1975-76 School Year Draws Near

Supt. Neil Dillman

City Dads Turn Down Lighting Contract

But Would Accept Three-Year Contract

Still not satisfied with the street lighting contract from Southwestern Public Service, Muleshoe city dads again turned it down, requesting that an un-negotiable three-year contract be drawn up rather than the 10-year contract presented by Jeff Peeler and Warren Dayton, of S.W.P.S.

Discussion was held concerning the agreement presented by S.W.P.S. Peeler and Dayton were at the city council meeting held Tuesday, August 5, at city hall, to answer questions asked by councilmen. A motion was made by Councilman Max King,

seconded by Councilman Clarence Christian, that the contract not be signed in its present form by the City Council. The motion carried unanimously. Christian then made a motion, seconded by King, that the Council negotiate a three-year contract with S.W.P.S. with the same terms except that the contract be a three-year un-negotiable contract instead of a 10-year contract. The motion again carried unanimously. Peeler informed the Council that S.W.P.S. is in agreement with a three-year contract, which will be presented to the Council at a later date.

Bids on the 12 inch water line and fittings to the 500,000 gallon elevated storage tank were presented to the Council and were as follows: Western Industrial Supply (Pipe and Fittings) \$17,264.11; Fuller Supply Company (Pipe and Fittings) \$18,603.30; Industrial International Inc. (Pipe and Fittings) \$19,687.55; Johns-Manville (Pipe and Fittings) \$15,301.37; Clowe and Cowan (Pipe and Fittings) \$17,227.67. City Manager Dave Marr recommended the low bid submitted by Clowe and Cowan be accepted. Following the city manager's recommendation, this bid was accepted by the council.

A color for the new overhead storage tank was next under discussion, and it was decided that the tank be painted white after the city dads learned the price for painting a third color on the tank would amount to \$2,200 extra.

Following discussion continued on Page 3, Col. 4

LOCALLY GROWN PRODUCE . . . W. H. Lee's Farmers Market located at Progress, right on U. S. Highway, 84, has a bountiful supply of fresh home-grown produce, from area gardeners. When it is plentiful, the produce is sent as far as Houston and to other places such as Lubbock, Levelland, Midland, Odessa and other communities in the surrounding area. At the present time, they have available potatoes, cabbage, onions, corn, beans, peas, squash and will soon have okra, which is just beginning

to be harvested, watermelons, cantaloupes and bell peppers. Mrs. Lee (Irma) said cabbage harvesting will begin Wednesday near Stateline. Two area farmers are raising garden crops to supply the market as well as other local farmers with surplus. They have been in this business at this location since 1957, though they actually started in 1955 in West Camp, starting as a way to dispose of surplus ripe tomatoes and garden from their back yard.

Sets School Calendar

With the beginning of the 1975-76 school year just around the corner, Superintendent of Schools Neil Dillman, has announced the school calendar.

August 15, is a big day for all new teachers, as it is at this time that they will attend a workshop, to prepare them for the coming school year. Inservice training for all teachers will be held from August 18-22 and registration for all students will be held August 21.

That long-awaited date - the first day of school - is slated for August 25. When is the first vacation? Not very far off, September 1, to be exact. School will be out at that time for Labor Day.

For all those students anxious to show off their first report cards for this coming school year, and those not so anxious, October 3, is the end of the first six weeks period. Not only is October 31, Halloween, but there will be no school on this date, because

it is at this time that District XVII T.S.T.A. will be holding their convention.

By November 18, those who needed to, have had time to bring up their grade average. This is the end of the second six-week period, and report Cont. on Page 3, Col. 1

Bailey County Top Ten In Corn Production

AUSTIN--Bailey County made an important contribution to Texas agriculture in 1974 by placing in the top ten counties in corn production.

According to Agriculture Commissioner John C. White, farmers harvested almost 3 million bushels, a 26 percent increase from 1973's production.

Parmer County led the state in corn production with over 19 million bushels.

Dry weather, lasting from late fall through winter, caused most of the planting and growing problems on the Texas High Plains. Farmers either dry planted or waited for additional Cont. on Page 3, Col. 6

Speaker Clayton Is Elected Chairman

AUSTIN--Speaker Bill Clayton was today elected 1975-76 chairman of the Southern Legislative Conference (SLC) at its annual conference in Williamsburg, Va.

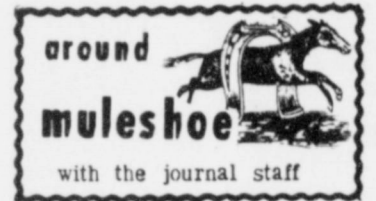

The SLC is one of four regional conferences of the Council of State Government. Legislators from 15 southern states meet annually to discuss legislative issues and studies made by continuing conference committees. The members also pass resolutions which take stands on state and federal issues.

Clayton assumes the chairmanship after having served as vice-chairman last year and a member of the executive committee from 1972-74.

Cont. on Page 3, Col. 7

Jaycees Kick Off Fund Drive

The Muleshoe Jaycees held a very informative program at noon Monday at the XIT Restaurant. Dr. Gary Albertson presented a film to emphasize the kickoff of the local American Heart Association program. The film depicted the use of the CPR or cardiopulmonary resuscitation in basic life support techniques. Dr. Albertson stated that he hopes that at least one representative of each firm or agency in Muleshoe will take the free CPR Cont. on Page 3, Col. 5

AUSTIN, TX -- Dr. William T. Hold, Executive Vice President of the Society of Certified Insurance Counselors, has announced that Kenneth R. Henry, owner/manager of the Henry Insurance Agency in Muleshoe, Texas was among an elite group of only 40 Texas insurance agents and company fieldmen to receive the coveted "Certified Insurance Counselor" (CIC) designation recently.

LOUISVILLE, KY.--Mr. and Mrs. Tom Flowers of Rt. 2, Muleshoe, Tx, are attending the annual convention of the National Auctioneers Association at the Galt House hotel on the Ohio riverfront in downtown Louisville.

About 1,000 auctioneers and spouses from across the United States and several foreign countries are attending the 3-day meeting, July 31 - August 2, 1975. Keynote speaker for the event is nationally-known radio and television commentator Paul Harvey of Chicago.

Cont. on Page 3, Col. 3

Herbicide Okay For Sunflowers

Agriculture Commissioner John C. White, Austin, Tex., said last week that farmers in Texas may use the herbicide paraquat to help dry sunflowers for harvesting.

White said the herbicide has been used in the past as a cotton defoliant and as a desiccant for soybeans and guar.

The chemical should not be allowed to drift to cotton, grain sorghum or other crops, White said. He also pointed out that areas treated with the chemical should not be grazed, nor should treated plants be fed to livestock.

SPAG Executive Committee Meet Set For Aug. 12

The Executive Committee of the South Plains Association of Governments will meet at 9:30 a.m. on Tuesday, August 12, at the Southwestern Public Service Reddy Room, Monterey Center, 50th Street, and the Board of Directors of SPAG will meet at 1:30 p.m. on Tuesday, August 12 at the same location.

On the agenda besides approval of the minutes of July 8, 1975, is a project review docket including: GA 75-89, Central Plains MH/MR Innovation and Expansion Grant; GA 75-91, Harry Elliott, rental housing construction.

Other items include: Approval of sub-contracts, Manpower Programs; Approval of CETA Title I and Title II; Rental Cont. on Page 3, Col. 7

Court To Draw Up Contract Give \$50,000 To Hospital

Max King, president of the hospital board, Robert Hooten, hospital board member, Marshall Cook, administrator of the West Plains Hospital in Muleshoe, and Corky Green, county attorney, met with the Bailey County Commissioners Court Friday, August 1, during a special called meeting, to discuss the legal and practical basis of a contractual service agreement between the county and the hospital by which the county could let the hospital have \$50,000 of Revenue Sharing funds. It was agreed that the county attorney and County Judge Glen Williams, would prepare a proposed contract on behalf of the county and submit it to the hospital Board, as soon as possible, for their consideration. Then, at a subsequent date, hopefully very soon, the two (Commissioners Court and Hospital Board) would get together again and finalize the contract.

The Court also voted to rent offices from the Old Fellows, in what used to be the Green Memorial Hospital, for one month, pending working out permanent office space, elsewhere.

An order was passed, requesting the return of lateral road money, approximately \$21,000, to the county. The court clerk was asked to make up a copy of the order and send it to the Board of County and District Road Indebtedness in Austin.

The Commissioners voted unanimously to approve and cooperate with the Bicentennial program as presented by Mrs.

Mildred Howell, chairman of the Chamber of Commerce Bicentennial Committee.

Commissioner Bob Sanders was voted the court's delegate to the SPAG General Assembly, with Judge Williams as the alternate.

It was agreed to purchase a new motor for the Singleton-Ellis ambulance at an estimated cost of \$850 installed. The motor was purchased through the Town and Country Oldsmobile and Pontiac dealer in Muleshoe.

Permission was granted the Pathfinder Investment Cor- Cont. on Page 3, Col. 2

Coach Stout Gives Football Schedule

All you sports fans, get out your football duds, grab your noise makers and get ready. Football season is almost upon us and the Muleshoe High School Football teams are "getting with it." With their preseason physicals out of the way, they are anticipating their first practice, Monday, August 11.

Athletic Director and Head Football Coach Chuck Stout says, the boys will be practicing in shorts for four days before being issued their pads. This is in accordance with the University Interscholastic League (UIL) rules. The team will be issued their socks and shoes Wednesday, August 6, the coach said. They will be issued new shoes which are a little lighter in weight with round plastic cleats, a big difference from the old football shoes with the metal cleats. The shoes are a bit softer which should eliminate the blister problem of before, and there will be fewer injuries from the plastic cleats than with the old metal cleats. Coach Stout also pointed out that these new plastic cleats won't stick in the turf as bad as the metal ones did, which should be a big help. Pads will be issued on August 15.

When asked how many letterman would be returning to the team this year, Stout replied, "we will have about 10-12 lettermen returning and 12 seniors will also be returning." He said the players would be a little smaller in size than in the past, but they will be quicker, so this shouldn't Cont. on Page 3, Col. 1

Alpha Zeta Pi Says The Hospital Benefit A Success

The sorority gals of Alpha Zeta Pi chapter of Beta Sigma Phi, termed the Ben Marney Show and benefit dance a huge success and word has it that the approximately 250 persons who attended, had a great time.

The benefit dance, held Friday, August 1, for the Hospital Action Fund was sponsored by Alpha Zeta Pi. It is just one of the many money-making projects to put funds into the hospital fund, sponsored by the sorority. It is not known at this time just how much money was raised by the girls, and it won't be known until all their expenses are taken care of, but will be announced as soon as the information is available.

The Ben Marney Group, "Country Cookin'", starring Ben Marney of Houston and Dana Damron Marney formerly of Muleshoe, treated Muleshoe residents, Friday, when they put on two shows at 8:30 and 11:15 p.m., while the group played dance sets around the special shows. The event began at 8:30 p.m. and lasted until 1 a.m. Admission was \$10 per couple, with funds going to the hospital fund, after expenses.

Ben and Dana sang some of the top hits of today, with audience participation in some of the songs. Sam Damron, Dana's father, was featured in a short solo.

"Home Cookin'", the group

accompanying Ben and Dana, consists of guitar, bass, drums, organ, piano and A. R. P. string ensemble, plus three strong voices.

Having one of the most consistent lounge acts anywhere, since 1971, Ben has played the better hotel lounges and supper clubs all across the nation. They feature the down-home charm of Mac Davis and the excitement and enthusiasm of Tony Orlando.

Dana Damron Marney, who joined her husband "up front", is a former Texas Tech music major and added a touch of glamour and a generous amount of talent to the act. She is the daughter of Mr. and Mrs.

Sam Damron of Muleshoe.

Several recordings have been made by the group, for Playboy Recording Company, and included such selections as "Oh Mama" and "The Road Home." Cont. on Page 3, Col. 6

Three-Way Sets School Budget

The school budget hearing for Three-Way School will be held on August 14, 1975 at 7:30 p.m. at the school. This meeting is for the 1975-76 school budget.

The meeting is open to the public.

ONE WAY TO BEAT THE HEAT . . . Yes sir! Young Jodie Gibbins, son of Mr. and Mrs. Tom Gibbins, 209 W. Avenue E, sure knows how to keep cool on a hot summer day. Doesn't matter if it is a bit messy, it sure is good stuff. Nothing quite hits the spot better than a great big ice cream cone, and a nice comfortable shady spot to eat it in.

card time once again. It is also the end of the first quarter.

Teachers will have inservice training again on November 21 and the Thanksgiving holiday is slated for November 27-28. School will resume again on December 1 and let out again December 24 through January 4 for the Christmas holidays. School days begin again on January 5, with January 16, the end of the third six week period.

All teachers will once again have inservice training on February 13, and there will be no school on that date, February 26 is the end of the fourth six weeks period as well as the second quarter.

No school is planned for February 27, as the teachers will again have inservice training.

April 9 is the end of the fifth six-week period and April 15-19 is Easter Vacation. School will resume on April 20.

Commencement and Baccalaureate will be held at 8 p.m. on May 21. May 28 is the end of the sixth six-week period as well as the end of the third quarter. May 29 will once again see the teachers having inservice training.

Two extra days of school have been scheduled in case of inclement weather. If no days are used for inclement weather, school will close two days earlier.

Coach...

Cont. from Page 1.
make much difference.

Looking over the 1975 football schedule, Coach Stout admitted he wouldn't underestimate any of the teams they will be coming up against. "They are all pretty good teams," he said.

The coach said he is not too concerned with the size of his players because they will be a good deal quicker this year, which should make up for their size. He also pointed out that all his backs have another year of experience behind them, and feels the two returning sophomores and the juniors will really help the team. The two senior quarterbacks will also be with the team this year. Coach Stout proudly announced that two of his seniors received honorable mention on defense in District, and they will be back this year.

"The boys all have a good attitude," said the coach, "and this will be a big help."

Not only is Coach Stout pleased with his team, but it takes a good coaching staff to help make it a good year, and he feels he has just that. Coaching offensive ends and line-backers on defense is Coach Rodney Murphy, while Raymond

Schroeder, will be coaching secondary and the Ninth Grade Team, Robert Hayes will coach offensive backs as well as defensive backs and the Junior Varsity team. David Lynn, will be working with both offensive and defensive linemen, line-backers and the Ninth Grade.

The school system has a good junior high program with the Seventh Grade playing intermural football, playing strictly within their class. A Super Bowl will be played in late November. The Seventh Grade teams will then be divided into two teams and will play one night game before their parents for the Super Bowl championship. The rest of their games will be played during their class hours.

The Muleshoe Eighth Grade team will be playing regular out-of-town competition with their Eighth Grade A and B teams. This holds true with basketball and track as well, said the athletic director.

Coach Stout wishes to express his appreciation to Marshall Cook, hospital administrator for setting up the physicals for the players on Sunday, and for providing four doctors to give them. A special thanks also goes to the doctors for their services.

The Muleshoe High School Football Schedule for 1975 is as follows:

September 5, Dimmitt, here 8 p.m.

September 12, Oton, here, 8 p.m.

September 19, Friona, there, 8 p.m.

September 26, Littlefield, there, 8 p.m.

October 3, Portales, there 8:30 p.m.

October 10, Morton, here, 7:30 p.m.

October 17, is an open date, with no game scheduled.

October 24, Perryton, here 6 p.m.

October 31, Levelland, here at 7:30 p.m.

November 7, Canyon, there, 7:30 p.m.

November 14, Dumas, there, 7:30 p.m. -- Final Game.

Muleshoe is in District I AAA, which includes all schools from 520 to 1134 enrollment. Season tickets for the five home games are \$3.75, for students. Students purchasing pre-game tickets will pay \$1 while those buying their tickets at the gate must pay \$1.25. Adult season reserved tickets go for \$12.50 for the season, with pre-game general admission tickets selling for \$2. Tickets purchased at the gate (general admission tickets) are \$2.50 each and pre-game reserved seats sell for \$2.75 each.

poration to lay three irrigation water lines across a county road, to be about 20 feet apart, located slightly less than one

half mile west of the Southeast corner of Section 36, Block Y in the Johnson and Johnson Subdivision. General requirements are that the water line be buried at least 36 inches below the bottom of the bar ditch and the people who place it there, will be required to keep it in a good state of repair.

It was noted during the meeting, that Justice of the Peace, Melvin Berry, will be attending a JP Seminar early in September. The Court agreed to provide him with a part-time secretary to attend the office while Berry is gone.

The next regular meeting of the Bailey County Commissioners Court will be held August 11.

Around...

Cont. from Page 1.
SAN MARCOS -- One Muleshoe resident is among the 27 law enforcement officers who completed the most recent two-week basic crime prevention school conducted by the Texas Crime Prevention Institute.

The basic crime prevention theory and techniques instruction program was held July 21-Aug. 1 in San Marcos. The TCPI is headquartered at Southwest Texas State University and funded through grants from the Criminal Justice Division of the Governor's Office.

In its first year of operation, the institute has served more than 450 law enforcement officers from agencies scattered across the state.

Local officer Wayne Holmes is married and a Patrolman with the Muleshoe P.D.

WTSU -- Three hundred and sixty-eight West Texas State University students will graduate in Summer Commencement ceremonies August 16 at 4:30 p.m. in the Amarillo Civic Center Coliseum. The rehearsal is scheduled for 10 a.m. that morning in the coliseum. Dr. Lloyd I. Watkins, University president, will present diploma covers to the students. The invocation and benediction addresses will be given by Marcus L. Adair, director of Faith Bible Center.

The graduate students from Muleshoe are: Susan Camp Kizer, masters in education; Merced Puente Mendoza, masters in education.

June sales of Series E and H United States Savings Bonds in Bailey County were reported today by County Bond Chairman Dean Sprayberry. Sales for the six-month period totaled \$40,862.00 for 68% of the 1975 sales goal of \$60,000.00

Mr. and Mrs. Phil Brockman and Mr. and Mrs. Don Bryant of Muleshoe attended the Regional P-A-G Dealer Council meeting, July 25-27 at the Sheraton-Santa Fe in Santa Fe, N.M.

Dr. Charles Berry, director of P-A-G Sorghum Research, Lubbock, was guest speaker at the Saturday morning business meeting, presenting a program on new sorghum varieties and research developments within the P-A-G Seed department.

The P-A-G Dealer Council meeting is held annually to inform key dealers about new P-A-G corn, sorghum and forage hybrids.

Other activities during the meeting included tours of Santa Fe, an afternoon at the horse races at Santa Fe Downs, and a Saturday evening dinner-dance.

Approximately 150 key dealers and wives from Texas, New Mexico, Oklahoma, Kansas and Colorado attended the three day meeting.

The Muleshoe High School Band will start rehearsals Thursday, August 14. There will be a band party at the city swimming pool on August 11. All band members and prospective band members are urged to attend, says Band President David Smith. The party will be held from 7-9 p.m. Smith says the Muleshoe Church Youth Raffle will be held that same night, but urged band members to drop by the party either before or after the Raffle.

Miss Vicki Rains and David Henderson

Bridal Shower Fetes Miss Vicki Rains

Miss Vicki Rains, bride-elect of David Henderson was honored with a bridal shower in the Muleshoe State Bank Community Room on August 2, 1975 from 3 to 4:30 p.m. Special guests attending were Mrs. Paul Rains, Cindy and Ginger, mother and sisters of the bride, all from El Paso. Mrs. C. A. Rains, grandmother of the bride and Mrs. Jim Vinyard and Sherry, aunt and cousin of Kress, also attended.

The table decorations were done in her colors, blue and yellow, with crystal and silver appointments used for serving.

Cindy Rains, sister of the bride, presided at the serving table.

Another sister of the bride, Ginger registered the guests. The hostess gifts were a blender and corningware roaster. Hostesses were: Mrs. Alex Williams, Mrs. Clifton Finley, Mrs. Jesse Fox, Mrs. Robert Wilson, Mrs. Bill Taylor, Jr., Mrs. Robert Sanders, Mrs. Gordon Pylant, Mrs. R. A. Bradley, Mrs. Charles Smith, Mrs. Elbert Wuerflein, Mrs. Jim Cox, Mrs. Bill Bicke, Mrs. Darrell Wilson and Mrs. Edwin Cox.

From The Journal File

10 Years Ago

Mr. and Mrs. Bill Flo, of Oklahoma City visited Sunday in the Joe Damron home.

Mr. and Mrs. O. D. Troutman visited in Hobbs, N.M. Sunday with Mr. and Mrs. E. G. Williams and family.

A sharp increase in midge infestation in the next two weeks is still possible even though it does not appear so at present, says County Agent J. K. Adams. The insect count in grain sorghum at present remains very low.

The Rotary Club was shown through the new construction which is taking place at the Junior High, High School and the Grade School. The group was taken through the buildings by superintendent of schools, Neal Dillman.

Mr. and Mrs. Jackie Henderson and family were in Muleshoe for the wedding of Mr. and Mrs. Lloyd Garlington and to visit with friends and relatives here.

20 Years Ago

Mr. and Mrs. Riehl Williams are vacationing in Dallas this week.

AUGUST VOWS PLANNED. . . Mr. and Mrs. Lawrence Castleberry of Canyon announce the engagement and approaching marriage of Jean Ann Castleberry to David Allan Faver, son of Mr. and Mrs. Creston Faver of Muleshoe. The couple plan to exchange vows August 30, 1975 at 7:00 p.m. at the Hill Chapel-West Texas State University Campus. Rev. Burel Block will perform the double-ring ceremony. The bride will be a candidate for graduation in May 1976, from WTSU. The groom attended WTSU and is now employed by Southwestern Portland Cement Company in Amarillo.

Country 4-H Records Judged At District

Twenty-one Bailey County 4-H members' records were submitted for judging in the district records contest on Friday, August 1.

Seven Senior records were submitted, but not any from this group were winners. Seniors were: Alta Ramm, Achievement; Nancy Ramm, Leadership; Curtis Carpenter, Horse Project; Craig Kirby, Beef; Princess Parkman, Clothing; Jimmy Henderson, Achievement; and Sheila Hunt, Food and Nutrition.

Fourteen Junior records were submitted for judging at district. The following is a list of the members and awards received. The blue ribbon awards were received by Greg Harrison, Achievement; Brian Kirby, Agriculture; Jimmy Lee Gleason, Beef; Tamara Gilliland, Clothing; Stacy Schroeder, Dog Care and Training; Keva Roming, Food and Nutrition; Larry Vandiver, Horticulture; Lavon Rhodes, Leadership; and Debra Shaw, Swine.

Red award winners were Jo Rhonda Rhodes, Achievement; Jacinda Gleason, Home Environment; Curtis Wheeler, Horse Project; Curtis Hunt, Recreation; and Tommy Wheeler, Leadership.

Wheeler, Tari Hunt, Dana Smith, Clothing; Tami Bratcher, Staci Vandiver, Jerry L. Gleason, Shelly Sain, Tim Sain, Food and Nutrition.

Swine records were from Starla Black and Johnny Puckett, Recreation; and Crafts records were Brenda Flowers, Monti Vandiver and Clayton Ramm, Kelly and Alan Harrison Staci Kirby and Jay Lance Gleason turned in Beef records. Kenny Henderson submitted his record in achievement also.

Mrs. Mage Williams Visits Sister

Mrs. Mage Williams of Phoenix, Arizona left for her home Tuesday, after spending six weeks with her sister, Corda Taylor, of Muleshoe. While she was here, the two visited in New Mexico and Oklahoma with relatives and friends.

They drove to Canyon to visit a nephew, wife and new baby, Mr. and Mrs. Bill Servatius. After they visited in Canyon they drove to Dumas to visit a niece on the way to Texhoma. At Texhoma they visited some friends, formerly school teachers of Muleshoe, now teaching in Goodwin, Okla. They are Mr. and Mrs. Ben Ingram, and their children, Chris and Becky.

After spending some time with the Ingram family they proceeded to Guymon where they met another sister, Mrs. Lovado Servatius, and her daughter, Mrs. Pauline Slaughter. They all drove to Eden from Guymon to visit Mrs. Servatius' grandson and daughter's son, whose in the hospital there.

There were other relatives visiting with Mrs. Taylor while

her sister was here. Mr. and Mrs. Clarence Anderson of Anton, a brother and sister-in-law and another sister, Mrs. Lucille Hargrove of Anton.

Jaycee-Ettes Make

Pots At Meeting

The Muleshoe Jaycee-Ettes attended the monthly meeting of area I-A, July 31 at 7:30 at the Amarillo Jaycee Hut. The Bovina Jaycee-Ettes were hostesses to the salad supper that was served.

Following the salad supper, a business meeting was held and club reports were given. Amarillo, Bovina, Perryton, Pampa, Happy, Plainview and Muleshoe gave their reports. Following adjournment, all of the clubs learned to make machame' pothangers. The following Muleshoe Club members attending were Mrs. Butch Duncan, Mrs. Mike Armstrong, Mrs. Bill Dale and Mrs. Charles Mtraw.

First Baptist Has Weekend Church Activities

Last Saturday, 38 youth and sponsors from the First Baptist Church went to Clovis for a bowling party. The sponsors were Derrell Turner, Jim Shaffer, Mr. and Mrs. Elbert Hamilton, Mr. and Mrs. Clinton Kennedy and Jim Johnson. Those attending were Junior and Senior age youth.

A youth drama, "The Challenge of the Cross" was presented Sunday evening at 7:00 p.m. at the First Baptist Church by the young people of the church. Those who had a part

in the drama were Judy Precure, Tom Crow, Jana Garrett, Ginger Johnson, Patricia Grogan, Randall Hamilton and Royce Hamilton. The theme was discipleship. Everyone did a good job in doing their parts.

Amanda Alexis

Consumer Food News

COLLEGE STATION -- Egg prices are lower than usual at this season of the year, although they are on the rise, one forecaster said this week.

Other poultry "buys" are fryer chickens and turkey, Mrs. Gwendolyn Clyatt said.

She predicted "attractive values" on whole birds and "very good values" on fryer parts.

"Turkeys are holding their own as a good protein value, and the smaller size bird is an excellent choice for outdoor cooking," the consumer marketing information specialist added.

"Pork production has dropped seasonally in recent weeks, with resultant higher prices. Perhaps the only pork cuts even 'in the running' for competition are ham and frankfurters," Mrs. Clyatt said.

She noted possible "good values" on bacon, although it is usually highest in price during the current season.

At beef counters, less-tender cuts -- which require longer cooking time -- are most often featured. These include chuck roasts and steaks, round steaks, corned beef, ground beef and liver.

Mrs. Clyatt, with the Texas Agricultural Extension Service, The Texas A&M University System, put cabbage at the top of this week's vegetable values.

Other economical choices are carrots, corn, squash, okra, cucumbers, purple hull peas and cushaw.

"At fruit counters, nectarines are in good supply and quality with moderate prices. Peaches, bananas, plums, cantaloupes, cherries, grapes and oranges also have moderate prices.

"New-crop apples -- best for making applesauce and apple pie -- are starting appear. Watermelon is more reasonably priced."

CONSUMER WATCHWORDS: Are you "finished shopping" -- or "finished up" -- at the supermarket checkout counter? "Armchair marketing" can make the difference.

It's a pre-planning exercise at home -- the process of comparative food and ad shopping, inventory control of the pantry and the discipline of controlled wants that puts action behind the wishful thinking of lowering the food budget.

Amanda Alexis
Mr. and Mrs. Ronald Ashford of Muleshoe are the proud parents of a new baby girl born at 10:50 p.m., July 30, 1975. She weighed seven pounds and four ounces at birth in St. Mary of the Plains Hospital, in Lubbock. She has been named Amanda Alexis.

The grandparents are Mr. and Mrs. Ansel Ashford of Muleshoe and Mr. and Mrs. James H. Wallace of Sudan. Great-grandmothers are Mrs. F. L. Wenner and Mrs. Eva Ashford, both of Muleshoe.

First Baptist Youth Attends Retreat At Palo Duro

The First Baptist Youth will attend a Youth Retreat at Palo Duro Canyon State Park August 8 and 9. Those attending will be Junior and Senior high youth. Sponsors for the retreat are: Rev. and Mrs. Doug Woods, Mr. and Mrs. Jim Shaffer, Mr. and Mrs. Clinton Kennedy and Mr. and Mrs. Keith Turner.

Everyone will load up on the bus Friday evening at 5:15 p.m. and will arrive in Canyon at 7:30 p.m. Supper will be between 7:30 - 8:15 p.m. and then at 8:30 p.m. they will all go see the performance of "Texas". After the performance is over, everybody will return to camp and from 12:00 - 1:00 a.m. a Campfire Service will be held.

Saturday morning at 8:00 a.m. everybody will rise and shine for breakfast at 8:30. Devotional time begins at 9:30 a.m. and then a hike from 10:00 a.m. until noon. A cookout at camp at 12:00 will serve as dinner.

That afternoon from 1:30 to 3:30 p.m. is free time for everyone. At this time they play Volleyball or Frisbee then. Refreshments start at 3:30 and go until 4 p.m. Everybody starts cleaning up camp and packing their bags and tents for the return trip home at the return trip home. They have a cookout at camp at 5 p.m. and from 6 to 7 p.m. is free time for everyone again. A devotional time is scheduled at 7 p.m. to close the retreat. The bus load of youth and sponsors will arrive back in Muleshoe Saturday evening at 7:30 p.m.

Certificate Needed For School Birth

Summer vacations still have a few weeks to go, but many parents already are thinking about fall and getting their youngsters ready for entrance into school for the first time. One thing they'll need, reminds the Texas Department of Health Resources, is a certified copy of a birth certificate.

To some parents, the start of school is old hat, but parents whose first-born are starting school the first time may be a bit bewildered by the excitement of it all.

That's why the Department of Health Resources (formerly the State Health Department) advises parents to get the birth certificate chore behind them--while there is time.

This fall there will be approximately 220,000 new first graders in the schools throughout Texas, and proof of age is necessary for the first-timers. Total public school enrollment is expected to reach some 2.8 million children as the school population continues to grow.

Anticipating the rush of birth certificate requests, the Records and Statistics Section of the Texas Department of Health Resources has been prepared for it. Requests already are pouring in.

It takes a sizeable staff just to open the thousands of letters received daily, let alone search out a requested certificate, remove it from the thick volume, make a certified copy, mail it out and then return the original certificate to its proper place.

Years of experience have eliminated nearly every bottleneck. The operation is smooth and fast. Usually the copy is mailed within 3 or 4 days after the request is received.

Local Youth Group Scheduled Events

Beginning at 7 p.m., Monday evening, August 11, a series of activities full of fun will start and last until 11 p.m., that night. This program is for the youth of the city of Muleshoe.

A watermelon bust will start off the evening. It will be on the lawn of the First United Methodist Church from 8 - 9:30 p.m. A volleyball tournament will be held at the First Baptist Church.

After the volleyball games, there will be a youth rally for Christ on the County Court House lawn. They rally will be meaningful and a worthwhile

experience for the young people. Each young person is encouraged to come and adults are welcome, too.

There will be several youth groups from the local churches who will participate in the activities. There is the Catholic Church, First Christian, Trinity Baptist, Primitive Baptist, First Assembly of God, Richland Hills Baptist, Templo Bautista Baptist, First Baptist, first United Methodist and the Calvary Baptist.

The churches welcome everyone to come and attend the activities, taking place on the evening of August 11.

One bottleneck still remaining, however, is the individual who makes the last-minute request. Parents are requested to stop now and write for a certified copy of the birth certificate, or contact either the city registrar where the child was born or the county clerk in the county of birth.

In most cases it is an easy matter to make a trip to your county courthouse or registrar and personally request a certified copy of a birth certificate. The county clerk's office has birth records on file, as well as countless other documents.

If you write the Texas Department of Health Resources, Bureau of Vital Statistics, the address is 410 East Fifth Street, Austin, TX., 78701. Be sure to include the child's name, his place of birth, the date of birth, and names of the parents--including the mother's maiden name. The State Health Department fee for a certified copy of the birth certificate is \$2.

Filing of birth certificates is just one function of the Records and Statistics Section of the Department of Health Resources. Records also are kept of deaths, diseases and other public health information.

There are approximately 13 1/2 million birth certificates on file in the state office, and the tabulation of birth certificates is a never-ending process. Last year, for example, there were more than 221,000 live births recorded in Texas.

Largest number of live births for Texas in one year was recorded in 1957. That year 249,567 babies were born alive in Texas, and their births are recorded in the Records and Statistics Section.

Just maintaining records of current births and deaths is a mammoth task. In order to do this, the statewide system includes 1,000 local registration officials who collect these records. All of these must be carefully indexed to expedite the hundreds of thousands of searches that must be made each year to process applications for birth verifications and certification.

This sounds complicated, and it is. But to a person who needs a birth certificate for a passport or to prove the age of a child entering school, it is a vital service.

Not only are these records helpful to you and necessary for legal proof in many instances, but they furnish--as a group--information of great value to the state. To best use this wealth of statistics, data is transferred from records to magnetic tapes and a computer converts these into tabulations. From these charts and reports come information enabling staff statisticians to read and interpret the very pulse of the state's health.

Two local members of the Soil Conservation Society of America will attend the Society's 30th annual meeting in San Antonio August 10-13. SCS District Conservationist Jerry Wennohs and conservationist Kenneth Ferguson will attend from the Muleshoe area.

South Dakota Senator George McGovern will make the keynote address on Monday, August 11. His topic will be the meeting theme - "Land Use: Food and Living". Program chairman Edward E. Thomas, state conservationist for the USDA Soil Conservation Service in Temple, will preside.

More than a thousand professional conservationists from the United States, Canada, and Mexico are expected to attend the four-day meeting, which begins on Sunday, August 10, with registration and a reception.

The Society is a non profit scientific and educational organization dedicated to advancing the science and art of good land use. It has about 14,000 members throughout the world.

Mel Davis, administrator, Soil Conservation Service, Washington, D.C. will speak at Tuesday's general session. At the general session on Wednesday, August 13, Dr. Anson Bertrand, Dean of Agricultural Science, Texas Tech University, Lubbock will be one of the noted speakers.

BIBLE VERSE

"One thing thou lacketh: go thy way, sell whatsoever thou hast and give to the poor, and thou shalt have treasure in heaven."

1. Who spoke these words?
2. Unto whom?
3. Where are they recorded?
4. What effect did they have?

Answers To Bible Verse

1. Jesus.
2. One described only as "there came one running."
3. St. Mark 10:21.
4. The questioner was "sad", having "great possessions."

ANNOUNCES . . . Pat Fabela, 16 year-old daughter of Mr. and Mrs. Martin Fabela of Muleshoe, announces her candidacy for queen of the Festival of 16th of September. She is a junior at Muleshoe High School and a member of CYO, a youth organization of the local Catholic Church.

Fuels, Utilities Topics For Rural Electric Meet

Fuels for generating electricity and the prospect of operating under utility commission jurisdiction. These will be focal points of the 35th annual membership meeting of the Association of Texas Electric Cooperatives in Amarillo August 6-8.

Rural electric leaders from throughout the state are expected in record number for the sessions that will also bring Congressman Jack Hightower of Vernon and two members of the Texas Legislature to the Panhandle city. The legislators are State Senator Max Sherman of Amarillo and State Representative John Wilson of La Grange.

Other guest speakers will include Berl M. Springer, vice-

president of Southwestern Public Service Company, Amarillo; C. R. Rush, an executive of Farmland Industries, Inc., Kansas City, Missouri; and David A. Hamil, head of the Rural Electrification Administration, Washington, D.C.

Voting delegates will formulate resolutions to guide the statewide association's future activities. And they will elect two to serve three-year terms on the association's board of directors and another to serve as Texas director of the National Rural Electric Cooperative Association. Incumbent NRECA director W. G. Newton of Lubbock has been nominated by a TEC committee to serve another year. Nominated to serve on the statewide board at earlier district meetings are Elton McGinnis of Eldorado and Alton Higginbotham of Floydada.

Six veteran electric cooperative managers will be honored at a banquet. The veterans, all of whom have retired during the last year, are B. C. Broad, McCulloch EC, Brady, M.D. Head, Wise EC, Decatur; B.H. Home, Jackson

EC, Edna; John F. Luecke, Fayette EC, La Grange; Jehu Murrain, Rio Grande EC, Brackettville; and Earl Waide, North Plains EC, Perryton.

An adjunct of the meeting will be an exhibition of art and crafts handmade by members of the Rural Electric Women's Task Force throughout Texas. Items in the display, valued at more than \$15,000 will not be for sale but duplicates may be ordered.

Interested persons are also invited to submit written comments and other data to Executive Communications by 4:30 p.m., August 7, 1975.

There is always time for one more good joke.

The Poor

There are folks who think it's a recession when they can't afford a new cart to tow their new boat.

-Gazette, Emporia, Kan.

Changes Proposed In State Regulations

DALLAS, TEXAS -- A proposal to end the state set-aside program for petroleum products or bring it more in line with the nation's current supply situation is being advanced by the Federal Energy Administration, according to Delbert M. Fowler of Dallas, regional administrator for FEA.

A public hearing on the proposal is scheduled for 9:30 a.m., Tuesday, August 12, in Room 2105, at 2000 M. St., N.W., Washington, D. C., Fowler reported.

Under the program -- devised to deal with severe shortages of petroleum products -- FEA authorized the states to alleviate gasoline, middle distillates, propane, and residual fuel reserved from suppliers' working stocks. These set-aside stocks were intended to be allocated to alleviate hardships and meet the emergency needs of state consumers.

Fowler said the program may no longer be justified because allocated products subject to the program are no generally in short supply and "hardships and emergency situations generally no longer exist."

Therefore, Fowler added, "FEA is asking for comments on four possible changes to the program. These are: (1) to terminate the program; (2) retain it on a standby emergency basis; (3) retain it only for selected products that may be subject to spot shortages; or (4) retain the program for the products currently covered, but at lower set-aside percentages.

Interested persons are also invited to submit written comments and other data to Executive Communications by 4:30 p.m., August 7, 1975.

There is always time for one more good joke.

Let the Muleshoe State Bank Protect Your Social Security Checks

LOUISA'S LETTER

Dear Louisa, I have been going with this guy for almost a year now. But that isn't my problem, my problem is that everyone is spreading rumors around just because he's 18 and I'm 14 but we do love each other alot and my mother knows that and she agreed to sign the paper as soon as we get up enough money that we will be able to make it. But I'm afraid that she is going to hear something that isn't true. My father doesn't like him because of the way he looks but he is sweet and he isn't nothing like the other guys because alot of girls say how much fun they had with a guy, but the thing is I know that isn't what he wants because if he did he would have tried something by now but he has never laid a hand on me. But the rumors that are going around say that he went all the way with me and he didn't, and

now his mother and Dad dislike me. What should I do.

Help--Fla.

Answer, This boy you like should certainly be able to tell his parents that such rumors are untrue. Have you asked him to do this?

There are people who are very suspicious of any young people who are in love and some of them enjoy telling things on others when they themselves are guilty of such behavior. If you know who is doing this you might tell them that they are guilty of libel unless they can prove what they are telling.

But if you know you are behaving as you should, continue to live up to your high standards and ignore the rumors.

Louisa.

WASHINGTON REPORT BY Lloyd Bentsen, United States Senator

In response to my inquiry, the C. I. A. has informed me that Russia may be providing in excess of \$10 million a month to the Communist Party of Portugal.

This massive, unprecedented aid is deeply disturbing, especially since it comes on the eve of the signing of the European Security Agreement. Leaders of some 30 nations, from both sides of the world, are converging on Helsinki, Finland for a Summit Conference to conclude the agreement. The U.S. is one of these countries, and Russia another.

The basic aim of the Conference is as simple as it is important. With detente one of the realities of our decade; with the dawn of a new understanding between nations vividly demonstrated by the joint U.S.-Soviet space flight; this Summit is seeking to strengthen the cooperation that has already eased many of the tensions between East and West.

Of the many political, military, economic and social questions that will be aired, one of the most critical is an effort to affirm the principle of non-intervention and non-interference in the internal affairs of other nations.

If this Summit is to have any real meaning, if detente is truly leading to the peaceful co-existence of nations that respect one another's rights, then this principle has to be made the cornerstone of international relations.

This is why Portugal is being watched so carefully by the entire world. A democracy is trying to be born in the midst of extremist forces, both right and left. Obviously, we have a political, strategic and psychological stake in this struggle. Just as obviously, so does Russia.

Now come reports that the Kremlin is giving massive aid to the Communist Party in Portugal. Estimates of exactly how much vary, but the C. I. A. has told me it could well exceed \$10 million a month. And, even the State Department admits there are "allegations" that the Portuguese Communists are receiving \$2 million a month from Moscow.

This threatens to make a mockery of the Summit Conference.

For the past two years, representatives from those thirty nations have discussed detente and what it can mean for world peace. For two years, they have worked to establish the importance of every country's right to self-determination, however contrary this might be to the philosophies of other nations. This principle is an important part of an agreement American leaders are expected to sign in Helsinki -- the same agreement Russian leaders are expected to sign.

I find it incredible that the State Department seems willing to have our President sit down with Soviet leaders for a so-called candid discussion on non-intervention in the face of apparent Russian meddling in Portugal. I find it incredible that we would participate in such a charade.

There is no question that we have to work to resolve those tensions that continue straining East-West relations. There is no question that we cannot afford to return to the confrontations and stand-offs that marked the Cold War period.

But, although detente is desirable, we have to approach it with caution. We have to remember that significant differences still remain between the political and economic and

moral values of our country and our former adversaries. Such differences will not be easily resolved, or readily contained.

This is why detente will never be successful unless there are mutual efforts toward it, unless it is a two-way street. Russian wheat deals that work to the detriment of our own citizens do not represent real detente. Nor do efforts by the Administration to provide hundreds of millions of dol-

ars worth of loans to Russia at low interest rates while our own people cannot afford the mortgage on a long-awaited home.

Our efforts have to be matched by their efforts; our concessions, by their concessions.

Detente is defined as a relaxing of international tensions. The implication is that tension is relaxed on both sides.

But how meaningful is detente if the Soviet Union is providing massive, unprecedented aid to a Communist Party that seems bent on controlling our ally and fellow member of NATO, Portugal?

Determining the amount of aid being given to Portuguese Communists by Moscow can be of help in determining the sincerity with which Moscow is approaching detente.

Farm-facts

A Weekly Report Of Agri Business News

Compiled From Sources Of The Texas Department of Agriculture
John C. White, Commissioner

NOT FAR AWAY...SEED MEETING COMING SOON. TOO...BRUCELLOSIS HEARING A MONTH FROM NOW...SCREWWORMS AGAIN!

August 15 is not far away, and that is the deadline for entry in the 1975 Texas Family Land Heritage Program. More than 100 entries have been received so far.

The program honors those families and descendants in Texas who have owned and operated the same piece of land for 100 years or more continuously. It is sponsored by the Texas Department of Agriculture.

Last year, a total of 560 families were honored. Their names are in the Texas Family Land Heritage. If you think you can qualify, write to the Texas Department of Agriculture, Austin, Texas 78711 and ask for a registration form or contact the county judge.

The form must be signed by the county judge in which the land is located. The Family Land Heritage Registry has already proven to be a valuable historical document as well as a token of recognition.

PROPOSED changes in Texas seed laws will be discussed at a hearing in Austin August 21. It will be held at 10 a.m. in Room 1046 of the Stephen F. Austin Building.

Purpose is to discuss changes necessary to bring Texas Department of Agriculture rules and regulations into line with recent legislative amendments of the Texas seed law.

Items to be discussed include definitions of terms, noxious weed seeds, service testing, and minimum germination standards for vegetable seeds as well as agricultural seed inspection fees and vegetable seed license fees.

Texas has a nationwide reputation of having one of the finest-if not the finest-seed programs to be found anywhere. One of the reasons for this is the expertise offered by individual seed producers and agricultural producers. The hearing is open to the public.

BRUCELLOSIS continues to make news, too. A public hearing is being called September 4 by the Texas Animal Health Commission to discuss proposed changes in state provisions relating to federal regulations.

Federal authorities continue to intensify efforts to eradicate brucellosis from the nation. Less than one per cent of all herds in the nation are brucellosis-infected.

Brucellosis eradication in Texas will continue to affect livestock producers more and more in the future months as only 23 counties in the state are officially brucellosis-free.

ONCE AGAIN, it's time to be concerned about screwworms. That pest is continuing to make inroads into many counties in the state which haven't had a confirmed case in two years or more.

As a livestock producer, if you're not already cooperating with the program, here is the recommendations again from the officials at the fly lab in Mission:

Check your livestock regularly; treat wounds on livestock with approved screwworm-control remedies; delay surgery on livestock as long as possible; submit suspected samples of screwworms to the fly laboratory at Mission.

Hopefully, this will be the last year in which producers will have to worry too much about the screwworm. A combined effort to eradicate screwworms from Mexico and the United States is set to begin some time next year.

Meanwhile, officials need to know their whereabouts of the screwworms so they can make plans to combat the usual Fall build-up of the pest as well as controlling the situation now.

CPSC To Issue Opinion On Two Aerosol Petitions

The U. S. Consumer Product Safety Commission today announced a formal consolidated opinion on petitions filed by the PAM Club of Churchill, New York, and the Center for Science in the Public Interest, Washington, D.C.

The opinion, which will be published soon in the Federal Register, clarifies questions of Commission jurisdiction over household aerosol products and outlines action the agency plans to take on various aerosol issues raised by the petitions.

By a 3-2 vote, the Commission has decided it has jurisdiction over mechanical hazards associated with all household aerosol containers, except for pesticide packaging regulated by the Environmental Protection Agency (EPA).

Also by a 3-2 vote, the Commission has determined that it lacks jurisdiction to regulate propellants used with food, drug, cosmetic or pesticide aerosol products. Aerosol propellants used with foods, drugs and cosmetics are subject to regulation by the Food and Drug Administration (FDA), and

those utilized with pesticides are under the authority of the EPA. All other consumer aerosol propellants fall within CPSC authority.

Denial of the PAM Club petition was informally announced on June 20 after the Commission decided it lacked jurisdiction over the aerosol cooking lubricant "Pam" because it was a food product. The PAM Club sought a ban on "Pam" alleging it had been linked to a number of deaths due to intentional inhalation by teenagers.

The Center for Science in the Public Interest asked the Commission on November 12, 1973, to undertake wide ranging investigation and regulation of aerosol hazards.

Responding to the petition, the Commission announced the following action on aerosols:

--Chronic Hazards: The Commission will support research which could lead to the development of test methods for the objective evaluation of chronic hazards associated with individual aerosol products. The Commission currently is conducting applied inhalation research to develop basic criteria for evaluating products

for potential acute and/or chronic hazards. Research includes inhalation studies of vinyl chloride and other chemicals and evaluation of the adequacy of current toxicity test procedures. Identification of chronic hazards could result in regulatory action and labeling requirements as well as additional pre-market testing by manufacturers.

--Intentional Misuse: The Commission plans a comprehensive education program to alert consumers to the dangers of intentional misuse of aerosol products, as well as other aerosol hazards including danger of explosion related to improper disposal.

--Misdirection of Sprays: The Commission will seek voluntary industry action to deal with problems associated with aerosol containers that present risks of injury due to inadequate means to properly direct the spray. If the industry does not deal with this problem voluntarily, the Agency may take formal regulatory action.

--Child-Resistant Packaging: The Commission will continue to examine the need for child-resistant packaging for

additional products that could pose serious risks of injury due to their accessibility to young children. The staff also will evaluate present test methods for hazards such as eye irritation to determine if new methods are necessary to measure hazards posed by aerosols to small children.

--Labeling: The Commission is investigating consumers' awareness of labeling on aerosol products which are associated with injuries in order to find out whether existing labeling requirements could be improved to reduce or eliminate risks or injury.

CSPI also asked the Commission to investigate the mission to investigate the safety of aerosol containers and to require explosion-proof containers. Based on injury investigations and other information, the Commission found that it lacked evidence to determine that aerosol containers present an unreasonable risk of injury from explosions to consumers and denied this request without prejudice.

In related action, the Commission on July 10, 1975, in-

formally announced it had denied without prejudice a petition submitted November 20, 1974, by the Natural Resource Defense Council to ban fluorocarbon propellants in aerosols. The NRDC alleged that fluorocarbons are contributing to the depletion of the protective ozone layer in the upper atmosphere.

The Commission denied the petition in a 3-2 vote on the basis of the recommendation contained in the Federal government's task force report to delay regulatory action pending results of a National Academy of Science study by next spring.

Formal denial of the NRDC petition will be published in the Federal Register in the near future.

Copies of the consolidated opinion on the PAM Club and CSPI petitions will be available from the Office of the Secretary, U.S. Consumer Product Safety Commission, 1750 K Street, N.W., Washington, D.C. 20207. (Telephone: 202/634-7700).

LID ON WAGES

LONDON--The Labor government told unions and management to clamp a 10 per

cent lid on wage and dividend hikes or face government-imposed controls to control inflation.

South Plains Counties Show New Population Trend

VERNON -- The 19 rural South Plains counties within District 2 of the Texas Agricultural Extension Service are showing a change in population movement, says William D. Benson, Extension area resource development specialist. These counties include Bailey

Borden, Briscoe, Cochran, Crosby, Dawson, Floyd, Gaines, Garza, Hale, Hockley, Howard, Lamb, Lynn, Mitchell, Scurry, Swisher, Terry, and Yoakum.

While certain counties continue to reflect a declining population, it is at a much slower rate than had been recorded between 1960 and 1970, notes Benson. In addition, a recent U. S. Census Bureau report indicates a growth in the population base of many counties that had lost population during the 10-year period.

Although all 19 rural counties lost population from 1960 to 1970, seven of these gained an estimated 6,813 citizens from 1970 to 1973. These same seven counties lost a total of 15,700 people from 1960 to 1970.

Rural areas working through their county Extension agents, various committees and the appropriate Extension specialists are overcoming some of the problems created by the massive outmigration of citizens during the 1960's. District 2 rural counties lost 7.3 percent of their population or 20,333 individuals from 1960 to 1970. Benson cites several examples of rural citizens working to improve the county situation to maintain the population or even attract new people.

Bailey County citizens are working close with their county Extension agents in attempting to obtain fire protection equipment which is vital to their health and well being. Other counties are also working with their county Extension agents in the areas of people building, economic development and community facilities, to name

a few. Citizens of rural areas are realizing that if they want to progress, they must have a balanced community, points out the specialist.

So there is a definite turnaround in rural population trends which coincides with a growing desire by many citi-

Services For Boyd Lander's Father Held

Funeral services were held at 2 p.m. Monday, August 4, for Claude B. Landers, 84, who died Friday, Landers is the father of Boyd Landers of Muleshoe.

Services were held at Schooler-Gordon Colonial Chapel in Amarillo, with Rev. Lyman P. Wood and the Rev. Robert Metzger, pastor of San Jacinto United Methodist Church. He was buried in the Memory Gardens Cemetery.

Born in Hood County, Landers moved to Amarillo six years ago from Hart, where he was a farmer. He was a member of San Jacinto United Methodist Church.

Surviving are his widow, Vernie; five sons, Paul of Beaumont, Boyd of Muleshoe, Charles Lee of Westminister, Calif., and Bobby and Jimmy, both of Huntington Beach, Calif.; one daughter, Mrs. Fern West of Corona, Calif.; two sisters, Mrs. Doris Hess of Amarillo and Mrs. Lola James of San Antonio; 13 grandchildren and seven great-grandchildren.

Mrs. Wisemon Last Rites Held

Graveside services were held at 11 a.m. Wednesday, August 6, for Mrs. Lillie B. Wiseman, 85, who died at 6 a.m. Tuesday, August 5 in the Muleshoe Nursing Home. Services were held in the Levelland Cemetery at Levelland, Tx. with Rev. Bob Robbins, Baptist minister of Levelland officiating. Singleton-Ellis Funeral Home of Muleshoe was in charge of arrangements.

Mrs. Wiseman was a resident of Muleshoe for five years, moving here from Levelland where she had lived since 1924.

She was born November 2, 1889 in Union Town, Arkansas and was a member of the Baptist Church.

Survivors include a sister, Mrs. G. A. Breckenridge of Tipton, Oklahoma; a sister-in-law, Mrs. Ercell Whitt of Muleshoe and a niece, Mrs. Doug Bales also of Muleshoe.

Also surviving are several other nieces and nephews.

**** Friendships are not the results of a rushing acquaintance. **** No woman ever makes a fool of a man; she merely exhibits him. **** Freedom is not always the right to do and say what you please.

Letters To The Editor

TO THE EDITOR:

Thanks to authorization by House Speaker Bill Clayton, one of the most important discussions in the history of this state occurred in the office of Congressman George Mahon on Friday, July 11, 1975.

After studying my notes and thinking several days on this meeting, I feel the best way I can convey the thrust is to write a simple summation which is basically fact, with an insertion of some of the strong opinions expressed by those present.

There is a drug problem in Texas today. Opinions vary as to the severity, but this we do know: drug arrests in Texas are increasing each year. In 1965 there were 1,094 arrests; 1970, 12,001 arrests; 1971, 12,309 arrests; 1972, 16,077 arrests; 1973, 24,403 arrests; and 1974, 31,512 arrests. These arrests were largely the victims.

The drug scene in Texas includes marijuana, amphetamines, barbiturates, heroin, glue, gasoline sniffing, paint and other hard drugs. The medical profession still offers a wide variance in opinion as to the effects of most drugs, but there is building evidence that hard drugs are closely related to the crime wave throughout the Nation, as well as in Texas.

Dr. Judianne Densen-Gerber, lawyer, doctor, and an authority in the field of drug abuse with much experience in the area concerning drug victims states without reservation that she has reliable information which indicates the target market for heroin right now is all states along the Mexican border.

It is the plan of the drug distributors to create as many addicts in Texas as they have done in New York and other eastern cities, with concentration on the urban areas, and accent in colleges, high schools, junior high schools and even in elementary schools.

Dr. Densen-Gerber said Texas is on the threshold of an epidemic, and unless immediate and drastic steps are taken, 10% of our school children will be exposed to heroin this year. What it will cost this state in crime and violence will be literally millions upon millions of dollars, and the drug traffic will realize equal millions in profit as they are now doing in the eastern cities.

There is little awareness among Texans concerning the enormity of the drug problem. As Chairman Mahon said, "We have great pride in our section of the country and hesitate to admit the presence of this problem until it hits us personally through a member of the family or a close friend." An evidence of our lack of awareness is the fact that Texas ranks 53rd among the fifty states and three territories in appropriated \$103,000,000 for drug abuse treatment programs; local funds have increased from no funds in 1971 to \$1,042,964.00 in 1975; and federal funds have increased from no funds in 1971 to \$6,148,716.00 in 1975.

As an elected official, I believe we need to get into the meat of this program immediately. If Dr. Densen-Gerber is right, then the public must be aroused, and the problem attacked quickly with all resources available. R. B. McAllister (S) R. B. (Mac) McAllister State Representative

Buster Mullen of Weatherford, Texas will be preaching in a series of Gospel Meetings at the Northside Church of Christ, 117 E. Birch - Friday, Saturday, and Sunday, August 8th, 9th, and 10th.

Services Friday the 8th and Saturday the 9th will be at 8:00 P.M. each evening. Services Sunday the 10th will be at 10:30 A.M. and 6:00 P.M.

Following the Sunday morning worship, a basket lunch will be served at the church. The members of the Northside Church of Christ invite all to hear this simple New Testament teaching.

ESPECIALLY YOU!

TOWER TALKS

by U.S. Senator for Texas
JOHN TOWER

Sex Discrimination

WASHINGTON—New Regulations promulgated by the Department of Health, Education and Welfare (HEW) could mean the end of intercollegiate sports programs as we now know them.

HEW issued regulations last month to enforce the mandate of Title IX of the Education Act Amendments of 1972, which forbids discrimination by sex in our nation's schools, colleges and universities.

The sweeping regulations seek to insure that spending by schools for academic and athletic facilities for students and financial aid to students will be divided fairly between boys and girls, men and women.

Most of the regulations are long overdue. I was a co-sponsor of the bill that made them possible. I feel very strongly that women should be granted equal opportunity and access in academic facilities, including sports activities.

But HEW, in its laudable zeal to guarantee equal athletic opportunities for women, is defeating its own purpose by proposing a rule which will damage the financial base of intercollegiate athletics. This will work to the disadvantage of both men and women students, and to alumni and fans who enjoy watching intercollegiate sports.

I have introduced a bill which would exempt revenue producing sports such as football and basketball from the new federal regulations.

At most colleges and universities today intercollegiate athletics are funded in whole or in part by moneys raised through the sale of tickets or through general fundraising campaigns.

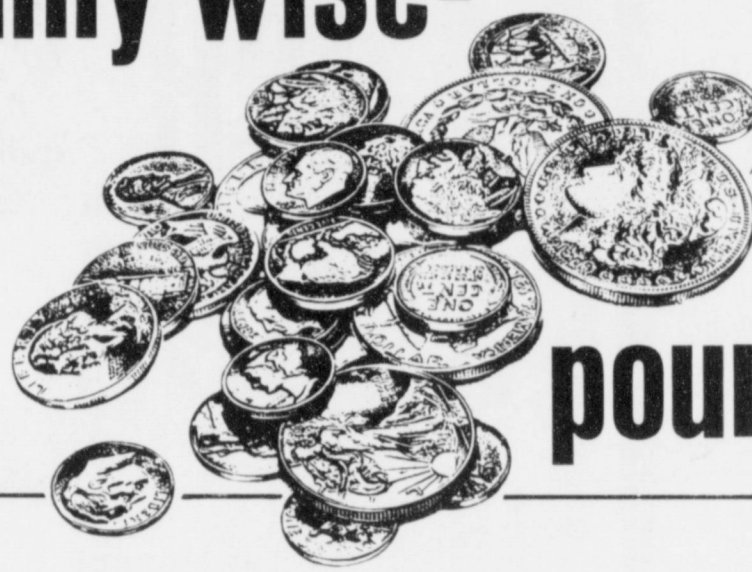

Grave concern has been expressed that the HEW regulations will undercut revenue producing sports programs by its insistence that every dollar that is spent for a sports program for men, such as the football team, be matched by a dollar for a comparable sports program for women. My bill would exempt from the HEW mandate funds for sports such as football and basketball raised by ticket sales or donations from private individuals. Sports which are subsidized by the school would have to comply with the rules.

Passage of my bill would benefit both intercollegiate athletics and equal opportunity for women in sports.

The impairment of the financial base of the revenue-producing activity threatens not only the continued viability of that activity, but the viability of the entire athletic program. The prospect of such impairment becomes especially significant at the present time when there is such a substantial and justified demand for upgrading athletic opportunities for women.

We should continue to move to expand opportunities for women, but our commitment to equality of opportunity should not encompass massive disruptions of the educational institutions and the financial burdens these institutions will be forced to shoulder unless my bill becomes law.

penny wise-

pound foolish

SHOP AT HOME

We know folks who drive miles to "find" a bargain. Some are possibly a bargain, but many are about the same as you'd find at home.

When you consider the "cost" of pursuit-to-purchase, it is not always as big a saving as anticipated. Your local firms offer just as many bargains as you'll find elsewhere, so why waste time and money?

Be "penny wise" but do it at home - where your dollar spent with local merchants stays around for a long time. It stays to be passed on in pay roll checks that are re-spent again and again... all of which add greatly to the growth and betterment of the entire community.

NEWS NOTES

ON JAR LIDS
MUNCIE, IND. -- Ball Corp., one of the nation's largest manufacturers of home canning supplies, reports it's investigating the disappearance of some 30 million canning jar lids from its warehouse.

APOLLO & ASTRONOMY

SPACE CENTER
HOUSTON -- The Apollo astronaut has opened a new field of astronomy by discovering a source of ultraviolet radiation outside the solar system.

CHINA'S SATELLITE
TOKYO -- China has announced that it has successfully launched its third satellite in line with a policy of promoting "preparedness against war."

BEE-RUSTLING
JUPITER, FLA. -- Florida lawmen have broken up a bee-rustling operation in which they report thieves harvested nearly \$500,000 in honey by switching brands on stolen hives.

A LUCKY STRIKE
RENO, NEV. -- Charles L. Caldwell, 80, a retired gold panner, has won a \$70,238 jackpot at Harolds Club Casino here, believed to be the largest slot machine jackpot ever paid anywhere.

REMAIN IN U.S.
UNITED NATIONS, N.Y. -- Though only one in five present U.N. civil servants is a U.S. citizen, seven out of 10 retired international civil servants remain in the United States.

FUNDS FOR SCHOLARS
ROCHESTER, N.Y. -- The University of Rochester plans to launch a fund-raising campaign to help endow scholarships and fellowships to help students meet the high cost of education.

CHRISTINA WEDS
ATHENS, GREECE -- Christina Onassis, heiress to the estimated \$1 billion fortune left by her shipping magnate father, married Alexander Andreadis, son of another wealthy Greek shipping family.

DEMO TELLTHON
LOS ANGELES -- The Democratic Party, trying to pay off \$2.6 million in debts barely broke even in its 22-hour national telethon originating here.

WHEEL KILLS
WAREHAM, MASS. -- Katherine Morat, 66, was killed by a wheel that came off a moving truck, rolled a quarter of a mile and struck her.

EDITORIALS

Fight Crime

FBI crime statistics show serious crime in the United States increased again in the first quarter of 1975--by eighteen per cent.

As a result, FBI Director Clarence Kelley has appealed to the ordinary citizen to join law enforcement agencies in the fight on crime. Despite the current fad for jokes attributing much of the increase to crimes by the FBI and CIA, the continuing rise in the crime rate in this country is a national disgrace and calls for action, and citizen cooperation.

Kelley's pilot project to invoke the cooperation of local citizens focuses on Wilmington (crimes against the elderly), Norfolk (crimes against women), Birmingham (stolen property) and Atlanta (crimes against the young).

If these pilot projects are successful in developing techniques and citizen cooperation helping lower the crime rate, they will have ably served the nation. Citizens of these four cities have a unique civic responsibility, and opportunity, to fight the growing crime wave (constantly fueled by commercial television) with newly developed techniques and methods.

Official Lies

Fifty members of the House recently introduced legislation to make lying by government officials a crime punishable by either imprisonment up to five years or a \$10,000 fine.

Public service in the early days of the republic was generally accepted as a high trust and since there were few jobs, the standard of conduct was high. Today the federal bureaucracy includes millions; many are on the pay roll to build a bureaucratic empire or featherbed, or just to collect a salary.

Part of the reason for this is that Congress has raised government salaries to higher average levels than are found in the private economy. In addition, the federal bureaucratic army has a fine retirement system, lavish leave and sick benefits, greater security in the job than private workers and easier work in most cases.

That being the case, and with so many examples of public officials concealing the truth from the people--their employers--in recent years, the effort to make lying by federal officials a crime is timely and well-founded. Speedy enactment of this legislation is very much in the public interest.

NEWS REPORT FROM WASHINGTON

Ford's Future-His Aides-Rockey: The Demos-The Polls-

WASHINGTON, D. C. -- President Ford and his aides have been concentrating on the 1976 election for some time with a measure of confidence. It may be misplaced.

Aside from the rescue of U.S. seaman recently, which boosted his stock in public opinion polls, the President's latest moves don't look like political assets.

He is following policies in the food and energy fields which will keep prices up, and rising--and that is going to cost him votes no matter what his industry friends and corporate advisors tell him.

He is vetoing bill after bill because he wants to avoid another inflationary spiral and yet his energy and grain-selling policies are sure to fuel inflation.

There are indications the Ford Administration will authorize the sale to the Soviet Union of 10 or 11 million tons of grain from the 1975 U.S. crop. This is very likely to prevent lower food prices, which seemed certain prior to the Russian deals.

In the energy field, Ford is opting for higher fuel prices now in the hope this is the best long-term method to increase supplies--the classical free enterprise argument. But oil isn't moving through international markets in a free enterprise atmosphere and won't for a long time to come and Ford's domestic gamble is largely theory. It will cost him votes in 1976.

Ford's aides seem intent on dumping Vice President Nelson Rockefeller, the one man who might enable Ford to carry such

states as New York, where only a moderate can sway the decisive independent. Dumping Rockefeller would appease the reactionaries but it would cost the ticket dearly elsewhere.

Meanwhile, as Ford signs an accord in Helsinki which some feel puts the stamp of approval on Russian conquests in eastern Europe, the polls hint his popularity may be slipping.

The last Gallup rating was good but the latest Lou Harris poll shows his approval down, and lesser polls confirm the trend. Instead of assuming Rocky is the enemy, the President's aides would do well to build unity in the party behind the present team and opt for lower consumer prices every chance the Presidents gets.

Errors often arise when men try to prove that they have been right.

STATE CAPITAL Highlights AND Sidelights
by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN - First state-regulated malpractice insurance rates in more than 20 years were approved by the State Insurance Board last week.

Rates cover doctors, dentists and hospital professional liability insurance rates.

The Board approved 11 company groups filings and rejected requests from the Argonaut Group for hospital liability coverage.

Basic annual rates approved are for \$25,000/\$75,000 limits of liability. Board statisticians estimated that \$100,000/\$300,000 limits for doctors will cost about 50 per cent more and about 40 per cent more for hospitals.

Rates range from \$140 a year for a non-surgical physician in Travis County to \$1,032 for a non-surgical physician in Harris County, and from \$5,416 a year for an orthopedic surgeon in Travis County to \$8,256 for an orthopedic surgeon in Harris County.

"These rate approvals offer a responsible step toward alleviating the medical malpractice insurance crisis that was getting a toehold in Texas," State Insurance Board Chairman Joe Christie said.

Texas Hospital Association, meanwhile, announced plans to form its own insurance company to write liability coverage.

Vote Rights Studied

State, city, county and school district acts bearing on voting rights over a two-and-a-half-year period are subject to federal scrutiny under a new federal act.

The Federal Voting Rights Act is retroactive to November 1972 in application to all Texas election matters, according to Secretary of State Mark White

Not only will Texas elections be subject to federal supervision. Other requirements of the act include submission of all state and local government laws, ordinances, mandates and regulations affecting voting rights to the U.S. attorney general for clearance.

White views this as including all municipal annexations, alterations in voting district lines, changes in polling places, redistricting acts and changes from at-large to single-member districts or vice-versa.

Comptroller Bob Bullock has threatened to hold up some fat state employee paychecks where private supplements are not reported in detail by sources.

For years, some paychecks (particularly those of college officials)

have been supplemented from private contributions, foundations and grants.

Bullock said state law requires that these supplements be reported in detail, but many are not. After September 1, he said, he will withhold approval of paychecks in cases where the supplements are not itemized properly.

AG Opinions
A school board represented under a district consultation agreement may meet in executive session to discuss salary schedules. Atty. Gen. John Hill held.

The Board of Dental Examiners' executive secretary cannot receive a salary supplement for additional duties administering the dental laboratory and technician registration program.

Subpoena power of the Alcoholic Beverage Commission is not affected by the Administrative Procedure and Texas Register Act.

A state school for the mentally retarded may not refuse to admit a child solely because of parents' refusal to consent to a blood transfusion.

Harris County Commissioners Court is not authorized to impose a charge for handling of child support

Committee on Government Operations to study steps toward efficiency, economy and better organization.

Briscoe's appointees are Calvin R. Guest of Bryan, R. J. Nunley of Sabin, Harry M. Provench of Waco, Herbert J. Frenley of Houston and Alfred I. Davies of Dallas. House and Senate members were named earlier.

County Court at Law Judge Mary Pearl Williams of Austin was appointed Texas delegate to the National Conference of Special Court Judges.

Mart Hoffman of Brownwood will become assistant director on institutions for Texas Youth Council August 15.

John R. Arredondo was designated director of the TYC statewide reception center at Brownwood.

State Board of Examiners of Psychologists may employ persons to assist in screening applicants for examination.

Courts Speak
The State Supreme Court rejected an attempt to force restoration of ousted Duval County Judge Archer Parr.

Meanwhile, a federal appeals court in New Orleans upheld conviction of Parr for perjury before a grand jury investigating income of his late uncle, George B. Parr.

A bond hearing for Parr, jailed in San Antonio, has been set for August 7 in Midland.

Appointments
Joe D. Hawkins of Dallas is new Texas Commissioner of Insurance. Gov. Dolph Briscoe named five members of the Joint Advisory

Committee on Government Operations to study steps toward efficiency, economy and better organization.

Briscoe's appointees are Calvin R. Guest of Bryan, R. J. Nunley of Sabin, Harry M. Provench of Waco, Herbert J. Frenley of Houston and Alfred I. Davies of Dallas. House and Senate members were named earlier.

Ben And Dana Marney Huge Success

Sorority Sponsored Event Aids Hospital

The Ben Marney Group, "Home Cookin'", starring Ben Marney and his wife Dana Damron Marney, performed Friday, August 1, in Muleshoe for the Hospital Action Fund Benefit. The event was sponsored by the Alpha Zeta Pi chapter of Beta Sigma Phi, and was held to raise funds for the Hospital Action Fund. The show and dance was held at the Catholic Center between the hours of 8:30 p.m. and 1 a.m.

Approximately 250 persons attended. Admission price was \$10 per couple, with all funds, after expenses going to the hospital fund.

Ben Marney, of Houston and Dana Damron Marney, formerly of Muleshoe put on two shows between the dance selections played by the group. Dana, whose parents are Mr. and Mrs. Sam Damron of Muleshoe is a former Texas

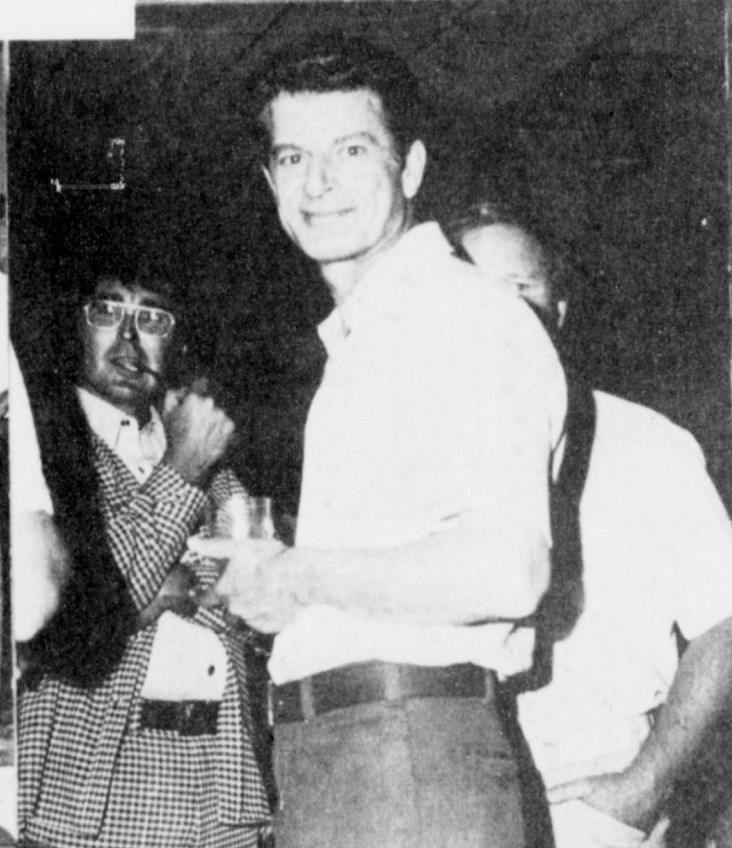

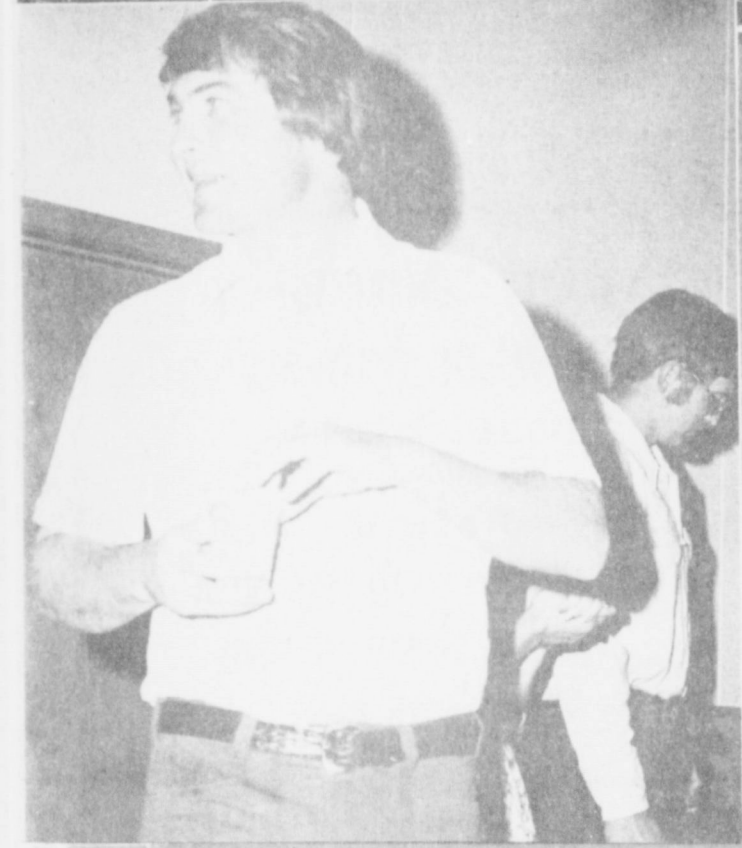

Tech music major. She added a touch of glamour and a generous amount of talent to the act.

Ben Marney and his group have performed at many supper clubs and major hotels around the country, as well as making records for the Playboy Recording Company.

Prior to their appearance in Muleshoe, they appeared on several TV and Radio shows.

The program and dance presented Friday night featured the latest top 40 hits, country pop, gospel-style singing, with audience participation, specialty medleys and original tunes featured on Ben's Playboy Recordings.

Members of Alpha Zeta Pi stated the event was a huge success, and expressed their appreciation to everyone who attended and helped make it a success.
