## Bovina Runs Over Steers, 27-12 Score

Snappy looking uniforms had nothing to do with the outcome of the football game last Friday, when the beautifully clad Farwell Steers were unmercifully routed by the rampaging Bovina Mustangs, 27-12, in a game that more than showed the superiority of the Bovina players at every turn.

So far as Farwell was concerned, two men on the field looked like football players—stellar end and backfield man Bobby Hart, and young Don Ford, freshman newcomer to the backfield, while the Bovina men snared honors all up and down the line for tackling, blocking, advancing and holding the Steers.

Opening up the game, Farwell grabbed a 6-0 lead shortly after the starting whistle, when Herington blocked a Bovina kick on the 20 and Hart covered on the 15. Max Ford advanced the ball seven yards, Williams hit the stubborn Bovina line for no gain, and then Hart swept left end into paydirt, with the placement kick going wild.

Farwell kicked off and Bovina bogged down in midfield, where Farwell took over. Penalties pushed the locals back down the field, and they finally kicked out to Bovina on the Farwell 35. And then Bovina began to roll. On the first play Ross swept over the Steer defense for a touchdown, and the score was tied. The Mustangs tried a placement kick which Farwell blocked, but the Steers were offside and Bovina elected to take another trial. Again the kick was blocked, again Farwell was offside, and again Bovina got another chance. On the third try, with Steer defense set for a kick, Kelley passed to Looney, standing clear in the end zone, for the point that put Bovina out ahead for the first time, 6-7.

In possession of the pigskin the Steer ball toters were downed behind the line repeatedly by a leaking forward wall, and finally wound up in midfield where Hart fumbled and Ross pounced for Bovina. On the third play, Ross took the ball into the end zone again, but the placement kick was blocked by Booth, and the score went 13-6.

Combining a freak with luck, Farwell came back early in the second half to threaten briefly. Having recovered a fumble on their own 20, the locals gave the ball to D. Ford, who started down the field in a hard gallop, only to be smacked so hard by three Bovina men that the ball squirted out of his hands, went high into the air, and fell into the arms of Thomas, who scooted 40 yards ahead of his pursuers for a score. Farwell's placement was true, but the backfield was in motion and the two points nullified, leaving the Steers trailing 13-12.

The Mustangs began to hit the line from all angles then, as well as tossing some beautiful passes, one of which connected from Looney to end Kelley, putting the ball on the 1-foot marker. From there Looney went over for the Mustang's third counter. Again in the same quarter Bovina's pass attack jelled, with Looney passing to Kelley, who stood perfectly free to take the ball in the end zone for the last count of the day.

Farwell showed a brief spark late in the fourth quarter and carried a

### Regional Section Late This Time

The Regional News section of this newspaper, which has recently become a monthly feature, is late this time.

This section of The Tribune, which is printed in Dallas, arrived too late to be included in our issue of September 26th. It is hoped that this will not occur again, and that the regional news will come to local readers regularly.

### Alfalfa Makes Good First Year Yields

N. L. Tharp, farming three miles north of this city, who installed a large irrigation plant early this year, reports an exceptionally good yield from his alfalfa plantings already this season.

Tharp says he never got his 40 acres of alfalfa planted until the latter part of June. He has cut 1500 bales on the first round, and is making the second cutting this week, estimating that it will surpass the first.

Other irrigated crops on the Tharp farm are showing promise of abundant yields of feed this fall. He also reports that he will go into the winter with fairly good grass on his range, although rainfall on pasture lands has been scant this year. Tharp gives it as his opinion that moisture on his range has been just about three inches for the year. "The showers seemed to just miss me," he added.

### 8000 Calves On Wheat In This Area, Is Report

Triplett & Pringle, who have operated cattle feeding pens at Bovina for the past few years, have shipped 8,000 head of calves during the past few days, it was stated in Bovina last Saturday.

For the present, the calves have been placed on wheat fields near Bovina, with a large part of them being located in the Pleasant Hill neighborhood. They will be kept on wheat through the winter months and then brought to Bovina, placed on full feed and made ready for market.

Practically all the calves are of good grade Hereford varieties.

sustained drive to the 15-yard line, where they collapsed before the furious Bovina defense and the ball went over on downs.

The pass defense of the Steers was completely null and void when the Mustangs took to the air, with only two shown as broken up during the game. Farwell tried to do her gaining on the ground, which proved an error, as the quick-moving Mustang defense usually swept the locals under before they could get past the scrimmage line.

Little McKinney, at center, and Shanks, at end, proved their worth against heavier men. It was literally Bovina's day, and they capitalized on the breaks and the defects of the Farwell line-up.

This game cast Bovina in the lead for the six-man conference, with victories over both Farwell and Oklahoma Lane.

### Texico FFA Booth Third at State Fair

Competing with larger schools from all over New Mexico, and actually being the only small chapter represented among 13 different groups, the Texico FFA boys placed third with their booth at the New Mexico State Fair, which opened in Albuquerque on Sunday.

Tom Hudson, supervisor of the local boys, reported that Carlsbad was first, Las Cruces second, Texico third, Clovis fourth and Portales fifth in the judging of the booths.

In their exhibit, the locals stressed the importance of proper dairy feeding for the best, and most economical results. No individual entries were taken to the State show.

Accompanying Hudson to Albuquerque were Bobby Poteat, Buddy Pearce, Delmar May and Raymond Lewis. The party returned home Sunday night.

### Bovina Clubber Takes Top Honors In Show

The registered Chester White gilt belonging to Bobby Englant, of Bovina, rated first place last Saturday, when a district judging was held at the Tri-State Fair grounds in Amarillo as the climax of the 1946 contest sponsored for 4-H clubbers by Sears.

Englant, an eighth grader in the Bovina school, is in his second year of club work, County Agent Lee McElroy reported today, adding that his gilt was conceded as far superior to all others in the show. Judging was done by Ike Dahlberg, head of the animal husbandry department of Texas A. & M.

To the young club worker, as an award for his work with the gilt, goes a pure-bred Jersey heifer. Eighth other boys, county winners, who showed gilts at the district, also were awarded Jersey heifers, with the remaining nine contestants receiving \$50 purchase orders from Sears, which will be used to promote swine work.

Arland Kriegel, who was among the boys showing Jersey heifers they had won last year, won a cash prize of \$8.30. His brother, Lloyd Kriegel, who had charge of Paramer's registered boar, also attended the district contest.

### Local Firm Unloading Third Car Of Twine

The Roberts Seed Company, operators of the largest manufacturing plant in Texico, has been doing a tremendous binder twine business this year in spite of dry weather, with the consequent short crop of feed stuffs.

M. C. Roberts, owner and operator of the firm, reported this week that he was expecting to unload his third carload of binder twine here this week. Customers are scattered all the way from Shattuck, Okla., to Carlsbad, N. M.

Speaking of his feed plant operations, Roberts said that he had been operating full speed for the past several days and sees little prospect of catching up with his orders. The firm distributes livestock cubes over a large section of this area, and poor range conditions have created a heavy demands for the products of the local firm.

### Methodist Revival Is Planned For Bovina

Rev. Roscoe Trostle, pastor of the Bovina Methodist church, announced today that his church would open a fall revival on Sunday, October 13, the series to last through Sunday, October 27th.

Rev. P. E. Yarbrough, pastor of the Memphis, Texas, Methodist Church, will be the evangelist. Rev. Yarbrough is the conference missionary, and has been in much demand as a speaker, the pastor said.

About half of the world's population was undernourished even before the war.

### Pantless Justice Expected Next

If you don't believe Justice of the Peace Jess Newton will sell the clothes off his back, you'd better not make him an offer.

Last week he went home in his bare feet when he was offered his price for his boots. And Monday he walked into his home minus his shirt, which went to a bidder.

His wife says the limit has been reached, and she proposes to bar the door when he comes in pant-less.

### Car Crash Victim Buried In Okla.

The body of Mrs. H. E. Musson, age 69, who was fatally injured in a car crash southeast of this city last Tuesday night, was taken to Noble, Okla., last Saturday by a Steed Funeral Home ambulance, and burial was made there.

Mrs. Musson died a few minutes after the car in which she was riding with her husband was hit by another machine, being driven by Robert Rundell, 21, accompanied by his sister, Miss Reta Rundell. The accident happened about eight o'clock as the two machines met at a country road intersection two miles east and two miles south of LaFiat. The Mussons were coming home from Muleshoe, and the Rundell young folks were enroute to a social gathering. The Mussons were within a half mile of their home when the cars collided.

Musson was taken to a Muleshoe hospital for treatment of injuries sustained in the crash and the Rundells escaped with only minor cuts and bruises.

### Two Veterans Home From Occupation

Pfc. Graham Thornton, son of Mr. and Mrs. J. R. Thornton, and S-Sgt. Howard "Muggins" Graham, son of Mr. and Mrs. B. N. Graham, are slated for discharge in the near future, after having served with American occupation forces in Japan.

Thornton arrived home Sunday, being met in Lubbock by his parents, after clearing Fort Sam Houston, and is now on terminal leave, at the conclusion of which he will receive his discharge. He was stationed in Lagoya, Japan, serving with an MP unit there.

Graham is expected in this week, having gone through here Thursday night enroute to Fort Sam Houston, where he will be cleared for terminal leave before his final release from the Army. He has been stationed at Tokyo, doing clerical supervisory work in a large military hospital.

Both young men have spent more than a year on overseas assignments.

### October 7 Designated Farwell Day at Fair

Officials of the Panhandle South Plains Fair Association have advised that Monday, October 7th, has been designated as "Farwell Day" at the annual fair, which opens its 29th showing in Lubbock on that day.

County Agent Lee McElroy reported the first of this week that so far as he knew, no individual entries would be taken from here to the fair, although he was busy on final preparations for the Paramer County booth, which will be on exhibit.

### STUNT NITE DATE SET

Seniors of the Texico school announced today that they would sponsor their annual stunt night program, in the auditorium of the school, on Friday night, November 1st. Further plans will be announced later.

A surveying crew from the State Highway Department has been in Paramer County the past week, making surveys on the farm-to-market road projects that are to be built in this county in the near future.

At present, the crew is working on the 8-mile strip from east of Farwell to the Oklahoma Lane school and County Commissioner T. E. Levy gave it as his opinion that the crew would move from here to Friona, to survey the strip from Friona to the Hub community.

Contracts for these pieces of road work are not expected to be let until some time next Spring, possibly at the April meeting of the Highway Department, Levy said.

He added that both projects called for 80-foot right-of-ways the entire distance of the routes, and that would mean that additional right-of-way and would have to be obtained. He said that 10 additional feet on each side of the routes was to be asked, and added that so far as he knew, land owners along the routes were willing to donate the land.

Fences will have to be moved back and the poles of the Rural Electrification lines will have to be re-located. All this, Levy explained, will require time to work out, which accounts for the actual contract letting not being expected before next Spring.

### N. M. Voters Urged To Register Now

W. J. Matthews, Texico Democratic precinct chairman, today called attention to the importance of voters registering, in order to be entitled to vote in the general election in November.

There are a number of voters in the Texico precinct who have failed to register, Matthews said, and in order to save these residents a trip to Clovis, registration books have been opened by S. C. Hunter at his office over the Red Cross Pharmacy. The books will close on October 7th, Matthews said, in urging all voters to be sure that they "have their names on the list" before that time.

### Local Group To Attend National FFA Meeting

Four boys of the Texico FFA chapter, with their sponsor, Tom Hudson, are making plans this week to attend the National FFA Convention, which will open in Kansas City on October 21, being held in connection with the American Royal Livestock Show.

Listed to go from Texico are Clarence Vought, James and Jerry Paul, Malvin Curry and Hudson, and they will make the trip in a new school bus with members of the Fort Sumner and Clovis chapters, leaving here on October 19.

In Farwell, Robert Morton, head of the ag department, has also stated that several of his boys plan to make the trip to Kansas City, but could not say definitely this week who would be in the party.

### Barber Public Sale Is Set For Tuesday

W. C. (Clarence) Barber has announced a general farm clean-up sale at his farm 3 1/2 miles north and 4 miles east of Oklahoma Lane school on Tuesday, October 8, starting at 10 o'clock A. M.

Farm machinery and household goods make up practically all of the offerings, with a four-room house to be the feature of the selling.

The Methodist ladies of Oklahoma Lane will serve lunch at noon. Col. Dick Doshier will have charge of the sale and Francis and Doshier will serve as clerks.

### LUNCHROOM OPEN

Mrs. Hershel Morgan has opened a lunch room, just east of the Texico school, where Texico students are availing themselves of hot lunches at the noon hour. The school cafeteria was destroyed by fire in August, when lightning touched off a blaze that took the ag department and cafeteria room.

Mayor M. C. Roberts of Texico said today that the long-talked-of four-lane highway between Texico and Clovis seemed an assured fact in the near future.

Having contacted Governor Dempsey on his visit to Clovis last weekend, the local mayor quoted the Governor as saying the State Highway Department was ready to proceed with the actual construction of the work as soon as the right-of-way along the route was obtained.

Mayor Roberts said that the Highway Department was demanding a 120-foot right-of-way from the Texico city limits to the city limits of Clovis, and an 80-foot clearance through the Town of Texico. He added that practically all of the right-of-way had been obtained and that he expected final consummation of this phase of the project in the near future.

Since there has been so much speculation as to the actual routing of the new highway, Mayor Roberts was asked what route had been selected, and replied that the improved highway would follow the present lines. The hazardous S curve in east Texico will be practically eliminated when the 80-foot right-of-way is secured. This will mean that more property will have to be obtained along the route of the S curve.

### Big Apple Crop In Ft. Sumner Valley

Harvesting of one of the biggest apple crops in recent years is just getting into full swing in the Pecos Valley at Fort Sumner, a Tribune reporter observed on a trip to the Valley last Sunday.

Thousands of trees are literally loaded to the breaking point, with broken limbs in evidence in practically all orchards. Windfalls are being sold at 50 and 75 cents per bushel, while the picked crop is bringing prices ranging from \$1.25 to \$2.00 per bushel.

Apple growers said that most of the crop is being hauled out by truckers, although there is an almost constant stream of individuals driving in to pick up a few bushels for home consumption.

Due to the exceptionally heavy crop this year, most of the fruit is smaller than in ordinary years, the growers reported.

### Overstreet Heads USO Drive Here

H. Y. Overstreet, of this city, has been named to head the final United War fund drive in Paramer County this year, and stated today that contributions were already being received.

"We have a very small quota and no concentrated drive will be made this year," Overstreet said as he laid plans for the solicitations in the county.

Those wishing to make contributions may do so by contacting the usual solicitors in the various communities of the county.

### Roberts To Celebrate With Free Barbecue

M. C. Roberts announced this week that he was staging a big celebration at his Clovis elevator on Saturday of this week, on the occasion of the completion of his third milling and mixing unit.

More than 4000 invitations to farmers and feed dealers have been mailed over this section. Free barbecue will be served the visitors during the afternoon and Hank's Tune Wranglers will furnish music.

### REV. POGUE TO SPEAK

Rev. Russell Pogue, of Hereford, will be in the pulpit at the Bovina Baptist Church both Sunday morning and evening on October 6th, it was announced today. Rev. Pogue is a graduate of Baylor University and of the Southwest Baptist Seminary at Fort Worth.

### CONDUCTS REVIVAL

Rev. Roscoe Trostle has returned to his pastorate at the Bovina Methodist Church after assisting in a week-long revival at Vigo Park, Texas. He announces today that excellent results were noted at the revival.

**Health Notes**

By Texas Department of Health

AUSTIN—Young children may suffer as much from winter illnesses as they do from those commonly known as "summer complaints", in the opinion of Dr. Geo. W. Cox, State Health Officer, and his advice to parents as the winter season approaches is to guard babies and youngsters against these winter health hazards.

Influenza, tonsillitis, pneumonia, bronchitis, and asthma are included among the diseases which may be dangerous winter illnesses among young children, since they affect the respiratory or breathing system. Such disease as pneumonia may develop from a neglected cold, they may follow as an after-effect of measles or whooping cough, or they may occur suddenly and with very little warning. These diseases of the respiratory system are more prevalent in winter than in summer and are much more difficult to combat than digestive ailments such as summer complaint.

"These winter diseases are particularly dangerous to babies and young children," Dr. Cox stated. "Nearly all of them are spread through the secretions from the nose and mouth. Children not in vigorous health are naturally more susceptible to these complaints and the first line of defense," Dr. Cox cautioned, "is to strengthen the powers of resistance against disease; the second is to keep them under medical supervision, and the third is to make sure they avoid contact with others who have colds, coughs, or fevers."

AUSTIN.—The State Department of Health has just issued a warning in regard to scarlet fever, as the number of cases usually increases during the fall months. The majority of deaths from this disease occur from October through February.

Scarlet fever is an ery contagious

**Beauty and the Best**

A Veterans' Day party at the Honolulu Army Navy USO Club brings together Hawaii's most attractive ex-service woman, Mrs. Esther Neptune, and Hawaii's most decorated veteran, Captain Alexander N. Kahapea.

and serious disease. Grown people may contact it, but children under 15 years are especially apt to have it, if exposed. It is especially dangerous for children under 5 years, and Dr. Geo. W. Cox, State Health Officer, warns mothers to "not let your children take any chances with scarlet fever. Call the doctor as soon as the first symptoms appear."

If your child has contracted scarlet fever, the first signs you may notice are that he seems tired, restless and out of sorts. Usually, there is a sore throat, chills, vomiting, or convulsions and fever. His skin is dry and hot. His tongue is furred, and, under this white covering, it is red and swollen. In ordinary cases, these early signs are followed in a day or two by a rash. Little flat red points, close together, appear first on the neck and chest and soon the rash,

very red in color, spreads over most of the body.

The doctor is required by law to report the case to the local health officer. Do your part by following carefully the quarantine instructions which the health officer will give you, since a severe or fatal case of scarlet fever may develop from contact with some one who has only a light attack. Children who have had scarlet fever, or who have been exposed must not return to school until permission is given by the health officer and physician.

**VETS BACK TO FARMS**

One million of the World War II veterans who left farms already have or will soon return to the farms, the Veterans Administration reports. Ninety per cent of these expect to be farm operators.

**Fuel Tablets Coming For Outside Workers**

FORT WORTH.—Fuel tablets used around the world during the war for heating "C" rations may soon be everyday utility items for Texas hunters, fishermen and outdoor workers.

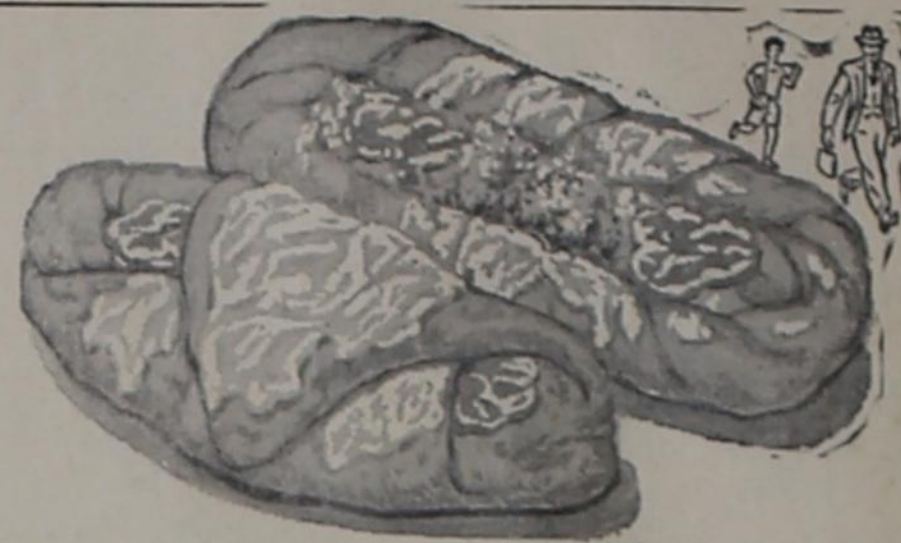

More than 21 million packages of fuel in tablets and in cans are now for sale, the War Assets Administration announced today. These compact fuel units can be used outdoors by placing them in a hole in the ground large enough to fit cooking utensils.

Samples of different sizes of cans and tablets are on display in the WAA Fort Worth regional office in the T&P Building. Minimum purchases range from 25 cartons for small retailers to 100 cartons for large retailers.

**SURPLUS HOSPITAL MATERIAL**

Hospitals, universities and colleges or North and West Texas will be able to share in an offering of 13,000 new hospital and laboratory type autoclaves and sterilizers to be made nationally available by the WAA for one month, starting October 15. Some 56 types of items are included. The Fort Worth regional WAA office will furnish detailed particulars and accept orders.

### CRADLE COUNSEL

By Jean Merritt  
Baby Food Counselor

#### Eight-Month Old Eager Beaver

Eager beaver! That's what dad calls me. Why, I don't know. Maybe mom's telephone conversation to grandma will enlighten me. . . . Yes, mother, he's fine and such a darling little angel. You should hear him talk. For an eight-month-old baby I'll have you know he's quite linguistic—all of three different sounds, 'da,' 'ka,' and 'ba.' Sleeps well, and is growing like a bad weed. He does so many cute things, I'm entertained by the hour. At times it's difficult for me to continue my domestic duties. . . . Oh! the plastic toy you gave him—it holds a lot of interest for him now. When in view he reaches for it. Then he bites and chews on it constantly. If he drops the toy he keeps looking at it until I retrieve it. You must come and see him this week-end. He always has a smile for familiar faces. Such a livewire, too—he's no longer content to lie on his abdomen. He gets up on his hands and knees and sits by himself—no help whatsoever. Sometimes in his maneuvers he gets in such awkward positions I have to rescue him. . . . What a bundle of energy! At his feedings he is so impatient and excited—practically gobbles up his food. His daddy calls him eager beaver. . . . You must come soon, mother. . . . All right. Good-bye."

My bubbling activity—that accounts for the name. Dad's right, but to continue this pace I must eat more food. Those baked and mashed potatoes you have been serving me, mom, are the solution. I didn't like them at first because they were pasty. When you stirred in some milk, they were fine. You've probably noticed my teeth and gums need more exercise so the crispness of zwieback, graham crackers and melba toast certainly is appreciated. Aren't you proud of me? I eat almost a full container of strained vegetables and strained fruit now. As for that wonderful pre-cooked cereal, I can never get enough of it. By the way, that new strained custard pudding makes a fine combination with a topping of strained apricots and apple sauce. These foods certainly help me grow. No wonder, the doctor says they are rich in vitamins and minerals which are necessary for good health.

## COOK'S COUNCIL

By Jean Merritt  
Heinz Home Institute

### Chock-full of Chowder

If the meat situation has you stymied, serve chowder tonight instead. Seafaring folk learned the stout-hearted satisfaction of such kettle cookery centuries ago. Legend says chowders originated in Brittany, famed fishing sector along the coast of France. Long ago, when the fishing fleets came back from far-flung seas, there would be a great communal celebration.

At sight of the first sail, out came a huge black cauldron. And into the pot went fish, crustacean, vegetable, and spice. Each family tossed in its contribution as a measure of rejoicing. And there, along the shore, was brewed a mammoth stew in which the whole community partook. In time, this custom grew into a festival, like America's own county fairs.

Today's sturdy chowder stems from that hospitable tradition. It has the air of a collation about it still, as though its ingredients were tossed in by lavish, grateful hands. And it rejoices in that same rich aroma, that robust flavor compounded when honest sea food is stewed into one richly glorious composition.

Its making is quite casual: condensed cream of green pea soup provides a vegetable stock base; saves precious cooking time by coming prepared in a can. Into this soup is tossed haddock or cod, potatoes, salt pork, the omniscent onion, crackers, and milk. You will find this chowder makes a heart-warming, a soul-staying meal teamed with salad and a fruit dessert:

### Fish Chowder

Wash—  
1 lb. haddock or cod.  
Cover with—  
3 cups water  
salted with—  
1 teaspoon salt.  
Cover then simmer for 5 minutes. Drain, reserving stock.  
Add to stock and cook until tender—  
3 cups diced, raw potatoes.  
Remove skin and bones from fish. Cut into cubes.  
Cut into small pieces—  
1-inch cube fat salt pork or 1 strip bacon. Sauté. Remove to absorbent paper.  
Sauté in pork drippings—  
1 medium onion, chopped.  
Add to potato mixture—  
1 11-oz. can condensed cream of green pea soup, undiluted  
2/3 cup milk  
1/8 teaspoon pepper  
12 oyster crackers, split in half  
Cooked fish, listed above.  
Heat thoroughly. Serves 8. (1 cup per serving).

## Post-Nuptial Shower Is Given On Friday

Mrs. Jess Herbert Pipkin, the former Wynelle Brown, was honored with a lovely miscellaneous shower the past Friday evening, when Misses Jeatonne Morris and Maxine Ford, and Mesdames Mae Porter, Jimmie Morris and Julia Hillock acted as hostesses.

The social was held in the home economics building of the Farwell school, with around one hundred guests attending. Decorations featured colors of the Rainbow Girls, as Mrs. Pipkin had been a member of the Parmer County chapter.

Gifts were piled high on a lace-covered table, and another lace-covered table was used for serving, being centered with a bouquet of vari-colored roses and draped in the rainbow colors. Miss Jeatonne Morris presided at the serving table and Miss Maxine Ford was in charge of the guest book.

During the social hour, Miss Marcia Anne Johnson sang a solo, and two readings were given by Mrs. Cyde Magness. Mrs. Wilson, of Bovina, was at the piano for soft music during the evening.

## Mission Rally Sunday At Lariat Church

St. John's Lutheran Church at Lariat will observe its annual mission rally Sunday, October 6, with Rev. J. C. Rook of Borger, preaching the sermons at services which will begin at 11:00 a. m. and 3:00 p. m., it is announced by Rev. E. H. Riess of Littlefield, serving the congregation at this time.

Visitors are expected from Clovis, Friona and Littlefield. The ladies of the host church will serve at the church at noon and following the afternoon service.

In the evening colored slides will be shown at the church, depicting the work in Texas. These pictures were taken during the Texas District Convention at Houston last April.

A cordial invitation is extended to all to attend these services at the Lariat Church.

Mr. and Mrs. H. F. Harmel and son, Don, of Magargle, Texas, visited over the weekend with Mr. and Mrs. H. A. Clift and family, in Farwell.

## Former Girl Weds In California, Sept. 21

Miss Edna Earle Thompson, daughter of Mr. and Mrs. Frank E. Thompson, of South Gate, California, became the bride of Galen D. Moore on the evening of September 21, in a double ring ceremony performed at the Little Church of Flowers in Glendale, Calif.

Given in marriage by her father, the bride was lovely in a gray tailored dress with ice-blue accessories complimented with an orchid corsage. For something old she wore a gold bracelet belonging to her mother; something new was a double strand of pearls, gift of the groom; a lace handkerchief, belonging to the groom's mother, served as something borrowed, and her costume accessories were something blue.

Her sister, Miss Billie Thompson, acted as maid of honor, and was dressed in a frock of ice-blue with gray accessories. Her shoulder corsage was of Talisman roses.

Attending the groom was Charlie Stetler. Ushers were Archie and Johnny Hicks.

Mrs. Thompson, mother of the bride, was dressed in navy blue with gray accessories and had a corsage of gardenias. The groom's mother, Mrs. L. E. Moore, wore a blue suit with black accessories and a gardenia corsage.

Rev. Fletcher H. Scharer officiated at the ceremony. Vocalist Jeanne Johns sang "I Love You Truly" and "Always".

A reception for almost 75 guests was held in the home of the bride's parents following the ceremony.

Mr. and Mrs. Moore will make their home in South Gate, following a honeymoon in San Francisco. Moore, a real estate broker, is the son of Mr. and Mrs. L. E. Moore of South Gate.

Mrs. Moore formerly lived with her family in Texico, and is a graduate of the Texico high school.

## Guests Of Carrells

Mr. and Mrs. H. B. Patterson of Snyder, Texas, Miss Nannell Patterson of Gail, Texas, and Mr. and Mrs. R. H. Welbon and children, of Vaughn, N. M., visited during the past weekend with Rev. and Mrs. Harvey E. Carrell and family. The Pattersons are parents of Mrs. Carrell, and the other two ladies are sisters of the local resident.

## Dinner Party Held In L. R. Vincent Home

Mr. and Mrs. L. R. Vincent entertained in their home the past Wednesday with a dinner party honoring Mr. and Mrs. Richard Marshall, Sr., Mrs. Louise Marshall and Richard Marshall, Jr., all of Boston, Mass.

Full flowers featured the decorations. Lavender, asters, dahlias and blue fern in a crystal bowl banked by tall yellow tapers in crysat candelabra formed the centerpiece for the serving table. In the background were bouquets of red carnations, sweet peas and nasturtiums.

Other than the guests of honor, attendants included Mr. and Mrs. R. B. Summers, Nell, Elaine and Jerry Wayne Summers, and Clarence Summers of Hereford, Tex.

## Barbecue Sponsored By Texico Ag Dept.

As an entertainment feature for the general public, and a money-making plan for the chapter, members of the Texico FFA department are sponsoring a barbecue, to be held at the school building on the night of October 11, Friday of next week.

Tickets are now on sale, at \$1 for adults and 60c for students in and below the 8th grade, sponsor Tom Hudson said today. He added, "All places at the banquet will be sold by ticket reservations, with deadline on sales set for Wednesday noon, October 9th. No tickets will be sold at the door, and no one will be admitted without a ducat."

The barbecue serving will begin at 8 o'clock, Texas time, and games of bingo and various other entertainment features will follow.

## Joint Meeting Is Slated For Methodist Ladies

The Wesleyan Guild and the Woman's Society for Christian Service of the Hamlin Memorial Methodist Church will hold a joint meeting in the parlors of the local church, next Tuesday evening, October 8th.

Mrs. Bess Mansfield, of the Guild, will have charge of directing the program, and a social hour will be enjoyed at the conclusion of the meeting.

All members of both circles are urged to be on hand at 8 o'clock.

## Young Missionary Group Has Meet

Members of the Young Missionary group of the Bovina Methodist Church enjoyed a special meeting last Friday evening, when Mrs. Thelma Ford, of Friona, appeared as guest speaker.

Mrs. Ford is district supervisor of missionary work among the younger women of the Methodist churches.

Mrs. Roscoe Trostle was in charge of directing the evening program.

## PTA Meeting Slated For October 10th

Mrs. H. A. Clift, chairman of the program committee, reminded patrons of the Farwell school today that the regular monthly meeting of the Parent Teacher Association will be held next Thursday, October 10th.

The meeting will be at the school, beginning at 8 o'clock. Supt. H. A. Clift is to speak on "Laying the Cornerstone", and other numbers will be arranged. A social hour will follow the program, and all are invited to attend.

**RESTRICTIONS LIFTED**

Discontinuance of the required 80 percent extraction rate by millers producing wheat flour has made possible the lifting of various restrictions on receipts of wheat millfeeds and the use of such products in manufacturing mixed feeds. The customary extraction rate of 72 percent will make available larger amounts of millfeeds which are the byproduct of flour manufacture.

These limitations were part of the program to get equitable distribution of byproduct feed for livestock and poultry during a time when increased wheat exports were necessary to help offset famine and hunger abroad. Mixed feed manufacturers are still prohibited from using during current months more than 85 percent of the grain, grain products, and grain byproducts used during the same month in 1945.

**CITATION BY PUBLICATION THE STATE OF TEXAS**  
TO S. G. Sheller, Minnie Sheller, G. W. Hunter, George W. Hunter, Hannah Jane Hunter, Hanna J. Hunter, Hanna Hunter, C. W. Leonard, and the unknown heirs, assigns and legal representatives of said parties, Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Parmer County at the Court House thereof, in Farwell, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 11th day of November A. D. 1946, then and there to answer Plaintiff's Petition filed in said Court, on the 30th day of September A. D. 1946, in this cause, numbered 1376 on the docket of said court, and styled Henry Lewis, Plaintiff, vs. S. G. Sheller, et al, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: Plaintiff brings suit in trespass to try title, alleging that he was the owner of

Lots one (1) and two (2), Block forty-six (46), of the original town of Friona, Parmer County, Texas,

on the 1st day of September A. D. 1946 and that the defendants and all of them unlawfully entered upon said premises and dispossessed him therefrom, and withhold possession thereof from him for a period of thirty days to his damage in the

sum of \$100.00, and it is alleged that he owns fee simple title to said lots and he further pleads that he has fee simple title to said lots by reason of the ten year statute of limitations, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this the 30th day of September A. D. 1946.

### Thompson Heads Good Roads Movement In Parmer County

AUSTIN—Lee Thompson of Bovina, prominent Parmer County good roads advocate, has been chosen Chairman of the Parmer County Good Roads Amendment campaign committee, it was announced today by Charles E. Simons, executive vice-president of the Texas Good Roads Association.

Appearing on the ballot in the November 5th general election as Amendment Number 3, the good roads constitutional amendment guarantees the availability of motor vehicle registration fees and gasoline taxes exclusively for road purposes, with the exception of one-

fourth of the gas tax which will continue to be allocated to the available free school fund.

"Thompson's deep interest in better and more improved highways and farm-to-market roads was the primary factor in his selection to head the Parmer county campaign," Simons said.

"With so many outstanding organizations backing the amendment," he continued, "we feel that every citizen in Parmer County should be fully informed of the provisions of the measure and the benefits they will derive from it. For this reason, we have selected Thompson to head the Parmer County committee and direct a vigorous educational campaign to point out the merits of this amendment."

**Farmers Worked 75.4 Hours a Week**

Average Hours of Work per Week—1939, 1943, 1944

American farm operators averaged 75.4 hours of work a week during a recent three years, according to a nationwide survey of working habits in agricultural centers. In the same period, according to the American Iron and Steel Institute, workers in steel plants averaged 41.6 hours of labor a week. The operators of the six million American farms spent nearly 4,000 work hours a year, per man, plus the use of mechanized equipment, to earn a living and to produce the crops and food needed to meet the

urgent wartime demands of a hungry world. Farm operators in the West North Central area worked the longest hours, putting in an average of 83.2 hours a week. Second were the farm operators in the East North Central area with 82.5 hours a week, while farm operators in the Middle Atlantic worked 79.9 hours a week. Farm operators in the Pacific states put in the smallest number of weekly work hours, averaging 72.1 for the three years of 1939, 1943 and 1944.

**LEGAL NOTICE**

**NOTICE OF ELECTION For The Re-Allocation of County Taxes**

The Resident Qualified Property Taxpaying Voters of Parmer County, Texas. Take Notice that an election will be held on the 5 day of November, 1946, in said County, in obedience to an order duly entered by the Commissioners Court on the 12 day of August, 1946, which is as follows: On this the 12 day of August, 1946 the Commissioners Court of Parmer County, Texas, convened in regular session, at the regular meeting place thereof in the Courthouse at Farwell, Texas, with the following members of the Court, to-wit: A. D. Smith, County Judge; W. H. Flippin, Commissioner Precinct No. 1, F. T. Schlenker, Commissioner Precinct No. 2, T. E. Levy, Commissioner Precinct No. 3, W. S. Menefee, Commissioner Precinct No. 4, being present, and, among other proceedings had by the Court were the following: Commissioner F. T. Schlenker introduced an order and moved its adoption. The motion was seconded by Commissioner W. H. Flippin. The motion, carrying with it the adoption of the order, prevailed by the following vote: Ayes: Commissioners W. H. Flippin, T. E. Levy, F. T. Schlenker, W. S. Menefee; Nays: Commissioners (none). The order is as follows: WHEREAS, at the general election held throughout the State of Texas on November 7, 1944, the qualified electors of the State, voting on the proposition, approved the amendment to Section 9, of Article 8, of the Texas Constitution, which amendment provides that the Commissioners Court in any county may re-allocate the county tax levies authorized in said Section 9 of Article 8, by changing the rates provided for any of the purposes authorized in said Section by either increasing or decreasing the same, but in no event shall the total of such taxes exceed Eighty (80c) Cents on the one hundred dollars' valuation for any one year, provided that before the Commissioners Court may make such re-allocations and changes in such levies the same shall be submitted to the qualified property taxpaying voters of such county at a general or special election; and in event such re-allocations and changes are approved by a majority of the qualified property taxpaying voters of such county, voting on the proposition; and WHEREAS, the Commissioners Court of Parmer County, Texas, deems it advisable and to the best interest of said County to re-allocate the county taxes authorized to be levied annually by Section 9, Article 8, of the Constitution, by changing the rates in respect to certain county taxes as herein provided: THEREFORE, BE IT ORDERED BY THE COMMISSIONERS COURT OF PARMER COUNTY, TEXAS: That a special election be held in said County on the 5th day of November, 1946, which is not less than thirty (30) days from the date of the adoption of this order, at which election the following proposition shall be submitted to the qualified property taxpaying voters, who own taxable property in said County and who have duly rendered the same for taxation, for their action thereupon: "Shall the Commissioners Court of Parmer County, Texas, be authorized to levy and collect in each year for a period of six (6) years from date of said election, county taxes as follows: Not exceeding Fifty-Five Cents (55c) on the \$100.00 valuation, in any one year, for County purposes; Not exceeding Thirty Cents (30c) on the \$100.00 valuation, in any one year, for roads and bridges; Not exceeding Five Cents (5c) on the \$100.00 valuation in any one year to supplement the jury fund of the County; and Not exceeding Five Cents (5c) on the \$100.00 valuation, in any one year, for the erection of public buildings and other permanent improvements."

In the event that the annual levy of a tax not exceeding fifteen (15c) cents on the one hundred dollars' valuation for the further maintenance of the public roads of said County has heretofore been, or shall hereafter be, authorized by a majority of the qualified property taxpaying voters of the County, voting at an election held for that purpose, nothing herein shall be construed as rescinding or in any manner affecting the power and authority of the Commissioners Court to levy and to continue to levy said tax. The said election shall be held under the provisions of the Constitution and laws of the State of Texas, particularly amended Section 9, Article 8, of the Constitution, and Section 3a, Article 6, of the Constitution, and all persons who are legally qualified voters of said County, and who are resident property taxpayers who own taxable property in said County and who have duly rendered the same for taxation, shall be entitled to vote at said election. The ballots for said election shall have written or printed thereon the following: "FOR Re-Allocation of County Taxes." "AGAINST Re-Allocation of County Taxes." Each voter shall mark out with

above expressions, thus leaving the other as indicating his or her vote. The polling places and presiding officers of said election shall be respectively as follows: The same polling places and the same presiding officers as have been heretofore selected, and appointed respectively to hold the General Election on November 5, 1946, in Parmer County, Texas. The manner of holding said election shall be governed by the laws of the State regulating general elections. A copy of this order, signed by the County Judge of said County, and certified to by the County Clerk of said County shall serve as proper and sufficient notice of said election. Notice of said election shall be given by posting a copy of this order at the top of which shall appear the words "Notice Of Election For The Re-Allocation of County Taxes", at the Courthouse door of said County, and in each of the election precincts of said County for thirty (30) days prior to the election, which notices shall be posted by the Sheriff or a constable, who shall make a return on a copy of such notice, how and when he executed the same. Notice of said election shall also be given by publication thereof in a newspaper published in Parmer County, once each week for three consecutive weeks, the date of first publication being not less than twenty-one (21) full days prior to the date of said election. ADOPTED And Approved, this the 12 day of August, 1946.

A. D. SMITH, County Judge, W. H. FLIPPIN, Jr., Commissioner Precinct No. 1, F. T. SCHLENKER, Commissioner Precinct No. 2, T. E. LEVY, Commissioner Precinct No. 3, W. S. MENEFEE, Commissioner Precinct No. 4. The State of Texas County of Parmer I, the undersigned authority, Clerk of the County Court and Ex-Officio Clerk of the Commissioners Court of said County, do hereby certify that the above and foregoing is a true and correct copy of an order passed by said Commissioners Court on the 12 day of August, 1946, and of the minutes pertaining to its adoption, as said order appears of record in Vol. 3, Page 355, of the Minutes of said Court. WITNESS my hand and the seal of the Commissioners Court, this the 23 day of September, 1946. D. K. ROBERTS, Clerk of the County Court And Ex-Officio Clerk of the Commissioners Court of Parmer County, Texas. (SEAL) 46-3tc.

**FARM FACTS WORTH KNOWING**

**Q. Can milk production be increased by giving cows more water?**  
A. It is often possible to increase production of a herd by 10 to 15 percent, simply by increasing the number of times they are watered. If possible, water should be available at all times with water cups at each stanchion. If not, cows should be watered at least three times daily, winter and summer.

**Q. I have quite a large number of young cockerels that I wish to market as broilers. What is the best way to finish them out?**  
A. Use a broiler growing feed all the way until the birds are marketed. Fattening feeds are not generally used for feeding broilers.

**Q. What kind of housing is required for dairy goats?**  
A. Housing for goats need not be elaborate. The Research Farm of the Ralston Purina Company recommends a dry, well ventilated building that is free from drafts, with a floor that has good drainage and a surface that can be scrubbed and disinfected. Individual pans for feeding grain should be provided, and an ample water supply must be available at all times.

**Q. What is the best hay for feeding work horses?**  
A. An excellent hay for work stock is a mixture of well-cured clover and timothy; mixed alfalfa and timothy; or similar combinations. These mixtures are usually better than a single source of hay, because they possess the good qualities of both legume and non-legume hays.

**Q. Can turkeys be caponized?**  
A. Yes, but caponizing does not seem to be practical or economical, probably because it takes turkeys nearly two years to reach physical maturity and the results of caponizing are not evidenced until after that time.

**To Be Expended Soon**

In a meeting held recently, FSA supervisors in the Panhandle area were advised that Region 8, which includes Texas, New Mexico and Oklahoma, would expend their rehabilitation loan funds by the last of February, 1947, Frank Seale, head of the local office, reported today. "I wish to encourage FSA borrowers in Parmer County to make their applications at their very first convenience for money that they will need before the first of next July," he continued. The Farm Security Administration set-up and name is due to be changed on November 1, at which time the Farmers' Home Administration, combining the FSA program and the Emergency Feed and Seed loan program, will be inaugurated.

**Junior Dairy Show  
Plans Announced**

**COLLEGE STATION**—This year's Junior Dairy Show at the State Fair of Texas will be held October 5-7, according to announcement by G. G. Gibson, dairy husbandman for the A. & M. Extension Service.

The premium list is the best yet, Gibson says. There will be \$825 awarded on each of three breeds—Jerseys, Holsteins, and Guerneys—making a total of \$2,475 in the Junior Dairy Show premiums. Five classes have been provided with a \$20 top and 10 moneys in each. The Club Group of five heifers owned by three or more boys has a top money of \$50.

Dairy cattle will be judged at 9 a. m. Monday, October 7. Heifers should be in place on Friday, October 4. It will not be necessary to keep cattle there for the duration of the entire fair except to be shown in open classes, Gibson says.

**Whole Wheat Flour Has  
Vanished From Market**

**COLLEGE STATION**—Why is there no whole wheat flour on Texas markets?

That's a question that folks over the State are asking now. Edith Lawrence, specialist in food preparation for the Extension Service, points out that the shortage is most probably due to manufacturer's backlog of orders for 80 per cent extraction flour. Since there is a much larger scale market for the regular flour than there is for whole wheat, manufacturers are naturally catering to the larger demand.

Probably another reason for the present shortage is that manufacturers produce smaller quantities of whole wheat flour during the summer months. It spoils rather quickly in hot weather and demand drops at that time.

Now that wheat is becoming readily available, the backlog of regular flour orders should soon be reduced to the extent that millers will take care of the smaller demand for the whole wheat product, Miss Lawrence says.

There are no government regulations prohibiting the manufacture and distribution of whole wheat flour, and the product should soon be back on Texas grocery markets.

**West Texas College  
Opens On Tuesday**

**CANYON**—College days finally began Tuesday morning, October 1, for students of West Texas State College. After a delay of two weeks to enable college authorities to prepare housing facilities for an expected record enrollment, registration is continuing throughout the week.

As for the housing situation, though all units of the dormitory system have not been completed as was hoped, girls will be taken care of adequately by existing facilities and by the new addition to Randall Hall, bringing its capacity to 236.

Material shortages, especially in plumbing facilities, will delay the opening of Conner Hall, new state-maintained dormitory for veterans, for at least another month, according to Virgil Henson, college business manager.

Though not completed according to plans, 76 apartments for married veterans and their families and places for 250 single vets will be livable. In case of an overflow of men students, college administrators are prepared to install cots in Burton Gymnasium temporarily until permanent quarters are complete.

Delay in construction on the central cafeteria where all college students eventually will be fed will necessitate a resumption of the use of dormitory dining rooms. Meals will be served for girls in Cousins and Randall Halls, and for boys in Stafford Hall, Terrill, and the college cafeteria with the athletes.

Mrs. Sue Donald, college dietitian believes that the earliest possible

opening date for the cafeteria will be the first of the year. In the meantime, however, all student needs will be met in the smaller dining halls.

**Civil Service Offices  
Opened In Amarillo**

The 14th U. S. Civil Service Region comprising the State of Texas, has established boards of Civil Service Examiners for the purpose of recruiting, examining and certifying eligibles to fill vacancies in the Federal service at points throughout Texas.

Veterans interested in Federal employment in these agencies should immediately contact the Executive Secretary, Board of U. S. Civil Service Examiners, at the particular establishment in which interested.

In addition to those shown below, there are Boards of Examiners at all first- and second-class postoffices which disseminate information regarding civil service examinations announced on a region-wide basis, and furnish general information to the public relating to Federal employment.

In Amarillo, the Boards are located at the Bureau of Reclamation and the Veterans Hospital.

**Steers Meet Oklahoma Laners Here, Friday**

The second home game of the current football season will be played Friday afternoon of this week, when the Farwell Steers and the Oklahoma Lane Cowboys meet on the field back of the local courthouse at 2 o'clock. This will be the second conference game for both teams, with each having recorded an earlier loss to Bovina.

Thomas, who sustained a badly broken nose last Friday, and Don Ford, who got a bone chipped in his left wrist the same day, will definitely be out of the lineup this week, Coach Jack Williams reported today. It is also very likely that Max Ford, who has a bruised ankle, and Robertson, nursing a banged-up hip, will see the game from the sidelines. Robertson, M. Ford and Thomas are regulars in the backfield, with D. Ford an outstanding sub back.

Consequently, a re-juggling of the talent available was in process this week for the Steers, with Coach Williams tentatively listing Booth or Hanna and Sheets or Loe at the end positions, Herington at center, Williams at quarterback, Curtis or Hart at left half, and M. Ford or Harding at right half.

The Steers took a beating in both body and ego at the hands of Bovina last Friday, and as a result, are buckling down to heavy workouts in dead earnest this week, determined that the visiting Cowboys, who by all rules of the game should be the underdogs, will not throw them for their third successive loss.

Oklahoma Lane is a newcomer to the football scene, with the boys there having played their first game in history two weeks ago, but reports indicate that they are both heavy and fast, and inexperience could very easily be offset by enthusiasm and determination.

The lineup for the Oklahoma Laners was given on Tuesday by Coach W. M. Roberts as follows: Gober, left end; Rundell, center; Dollar, right end; Grissom, left half; Donaldson, right half; Christian, fullback. Subs likely to see action include Foster, Sudderth, Gulley, Kriegel and Jones.

R. E. Everett of Bovina, and H. L. McKee, of Clovis, will serve as officials.

**Deer Hunters Plan Annual Take-Off**

What is believed to be the first contingent of deer hunters to leave Texico-Farwell this season is making plans to take off next week, and will pitch camp near Grand Junction, Colorado, for the opening day on October 12.

E. G. Blair and son, Joe, J. E. Bingham and Bill Bradshaw of Bovina, and Ralph Humble of Farwell will make up the party. They are going to Colorado this year because of the early season, planning to return home by the time Fall harvest opens.

Quite a number of local nimrods are expected to be heading for the deer-infested (they hope) hills of New Mexico when the New Mexico season opens later in this month.

**SELLS CANDY BUSINESS**

Ebb Randol of this city has sold his candy and confection business to R. P. Perrin of Lubbock, who took over last week. The Perrins have also leased the Randol residence and will make their home here, operating the business in the same location near the Farwell school.

At present, Randol said he had no announcement to make regarding his plans for the future.

**Ranchvale And Texico Split Softball Games**

The Ranchvale girls again proved their superiority on the softball diamond, last Friday, when they downed a determined but underdog Texico team, 10-17, while the Texico boys evened up the afternoon by toppling their opponents, 12-7.

A check of the box score showed that Moore, on the mound, held the Texico girls down the first three innings, with the locals failing to cross home plate until the fourth. In the fifth they racked up two scores, were blanked in the sixth, and took a total of seven in the final round at bat.

Ranchvale, comparatively, had its big innings early in the game, taking four counts in the first and seven in the second. They were held scoreless in the third, had one each in the next three times at bat, and wound up by scoring three times in the finale.

Coach C. E. Sanders used a large number of subs in the boys game, after taking a commanding lead in the first three innings. Blain banged out the only homer of the day, but Waldon, of Ranchvale, was high scoring individual, crossing home plate three times during the match.

**Inspector Visits At County Board Office**

Peter W. Baker, Jr., of the Austin office of Selective Service, headquarters for Texas, spent a day here last week reviewing the files of Parmer County registrants.

Mrs. Bessie Lee Henneman, clerk, reported today that Baker had stressed the fact that all men between the ages of 19 and 29 should report immediately to the board any change of family status, as only non-fathers are being drafted at present.

All files of men listed as 4-F will be sent to State headquarters in the near future, she added, urging that if there is any change of status among men in this group it should be reported to her, to avoid an unnecessary checkup.

**HERE FROM OREGON**

T. M. Bieler, of Klamath Falls, Oregon, was here the first of the week, visiting with his brother, C. E. Bieler, Texico rural route carrier. Bieler was enroute to his home after attending a reunion of the Spanish-American War veterans at Leavenworth, Kansas.

**Texico Players Go To Grady For Tourney**

Boys and girls of the Texico school will be in Grady on Saturday of this week, October 5th, participating in an invitation softball tournament which is open to a large number of teams in this area.

Looking over the field, coaches opine that the Ranchvale girls are almost sure winners in that division, but on the other hand, Grady, Ranchvale and Texico have all made good showings in boys' games, and the breaks of the tournament could give the championship to any of the three.

Coach C. E. Sanders, of the Texico boys, said today that he was not in possession of drawings for placements and time as yet, but added that he would be notified by Friday. Trophies will be presented to both first and second place winners in the two divisions of the meet.

**Teachers Plan Open House At Farwell**

At a faculty meeting held last Thursday, members of the Farwell teaching staff voted to hold open house in all departments of the school on November 15th, at the conclusion of National Education Week, Supt. H. A. Clift said today.

Clift added that all classes of the school would be open for inspection at that time, with special exhibits being arranged by the students, emphasizing various lines of work.

It was also voted at the meeting that the annual Hallowe'en carnival would be held the last of October, and students of the school will take charge of the arrangements.

**HAVE GOOD LUCK**

Claude Dyer and Curley Hendricks and some Clovis parties returned home the first of the week from a successful fishing trip to Elephant Butte Lake. In addition to a large number of channel catfish that would average two to 2½ lbs., they brought back one large mudcat that tipped the scales at 11 lbs.
