Slow Rain Falling Early Wednesday

A slow falling rain that had continued throughout most of the night was still falling here as The Tribune prepared to go to press early Wednesday morning.

Early reports indicated that the rain might be general over this entire section, which would be the first general rain of the year. The moisture, coming just at this appropriate time, will stimulate wheat sowing on a large scale.

Predictions have been previously made that with sufficient moisture early in the fall season, Parmer County wheat storage would be the largest ever known here. Thousands of acres of row crop lands that have remained idle this year because of the drought will be seeded to wheat, farmers say.

A definite report was to the effect that the rain hit all of Parmer County along the Amarillo highway, from Friona to Farwell, moisture is standing in the field rows and along the highway, with indications of definitely soaking the parched ground.

May Get Buildings From PW Camp

Officials of the Texico school are hopeful this week that they will be allowed two buildings from the abandoned Prisoner of War Camp at Hereford, to replace the Texico ag building, completely destroyed by fire some weeks ago.

Supt. B. A. Rogers reported that Dr. W. R. Shipping, of the War Assets Administration, Fort Worth, visited here and looked over the situation last Friday, after which Supt. Rogers and board member Rupert Paul went to Hereford and checked over the buildings, making applications for two of them.

Dr. Shipping was encouraging, and officials report that "it looks favorable", when questioned about securing the buildings for use here.

Pioneer Farwell Lady Is Buried In Clovis

Funeral services for Mrs. Mary Hiner, pioneer Farwell woman, will be held at the Steed Chapel in Clovis this (Wednesday) afternoon at 2:30, New Mexico time, with Rev. Harvey Carrell in charge.

Mrs. Hiner, who has been in failing health the past several weeks, passed away quietly at the John Blake home in Farwell late Friday evening. She had been a resident of Farwell the past 38 years, and for a number of years lived alone at her home in south Farwell. For the past few months, due to her health, she has been staying in the Blake home.

When she came to Farwell, she engaged in teaching school for many years, later marrying J. M. Hiner, who died some several years ago. She is survived by four sisters, Mrs. F. B. Wilkins, Wacoma, Wash.; Mrs. Eddie Bruff, Wacoma; Mrs. Elizabeth Merrin, Wacoma; and Mrs. E. H. McMurry, Hopkinsville, Ky.; two brothers, Lee Elbreff, Calalina, Wash.; Howard Elbreff, Calistoga, Calif. Six nieces and two nephews are also listed as survivors.

With the Steed Funeral Home in charge, burial will be made in the Clovis cemetery.

Selective Service To Lose Asst. Clerk

Mrs. Bessie Lee Henneman, clerk of the Parmer County Selective Service office, has been notified by state headquarters that her assistant clerk, Mrs. O. B. Pipkin, will be terminated as of September 20th.

Mrs. Pipkin has handled vacation periods for Mrs. Henneman for the past several years, but in the future, no extra pay for relief help will be allowed, state headquarters reports.

Agriculture's contribution to the national income as 10.4 percent in 1945, against 10 percent in 1944.

SHOW DATE SET

Temporary show date for boys participating in the Sears pig contest is September 23rd, County Agent Lee McElroy reports. He said that the date might be changed pending announcement of the district show in Amarillo, which will be entered by the Parmer winner. The show will be held in Farwell, with eight boys in competition.

Court Takes Judgment In Twenty-One Tax Suits On Tuesday

District Judge John Aldridge ordered judgment in twenty-one delinquent tax suits in District Court here Tuesday and instructed Sheriff Earl Booth to prepare orders of sale on the delinquent property to satisfy the judgments.

Court officials expressed the belief that the tax sales will be held on the first Tuesday in either October or November, probably the latter date, as considerable time is required to prepare the order of sale and complete the necessary publications.

Most of the land against which judgment was rendered consists of town lots, and a large portion of the delinquent property is located in Friona.

On Monday, the Court granted judgment in favor of plaintiff in the case of Norma Lee Clements vs. Frank Clements in a suit for divorce, and gave Mrs. Clements the custody of a minor child. Judgment was also rendered in favor of the plaintiff in the case of Viola Bandy vs. Fred Bandy in a divorce suit, and plaintiff was granted the custody on a minor.

The Grand Jury, in session Monday and Tuesday, recessed Tuesday evening until Sept. 6. A number of investigations were made by the jury, and two indictments were returned.

County Tax Rate Same As In Former Years

The County Commissioners Court adopted the county budget for the year 1947 Monday, and set the county tax rate at 80c on the \$100 valuation, the same rate that has applied for the past several years in the county.

The money will be divided among the various county funds on the following basis: Jury fund, 15c; Road and Bridge Right-of-Way, 5c; General Fund, 19c; Road and Bridge Fund, 20c; General Deficiency Fund, 6c; Permanent Improvement Fund, 1c; Road and Bridge Interest and Sinking Fund, 5c.

The Commissioners set the school tax rate in Rhea, Black and Summerfield districts at \$1.50 in accordance with the wishes of the voters of these districts, expressed in special elections to increase the rate from \$1.00 to \$1.50.

Extension Given On Sugar Stamp 49

A Washington report this (Wednesday) morning was to the effect that spare ration stamp 49 will be good for five pounds of sugar through Sept. 30, instead of expiring on Saturday, August 31, as originally scheduled.

OPA granted the extension, it is said, because shortages in some areas had prevented housewives from using the stamp. Spare stamp 51 will be valid for five pounds of sugar during the October-December quarter.

MAKING ADDITION

John and Champ Porter, of the State Line Grocery and Market, are adding a 10x40 ft. addition to the east side of their business building in Farwell this week.

Hang on to your War Bonds!

With a call already on hand for four men, the Parmer County Selective Service Board will resume drafting in September, Mrs. Bessie Lee Henneman, clerk, reported today.

The September induction call for four men comes on the 18th, Mrs. Henneman said, adding that the board also had a call for September 4, when two men will be sent to Oklahoma City for pre-induction physicals.

Drafting at present will be confined to non-fathers between the ages of 19 and 30, with an expected increase in the age limit after a few months. Married men without children, in the age limits, may be up for induction, but fathers are strictly on the "taboo" list at present.

A large majority of men are also up for reclassification on a recent ruling that any non-father who has had less than six months of service may be re-called for additional duty. Mrs. Henneman stated that the board, in session last Friday, considered several of these cases, but added, "the majority of men from this county discharged with less than six months of service were released because of physical reasons", indicating that few former servicemen would be taken from this group.

Drafting of all men has been at a standstill for the past three months over the entire nation, and it is not generally expected that calls will be particularly heavy during the next few months.

Charlie Vaughan Dies On Saturday Night

Charles Henderson Vaughan died Saturday night at 10:30 at the family home following a lingering illness of the past two years, and funeral services were conducted in the Steed Memorial Chapel in Clovis Monday afternoon, with Minister Ebb Randol in charge.

He was laid to rest in the Texico cemetery by the side of his wife, who preceded him in death some four months ago.

Vaughan's physical condition had become steadily weaker during the past six months, and two weeks ago suffered a third stroke, which left him almost helpless.

Vaughan was born at Denton, Texas, in 1881, lacking only seven days of having attained the age of 65 at his death. He came to New Mexico in 1917 and had resided here until his passing.

Of his immediate family, he is survived by three children, Louie and Elton Vaughan and Mrs. Lolest Harmon. Other survivors include four grandchildren; five sisters, Mrs. Hayden Jennings, Clovis; Mrs. R. N. L. Clark, Texico; Mrs. Harden Douglas, Muleshoe; Mrs. Marvin McGuire, Sudan, and Mrs. Sam Randol, Texico; and three brothers, N. W. Vaughan, Yuma, Ariz.; E. L. Vaughan, Yuba City, Calif.; and Tom Vaughan, Richmond, Calif.

No Takers Here On Wheat Adjustment

Not a single farmer in Parmer County took advantage of the CCC's offer to receive additional money for wheat sales, Harold Carpenter, local AAA supervisor, reported today, although the local office remained open all day Saturday—deadline day—in order to handle any requests.

"We had numerous questions, and a few applications were filed, but not a check was received to clear the applications," Carpenter said.

Under the program, CCC was obliged to pay the difference between the price of wheat on any specified date—before next spring—and the amount the farmer actually received when he sold his wheat recently under the set-aside order. But, in order to get the difference, the producer was required to pay to CCC the amount he received originally, and then wait until the government agency got around to paying him off in full, which could have meant that cash would have been tied up for several months.

Eels have scales on the inside of their skin.

Parmer County will have only two new official faces at the courthouse on January 1st, as a result of the Democratic primaries, the second of which was held last Saturday.

Loyde Brewer, of Friona, will take over the duties of County and District Clerk, he having been nominated in the first primary. And C. L. Calaway will replace F. T. Schlenker as County Commissioner of Precinct No. 2. Otherwise, the official roster will be unchanged.

In last Saturday's primary, Calaway won handsily over Schlenker, incumbent, by 65 votes. Schlenker carried the Rhea box by a 44-16 vote, but Calaway outdistanced his opponent in the Bovina box by a 97-to-190 vote.

John Armstrong made an unsuccessful attempt to unseat T. E. Levy as Commissioner of Precinct No. 3. Levy carried both boxes in the district to outrun his opponent by a margin of 78 ballots. Farwell gave Levy 152 votes as compared to 87 for Armstrong, and Oklahoma Lane polled 69 for Levy and 54 for Armstrong.

In the State Representative race Joe W. Jennigs carried Parmer by a vote of 476 to 421 for I. B. Holt, but lost the race to the latter by a margin of about 200 votes in the eight-county district.

In the Governor's race, Parmer Countians voted with the majority to give Beauford Jester 705, while Homer P. Rainey, ousted Texas University president, polled only 272.

In the race for Lt. Governor, the Parmer residents placed their money on a loser by giving Boyce House a majority of 465 to 449 for Allan Shivers.

J. E. McDonald, incumbent commissioner of agriculture, carried this county by a vote of 504 to 334 over R. E. McDonald, and Tom L. Beauchamp trailed Jesse Owens 326 to 512 for Judge of the Court of Criminal Appeals, but Beauchamp outdistanced Owens in the State finals.

Dairy Show Dates Are Set As October 17-18

Featuring top dairy stock, the annual Parmer county show will be held this year on October 17-18, unless a change of date is made later by the directors.

Usually the show is held in August, but conflicts with a large number of fairs in this area, slated for August and September, caused the directors to set the tentative October date, County Agent Lee McElroy reported. A large number of dairy owners indicated intentions to attend district fairs, necessitating the late date.

The show this year actually will be a Parmer-Bailey county affair, with Bailey herd owners petitioning the directors to allow them to participate here. Some 40 or 50 head of cattle will be added with the inclusion of the Bailey herds, officials believed.

In addition to allowing Bailey county to enter the show, the directors voted to list another class of dairy stock for competition this year. This move puts four breeds of animals in the show, Jerseys, Holsteins, Shorthorns, and the newcomers, Guernseys.

Providing facilities can be arranged, the two-county show will be held in Farwell this year.

Collision Takes Life Of Sgt. James White

A head-on automobile collision at the gates of Randolph Field, near San Antonio, took the life of Master Sergeant James W. White, formerly of Clovis, last Friday. Two other servicemen also lost their lives in the accident.

Recently discharged after 11 years in the Army, Sgt. White re-enlisted about one month ago. He was the husband of the former Viola Flye, daughter of Mr. and Mrs. John Flye of near Texico. His wife and two-year-old son survive.

Military funeral services were held at Temple, former home of Sgt. White. Attendants from here included Mr. and Mrs. John Flye, son Jack and daughter, Peggy; Mrs. E. L. Bell and Mrs. Leonard Flye.

M. C. Roberts, of Roberts Seed, left Wednesday morning for Saint Louis, where he will attend a meeting of dealers and growers of soy beans.

Bovina To Stage Big Community Sale

Main Street in Bovina will be the scene of probably the biggest community sale ever staged in Parmer County on Saturday, August 31st, starting at 10 o'clock a. m.

Consignments to the community sale, have been made by Bovina merchants and other individuals of that community, to make the largest list of farming implements, household goods, livestock and miscellaneous items ever offered at public auction in the county.

Part of the proceeds of the sale will go to the building fund of the Bovina Methodist Church, and in many instances, all the proceeds realized from items listed will go to the building fund.

The Junior and Senior Classes of the church inaugurated the movement, which met with such public favor that the merchants of the town, in a special meeting Monday night, agreed to get behind the idea with their support. In addition to the auction, the Bovina merchants are offering special prices for the day to make the occasion even more attractive.

Some Wheat Sowing Started This Week

Some sowing of Fall wheat was being reported this week, as farmers living in the rain belt districts of the past week took advantage of the moisture received the first of last week.

The plantings have been confined to limited areas, chiefly near the Texico-Farwell area and east of Bovina, where heavy showers fell last Tuesday evening. Over the county generally very little or no wheat has been planted as yet, with farmers reporting insufficient moisture to get their sowings started.

Farmers say that this may be a little early, but on the other hand, they are anxious to get some grain up to provide grazing for their livestock at the earliest possible date, since the row crops of the county are virtually nil this year.

TWO FACULTY MEMBERS ADDED TO FARWELL

Mrs. Harry Rose and daughter, Miss Betty, were both elected to the Farwell faculty the past weekend, completing a twelve-teacher roster, Supt. H. A. Clift announced the first of this week.

Mrs. Rose has attended college in Oklahoma and has taught there for several years, coming here highly recommended by the county school superintendent at Alva, Oklahoma. She will teach social science in the grades.

A graduate of Oklahoma A. & M., Miss Rose taught last year in Kansas, and was re-elected to her position. She will teach typing in the local school, Supt. Clift said.

REVIVAL IN PROGRESS

The revival at the Methodist Church, which began last Sunday, continues through this week, closing out next Sunday.

Services are being held twice daily at 10 a. m. and 8 p. m. Rev. John L. Carpenter, pastor of the St. Mark's Methodist Church of El Paso, is bringing some forceful messages.

Commissioners Irked By Garbage Disposal

The County Commissioners, in session here Monday, mauled over and over again the old problem of getting residents to use the public dumping grounds in the county for garbage and refuse disposal.

Although public dumping grounds have been provided in every precinct in the county, residents seem to give them little regard and continue to dump their garbage at the most convenient place they can find—just so it is away from their own premises.

The Commissioners reported that, although some people regarded the dumping grounds as the proper place for garbage disposal, the practice of dumping near the grounds or in the driveways was considered sufficient, with the result that dumping grounds have become almost useless.

The Commissioners went on record as issuing another warning to violators of dumping practices and warned that persons found violating the laws in this regard would be subject to punishment.

Last Week To Save On Subscriptions

Saturday, August 31, will be the last day of The Tribune's special subscription offer. After that date, all subscription prices will be advanced.

During the month of August, we have been giving both old and new readers a chance to subscribe at a saving to themselves. The response has been very gratifying. But some have not as yet taken advantage of the special offer—and Saturday is positively the last day.

On and after Sept. 1 the subscription price of The Tribune will be advanced from \$1.50 to \$2.00 per year to subscribers living in Parmer and adjoining counties. Papers mailed elsewhere will cost the subscriber \$2.50 per year.

No subscriptions will be accepted for more than one year at the \$1.50 rate.

Latest News Given On Use Of DDT

COLLEGE STATION—DDT is still a very new story, particularly in connection with feed and food crops.

For household and livestock insects, DDT is the best insecticide that has been found, says C. A. King, Jr., entomologist for the Extension Service. But in general, entomologists are going slowly on recommendations until they know more about how the insecticide reacts on different plants under different climatic conditions.

For houseflies, mosquitoes, fleas, roaches, bedbugs, and lice, DDT is deadly, says Extension entomologists. When DDT fails to control

these insects, such as houseflies, the trouble may be that too low a percentage of the insecticide is being used in the spray. A five percent mixture should be used to kill houseflies, and the spray must be applied thoroughly on the walls of the house.

Several precautions must be practiced by DDT users. When spraying vegetable and truck crops, such as cabbage or sugar beets, the crop residue should not be fed to livestock. For stored grain insects, a three percent dust may be used, if the grain is not to be used for food. In spite of extensive investigation, the use of DDT on fruits is not yet recommended. It should never be used on animals in an oil solution.

With DDT, as with any other insecticide, the effect on the insect is only half the story. It can be poisonous and harmful to animals and human beings, and it does kill some useful insects, at the same time allowing other pests, such as the red spider, certain aphids, and mite to increase.

Entomologists don't know yet just exactly where DDT is going to fit into the insect control picture.

The Forest Service's annual forest fire loss report showed that 17,680,700 acres of timber were burned in 1945. Most of this loss, which our lumber piles can't stand, was preventable.

Drive Is Launched For More Student Nurses

Citing a decline of 75 per cent in student nurse enrollment from last year, the Texas League of Nursing Education, in cooperation with five other state organizations, Saturday launched an intensive recruiting drive designed to add 2,000 Texas girls to nursing school ranks in September.

The danger to health in every community in Texas due to this alarming shortage cannot be over-emphasized, Miss Lucy Harris of Fort Worth, president of the nursing league, pointed out.

"Twenty-three per cent of the nation's hospital beds already are shut down because of the scarcity of trained nurses," she announced. "Texas condition is worse and will become increasingly so unless the nurse situation is remedied by a flood of fall class enrollments."

Cooperating in the enrollment drive are the Texas Hospital Association, the State Medical Association, the Texas Graduate Nurses Association, the Texas State Board of Nurse Examiners, and the State Organization for Public Health Nursing. The drive leader, the Texas League of Nursing Education, is the department of education of the Texas Graduate Nurses' Association.

Despite university tie-ins on credits, college classroom and dormitory conditions, and other improvements in nursing school education, student nurse enrollment declined to 1,137 in the last year of the war and so far this year has dropped to the alarming figure of 300.

Because of the gravity of the situation, Miss Harris said most of the state's nursing schools would delay closing fall registration until Sept. 15 and some would extend deadlines to Oct. 1. Enrollment information is available at any hospital in Texas, she added.

The 37 accredited schools of nursing in Texas are: Hendrick Memorial Hospital, Abilene; Northwest Texas and St. Anthony's, Amarillo; Brackenridge and Seton, Austin; Hotel Dieu, Beaumont; Baylor, Dallas Methodist, Parkland and St. Paul's, Dallas; Hotel Dieu, El Paso; City-Country, Harris Memorial Methodist and St. Joseph's, Fort Worth; John Sealy and St. Mary's Infirmary, Galveston; Hermann, Jefferson Davis, Memorial and Methodist and St. Joseph's Infirmary, Houston; Lubbock General and West Texas, Lubbock; McKinney City, McKinney; The Sanitarium of Paris, Paris; St. Mary's, Port Arthur; Prairie View, Prairie View; Shannon West Texas Memorial, San Angelo; Medical and Surgical, Robert B. Green Memorial and Santa Rosa, San Antonio; William N. Jones, Sherman; King's Daughters and Scott & White, Temple; Hillcrest Memorial and Providence, Waco; and Wichita General, Wichita Falls.

percent curable if discovered and treated in their very earliest stages. Delay reduces the chance of cure and in many cases is the direct cause of death."

Dr. Cox urges that every person who might suspect a venereal disease infection have a physical examination, so that if present, the disease can be brought under treatment at the earliest possible date.

TWO NEW CENTERS

Two more guidance centers to help veterans with their vocational and educational problems have been established in Texas by the Veterans Administration.

The centers will be operated by Lamar College of Beaumont and North Texas State Teachers College in Denton.

VA guidance centers are now operating in all sections of the Southwest. Psychologists and vocational experts are available in all centers to help veterans.

AUSTIN.—Because of the fact that a venereal disease is no respecter of persons, people of every class and color, rich and poor, educated or ignorant are numbered among the victims, asserts Dr. Geo. W. Cox, State Health Officer.

"Venereal diseases are among the most vital health problems in the State of Texas today," Dr. Cox said. "The amount of suffering, economic loss, insanity and even death from venereal diseases cannot be accurately estimated but would reach a shocking figure if disclosed."

The State Health Officer pointed out that self-diagnosis and self-treatment are extremely dangerous and advised consulting a physician for determining definitely whether or not a venereal disease is present.

"Only a reputable physician can properly diagnose such a disease. The presence of gonorrhea is not disclosed by a routine blood test, and the diagnosis of syphilis requires more than a blood examination," declared Dr. Cox. "Both syphilis and gonorrhea are almost 100

WAVE Veterans Are Urged To Re-enlist

NEW ORLEANS.—The Navy today raised the traditional cry of the lonely and or troubled male whose helpmate has left him to cope single-handedly with a large and busy household. In effect it said to recently-discharged WAVES in 13 specialists ratings, "Darlings, come home—we need you."

Voicing the all-but-plaintive request through Commander Fred M. Sloss, USNR, director of the New Orleans office of naval officer procurement, the Navy asked enlisted WAVES veterans who saw active duty during the war to return to duty in the rates they held at discharge.

Their peacetime tour of duty will last only until July 1, 1947, it was announced, although hope was held that legislation during the coming year will set up regular Navy status for WAVES and make possible permanent appointments.

Women between the ages of 20 and 36 will be accepted. Cdr. Sloss said, regardless of the time elapsed since discharge, although applicants may not have dependents under 18 years of age.

Ratings to be accepted include seamen; telegraphers; parachute riggers; aerographers mates; avia-

tion machinists mates; instrument; aviation storekeepers; hospital apprentices; pharmacist mates; specialists; gunnery; specialists teachers; link trainer instructors; specialists, teachers, link celestial navigation trainer; specialists, transport airmen and specialists, control tower operators.

Cdr. Sloss said that applications from Louisiana, Arkansas, and Mississippi should be submitted in writing or in person to the Office of Naval Officer Procurement, Federal Building, New Orleans. Applications from Texas and Oklahoma will be handled by the Office of Naval Officer Procurement at the Naval Air Station, Dallas, he said.

Back in 1906 John Holmes, president of Swift and Co., was a messenger with that concern.

Cow Pony Joins The Parade Of Champs

The Texas cow pony will join in the parade of champions at the State Fair of Texas in Dallas for the first time this year, according to Ben E. Cambell, chairman of the Agricultural and Livestock Committee. A division has been set up for a Quarter Horse Show in connection with the livestock department he said.

The Quarter Horse, small, chunky, heavily muscled but fast cowpony of the ranges, has been such an integral part of the development of the Southwest livestock industry that State Fair officials deems it should join in the parade of champions in the Texas exposition.

Quarter Horses will be judged in the showing on October 16 and special ribbons will be awarded with the official sanction of the American

Quarter Horse Association. A total of 200 entries are expected. Raymond D. Hollingworth of Amarillo, newly appointed executive secretary of the American Quarter Horse Association, has been invited to act as superintendent of the division and Robert E. Hooper Jr., of Plainview and Percy W. Turner, of Water Valley, have been asked to judge the entries.

Plan To Speed Up Housing For Vets

To speed the delivery of scarce building materials for veterans' housing, an initial \$3,000,000 of War Assets Administration funds has been allocated the U. S. Corps of Engineers for payment of contracts to dismantle Army and Navy installations containing housing materials, WAA announces.

Among the Army camps now being dismantled is Camp Howze, Gainesville, comprised of 2,600 buildings, and the McLean PW Camp, McLean, 79 buildings. The Hereford PW camp is now being surveyed by WAA for future dismantling.

The reclaimed short supply materials, including wood framing, roofing, plumbing fixtures, electric wiring and fixtures and fibre binding, from the 11 surplus installations now being dismantled will be made available first to the FPHA

for use as temporary housing for veterans at colleges and in congested industrial areas.

Materials will also be made available to the Veterans Administration for its hospital program and then to private builders holding HH priorities for construction of permanent homes or apartments for veterans.

Santa Fe Again Will Offer FFA Awards

Supervisors of the Department of Vocational Agriculture in Colorado, New Mexico and Texas, served by the Santa Fe Railway Western Lines are advised today by President Fred G. Gurley that educational awards to Future Farmers of America would be presented again this year.

Continuation of this educational activity in other states served by the railway was also announced.

"Our program of assisting the state organizations in the development of this important educational field has borne gratifying results," President Gurley said. "The success of the Future Farmers of America contributes much to production for the future. We are pleased to aid in furtherance of this fine work."

In addition to Colorado, New Mexico and Texas, other states continuing to benefit under the plan include, Oklahoma, Kansas, California, Illinois, Missouri and Arizona. Winners will be permitted to attend the National Vocational Congress held in Kansas City the latter part of the year.

LEGION CALLED TO MEET

C. E. Arnold, Legionnaire of Childress, Texas, was here the first of the week and issued a call for veterans of World War II to a special meeting, to be held at the courthouse at 8 o'clock Thursday night, August 29. Arnold said it was important that all veterans be present.

Qualified Service

The services of a funeral director of integrity and dependability are invaluable. For years families have relied upon us for guidance to make their final tribute beautiful and dignified—yet without adding a burden of needless costs. Sincerity and honesty should be the guiding factors in your choice of a funeral director, and on that basis we offer our services.

HOUSE JOINT RESOLUTION NO. 62

Proposing an Amendment to Article III of the Constitution of the State of Texas by the addition of a new Section to be known as Section 49-b, creating a Veteran's Land Board and establishing a Veteran's Land Fund; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 49-b, which shall read as follows:

"Section 49-b. There is hereby created a Board to be known as the Veteran's Land Board, which shall be composed of the Governor, the Attorney General, and the Commissioner of the General Land Office. The Legislature shall provide by law for the issuance by said Board of not to exceed Twenty-five Million Dollars (\$25,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund. Such bonds shall be executed by said Board as an obligation of the State of Texas in such form, denom-

inations, and upon such terms as shall be prescribed by law, provided, however, that said bonds shall bear a rate of interest not to exceed three per cent (3%) per annum.

"In the sale of any such bonds a preferential right of purchase shall be given to the administrators of the various teacher retirement funds, the Permanent University Funds, and the Permanent Free School Funds; such bonds to be issued only as needed, in the opinion of the Veteran's Land Board under legislative authorization.

"The Veteran's Land Fund shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose hereinafter stated, situated in this State (a) owned by the United States, or any governmental agency thereof; (b) owned by the Texas Prison System or any other governmental agency of the State of Texas; or (c) owned by any person, firm or corporation.

"All lands thus purchased shall be acquired at the lowest price obtainable, be paid for in cash, and shall be a part of the Veteran's Land Fund.

"The lands of the Veteran's Land Fund shall be sold by the State to Texas Veterans of the present war or wars, commonly known as World War II, in such quantities, and on such terms, and at such prices and

such rates of interest, and under such rules and regulations as may be prescribed by law; provided, however, that any such lands remaining unsold at the expiration of eight (8) years after the effective date of this Amendment may be sold to anyone as shall be prescribed by law.

"All moneys received and which have not been used for repurchase of land as provided herein by the Veteran's Land Board from the sale of lands and for interest on deferred payments shall be credited to the Veteran's Land Fund for use in purchasing additional lands to be sold to Texas Veterans of World War II, in like manner as shall be provided for the sale of lands purchased with the proceeds from the sales of the bonds, provided for herein, for a period of eight (8) years from the effective date of this Amendment; provided, however, that so much of such moneys as may be necessary to pay interest on the bonds herein provided for shall be set aside for that purpose. After eight (8) years from the effective date of this Amendment, all moneys received by the Veteran's Land Board from the sale of the lands and interest on deferred payments, or so much thereof as may be necessary, shall be set aside for the retirement of said bonds and to pay interest thereon, and any of such moneys not so needed shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the first Thursday in November, 1946, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

Those opposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date of the determination of such result and the Governor's proclamation thereof.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this State.

Sec. 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

Questions On College Answered For Vets

Q. Is it possible for me to complete a four-year course in three years if I go to school during the summer and regular school year?

A. Under the accelerated program in some schools, it is possible to complete a four-year course in three years or even less.

Q. In event a vet is employed, can he meet all requirements for a degree by attending late afternoon and evening classes?

A. Some colleges and universities have served the needs of employed workers for many years by offering a complete program of instruction in late afternoon and evening. With the exception of medicine, requirements for a degree in any curriculum may be met while the student is employed full-time during the day. Since it takes proportionately longer to complete the college work on a part-time basis, approximately 60 percent of the veterans in the past two years have preferred to obtain subsistence benefits from VA and attend college full-time.

Q. May I transfer from one college to another under the provisions of the Service-mans' Readjustment or Rehabilitation Act?

A. Yes. Under the regulations of the VA, the vet may change his school, but must have the approval of VA in advance.

Q. If I get out of service just before school opens and do not have

time to make formal application and wait for official determination of my eligibility and entitlement before the beginning of the term, may I attend classes?

A. Yes. You may make application, formal or informal, directly to the approved school that you desire to attend. You should, however, make a formal application on Form 195 at the earliest possible time. This formal application may be submitted to VA through the approved school.

Tips To Homemakers On Canning Pears

COLLEGE STATION.— Homemakers planning to can pears from their own orchards should harvest them when they are mature but still green and allow them to ripen in a cool, dark, well-ventilated place. This practice will assure a finer texture in the canned product and will prevent the fruit from having a bitter taste.

Once ripened, the pears must be used immediately or they will quickly become discolored, warns Gwendolyne Jones, food preservation specialist for the A. and M. College Extension Service. She gives this further advice to the homemaker: Since pieces of the pared fruit become discolored so quickly, drop them immediately into a solution made of one gallon of water and two tablespoons each of salt and vinegar. This treatment not only checks discoloration but also prevents loss of vitamin C.

Complete directions for canning pears can be obtained from local county home demonstration agents or by writing to Extension Service headquarters at College Station.

Currently pears are the most plentiful fruit available for canning and preserving, so Miss Jones offers this recipe which has become a favorite with Texas home demonstration club women:

Summer Mince Meat
7½ lbs. pears (peeled and cored), 1 lb. seedless raisins, 1 orange, 1 lemon, 1 apple (peel and all), 3 lbs. sugar, 1 cup vinegar, 1 cup grape juice or other fruit juice—not too sweet, 1 teaspoon salt, 1 tablespoon each cinnamon, cloves, mace or other spice to taste.
Grind pears, orange, lemon and apple. Mix with all other ingredients and boil for two hours. Pack in jars and seal while hot. This is an excellent way to use hard pears.

The Hittite Code discovered in Baghas Koi, Asia Minor, set ceilings for wages and prices in 1350 B. C.

Workers seeking year-around or seasonal farm ranch jobs, whether experienced or inexperienced, should contact the local county agricultural agent or the farm labor office.

George H. Bucher started work as a shop apprentice at 18c an hour and rose to the presidency of the Washington Electric and Manufacturing Co.

To the Voters of Precinct No. 3

Your vote of confidence in last Saturday's election is very gratifying to me, and I want to use this means of expressing my grateful appreciation. During my tenure of office I have tried to render faithful service to the county as a whole and to the people of my district in particular, and your vote indicates an endorsement of my efforts for which I am indeed grateful.

WARNING!

It has repeatedly been brought to our attention that persons have been wantonly dumping garbage and dead animals in places other than the public dumping grounds, which are maintained in the county for this specific purpose.

Such practice is in strict violation of the laws of the State of Texas, and is punishable by a fine of not less than \$10.00 nor over \$100.00.

All garbage, refuse and debris that is hauled from any premises in the county (except farmers, who may dispose of such refuse matter on their own premises) must be properly deposited on the public dumping grounds, AND NOT ADJACENT TO THE GROUNDS, leaving all driveways open. Violators will be reported to the County Attorney for due prosecution as the law provides.

Successful Bidder In Surplus Sale

Fort Worth.—Among the successful purchasers in the first "mail order" catalog sale of surplus used motor vehicles conducted by the Veterans' Division of the War Assets Administration office in Fort Worth was Jessie E. Boone of Farwell, Texas.

Boone, who is a veteran of World War II, was awarded a 1-1/2 ton 1940 Ford Platform truck with conventional cab for \$447.00.

The sale was unique in that it offered in excess of 12,000 certified veterans an opportunity to inspect the vehicles at any rate of the 16 Army Camp locations through North and West Texas and make their purchase by mail, with alternate choices given, since the oldest dated certificate holders sending in an order were awarded their choices in strict chronological order. The sale resulted in the disposal of 457 out of the 648 vehicles of all types, including passenger cars, jeeps, station wagons, motorcycles, scooters, trucks, trailers and truck tractors, WAA officials announced.

Mr. and Mrs. M. C. Roberts spent last weekend in Amarillo visiting and attending business matters.

Forms For Furlough Pay At Postoffices

Forms to be filled out by discharged enlisted men who are due compensation for furlough time which they did not receive while in service are now on hand at post offices and may be obtained for the asking.

Under a recent act of Congress, enlisted men came into their own for pay on unused furlough time and will be reimbursed for that time. Payment will be determined by rating held at time of discharge, plus longevity and subsistence. Payment will be made in bonds, except in odd amounts under \$50, and the bonds are non-negotiable for a five-year period, except to the VA for insurance premiums.

On the forms, the serviceman gives his name, serial number, date and place separated, rating, branch or service (Army, Navy, Coast Marine or Coast Guard), name of dependent(s), and the number of furlough days actually received. The form must be signed by the applicant before a notary public, and must be accompanied by a certificate of honorable discharge—either a photostatic, original, certified copy or "certificate in lieu of discharge" in the event the original has been lost or destroyed.

In no case will any individual be compensated for more than 120 days unused furlough. Subsistence at the rate of 70c per day will be paid all former enlisted persons, and former non-coms of the first three grades, with dependents, are allowed quarters at the rate of \$1.25 per day.

In case of former enlisted persons separated from active service before January 1, 1943, the payment will be made entirely by check. Claims for such payment must be filed before September 1, 1947, to be considered.

Complete detailed instructions on filling out the forms, plus instructions on mailing, are available on the inside and back of the application forms.

Last Week For Wheat Insurance, Subsidy

This is the final week for sign-ups on both wheat insurance and cream subsidy payments, Harold Carpenter, of the local AAA office, reminded farmers today.

In addition, he announced that so far as is known now, this will be the final payment of dairy subsidies.

Farmers who are interested in either of these programs should make it a point to file applications before Friday, as the AAA office is closed on Saturday.

POISON GRAIN HERE

County Treasurer Roy B. Ezell today announced that a limited amount of poison grain, to be used in rodent control, was available at his office.

Students Reminded Of Friday Registration

Supt. H. A. Clift of Farwell, and Supt. B. A. Rogers, of Texico, reminded all students of the area today that registration for the 1946-47 term would be held on Friday afternoon of this week, August 30, beginning at 1 a. m., Central time.

At Farwell, only eighth grade and high school pupils are asked to register on Friday, while Texico officials indicated that they hoped to make complete grade and high school registration that day.

Supt. Rogers reported that all buses would make regular trips, Friday, in order to pick up country students. Orders have been placed for three new buses for the school, but officials have been advised that it will likely be October or November before delivery. In the meantime, the superintendent said, the old buses have been completely overhauled.

Supt. Clift also announced that the public is invited to the Farwell school on Monday morning, September 2, at nine o'clock, when a short informal program will be given and faculty members introduced. Classes at both school are actually slated to get underway next Monday.

OVERSTREET TO HEAD FINAL USO DRIVE

H. Y. Overstreet will head the next and final USO campaign in Farmer County, Governor Coke R. Stevenson, general chairman, has announced.

Stevenson said, "We feel particularly fortunate to enlist Mr. Overstreet in this final USO drive for funds. Our state quota of \$800,000 will be reached with similar top leadership in all of Texas' 254 counties."

Carl L. Phinney, state campaign chairman, in a letter to Overstreet, said, "The final USO drive is an important undertaking. Having served 18 months with the 36th Division in the Italian theater, I learned first hand what USO means to the boys overseas. I also have known of the billion acts of kindness to our millions of men in this country. Continuation of these morale services is, if anything, more important than ever. The combat phase of the war is finished but the transition period presents fully as many morale problems. The life of the men in the service is not glamorous. They need and deserve the 'home away from home' that USO clubs and camp shows give them. USO in 1947 will concentrate its services for those who are still hospitalized, those overseas and our kid brothers now in training. I want to join Governor Stevenson in expressing appreciation to Mr. Overstreet for accepting the chairmanship of Farmer County. We are confident that under his leadership, Farmer will meet its obligations to those men still in service."
