

## Cox Preaches Baccalaureate Sermons

### Farwell Seniors Gather On Sunday Morning

Taking as his text Paul's words in the 6th chapter of Hebrews, first verse, "Therefore leaving the principles of the doctrine of Christ, let us go on unto perfection; not laying against the foundation of repentance from dead works, and of faith toward God", Minister L. C. Cox of the local Church of Christ, delivered an inspiring and unusual sermon to members of the Farwell graduating class in the annual baccalaureate services, held Sunday morning.

Out of the text, Minister Cox chose the sentence, "let us go on unto perfection," pointing out first that "pride of accomplishment is a fine thing, provided you do not relax. You must now banish thoughts of your past accomplishments . . . this is not the end, it is the place of beginning," the speaker emphasized.

He then took the first word of his theme "let", and defined it as "to permit, to allow". "We must go forward," he stressed, "I say to you that it is dangerous to be satisfied, and also bad to be dissatisfied, but you must be unsatisfied—don't be content to look back, but reach forward into the things of the future." Here the minister quoted the Biblical story of the man who had had a successful harvest and admonished his soul to "take thy ease", as a warning against a complacent life. "On your shoulders," he told the graduates, "rests the progress of government, education and religion—let us go forward, there is no standing still."

The next word "us", the minister pointed out, means "all". "There are three philosophies of life," he said, "my body for myself, which is the selfish life; your body for mine, the life that takes what it wants; and my body for yours, which is the principal of Jesus, contained in the words of the Lord's Prayer."

"Go," the third word of the text, means progress, a purpose in view, Minister Cox advised the students. "What is your purpose?" he challenged them. "Will you be useful in the world or will you be a drone?" Here he quoted the story as told by Booker T. Washington of the ship in distress, which signalled a passing ship to "send us water, we die of thirst". The rescue ship signalled back "Let down your buckets!" again and again before those in distress finally complied, to have their buckets filled with fresh water from the mouth of the Amazon River, where they had drifted. "This is the infancy of aviation, of electronics, of radio and of the atom," the speaker reminded the graduates. "I say to you, 'let down your buckets' and go get it!"

Continuing with the word "on", Minister Cox pointed out that this is to go forward, to make progress, "press on toward the mark of the high calling of Christ Jesus". "Jesus," he said, "condemned looking back, as illustrated by the example of Lot's wife, who looked back to the things about which she could do nothing, and was turned into a pillar of salt."

"Unto," the minister said, means "in the direction of—the perseverance over conflict, the principle of no return. I would advise you to have tenacity, to go in the direction of success, to continually stick to the job you have chosen."

And finally, the whole sentence came into being with the last word, "perfection", when Minister Cox admonished that a life of happiness awaited him who went on to make something greater of himself, to find expression "with God in your plan of life". "At this time," he concluded, "you can use or lose what you have already accomplished, and with the help of God, you will overcome defeat."

Other numbers on the morning program included the invocation by Rev. B. N. Graham, a vocal solo, "Open the Gates of the Temple", by Clifford Henderson; the introduction of Minister Cox by Jack Williams, and the benediction by Supt. H. A. Clift. Mrs. C. M. Henderson was at the piano for the class marches, and accompanied the soloist.

### 1,000 GI STUDENTS

FORT WORTH—Of the more than 1,000 GIs attending Texas Christian University this spring, 17 are coeds. Some of the 17 served as nurses, some as WACS and some served with the WAVES. About half saw combat service.

## Commencement Programs Scheduled for Weekend

Final graduation exercises for the Texico seniors come on Thursday evening of this week, officials reminded today, while the Farwell class become "exes" a day later, receiving their high school diplomas on Friday night, May 17th.

Both programs will be given in the respective school auditoriums, and the hour is 8:30, Texas time.

Dr. H. C. Gossard, of Eastern New Mexico College, Portales, will address the Texico graduates, Thursday night, and the Farwell seniors will hear J. T. Carter, executive assistant of the First Methodist Church, Lubbock, on Friday evening. Carter was formerly superintendent of the Farwell school.

An oddity is noted at Texico, with the announcement that sisters hold the valedictorian and salutatorian posts for the class. Beryl Brown is top ranking student, while her sister, Evelyn, is the second high individual of the group. The girls are daughters of Mr. and Mrs. D. J. Brown.

Miss Mabel Davis will play both the processional and recessional marches for the Texico graduates, and other numbers on the program will include the invocation by Rev. E. N. Graham; songs by the girls chorus, under the direction of Mrs. Elman Stark; presentation of diplomas by R. H. Paul, president of the board of education; acceptance by President Bill Johnson, of the seniors, and the benediction by Minister J. E. Randol.

Texico seniors are Harry and Harriet Baker, Evelyn and Beryl Brown, Reggie Flye, Bill Johnson, Belvin Freeman, Robert May, Wanda Huber, Francis Smotherman, Mozelle May Kirby, Mary Cervantez, George Paul, Kenneth Jaquess and Calvin Blain, recently discharged from the navy and now finishing his interrupted high school work.

### Farwell Program Given

The Farwell program opens on Friday night with the processional march, played by Mrs. C. M. Henderson, followed by Supt. H. A. Clift, who will give the invocation. The seniors will join in their class song, after which Joe Threet presents the salutatory address and Tommie Randol speaks as the valedictorian.

Jack Williams will introduce Mr. Carter, and A. F. Phillips, president of the school board, is to present the diplomas, with Supt. Clift making the presentation of special awards. The benediction will be pronounced by Rev. Harvey E. Carrell, and Mrs. Henderson will play the recessional.

Ruth Birchfield, Wynelle Brown, Earl Deaton, Dorothy Evans, Ray Ford, Sybil Ham, Billy Moore, Jeanette Morris, Tommie Randol, Bertha Gast Reynolds, Don Summers, Joe Threet and Sam Young are the members of the 1946 class.

### Parmer County Singers To Meet On Sunday

Harold Carpenter today announced that the annual spring singing convention for Parmer County will be held on Sunday, May 19, at Friona. The singing will open at 1 o'clock in the afternoon at the school auditorium, he added.

Carpenter explained that several visiting quartets were expected at the singing, and urged all lovers of music to be on hand at 1 p. m.

### Co-Op Stockholders Will Meet May 23

The annual stockholders meeting of the Consumers Fuel Association will be held on Thursday, May 23, at the high school building in Bovina, it was announced today by Bill Eberting, manager of the firm, which operates stores at Bovina and Lariat.

In addition to the business meeting, an interesting program has been arranged, which includes an address by Hon. Tom W. Deen, state representative of the 120th district of Texas.

Some valuable gifts, including tires, will be given away at the conclusion of the meeting, Eberting said.

Pat Sullivan is visiting his parents, Mr. and Mrs. Valter Wagon.

### OPEN CAFE IN BOVINA

Mr. and Mrs. W. E. (Buck) McCuan announced today that their new cafe, located on Highway 60 in Bovina, would be formally opened for business on Saturday, May 18th.

The new business will be operated in connection with the McCuan Service Station, in a new 24x30 building just recently completed and furnished.

### Showers Last Week Bring Some Relief

Showers over widely scattered sections during the past week have brought some relief to parched farm lands, but a large part of the county remains dry and farmers are beginning to worry about the absence of sufficient moisture to start spring planting operations.

Judging from reports received here, the most favored section was in the Lazbuddy area where rain amounting to 1½ inch was reported. Lesser favored areas in the southeastern corner of the county got about a half inch of moisture.

Rain at Midway amounted to approximately one-half inch, while south of that community the rain increased to better than a full inch. Lariat received only a light shower. Other sections of the county report only a bare trace of rain during the past week.

W. S. Menefee, of the Lazbuddy community, says a number of farmers in his community, particularly north of him, will have plenty of moisture to start planting.

### Picture Show Planned For Farwell, Soon

Mrs. Roy Adams, of Tahoka, who has been investigating the feasibility of putting in a picture show in Texico-Farwell the past several weeks, is understood to have announced definite plans to that end, and actions looking forward to the movie house are underway.

Mr. and Mrs. Adams have rented a residence in Farwell, and it is understood that they plan to move here within the next few days, to supervise the construction of a new show building to be erected just south of the Farwell postoffice.

Mrs. Adams is quoted as saying that unless unforeseen difficulties arise, construction work will begin at an early date.

The Adams are experienced show people, having had six years in the business, and they plan to give the Twin Cities a first class show house in every respect.

### Juniors-Seniors Go To Ruidoso, Saturday

The Farwell juniors and seniors will take off for the tall timber this weekend, leaving here on Saturday for a four-day trip, it was announced today. The group will make the trip by bus, being accompanied by Jack Williams, Virgil Kelley and Miss Anne Nabors. They expect to return home next Wednesday.

### Scouts Collect Food For Overseas Relief

Mrs. John Aldridge, who works with the Farwell Girl Scouts, announced today that the local Scouts have volunteered to take collections of food, which will be shipped to overseas countries for relief of the starving.

Donations of food may be left at the Magness Implement Company in Farwell, the Scouts advise, urging that donations be made this week in order that the food may be shipped immediately.

Canned food, in tins, and dried foods, such as beans or peas, etc., are acceptable, it is understood.

### INFLATED LAND PRICES

Secretary of Agriculture Anderson warns that inflated farm land prices spell disaster for farmers and that valuing farm land on the strength of boom years is folly.

### "Virtue Of Courage" Is Baccalaureate Theme

Appearing before the Texico graduating class, the third time "to be so honored", Minister L. C. Cox of the Church of Christ delivered another of his inspiring baccalaureate messages to the Texico graduates in a special service at the high school auditorium, Sunday evening.

At the very outset, Minister Cox took time out to remind the large audience that his message had been especially prepared for and was dedicated to the senior class.

Using as the basis of his discussion the story of Joshua being called to succeed Moses as the leader of the Israelites, as recorded in the first chapter of Joshua, the speaker announced that his subject would be, "The Virtue of Courage".

Launching immediately into the discussion, the minister observed that the scripture used suggested his theme, recalling "be strong and of good courage" was one of the first admonitions the servant of the Lord suggested to Joshua in selecting him to be successor to Moses.

Discussing the meaning of courage, Minister Cox pointed out that "it was not a reckless attitude, nor an absence of fear, but rather an ability to overcome," and added, "courage means a strength to stand true", going on to observe that there are two ways through life: "the right way and the wrong way", and admonished the class to choose the right.

Next he took up the necessity of courage, and here he speculated that "possibly some of you are being called upon to fill vacancies," stressing the importance of taking Jesus as the proper criterion, and adding the words of the Master, "Without me ye can do nothing."

Minister Cox then moved on to the thought presented in the scripture lesson that "there were streams to be crossed . . . streams of difficulties, both seen and unseen," warning the class the importance of taking courage.

"There are times when we would like to forget that we are full grown men and women . . . but you have passed that phase of life, and may I commend to you the words of the Apostle Paul to 'put on the whole armor of God'."

Listing some of the obstacles in life to be crossed, the minister observed "our own hearts often desire temptations" that must be conquered and crossed. Moving swiftly from that thought, he pointed out some of the expectations to be met in life.

"The Israelites had followed Moses for 40 years, and they were expecting the same leadership under Joshua," he noted, and from that fact presented the thought "You are not the same today as yesterday . . . people are expecting great things of you; don't disappoint us!"

Stressing the importance of making proper choices, Minister Cox recalled that Moses had the choice of "all the treasures of the King's court, but he chose rather to lead his people out of bondage."

In conclusion, he observed that "in leaving God out of your plans, whatever success you may achieve is all futile."

Turning specifically to plans of all normal young people, the speaker urged the importance of the proper choice in marriage, saying, "The presence of a strong and worthy companion produces courage."

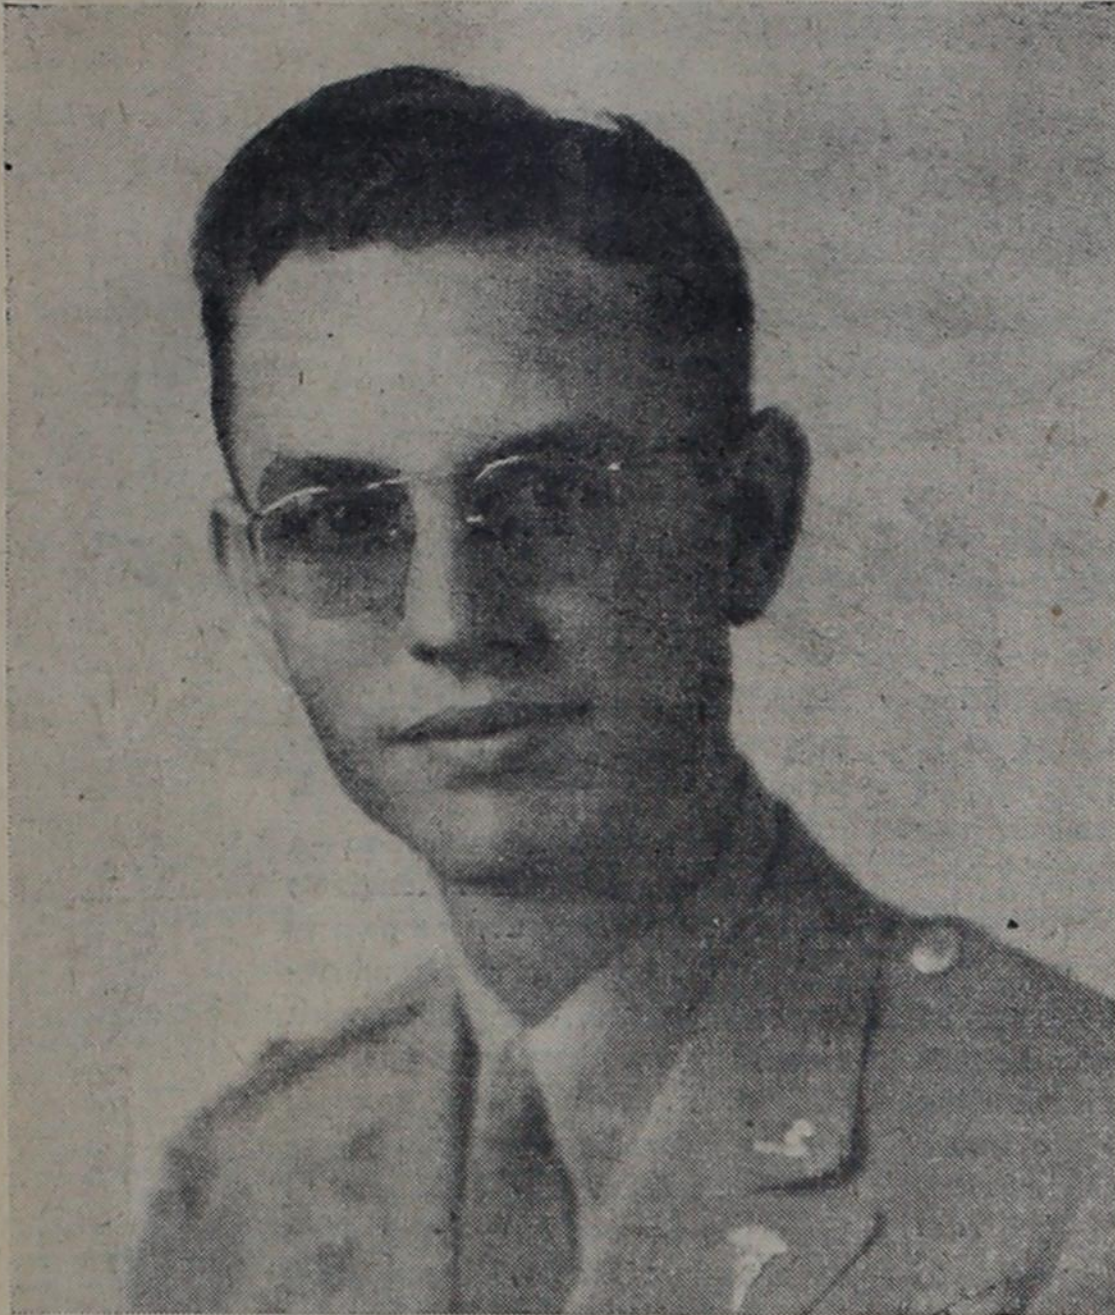

His closing thought, embracing all that he had discussed in his able discourse, was: "If you ever amount to anything, courage will be your mainstay."

Miss Mabel Davis played the processional and recessional, and Rev. L. O. Webber offered the invocation. The girls' chorus sang three numbers, under the direction of Mrs. Elman Stark, and Rev. B. N. Graham read the scripture and gave the benediction.

### TEXICO CLASSES WILL LEAVE HERE FRIDAY

Renewing a custom banned during the war, the Texico juniors and seniors plan to leave here Friday morning for the northern part of New Mexico, where they will spend five days camping out and vacationing.

The group will go from here to Las Vegas, through Tres Ritas canyon into Taos and on down to Eagle Nest Lake, returning via Cimarron Canyon and Springer. They will go by bus. Sponsors will be Mr. and Mrs. K. A. Russell, Mrs. Russell Johnson, and Mrs. Denver May.

OPENS OFFICE HERE—Dr. Wm. V. Coventry, recently discharged from the Army Medical Corps, where he served three and one-half years, has opened his office in Farwell and is ready for general practice in medicine and surgery.

## 20,000 Acres Listed for Custom Combines

A checkup at the office of County Agent Lee McElroy, on Monday, revealed that some 20,000 acres of wheat are listed for custom combine operators this year.

This, he added, may be subject to change, in view of the fact that J. B. Kidd, farm labor field assistant, has reported to McElroy that combining will range from "about \$2.75 to \$3.00 per acre, with a bonus for heavy yields. Labor will bring from 50c per hour up, according to the ability of the individual." McElroy pointed out here that most men who had expressed a need for custom operators were expecting to pay \$2.00 per acre, and the hiked cost may change some plans.

Asked if any custom operators had contacted him, McElroy replied in the negative, adding "they are moving this way", cutting wheat on down toward this area.

Ordinarily, harvest hits full stride here by June 15, and the agent gave it as his opinion that cutting would run about true to form this year. However, with continued drought, which is added by increased heat from day to day, the fields may ripen faster and harvest may begin a week in advance of the usual date.

McElroy added that farmers who were interested in custom combining should make their needs known at his office immediately.

### Funeral Rites Sunday For Mrs. M. Curtiss

Funeral services for Mrs. Minnie Bell Curtiss, who had lived in the Pleasant Hill community since 1906, were conducted at the Pleasant Hill Baptist Church on Sunday afternoon, with Rev. Carmen, Baptist minister, presiding. Mrs. Curtiss died in Clovis on Saturday morning.

Burial was made in the Pleasant Hill cemetery, with Steed Funeral Home in charge.

Survivors include one son, W. D. Curtiss of Clovis; one daughter, Mrs. Miranda Ballow of Clovis; four sisters, Mrs. Lucy Barnes of Melrose, Mrs. A. C. Hartzog of Pampa, Mrs. H. C. Chapman and Mrs. Sam Smoke of Clovis; three brothers, W. E. Moorman of Spartaburg, S. C.; A. J. Moorman of Texico, and J. E. Moorman of Clovis.

### OPENING WHOLESALE

W. E. (Buck) McCuan, who opened his new service station on Highway 60 in Bovina last December, announced the first of the week that he was expanding his business to handle Gulf products in wholesale quantities, and was prepared to make deliveries to the rural sections.

A. J. Doshier and family are visiting in Tipton, Oklahoma this week.

### Edwards Sale Comes On Tuesday, May 21

F. M. (Mike) Edwards, who lives 1½ miles south and 1½ miles west of this city, has announced a public farm sale at his place on Tuesday, May 21st, beginning at 10:30, Mountain time.

Featuring the list are some good Jersey milk animals, and a large list of hard-to-get household items are also billed, farm implements include tractors, combine, trailers and other small items.

Col. Dick Doshier will cry the sale, with Orval Francis as clerk. Ladies of the Fairfield community club will serve lunch.

A complete list of items to be offered will be found on page 7 of this issue of The Tribune.

### Bobby Anderson Is New Post Adjutant

Bobby Anderson of this city, son of Mr. and Mrs. G. D. Anderson, was appointed Post Adjutant of the newly organized Farwell American Legion Post at a meeting held on Monday, May 6th.

The appointment was made by Post Commander Paul Wurster and Vice Commander Sterlyn Billington, who also named D. K. Roberts as service officer of the post.

Plans were discussed for a new Legion Hall, and announcements regarding same are expected to be made in the near future. The next meeting will be held in the county court room at 8 p. m. on Monday, May 20, and present members who fail to bring a new member to the meeting will be fined 25c, it was decided.

### Magnolia Station Is Opened In Farwell

Tom J. Finley, consignee for the Magnolia Oil Company, announced today that Alvin (Slim) Brewer, of Portales, was opening a Magnolia station in east Farwell on the J. H. Head properties.

Magnolia products, both wholesale and retail, will be handled through the local station, it was announced, and twenty-four hour service will be offered.

### SCHOOLS CLOSE FRIDAY

School for the 1945-46 term will be officially at an end in both Texico and Farwell on Friday, May 17, Superintendents B. A. Rogers and H. A. Clift have announced. Report cards will be issued during the morning hours, with the students returning to their homes by noon.

**Information On Loans Given For Veterans**

**Q. How is a loan, guaranteed by the Veterans Administration, made?**

A. The veteran selects the property on which he desires the loan, negotiates the deal with the owner until a fixed price and terms are agreed upon. He then consults a bank or other lending institution that will in turn seek guaranty by the Veterans Administration of the loan.

**Q. May a veteran secure a loan guaranty in order to purchase property with a non-veteran?**

A. Yes. The guaranty in this case would apply only to the interest of the veteran in the loan, and may not exceed 50% of his interest. Under no circumstances could it cover any part of the interest of the non-veteran.

**Q. Is a veteran eligible for education or training who was discharged with other than an honorable discharge?**

A. The law provides that the vet shall have been released from active service under any conditions other than honorable. Only a dishonorable discharge bars him from such benefits.

**Q. If a dependent or relative receives a government check after a veteran's death, should he cash it?**

A. No. He will have to refund it and may be prosecuted. Send it back to the issuing authority with a request for information as to how it may be properly reissued.

**Q. May widows or children of deceased veterans secure a guaranty of loan from the VA?**

A. No. This privilege is limited to veterans themselves, but a loan guaranteed for a veteran may continue after his death.

**Q. May a veteran discharged from the service by reason of the dependency of his mother be entered in a course of education?**

A. Yes. If the veteran is otherwise entitled, the fact that he was discharged for this reason would not matter.

**Life Saving Method Developed by AAF**

MINNEAPOLIS—A life saving method has been developed by Army Air Force and Naval scientists thru the reduction of radio failures in aircraft flying in bad weather, according to Dr. Ross Gunn, technical director of the Army-Navy atmospheric electric project.

Air crashes resulting from breakdowns in communications, like the tragedy in which an entire flight of naval fighter planes crashed off the coast of Florida, will be sharply reduced in the future.

Experts have developed a new type radio antenna and special wick dischargers to prevent blocking of receivers and transmitters by precipitation static. In many cases a tremendous charge of electricity—sometimes building up as fast as 170,000 volts per second—stops radio communications when planes fly through particles of ice, snow or dust or by close contact with highly-charged electrical clouds.

The new method will drain off much of the electricity and insulate antenna to prevent radio failure which heretofore resulted in fatal accidents.

**Surplus Food Sales Are High in March**

Domestic sales of food and agricultural commodities for March totaled more than \$4,573,000 with 95% of all returns coming from disposal of items declared surplus by other government agencies, according to Charles L. Howell, acting district director of PMA.

Fruits and vegetables returned the largest percentage of sales, accounting for 56% of the total, followed by tobacco products, which totaled 15% of monthly sales. Special commodities came third, accounting for 12%. Smaller sales during the month included fats and oils, dairy, grain and cereal products, poultry, livestock and meats.

Fifty-three U. S. Liberty ships carried the names of Texans.

Maybe you're able to resist taking your engine apart—as long as it runs swell. That's generally enough for most anybody—no matter how curious he is to see Conoco N<sup>th</sup> motor oil in the act of OIL-PLATING the engine's insides.

OIL-PLATED engines aren't forever having the top opened up to see about carbon—nor having the bottom opened up to see about sludge. Carbon and sludge are the camp-followers of wear. But OIL-PLATING is in the best position to oppose wear—because it is fastened and held direct to inner sur-

faces. This is accomplished by the magnet-like action of an added material in Conoco N<sup>th</sup> oil—patented.

OIL-PLATING is an addition—a durable protection—to the engine's fine inner finish. Ask new car owners and you'll find them widely adopting OIL-PLATING. ### "Flying Farmers" Are Organized in Texas

COLLEGE STATION—A Texas chapter of the Flying Farmers was organized at A. & M. on April 30, with 61 of the estimated eligible members in the state present. Affiliation will be sought with the National Flying Farmers' Association.

The purpose of the organization, as set forth by the by-laws adopted at the meeting, is to "promote the educational and scientific development and advancement of the use of the airplane in Texas, and to express the ideas, hopes and wishes of those engaged in rural aviation."

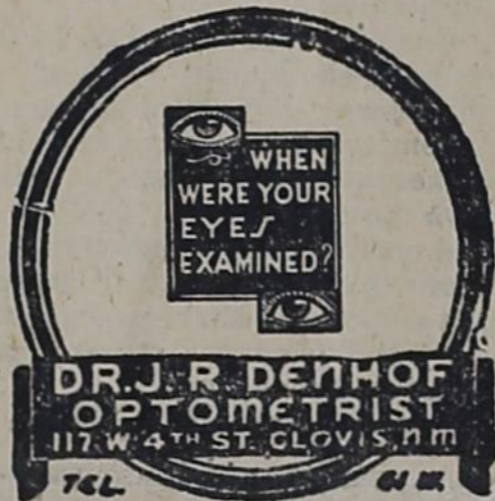

A Flying Farmer, as defined in the by-laws, must hold some type of flying license and have 51 percent of his or her capital invested in some type farming operation. Associate membership, without voting or office holding privileges, may be granted by the executive committee on the basis of interest in aviation and agriculture.

Officers elected were Clayton Beard, Tahoka, president; R. L. Fields, Wharton, vicepresident; and Miss Ama Lee Jameson, secretary-treasurer. The Board of Directors is made up of Ralph Brown, Plainview; H. B. Horn, Del Rio; W. N. Parr, Robstown; E. W. Gill, Jr., Whon; and C. J. Gerlach, Livingston.

The first action of the newly elected officers was to issue a call for organization of Flying Farmers on a county or regional basis. Inquiries as to organization procedure should be addressed to the secretary-treasurer.

R. L. Gibson, 75, who started flying at 72 and flew to the meeting at Tahoka, is the nation's oldest Flying Farmer, according to H. A. Graham, secretary of the National Flying Farmers' Association.

R. S. Lazenby, a chemist, created "Dr. Pepper", in Waco, in 1885.

### Government Ready To Take Wheat Gifts

COLLEGE STATION—Donations of wheat now will be accepted by the USDA for transfer to UNRRA, to be used in relief feeding abroad, according to an announcement from Director Ide P. Trotter of the Extension Service. The only condition set up is that donations must be in not less than carload lots. The range is from 1,350 bushels to about 2,000 bushels to the carlot.

The government does not intend to take title to such donated relief wheat, and it will receive it either on the basis of freight collect or prepaid. In cases where the freight is not advanced by donors, arrangements will be made for such expense to be met out of UNRRA funds.

Secretary of Agriculture Clinton P. Anderson has wired explanations of the wheat donations program to a number of leading farm organizations and farmers' marketing association heads. Churches and organizations, as well as individuals, may arrange to donate wheat in carloads by making direct contact with their area director of the Grain Branch of PMA. Texas donors may contact the area director at Dwight Bldg., 1004 Baltimore Ave., Kansas City, 13, Mo.

### Use Of Pressure Cooker Saucepan Is Reviewed

COLLEGE STATION—With pressure cooker sauce pans coming to the market, housewives may find it hard to decide what type to buy. Myrtle Murray, home industries specialist for the Extension Service, offers the following suggestions.

The advantages of cooking with steam are well known. It saves fuel, and meat and vegetables cooked under steam pressure can be cooked in about one-fourth the time it takes by other methods.

In buying a pressure sauce pan, ease of operation is a primary consideration. It depends largely upon the seal—on the way the cover is closed so that it's steamtight.

In one type of pan on the market, the flexible lid is sealed with a spring. In another, a flexible band is used to clamp the lid to the pan. A third seal is a bayonet type of lock. For sealing this type, the handles must be brought into parallel position and locked with a slight turn.

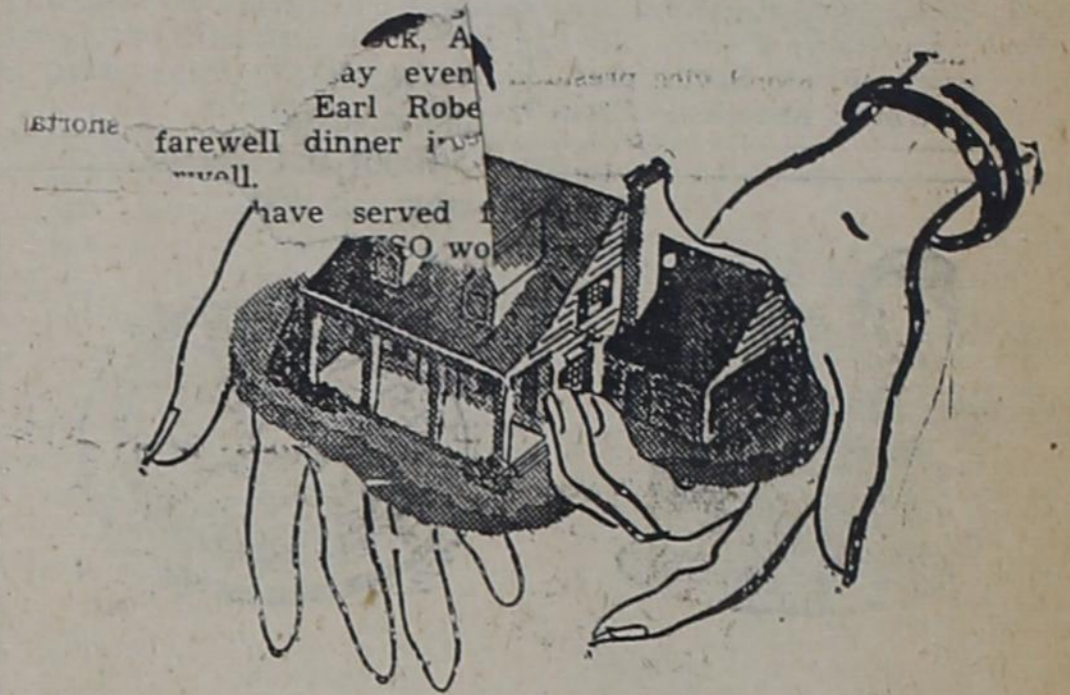

Miss Murray says that either alu-

minum or stainless steel is satisfactory for a pressure cooker saucepan. Any construction that makes the sauce pan hard to clean should be avoided. Where there's a rubber gasket, it should be resistant to cooking oils and fats.

## Our dealers join us in making this frank report to THE FARMERS OF AMERICA

INTERNATIONAL Harvester is getting back into production with all possible speed. Extra shifts are being employed wherever conditions permit, to try to overcome the production losses of the recent strike. Everything is being done to get parts and machines to you.

While we and our dealers would like to tell you that this means an immediate end to the shortage of service parts and machines, it is more accurate to say that it means the beginning of the end of it. If illness or bad weather delays you seriously in the Spring, you know how much it throws you off your schedule. The strike has thrown our schedules off balance, too. There are many "chores" we must do before new machines reach you.

### Material shortages

The preliminary chores of getting our plants back into shape for full production are finished. But disturbances in other industries and resulting material shortages may affect our plans. Light gauge steel sheets, brass and copper, fractional horse power motors, and many other items are all very short. The coal situation may also prove serious—we hope not.

### Refilling the well

Both our dealers and our branches have run dry on parts and new machines. So the biggest chore is to get their working stocks back to normal. It will take time to fill the pipeline to dealers—just as it takes time for you to refill a well or cistern after it has run dry. Stock and display rooms of our dealers represent not one, but ten thousand reservoirs which must be refilled. The most heroic pro-

duction efforts will mean that your local dealer can expect only a small number of parts and machines at a time. Since we must play fair with all our customers, there will be a sprinkle of parts and machines all over the country—not a downpour in any one section.

You will be glad to know that all repair parts production schedules are far beyond normal.

### No hoarding

You may be sure that every machine will be shipped to dealers as soon as completed. We do not and will not hold machines off the market.

At the start of the strike we had on hand at all our factories and branches just 837 tractors of all kinds—less than two days' production—and 405 of these were not completed. Many of those on hand had one or more important parts missing—principally radiator cores. Most of the rest represented the normal daily "float" between the end of the assembly line and the shipping platform. Naturally no tractors were made during the strike.

### What dealers may have for you

We can report to you that our current production on TRACTORS is good and we are shipping at a normal rate. Even so, there will not be enough to go around. The situation on PLOWS

and DISK HARROWS is reasonably good. On COMBINES, MOWERS, HAY RAKES, ONE-MAN HAY BALERS, CORN PICKERS and many other items, our schedules have been seriously disrupted. We must in fairness say that many of our customers are likely to be disappointed on delivery of these machines. On MILKING MACHINES, STATIONARY ENGINES, and some other small units we are hopeful of making practically normal delivery.

We know you will understand the reasons why your dealer cannot fill your orders overnight. He would like to give you the kind of delivery on machines you would like to get, but his situation is a difficult one and not of his own making. He is doing the best he can.

### No cutting corners on quality

There is one thing you can be absolutely certain about: We will NOT cut corners on quality in order to increase production in this emergency. For years we have said: "QUALITY IS THE FOUNDATION OF OUR BUSINESS." Today we say it—and mean it—as much as ever.

We know you need new machines—and need them badly. But we believe it will pay you to wait just a little while longer if you cannot get all you want immediately. By waiting you can be sure your new equipment will have the quality so rightly associated with INTERNATIONAL HARVESTER for so many years.

BEGIN TO DREAM OF BETTER LIVING Electrically

There's plenty of cheap electric power now for you to begin dreaming about living better—Electrically.

Our expansion program is not only for industry, business and better farming . . . It's for you in your home, too. A new power station, new transmission lines and other necessary facilities are bringing cheap electricity to your home for better lighting, electric cooking, electric refrigeration, and a score of other electrical conveniences. Whether you live in town or on the farm, this efficient electricity will soon be yours at a lower cost than ever before.

## Bovina Auxiliary Post Organized Recently

The Bovina American Auxiliary chapter met on April 22, with Mrs. Vera Cusick, 18th district commander as special guest from Amarillo. Also from Amarillo were Mrs. Pitts, Mrs. Lillie and Mrs. Maxwell, who conducted the initiation and installation of new officers, as well as outlining the work of the group.

Mary Richards was elected president, first vice president is Dorothea Blalock; second vice president, Jennie Ezell; secretary, Frances S. Ford; treasurer, Fayde Spoth; clerk, Lula White; historian,

Wilson; and Marie Venable, sergeant at arms.

The chapter will meet each second and fourth Monday nights, and all eligible women are invited to join.

## Memorial Poppy Will Be Sold Here, May 25th

The local American Legion Auxiliary advises that the Memorial Poppy will be sold here on Saturday, May 25. This flower was selected as a memorial to the dead due to the fact that it grows wild in France, where many American soldiers are buried.

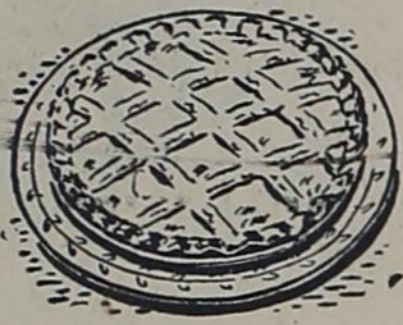

The poppies will be offered on the streets all day next Saturday, and everyone is urged to buy.

## FEED SHORTAGES

Since cattle depend more upon pastures and roughage, their numbers are less affected by the world-wide shortage than will be the case with hogs and sheep.

## Teachers Will Attend Summer Schools, And Enjoy Vacations

A checkup of faculty members in the Texico and Farwell schools today showed that several of them will go from the teacher's stand to behind a desk at summer school, during the vacation period which begins this weekend.

Two of the Texico group, Miss Mabel Davis and Mrs. Neill, plan to be in school. The former has not definitely decided where she will enroll, while Mrs. Neill announces that she will attend ENMC, at Portales, after which she will visit at Galveston.

Miss Berthamae Thomas and Virgil Kelley will both be enrolled in summer school at West Texas State, in Canyon, they informed a reporter.

The two Farwell vocational teachers, Robert Morton and Miss Ann Nabors, will conduct some work locally. Miss Nabors reports that 20 girls will be enrolled for 100 hours of special work, remodeling the furniture in the homemaking room. The work will continue through four weeks, on each Tuesday, after which Miss Nabors will visit her parents at Abernathy.

Morton stated that he would hold an encampment for ag boys at Cimarron Canyon, during the summer, and in addition will attend a conference for ag teachers at Abilene the latter part of July. He will also visit relatives at Roby and Sylvester.

Supt. H. A. Clift did not have definite plans, except to announce that he planned to attend a conference on elementary education in Austin, for a three-day period. Supt. and Mrs. B. A. Rogers will be in Texico, except for a trip to Hutchinson, Kansas, to visit their son.

Jack Williams announces that he will devote the summer to farming near Farwell, while Tom Hudson is planning to be in Texico and Mrs. Charles White was undecided. C. E. Sanders and Mrs. K. A. Russell plan on a quiet vacation at home, while Mrs. Lenton Pool, Mrs. Harry Whitley and Mrs. Earl Booth will devote their attention to their families.

Mrs. Elman Stark will return to her home in Clovis, and Mrs. Leroy Hunton was not available for information on her plans. Mrs. Jimmie Allman answered that she expected to summer at Pagosa Springs, Colo.

## PLEASANT HILL

Mr. and Mrs. Clarence Smith have a baby daughter, born Tuesday, May 7. Mrs. Smith is the former Clara Bell Donahey.

Mr. and Mrs. Joe Jarrell returned Sunday from Electra, Tex., where they had been visiting and attending business.

The Pleasant Hill seniors left Monday for Palo Duro Canyon, to spend a four-day outing. They were accompanied by Pearl Singletary.

Mr. and Mrs. Joe Bell have returned from visiting their son in Tennessee.

H. M. Hopper and Patty Spearman are leaving Sunday for Taos, to spend a week with his daughter and her mother, Mrs. H. E. McCarty. Patty will remain for the summer.

The Pleasant Hill Club met in the home of Mrs. J. M. Heinz, last Thursday, for an all-day meeting. Mrs. Lilly Mae Dougherty, county demonstrator gave a demonstration on bugs and insects in the gardens, and how to kill them. The Club has bought the Fundamental Church for a club house, and will meet there Thursday to remodel it for other club meetings.

## Double Ring Nuptials Are Read In Clovis

The wedding of Miss Royce Faris, daughter of Mr. and Mrs. Roy Faris of Clovis, and Edwin F. Foster, son of Mr. and Mrs. E. F. Foster of Clovis, was performed on Sunday, April 28th, in Clovis.

Rev. J. C. English, of the First Methodist Church, read the double ring ceremony before a group of relatives and close friends.

The bride wore a white two-piece suit with white accessories, and carried a white Bible on which rested a spray of stephanitis, tied with satin streamers. She was attended by Mrs. Leona Danklefs, who wore a light blue suit with white accessories and a corsage of pink rosebuds.

Weldon Funderburk, of Palestine, Texas, served as best man.

The Foster family formerly lived in the Oklahoma Lane community, where the groom was graduated in 1942. He entered the Navy some two years ago, and was recently discharged. Mrs. Foster was graduated from Clovis High in 1945.

The couple spent a brief honeymoon at Ruidoso, and are now making their home in Clovis.

## CATTLE NUMBERS DOWN

Cattle numbers have decreased in North America and Europe and increased in the Soviet Union since the beginning of 1945, the USDA reports, with the drop in North American numbers placed at 2 million and the European decrease at 6 million.

## Surplus Army Chapels Sell For Memorials

WASHINGTON, D. C.—Private organizations or religious groups may not purchase surplus Army chapels from posts and camps which have disbanded since the end of the war, the War Department says.

First priority will go to those buying them as memorials for war dead, officials said. A large segment of the available number, however, will be sold to religious congregations.

The Chief of Chaplains is consulting religious groups concerning the equitable distribution of surplus chapels. Hymnals, Bibles, pulpits, organs and other equipment will not normally be available for sale, but will be transferred to permanent Army stations.

War Department and War Assets Administration agents are advertising in the communities where chapels will be sold. Local churches will also be notified. Prospective purchasers are requested to make application with the disposal agency having charge of the advertised chapel. All applications will be forwarded to the Chief of Chaplains for final approval.

## DOUBLE TROUBLE

COLLEGE STATION—Enough of the right tools for the job gives greater efficiency in the kitchen, but too many utensils have the opposite effect. This is the opinion of Mrs. Bernice Claytor, specialist in home improvement for the A. and M. College Extension Service, who maintains that "duplicates and unnecessary extras that tend to collect in kitchen drawers and cupboards take up space, slow down work, and waste time and energy."

Mrs. Claytor recommends occasional "weeding out" of equipment. She advises getting rid of the unnecessary pans and kettles, the broken knife or wobbly egg beater, and the fancy gadgets that have proved unsuccessful.

One of a kind is enough for many items of equipment such as knife sharpeners and bottle openers.

Sometimes more than one utensil makes work more rapid, however. Two measuring cups, one for dry and one for liquid ingredients, are necessary for efficiency. Twin sets of salt and pepper shakers—one at the stove and one at the mixing center—also will save steps.

A truly convenient kitchen has

what is needed where and when it is needed and nothing more.

## Protein Set-Aside Stays; Soybean Use Limited

Protein meal processors will be required to continue through May to set aside 10% of their production of soybean, cottonseed, linseed and peanut meal. The set-aside meal will be shipped to New Mexico and other designated western states unable to obtain their equitable share of protein meal supplies.

Meanwhile, inventory limitations now in effect on the 1945 crop of soybeans have been extended to the 1946 crop. Soybean processors are limited to inventories not to exceed the manufacturing or processing requirements for the period ending October 10, 1947, and seed dealers are limited to inventories not to ex-

ceed seed sale requirements for the period ending October 10, 1947.

Country shippers are also limited in the quantity of soybeans which they may have on hand and the order also provides that soybeans or edible soya products may not be used in the manufacture of seed or fertilizer.

## SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending May 11, 1946, were 23,575 compared with 25,961 for same week in 1945. Cars received from connections totaled 9,583 compared with 17,027 for same week in 1945. Total cars moved were 33,158 compared with 42,988 for same week in 1945. Santa Fe handled a total of 32,898 cars in preceding week of this year.

## New Officers Installed At Last PTA Meeting

Holding their final meeting of the current school year, the Farwell Parent-Teacher Association met at the school and installed new officers last Thursday evening.

Mrs. Earl Booth presided as installation officer, giving the oath of office to Mrs. Sam Aldridge, president; Mrs. H. A. Clift, vice president; Miss Berthamae Thomas, secretary-treasurer; Mrs. Claude Rose, second vice president; Boone Allison, third vice president; Mrs. J. D. Thomas, social chairman, and Jack Williams, parliamentarian.

A short musical program, in keeping with National Music Week, was given. Claude Rose, Jr., gave a musical reading, accompanied by Miss Peggy Rogers, who also played a piano solo; a violin solo was given by Miss Rosamond Booth, with Mrs. C. M. Henderson as accompanist, and Darlene Sprawls played a piano number.

Following the meeting, the group adjourned to the homemaking department, where a social hour was enjoyed and refreshments of ice cream and cake served. In appreciation, a gift was presented by Mrs. H. A. Clift to Mrs. W. H. Graham, the outgoing president.

## Scout Meet Postponed, Picnic On Saturday

Due to the press of end-of-school activities, the regular meeting of the Farwell Girl Scouts was cancelled on Tuesday of this week, Mrs. John Aldridge reports.

She added that the Scouts would hold a hike and picnic on Saturday, May 18, meeting at the watertower park in Farwell at 10:30, and returning there at 2:30.

The Scouts will hold their regular meeting next week, at the usual time and place.

## To Palo Duro Canyon

Members of the Farwell eighth grade, accompanied by Miss Berthamae Thomas, Mr. and Mrs. Clyde Magness and Mr. and Mrs. Boone Allison are spending today (Wednesday) at Palo Duro canyon, near Canyon, on their spring outing.

## Investiture Services Held For Brownies

The Brownie Scout Troop of Farwell received pins in a short ceremony, Tuesday, May 14, the service being held in the home of Mrs. W. D. Hardage, Brownie leader.

The girls opened the meeting by singing their Brownie song, followed by the "Brownie Story", told by the co-leader Mrs. Vernie Towns. The story explained clearly to each of the 71 girls invested just what a Brownie Scout is. Following this, the pins were fastened to the girl's collars and the Brownies responded by giving the salute and repeating her promises.

Seven mothers were present, Mrs. S. O. Billington, Mrs. Joe Magness, Mrs. Carl Davis, Mrs. H. D. Bradshaw, Mrs. C. E. Sanders, Mrs. W. T. North and Mrs. R. E. Cook.

Girls invested were Barbara Ham, Dyalthia Lee Bradshaw, Gloria Sanders, Gloria Dial, Glenna Ruth Davis, Jackie Jones, Jerri Allison, Jo Elaine Magness, Harolene Towns, Lavoyda Billington, Mary Sue Stover, Peggy Jo Hardage, Rita Mae Parsons, Nadine Stover, Sharon Cook, Sonya North and Ysleta Brown.

Following the services, refreshments were served to the group.

## Stark-Brand Marriage Performed May 8th

Announcement has been made here of the marriage of Mrs. Vivian Brand to Orville Stark, with the nuptials being read in the home of the groom at Heber Springs, Ark., on May 8th.

Attending the couple was Mrs. Frank Eason, mother of the bride.

The bridal tradition was carried out by the bride wearing a blue crepe dress for "something new and blue", a locket for "something old", and a borrowed handkerchief, which belonged to an aunt.

Mr. and Mrs. Stark will make their home on the groom's farm, near Heber Springs, Arkansas.

Mrs. Lee McElroy and twin daughters returned home Sunday from a two-week visit, spent with relatives near Fort Worth and at Lubbock.

## Play Date, Weiner Roast Held By Sophomores

Final social for the current school year was held by the Farwell sophomores last Friday night, when they enjoyed a hay ride to Clovis, followed by a weiner roast in Hillcrest Park.

Some 35 students and guests attended, being accompanied by Mr. and Mrs. O. L. Thompson and Mr. and Mrs. Johnnie Williams.

## 42 Party Held In Roberts Home

Earl Roberts, of the Oklahoma Lane, community, entertained last Thursday evening, with a 42 party in his home.

A plate lunch was served to Mr. and Mrs. E. W. McGuire, Mr. and Mrs. Sam Billingsley and Garland, Mr. and Mrs. Alden Henderson, Mr. and Mrs. Earl Billingsley, Mr. and Mrs. Chas. Roberson, Mr. and Mrs. Leon Billingsley and Judy, Miss Vestie Fowler and the host.

## Mrs. Ada Harris Weds J. Gibbs Flato, 5th

Mrs. Ada Harris of Del Rio, and J. Gibbs Flato, of Normandy, were quietly married at Eagle Pass on Sunday, April 5th.

Mrs. Flato had been a resident of Del Rio for several years. The groom is the son of Mrs. Jennie Gibbs Flato, and formerly served as postmaster at Bovina before going to Normandy.

## Locals Enjoy Dinner In Clovis, Sunday

Mrs. Joe Hanna, Clovis, was honored with a dinner in her home, Sunday, with family members and friends attending.

Guest included Miss Vera Hanna and Earl Hanna, of El Paso; Mrs. Milton Henson and family of Portales; Bill Hanna and family, Mr. and Mrs. E. W. McGuire, Mr. and Mrs. L. V. Billingsley and Judy, Mr. and Mrs. Charles Roberson, and Earl Roberts, all of this city; Alta, Paul and Sue Roberson of Clovis.

## Students Enjoy Picnic

Sponsored by Virgil Kelley and Mrs. Otis Branscum, students from the sixth and seventh grades of the Farwell school enjoyed a picnic at Hillcrest Park, in Clovis, and a visit to a Clovis theatre, last weekend.

Miss Alice McNew of Clovis, and Mrs. Ben Smart of Farwell spent the past weekend visiting relatives and friends in Amarillo.

## NEWS FROM OUR BOYS IN UNIFORM

### SUMMERS IN BOSTON

Clarence Summers, radioman third class, is now stationed at the Navy yard in Boston, Mass., he advises his parents, Mr. and Mrs. R. B. Summers, adding that he hopes to receive his discharge around July 2. Summers has been with the Navy for 19 months, making several trips aboard the USS Hoggatt Bay to Japan, Saipan, Guam and other places. Since V-J day the ship has been used to transport servicemen to the States.

### DISCHARGES FILED

**NITROGEN FERTILIZER SHORT**

Continuation of the coal strike may affect the supply of nitrogen fertilizers since ammonium sulphate, used in nitrogen fertilizers, is a by-product of coke plants. Production of about three-fourths of the nitrogenous material used in fertilizers depends upon the use of coal. Fertilizer production is running 5 to 8 percent over last year with an estimated 75 percent of the fertilizer for this season already delivered—but demand greatly exceeds the supply.

**Wheat Exports Continue To Fall Behind Goal**

Shipments of relief wheat and flour from the U. S. in the first 20 days of April were 7 million bushels short of the export goal, making the US 19 million bushels short of meeting commitments this year. The US has agreed to export 225 million bushels of wheat between January 1 and July 1, 1946. Through April 20 only 117 1/2 million bushels had been shipped, leaving 107 1/2 million bushels to be shipped in the next 70 days.

Supplies of grain for export are expected to increase sharply during May as a result of the 30-cents a bushel bonus offer for wheat and corn, and the 25% reduction order for the distribution of flour for domestic use. The USDA's quarterly report of wheat stocks on hand on April 1 showed only 339 million bushels of wheat in all positions in the US, with 204 million bushels stored on farms. The report showed 40% less wheat in the US on April 1 this year than a year ago, and less wheat than at any time since 1938.

**Three Stellar Shows At Cowboy Reunion**

Three stellar attractions at the 1946 Texas Cowboy Reunion include the Cutting Horse Contest, the Sponsor's Contest, and the Chuck Wagon meals which are available to all during their visit to the Reunion. Dates for this year's 3-day celebration fall on July 2, 3, and 4.

The cutting horse contest originated with the Texas Cowboy Reunion and is a regular ranch chore during the course of operation. Coordination between the horse and rider are the main factors involved in this contest and it is a sight to see. Performance and ability of the rider and horse, and the ease and speed of the work, are determining points from the judge's observation.

Smoke curling from many chuck wagon fires is another spectacle at the Reunion. Quite a sizeable acreage is fenced off at the grounds to provide space for numerous chuck wagons that are brought to the show by various ranch owners each year. Ranches desiring to bring a chuck wagon have only to notify Reunion officials in advance, and a spot at the grounds will be preserved for them where the mesquite wood is neatly corded, and water, the only other utility necessary for "range" cooking, is also available. Old-timers take their meals up at the Texas Cowboy Reunion Association Chuck House, a sheltered place provided near their "bunk house". The others are out on the open range space. The public is privileged to dine at most of these wagons for a nominal charge.

Each year, 30 to 50 girls and young women compete at the Reunion for laurels as to riding a horse and looking the part. At the 16th annual Reunion this year these girls, many of them actually doing ranch work during their normal existence, will be judged 20% on riding togs and equipment. Riding ability counts 30%; horse's conformation and equipment, 20%, and horse performance, 30%. Each sponsor takes every minute detail into account when preparing for the contest, resulting in quite an array of feminine pulchritude with a western air.

**Health Notes**  
By Texas Department of Health

**AUSTIN**—If every case of suspected communicable disease could be promptly visited either by the family physician or the local health officer, thousands of susceptible persons would be protected from disabling illnesses, according to the State Health Officer.

To quote Dr. Geo. W. Cox, "The old fashioned theory that it is a good thing for children to have a number of the catching diseases and get them over with, has long since been known to be a serious and sometime fatal error. The longer a child can keep from having these diseases, the better it is for him. Every child should be completely protected by vaccination or inoculation against these diseases where an immunity can be produced."

Prompt diagnosis, isolation, good medical and nursing care give the patient the best chance for a satisfactory recovery without the serious complications that sometimes accompany even the mild forms of communicable diseases. Dr. Cox emphasized that obeying the public health laws regarding isolation and quarantine of communicable diseases protects not only the patient, but helps prevent others from contracting the illness.

"The State Health Department," Dr. Cox said, "is doing everything in its power to protect the health of the people of Texas. It is the duty of every man and woman to do his share to maintain a high level of health and help prevent the spread of communicable diseases."

**CITATION BY PUBLICATION THE STATE OF TEXAS**  
TO J. J. Burkholder and the unknown heirs, assigns and legal representatives of J. J. Burkholder, Defendants, Greeting:  
You are hereby commanded to appear before the Honorable District Court of Parmer County at the courthouse thereof, in Farwell, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 24th day of June, A. D. 1946, then and there to answer Plaintiff's Petition filed in said Court, on the 10th day of May, A. D. 1946, in this cause, numbered 1356 on the docket of said court and styled J. B. McFarland, Plaintiff, vs. J. J. Burkholder, et al, Defendants.  
A brief statement of the nature of this suit is as follows, to-wit: Plaintiff brings suit in Trespass to Try Title, alleging that he is the owner in fee simple of Lots four (4), of the original Town of Friona, Parmer County, Texas, and was on the first day of May A. D. 1946, when the defendants un-

lawfully entered upon said premises and dispossessed him and wrongly withhold possession from him to his damages in the sum of \$10.00. The plaintiff further pleads in detail the ten year statute of limitations, claiming to be the owner of said land by reason of the ten year statute of limitations, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this the 10th day of May, A. D. 1946.

### Eighth Graders Will Graduate Thursday

With Rosamond Booth as valedictorian and Valarie Dial as salutatorian, Farwell eighth grade graduates will receive their diplomas Thursday night, May 16th, from Supt. H. A. Clift.

Exercises for the grammar school graduates are being combined with a pageant presented by students from the fourth, fifth, sixth and seventh grades, and the program will begin at 8:30 in the school auditorium.

In speaking of the pageant, Miss Berthamae Thomas reported that it would be a review of United States history from the time of the declaration of independence to the recently closed hostilities of world conflict.

Members of the eighth grade who will receive their passports into high school are Rosamond Booth, Valarie Dial, Ella Bradshaw, Wanda Sheets, Pauline Sheets, Anna Bell Maxwell, Altan Norton, Joan Osborn, Hazel Petree, Hettie Randol,

Ray Magness, Cary Joe Magness, Donald Ford, Calvin Meissner, Troy McKillip, Ernest Foreman and Leon London.

### RAIN AT MINERAL WELLS

Mrs. Edd Eason writes from Mineral Wells that she and her husband have "seen more rain in this part of Texas than you folks have. It rains here nearly every other night." The Easons are enroute to Edgemont, Ark., where they will make their home. Eason's health is considerably improved since they left the Plains, Mrs. Eason adds.

### JOURNALISM PRESIDENT

FORT WORTH—Prof. J. Willard Ridings of TCU has been elected president of the Southwestern Journalism Congress for 1946-47. The '47 annual session will be held in Fort Worth next April. Congress membership is made up of 13 schools and departments of journalism in colleges and universities in Louisiana, Oklahoma, and Texas.

### Sixteen Eighth Grade Students Graduated

Rev. Harvey E. Carrell, minister of the local Methodist Church, addressed sixteen graduates of the Texico eighth grade last night, Tuesday, when the young people gathered to observe their grade school graduation.

Using as his theme "Finding Keys", Rev. Carrell told the graduates that the keys to open new doors of progress are always available, adding, "you have used keys to reach your present accomplishment, which in turn offers you the key to more training in high school and eventually into higher institutions of learning."

The students entered to the procession, played by Miss Mabel Davis, after which salutatorian Bennie Jim Billington spoke. John White gave the class history, followed by the class will, given by Bill Freeman, and the valedictory address by Mark Leavell. The class song was sung, and Supt. B. A. Rogers presented the diplomas and awards, with Rev. Carrell pronouncing the benediction.

Graduates were John Baca, Jim Billington, Mansel Doolittle, Patsy Engram, Bill Freeman, James Harding, David Houghtling, Glenn Kaemper, Mark Leavell, Raymond Lewis, Saturnino Mendoza, Treva Spurlin, Melvin Venable, Clifford Wall, John White, and Ina Mae Thornton.

### Commissioners Declare Results Of Election

The principal business conducted by the Parmer County Commissioners Court, in session here Monday, was to declare the results of the Midway - Lazbuddy consolidation election, and the various school trustee elections held on the first Saturday in May.

The consolidation vote in the Midway-Lazbuddy election was declared carried, and the following school trustees were declared elected:

Black—Dick Rocky.  
Rhea—Oscar Baxter.  
Midway—R. L. Kimbrough, Claude Watkins, D. B. Fry, E. E. Engleking.  
Okahoma Lane—C. C. Christian, Truman Kent.

Lazbuddy—John Gammon, W. H. Gammon, W. L. Shirley.  
Farwell—Boone Allison, Bol Hammonds, Claude Rose.

Friona—Joe Poindexter, Howard Morris, O. C. Jones.  
County trustees—Precinct No. 4, Matt Jesko; at large, J. D. Hamlin. Other business transacted included the payment of current bills and the approval of Sheriff Earl Booth's expense account for the months of January, February and March, in the amount of \$1,180.00.

### Training School Open For Dairy Testers

"Some young man who is interested in a job at home can find one very easily," County Agent Le McElroy said today, explaining the urgent need for a dairy animal tester in Parmer County.

"There are from 15 to 20 herds right now that could use the services of a tester," the agent went on, and then pointed out that a school for such raining will be conducted at Plainview on May 21-24.

The training course is accredited with the Dairy Herd Improvement Association, McElroy added, and this is a good opportunity for some young man to prepare for work which will keep him busy on a fairly lucrative salary.

### ONE CIVIL SERVICE

Texas, Civil Service Region No. 14, is the only single-state area in the nation.

Texas now has a population of about seven million people.

### TCU Launches Drive For New Programs

FORT WORTH—A "Texas Christian University Effort for Ministerial Education" program will be launched soon, directed by President M. E. Sadler. The new program proposes to raise a total of \$1,875,000.

President Sadler will be assisted by approximately 20 teams—one minister and one layman—at strategic points throughout the Southwest area served by TCU.

The program is planned around four additions to the University's present resources: 1, to enlarge administrative and teaching space, \$75,000; 2, to provide a small worship chapel, \$50,000; 3, to provide an apartment dormitory for married ministerial students, \$250,000; 4, to provide additional endowment to underwrite the cost of scholarships and additional teaching personnel, \$1,500,000.

## Special Prices at VORENBERG'S MEAN JUST THAT

In times of price control, when the merchants margin of profit is limited, and the demand for all classes of merchandise is at an unusually high pitch, we do not find it necessary to resort to price reductions to move any item in our store.

But, in spite of our furniture merchandising experience, and our inability to get shipment on the exact items we order, we do occasionally find items in our stock that we desire to move as rapidly as possible. All of which is another way of saying that when you see special prices offered at Vorenberg's, it means just that. You may rest assured such items are bonafide bargains that you can buy with confidence.
