## City Commission And Citizens Meet With PRPC Representative

A special called meeting was arranged last Thursday, Oct. 31, at the Farwell City Hall for a meeting between city officials; Mark McConathy, repre-

sentative of the Panhandle Regional Planning Commission in Amarillo; and an interested citizens committee composed of a cross-section of Farwell residents.

Purpose of the meeting was to discuss a comprehensive planning program for Farwell, which will be prepared by PRPC, with input from different segments of the Farwell business community, including

industry, farming, agri-business, retail merchants, etc.

Among the items to be compiled by PRPC are basic research and inventory, population analysis projection, economic analysis, land use survey, transportation system analysis, and community facilities, which will result in a preliminary plan. The preliminary ties, which will result in a preliminary plan. The preliminary

plan will be followed by a general plan and the final results will be in the form of an implementation report.

Citizen input is asked in the form of comment and suggestions in the areas of zoning and land use planning, improvement to the alleys, improvement to the intersections of Avenue A and Second and Third Streets, the hiring of a

Approximately 50 percent of the qualified registered voters in Parmar County went to the polls Tuesday, Nov. 5, to cast ballots in the General Election, according to County Clerk Bonnie Warren. A total of 2,074 votes were cast in Parmar County.

"The turnout was better than expected," stated Mrs. Warren. The newly elected officials will take office on Jan. 1, 1975.

Parmar County voters joined the rest of Texas in overwhelmingly re-electing Democrat Gov. Dolph Briscoe to the state's highest office from a field of five candidates. Unofficial votes tabulated in Parmar County in the governor's race include: Dolph Briscoe, 1,217; Jim Granberry, Republican, 783; Ramsey Muniz, Raza Unida, 9; Sherry Smith, Socialist Workers, 1; and S.W. ## Lazbuddie I. S. D. Plans \$380,000 Bond Election

The Lazbuddie Independent School District will present to qualified registered voters in the district a bond issue in the amount of \$380,000.00 on Tuesday, Nov. 19. Voting will take place in the Foyer School Auditorium in Lazbuddie between the hours of 8 a.m. and 7 p.m.

Absentee voting will be con-

ducted in the Lazbuddie School Superintendent's office between 8 a.m. and 4 p.m. Monday through Friday. Deadline for voting absentee will be 5 p.m. Nov. 15.

The bond issue would be used to provide a physical education facility for grades Kindergarten through twelfth, an industrial arts shop and bus barn, improvements to the teacherages and existing facilities, bleachers on the visitor's side of the football field, fen-

cing for the bus yard and athletic fields and graveling of streets and bus yard. The latter item is optional, depending on available funds.

The bonds would be financed over a 15-year period. The present indebtedness pays out in nine years and, including the proposed issue, the district would be debt free in 15 years, provided it is not necessary to issue any additional bonds. It is anticipated that the new issue would require a maximum increase of 12 1/2 percent of 1974 taxes.

Members of the Lazbuddie School Board of Trustees urge the voters' support of the bond issue and have issued the following comments: "Your support of the school is reflected in the performance of the students and community spirit. We are indeed proud of the past achievements and are looking to continued meaningful progress and growth."

The Lazbuddie School Board of Trustees is composed of Orville Burnett, president; Reaford Wenner, vice-president; Wayne Clark, secretary; and members Elvis Powell, Gene Paul Jarman, Marvin Mimms and L. M. Smith.

During the election and voting on Nov. 19, two separate ballot boxes will be provided at the polling place. One box will be for resident qualified electors who own taxable property and who had duly rendered property for taxation. The other box will be for resident qualified electors who are otherwise qualified but do not own taxable property which has been duly rendered for taxation.

Don McDonald will be presiding judge for the election, and W. G. Harlan will serve as alternate presiding judge.

**REPAIRING RAILROAD CROSSING** - Detours were set up around the railroad crossing between Texico and Farwell on Thursday, Oct. 31, to facilitate work at the crossing by Santa Fe Railway track crews. The project was done in cooperation with the Texas and New Mexico Highway Departments, who maintained the detours on both the Texas and New Mexico sides while the work was being done. The tracks are on U.S. Highway 70-84 between Texico and Farwell. Highway officials

began directing traffic around the work at 8 a.m. and the project was completed by the end of the day. According to Tony Mendoza, agent for Santa Fe Railway in Texico, the crews raised the crossing about one and one-half inch and replaced some old ties to make improvements at the crossing. This work was done and additional work will be done, including some more signal wiring, for the placement of crossing arms in the future, according to Mendoza.

**THAT'S MY BOY!!** - When you're a sponsor of an annual football contest, you are occasionally selected to present first place prize money to a weekly winner. This week our sponsoring merchant is Farwell Pipe and Iron and Buster Lunsford, right, owner of the establishment, had a double reason for "puttin' on a grin." First of all, it isn't every day you get your picture in the paper, and, secondly, it isn't every day you get to present your son with first place prize money of \$5 in a football contest. Micky Lunsford correctly called 10 games to take top honors this week in the competition. Second place reward of \$3 went to James Castleberry who called nine games correctly. Third place prize of \$1 was split between Sue Kirkland and Jo Walker, who each picked eight winners and were nine points off on the tie-breaker score.

## Lone Leader - - Four New Weekly Winners Headline Football Contest

Surprises were abundant in the ninth week of the 16th Annual Area Merchants Football Contest as four new names appeared in the winners' column, only one person gained 65 points to take the overall lead, wives crowded husbands for prominent positions and eight correct calls netted prize money for two persons.

Among the new names appearing in the weekly winners' circle was that of Micky Lunsford who gained top prize money of \$5 by having 10 correct calls. Following Lunsford for second place was James Castleberry, another new winner, who correctly predicted the outcome of nine games, and received \$3 for the win. Sliding into third place with a split in \$1 prize money

were Jo Walker and Sue Kirkland, also first time winners. The women each called eight games correctly and were nine points off on the tie-breaker score.

Other entrants selecting eight winning teams were Floyd Embry, Randy Geries, Kim Watkins, Eldon Embry, Carl Dean Goettsch, Myrna Lingnau, Mrs. J.H. Eubanks, Dondra Geries, Joyce Hargrove, Edwin Lingnau and Bruce Kaltwasser.

After sharing the overall first place slot with Sam Gonzales last week, Frances Norton out-called the Mule-shoete and is now the lone leader with 65 points to her credit. Gonzales only slipped back one slot and is, the only person with 64 points in second place. Last week, Jim Rogers of Texico picked 10 winners and his win set him in the second place position which he relinquished this week for a third place slot which he is sharing with Don Geries. Geries held on to his third place position for the third week.

With only one point separating the two persons holding first and second places, and with only one more point separating these two from the third place contenders, anything can happen. Sixty-five, 64 and 63 are the magic numbers this week but four persons are hot on the heels of the top four with 62 points. They are Charles Didway, Eldon Embry, Mae Porter and Billy Meeks. In further inspection of the overall standings, it revealed that six other persons are making a strong bid with 61 points: Bill Boling, Dondra Geries, Linda Geries, Sue Kirkland, Norma Rogers and Missy Taylor.

As stated, Don Geries is holding his own in third place but fifth place contenders Dondra and Linda Geries seem to be making things a little sticky for dad and hubby as they close the gap. Also getting a slight nudge from the lady of the house is Jim Rogers in third place, only two points ahead of Norma, who has 61.

Will Frances Norton retain her lead? Or, will Sam Gonzales outguess the top ranker? Will Jim Rogers surge ahead to the first place position this week? Will wives and daughters out-do the male members of a few area families to oust the men from their top slots? None of these questions can be accurately answered until the final week's entry blanks in the 1974 edition of the contest are scored. Final entries are to be submitted Nov. 22 and the entrant racking up the greatest number of points during the 12-week run of the contest will be awarded two tickets to the Cotton Bowl game to be played in Dallas New Year's Day 1975. Along with the tickets, the winner will receive \$50 expense money. The person making the second highest bid at the end of the season will be the recipient of \$25 expense money and two tickets to the Sun Bowl in El Paso.

Only three weeks remain, so don't fail to submit a weekly entry. Each week's entry counts now more than ever and omitting one week can take a top contender out of the running all together.

Entries are to be in the Tribune office on the Friday afternoon of the contest. All entries submitted by mail must bear a Friday postmark to be considered for scoring.

Shades of Christmas past, it's another year and another harvest. However, the news from the Texas Department of Agriculture places Parmar County third in total cash receipts from agriculture in Texas for 1973. The report listed the amount received from agricultural marketing in 1973 at \$163,000,000.00 for the county.

Deaf Smith County led the list with a figure of \$181,000,000.00. This has been the relative placement of the counties for the last several years. Hale County latches onto second place, with Castro coming in after Parmar. No doubt about it, the Texas Panhandle is a productive agricultural area.

With this tremendous contribution to the nation and the world's food basket, we cannot see how any sane person can say that the importation of water is not feasible. In fact, it appears to us as an absolute necessity for the years ahead. In 20 years the need for a deepwater oil importation port in the Gulf may have outlived its usefulness, but people will still be eating.

Human nature is such that it appears a virtual certainty that there will be more people to feed in 20 years than there is today. These people may not need to use petroleum products for heating and transportation but they darn sure will have to eat, at least twice a day, every day, something.

This is why we think the oil Shieks are doomed to eventual catastrophe with their outrageous raising of oil prices. People can eventually devise a way to drastically reduce their dependency on oil but so far in man's quest for knowledge there has not been even a hint of a satisfactory substitute for food.

Well our advice is, buckle up neighbor, these falls come around only once ever decade or so, and it will get better and better each year on the High Plains.

Inflation it seems, is devaluating the language as well as the dollar.

Take the phrase "It's dirt cheap." Well, dirt's not so cheap anymore. Highway officials in Illinois report they paid 72 cents a cubic yard for dirt fill in 1972. Now it's at one dollar and 55 cents.

Or what about the phrase "chicken feed?" That traditionally denotes low cost. But chicken feed has doubled in price in the past two years.

And how about the American expression "It's not worth a continental?" Current inflation has pushed the 1776 Vantage Continental to \$40. Two years ago it was worth \$15.

And what about "Not worth the paper it's printed on?" Standard grade newspaper now costs about \$12 a hundred-weight. Less than a year and a half ago it was \$8.50.

And if you're angry about something, you might say "It's not worth the powder to blow it up." But gunpowder prices have shot up 22 to 40 percent in the past year.

Finally, there is a phrase the colonists brought with them: "It's not worth a tinker's dam." It's hard to find a tinker anymore. But there is one in Centralia, Ill. And he gets \$8 an hour.

Well, fellows, we just want to point out that Frances Norton is currently leading the football contest. However, there are three men occupying the second and third slots. This has to be a masculine year nonetheless as even Dutch and Albert are ahead in their families.

Just so you won't feel bad, Jenoyce, we realize that you are ahead of Ray. Not much, mind you, but enough.

You know, it really did take a lot of nerve to call Rice over Tech, but nerve is how you win ye ole Tribune football contest.

## Cardinals Fly Away With Win

by Rusty Rucker  
Everything but the scoreboard reflected a win for the Wolverines last Friday when they played the Eunice Cardinals at Eunice.

Eunice defeated the Wolverines 14-3, but statistically the THS team totaled 267 yards in penetration to the Cardinals' 127 yards. The Wolverines gained 88 yards on the ground and 103 yards in passing.

The opening kick-off from the Wolverines to the Cardinals was returned to the 35-yard line. Texico held the Cardinals to only two yards through the fourth down. The Wolverines took the ball and Tommy Galvan ran the ball to the 25-yard line which was as far as the Wolverines could move. Wolverine Roger Pace had to punt and the Cardinals took over at their own 20-yard line. The Cards tried to move the ball again but were held from the first down by Tony Summers and were forced to punt. The remainder of the first quarter was filled with turnovers and was ended with a score of 0-0.

The Wolverines started the second quarter with the ball on the 34-yard line. The Cardinals forced the Wolverines back to their own 23-yard line. On the following play on a quarterback keeper, Wolverine Steve Harrington ran 60 yards to the Cardinal 17-yard line but the Wolverines couldn't hang on to the ball and fumbled. The Cardinals recovered on their own 17 but were pushed back to the eight-yard line by Pace and Mark Howard. On the ensuing punt, the ball went out of bounds on the Cardinal 42 and the Wolverines took possession and worked the ball down the field to the one-yard line. On

## Texico To Face Final Opponents

The Texico Wolverines will be traveling to Dexter in an attempt to exorcise the Demons in the Wolverines' final game of the 1974 season tonight (Friday). Game time has been slated for 7:30 p.m. MST.

"The Demons are big, young and fairly fast, probably about the same speed as we are," stated Ray Manly, Texico Head Coach. "They run a wish-bone and run it well." According to statistics, Dex-

ter is now 7-1 for the season losing only to the Jal Panthers. The Wolverines are holding a 6-2 record for the season with no district wins being recorded.

"Individually, the Demons have quarterback Cobos. Cobos is a real fine player. He's good. In Easley they have a good halfback and these two are Dexter's most outstanding players. Nearly the entire Dexter team is returning letter and all starters have returned from last year," the coach related.

Manly remarked that he and his coaching staff will be taking 19 Wolverines to Dexter. "We have one injury. James Steward was injured Monday in an auto accident and we feel pretty sure he will not be up to playing tonight."

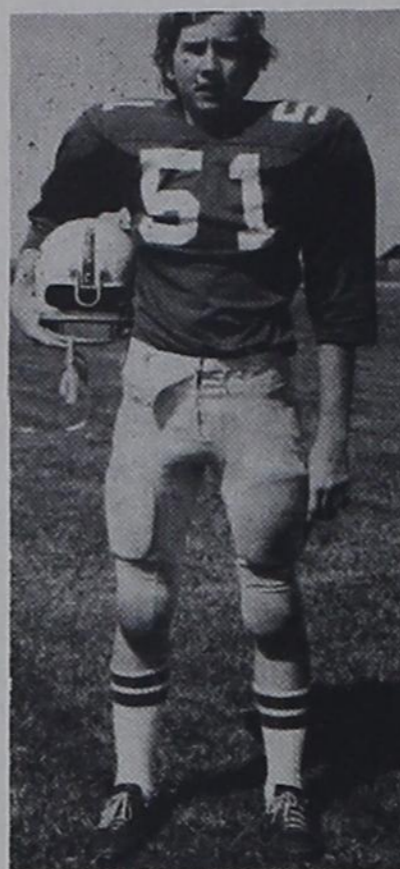

The Wolverines will be making their final bid for a district win in the clash tonight and the coaching staff and players urge everyone to attend the game. "We will be leaving at about 1:30 MST for Dexter," said Manly, and it has been suggested that persons not able to attend tonight's game gather and give the Wolverines a rousing send-off. Kick-off has been slated for 7:30 p.m. at Dexter.

## Wolverines Of The Week

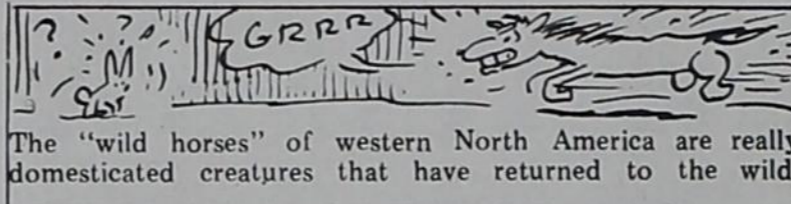

STEVE HARRINGTON

ERNEST WOODS

"Wolverine of the Week" selected by Texico Head Coach Ray Manly following last Friday's clash with Eunice are Ernest Woods and Steve Harrington. "Woods did a real fine job defensively. He tackled Eunice's punter for a loss, harassed their quarterback all night and stopped their middle. Offensively, Harrington was outstanding. He did a real fine job of guiding the Wolverines and played a good game." Manly further remarked, "I have to give an honorable mention to the entire Wolverine squad. They played an outstanding game for us and we can't complain."

The "wild horses" of western North America are really domesticated creatures that have returned to the wild.

# Vega 'Horns Gore Steers

by David Hargrove  
The Vega Longhorns, coming back from a State play-off last season, rounded up another win over the Farwell Steers last Friday night with a score of 36-7 in Longhorn Stadium. It was another muggy, gloomy night for the Steer team and their fans.

The game got off to a sluggish start for the Big Blue as they had to punt the first two times they had possession of the ball. Each time the Steers had possession they failed to gain needed yardage. Then, with only one minute gone in the first quarter, Longhorn Hubbard dived over for the first score of the night. Point after touchdown was good and Vega jumped into the lead 7-0.

The next time Farwell had possession was no better. On the first play, there was a penalty against the Steers and on the next play there was a fumble which was recovered by Vega. It seemed the goblins were working overtime and didn't know it wasn't Halloween any more. Vega romped for another TD just barely into the second quarter and then missed their extra point attempt. Vega's lead, 13-0.

For a change of pace, Steer quarterback Lesley Curtis passed on the first and third downs, but both attempts were incomplete. Farwell was faced with a fourth and 13 situation. The ensuing punt was high and short. That seemed to be all Vega needed to cinch the game. A completed pass was good, clear to the goal line for six points. An then, as if to make up for the extra point missed earlier, Longhorn quarterback Richardson passed into the end zone for two extra points. The scoreboard was 21 for Vega and 0 for the Steers.

After this seige from Vega, Farwell came up with a first down with help from Mike Woods, Jay Alana, and a 15-yard penalty on Vega. But even this did not seem to prime the Steers on to a score and the Blue was faced with another punting situation. Vega came right back with one of their men slipping three good tackles on one play and passed for six more big ones, plus two points after the TD. Whew! 29-0, Vega leading. Farwell was to fumble the ball twice more, with Vega recovering both, before the buzzer sounded to mark the end of the first half of action.

With the opening of the second half, Vega received the ball and it looked like a score for sure but Vega fumbled the ball! And this time a Steer, Charlie Hargrove, came up with the pigskin! But a black cat must have crossed the path of the Steers again because no yardage was gained. Vega took over and again scored seven points. The scoreboard looked miserable with that big ZERO for Farwell and three dozen for Vega.

On the next series of plays for Farwell, Woods drove through twice and gained a first down, then George Garza broke loose for 21 yards and six points. Thad Phillips kicked the extra point and Farwell put seven points in lights:

Vega 36, Farwell 7. Mark Haseloff and Gene Christian fought a good defensive battle but nothing seemed to connect for the Steers. There were other plays, more fumbles, more ground eaten up by Vega, but the score remained 36-7 and the Steers took their second loss in district play. This Friday night the Steers host Hart, who is on the lookout for a win. But, then, so is the MIGHTY BLUE TEAM!

"We played a much better game than the score showed," stated Farwell Head Coach Eugene Jennings. "We were out-manned and it showed real plain on the films of the game which we saw. We were out-sized, out-weighted 20-25 lbs. per man, they were faster and more experienced. They just had us all the way around. And we held no advantage whatsoever."

Coach Jennings further remarked, "We had a real good individual effort and our boys showed great character. Things went wrong but we held in there and never gave up. We fought all the way through. It really takes a lot of character when you're down 29 points at the half."

According to the coach, inconsistency "still hurts" the Steers. "We can't get a sustaining offense going and it

hampers us," he said.

In commenting on the play of individual Steers, Jennings commended Jay Alana for playing an extremely good defensive game and Kent Gast who, according to Jennings, "did an extremely good job of blocking." The coach added that a pretty good overall effort was put forth by all the Steers.

"In discussing the game after our films were shown, we felt that the boys did a good job executing and carrying out their assignments. We were whipped at the line of scrimmage. A hole would open up and would close fast due to Vega's strength and size. Any sustaining offense was held because of this.

"Our second half was better. We scored seven but Vega scored seven also. It was a real good half. We were hurt by two bad punts into the wind and it seemed that a fumble on the 20-yard line sparked the first two scoring drives for Vega. We had bad field position all night long. But, our boys did play a real fine game," Jennings concluded.

The Steers will be hosting the Hart Longhorns in their final home game of the season tonight (Friday). Game time has been slated for 7:30 p.m. CST in Steer Stadium.

## Steer Of The Week

KENT GAST

Awarded the title "Steer of the Week" this week by Farwell Head Coach Eugene Jennings was Kent Gast. "Kent did an extremely good job of offensive blocking during the game against Vega," stated the coach. Honorable mentions were awarded to Steers George Garza and David Cantu. "Garza scored our only touchdown of the night on a quick pitch and Cantu did a great job blocking Vega's 230 lb. defensive tackle," said Jennings.

## Final Home Game - - Steers Hosting Hart For Tonight's Game

The Steer Varsity Squad will be playing host to the Longhorns of Hart tonight (Friday) at 7:30 p.m. CST in their final home game of the 1974 season.

"Hart is comparable to Vega, our last week's opponents, in experience but they have a lot more size. Their team size is better," stated Farwell Head Coach Eugene Jennings in commenting on tonight's clash.

"Hart is not as quick as Vega but they're a power team. They line up and run at you with all they have and they have an extremely good defense," stated Jennings, continuing, "The Longhorns haven't had many points scored against them this year."

This is a "must game" for Hart. They can't lose or they will be out of district competition, the coach related.

"We're going to have to play a tough game. Hart has probably the best linebacker in the Panhandle in Kent Irons and probably the best running back in the district in Randy Finch. And they have Terry Hill, a real good football player," concluded Jennings.

In pre-season outlooks, the

Hart Longhorns "were looking to this football season with much enthusiasm." They returned 15 lettermen from last year's 7-3 club and "are out to better last year's record."

Game time has been slated for 7:30 p.m. CST in Steer Stadium. Everyone is urged to turn out for the pep rally scheduled for 3 p.m. today and to attend the game tonight to support the Steers in their final home game of the season.

# Seventh Yearlings Bag Kangaroos, Dehorn Vega

With two wins added to their record, the Seventh Grade Yearlings of Farwell slipped

in and maintained their district lead when they out-scored the Kress Kangaroos and the Vega

Longhorns.

In Oct. 31 action against Kress, Farwell downed their

opponents by an 18 point margin, 26-8. Credited with scoring for the Yearlings were Blain Buchaneau, PAT by James Castleberry; Benny Yruegas, PAT by Buchaneau; Buchaneau, PAT failed; and Mark Owen, PAT by Owen.

The Vega Longhorns came to Yearling territory Oct. 31 and left with a 32-8 defeat darkening their skies.

First touchdown of the game for the Yearlings was made by Yruegas with Owen scrambling across for two points on the PAT. Three more touchdowns were added to the Farwell side of the scoreboard with all 18 points credited to three touchdowns by Buchaneau. PAT's were scored by Buchaneau, an Owen to Castleberry pass, and the final PAT was made by Owen.

"We are now one game in the lead in district play," stated Seventh Yearling Coach Jerry Dee Owen. "We will face Hart Thursday (Nov. 7) and we have to win to keep our lead. Kress follows us having lost only one game thus far in the season. Kress has lost only to Farwell. If we lose to Hart we must share the lead with Kress unless Kress loses a game, so we have to win."

The Yearlings were scheduled to travel to Hart to meet the Longhorns Thursday, Nov. 7, in another district tilt. Game time was set for 5:30 p.m. CST.

## Second Loss - -

# 8th Grade Yearlings Record One Win, Loss

In reporting Farwell 8th Grade Yearling games against Kress and Vega, Oct. 24 and 31 yearling Coach Larry McDorman related that the local team has added one win and one loss to their record for the season.

In action against Kress Oct. 24 the Yearlings downed the Kangaroos 12-0 with Gary Lee and Juan Arce racking up touchdowns for the local footballers.

In the battle with Vega, the Longhorns handed the Yearlings a reversed score and downed them 12-0.

Vega scored their first touchdown in the first half with only one minute left in the second quarter. The Yearlings fumbled on their own 20-yard line with Vega recovering. Vega capitalized on the fumble and went over for their first six points of the game. Points after touchdown failed and the half ended with Vega leading 6-0.

Vega's second TD of the game came in the third quarter

and after the successful bid for points, "the Yearlings held them the rest of the game", according to McDorman.

"Vega was a real good team. We just couldn't take anything away from them," commented the coach.

Named as outstanding offensive man for the Yearlings was Gary Lee with the entire Yearling team getting honors as defensive stand-outs. "They all did a real good job. We couldn't stop Vega's counter and they just kept running it on us," stated the coach.

McDorman also remarked that fumbles and penalties hurt the Yearlings. "We would start a drive and fumble or get large set-backs on penalties."

The Yearlings were scheduled to clash with the Hart Longhorns in Longhorn territory Thursday, Nov. 7. "Hart is a good team and we are expecting them to be tough," said McDorman, who urged everyone to attend the clash slated to begin at 6:30 p.m. CST.

### JV Falls To Longhorns 8-0

Farwell's Junior Varsity fell victim to the Longhorns of Vega Thursday, Oct. 31, as they were downed by their visitors 8-0.

"We played a real good game with the exception of the penalties," stated Farwell Coach Eugene Jennings. "We had many penalties that hurt us and probably set up Vega's touchdown."

In further comments, Jennings related that during the fourth quarter of action the JV Steers had an opportunity to score but failed to take advantage of it. "Vega fumbled on their own nine-yard line and we just didn't get it in to score."

The JV Steers were to travel to Hart Thursday, Nov. 7, to lock horns with the Longhorns. Game time had been set for 7:30 p.m. CST in Longhorn Stadium.

### Around The House with Jana Pronger

Parmer County Extension Agent for Home Economics

"Don't buy a pig in a poke!" A "poke" is a colloquial term for a bag. This common expression advises buyers to buy only after looking at the merchandise. To give you a better look at the bacon you buy, the U.S. Department of Agriculture has a regulation that requires all bacon packages to have a transparent area at least one and one-half inches wide revealing at least 70 percent of the length of a representative slice.

one-pound package of bacon of average thickness usually contains 20 to 22 slices. A one-pound package of thickly sliced bacon usually contains 12 slices.

Bacon is commonly sold in one-pound shingle packages. However, it is available in two-pound packages or the smaller 12-ounce or half pound packages. When comparing prices, check the weight of the package.

Bacon is also sold unsliced, and usually with the skin not removed. This is referred to as "slab bacon."

Some bacon buyers might be surprised to know that bacon comes from a pig's side that is processed in a special way. If you were able to buy meat from a pork side that hadn't gone through this special process, you would be buying what is called "fresh side pork," and it would taste like other fresh pork cuts rather than like bacon.

To make bacon, pork sides are trimmed and squared. Then they are cured in a brine mixture consisting of salt, sugar, sodium nitrate and nitrate.

After curing, the sides are hung on racks called "bacon trees" and taken to a smokehouse where smoke from a hard wood such as hickory or apple adds its characteristic aroma and flavor.

After it comes out of the smokehouse, the bacon is chilled and "formed" so that finished slices will come out nice and even. Then the slicing machine cuts the formed side into slices of uniform thickness, after which it is packaged as the product we all know as sliced bacon.

Slices five and six show the same amount of lean distributed differently. Here again, select according to your taste.

Thick slices, unless cooked longer, will be chowier than thin or very thin slices. A

To meet this requirement, many bacon packages have a new "back window," some simply show a full slice in a front window. Here's what you should look for when looking through the window:

Look at the representative slice in the window to see how much lean and fat it contains. These drawings show slices with different amounts of lean. Select according to your taste, but remember that most of the bacon produced has a lean to fat ratio about like slices two or three.

Do you like your bacon crispy? or chewy? Distribution of lean, thickness of slice and cooking time are factors that determine whether bacon will be crispy or chewy. When fried, bacon with several strips of lean distributed throughout the slice will tend to be more crispy, while bacon with the same amount of lean concentrated in fewer but larger sections will tend to be more chewy.

Slices five and six show the same amount of lean distributed differently. Here again, select according to your taste.

Thick slices, unless cooked longer, will be chowier than thin or very thin slices. A

**TWO MINUTES WITH THE BIBLE**

BY CORNELIUS R. STAM, PRES.  
BEREAN BIBLE SOCIETY  
CHICAGO, ILLINOIS 60635

**TRUE RICHES**

Some years ago there came to this country a very poor young man. He found a job in the timber lands of Wisconsin. Being industrious he gradually accumulated some timber acreage of his own. Soon he began to prosper, and after a few years he invested in a lumber milling industry. Before long he owned more than one mill, and this led him to expand into northern Wisconsin and Minnesota. In a few years he was known as a rich man, investing in timber acreage in the far northwest and eventually owning valuable land by the thousands of acres, the very finest timber in the country. At the time of his death neither he nor his relatives nor friends knew what he was worth financially, he had become so wealthy.

When the time came for him to die, however, he could not take one cent of his riches with him, for as 1 Timothy 6:7 says: "We brought nothing into this world, and it is certain we carry nothing out."

It seems difficult for most men to

learn that "a man's life consisteth not in the abundance of the things which he possesseth" (Luke 12:15). They close their ears to the words of wisdom spoken by the Lord: "Lay not up for yourselves treasures upon earth, where moth and rust doth corrupt, and where thieves break through and steal; but lay up for yourselves treasures in heaven, where neither moth nor rust doth corrupt, and where thieves do not break through nor steal" (Matt. 6:19, 20).

The truest, most lasting riches of all are referred to in I Corinthians 8:9, where the Apostle Paul says: "For ye know the grace of our Lord Jesus Christ, that though He was rich, yet for your sakes He became poor, that ye through His poverty might be rich."

And these riches may be had by faith - by accepting them as a gift, for "the gift of God is eternal life, through Jesus Christ our Lord" (Romans 6:23).

## Planning Council Elects New Officers

The Texico Planning Council met Monday, Nov. 4, at 7:30 a.m. MST at the Texico ranch of Citizens Bank to elect new officers and to hear various committee reports. New officers include Ann Ledbetter, president; Bill Thigpen, vice-president; Clara Wiehl, secretary; and Ruby Goforth, City Council representative. The new officers will assume their duties at the December meeting.

Clara Wiehl, Lewis Cooper and Ruby Goforth. Larry Parks from the Eastern Plains Planning Council discussed the senior citizens hot line and reported that information referral would be in the near future. Joe Caywood reported that the senior citizens had transportation for anyone needing to visit the hospital or retirement homes or needing to go to the doctor. He also said a new art class to be held for senior citizens in the evenings was being considered. He also stated that since the City of Texico was paying the telephone bill for the senior citizens, money earmarked for

that purpose would be used elsewhere. Caywood explained that a survey being made among the 60 and older citizens would be used to determine the needs of the community. He announced that the monthly meeting of the Eastern Plains Area Agency on Aging would be held at the Texico Community Center on Nov. 26 at 1 p.m.

## Commission . . .

(Continued from Page 1) city marshal, a civic center for senior citizens, teen-agers and all persons and improvement of the looks of Avenue A.

The population analysis projection will include figures on how many persons will move into Farwell each year, and a goal set of, for example, two percent per year. The housing study will delve into handling persons who live in sub-standard housing and cannot afford any better.

The comprehensive plan will discuss overhauling the city law enforcement system. There is overwhelming sentiment among Farwell residents for a city police system. The plan will be a total concept of municipal and residential growth, according to Farwell Mayor Gil Patschke. It will include city needs and desires and will offer recommendations in zoning, including mobile home parks, apartments, residential areas, etc.

"We are real pleased with the response," commented Mayor Patschke. Don Williams, representing the Farwell Development Commission, discussed the proposed nursing home and a bond election to finance the home. City officials took the information under advisement for study. Information on the nursing home will be published at a later date in the State Line Tribune.

City officials present for the meeting were Mayor Patschke, Commissioner Jim Berry, City Attorney Charles Aycock and City Clerk Janie Bowery.

Appointment of the committee to meet on the comprehensive plan was made during the last regular commission meeting and includes the following persons: Rev. James Wilbanks, Johnny Atkinson, Mr. and Mrs. Don Weems, Ralph Franse, Doyle Ford, Jerry Darby, Gilbert Miller, A.R. (Pike) Jordan, Charlie Christian, Joe Hughes, Bernice Norton, Toby Booth, Bill Nance, C.J. Hromas, John Getz, Marilyn Edwards, J.B. Sudderth, Gerald Curtis, Harlin Obenshain, Lewis Foster, Jerry Monk, Lee Hutchins, Mr. and Mrs. Carlos Pena, Carrie Christian, Edith Crawford, Alice Vinton, Sue Kirkland, Nell Walling, Patsy Berry and Charles Lovelace.

According to a spokesman for the club, a \$2.00 shooting charge for five shots will be assessed those participating in the event and "anyone and everyone is invited to join the fun." Participants must supply or make arrangements for the shotgun they use in the

Proceeds from the annual shoot will be used by the local service organization in its sight conservation program and for various youth activities of the club.

It was also reported by Lion Hal Helton that plans have been made for the club's trap shoot to be open to the public every other Sunday beginning Nov. 10. A committee composed of I.W. Quickel, Lonnie May and Jim Mace was appointed to set up a work roster for the Sundays the shoot is to be open.

## NOW COOKING WITH GAS MAY HELP KEEP US ALL OUT OF A STEW.

People who cook with gas ranges have always had very good reasons. One is the instant off and on burner control. Something that gas offers.

Another is economy. Because when you cook with gas, it costs almost a third less than with an electric range.

And now, there's another good reason for using a gas range.

Efficiency. The truth is that a gas range uses less than two-thirds the natural energy of an electric range to do the same job. (See chart.)

So, add one more to the list of reasons for buying a gas range: energy conservation. Today, maybe that's the best reason of all.

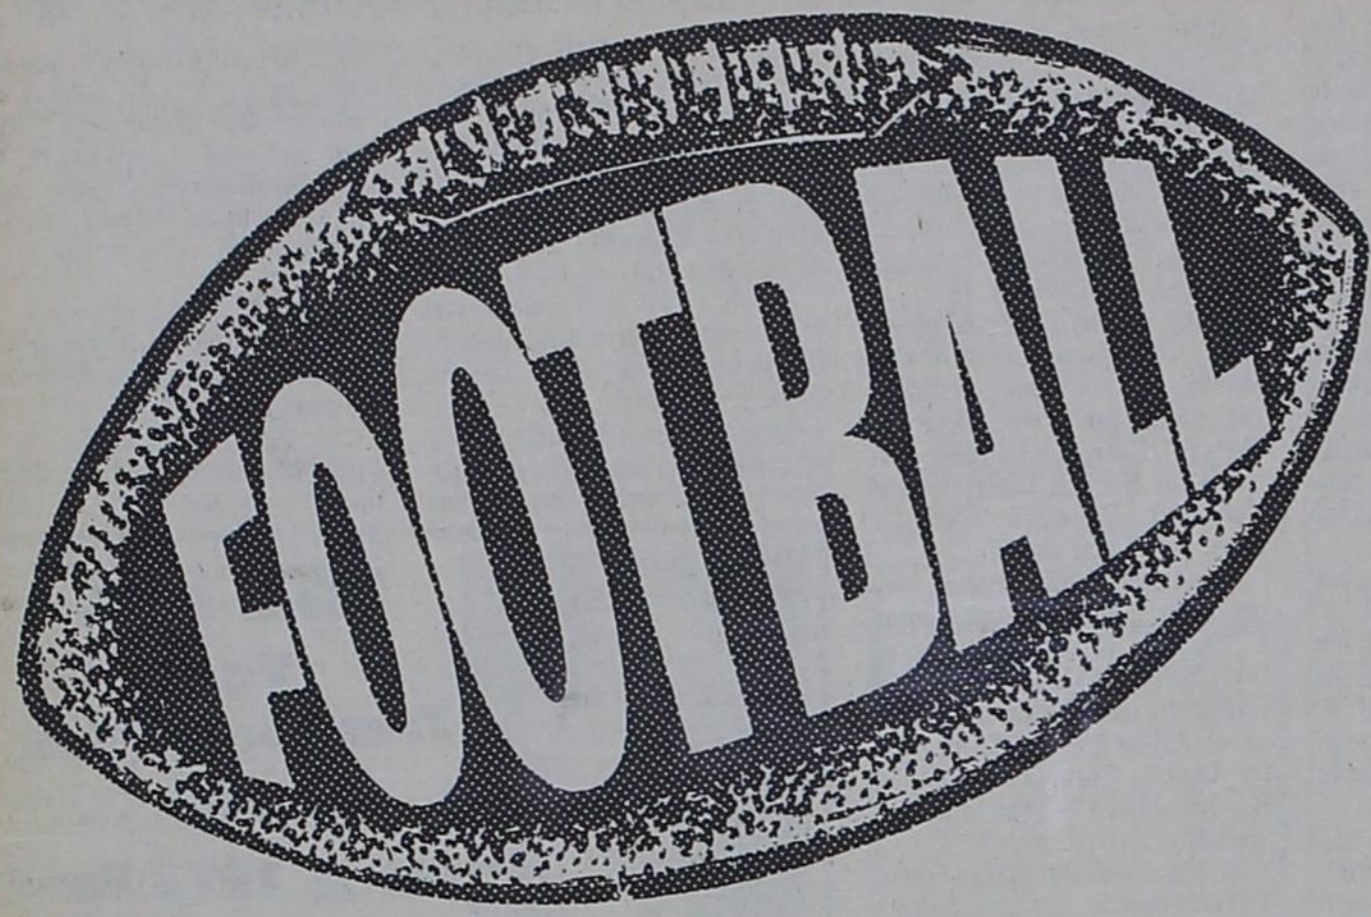

That's something we all care about today.

A comparison of costs and efficiency for cooking		
	Average annual energy cost to homeowner (1)	Energy utilization efficiency (2)
Natural Gas	\$14.65	37%
Electricity	43.49	21%
With gas you save	\$28.84 every year.	and use less than 2/3 the energy
