a similar license from his home in Archer City. Campbell is a former Parmer County resident. Calvin has been interested in radio and allied subjects as a hobby for several years.

Raymond Cook, instructor, reported that all members of the class passed their tests and will receive licenses to drive a vehicle.

Students Take Drivers Tests

January 25, the Driver Training Class of the Friona High School went to Hereford to take driving tests for operator's license.

Those making the trip were Betty Duke, Luellen McLean, Chauncey Woody, Billy Zachary, Dale Smith, John Tubbs, T. E. Parson, and Donald Loffman.

Raymond Cook, instructor, reported that all members of the class passed their tests and will receive licenses to drive a vehicle.

Father of Local Man Dies in Oklahoma

Mr. and Mrs. H. L. May were called to the bedside of May's father, O. L. May, at Rush Springs, Okla., Tuesday. The elder Mr. May died Thursday and funeral services were held Sunday afternoon.

Mr. and Mrs. Newman Jarrell Sr. took Nelda and Arlen May to Rush Springs Friday afternoon. O. L. May was the grandfather of Shirley Cook, a former Friona resident. The Jarrells and Mays returned home Sunday night.

W. T. Nelson Guest Of Friona Lions

Friona Lions met Thursday evening at 7:30 for supper and a regular meeting. W. T. Nelson, governor for district 2-T-1, was the guest

speaker. Also present at the meeting was Maurice Teague of Amarillo, a representative of the Boy Scouts of America.

In the business meeting, plans were discussed for the presentation of a Negro Minstrel which will be in March or April. Hollis Horton and Andy Hurst will be in charge of this.

Thirty-one members, six visitors, and the sweetheart were present. Charter members who were recognized were Frank Spring, W. L. Edelman, and Sloan Osborn.

The next meeting will be February 9. The BSA from Amarillo will be in charge of the program.

Plastic Book Covers In Use at Friona

Plastic book covers which the Student Council ordered for the high school and grade school were received recently. The school colors of red and white are emphasized.

The front cover bears an emblem which contains a burning torch and an open book. On the book is written "Knowledge is Power." Surrounding the sign is the quotation, "America's Future—Education of Youth."

A Chieftain head is on the back cover. These attractive covers will fit any size book. They are washable and may be re-used year after year.

BUILDING PERMITS

Two building permits for new homes were issued last week by Roy Wilson, city manager. Newman Jarrell secured a permit for a 55x64 residence to be located at 804 West Fifth in the Staley Addition. The estimated cost is \$19,000.

The house is to be of brick veneer and composition shingles and Gleason C. Stevick is the builder.

Hayden Cayson was granted a permit for the construction of a 37x49 residence at 1102 Elm Avenue in the Lakeside Addition. It is to be brick veneer with composition shingles, and the estimated cost is \$16,000. The building contractor is Friona Construction Company.

in & around FRIONA With June

Just as people 50 or 100 years ago looked at the cross ties of a railroad track as signs of progress, we can look at mounds of caliche today. The rows of white mounds in the Lakeside Addition tell us that very soon the streets in that area will be hard surface.

New homes are going up in that addition every week, and a lot of surface work has been done in preparation for what is rumored to be the business section of the addition. Wonder if it will be known as the Lakeside Shopping Center?

Several times when we have passed the I. T. Graves home between here and town, we have noticed the name on the mail box. The letters look like L. T. Today we learned that we were not the only ones who had that idea.

In a telephone conversation with a stranger, we were trying to direct him to the E. M. Osborn farm.

He had driven too far west, so we told him to go back toward town to a house on the north side of the road. He said, "The only house I remember on the north side of the road had the name 'Lieutenant somebody' on the mail box. The man I'm looking for is Tom Pruitt." I. T. and Gwen may be surprised if someone drives up and inquires for "Lieutenant Somebody."

If there is ever a contest for unique titles for residents in And Around Friona, we plan to nominate Dillie M. Kelley for Dispenser of Information. So many things come up that we need information on that he knows about. We are beginning to feel hesitant about calling on him.

Our apologies go to Vuthill Leafman for misspelling her name several times. She spelled it out for us over the telephone and still we did it wrong. Maybe we are radical on the subject, but anyone who has been named McCown for more than 20 years would readily understand.

We have long thought that it we never did anything else, we would spell and pronounce names (Continued on page 5.)

Project Show Being Planned by FFA

Plans are now underway for the Bovina FFA Chapter to have a livestock project show sometime in late February or early March.

Roy M. Crawford, chapter advisor, says that the show that will be held this year won't be a "fat" show in any sense of the word and will be strictly a project show. Each member of the chapter will be asked to exhibit his projects.

The reasons for the show, according to Crawford, will be to encourage the boys and to get the community more interested in the projects.

The show will be held on the school-owned property which is located on the northeast side of Bovina and is commonly referred to as the "ag lots."

Chapter members have approximately 65 animals as projects. Most of these are hogs, however, there is one Hereford steer, two beef calves, and three dairy heifers. Fat barrows, open gilts, and bred gilts, aged sows, and litters, and possibly boars will be included in the hog division of the show.

The show will be held near the first of March so that the animals, if the owners desire, may be exhibited at the county show that will be held at Friona early in March and at the Lubbock show which will also be in March.

Crawford says that the boys will be encouraged to enter all their livestock projects in this first show so that there will be enough animals to have a "nice sized" show. However, Crawford hopes that in the years to come the show will grow in quality and quantity and that animals of inferior quality will be eliminated.

"We don't, as yet, have a civic organization connected with the show," Crawford says, "but we would like to have the backing of some such organization so that more community interest could be involved in the show. We wouldn't necessarily want financial backing, because the main thing we are interested in this first show is interest."

There will be no sale connected with this show because the boys who have fat animals will sell them at the Lubbock show.

The show will be an all-day affair and will probably be on a Saturday.

Included in the fat barrows that will be shown are six—three Hampshires and three Duroc-Jerseys—that are owned by the chapter and

are being fed by the chapter at the "ag lots" as an example. Crawford says that the purpose behind the barrow feeding program is not to make money for the chapter but to show the boys how hogs should be fed. The Duroc barrows have been on feed about three months and the Hampshires about two months.

Two FFA members—James Stevens and Dickie Steelman—have a chapter-owned Milking Shorthorn heifer each which will be exhibited at the show. These boys will return the first heifer calf back to the chapter to give to another boy.

Lions Planning Negro Minstrel

Bovina Lions voted Thursday night to have a Negro Minstrel show sometime in the not-too-distant future. A committee was appointed to set the date as well as work out other details.

Members of the committee that was appointed by Bedford Caldwell, president, are Ovid Lawlis, chairman, J. W. Wright, Harry J. Charles, A. D. Cumpton, Arlin Hartzog, Henry Minter, and Dolph Moten.

The business meeting was held in the American Legion Hall but the group adjourned to the Hiway Cafe for dinner.

Plans for the February 23 meeting were discussed. This regular meeting night will be Founders' Night and Ladies' night. W. T. (Dub) Nelson, Lions district governor, of Childress will attend the meeting. Cecil Massey, zone chairman, of Hereford will be invited to the meeting.

The Farwell Chamber of Commerce gave the club four tickets to its banquet that will be held early in February. However, no decision was reached on who from the local club would attend the banquet.

John Wilson, a new member, attended the meeting and Jimmy Crawford, a member of the Mule-shoe Lions Club and a guest of Lion Jay Sherrill, was at the meeting.

Bank Directors Are Re-elected

The directors of First National Bank of Bovina were re-elected at a January 12 meeting of bank

stockholders.

About 25 of the banks 38 stockholders attended the meeting.

Changes that were made in the organization included the naming of Frank P. Wilson to a vice-president position and assigning Mrs. Francis Gober to the assistant cashier position. Wilson replaced R. A. Jefferies as a vice president and Mrs. Gober, who has had four years experience at the Security State Bank in Farwell, served as a teller before the recent promotion.

The stockholders discussed the statement of condition of the bank and the year's business in general. The bank was opened in Bovina October 29, 1955 with much fanfare.

Members of the reelected board of directors are J. P. Macon, chairman, C. R. Elliott, Warren Embree, Joe Temple, Wilson, and Jefferies. The bank's officers are Elliott, president; Embree, vice-president and cashier; Wilson, vice-president; Temple, vice-president, and Mrs. Gober, assistant cashier.

Hawkins Leads Locals Past Channing, 83-66

Erith Hawkins, enjoying his best scoring night of the season, tossed in 15 field goals and four free throws for a total of 34 points Friday night in a non-district basketball game as the Mustangs galloped over Channing at Channing, 83-66.

The local five had defeated Channing in an early season game at Bovina. Larry Ezell dropped 16 points through the hoop. Neil Smith made 13, Billy Richards eight, Darrel Read six, Jerry Loflin four, and Marvin Young two. Dick Horn, Lynn Isham, and Tom Ware did not score.

Hawkins made only four points during the first half but bounced back to score 20 of the total in the third quarter alone.

Bovina Keeps Coming, Pound Adrian, 95-58

Making the highest score of the 1955-56 basketball season, the Bovina Mustangs ran over Adrian Tuesday night at Williford Gym, 95-58, in a District 3-B game.

The Mustang starters played only the first three quarters and were never in danger of losing the lead. Featuring fast breaks and long passes throughout the contest, the locals were lead in scoring by Erith Hawkins with 29. Hawkins was followed by Darrel Read with 19, Neil Smith with 13, Billy Richards with 11, Larry Ezell with nine, Dick Horn with six, Jerry Loflin with four, Tom Ware with two, and Leon Richards with two. Lynn Isham and Marvin Young did not score.

The locals played the first quarter at a 124-point a game clip and they ended the quarter with a 31-13 lead. The half showed the Mustangs still with a big lead, 55-33. The third quarter score was 81-49.

They play Lazbuddie Friday night in Bovina.

Girl Basketballers Receive New Suits

The girls' basketball team of Bovina High School received new suits Monday morning. The shirts are pull-over style maroon nylon twill with a white back yoke on which "Bovina" is written in maroon letters. White numerals also adorn the suit.

The trunks are of the same maroon twill with a narrow white stripe down each side. To complete the suit, the girls have new maroon and white striped socks.

The girls will show-off their new suits for the first time Friday night when they meet Lazbuddie in Williford gym.

Fillies Slaughter Adrian 57-37

The Bovina High School Fillies slaughtered Adrian 57-37 in the sixth conference game of the season Tuesday night in Williford Gym.

Although Adrian was only one point behind in the first quarter 13-12, the Fillies steadily scored

against them, so that the score at the half was 37-21, and at the end of the third, 48-30.

Janice Richards made 16 free shots and five field goals for 26 points. Dee Pounds racked up 20, Sue Moody made 6, Ellen Berry made 3, and Kay Leake shot a long field goal from center just as the buzzer ended the game.

This was the Fillies' third victory from Adrian, two conference and one tournament.

The girls' record is now 5-1, with two more games to play. Friday night they meet Lazbuddie in Bovina.

Junior 4-H Girls Meet

The Bovina Junior 4-H Girls met in the homemaking cottage Saturday afternoon at 3 p. m. Margaret Lynn Taylor was elected secretary-treasurer for the group.

Salad was the subject of the meeting, and Mrs. J. E. Whitesides, leader, demonstrated on fruit salad.

Those attending were Francis Fuller, Carole Jene Hastings, Joyce Marshall, Maria Ramirez, Minnie Ramirez, Virginia Rea, Donna Sudderth, Margaret Lynn Taylor and Peggy Whitesides, and Mrs. J. E. Whitesides.

Tentative plans were made to meet after school on the second and fourth Tuesdays of the month.

Fire Damages Roundtree Property

A fire at the new home of Mr. and Mrs. Winston Roundtree caused minor damage Sunday afternoon. Roundtree, formerly of Littlefield, is moving to a farm about three miles east of Bovina.

He is the nephew of Mrs. Ed Peotseh and Bill Moore. The fire, of unknown origin, started on the porch and destroyed some furniture and personal possessions.

Fillies Ramble Over Channing

Friday night, the Bovina High School Fillies traveled to Channing for a return non-conference battle and brought home a 45-37 victory.

The score by quarters was Bovina 12, Channing 6 in the first,

25-12 at the half, and 33-26 in the third.

Janice Richards again led the Fillys scoring with 28 points. This increased her season record one point.

Pauline Lloyd made 9 points, and Dee Pounds made six. Ellen Berry shot two free shots in the second quarter for the remaining two points.

Joy Gabrelle and Gail Brown led the scoring for Channing with 14 and 13 points respectively.

Earlier in the season, Channing had defeated the Fillys two points.

Mother Singers At Assembly Program

The PTA Mother-Singers were special guests on the assembly program presented by the fifth grade students Friday morning in the school auditorium.

In addition to the selections by the Mother-Singers, Mrs. Doris Wilson played several piano solos and the members sang "The Ballad of the Little Mohee" and performed a one-act play entitled "Wildcat Willie."

Smith-Malcom Vows Read in Clovis

Donna Smith, daughter of Mr. and Mrs. Frank Smith, and Billie Malcom, son of W. E. Malcom of Marlow, Oklahoma, were married in a quiet ceremony in the sanctuary of the Trinity Methodist Church of Clovis Wednesday evening with Rev. J. R. Bunts, officiating.

Mr. and Mrs. Joe Moore attended the couple.

The bride wore a grey suit with pink accessories. Mrs. Moore wore a navy blue dress with blue accessories.

The couple left immediately for a honeymoon and will return to make their home in Bovina about February 1.

Donna graduated from Bovina high school in 1954 and went to Texas Tech at Lubbock for one semester.

He graduated from Central High School, Marlow, Okla., and attended Cameron Junior College at Lawton for two years.

Malcom owns Malcom Trucking Company in Bovina.

Senior 4-Hers Study Salads

The Bovina Senior 4-H Girls met in the Homemaking cottage Saturday, January 28. Janice Richards acted as president as both president and vice-president were absent. The minutes of the last meeting were read and approved, and the election of secretary and treasurer was discussed.

Mrs. Gene Rea, the leader of this group, demonstrated the making of different salad, with peach salad the main effort. Those attending were Janice Richards, Gladys Dean, Barbara Rea and leader, Mrs. Gene Rea.

This group also made tentative plans to meet after school on the second and fourth Tuesdays of each month.

Baptists Circles With Mrs. Fuller

The Rae Buster Circle and the Blanch Grove Circle of the Baptist Church held a joint meeting in the home of Mrs. Roy Fuller for Bible Study Tuesday afternoon.

Mrs. P. A. Adams lead the study. Cookies, cake, and coffee were served to the following: Mrs. Oscar Combs, Mrs. R. N. Williford, Mrs. Boye Taylor, Mrs. J. S. Williams, Mrs. Johnny Horn, Mrs. Ovid Lawlis, Mrs. P. A. Adams, and Mrs. Roy Fuller.

Anita Tharp Wins Homemaking Award

"It was really a surprise to me when I found out I had won the school title, but it was a very pleasant surprise," remarked Anita Tharp, popular high school senior, when it was announced that she had been chosen to receive the Texico High School Betty Crocker Homemaking Award.

In assembly Monday morning, Anita was presented a distinctive Homemaking of Tomorrow pin, a badge of honor, symbolizing the fact that "Home is Where the Heart Is." The home economics department of the Texico school has already received a copy of "The Betty Crocker Good and Easy Cook Book."

On December 6, several local senior girls were among 256,534 young women in 10,222 of the nation's public, private and parochial high schools who participated in a 50-minute written examination testing their homemaking knowledge and attitudes.

After taking the test, every girl received a personal copy of "Betty Crocker's Guide To Homemaking." Then the tests were graded by Science Research Associates—an educational testing agency. From test results, a Betty Crocker Homemaking of Tomorrow for each school has been named. Since Anita was the local winner, her examination is being graded with other school winners in New Mexico.

When asked if she thought Texico would win the state contest, Mrs. Jimmie Allman, home economics teacher, replied, "Since I have used this test as a teaching device, I doubt that we will win in the state contest, but I do feel that all of the senior girls have benefited greatly from having taken the test."

The girl chosen State Homemaking of Tomorrow will be awarded a \$1,500 college scholarship and an expense-paid educational tour of the nation's capitol, Mount Vernon and Colonial Williamsburg, Va.

Finally, on April 12, 1956, all the State Homemakers will be guests of Betty Crocker at the American Table Banquet in Philadelphia. Here the search will reach its climax, for on this night, the name of the All-American Homemaking of Tomorrow will be announced. She will be presented a \$5,000 college scholarship. By her achievement, she will reflect honor to all homemakers of America.

General Mills is the sponsor of the program designed to assist schools in building in young women a deeper appreciation and understanding of the American home and to emphasize through a scholarship award program the personal qualities and sense of values necessary to successful

homemaking. More than \$10,000 in scholarships will be awarded.

Anita feels that General Mills should be highly commended in promoting such a fine program to show the senior girls just how many phases there are in homemaking, and to show them some of the future problems which will face them. In regard to the test, Anita thought that the easiest question was about the proper use of cleaning fluids while the hardest one was on budgeting.

Anita has attended Texico school for six years. This year she is secretary of the student council, vice-president of the Home Economics Club and reporter of the senior class.

Upon graduation, Anita plans to put her homemaking ability to immediate use as she plans to marry Ben Zachrel.

"Know Your Presidents" Study in Eighth Grade

Calendars with pictures of United States presidents, which were presented to the seventh and eighth classes of Texico School recently, have created a scientific interest and a desire for the truth about these men.

Resulting from this interest was a special unit of study among the students of each grade to find answers to a 22-question test given by their teacher, Mrs. Fred Danforth.

As yet there has been no winner, but the pupils are searching hard for answers to such questions as "What president first used a special train? What president was the first to have a bill passed over his veto?" Since a prize will be given to the winner in each class, competition is high.

Records giving the phonetic sounds and other explanations are helping the eighth grade students with "Steps to the Mastery of Words." Reading class teacher, Fred Danforth, is using the "Read-More, Spell More Methods" by Miss Nadine Fillmore of Indian State Teachers College.

A surprise birthday party was given Crayton Weisler Wednesday afternoon. Refreshments of ice cream and cup cakes, were sent by his mother, Mrs. Ed Weisler.

New Teacher Added

Mrs. Lona Mae Starkey was added to the Texico faculty on January 27. Mrs. Starkey, who lives in Clovis, is majoring in primary education at Eastern New Mexico University at Portales, and will receive her degree in June.

She is relieving crowded conditions of the second grade which was divided Friday of this week.

Texico FFA Boys Appear on TV Show

Saturday, January 28, seven members of the Texico FFA Chapter and the FFA sweethearts for the last two years, traveled to Amarillo to appear on a television program. Those making the trip were Shirley Doshier and Sue Doolittle, sweethearts, Jimmy Don Moss, Allen Kelley, Bob Spears, J. C. Kelley, Nathan Tharp, Drue Harvey and Alfred Doshier.

The group arrived in Amarillo about one and a half hours before they were scheduled to appear. During that time they watched other programs being televised.

The group then appeared on channel 4 for a 30 minute program concerning the boys' hog feeding project.

One of the most important stars of the program was a razorback sow, Lela.

Hudson says he is afraid he is going to lose Sue Doolittle and Bob Spears to the "big time TV producers." He says he is afraid of losing Lela, too.

Saturday, February 4, Allan and J. C. Kelley and Weldon Bell will leave for El Paso, where they will enter 25 barrows in the fat stock show. They will be gone one week.

Allen and Weldon will return Tuesday night so that they can participate in the Curry County Basketball Tournament.

Basketball King and Queen Are Crowned

Sue Reid and Buddy Spears were crowned basketball queen and king Tuesday night during the intermission of the games with Forrest.

A drum cadence was played by Dicky Adams as approximately 40 members of the Pep Club made formations of a heart and a crown.

While the gym was in semi-darkness, the crown was formed as the girls used flash lights covered with green paper to light the scene.

A spot light was held on Sue and Buddy as they entered the gym and while they were being crowned.

Sue and Buddy were chosen to receive these honors by students who are enrolled in athletics.

Let's Make It Safe

By Betty Pendergrass

In recent months, people have failed to show due respect to one of our important state laws.

It is unlawful for any vehicle, traveling in either direction to pass a school bus while it is loading or unloading children on a public highway or a rural road. This right is not forfeited until the bus is completely off the road or highway.

Serious accidents have occurred in past years, which could have been avoided if careless drivers had observed the law.

State authorities are checking on all accidents which are occurring. They are more intent on enforcing this law than ever before.

In failing to observe this law, you are placing a child's life in danger. When that bus stops in front of you, it's not only your duty, but it's also the law that you should stop.

Texico Grade Children Find School Interesting

Mrs. Seale's third grade boys and girls are enjoying a study of mountains in geography. They have made a group of mountains in their sandbox showing the lookout tower where the forest ranger lives and watches for fires. The tops of the tallest mountains are covered with snow.

On most of the mountains, evergreens are seen as well as animals. But on the slope of one of the mountains, Old Baldy, the trees are charred, only stumps of trees are left, no animal life is seen, and fire fighters are seen with their axes and shovels. The forest ranger had reported a fire.

On some of the mountain slopes, sheep are being watched by the sheep herder and his dogs. A crude hut has been built for him.

Science and history are two new subjects being studied by the fourth grade this semester. This is their first experience in the study of history, and they find it very interesting.

The sixth graders have taken up history this semester and are being taught why they should be proud of their country and the fact that they live in America.

Mrs. Faville's first grade children like their new room. The book shelves are so convenient and the fountain and washbasin are especially appreciated. They are also proud of the new number books that are now being used.

The grade school has received

some new records for their music appreciation classes. They have two volumes of new music teachers.

Third graders and their teachers are very happy to be able to use the new gymnasium during their morning and afternoon recesses. They are enjoying their directed games and the protection from the cold.

Quite an interest was shown in the March of Dimes drive in the third grades this year. Contributions totaled around \$12.

Garry Parish and Helen Dnight are new pupils in the first grade.

Mrs. Weisler's first grade pupils are proud of their new classroom also. They say "So much room, we can fall out of our seats without banging our heads on our neighbor's seat."

They, too, like the idea of getting to play in the gym because they can get better acquainted

Texico Girls Win Over Melrose 49-38

Texico basketball teams split two games with Melrose at Melrose Friday night, the local girls winning by a score of 49-38 and the Texico boys losing by a score of 48-70.

The girls game looked as if it would be a close one with the score standing 9-11 in favor of Melrose at the end of the first quarter. But in the second quarter Texico made 15 points to grab the lead which they held throughout the rest of the game.

Last Tuesday night at Lazbuddie neither the Texico boys nor girls were able to score a victory. Girls' game final score was 62-41, while the boys game ended 64-32 in Lazbuddie's favor.

THE LIFE OF KELLEY

By D'Tanis Caldwell

Allen Kelley, 18 year old son of Mr. and Mrs. B. A. Kelley, was born in Childress, Tex., in 1937.

Five years ago Allen came to Texico to enter school. He came from a small community called Pleasant Hill. The name of the community must have had something to do with Allen's personality, for he is certainly a happy, friendly person and a good conversationalist.

In this, Allen's senior year, he is taking five subjects, including physics, band, trigonometry, journalism, athletics and American history. He holds office in two clubs, vice-president of the press club and president of the FFA club.

Allen keeps himself busy working on the farm, driving a school bus,

with the other first grade students. Mrs. Weisler tells of one boy in her group who enjoys making new words into as many different words as he can. She says "It's surprising what he can do with the new word."

"The 48 States," a project in geography, is the main interest of the fifth graders. They have learned to name the states, and are learning how to spell each state and its abbreviation. A picture representing a common scene from each state has been colored and put in the bulletin board. Pictures of the principal products and industries have been displayed. The boys and girls are outlining and writing stories about the states.

Another new reader, called "Engine Whistles" has been started by the fifth graders. The stories are about the early day trains and cars.

On the sick list for the week for grade school are: Richard Arnold, Dorothy Pruitt, Jerry Hudson, Pauline Taylor, and Ellen Caillou, et al, all of the third grade; Billy Don Arnold, Millie Autry, Linda Crocker, Ronnie Curry, Dorothy Hapke, Belverd Harvey, Wanda Gayle Morgan and Mary Porter, all of the fourth grade; and Lottie Riley, Barbara Raulie, Glenda Billingsley, and James Arnold of the sixth grade.

the way the owners spelled and pronounced them, but sometimes we fail. In recent years, our name hasn't been misspelled and mispronounced so much; however, one lady with whom we have been acquainted for several years still introduces us to strangers as "Mrs. Gerald." (Gerald is our son's name.)

One of the most embarrassing moments of our life followed a mistake we made in saying a man's name. It happened on the first day on a new job in a retail office on a time payment desk. An elderly man desired to make a purchase, but disliked the idea of coming into the office to answer a lot of questions.

After the salesman succeeded in getting him seated, our idea was to put him at ease before asking questions. His name and address had been written on the sales slip which was beside the typewriter, so very politely we began, "Now Mr. Dumas — — —"

SCOUTING

Brownie Troop X held its regular meeting at the First Baptist Church. There was one visitor, Patsy Simpson. The girls made Valentines. Carolyn Thomas served cookies and pops to the three leaders, Edith Johnson, Mary Roberts and Joyce Sanders, the visi-

tors and the 13 Brownies present.

Members of Brownie Troop II met with their leaders, Gladys Helmke and Olive Massie, at the Sixth Street Church of Christ annex Monday afternoon. Carolyn Guinn returned to the troop after an absence of several weeks. The girls finished ditty bags which they had been working on. Kay Coffey was hostess and served ice cream bars to the leaders and the nine Brownies.

Girl Scout Troop VI met at the Baptist Church annex Monday afternoon. There was one visitor, Joyce Stowers; the two leaders, Eufala Ethridge and Gay Ann Jordan; and six Scouts, Virginia Patton, Linda Brummett, Kay Struve, Celia Weatherly, Joyce Whitten and Carolyn Baxter, present. Mrs. Jordan led a group discussion on the seven basic foods. Plans were made for each girl to make and keep a good grooming chart. After one singing game was played, the meeting adjourned.

Girl Scout Troop VIII met at the Congregational Church Monday afternoon. Plans were made to invite another troop for a Valentine party. Mrs. Ralph Wilson brought some wall plaques and figurines for the girls to paint with water colors. Several committees were selected. Sharon Reeve served hot chocolate and cup cakes to the two leaders, Mrs. Helen Potts and Ann McKee; two visitors, Mrs. Ralph Wilson and Mrs. Hadley Reeve, and 17 Scouts.

Fifteen Scouts and one leader, Mrs. Nora O'Brian, were present for the meeting of the Senior Scouts which was held Monday afternoon at the club house. The business meeting was called to order by the president, Pat Cranfill. Jacquelyn Magness read the minutes and called the roll. The troop divided into three groups. The casts of each of the two plays practiced on the plays and the third group planned other features for the coming program. Janie Parker and Janet Snead served cookies and lemonade. The cookies were in the shape of the Girl Scout emblem. At the close of the meeting, the magic circle was formed.

BOY SCOUT NOTES

The Friona Boy Scouts met Monday and made plans to attend an overnight meeting at the Amarillo Air Force Base. They will go Friday afternoon and will be guests of the Air Base until Saturday afternoon. A pot luck supper has been planned for Monday evening, February 6. All Boy Scouts, their parents and any other interested persons are invited to attend. Each

person who attends will bring food and the Scouts will furnish drinks for everyone.

Of course not. A veterinarian is a specialist in his field.

The same principle holds true for the fertilizer business. It employs rather technical data involving soils and chemicals.
