

YOUTH FATALLY BURNED IN PLANE FLIGHT

With top honors going to the only lady in the group, a party of deer hunters returned home the latter part of last week from a successful deer hunt in southwestern Colorado. Mrs. F. M. Edwards, the female nimrod, bagged the prize kill, a 14-point buck. The men in the group

had to be content with smaller deer, ranging in size from four to nine points. From left to right in the above picture the hunters are: E. G. Blair, Texico; Ralph Humble, Farwell; John Bingham and H. L. Eidenberg of Bovina; Joe Blair, Texico; Bill Bradshaw, Bovina; Mrs. Edwards and Mr. Edwards, of Clovis.

Explosive Last Half Gives Steers Victory

A slam-bang final quarter which saw the Farwell Steers on a scoring rampage that actually put them in the end zone six times, although only four of the touchdowns were legal, gave the locals a 40-12 win over the visiting Bovina Mustangs, Friday afternoon, when a large crowd witnessed the battle royal between the two squads.

After trailing Bovina the entire first half, the Steers began to come to life in the third period and forged ahead, 12-14. Then the scoring spree broke loose from all quarters, with the locals using every trick in the book to take a decisive victory over a team that had roundly defeated them earlier in the season, 27-12.

Herington, switched into the backfield from center slot, came into his own Friday, when his 200-odd pounds of moving muscle catapulted Mustang tacklers and interference aside. He not only proved able on straight ground plays, but caught passes, intercepted them, blocked Bovina punts, smeared Mustang toters, and crossed three times into the end zone in the final period. Only one of his paydirt scampers went into the official scorecard, as the Steers were guilty of a penalty on one try, and on another occasion, the hefty back stepped out of the field of play a few scant yards from the end zone.

A welcome and notable addition to the Steer squad was Robertson, who had seen earlier games from the bench, due to a strained ligament. Playing at end, Robertson played a good portion of the time in the Bovina backfield, where he smeared Mustang passers, despite efficient blocking on the part of Ross and Looney.

Bovina Stars in First Half
Bovina, determined to repeat an earlier victory, owned the field in the first half, pulling off both their scoring challenges in the first period, and having a 12-8 lead as the teams left the field to take a breather.

Farwell was first in receipt of the ball, but fumbling marred their play and with the Mustangs in possession, they pushed to the local 20 before the Steers dug in and stopped the attack. Again unable to advance the Steers turned the ball over to Bovina on the Farwell 35 and a long pass from Ross to Shanks, standing inside the goal marker, turned in the first score. The try for placement went to one side.

Taking the ball, Ford fumbled on the Farwell 12-yard line, with Ross immediately pouncing on for Bovina and a quick right end sweep sent Looney and the pigskin into paydirt, with Hart riding the carrier the last three yards. Again the kick for placement was bad, and the Mustangs enjoyed a 12-0 lead.

The Steers stiffened their defense in the second period and held a Bovina touchdown-bound drive, talking over the ball on their own 35. Two plays later, after Williams had advanced to midfield, Ford tossed a beauty to Robertson on the 10, and the play went on for a score, with Ford adding the conversion to cut the Mustang lead to four points, 12-8.

Both teams threatened again in the second stanza, but neither could make the challenge good. A Bovina

Parmer-Bailey Dairy Show Outstanding

Acclaimed as one of the outstanding dairy shows to be held in the entire State of Texas this year, the Parmer-Bailey County Dairy Show, held here last weekend, surpassed the Panhandle-South Plains exhibit at Lubbock and the Texas State Fair of Dallas in the number of entries, officials announced at the conclusion of the show.

The local three-day affair drew a total of 106 animals, 88 of which were of the Jersey breed, fifteen Shorthorns and three Guernseys. No Holsteins were exhibited this year.

The Jersey division was increased when about 30 head of choice animals were entered by Club boys of Bailey County for the first time. County Agent C. C. Brookshire, of Swisher County, stated that the local show exceeded the State Fair in the number of Jersey exhibitors, and County Agent Lee McElroy of this city, reported that the Jersey division of the local show far outdid the number shown at the Panhandle-South Plains Fair at Lubbock.

J. D. Strickland of Plainview, acted as judge of the show, and had many words of praise for the quality of stock on exhibition.

This was the first year that entries from outside Parmer County had been permitted, and likewise, the first year for the show to be held in Farwell.

A free barbecue, prepared and served under the supervision of Jack Crane, drew a large crowd of meat-hungry visitors to the show barn at noon Friday, and good attendance was in evidence throughout the show.

C. C. Christian, of Farwell, carried off both first and second prizes in the butterfat production contest. One of his animals milked out 27.1 pounds with a 1.38 butterfat content, and the other showed a 32.3 pound milking with 1.29 butterfat. Roy Miller, of Friona, owned the cow placing third, the animal milking out 21.6 with 1.14 butterfat, and fourth place was won by Weldon Morris, also of Friona, whose cow milked 20.8 with .96 butterfat.

The Jersey class, by far the most predominant of the day, saw outstanding animals placing as champions. David Smith, of Friona, exhibited the junior champion bull, while the Friona FFA chapter had the Jersey bull which was awarded both senior champion and grand champion. The junior champion female belonged to Ernest Ramm, of Muleshoe, and the senior champion, belonging to L. M. Grissom of Farwell, was also the grand champion.

John Hadley, of Texico, placed his Milking Shorthorn bull as junior champion of the show, with Levi Johnson, of Farwell, exhibiting the senior and grand champion bull. J. R. Hadley of Texico owned the junior champion Milking Shorthorn female, and again Johnson's animal rated both senior and grand champion.

In the 4-H club show, with Jersey entries only, the Friona FFA chapter showed the grand champion bull, and C. W. Grissom, Oklahoma Lane clubber, owned the grand champion female for the club group.

In the special award bracket, Wendol Christian, of Oklahoma Lane, received a prize of \$10 when he was named the club herdsman of the day.

Other placings in the various divisions of the show were as follows:

- Open Class Jerseys**
Class 4—Hoshall Thomas, Muleshoe, first Friona FFA, second.
Class 5—David Smith, Friona, 1st; Wendol Christian and Sterling Donaldson, Farwell, 2nd.
Class 6—Cecil Mardis, Muleshoe, 1st; L. M. Grissom, Farwell, 2nd.
Class 7—Friona FFA, 1st; Melvin Sudderth, Farwell, 2nd; C. C. Christian, Farwell, 3rd.
Class 8—Wendol Christian and Sterling Donaldson, Farwell, 1st.
Class 12—Neil Price, Friona, 1st; Harold Wells, Friona, 2nd; Joe Fallwell, Friona, 3rd.
Class 13—Ernest Ramm, Muleshoe, 1st; Bill Garrett, Muleshoe, 2nd; Lavon Rodgers, Friona, 3rd.
Class 14—Don Sanders, Muleshoe, 1st.
Class 15—Dean Williams, Friona, 1st; Kenneth Bainum, Friona, 2nd; Jack Mosley, Friona, 3rd.
Class 15a—Weldon Morris, Friona, 1st.

Grade Tournament In Texico, Oct. 26th

HOME FROM PACIFIC

Herman Kenneth Johnson, son of Mr. and Mrs. E. F. Johnson, who live 2½ miles southwest of Bovina, returned home last Saturday from the South Pacific. He has been on duty for the past 21 months.

He will be on terminal leave for about a month, after which he will receive his discharge. Kenneth saw service in the Philippine Islands and in Japan. He was two days at sea when V-J Day arrived.

Funeral Rites For Mrs. Curd, Sunday

Funeral services for Mrs. R. E. Curd, 83, were conducted at the Methodist Church last Sunday afternoon by the pastor, Rev. Harvey Carrell, assisted by Minister Lewis C. Cox, of the Church of Christ.

Under the direction of the Steed Funeral Home, burial was made in the Texico cemetery.

Mrs. Curd died at the home of her daughter, Mrs. George Loudermilk, in Clovis, Friday morning, after a lingering illness. She and her husband had been residents of Texico since 1915 until about a year ago, when they moved to Clovis.

Born in Travis Mills, Mo., she was married to R. E. Curd at Childress, Texas, on January 27, 1896. The family came to New Mexico in the early homestead settlement days of the State and located at Portales, later moving to Texico. For a number of years Mr. Curd was engaged in the furniture and hardware business here, retiring a few years ago.

Besides her husband, she is survived by three daughters, Mrs. Loudermilk, of Clovis; Mrs. J. A. Kirklind, of Dozier, Texas, and Mrs. P. D. Allen, Jayton, Texas; and one son, Walter Curd, Texico. Other survivors include 16 grandchildren and two great-grandchildren.

Funeral Services Are Held At Tatum

Funeral services were held Friday at 2 o'clock, in the Methodist Church at Tatum, N. M., for James B. Martin, resident of that city and brother of Mrs. Roy B. Ezell of Farwell.

Martin passed away on Wednesday following a lingering illness. He had sustained a stroke about a year ago and never fully recovered his health. At the time of death, Martin was 80 years old, and had made his home in Tatum for the past 40 years, where he had served as postmaster for 20 years, retiring about four years prior to his death.

Survivors include his wife, Mrs. Alice Martin three daughters, Mrs. Marion Craig of Brownfield, Mrs. Bob Nichols of California, and Mrs. Beatrice Green of Tatum; two sisters, Mrs. Roy B. Ezell of Farwell and Mrs. Lena Bonine of Ralls, and a brother, Tom Martin, of Ralls.

Mr. and Mrs. Ezell returned to their home in Farwell Saturday after spending several days in Tatum.

Men's Club Renews Activity, Thursday

C. M. Henderson, chairman of the Texico-Farwell Men's Club, announced today that the monthly meetings of the local organization would be renewed Thursday night of this week, after a vacation period of several weeks.

The meeting will be held in the basement of the Methodist Church, he stated. Local attendants are requested to bring their usual contributions of pies, sandwiches, and beans. Coffee will be prepared at the church. The meeting will get underway at 7:30 p. m.

Chairman Henderson was not in a position to name the main speaker, on Tuesday, but said he hoped to have an interesting speaker for the occasion. "If we fail to find one, there are always local problems that we can discuss to our mutual benefit," he added.

The Texico school will be host on Saturday to the grade school softball teams of Curry county, Supt. B. A. Rogers announced here today, with tournament play opening at 10 o'clock, Texas time.

In the girls' bracket, Texico meets Pleasant Hill for the 10 o'clock opener, with Ranchvale and Grady playing at 11, Field and Melrose in competition at 12 and Rosedale and Center meeting at 1 o'clock. The first semi-final game will be played between the Texico-Pleasant Hill and Field-Melrose winners at 2 o'clock, with the Ranchvale-Grady and Rosedale-Center victors battling the second semi-final at 3 o'clock. The final will come at 5 o'clock.

For the boys, Field drew a bye in the first round, and Ranchvale meets Pleasant Hill at 12 o'clock, with the winner playing Field at 2. In the lower bracket, Center is in on a bye, while Texico and Rosedale meet at 11 and the top team takes on Center in the semi-final at 1 p. m. The final game for the boys gets underway at 4 o'clock.

Coach Warren G. Harding gave a tentative lineup for his girls as follows: Boone, pitcher; Doshier, catcher; Vigil, first base; Engram, second base; Caldwell, third base; Curry at shortstop, Mears at floating short, Smith in center field, Reed in left field and Allred in right field.

The boys' lineup, as announced by Coach Rogers, puts Reed behind the plate with Tucher on the mound Gant at first, Sparks at second, Smith on third, Doshier as shortstop, Torbett in right field, Mendoza as floating shortstop, Doolittle in center field and Brown in left field.

Oil Test Is Nearing 5,000 Feet, Report

Farwell's oil test, located 4½ miles northeast of this city on the N. L. Tharp ranch, was reported to have reached near the 5000-foot level early this week.

The contract calls for a test of 7500 feet unless oil or gas is found in paying quantities at a lesser depth.

Means Will Install Locker System Here

Les Means, owner of the Home Grocery and Market in Texico, announced this week that he was making arrangements to install a zero locker system in connection with his business, and gave it as his opinion that the new plant would be ready for operation within 90 days.

He has just completed the installation of a walk-in refrigerator, and added a power meat saw to his market. With installation of the locker plant, the store will be completely rearranged.

Means is now receiving applications for locker customers and parties desiring the freeze boxes should see him at once. He plans to install a plant of 200 box capacity.

LEVI JOHNSON SELLS SHORTHORN HERD

Levi Johnson, living 12 miles northeast of this city, today announced the sale of 16 of his female Milking Shorthorns to Geo. B. McAlister of Floydada, who is starting a dairy at that place.

Included in the sale were 12 grown cows and four heifers. The sale price was not made public, but Johnson stated that he was well pleased with the sale, adding that he would continue in the Milking Shorthorn business.

For four years Johnson has shown the grand champion Milking Shorthorn cow at the Parmer County Dairy Show, and this year he exhibited the grand champion bull in this class. Last spring he received a young bull from Delevan, Wis., by express, which will be used for breeding purposes with his already excellent registered herd.

A pleasant afternoon outing ended in tragedy, costing the life of one of the county's nest young men, when shortly after noon Sunday W. M. Donaldson, 16-year-old son of Mrs. Joe Donaldson of the Oklahoma Lane community, was fatally burned in an airplane crash.

Donaldson was riding with Earl Sparks, son of Mr. and Mrs. Clyde Sparks of southwest of Texico, in a small Piper Cub when the plane caught on fire only a short distance from landing and burned his body to a crisp. Sparks, who was piloting the machine, and was in the front cockpit, escaped with rather severe burns about the right forearm and lower right leg.

Donaldson was removed to a Clovis hospital a short time after the accident, and died about three hours later.

Sparks, who has owned the little plane the past few months, had been at the Donaldson home during the afternoon, taking young people up for pleasure rides, and was coming in for a landing, to change passengers, when his little machine became a flying fire.

Funeral Held Tuesday
Funeral services were conducted at the Baptist Church at Oklahoma Lane on Tuesday afternoon by Rev. Hubert Faust of Fort Worth, Texas, who had conducted revivals at Oklahoma Lane. He was assisted by Rev. Roscoe Trostle, Methodist pastor of Oklahoma Lane and Bovina. Burial was made at Oklahoma Lane under the direction of the Rix Funeral Home of Lubbock.

Active pallbearers were members of the Cowboy football squad, of which young Donaldson had been a member, and their coach, W. M. Roberts. They were: Myrtle Glenn Rundell, Weldon Rundell, Scotty Gober, Bill Dollar, C. W. Grissom, Donald Christian, Paul Young, Lee Sudderth, Jr., and Ernest Foster, Jr.

The athletic squads of both Farwell and Bovina high schools attended the rites in a body out of respect for the former football star, who played in the backfield for the Oklahoma Lane Cowboys.

The little church was filled to overflowing long before the services were scheduled to begin, and the church yard was crowded with sorrowing friends who were unable to get inside the building.

W. M. was born and reared in the Oklahoma Lane community and all his schooling was attained there. He was a member of the junior class at the time of his death. Of a family of twelve children, he was the last to be left at home with his widowed mother, other members of the family having married and established their own homes.

A family reunion was being held at the Donaldson home on the day of his tragic death, however, none of the family members witnessed the crash that cost the young man his life. The plane took fire and fell some three or four miles from the scene of the family gathering.

In addition to his mother, the boy is survived by a brother, Sterling, of Farwell, and ten sisters: Mrs. Clyde Sparks, mother of the owner of the plane; Mrs. Charlie Hromas of Hereford, Mrs. Joe McWilliams of Farwell, Mrs. Jess Terry of Farwell, Mrs. Arnold Hromas of Bovina, Mrs. J. C. Boone of Hereford, Mrs. Wendol Christian of Farwell, Mrs. Harold Carpenter of Farwell, Mrs. Hugh Tucker of Texico, and Mrs. Maybell Edwards, White Flat, Tex.

Witness Describes Crash

Leonard Hanna, 16, who was standing at the Robert Rundell mail box, watching the plane come in from a northeastwardly direction, gave this account of the tragedy:

"I was standing watching the plane come in, and just about the time it got above the Neil Hendrickson house it was only about 30 feet high. I saw the flames and smoke begin to pour from underneath the plane.

"Sparks was supposed to land the plane directly in front of me and was to take me up next. But when the plane caught on fire, the pilot began trying to get to the ground in a hurry. The result was that he landed some four or five hundred yards east of where he intended to bring it down.

"They had only been up about five minutes and I was to be the next passenger. As the plane neared the ground the flames increased, and when it hit the ground it bounced about three times, stuck the nose in the ground and flip-flopped completely over. Just as

Navy Day Will Be Noted On Sunday

NEW ORLEANS—Special flower ceremonies with contributions of single blooms from each donor will again mark memorial services on Navy Day, Sunday, Oct. 27, for all persons who died at sea during World War II, Eighth Naval District Headquarters announced today.

Participants were asked to send one blossom or bud, preferably wild or home grown, and to avoid sending flowers purchased for more than a modest sum. Flowers received at designated ports before midnight Saturday, Oct. 26, will be put aboard Navy ships or planes and scattered over the oceans in expression of the sentiments of a grateful world.

Appropriate all-faith services will be held before the take-off and ships and planes will proceed out of sight of land to scatter the floral offerings, the Navy said.

Sponsored by the Navy League, the ceremony will be observed in the continental limits and in Alaska, Pearl Harbor, Guam, Manila, San Juan, the Canal Zone, Samoa and the Virgin Islands. Flowers from the United States will not be delivered to ports overseas, since ports outside the continental limits have been designated for local observance only, the Navy explained.

In the eight states of the Eighth Naval District, the ports of Mobile, Ala. Corpus Christi, Tex., and Pensacola, Fla., have been designated as receiving spots for flowers. Blossoms should be sent in care of the Senior U. S. Navy Chaplain at the closest of the three ports, district official said.

New Frazer Car on Display Here Thursday

The new Frazer automobile embodies 1947 styling and engineering features designed to provide utmost passenger safety as well as comfort and "roadability", says A. C. Green, manager of the TexicoFarwell Motor Co., in Texico.

On public display Thursday, October 24, at the Texico-Farwell Motor Co., for the first time, the Frazer is powered by a 100-horsepower six-cylinder Continental engine developed by Continental and Graham-Paige engineers. Of L-head design, the high-compression engine has aluminum alloy pistons with a displacement of 226 cubic inches, and a bore and stroke of 3 5-16 and 4 3-8 inches, respectively. The compression ratio is 7.3:1.

An overdrive, providing a smoother, quieter ride with greater fuel economy, will be available as optional equipment on the Frazer. Other mechanical features of the new automobile include a forged counterweighted crankshaft with four main bearings, rubber engine mountings and automatic choke. The SAE horsepower is 26.3.

Mechanically conventional, the Frazer nevertheless embodies extensive improvements on the features which have made the American automobile the best in the world.

Among its safety features are wide, five-inch wheel rims which provide greater steering safety and stability on turns at high speeds. Increased visibility is provided by the two-piece 765-square-inch windshield, which is approximately 100 square inches larger than the windshield areas of competitive models. The pillar posts have been moved back, increasing the angle of the windshield and providing greater side vision for the driver.

In addition to the fundamental

safety features of the all-steel body with safety glass throughout, rigid box frame, and large self-centering hydraulic brakes, the Frazer has entirely new-type door handles that operate by gentle pressure on a "trigger" concealed in the inside curve of each handle. The door handles are designed so that there are no open ends to catch clothing.

Other interior appointments include a smartly designed instrument panel and attractive two-tone upholstery. Seat cushions are of air-foam rubber.

Providing unexcelled riding comfort and enabling the driver to maintain more perfect control at high speeds, longer-stroked shock absorbers have been incorporated into the chassis design. The front wheel independent suspension is effected through helical-type springs, while the semi-elliptic rear springs are rubber mounted with rubber inserts between the leaves.

Also providing for passenger comfort, the rear seat of the new automobile is located ahead of the rear axle, so that the passengers are seated in the best riding positions. The advanced location of the rear seat also provides greater storage space in the rear luggage compartment and makes possible unprecedented seating width.

Both front and rear seat cushions in the Frazer are 62 inches wide, with the door-to-door width 64 inches.

With a 123½-inch wheelbase, the Frazer has an overall length of 203 inches, a loaded height of 64½ inches, and is 72 7-8 inches wide at the widest point. The front and rear treads are 58 and 60 inches, respectively, and the tire size, 15x6.50.

Test models of the Frazer have been on road and laboratory "break-

downs" 24 hours a day for several months. Special tests included an extended trial run in the Great Smoky Mountains in Tennessee and North Carolina, where hill climbing, braking, acceleration and other performance factors were checked under extremely rugged driving conditions.

"True Blue". It was at the buffet in a smoky London railway station that the sergeant first looked into the bluest eyes. They turned out to be the truest, to. This inspiring love story appears in *The American Weekly*, the magazine distributed with next Sunday's *Los Angeles Examiner*.

NEW STAFF MEMBERS

LUBBOCK—Five men have recently been added to the ROTC staff at Texas Tech, according to Lt. Col. Ludlow C. Adams. The new staff members are First Lt. Thurston N. Mallard, M-Sgt. Max L. Fisher, M-Sgt. John G. Tanner, M-Sgt. Leroy E. Behrens, and Sgt. Paul Sills.

CHARTER RECEIVED

LUBBOCK—The official charter for the Texas Pannandle Chapter, American Institute of Architects, was received last week, by F. A. Kleinschmidt, president, who is head of the department of architecture and allied arts at Texas Technological College. The chapter operates in 54 counties.

Health Notes
 By Texas Department of Health

AUSTIN—From a health standpoint, life after forty begins to be more complicated for the average individual, than it was in his earlier years. According to Dr. Geo. W. Cox, State Health Officer, the principal health foes confronting people in middle life are heart disease, cancer, kidney disease, high blood pressure, hardening of the arteries, apoplexy, diabetes and arthritis.

Middle aged people of today are healthier than were those of preceding generations, and the present generation, when they reach middle age, should enjoy even better health than their parents of today.

Medical care in middle life has two important phases. The first is going to the doctor at regular intervals for a complete physical check-up, whether or not there have been symptoms that suggest the need for medical attention. The second is prompt attention to any illness which may mean he difference be-

tween prompt recovery and continued good health and prolonged invalidism. It is difficult to say which of these phases is the more important.

It has been found that men and women who faithfully pursue the habit of regular health examinations and who follow the advice arising from them tend to live longer, more satisfactorily, and freer from disease than those who simply take a chance and go to the doctor only when pain or disability forces them to give up their normal activities.

It is also a fact that many diseases of middle age respond to treatment in early stages, whereas if neglected until later stages they often cause permanent invalidism and even death.

Good advice for persons over forty is that they have regular physical examinations and obtain prompt medical attention for any and all illnesses.

STARKEY RENDERING SERVICE
 Clovis, New Mexico

SO . . . IT WASN'T LOADED!

It's the same old story many times a year . . . the firearm that wasn't loaded. Children not even in their teens . . . people your own age . . . older people . . . all who forgot the first principles of safety at an unthinking moment.

Firearms, like so many of man's useful products, are made to serve . . . they protect the home, provide enjoyment for the hunter, bring game to the table. Yet, when wrongly and unthinkingly used, they create havoc and tragedy.

Natural Gas is also a useful product to man . . . Natural Gas brings warmth, hot food, hot water, refrigeration and air-conditioning to make life more enjoyable. Yet, when used unthinkingly, it creates a hazard . . . a hazard that need not exist.

For many years, the rubber hose connection was thought to be safe. Today, we know that it is not . . . rubber deteriorates with age, causing leaks; rubber is porous and unsafe.

That is why we urge you to enjoy your Natural Gas with SAFETY . . . replace rubber hose connections today with METAL TUBING. The cost is so little . . . the safety so great.

Contact Offices Are Being Used By Vets

Contact offices of the Veterans Administration are fast becoming familiar places to war veterans of the Southwest, judging by the reports of contact representatives.

From January through September of 1946, a total of two million contacts were handled by VA representatives in Texas, Louisiana and Mississippi. More than 1,334,000 were personal contacts.

Some 391,444 veterans phoned in questions and requests for information, while 279,752 contacts involved correspondence.

The desire for information on new veterans legislation enacted by Congress in August drew large numbers of ex-servicemen to VA contact offices during September. Veterans preparing to go back to school in September also paid thousands of calls to VA offices for guidance.

Another phase of contact activity—that of preparing benefit applications—went forward as usual with representatives preparing 41,138 applications in August and 35,373 in September.

Medical Questions And Answers Given By VA

Q. I served only four months in the army before I got a dependency discharge. Now I'm in need of an operation. Am I eligible to enter a veterans' hospital?

A. Yes, any veteran is eligible for hospitalization at a VA hospital if he served at least 90 days in the armed forces and his discharge is other than dishonorable. However, to be treated for non-service connected ailments, you must sign a statement that you are financially unable to pay for private treatment.

Q. Can a veteran be cared for in a private hospital at the expense of the government?

A. Yes, provided the ailment was incurred in or aggravated by service in the armed forces and prior authorization is obtained from VA regional office. In the case of female veterans, the ailment need not be service-connected.

Q. Can I be treated at a VA hospital for malaria that didn't evidence itself until after I was discharged from the Army?

A. Yes, the VA rules that malaria may be service-connected even tho no attacks occurred prior to the vet's release from service. Therefore, you may be hospitalized in a private hospital if an emergency or in a VA hospital. Out-patient medical treatment may also be authorized. If your illness is serious enough, you may also file a disability claim.

Q. Is a vet's family entitled to care in a VA hospital?

A. Not unless they have attained eligibility in their own right by reason of service in the armed forces.

Q. May I be furnished a wheelchair by the VA?

A. Yes, if you have a service-connected disability requiring the use of one.

Q. May an honorably discharged Wac obtain hospital treatment and

domiciliary care in a VA facility?

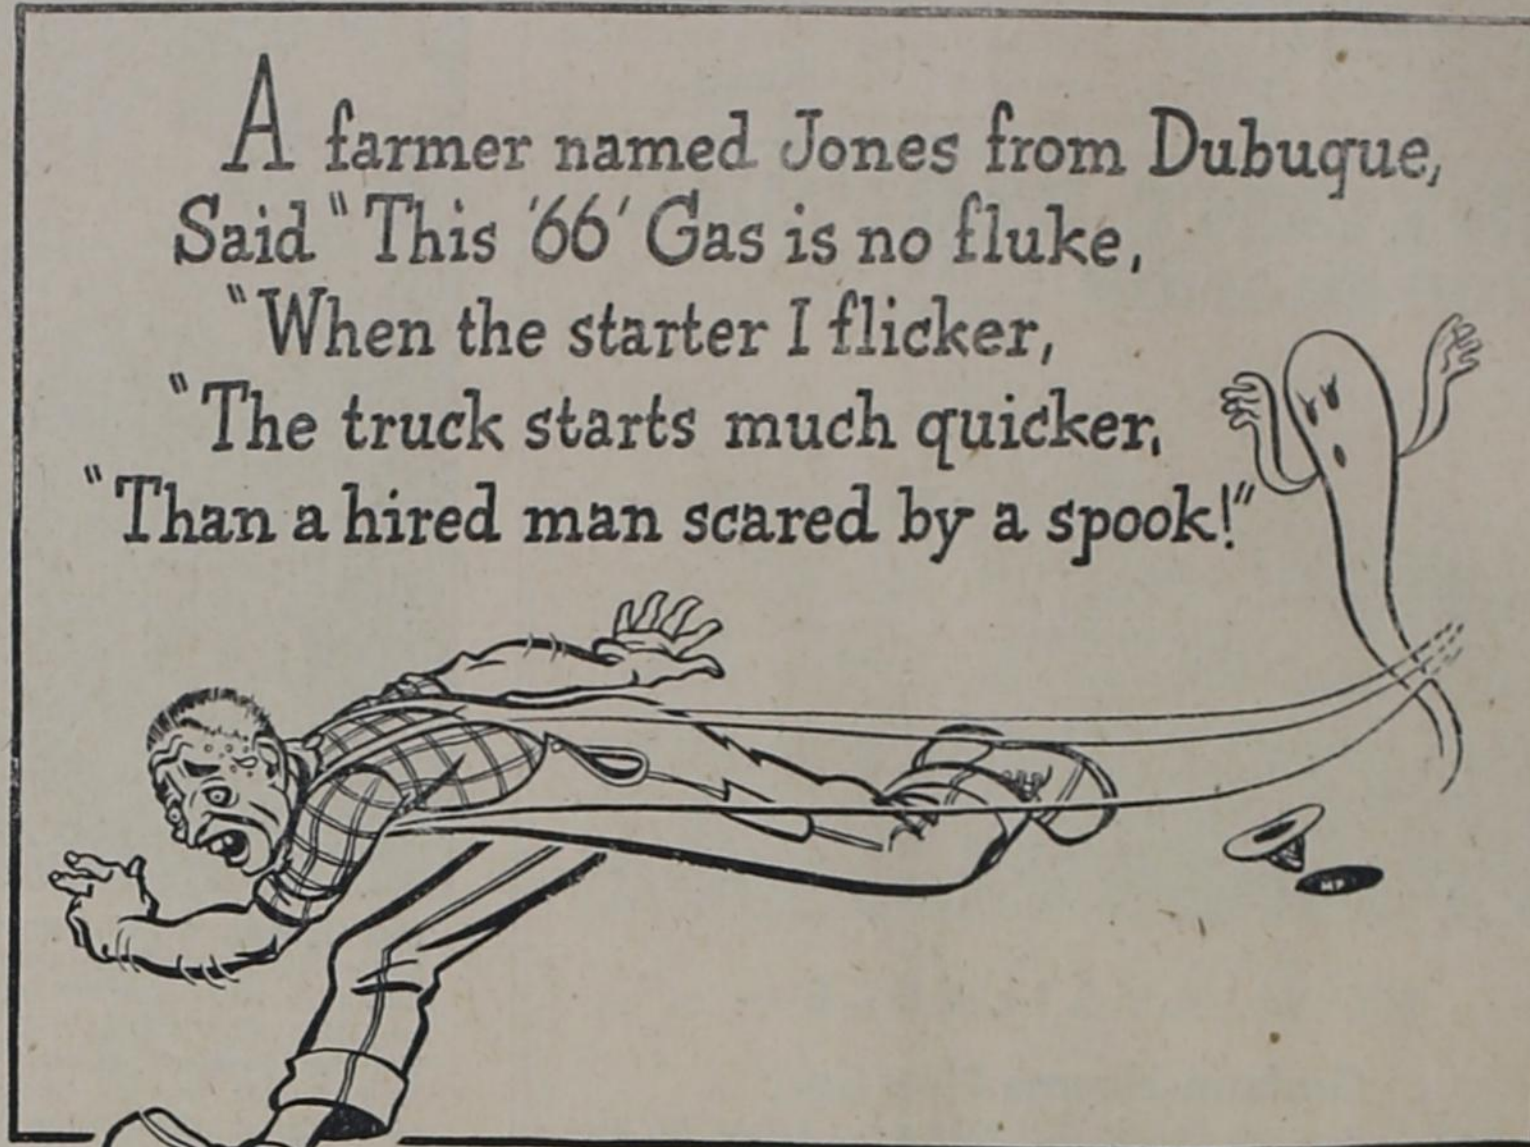

A. Yes. Former Wacs, as well as any other women's organization in the armed forces, are entitled to the same treatment as male veterans.

TEXICO-FARWELL

A FARMER TOLD ME

"Electric Service is my BEST Hired Hand . . ."

It's no wonder that farmers praise the advantages of electric power. Electricity has scores of uses on a modern farm and provides reliable, efficient power at extremely low cost.

For milking, incubation and brooding, light to work by, power for a work shop, there's nothing to match it. And today, electricity is cheaper than ever before. It's always ready 24 hours a day and doesn't register on the meter when not working for you.

We're proud that in our 22 years of service we've been a pioneer in building ahead for the future. Our 12 million dollar expansion program is bringing the advantages of dependable low-cost electric power to more and more farmers in the entire Panhandle-Plains Pecos Valley area.

A PIONEER IN BUILDING AHEAD FOR THE FUTURE!

Hallowe'en Carnival Slated For Farwell

The annual Hallowe'en carnival, complete with witches, black cats, hobgoblins and jack-o-lanterns, will get underway in the auditorium of the Farwell school next Thursday night, October 31, at 7:30, it was announced today.

Highlighting the yearly affair will be the race between nominees representing the various classes, for the honor of Carnival King and Queen. Votes for this election sell at 1c each, and ardent supporters of the various candidates are already beating the bushes to unearth voters.

Wilda Green and Buster Herington represent the seniors for queen and king chairs, with Boe Loe as prince and LaMoin Jones as princess. Jo Ann Williams and Junior Robertson, Talma Randol and Sonny Graham are the junior nominees, Alta Faye Martin and A. C. Henne-man, with Tommy Meeks and Dwane Curtis as escorts, are carrying the sophomore colors. The freshmen named Wanda Sheets and Don Ford as prospective queen and king, while Hazel Petree and Dwight Rose are princess and prince. Modelle Hammonds and Jerry Pool are in the race for the eighth grade, escorted by Ernest Lokey and Nelma Branscum.

Voting will be closed an hour before coronation time, and an elaborate ceremony will be held as the finale of the carnival when the elected students ascend to the thrones for their one-night rule.

Booths of all description are being planned by clubs, classes and other groups, with those in charge promising the most extensive carnival in years. No charge will be made at the door, and the public is cordially invited to take part in the fun and frivolity.

Tenth Birthday Is Celebrated, 15th

Shirley Nadean Stover celebrated her tenth birthday last Tuesday, October 15th, when she was surprised at a Brownie Scout meeting.

A lovely decorated cake, complete with birthday candles, was taken to the Ernowie meeting by Mrs. Stover, and the youngsters enjoyed the cake with bottles of pop. Pictures of the 27 Scouts were taken.

Local Church Hostess To Zone Meeting

The local Woman's Society for Christian Service of the Methodist Church will be hostess next Tuesday, October 29th, when members from the Clovis district gather here for the regular zone meeting.

The all-day gathering will open at 11 o'clock, and a covered dish luncheon will be enjoyed at the noon hour, followed by a program in the afternoon.

Subject for the day will be "Christian Stewardship". Mrs. Ernest Knott will be at the piano for the meditation in music, opening the program, and the group will join in a hymn, after which Mrs. Eunice Steed and Mrs. Knott, of First Church, Clovis, will conduct the meditation. Just prior to the noon hour, Rev. J. Foster Hamilton, of Grady, will deliver a sermon.

Mrs. Knott again opens the afternoon program with music and Mrs. L. L. Brown, of Portales, will have charge of the meditation. "Stewardship of Talents" will be discussed by Mrs. L. L. Rose, Melrose; "Stewardship of Time" by Mrs. C. D. Hamilton, Rosedale; "Stewardship of Prayer" by Mrs. Joe Wilcox of Grady.

The annual conference report will be given by Mrs. Frank Greathouse and Mrs. J. C. English, and the group will close the day with prayer and a hymn.

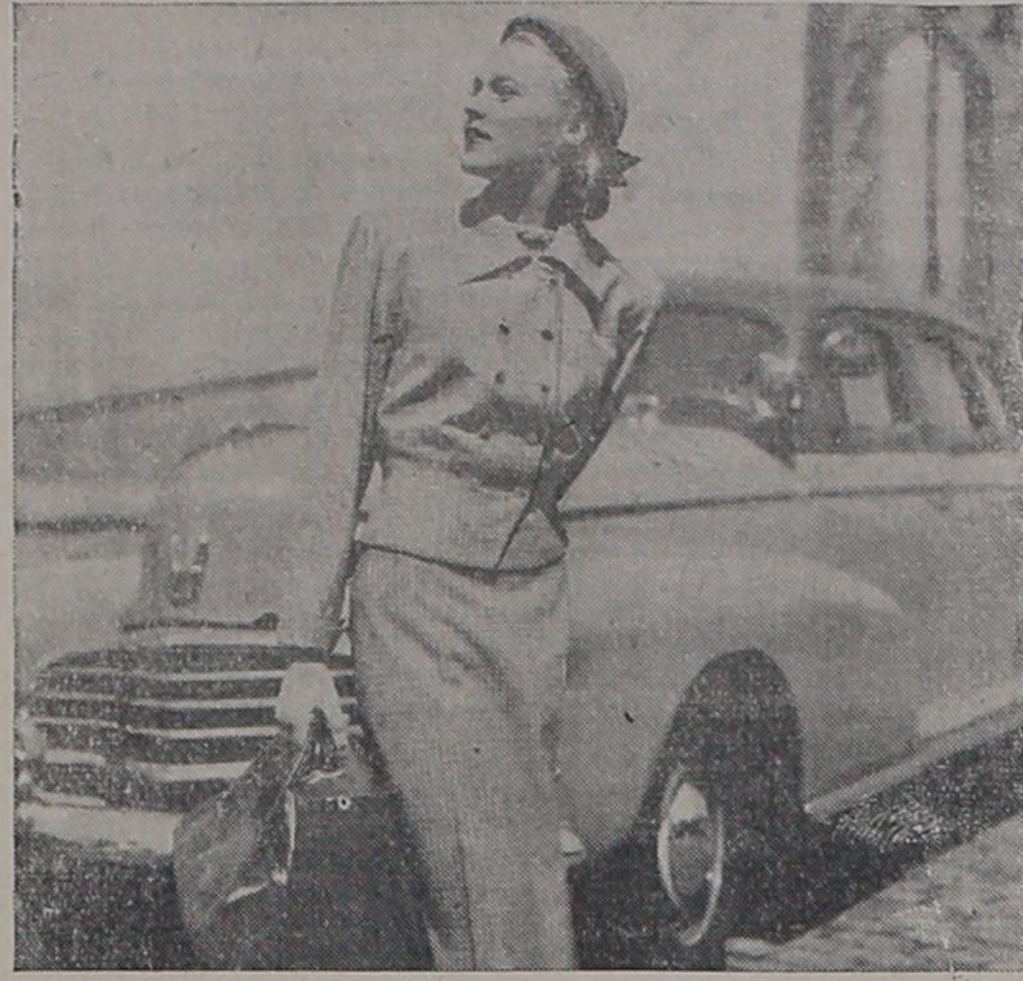

Mrs. Porter Hostess To Ruth S. S. Class

The Ruth Sunday School class met in the home of Mrs. Mae Porter on Thursday, October 10. A covered dish luncheon was served, and the day spent in sewing for the orphan girl "adopted" by the class at the Portales Orphan's Home.

Those present were Mesdames Carrie Hamrick, Fern Hardage, Inez North, Maude Brown, Carrie Hardage, Beulah McWilliams, Clythe Dial, Jenocye Ford, Ruth Middleton, Alvenia Sharpe, Dickie Magness and Mae Porter.

Mrs. Amil Destefano and daughter, Anna Marie, of Philadelphia, Pa., are visiting her parents, Mr. and Mrs. L. C. Moore in Bovina. On Sunday, other guests in the Moore home were Mr. and Mrs. L. C. Moore Jr., of Amarillo, and Misses Mozelle and Sula Moore of Clovis.

★ FASHIONS ★

For that youthful look, the flat worsted wool suit with minute checks, shown above as pictured in the September issue of Good Housekeeping magazine, is ideal. In the background is shown a new Chevrolet car.

Queen Candidates Are Named By Classes

Candidates for queen and king were selected by all grades of the Texico school this week, with the race to climax in coronation ceremonies at the annual stunt night program, which is sponsored by seniors of the school and will be held in the auditorium next Friday night, November 1st.

The seniors have named Minnie Smotherman and Jerry Paul; the juniors chose Mary Harding and Gerald Baldock; Grace McDaniel and Fred Curtis will represent the sophomores; and Joyce Hazzard and Mansell Doolittle are the freshmen choice in the race for high school honors.

Grade school candidates are: eighth, Violet Curry and Wayne Breeze; seventh, Margaret Boone and Lucy Gant; sixth, Jo Sandra Magerus and Coleman Hunton; fifth, Catherine Bell and Ray Harvey Snodgrass; fourth, Gloria Sanders and Jerry Poteet; third, Sue Doolittle and Lester McDaniel; second, Mikala Ann Faville and Dick Lockhart; and first, Patsy Cox and Johnny North.

All classes of the school, as well as the various clubs, are preparing stunts for the program, with one of the features of the evening being the cake walk. The doors will open to the public at 7:30, Texas time, and admission will be 10c per person.

Wedding Performed

The marriage of Miss Clare K. Kobl and Carthel Levi Foster was solemnized at the local courthouse on October 19, with County Judge A. D. Smith presiding.

Named to "Who's Who"

ABILENE — Miss Willie Ellen Williams student at McMurry college, has recently been elected into the national association of Who's Who in American Universities and Colleges. Miss Williams, whose home is in Bovina, was selected on the basis of character, leadership, scholarship and potentialities to future usefulness to business and society.

Mr. and Mrs. Edgar Campbell of Rosedale, are parents of a baby girl, born Friday, October 18. She is the former Miss Geraldine Thomas.

Jess Herbert Pipkin, of Canyon, visited with relatives here Friday.

Mr. and Mrs. Harold Dixon, of Albuquerque, were weekend guests in the home of his mother, Mrs. Ruby Dixon, in Farwell.

Mr. and Mrs. Lee McDaniel, of Lubbock, visited with relatives here over the weekend.

Week of Prayer Will Be Observed Friday

Commemorating the annual Week of Prayer, the Woman's Society for Christian Service and the Wesleyan Guild of the Hamlin Memorial Methodist Church will hold a special program at the church on Friday afternoon and evening of this week.

Beginning at 3 o'clock in the afternoon, the WSCS will have charge and Mrs. Roy B. Ezell will serve as chairman. The program will take up a study of the Frances DePauw training home in Los Angeles and the Vashti School for Girls at Thomasville, Florida.

A covered dish supper will be served at seven o'clock in the evening, in the parlor of the church, following which the Wesleyan Guild will have charge of the program. Mrs. Frances Newton, chairman, will direct the program on "India". All members of the WSCS and Guild are urged to attend, and visitors are cordially invited.

Mrs. L. D. Parker and daughter, Caroline, of Amarillo, spent the weekend with her parents, Mr. and Mrs. Roy B. Ezell.

Mrs. W. O. Cherry and Mrs. Chas. Ross, both of Bovina, are attending the Texas convention of Eastern Star, at Houston.

TO HUNT PHEASANTS

Mr. and Mrs. Oswald (Buddy) Jones of this city, and S. D. Holt of Muleshoe, plan to leave here Saturday for South Dakota on a pheasant hunt.

Refreshments were served to Mrs. Coombs, Mrs. Free, Mrs. J. Sam Gaines, Mrs. Hilary Tidenberg, Mrs. Jo Looney, Mrs. Vernon Ward, and one guest, Mrs. A. G. White.

First Homestead Is New Memorial

By TIM PARKER (AP Newsfeatures)

BEATRICE, Neb.—The nation's first homestead is going to become a memorial to the thousands of pioneers who almost a century ago answered the call of "free land".

The first claim under the Homestead Act of 1862—by which the government gave away an acreage nearly equivalent in size to the states of Texas and Louisiana—was filed by Daniel Freeman.

The young Union soldier had picked out a 160-acre plot, 3 1/2 miles northwest of Beatrice, and planned to file his claim on the morning of Jan. 1, 1863, when the Homestead Act went into effect.

But the night before he was ordered to proceed to St. Louis. He hunted up a land office, and learned the officials were attending a dance. The anxious young soldier went to the dance and sought out an assistant land registrar and persuaded him to leave the ladies just long enough to accept his claim—just a few minutes after midnight.

In the four decades following Freeman's first filing, the nation's population doubled as land-hungry immigrants peopled the west.

Freeman himself didn't get to return to his homestead until two years after he made his claim. Released from the Army in 1865, he built a log cabin and farmed his homestead until his death in 1908. His body, with that of his wife, now lies buried within the original homestead grounds.

The grassy acreage was made a national monument in 1939. But the imminence of war prevented any formal recognition.

"Now we plan to make it possible for the visitor to Freeman's homestead to understand the story of the hardships of pioneer times," says Howard W. Baker, associate region 2 director of the National Park Service.

"Among other things, we'll build a museum," Baker said.

Plans call for restoration of the original cabin, but Congress will have to provide money before the site can be developed.

The authorized capacity of Veterans Administration hospitals was increased by 1,882 beds during August, mainly because VA began operations that month in three hospitals acquired from the Army.

You are hereby commanded to appear before the Honorable District Court of Parmer County at the Court House thereof, in Farwell, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 11th day of November A. D. 1946, then and there to answer Plaintiff's Petition filed in said Court, on the 30th day of September A. D. 1946, in this cause, numbered 1376 on the docket of said court and styled Henry Lewis, Plaintiff, vs. S. G. Sheller, et al, Defendants.

A brief statement of the nature of this suit is as follows, to-wit:
Plaintiff brings suit in trespass to try title, alleging that he was the owner of

Lots one (1) and two (2), Block forty-six (46), of the original town of Friona, Parmer County, Texas,

on the 1st day of September A. D. 1946 and that the defendants and all of them unlawfully entered upon said premises and dispossessed him therefrom and withhold possession thereof from him for a period of thirty days to his damage in the sum of \$100.00, and it is alleged that he owns fee simple title to said lots and he further pleads that he has fee simple title to said lots by reason of the ten year statute of limitations, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this the 30th day of September A. D. 1946.

Attest:
D. K. ROBERTS, Clerk,
District Court, Parmer County, Texas.
By: Dorothy Lovelace, Deputy.
(SEAL) 47-4tc

**THE STATE OF TEXAS
COUNTY OF PARMER
SHERIFF'S SALE**

WHEREAS, on the 27 day of August, 1946, in Cause No. 1155 in the District Court of Parmer County, Texas, wherein The State of Texas, County of Parmer and Farwell Independent School District were Plaintiffs, Impleaded Party Defendants, and Intervenor, recovered judgment against James S. Bryant, and the unknown heirs, assigns and legal representatives of the said James S. Bryant, Defendants, for taxes, penalty, interest, and cost against the hereinafter described property;

WHEREAS, on the 26 day of September, 1946, by virtue of said judgment and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property.

WHEREAS, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 27 day of September, 1946, seize and levy upon as the property of the above defendants the following described property, situated in Parmer County, Texas, to-wit:

FIRST TRACT:

All of lots 10, 11, 12, 15 and 16, Block 42 of the original town of Farwell, Parmer County, Texas.

And I will on the first Tuesday in the month of November, 1946, the same being the 5th day of said month, proceed to sell all the right, title, and interest of the Defendants in and to said property at the Court House door of said county in the city or town of Farwell, between the hours of 2:00 p. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property in said suit, whichever is lower, subject also to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the Defendants to have said property divided and sold in less divisions than the whole.

DATED at Farwell, Texas, this 1st day of October, 1946.

EARL BOOTH,
Sheriff, Parmer County, Texas
49-3tc

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO: J. Q. Burton, H. W. Scurlock, S. F. Scurlock, Harry C. Good, Emma A. Good, A. C. Kirby, Veta M. Kirby, Guy Gamble, E. E. Nolen, A. E. Elliott, Dr. E. Elliott, Audy L. King, Esther O. King and A. Reed, and the unknown heirs, assigns and legal representatives of said parties, Defendants, Greeting:
You are hereby commanded to appear before the Honorable District Court of Parmer County at the Court House thereof, in Farwell, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 2nd day of December, A. D. 1946, then and there to answer Plaintiff's Petition filed in said Court, on the 15th day of October, A. D. 1946, in this cause, numbered 1377 on the docket of said court and styled Joseph M. Handy, Plaintiff, vs. J. Q. Burton, et al, Defendants.

A brief statement of the nature of this suit is as follows to-wit:

Plaintiff brings this suit in trespass to try title alleging that he is the owner in fee simple of the South one-half (S½) of the Northwest one-quarter (NW¼) of Section thirty-two (32), Lot Fifteen (15), Township nine (9), South, Range one (1) East, in Parmer County, Texas, and was so the owner on the first day of October A. D. 1946, and that the defendants and all of them unlawfully entered upon said land and withhold from him the possession thereof to his damage in the sum of \$100.00.

Plaintiff pleads in the alternative that he has fee simple title to said lands by reason of having fulfilled the ten year statute of limitations. Plaintiff prays for title and possession of the above described lands, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this the 15th day of October A. D. 1946.

Attest:
D. K. ROBERTS, Clerk,
District Court, Parmer County, Texas.

Local Bakery Features Protein-Rich Bread

Mindful of the increasingly important part bread is playing in the nation's diet—and seeking to increase their white bread's nutritional properties even in excess of government-stipulated enrichment levels, Crawley's Bakery has developed a loaf with high protein as well as increased vitamin and mineral properties.

It is generally understood that the Federal Government's enrichment regulations covering white flour and white flour products calls for an addition thereto of vitamin B1 (thiamin), vitamin B2 (riboflavin) and the pellagra-preventive vitamin commonly known as niacin. Enrichment also calls for an increase in the iron content. White flour and white bread enrichment is generally accepted as a generous contribution on the part of America's millers and bakers to the well-being of the nation. All white bread in this market is enriched.

The chief objective of the new bread formula is to increase white bread's protein content. For this purpose, a rich natural source of the kind of protein found in meat, eggs and milk is used in the new bread. This new enriching agent is also a splendid source of calcium and phosphorus—mineral substances so important to growing children and to adults as well.

Food scientists are in ready agreement as to the importance of increasing the American public's vita-

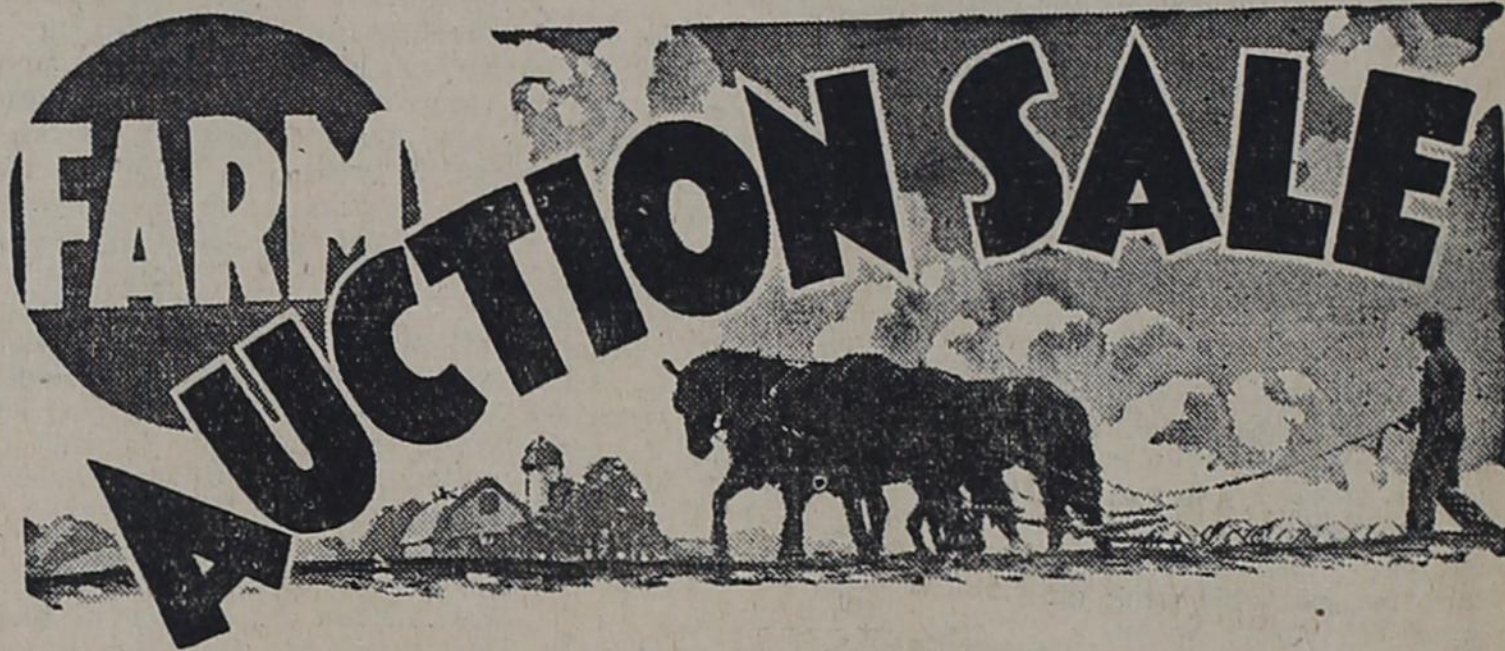

min intake. The necessity of minerals in the diet was accepted long before vitamin therapy had been developed. In regard to protein, scientists declare that it is life itself—that protein is made up of the amino acids without which vitamins, minerals nor any other food substance could be digested and assimilated by the human body.

An assay of the protein in Crawley's new white bread reveals that it contains the 10 amino acids absolutely essential to food digestion and assimilation. In addition to these 10, the assay reveals four other of the 28 amino acids so far identified in the laboratory.

Bread for nutrition is admittedly an important peace as well as wartime development. Both here and in the war-blighted areas of the world, bread is bound to play an important part in the people's diet. The higher the nutritional potency of white bread, the farther it can go in helping the housewife keep within her food budget.

Aside from the nutritional plusses evident in Crawley's new white bread, the loaf shows up remarkably from the standpoint of prolonged freshness. This, too, is important, as bread is used increasingly in lunch boxes. There is also a delightful, old-fashioned wheaty flavor about the new bread. This is particularly true when toasted.

Tribune job printing is best.

As I have sold my farm I will offer the following items at Public Auction at my farm located one and one-half miles South and one-fourth mile west of Texico, New Mexico on —

Tuesday, October 29th

Starting at 11:00 O'clock Promptly

HOUSEHOLD GOODS

- 1—Kitchen Sink

THE MAVERICK

EIGHTH GRADE NEWS

The queen of the eighth grade is Modelle Hammonds, the king is Jerry Pool, the prince is Ernest Loke and the princess is Nelma Branscum.

—FHS—

FRESHMAN NEWS

Didn't it seem as though this six weeks passed swiftly? Goodness! Before we even knew it, we were cramming for tests! Just think, we have gone to school for about eight weeks.

We elected as our nominees for carnival honors Wanda Sheets as queen, Don Ford as king, Hazel Pe-tree as princess, and Dwight Rose as prince. Pretty good-looking bunch, don't you think?

—FHS—

SOPHOMORE NEWS

The sophomore class started the Hallowe'en season early by bobbing for apples at their party, Friday night, the 11th, at the homemaking building. After the apples were gone the group went on a scavenger hunt.

We also elected our candidates for the Hallowe'en race. Alta Martin as queen, king, A. C. Henneman; for princess, Tommy Meeks and for prince, Dwane Curtis.

—FHS—

JUNIOR NEWS

Hallowe'en is just around the corner, and with the juniors in charge of the carnival, it really keeps us jumping. The annual queen race, big event of the amusement year, got into full swing last Wednesday when class candidates were announced. We selected as our queen Jo Ann Williams, escorted by Junior Robertson, nominee for king. Princess is Talma Randol and prince is Sonny Graham.

Those moans and groans you hear about the third period every day are not coming from unfortunates on a torture rack, they are the agonized voices of some poor soul battling out his brains over a machine in the typing room. With the mistakes that class makes the typing paper business is surely headed for a boom. One male typist was heard to murmur under his breath that he couldn't even write his own blankety-blank name any more.

Another cause for grief this week were those good ole six weeks exams. Many pupils were found staring wide-eyed at their report cards

at what they thought was supposed to be a good grade. Better luck next time.

—FHS—

SENIOR NEWS

The seniors elected as candidates for the coronation Hallowe'en festivity the following: queen, Wilda Green; prince, L. C. Herington; prince, Bob Loe; and princess, La Moin Jones.

—FHS—

SCANDAL

Peggy June and J. W. are sweet and lovely. Woo! Woo!

We wonder if Max is in jail. He might be because he stays at the courthouse so much of the time.

What happened to Bob Loe's girl friend? Does Howard Ham have something to do with it?

Dan, tell us about your new girl, or is it just an old flame? Eh, Alta? Valorie and Chester had it BAD last time I heard.

Which two freshmen girls are seeing a certain eighth grade boy? What about it, Pauline and Rosamond?

It seems that one of the freshman girls is awfully jealous cause Hettye sits with Con F. all the time.

Hear that Rosamond has been writing letters to her boyfriend in homemaking class. Naughty!

We have reason to doubt that if Ernest offered Modelle a date she would refuse him.

I can't imagine why Belva was so happy on Saturday. Could it be a phone call from "Joe"?

Wouldn't it have been nice if the ferris wheel had stopped with Jerry and Nellie one top?

It's too bad Ernest isn't a sophomore this year. That's where his mind is most of the time.

Bob says when Beryle comes to see him, there is one subject he can think about. P. S. That is Ann.

'Heightened Hope For Alcoholics'. America's chronic drunkards, once shunned as social outcasts, are being redeemed by new, humane treatment that restores them to health and respectability. Read the story in The American Weekly, the magazine distributed with your copy of next Sunday's Los Angeles Examiner.

Soil Conservation Is Soil Insurance.

Denver Pioneers Will Invade Tech, Oct. 26

LUBBOCK—Denver University's rampaging Pioneers, champions of the Rocky Mountain area, will invade Texas Tech Saturday, Oct. 26, for what is expected to be another tough gridiron battle for the Red Raiders.

Coach Cac Hubbard of Denver will bring in an aggregation which has gained considerable attention for its open game and snappy passing combination. Sparked by John Karamigios, powerful all-conference fullback and Bob Hazelhurst, razzle-dazzle tailback, Denver also ranks well on power drives and is rated by Tech scouts as a hard team to stop.

Coach Dell Morgan of Tech, however, has been working his lads hard for each game and is anxious to win his only intersectional encounter this year. The Raiders have been gaining power in some departments and are looking to speed in the backfield to bring necessary points.

Morgan has impressed upon his charges greater teamwork is necessary and major attention must be given to blocking. He is hopeful CoCapt. Roger Smith, All-America service man; Charles Reynolds, Border conference 100-yard dash champion; hard-driving Cecil Norris and shifty Walter Maloney will be able to provide the ground punch.

Tech may be expected to open up with more passing against the Pioneers, with Dick Standefer, Roger Smith and Ernest Hawkins doing the heaving. Red Williams, Bill Kelley and Dub Moyers, ends, have been showing up better as receivers. A capacity crowd is expected to see the game.

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending October 19 were 27,748 compared with 26,407 for same week in 1945. Cars received from connections totaled 12,908 compared with 11,997 for same week in 1945. Total cars moved were 40,656 compared with 38,404 for same week in 1945. Santa Fe handled a total of 40,204 cars in the preceding week of this year.

WAA Officer To Visit Amarillo Next Week

J. M. Rogers, representative of the War Assets Administration, Fort Worth, will make a two-day visit to Amarillo on October 28 and 29, to familiarize automotive and parts dealers, vets, service garages and fleet owners with surplus automotive parts WAA has for sale.

Rogers has for interested parties a National Consolidated Inventory, giving the number, name and price of all surplus automotive parts available in the entire United States. Repair shops and garages receive a 50% discount from the manufacturer current list price; fleet owners get a 45% discount, both automotive and parts dealers receive a 55% discount, and wholesalers and distributors receive a 75% discount. Vets, in any of the above categories, get a 75% discount.

All purchasers, except veterans, must place a minimum order of \$500 net. Veterans, in an emergency, can buy automotive parts without any minimum.

During his two-day stay in Amarillo, Rogers will be located in the Chamber of Commerce offices, Amarillo Building.

Veterans Administration received more applications for guaranteed or insured GI loans during August than in any previous month.

HAVE YOU TRIED OUR

Protein-Rich

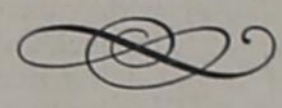

WHITE BREAD?

**GET THE NUTRITION YOU PAY FOR...
LOOK FOR THE SEAL ON THE LOAF!**

When you buy bread for your family, you want to be sure you are getting the nutrition you pay for. All white bread today is enriched as the Government stipulates, but our new PROTEIN-RICH Bread gives you U. S. Government Enrichment Plus. More vitamins . . . more minerals . . . more natural Protein per pound of bread . . . more food value for your money.

**Buy Protein Rich Bread
TODAY!**

. . . compare it with the bread you have been using. We're sure you'll agree there's a whole of a difference in white bread.

And Flavor,

too, is important. Be as careful in your purchase of bread as you are of other foods you buy. Discover for yourself the wonderful fresh flavor of PROTEIN-RICH bread—enjoy the good old-fashioned wholesome taste. Try it toasted tomorrow morning . . . it will call the family to breakfast with the first enticing whiff from the toaster.

And Goodness . . .

in all-round goodness, you'll find PROTEIN-RICH Bread tops for taste, tops for toast, tops for sustained freshness. It eats well, it keeps well, just the right kind of bread for lunch box sandwiches.

Make This Toast Test

**TOASTING BRINGS OUT THE GOOD AND THE BAD
POINTS OF BREAD.**

Place a slice of Protein-Rich Bread in one side of your toaster, on the other side place a slice of any kind of good white bread. Toast both at the same time. Then compare.

For Color . . .

notice the healthy glow of Toast-tanned Protein-Rich Bread — how richer and more appetizing it is.

For Texture . . .

glide your hand over the smooth, even surface . . . note how silky it feels . . . immediately you sense it's thoroughly and evenly baked . . . the result of our scientific intermixing of ingredients before Protein-Rich Bread is put in the ovens.

For Aroma . . .

watch your nose perk up at the first whiff of the wholesome bouquet of Protein-Rich. It smells good because all the goodness of the golden wheat grain is baked-in.

For Taste . . .

here's the supreme test. Doesn't Protein-Rich carry off the honors at the first bite? . . . doesn't that good old fashioned WHEAT taste set your lips a-smacking?

Make This Test ..

prove to yourself that Protein-Rich Bread IS Protein-Rich Bread. Serve it often. And remember, it's a nutritious bread and so good for your family.

Vitamins

The function of vitamins is to enable the body to use other food stuffs properly. You perhaps are aware that Vitamin B1 (Thiamin), Vitamin B2 (Riboflavin) and Niacin are considered very important because in ordinary diets these substances often appear deficient.

Vitamin B1 prevents or corrects the deficiency disease, beriberi. Needed for normal growth in children. Aids in maintenance of appetite. Required for the prevention of neuritis. Riboflavin aids in body oxidations. Aids in maintaining a normal condition of the skin. Niacin prevents and corrects the very severe symptoms of the disease known as pellagra.

Isn't it important then that our PROTEIN-RICH Bread gives you actually 18% per pound more Vitamin B1 (Thiamin) than other ordinary enriched breads we know of . . . 8.6% more Riboflavin . . . 16% more Niacin.

Minerals

Minerals are nutritional elements present in foods which in combination with other food elements promote the formation and maintenance of various parts of the body structure. Minerals are actually used in the formation of certain parts of the body—Iron in the hemoglobin of the blood . . . Calcium is needed for the formation of teeth and bones . . . Phosphorus is required in liberal quantities for the teeth and bones; it also plays an important part in the chemical reactions which utilize the energy of foods.

Think what it means to know, then, that now in PROTEIN-RICH Bread, you are getting 31% more Iron than U. S. government enrichment requires. Furthermore, our bread contains added Calcium & Phosphorus.

Proteins

This new white bread of ours is now also rich in valuable Protein—the kind of Protein you normally expect to get from milk, meat, and eggs in your diet. An analysis of the Protein in our bread indicates that it contains 14 of the 28 valuable Amino Acids so far identified by Science. These 14 Amino Acids include those ten Amino Acids that are essential to the proper digestion and assimilation of food elements by the human system.

Farwell Wins --

(Continued From Page 1)

pass, Ross to Kelley, clicked momentarily, but Kelley dropped the ball in the end zone, and Farwell drove to within striking distance only to have Hart fumble on the 9-yard line as the half ended.

Play Picks Up

Both teams appeared to be holding more effectively in the third canto, which rocked along until the last few minutes when Ford uncorked a 40-yard pass to Sheets, who scored standing up. The placement try was no good, but Farwell was in the lead for the first time, 12-14.

Holding the ball early in the last round, Bovina was forced to kick, after losing 20 yards on three downs, due to charging Farwell men who smeared the plays before they could get started. Williams toted 10 yards for Farwell and then the ball went to Ford, who broke loose for a 60-yard run and a score. A bad pass from center fouled the placement try and the count stood 20-12, Farwell. Bovina touched a Farwell kick a few plays later, with Robertson covering the ball and again the Steers headed goalward, with Herington making the play for the tally and Ford adding a perfect placement boot.

Fast work on the part of Booth stopped a Mustang threat a short time later, when he slapped a Bovina pass and chased the ball out of bounds, giving the ball to Farwell on Bovina's 13-yard marker. Herington went for a score, which was called back and Farwell penalized, and then Ford passed to Williams for five and followed with a toss to Hart, who ran the final 10 yards to make the count 34-12. The final score of the day came when Ford intercepted a Mustang pass on his own 10-yard line and raced the entire field into the end zone.

Looney and Ross did the major ball carrying for the losers, with little McKinney doing some excellent defensive work. Bovina's pass attack, which had clicked so well during the first game against Farwell, was smeared pretty badly during the second half by the locals, who showed definite improvement in aerial defense.

This ties up the count so far between the squads, each having won two games and lost one. Farwell is slated to play Oklahoma Lane this weekend, Bovina will challenge the Laners on November 1, and the last game of the season, Farwell vs. Bovina, is planned for November 8.

Plane Crash—

(Continued from front page)

the tail of the machine was standing straight up in the air, I saw Sparks jump out, and I began running toward the burning plane. It was some time later and before I got there, W. M. came crawling out of the plane. He crawled about 20 feet from the plane and fell over on his side, screaming in pain.

"Every bit of his clothing was burned off him; the only thing left on his body was his belt, which was cut loose. We left him there till the ambulance arrived.

"He was conscious all the time he was on the ground and kept talking all the time, talking mostly about his mother and God."

Hanna added that the gas tank did not explode until after the plane had turned over and both lads had escaped from the burning inferno. He gave it as his opinion that the fire was started from the exhaust pipe after the muffler had been shaken off in flight.

The Lord Placed Man in This Vineyard to Care for It. What Are You Doing?

Texico Teams Lose Out In Semi-Final Games

The Texico boys and girls, entered in the Curry County softball tournament, held the past Saturday at Grady, bowed out in their semi-final matches when they met Ranchvale's girls and Rosedale's boys, the two teams that went on to beat the two Grady squads in the finals.

Incidentally, this was the forty-second consecutive victory for the Ranchvale girls who, sparked by stellar pitcher Lorene Moore, walloped all opposition as the tournament progressed. Trophies were presented to both the winners.

In opening competition, the local girls met the Melrose team and came out on the long end of a 15-14 score after the game went into an extra inning. Coach Warren G. Harding, as well as her teammates, credited the local victory to Margery Baker, who took over the mound when Melrose went to bat for the last time, and retired three batters in succession.

Meeting undefeated Ranchvale in the semi-final, the Texico girls went down, 12-2. Expert bunting by the Ranchvale swatters put Texico in the hole, as the winners smacked the short rollers toward the pitcher Bridges, who failed to react fast enough to keep Texico in the game.

The Texico boys coasted in on a bye to meet Rosedale in the semi-final match, being knocked out of the aournament 10-6 by the fighting team which went on to take the championship.

This winds up the season for senior softballers, who began to turn their thoughts toward basketball this week.

Educational Pictures To Be Shown At Farwell

Educational and entertaining movies are due to be shown to members of the Farwell public schools during the next few weeks, Supt. H. A. Clift announced today, with the first film to be shown on Tuesday, October 29th.

The films are from the library at West Texas State College, Canyon. Supt. Clift added, Plans now are to show the reels to grade students at 9 o'clock in the morning, with high school students assembling at 1 in the afternoon.

On October 29th, the groups will see "Swim and Live", "Ancient World Heritage", and "Ring of Steel". Films to be shown on November 5th are "Americans All", "How to Study", and "Sundays in the Valley of Mexico". The November 12th showing will include "The Adventures of Bunny Rabbit", "Know Your Library", and "Choosing A Vocation".

A dark room is being arranged in the basement of the school where the sound movies will be shown.

Lazbuddy Hunters Get Deer And Elk In Colo.

A party of hunters, made up mostly of residents from the Lazbuddy community, returned home Friday from a successful big game hunt in southwestern Colorado.

There were seven in the group and all of the nimrods succeeded in getting their deer, in addition to two elk thrown in for good measure.

On the trip were: John Gammon, W. H. Gammon, J. W. Gammon, Roy White and Garvin Thorn, all of Lazbuddy Judge G. C. Abernathy, Shawnee, Okla.; and Odus Thorn, Maude, Okla. The two Thorns bagged an elk each in addition to their deer kill.

REAL ESTATE ON RISE

COLLEGE STATION—Farm real estate prices climbed another four per cent during March, April, May and June, the USDA reports. This recent increase brings the real estate prices to a 13 per cent rise since July of last year. Prices are now 77 per cent above the 1935-39 average and only 14 per cent below the 1920 inflationary peak.

Tribune job printing is best.

FARM INCOME DOWN

Texas farmers received approximately \$111,413,000 in August as compared with \$123,212,000 in July, according to estimates prepared by the Bureau of Business Research at the University of Texas. This was a decrease of nearly 10 per cent for the month, but was 24 per cent greater than the farm cash income for August, 1945.
