

## Jap Leads Marine Air Attack

From the waist of a marine Mitchell bomber, Japanese Lieutenant Minoru Wada leads one of the last raids on Japanese installations prior to signing of peace. A prisoner of war, he offered his services to direct American pilots over the Japanese mainland.

## Capt. Elmo Scott Home From 4 Years Service

Capt. Elmo Scott of Bovina has been placed on the inactive list and his services will be terminated during the next 75 days. He said Monday that he expected to return to college when he is formally discharged.

Capt. Scott was in the service for four years and two months, two years of which he spent overseas as a member of the administrative department of the medics. He saw service in England, France, Belgium and Germany, and is wearing five campaign stars.

At the time he entered service, he was teaching school at Perryton, Texas.

## Potts Discharged After Being Wounded in Leg

Garland H. Potts, of Bovina, was in Farwell the first of the week, seeing old friends and proudly exhibiting a discharge button, which he swapped for his first sergeant stripes on October 13th, at Brooks General Hospital in Fort Sam Houston.

In service a little more than five years, Potts was stationed in Camp Adair, Oregon, for some time, and last October sailed with the 3rd Division for the European theatre.

When the group crossed the Rhine into Germany on March 26th, Potts was wounded, sustaining injuries in his leg, and a concussion. He laughingly explained that he didn't have his leg around his head, but was blown from the assault boat into the water by a German shell.

Potts holds the EAME ribbon, with campaign stars of Northern France, the Rhineland, and Central Europe, as well as the good conduct medal, American defense service medal, Purple Heart, and combat infantryman's badge.

While visiting in Farwell, he said that he planned to go to work in Bovina in the near future.

## Martin Returns Here As Triple A Chief

John Martip, who two years ago left the Parker County Triple A office for duties in Hale County, has been reassigned to this county.

Martin was not available as the Tribune went to press, but office workers said he was due to take over the supervisor's job this week. He has bought a home in Farwell and will move his family here.

Titian colored hair was named for the noted artist Titian.

### TO OUT-OF-TOWN SUBSCRIBERS

Under new policy, a charge of 10c is made for change of address. Please include this when you notify us of such change. Otherwise, The Tribune will not be forwarded to new addresses.

## Cemetery Working Is Set For Thursday

Members and friends of the Texico Cemetery Association have been requested to meet at the burial grounds on Thursday of this week, where a full day will be spent in laying pipe from the newly-completed well to the grounds to be used for irrigation purposes.

Workers are asked to meet at 9 a. m. (Texas time) bringing their shovels and picks. Barbecued beef and coffee will be served at the noon hour. The ladies are asked to bring pies, salads and bread.

Members of the Association are exceedingly well pleased with the progress of improvement work during the past few months, and are hoping to be able to develop an attractive burial ground.

## Ration Boards May Be Consolidated

"We don't know anything definite, but it is quite likely that the local ration board will be consolidated with other counties, eliminating some offices in the area," Mrs. Mose Glasscock, chief clerk at the Parker County office, told a reporter the first of the week.

Questioned as to rumors that the local office was to close the 16th, Tuesday, Mrs. Glasscock replied that she had had no word to that effect, but presumed that some consolidations would be made in the near future.

As to where Parker County applications, for articles still rationed, would be filed should the local office be discontinued, Mrs. Glasscock said merely, "I don't know". Some time ago, the district office at Lubbock was eliminated, with the files being moved to Fort Worth, and it was considered probable that a central town would house a consolidated office of local boards for several counties.

"I imagine that very little will remain to be rationed by the time the office is closed," the chief clerk said. Currently, only tire applications and requests for ration books by returning servicemen, or replacements to civilians, make up the bulk of local business.

### NEW STAGE CURTAINS

New backdrop curtains and new scenes for the front curtain of the Texico school auditorium were being arranged this week, Supt. B. A. Rogers said Tuesday. Solicitations were being taken by the FFA boys of the school, and a man had been secured to do the work, which is expected to be completed in the near future.

### AAA CLOSES SATURDAY

Effective immediately, the Parker County AAA office will be open only 40 hours each week, Monday through Friday. The office will be closed all day each Saturday, it was announced, and persons having business are urged to take cognizance of the change in hours.

# Victory Loan Quotas Are Assigned

## Wheat Pasturage For Cattle Assured

## Extensions Planned In Water System

The Texico-Farwell Waterworks has made plans for extensive additions to the water mains in east Farwell and the pipe for the planned extensions is expected to arrive here at an early date.

Officials of the local company said today that a full carload of 4- and 3-inch cast iron pipe to be used in the extensions had been ordered and delivery could be expected in a few months, probably by the end of the year.

Under the plan now under consideration, a four-inch main will be laid from the rear of the Jess Newton residence to the alley east of the Marty Ezell property in east Farwell. At this point, the line will be reduced to a 3-inch main, with one line running north to Highway 70, directly south of the Hederson Grain properties. Another 3-inch line will be laid south to serve the Booth and Davis properties, also in east Farwell.

In addition to affording water service to a number of already established homes in the east part of town, the lines will also make city water available to a number of choice dwelling sites in the east part of town, and it is considered likely that additional homes will be erected in that vicinity once the water is accessible.

At least two new fire plugs will be installed on the new lines, it is understood.

## Cafe Is Tame After Jap Killing Tour

Coming back to run a cafe is quite a change for Marine Private Robert L. (Jack) McDonald, brother of Benny McDonald of Farwell, for the tall dischargee spent a year in the Pacific with the famous First Marine Division in routing the Japs.

McDonald returned to the States some time ago, and was cornered this week by a local reporter, who looked over pictures which he had picked up in Jap caves, and viewed a "Rising Sun" flag hung on the wall in the local cafe. The picture album obviously had belonged to a Jap who was quite interested in his faraway home, for the pictures principally dealt with family groups—a majority of the men shown in uniform.

In addition, McDonald brought home a number of plain and fancy coats and kimonos to his wife, as well as other souvenirs.

Probably the closest "near miss" of the entire campaign, so far as the ex-Marine is concerned, came on Okinawa. Thinking he had found a deserted cave, McDonald strolled in minus his rifle, to be immediately tackled by one of the "sons of heaven" who was lurking in the cave. Unarmed, McDonald was kept busy for some minutes before he managed to send the little yellow man to join his ancestors.

## Earl Deaton Gets Sears Pig for Contest Work

The Sears Foundation pig for the Farwell Future Farmers of America chapter is being kept by Earl Deaton.

In 1944 the Sears-Roebuck Foundation furnished money to the Farwell FFA, to purchase a registered Duroc-Jersey gilt. The conditions were that this gilt was to be given to some boy in the chapter and when the gilt farrowed the choice gilt in the litter would be returned to the chapter, to be kept by some other FFA boy, with the process repeated each succeeding year.

Bob Byrd was the boy elected in 1944 to care for the pig. The gilt farrowed in August of 1945, and the choice gilt of the litter was returned to the chapter and awarded to Earl Deaton.

The importance of the development of irrigation to New Mexico is highlighted by the fact that 50% of the farms in the State are under irrigation.

## Football Ticket Sale For Home Battles

Stressing the fact that the Farwell athletic fund is in dire shape, Coach Jack Williams this week reported that the football team needed not only the generous support of those who could come to games, but those who would help the fund by buying tickets—even if they could not attend.

Tickets for the two home games, Adrian on October 19 and Bovina on October 26 went on sale the first of the week. Adult tickets are \$1, high school are 75c, and grade school 50c. If tickets are bought at the gate, the prices are 50c for adults and 40c for high school.

"We are hoping to have the full support of every resident of Farwell," Williams said today, "support not only by word of mouth, but by cash on hand."

## Club Meeting Honors All Local Pastors

The three ministers of local churches will be special guests of the Men's Club, when it holds its regular monthly meeting at the Methodist Church on Thursday evening at eight o'clock.

Chairman C. M. Henderson, in arranging the program, pointed out that two of the ministers—L. C. Cox of the Church of Christ, and Rev. Virgil Hunton of the Baptist Church—were new arrivals in the community, and that Rev. Charles Walker of the Methodist Church was beginning a new year of service here. All the pastors will be given an opportunity to make short talks.

A report of the committee appointed to investigate the possibilities of getting some road work done southwest of Texico will be heard, he said.

Attendants are asked to bring the usual amount of sandwiches, pie and beans for the lunch.

## Hardage Buys Kline Interest in Firm

Walter Hardage announced the first of the week that he had purchased the interest of Lee Kline in the firm of Roberts & Kline, local U. S. Royal tire dealers.

Mr. and Mrs. Kline will return to the West Coast, where he will engage in business.

Hardage has taken over the management of the dealership, and D. K. Roberts is retaining his interest in the business. The local firm has been appointed distributors to seven West Texas counties for U. S. Royal products, and expects to develop into a substantial business when restrictions on merchandise are lifted.

### NEW TEACHER AT TEXICO

Mrs. Elman Stark, of Bovina, has accepted the position of seventh and eighth grade teacher in the Texico school, taking over her duties on Monday morning. Mrs. Stark, the former Dottie Dell Quickel, was employed in the Farwell school last year, tendering her resignation at the time of her marriage.

With some of the early wheat already up to a good stand, some even being grazed by cattle, wheat sowing in Parker county has been at a high pitch during the past week with the coming of clear weather and warm sunshine.

All indications point to the heaviest acreage of wheat ever known in this area. Reports this week indicated that most of the sowing will be completed during the remaining days of this week.

Wheat planted prior to the good rains of two weeks ago is up to a good stand, and quite a number of fields have developed sufficiently to afford grazing for livestock.

In addition to the wheat that is calculated to afford good winter pasturage for cattle, range conditions have improved materially during the past few weeks and stockmen, who a month ago faced a serious feed shortage for their herds, are more hopeful of being able to winter their stock at a minimum expense.

Thousands of acres of row crop land that lay idle through the past season, due to dry weather, are being planted to wheat this fall as a cover crop to keep the land from blowing during the winter.

### KILLED IN CAR WRECK

Word was received here Tuesday night of the death of young A. L. Hood, Jr. "Little Al" as he was commonly known here, was in the Navy, and met his death in a car accident in Racine, Wisconsin, it was officially announced by the Navy. With his parents, the boy formerly made his home in Farwell, some years ago. No details as to the wreck or funeral services were obtainable as The Tribune went to press.

## Rev. Walker Returned For Second Year Here

Rev. Charles S. Walker, who has served the local Methodist Church as pastor for the past year, was returned for another year's work at Texico-Farwell, when appointments were made at the conclusion of the New Mexico Annual Conference at Artesia, Sunday afternoon.

Rev. M. S. Sims of Clovis, was returned as district superintendent for another year, and Rev. Paul Tripp, who formerly served the local congregation, has been sent back to Raton to begin his second year on that work.

Rev. J. J. Spurlin, son of Mr. and Mrs. Jerry Spurlin of this city, who had been located at Grady the past year, was granted a transfer at his own request and has gone to Southland, Neb., to begin his first year as pastor of that Methodist Church. While serving the work, he will attend college in Denver, Colorado, where he expects to complete his D. D. degree during the next year.

### ATTENDS CONFERENCE

B. N. Graham returned home Sunday from Artesia, N. M., where he served as local delegate to the New Mexico Methodist Conference. He said the conference was one of the best in recent years, and the people of Artesia deserved much praise for the way they handled the delegates in the face of a serious housing shortage.

The number of pastor changes over the Conference this year were few, he said, adding that a number of smaller places and circuits are yet to be supplied.

Buy bonds every pay day!

Parker County's quota in the Victory Loan drive has been set at \$165,000.00, it was revealed here today by G. D. Anderson, County War Finance Chairman, who added that the drive would open officially on October 29 and continue until December 8.

Observing that there seems to be little interest in the forthcoming drive, Anderson predicted that raising of the quota at this time gave promise of being a rather difficult undertaking. Most of the heavy buyers of the county have already bought up their limit in E bonds, he said, adding that the E sales were the ones that were giving him the most concern.

The county has only been asked to put a total of \$85,000.00 in E Bonds, but even this low figure promises to be a real challenge in the face of an almost complete crop failure here this fall.

In announcing the county total, the County Finance Chairman also assigned quotas to the various communities of the county, with Farwell and Friona carrying a large part of the load. The quotas assigned are as follows:

Farwell	\$28,000
Friona	28,000
Bovina	15,000
Lazbuddy	11,000
Rhea	3,000

## Planned Hay Ride Ends With Jail Sentence

Joyful anticipation of a hay ride with a bunch of youngsters didn't turn out so well for a couple of youths last Saturday night.

Instead of a jolly time, both the lads were slightly injured, one of them was given a 90-day jail sentence and a tractor belonging to Willis Magness was badly damaged in a car-tractor crash that occurred about two miles east of this city on Highway 70.

Tommy Bryant, Jr., was given a 90-day jail sentence in county court Monday for his part in the anticipated good time and charges against "Chuck" Pettigrew are still being investigated by officials.

According to officials, the two lads went to the Magness farm southeast of here and started to town with the Magness tractor, which had no lights. Shortly before they reached this city, a car driven by a Muleshoe man hit the machine from the rear and rammed it from the pavement, leaving the tractor upset and badly broken. The auto was also damaged, but the driver of the car escaped with only slight injuries.

### TEXAS CITY MAN TAKES OVER GULF STATION

O. C. Pullam, who comes here from Texas City, Texas, took over the Gulf Service Station in Farwell on Tuesday, succeeding Bill Moss, who has had the station the past few months.

Before coming here, Pullam was connected with the Longhorn Tin Smelter, at present the only tin smelter in operation in the world. He and his family, a wife and two daughters, are to make their home here. At present, they are living in Texico.

In giving up the business, Moss said he had no definite announcement to make at the present, but that he expected to remain in Farwell and would likely enter another business.

### ON PHEASANT HUNT

C. M. Henderson of this city expects to join Harry Hearn and W. E. Colley of Amarillo for a trip to South Dakota the latter part of this week, where they will enjoy a few days hunting pheasants.

# First Home Game Comes Friday

The first home game of the current season for the Farwell Steers comes on Friday of this week, October 19th, when the Adrian team will visit here, and the skirmish is slated to get underway at 2:30 at the old football field, back of the courthouse.

Coach Jack Williams reported today that he was expecting a stiff battle from the Adrian squad come Friday, explaining, "Last week (when Farwell defeated Adrian) was their first game of the season, and I have no doubts but that they

will show definite improvement by game time Friday."

He went on to say that, comparing the teams on paper, Adrian holds a slight edge, having a heavier team, and in addition, boasting several men who have already a year of playing behind them, as against Farwell's "string beans" and recruits.

However, fans agree that the locals have done quite well for themselves thus far this year. Starting out with a scrimmage game against Price College in Amarillo, which

they lost, the youngsters began to shape up and have defeated Bovina, Vaughn and Adrian in the past three weeks.

"If the boys play all the game as well as they play spasmodically," the coach said, "we're going to have a real ball game, but if they ever let up, Adrian is going to be plenty tough to handle."

Tentative lineup for the Steers includes Thomas and Hart at ends; Sheets at center; Williams at left half; Robertson at right half; and Ford at tailback.

**LEGAL NOTICE**

**CITATION BY PUBLICATION THE STATE OF TEXAS**

TO: S. P. Vaden and wife, Pierce Vaden, J. P. Stewart and wife, Esther Stewart, M. B. Walker, Clyde C. Seamonds, E. N. McCaffrey, J. O. Jones, J. T. McDonald, Enoch Hickman, Mrs. O. M. Childers, a feme sole, M. C. Roberts, N. H. Read, and Mrs. C. A. Wickard, a feme sole, The Unknown Heirs and Legal Representatives of Each or Either of Said Persons If Deceased.

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 12th day of November, A. D. 1945, at or before 10 o'clock A. M. before the Honorable District Court of Parmer County, at the Court House in Farwell, Texas.

Said plaintiff's petition was filed on the 26th day of September, 1945. The file numbers of said suit being 1331. The names of the parties in said suit are:

C. W. Dixon as Plaintiff, And S. P. Vaden and wife, Pierce Vaden, J. P. Stewart and wife, Esther Stewart, M. B. Walker, Clyde C. Seamonds, E. N. McCaffrey, J. O. Jones, J. T. McDonald, Enoch Hickman, Mrs. O. M. Childers, a feme sole, M. C. Roberts, N. H. Read, and Mrs. C. A. Wickard, a feme sole, The Unknown heirs and legal representatives of Each or Either of Said Persons If Deceased as Defendants.

The nature of said suit being substantially as follows to wit: To divest the defendants and each of them all rights, title and interest in and to all of the North 320 acres of Section No. 11, Township No. 3 South of Range No 3 East in Parmer County, Texas, and in Capitol League No. 484, located in Parmer County, Texas and to fully invest the plaintiff with the complete fee simple title, and for judgment for title and possession under the 5 and 10 year Statutes of adverse possession of the State of Texas; and to remove clouds on plaintiff's title consisting of claims of the defendants to interest to minerals in said land and to establish the complete ownership in plaintiff in all mineral interest in said land.

Issued this the 26th day of September, 1945. Given under my hand and seal of said Court, at office in Farwell, Texas, this the 26th day of September A. D. 1945.

D. K. ROBERTS, District Clerk, Parmer County, Texas. (SEAL) 46-4tc

**CITATION BY PUBLICATION THE STATE OF TEXAS**

TO Mary Jane Marsh, a widow; George H. Marsh and Ewing Walling, and the Unknown Heirs, assigns and legal representatives of Mary Jane Marsh, George H. Marsh and Ewing Walling, defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Parmer County at the Court House thereof, in Farwell, Texas, at or before 10 o'clock A. M. on the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 19th day of November, A. D. 1945, then and there to answer Plaintiff's Petition filed in said Court, on the 6th day of October, A. D. 1945, in this cause, numbered 1333 on the docket of said court and styled C. F. Loflin, Plaintiff, vs. Mary Jane Marsh, et al, Defendants.

A brief statement of the nature of this suit is as follows, to wit: Plaintiff, C. F. Loflin, alleges he is owner of all of Block 10 of the original town of Friona, Parmer County, Texas, and that he claims said land under the 10-year statute of limitation, and he pleads further that he and his predecessor in title have been in actual, visible, open,

**Health Notes**

By Texas Department of Health

AUSTIN—Contrary to popular belief, rabies is more prevalent during the winter months than in the so-called "dog days" of summer.

In a statement released this week by Dr. Geo. W. Cox, State Health Officer, it was disclosed that in the mid-winter month of February last year the State Laboratory examined 312 animal brains for the presence of rabies, over 37 percent of which tested positive, whereas in August only 155 brains were examined, 30 percent of which were positive.

"If all stray dogs were destroyed, and all pets vaccinated for rabies, it would go far toward stamping out this justly feared fatal disease," Dr. Cox said.

The doctor stressed that dogs suspected of having rabies should not be killed immediately, but should instead be confined 10 days for observation to see if the disease develops. If a dog sickens and dies during the observation period, the head should be packed in ice and sent to the State Health Department for examination. Freezing the brain, or killing the dog prematurely, or in such a manner as to injure the brain may make correct laboratory findings uncertain, if not impossible.

Dr. Cox declared that after a dog is confined 10 days and then killed, there is still ample time for a victim of his bite to be treated for rabies prevention, but cautioned that if the disease is found to be present in the dog, the victim should begin treatment without further delay.

**Tot's Clothing Can Be Flame-Proofed**

COLLEGE STATION — Simple flame-proofing treatment will reduce the fire hazards of children's clothing made of cotton or rayon materials with a napped surface. Mrs. Dora R. Barnes, clothing specialist for the Extension Service, recommends this treatment for sweaters, night gowns and pajamas, and also for blankets and draperies.

The secret of flame-proofing is to dip the materials in a solution of borax, boric acid and hot water. Both of these well-known chemicals can be obtained at any drug store. Recipe for the fire-proofing solution requires seven ounces of borax and three ounces of boric acid, to be added to two quarts of boiling water. Stir the borax and boric acid until the solution is clear.

Best way to apply the solution is to dip the garment into it, Mrs. Barnes says. She cautions that the garment must be dry when it is placed in the liquid, and must be

thoroughly saturated. Wring it out and hang on clothes line to dry. "When you press a fire-proofed article, use only a moderately hot iron," Mrs. Barnes says. It's better to iron a flame-proof article when it's damp rather than let it dry and "sprinkle it down."

Unfortunately, this method is not permanent, since the borax-boric acid solution washes out of the material. Each time the article is laundered it will have to be fire-proofed again. Therefore, it saves time to make up large quantities of the solution for frequent use.

notorious, continuous and uninterrupted possession of said land, using and enjoying the same for more than 10 years next preceeding the filing of this petition, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this the 6 day of October A. D. 1945.

Attest: D. K. ROBERTS, Clerk, Dist. Court, Parmer County, Texas. By DOROTHY LOVELACE, Deputy (SEAL) 48-4tc

**Here Come the Brides—555 of 'Em**

When the former luxury liner Lurline docked at San Francisco recently, the cargo included 555 Australian war brides of American servicemen and some 200 of their children. Hundreds of other war brides are awaiting transportation from Australia as well as from England, France, and other European countries. They will all be brought here soon.

**Lightning Strike Thrice ?**

YES  NO

Even if it scores a knockout first crack, lightning can still jolt the same spot some more! It often does. Another accurate weather fact is that you'll step up your aging car's chances this Winter by OIL-PLATING the engine's insides. You want Conoco N<sup>th</sup> motor oil for this protective OIL-PLATING.

Conoco N<sup>th</sup> oil's great wear-fighting method is this: it employs the magnet-like action of its added ingredient to make metal and lubricant join up! This creates OIL-PLATED surfaces—no longer all bare to frictional wear and corrosion. Hence there's less cause for carbon—sludge—breakdown. And surfaces kept OIL-PLATED even at a standstill are ready for quick safe Winter starts. Your engine and battery both say, "Conoco N<sup>th</sup> for Winter—today!"

**CONOCO N<sup>th</sup> MOTOR OIL**

**For Station Identification!**

The big red Conoco triangle identifies Your Mileage Merchant's Conoco station. Get good gasoline there today. And look for new hushed power—new high-octane—in his NEW-DAY GASOLINE! It's coming quick!—WHERE YOU SEE THAT CONOCO TRIANGLE! Continental Oil Company

First Rubber Shipment Arrives

The nation's first shipment of rubber from the Pacific since Pearl Harbor, produced under the very noses of the Japanese in the Philippines, recently arrived at San Francisco. Forty-two tons of the precious crude stock was shipped from the Pathfinder plantation of the Goodyear Tire and Rubber company in Mindanao.

Frozen Food Locker Short Course, 24-26

COLLEGE STATION — Freezer locker owners, managers and operators of Texas are invited to attend a three-day frozen food locker short course, to be held at A. & M. Oct. 24-26, according to announcement by Roy W. Snyder, meat specialist. The short course is being sponsored by the college in cooperation with the Texas State Frozen Food Locker Association, of which E. G. Spencer is president.

The course will be divided to give

approximately a half-day each to the study of prestat locker problems, refrigeration, processing of fruits, vegetables and meats for the locker, sanitation problems, and home storage units and their relation to the locker industry. Hog killing and cattle slaughtering demonstrations also are included in the schedule. The final meeting will include a panel on the contribution of educational agencies to the locker problem and a discussion of the future of freezer lockers.

Specialists who will assist in carrying on demonstrations and discussions include S. T. Warrington, for-

merly of Farm Credit Administration and now a consultant in the locker industry; J. C. Patterson of York, Penn., chief mechanical engineer of a locker equipment manufacturer; R. A. O'Neill, Corpus Christi, engineer for a power company; Wayne Carver, editor of the house organ, "Locker-Operator", of Des Moines, Ia.; and Albert Guggedahl, Des Moines, executive secretary of the national locker association.

In addition to these, specialists from A. & M. and other colleges and leaders in vocational agriculture and homemaking education will present talks. Miss Mary Reed, county

home demonstration agent of Bexar County, and Mrs. L. S. Keen, wife of an operator in Corsicana, will also be on the program.

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending Oct. 13 were 24,237 compared with 25,641 for same week in 1944. Cars received from connections totaled 11,718 compared with 17,089 for same week in 1944. Total cars moved were 36,045 compared with 42,730 for same week in 1944. Santa Fe handled a total of 36,130 cars in the preceding week of this year.

Texas Trails Behind In Egg Production

COLLEGE STATION—At the end of August, Texas led all of the states in the number of laying hens. This state also carried the flag at the corresponding date in 1944, but this year had about 1,500,000 fewer producing birds than 12 months earlier.

The quarterly report of the USDA crop reporting board counted Texas egg layers at 21,888,000. Iowa was on Texas' heels with 21,478,000 and Minnesota in third place with 18,387,000. Texas' numerical leadership, however, was an empty honor because in production per hen, which means profit on investment, the birds of this state dropped to 39th place among the states. Vermont led with a production of 1,621 eggs per hundred hens during August, while the best the Lone Star fowl could do was 1,153. But that figure was a gain of 124 eggs over August, 1944.

In total production for the first nine months of the year, Texas returned to the upper bracket with 2,650,000,000 eggs and third place, while Iowa was far ahead of all states with a total of 3,355,000,000.

S. A. Moore, poultry husbandman for the Extension Service, sees in these figures an urgent need of better producing hens in Texas flocks. He observes that Iowa, with about the same number of layers, was able to produce 700,000,000 more eggs in the nine months. Although this period included the coldest winter months, Iowa produced nearly 6,000,000 more dozens of eggs than Texas poultrymen.

Moore believes that in addition to continuing good management, larger production in this state should be sought through improving the breeding of the laying flocks. This could be promoted by progressive upbreeding commencing with Record of Production males and selected hens. Males from this mating would rank as "certified". A further cross of this progeny with selected hens would produce "approved" chicks, which would have the best breeding of their ancestors. This system of breeding would conform to the requirements of the National Poultry Improvement Plan, and bring high quality males into general flocks.

Fourteen Texas breeders are doing trapnest work and their stock is recognized as of R. O. P. quality.

Commercial flying activity began in Texas May 12, 1926, with the first airmail between Dallas—Fort Worth and Chicago.

Baking powder, when thrown on a small blaze, will decompose, producing carbon dioxide, and the acid salts will fuse and coat the burning materials, extinguishing the fire.

You'll know the new Phillips 66 is good—the instant you step on the starter and get that instantaneous response. No choking...no sputter-

ing—listen for the magic of a fast-firing motor even on the coldest mornings!

You'll know the new Phillips 66 is great—when you give that accelerator just the touch of your toe, and zoom—you're away from that stop light like a scared jack-rabbit coming out of a cane-brake!

You'll know the new Phillips 66 is amazing—when those hills flatten out in front of you with never a thought of shifting!

Mister it's good—great—amazing, not because we say so—but because your car tells you so. Try Phillips 66 and see!

**PLEASANT HILL**

Jack Jarrell has returned to Seattle, Wash., after a 20-day furlough with his father and mother, Mr. and Mrs. A. Jarrell. They took him to Amarillo, Tuesday, accompanied by Mrs. Joe Jarrell and Norma Jean. Mr. and Mrs. W. H. Jarrell have returned from Graham, Tex., where they visited their daughter.

Mr. and Mrs. Pearl Singletary attended the funeral of her sister's father, in Hereford, Thursday.

Pleasant Hill outsiders will play the Oklahoma Lane basketball outside team, Thursday night, here.

Bobby Spearman spent the weekend in Carlsbad, returning Monday night.

The freshman class had a weiner roast, Monday night.

Ray Donahey has arrived in the United States and his wife is waiting for a call from El Paso.

Ed Fasholtz has returned from overseas and will be home in two weeks.

Delmar Lee has returned and has his discharge. He is at the bedside of his father, John Lee, who is very low.

The Pleasant Hill Club meets today (Thursday) with Mrs. J. M. Langford for an all-day meeting.

The revival meeting closed Sunday night, with several new members. The church will have special service, Sunday, when a returned missionary to Japan will speak at both morning and evening hours. He was a Japanese prisoner for three years.

**District Farm Bureau Meetings Scheduled**

Reconversion and postwar problems confronting agriculture will be the principal topics for discussion by producers of this area, at meetings slated for Amarillo, October 25; Tulia on October 26 and Lubbock on October 27.

The meetings are sponsored by the Texas Farm Bureau Federation and are of a series of 14 being held throughout the state. Purpose of the meetings is to bring farm and ranch people first-hand information on the immediate problem of postwar prices.

"There is a growing sentiment to lower agricultural prices," Hammond said. "A collapse of farm prices, such as followed World War I, will lead to a break in the entire price structure of our economy. It will take the combined thinking of the best minds in agriculture to map a sound and practical farm program that will insure fair prices and prevent endangering the postwar economy of our nation."

All farmers are urged to attend one of the meetings in this area and express their views on these issues of such paramount importance, in order that as an organization the Farm Bureau will know what course of action to pursue.

**PW Labor Available To Co. Farmers**

Answering numerous inquiries which he had received during the past week, County Agent Lee McElroy stated today that Prisoner of War labor, from the Hereford internment camp, was available for

Parmer County. The setup for receiving such men continues as in the past, McElroy added, with farmers to file applications through his office. The workers may be taken from camp between 7 and 8 in the morning and must be returned by dark each evening, allowing a full 8-hour working day. With the shortage of feed crops, every bit of feedstuff that can be salvaged from the fields of Parmer County means money in the farmer's pockets, McElroy pointed out. "It may be just roughage, but it will be very valuable to supplement diets to dairy animals and other livestock," he went on to say.

"In fact," the agent elaborated, "we came very close to losing some good foundation dairy stock recently, due to feed shortage. Owners were almost at the point of being forced to sell because of the high price of the feed they could obtain—which in itself was insufficient to provide a balanced diet."

PW labor is not expensive, and will go a long way toward relieving the man shortage when the crops are ready to be cut and bundled, or put in silage, McElroy stressed, urging those who anticipated labor shortage to contact him immediately and prepare an application. The following discharges have been filed at the office of the county clerk since last Wednesday: Sgt. Albert W. Davis, of the 67th Bomb Squadron, was discharged on October 5 at Sioux Falls, South Dakota. An ammunition worker, Sgt. Davis served in the European theater and holds the ETO ribbon with campaign stars denoting the air battle of Europe, Italian campaign, Po-lesiti raid, Sicilian campaign, Normandy, Northern France, Rhineland, Ardennes and Central Europe. He also has the good conduct medal. He was in service three years, two being spent overseas.

**Clerk's Office Reports Additional Discharges**

On October 5, T-Sgt. Milo M. Goldsmith was discharged at Fort Bliss, after two years overseas and two in the States. On his EAME ribbon are campaign stars of Normandy, Northern France, Rhineland and Central Europe. Other awards include the American defense service medal and the good conduct badge. He served with the 21st mobile repair and replacement unit. Forrest William Osborne was discharged from the Navy at Shelton,

Va., on September 21. He was a machinist mate second class, and entered service in March of 1942. Machinist mate second class Marvin Darrel Haun has also been released from the Navy, receiving his discharge papers at Camp Wallace, Texas, on September 22. John Reeve Guyer has returned to his home in Friona, after being discharged from the Navy on October 8 at San Pedro, Calif. Guyer was a machinist mate first class. Cpl. Walter A. K. Kaltwasser is a civilian now, having been released on October 13 at Tinker Field, Okla. A medic, he has the EAME ribbon, the good conduct medal, five overseas bars and one service stripe. Cpl. James F. Stovall, who wears the combat infantryman's badge and the Asiatic-Pacific ribbon with two campaign stars, was discharged at Fort Sam Houston on September 19. His battle stars are Papua and the Bismark Archipelago. In addition, he has the good conduct medal and the distinguished unit badge. Stovall was in service almost four years and spent 32 months in the Pacific. Seabee Frank Stockton Truitt, of Friona, is also in the group, having been dismissed from Shoemaker, Calif., on October 6. He was a carpenter's mate. T-5 Leslie H. Weis, of Friona, was discharged on October 4, at Fort Ord, Calif. In service since October of 1943, he spent his entire enlistment in the States.

## Stunt Night Program At Texico, Friday

The annual stunt night program sponsored by the Texico seniors will be held in that auditorium on Friday night of this week, class members announced today.

Some 15 stunts will be arranged and presented, and prizes will be awarded in three classes: grade school, high school, and clubs.

While the ever-popular cake walk is in progress, members of the various classes will canvass the crowd to secure additional votes for their representatives in the race for Miss Grade School and Miss Texico, the latter to be named from the high school nominees. At the conclusion of the evening, the two winners will be announced.

Representing the various grades are Mikala Ann Faville, first; Katherine Curd, second; Virginia Hegler, third and fourth; Norma Jean Jacks, fifth; Patsy Doshier, sixth; Meredith Williams, seventh; Patsy Engram, eighth; Delphine Johnson, freshman; Allene May, sophomore; Clauden Curry, junior; and Mozelle May, senior. At noon Tuesday, Miss Williams and Miss Johnson were leading.

The program will begin at 7:30. Central time, and admission is 10c.

## PTA Meeting Held On Thursday Evening

Taking as a theme "Parents and Teachers as Partners", the regular meeting of the Farwell Parent Teacher Association was held Thursday evening at the local school.

In the discussion, Supt. H. A. Clift represented the teachers, while Mrs. Aubrey Sprawls presented the views of the parents.

Members of the seventh and eighth grades were special guests and gave a short playlet, "Nouns and Verbs". Readings were given by Modelle Hammonds and Jesse Coburn.

During the business meeting, the group voted to sponsor a booth at the Hallowe'en carnival, which will be held Friday night, October 26. Pie and coffee will be sold, and all women patrons of the school are asked to bring two pies to the carnival, for sale in the booth.

## Bovina Boy President Of McMurry Frosh

Ray L. Hart, son of Mr. and Mrs. A. M. Hart of Bovina, has been elected president of the freshman class of McMurry College.

Hart was president of his junior class in high school, was active on the paper staff, and went to regional meet with the school declamation team.

The short while he has been in McMurry he has become a member of the S. C. R. A. and Ministerial Forum.

## Here From Oregon

Mrs. P. M. Herod, mother of Mrs. Floyd Milstead, is here from her home in Portland, Oregon, to spend some time visiting relatives and friends in this community.

## Football Queen Will Be Crowned, October 26

One of four candidates—Sybil Ham, LaMoin Jones, Maxine Ford or Mary Ruth Petree—will be crowned football sweetheart between the halves of the Bovina-Farwell game, on October 26th.

Sponsored by the four high school classes, the candidates are also entered in the race for queen of the annual Hallowe'en carnival, the night of the 26th.

Selection of the sweetheart is by means of votes, which cost the voter one penny. The candidate who is out in front at four o'clock on Thursday afternoon, October 25, will be declared the official winner, and the coronation ceremony performed at the game the following day.

## Vets Visit In Home Of J. A. Richards

The J. A. Richards home, in Bovina, overflowed with veterans of both World Wars the past weekend, when the boys came in to visit.

In the group were Lt. George S. Richards, who has been in service 18 years, overseas 6 months off the West Coast and 2½ years in France, England and Germany; Frank Richards, Sr., a veteran of World War I; Frank Jr., who spent three years in Japan; Boyd Richards, who spent three years in California, and their wives, including a son of Frank Jr., whom he had not seen until he arrived home recently. Frank Jr. has been discharged, Boyd is on furlough and George S. has re-enlisted.

## Guild Meeting Held In Roberts Home

Members of the Wesleyan Guild of the Methodist Church gathered the past Tuesday evening in the home of Mrs. M. C. Roberts, in Texico.

Mrs. Frances King, president of the Guild, presided over the evening program, with the theme being "Open Doors to Employed Women". Mrs. Bess Henneman assisted in presenting the discussion.

Plans for the coming Week of Prayer program were also taken up by the group during the evening.

The hostess served a lovely refreshment plate to Mesdames Lenton Pool, Aubrey Sprawls, Frances King, Charles Walker, Woodie McDermitt and Bess Henneman.

## Membership Drive On For Auxiliary

Mrs. Foister Rector, secretary of the American Legion Auxiliary, reminds all Farmer County members and prospective members that this is Auxiliary membership month.

Dues are \$1.25, she added, and extended an invitation to those women whose husbands are veterans of World War II to make plans to join the Auxiliary.

Mr. and Mrs. Val Baumgartner, of Clovis, visited in Texico over the weekend.

## BOBST ON IE SHIMA

Cpl. Dick Bobst writes friends that he is now stationed on Ie Shima, "the model island for Hollywood movies" . . . only we don't find all the trimmings". Dick adds that his group, the 548th Night Fighter Squadron, had been on Iwo, sitting offshore during the early days of that battle. He has been transferred to the 421st NFS.

## AT FORT BLISS

Pvt. Charles L. (Junior) Crume, son of C. E. Crume of this city, has notified his wife that he is at Fort Bliss, awaiting assignment to an army outfit. Junior was inducted just last week, and makes the sixth of the Crume boys to be in service. One brother, Kirt, was recently discharged.

## ROBERTS COMING HOME

Mr. and Mrs. DeVere Roberts are due here this weekend for a visit in the D. K. Roberts home. "Bub" was discharged from the Navy at Norfolk, Va., on Sept. 30, having recently been assigned at the Naval hospital in Corpus Christi, after two years in the Pacific. Mrs. Roberts was also in uniform until recently, serving as a technician with the Waves, at the hospital in Corpus Christi.

## HUGHES IN FROM ETO

J. C. Hughes, son of Mr. and Mrs. Ernie Hughes of this city, has returned to the States, coming from Le Harve, France, here he served with a repair unit around the docks. Now on furlough, Hughes has recently been assigned to a camp in Florida. He reported that his brother, Leroy, is now in the Pacific and writes that he is "enroute to Tokyo".

## WILSON ON FURLOUGH

Sgt. and Mrs. Andrew H. Wilson are on a two-weeks furlough with home folks northeast of Muleshoe. They also visited his sister, Mrs. David Robertson, and family, in Amarillo, and his grandparents, Mr. and Mrs. A. H. Wilson in Sweetwater, Tex. A radio mechanic, Wilson was recently promoted to sergeant. He is stationed at Chatham Field, Ga., and has been in uniform three years.

## POTTS IS DISCHARGED

DREW FIELD, Tampa, Fla.—Flight Officer John A. Potts, son of Mr. and Mrs. John S. Potts of Bovina, Texas, was released from service with the AAF October 4 here.

Prior to entering the service in November, 1943, he was employed by the Santa Fe Railroad at Clovis. He received his commission in February, 1945, at Victoria, Texas.

## ROGERS IS PROMOTED

Getting the tables turned on him in a surprising way, Alan Rogers has notified his parents, Mr. and Mrs. B. A. Rogers, that he has been advanced another rank, and is now addressed as Lt. Comdr. Alan recently re-enlisted in the naval air force, but

**Do you suffer from MONTHLY NERVOUS TENSION** with its weak, tired feelings? If functional periodic disturbances make you feel nervous, tired, restless—at such times—try this great medicine—Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Taken regularly—it helps build up resistance against such distress. Also a grand stomachic tonic. Follow label directions.

*Lydia E. Pinkham's* VEGETABLE COMPOUND

had rather expected to be demoted to a j.g. with the end of the war. "I didn't know a thing about it, they just called me in and said 'here it is,'" he wrote. His wife is with him at Lake City, Fla.

## REPORTS TO UTAH

Pvt. Auddie J. Barker left Friday to report to Kearns, Utah, after spending the past two weeks with his family. Mrs. Barker accompanied him to Amarillo, returning here Saturday.

## TO BE DISCHARGED

Sgt. Bill Banks expects to be a civilian by the end of the week, he told relatives last weekend, while here from Big Spring on a pass. Bill, with the air corps, spent two years in the Pacific, principally in Hawaii and returned to the States a few months ago.

## CHARLES ON LEAVE

Jimmie Charles, son of Mr. and Mrs. Wilbur Charles of near Bovina, is home on a 17-day leave from the West Coast, where he is stationed.

## HROMAS ENROUTE HOME

Word comes from Mrs. Joe Hromas of Bovina that her son, S-Sgt. Eugene, who has been overseas for the past several months, sailed from the ETO on October 8th, enroute home.

## NEED NEW ADDRESSES

The Tribune has been advised by both the Army and Navy postal authorities that a number of mailing addresses on papers to servicemen are incorrect, and will not be forwarded.

If you are sending a paper to a man overseas, please come in at once and check with us on the address. Most papers were stopped when war ended, and if you have a new address on your serviceman, we will be glad to put him back on the list and credit him with time due.

## Home From Vacation

Mr. and Mrs. Wilbur Charles of northwest of Bovina, returned last week from a month-long vacation trip to points in the northeast, including Washington, D. C. and Norfolk, Virginia, where their son-in-law, Vernon Estes, is stationed. They report a pleasant trip.

## CHURCH OF CHRIST

Lewis C. Cox, Minister  
Tel. 2907  
Services:  
Bible Classes for all ages 10:00 a. m. and 7:30 p. m.  
Preaching 11:00 a. m. and 8:00 p. m.  
Mid-week service, 8:00 p. m. Wednesday.

A special sermon on the "Second Coming of Christ" will be delivered at 8:00 p. m. Sunday, Oct. 21. A cordial invitation is extended to all our services.

Mrs. R. E. Williams returned home last week after spending the past six weeks with relatives in Oklahoma City, Dallas and Wheeler, Tex.

Mr. and Mrs. Lee McElroy and twin daughters spent last weekend in Lubbock.

Mr. and Mrs. Garlon Harper and daughter, of Lawton, Okla., were here the last of the week, moving their household goods to their new location.

Sgt. and Mrs. Fred Kurelovitch and daughter, Pat, spent the weekend in the Lazbuddy community, as guests of Mr. and Mrs. Juel Treider.

Mrs. B. N. Graham and Mrs. William Thornton spent the past weekend visiting with Mr. and Mrs. Raymond Ross, at Morton, Texas.

Mr. and Mrs. Charley Lovelace announce the arrival of a son, Leon, on October 10th. The young man weighed 8½ pounds at birth.

Mrs. L. H. Routh has arrived here from the lower part of Texas to make her home while "Butch" is employed at a local grocery.

Mr. and Mrs. Lee McElroy and daughters left the first of the week for San Angelo, Texas, to visit his parents.

Rev. W. C. Wright, former pastor of the Baptist Church, visited briefly in the city Tuesday. He is now pastor at Cooper, near Lubbock.

Buy bonds every pay day!

**No Points**

Just think of it! You can now buy an entire meal and not have to bother with ration points.

Your food merchant welcomes this just as much as you do—a whole basketful of the finest foods, and no points.

So, just park your ration books at home, and come down to The State Line Grocery for those good foods which you will find in our store day after day.

**STATE GROCERY & MARKET LINE**

**Bill the Butcher Says**

The supply of cured meats is still on the increase, and we believe there will be plenty of hams and bacon in the near future. If so, we'll have 'em.

Butch Ruth's wife has joined him and he is in a better frame of mind to serve you with good, juicy steaks and tender roasts from the best grades of beef always carried in our market.

**Hall's Grocery & Market**

# The Yucca

BOVINA HIGH SCHOOL

## SENIOR NEWS

The class had a meeting and elected Dorothy Rhodes as their queen for the carnival on October 27. They have charge of the bingo stand, fortune telling booth, and baby contest. It has been decided that the baccalaureate services will be held May 26th and commencement on the 27th. Our play will be some time in March.

## JUNIOR NEWS

The class has elected Loyce Marie Trimble as carnival queen candidate. We are in charge of the refreshment stand and many more booths. D. C. Looney and Charles have returned from a deer hunt.

## SOPHOMORE NEWS

The Sophs class is going to have a great deal to do with the Halloween Carnival to be held October 27 at Bovina High School gym. Shelby Ann Jersig is our nominee for queen. Our class is sponsoring a rodeo to be held Oct. 21 on the Bovina roping grounds. The public is invited.

## FRESHMAN NEWS

The class has elected Nancey Lou Wilson as carnival queen candidate. We were in quite a mess last week with this initiation. Pulling around little red wagons with the Seniors' books in them, taking seniors' dishes down to the kitchen, shining their shoes, taking them to town (aren't Seniors brilliant!) and counting bricks on the front walk.

## GRADE SCHOOL

The 5th and 6th grades have organized a club. Yvonne Moody is president. The club is to study different subjects, such as safety, hobbies, etc.

We have two booths at the carnival and have charge of the assembly program October 17th.

The 8th grade has organized, with officers being: president, Jeanne Ellison; secretary-treasurer, Gladys Hopingardner; reporter, Dorothy Moorman. The colors are gold and white. At our next assembly program we will give an operetta.

In Room 3 are 12 third graders and 20 fourth graders. Students here for the first time are Billie Fern Green from Dumas; E. T. Smith of Clovis; and Betty Billingsley, from Oklahoma Lane. Absent because of illness are Alice Kay Collins, Connie Jean Eberting and Herman Fritsch. Paul Lloyd is gone on an extended trip to Arkansas with his parents.

## GENERAL NEWS

In a game on October 12, in which the Mustangs were in a very difficult situation from the start, the Vega Longhorns romped over the Bovina Mustangs, 54-0. The Mustangs next game will be with Whitharrel, October 19, at 2 p. m. Everyone is invited.

D. C. Looney, Ted Brock and Charles Ross returned from their deer hunt in Colorado. They are now ready to play football and are in perfect shape. Charles was the only hunter who got a deer. They returned Saturday morning and will be ready to play in the next game.

Mr. and Mrs. W. E. Williams and Charles attended the home coming at the Dimmitt Methodist Church, Sunday, Rev. R. L. Butler, a former pastor who is well known in Parmer County, preached at 11 o'clock.

The Intermediate Club met at the Methodist Church last Friday and elected new officers, who are: president, Jimmy Ware; vice president, Harold Lowery; secretary, Audrey Boxford; treasurer, Patsy Ann Hart; reporter, Yvonne Moody.

## Meet Protein Shortage By Adjusting Stock

An acute shortage of feedstuffs for livestock and poultry, particularly high protein ingredients, has developed as a result of the large animal and poultry populations. The possible effects of the situation are so serious that Purina Mills, one of the major producers of poultry and livestock feeds, has prepared special bulletins to emphasize its importance.

The USDA has made certain recommendations to help conserve and make the most efficient use of available supplies, particularly during the next 60 to 90 days. After that, the new crop of vegetable proteins will be available and, if a reasonable adjustment in numbers of poultry and livestock is made, the critical situation should be alleviated. These recommendations are suggested insofar as it is practical for farmers and feeders to follow them:

### Poultrymen

Market all broilers and fryers in chicks hatched since June  
Cull laying flocks closely.  
Do not expand present broiler operations.

Make sure of feed supplies before buying chicks during the next 60 to 90 days.

Turkeymen in grain-growing areas should feed heavily on grain.

### Dairymen

Limit the protein feeding as much as possible while pastures are good. Make maximum use of fall pastures, hay and silage.

### Hogmen

Feed protein supplements to the brood sows and fall litters first.

While proteins are in limited supply, limit amount fed to the heavier market hogs.

Market hogs which weigh over 200 pounds and can get along better without any protein supplements than a brood sow or a baby pig can on a limited amount.

Take advantage of good pastures available in most areas.

## NEW CARS ORDERED

The Santa Fe Railway has ordered 250 covered hopper cars from the General American Transportation Corporation, East Chicago, Indiana, according to an announcement made today by F. G. Gurley, President. The cars of all-steel construction, 70-ton capacity, will be delivered next year.

IN 1934 OLIN DUTRA ROSE FROM A SICKBED TO WIN THE U.S. OPEN AT ARDMORE, PA. WITH A SCORE OF 293 - BUT THE 230 LB. CALIFORNIAN LOST 15 LBS. DOING SO!

## OPA Hikes Points For Salvage Fats

Local housewives are expected to save more used fats this month because of OPA's point increase, according to E. C. Munro, of PMA, Amarillo.

OPA's action, increasing the bonus from two to four red ration points per pound, emphasizes the serious shortage of industrial fats, he said, adding that every single pound of salvaged fat is needed to span the ever-widening gap between "what we have and what we need". Kitchens will remain the principal source of supply until imports of fats and oils from the Pacific are resumed, and this will take months, he continued.

Many everyday necessities in short supply are by-products of salvaged fats, and can be brought back sooner if housewives keep collections rolling from their kitchens to butchers. Some of these popular items for which demand is at high pitch include nylon stockings, soap and soap flakes, telephones, electrical appliances, tires and upholstery.

Tribune job printing is best.

## Lignite Furnishes Heat, Light, Power at Austin

AUSTIN—Twenty-seven thousand tons of lignite will be used this winter to furnish heat, light and power to the University of Texas, Carl Eckhardt, superintendent of utilities and professor of mechanical engineering, reports.

The University for several years has pioneered in the use of lignite as a fuel to test its efficiency in place of the harder-to-get black coal.

Lignite is a brown coal, and is 35 percent water, he said. For that reason, special air vents were de-

signed in the furnace equipment to permit the coal to be dried.

H. C. Weaver, former professor in the University' College of Engineering, designed the original plant and equipment several years ago.

Texas has an estimated 23 billion tons of lignite reserves, Eckhardt said, and the adequacy of this reserve amounts to thousands of years. The principal deposits of lignite are to be found in 50 Texas counties, scattered from Texarkana on the northeast to Laredo on the southwest.

They had been sitting in the swing in the moonlight alone. No word broke the stillness for half an hour until—

"Suppose you had money?" she said, "what would you do?"

He threw out his chest in all the glory of young manhood. "I'd travel!"

He felt her warm, young hand slide into his. When he looked up she had gone. In his hand was a nickel!

# Second Voluntary Reduction In Rates During Past Year Announced

Southwestern Public Service Company has announced another reduction in electric rates. It is the second voluntary rate reduction made by the electric service company in one year's time. The new rate for residential service starts at 6c per kilowatt hour and graduates down to as low as 1.8c per kilowatt hour.

When the Company took over the operation of the electric system in Texico-Farwell in September, 1942, the top rate was 10c. On October 1, 1942, the top rate was reduced to 7½c, and effective October 1, 1945, has been further cut to 6c. The new reduced rates are already in effect and will apply to October use. The two rate reduction which Southwestern Public Service has made in Texico-Farwell since this country entered the war, were designed to bring the rates in line with those elsewhere in the territory served by the Company. The lower steps of the residential rate scale down to 1.8c per kilowatt hour.

Southwestern Public Service has operated the electric service in Texico-Farwell for only three years, all during war, but has operated in other cities, towns and communities in the Texas Panhandle and in New Mexico for more than 20 years, and has long followed the policy of voluntary rate reductions as frequently as possible, consistent with the maintenance of adequate and reliable service. The Company is now busily engaged in a broad program of increasing its power plant and line capacities to provide for increased use of electricity which it feels is bound to come through industrial and rural expansion of this territory and through increased use of electric service in homes and business establishments when new appliances and apparatus become available.

While prices in general have risen during the war, and will probably continue to rise, the Southwestern Public Service Company has demonstrated its ability to reduce rates as the result of increased production and efficiency and hopes to be able to continue this program in the future.

Soil erosion is one of the most serious problems in the river basins of New Mexico. The postwar plans of the Bureau of Reclamation will alleviate this condition.

## UNRRA Shows Placing Of Donated Clothing

Every pound of the clothing contributed by the American people in the nation-wide clothing collection last spring and summer will be in the hands of war sufferers overseas by Christmas, it is announced by Henry J. Kaier, national chairman of the United National Clothing Collection.

Kaiser's statement was received by Mrs. Mable Newberry, of Bovina, local chairman, who made it public today. The statement said: "Based on figures supplied by UNRRA, I can now assure you that by September 30, all clothing collected in the UNCC will be baled for overseas shipment. By the end of October the last bales will be on ships bound for Europe, the Far East and South Pacific.

"Already one hundred million pounds of used clothing contributed has been baled and shipped, or scheduled for shipment. . . . The Chinese will soon receive 10,500,000 pounds of clothes, shoes and bedding. . . . The Filipinos, too, will soon be wearing contributed shoes and clothing."

Allocations and shipments have been made to Albania, Belgium, Luxembourg, Burma, Hongkong, Borneo, Malaya, China, Czechoslovakia, France, French Indo-China, Greece, Italy, the Netherlands and Netherlands East Indies, Norway, the Philippines, Poland, Yugoslavia, Russia, and to refugee children and stateless people now in a number of European countries.

The UNRRA report not only praised the quantity of the clothing gifts, but also the tremendous organization job successfully accomplished under the chairman, Henry J. Kaier, and the executive director, Dan A. West.

### Collect Again in January

The Parmer County chairman, Mrs. Newberry, stated that the 1946 drive for used clothing would begin January 1, lasting through the entire month. No collection points or workers have been designated as yet, but it is expected that full details will be available before the drive gets underway.

## Texas Students Attend College In Mexico

AUSTIN—Young Texas college students—140 of them—attended the Summer School for Foreign Students at the National University of Mexico, Dr. C. W. Hackett, chairman of the Institute of Latin-American studies at the University of Texas, says. Classrooms had a cosmopolitan

atmosphere, Dr. Hackett explained, with students from Canada, the Sorbonne, Paris, Barcelona, and the Universities of British Columbia, the Philippines, Panama, Havana, Puerto Rico and Petit-Seminaire of Haiti as well as from 95 colleges and universities in the United States and six Mexican universities and colleges.

The field school was held by the University of Texas in cooperation

with the Universities of New Mexico and Michigan, through a grant of \$7,150 from the State Department.

This school, a three-year-old project, is devoted primarily to instruction from Spanish-speaking students in the English language and literature and in Spanish language and Hispanic-American history and civilization for English-speaking students.

Seeking to complete the service files of the Ex-Students Association of the University of Texas, John A. McCurdy, executive secretary, today said that incomplete records show 12,000 Texas Exes serving during World War II. He has asked that the Exes who served in the military branches or Red Cross inform the Association, and that relatives inform him of former students who lost their lives during the war.

### Rosedale Teams Come Here This Weekend

Coaches C. E. Sanders and Tom Hudson reported today that the Texico softball teams will continue their season Friday with home games when the squads from Rosedale will visit here.

Pre-game dope gave Texico a definite edge in both games, as reports reaching here indicate that Rosedale has lost the majority, if not all, of its games this year. To date, the local teams have lost only one game each.

#### Win Two at Pleasant Hill

In a couple of walk-aways last Friday, the locals added wins over the hapless Pleasant Hill players. Score for the boys' game was a shut-out, 13-0, while the girls ran up a 29-6 tally.

Junior Bocox, of Pleasant Hill, played practically the whole field for his team, starting out as pitcher and then switching to floating shortstop, from which position he did most of the fielding.

Baker, of Texico, duplicated his performance of a week ago by hitting the first ball over the plate for a home run. Freeman, playing in left field, did some spectacular work in handling long flies swatted out by Pleasant Hill. Baker, Doolittle, Baldock, Freeman and Vaught each had two scores.

After allowing Pleasant Hill to make six runs in the first two innings, the girls' lineup was switched and the opponents shut out, with Flye on the mound. Baker, catcher did superb work in pegging runners trying to steal second, where Johnson waited to receive the ball. Brown, left fielder, walked off with scoring honors, by crossing the plate six times during the game, while Baker and May came in for second rating, with four each.

#### SUBSTITUTING AT SCHOOL

Mrs. Aubrey Sprawls was substituting at the Farwell school the first of the week, in the seventh and eighth grades, replacing Mrs. Woods, who resigned last weekend.

### Grade Boys Softball Tourny at Melrose

Grade school boys of Curry county will hold their own softball tournament on October 27th, at Melrose, according to plans formulated recently.

Coach B. A. Rogers, who handles the grade players at the Texico school, reported today that he had some good prospects on his team, although as yet they have not played a game.

#### Play Here Friday

The first game of the season for the grades will be held at the Texico school on Friday of this week, October 19, at which time both boys and girls from the Center school will be on hand, he added.

### SCS District Talked For Parmer County

Talk of securing a Soil Conservation District for Parmer County has been going the rounds recently, County Agent Lee McElroy reported today, with several farmers expressing a definite desire to see such service available in the county.

Asked as to what moves were necessary to secure such an office locally, McElroy explained that a vote was taken several years ago, at which time a wind erosion district was approved by the farmers. Now, it is necessary that the county commissioners appoint five men in the county supervisors, who would in turn lay out the needs of the county and submit their plans to the state office. If the project meets with approval there, personnel would be established in this county and a Soil Conservation district would be in effect.

He went on to say that if sufficient interest was shown the commissioners would be asked by representative farmers to take the necessary action, and supervisors would be named to outline a plan of work to be submitted to the state office.

What we know today as royal purple was originally a deep crimson.

### Farwell Beats Adrian In Football Clash

Determined to keep their string of victories intact, the Farwell Steers took their third in a row, last Friday, playing at Adrian and defeating the host team 26-14.

Starting off on defensive with the kickoff, Farwell quickly found itself on the offense, as Robertson covered an Adrian fumble. Two plays later, Ford handed off to Hart who skipped through the Adrian players and went into the end zone, and Ford followed with a drive for extra point that put Farwell out ahead 7-0.

Holding Adrian as they received the ball, the Steers again went on the march, and just a few minutes later had added another touchdown, with Hart again totting the pigskin over for the score and Ford diving over for the extra.

At the opening of the second quarter, Farwell fumbled the ball almost in their own front yard, and Adrian, not averse to grabbing an opportunity, attacked fiercely and went over for a touchdown, although failing to convert.

The locals bounced back when Booth snatched an Adrian pass from the air, and Ford took the ball to race 45 yards for another Farwell score. The try for extra point was stopped.

But the two thrillers of the afternoon came in the second half. Late in the third quarter, Sheets snatched an Adrian fumble up and the locals moved to within striking distance, where they in turn fumbled. An Adrian man grabbed the bouncing ball and started a footrace with Ford finally running him off the field on Farwell's five-yard line. From there the opposing team made its second tally, then kicked a goal, scoring eight points in all.

Not to be outdone, Summers pulled a bit of fancy stuff for Farwell in the final stanza. Starting off on an end run, plus lateral, Summers let the ball slip through his fingers, but quickly snatched it up, looked the situation over, reversed the field and tore off down the line, with Robertson throwing a beautiful block on the only man who had a chance to stop the ball carrier. After galloping around for 100 yards, Summers went panting into the end zone for the last score of the day.

Coach Jack Williams today paid particular praise to Hart, end, and Sheets, center, who did good work during the clash.

### Greenhands To Be Initiated Friday

Greenhand members of the Farwell Future Farmers chapter will be initiated on Friday night of this week, when special ceremonies are held at the ag building of the school.

Robert Morton, supervisor, said today that 10 boys were to be taken into the club at that time. The initiation rites will comprise an evening program.

#### MECHANIC AT SIKES

G. O. Potts, who recently received his discharge from the Army after five years of service, has been employed at the Sikes Motor Company as a mechanic, giving the local concern two experienced mechanics now.

Gobel is the name of a superb type of tapestry.

### Silver Star Presented To Raymond Hall

(The following story was clipped from a recent issue of the Fort Worth Star-Telegram.)

A Panhandle cowboy who defied enemy fire and risked his life on a beachhead at Guam stood at attention here Thursday while his commanding officer pinned on him the Silver Star.

The West Texan is Jason Raymond Hall, pharmacist's mate second class, USNR, of Farwell, who was presented the award by Cmdr. T. W. McDaniel at the United States Public Health Service Hospital, Thursday afternoon.

Hall, son of Mr. and Mrs. W. W. Hall of Farwell, is a hospital foreman.

Veteran of Guam, Bougainville and Iwo Jima, the tall black-haired marine was cited for bravery "which saved many lives" on a beachhead at Guam on July 21, 1944.

Hall's story of heroism is one of the most unselfish of the Guam campaign.

On that July day enemy mortar fire was heavy as he advanced about 75 yards and reached the side of several wounded men of his company.

While he was giving plasma to one badly wounded man, the patient was struck and killed. Hall then moved to other wounded and continued to administer first aid to them until he collapsed from heat exhaustion.

Hall's citation, awarded at command of the commanding general, Fleet Marine Force, Pacific, credits him with "outstanding bravery under enemy fire which undoubtedly saved many lives."

He served with L Company of the 21st Marines, 3rd Marine Division, and was overseas 20 months.

Hall, 32, joined the Navy in March 1942, and went overseas in September 1943. He arrived back in the United States in May 1945.

A graduate of Farwell High School he is one of three brothers who fought for American victory in this war. His brothers, Freddie Hall, who served overseas with the Army for 18 months, and Weldon, who was in the Navy, have both been discharged recently and are now living in Amarillo.

Said Commander McDaniel: "We are proud of Hall. He is one of the most dependable men we have on duty at the hospital."

At the end of the ceremony, a hospital patient walked up to Hall and said, "that sure is a pretty medal".

"Yep," drawled the hospital foreman. "I just can't wait to take it off so I can get a good look at it."

And he went back to the job of caring for his "buddies".

### Summers Gives Details Of Trip To Tokyo

Unless he is enroute home by now, Clarence Summers, S1-c, son of Mr. and Mrs. R. B. Summers of Farwell, is in Tokyo with the American forces. A letter dated Sept. 29 advised that he had hopes of being in the States by Thanksgiving, or "Christmas at least".

Summers gave some interesting details of his trip to the Land of the Rising Sun. Writing on Sept. 4, he says, "Leaving Adak on August 31, we headed for Japan . . . we are to participate in the occupation of Japan . . . we think everything will go fine, just like all the others have so far . . . We're now using our lights, don't have to darken ship. Boy, that's wonderful . . . I'm sure glad the war ended when it did for we were to be on the invasion . . ."

"On our way to Adak we ran into some pretty rough water, and the day Japan surrendered we were a million miles from nowhere . . . We have been flagship since leaving the States April 6th, keeps us on our toes . . . While we were off Okinawa we had a suicide attack. One plane hit another carrier and we shot the other one down. I'm sure glad for it was headed for us. Everything happened so fast I didn't get scared until after it was all over. It all happen-

**FOX FOX**

**BUY NOW FOR CHRISTMAS . . .**

It's not too early to begin picking up those Christmas presents. Visit our store and see the many suggestions we are offering already this season.

**FOX DRUG STORE**

**FOX FOX**

ed and was over in 3 minutes. The other planes left, but they came back every day, and after we left the British fleet really caught it. The other carrier did not sink, had one man killed, but a lot were injured . . ."

He also revealed that his ship rode out the typhoon which hit the coast of Florida in September, and added in the Sept. 29 letter that another typhoon was reported for Tokyo, where they were anchored, saying, "they must be pretty popular here".

But one of the greatest thrills for the men on the Hoggatt Bay came on September 10, when planes from the carrier flew in supplies to liberated Allied prisoners at Biba, on the island of Hokkaido. The first question asked by the prisoners, via a walkie-talkie radio which was dropped to them, was "When are we going to get out of here?" The flyers from Hoggatt Bay dropped food, stuffs, medicine, cigarettes, magazines and newspapers to the prisoners—while a large group of Japanese were seen standing at one side, apparently waiting for a "handout of food".

The total land in farms in Parmer, according to the preliminary count, was 594,353 acres, as compared with 915 in 1940, and 901 in 1935. This was announced today by Weldon L. Boyles, supervisor for the 1945 Farm Census in the first Texas district, with headquarters at Panhandle.

The total land in farms in Parmer, according to the preliminary count, was 594,353 acres, as compared with 500,708 acres in 1940 and 494,546 acres in 1935. The 1945 figure on land in farms exceeds the land area of the county, Boyles explained that this is due to the fact that the entire acreage of a farm is credited to the county in which farm headquarters is located, even though part of the farm may be located in another county.

Average size of farms shown in the preliminary count was 663 acres, as compared with 547 in 1940, and 549 in 1935.

In announcing the 1945 census totals, Boyles pointed out that the figures are preliminary and subject to correction. Final tabulations of Parmer County farm census returns will be made by the Bureau of the Census and announced from Washington.

President Calvin Coolidge wrote a History of the United States in 500 words.

### 897 Farms In Parmer County, Census Shows

The number of farms in Parmer
