# Texico Chamber Of Commerce Banquet Scheduled Saturday

Texico will welcome special guests Saturday, April 20, when approximately 200 people are expected to attend the Second Annual Texico Chamber of Commerce banquet at 7:30 p.m. MDT at the Texico

School Cafeteria. Master of Ceremonies for the banquet will be A. D. McDonald, superintendent of schools in Texico; a progress report for the Chamber of Commerce will be presented by incoming

C of C president, Lewis Cooper, entertainment will be given by Mr. and Mrs. Ed Hardage, and also on the program will be Bill Christian, outgoing president of the Chamber and Bill Thigpen,

secretary. Awards for the "Outstanding Man" and "Outstanding Woman" will be presented by last year's recipients, Jim Pierce and Marcia Leavell. Committees have been working on the

choice for this year, narrowing down the field to the final choice to be announced Saturday.

Guest speaker for the banquet will be Ray Pritchett, Texico businessman. Pritchett is the owner/operator of Golden West Seed Company in Texico and also has New Mexico Mill and Elevator. He is widely recognized as a gemologist, a connoisseur of art and sculpture, a collector of Indian artifacts and has devoted much of his life to developing hybrid grain sorghums.

A parttime resident of Texico, where he maintains an apartment over the offices of Golden West Seed, he also has a home in Plainview. He has operated the business in Texico for the past 24 years.

Also a farmer and rancher, Pritchett spends much of his leisure time painting. He has on display several of his western watercolors, and shows a clarity of detail and uses colors to best advantage in his paintings.

Pritchett owns and operates the only flour mill still in operation in the State of New Mexico. He said his mill in Clovis has run continuously since 1917, and is around the clock. The only time the mill has ever shut down, said Pritchett, is to enlarge machinery.

Pritchett is a former member of the Plainview City Council, has been with the Plainview Chamber of Commerce and is a trustee at High Plains Research Foundation at Halfway. He is also past president and director of New Mexico Seedsmen Association and past president of the Southern Seedsmen Association.

A limited number of tickets are still available for the banquet and are available from any member of the Texico Chamber of Commerce at \$3 each.

## Farwell C of C Meet Scheduled

Farwell Chamber of Commerce will meet at noon on Tuesday, April 30, at Clara's. President Rev. W. T. Perry urges everyone to attend the meeting and participate in Farwell's activities.

Secretary I. W. Quickel reminds anyone who has not paid 1974 dues to take care of them as soon as possible.

**SPRING BRINGS SMILES** -- At the onset of spring, fruit trees burst into bloom, short sleeve shirts come out, or sleeveless, and smiles burst forth as sunny days brighten up the area. Leigh Ann Kirkland, daughter of Mr. and Mrs. Jack Kirkland, is sleeveless and nestles among the apple blossoms with a bright smile as she can spend more time outside. Other signs are bicycles, kites and gardeners, and when you put all these together, they are a sure sign . . . it's springtime.

## Directors Election - -

# Electric Cooperative Slates Annual Meeting

The 36th annual meeting of the Deaf Smith Electric Cooperative has been scheduled Thursday, April 25, at the Bull Barn in Hereford.

Registration for the event will begin at 11 a.m. with a barbecue lunch to take place at noon followed by the business meeting at 1 p.m.

Two officers are to be elected during the business session, one for the Parmer County area and one for the Deaf

Smith County area. Vying for the Parmer County area slot are incumbent A. W. Anthony and Roy M. Miller. Candidates from the Deaf Smith County area are Raymond Higgenbotham, incumbent, and Dick Fellers.

It has been reported that entertainment will be provided by Woody McDermott and his country and western band featuring the "Fiddlin' Dic." A drawing is also planned for

those attending during which six families will be presented tickets to Six Flags Over Texas.

## Little Dribblers Season Ends

Farwell Little Dribblers All-Stars were eliminated from the state playoffs Saturday in Seagraves, Tatum, N.M., defeated the local team 43-38, thus ending a successful season for Farwell. Farwell had earlier defeated Anton 29-24 and 36-23 before being taken out of the playoffs by the team from Tatum.

Farwell had won second place in the regional tournament at Bovina.

Coach Johnny Actkinson stated he was very pleased with the performance of the team and wanted to thank all of the fans and parents for their support throughout the year. Noted for special thanks by Coach Actkinson were Billy Roberts, assistant coach, Vernon Scott and Jerry Dee Owen, for their assistance with the team.

High scorers for the All-Stars were Mark Owen, 10 points per game; James Castleberry, eight points per game; Blaine Bucheanu, six points per game; and Craig Kaltwasser, five points per game. Other team members included Darin Avara, Craig Walls, John Scott, Gary White, Richard May and Richard Carpenter.

## Kindergarten Is Underway

Kindergarten at Texico School got underway Monday with 11 boys and 14 girls enrolling.

School officials said the special kindergarten will be conducted for half-days for six weeks, from 9-11:30 a.m. Teacher of the kindergarten class is Mrs. Linda Hall and her assistant is Mrs. Sue Dobbs.

## Nationwide - -

# Earth Week 1974 Slated April 21-28

"Education for Environmental Quality" is the theme for Earth Week 1974, April 21-28. Special projects and programs emphasizing learning and action for environmental improvement are to be launched and carried out during the week, according to Soil and Water Conservation officials.

Earth Week 1974 is sponsored by the Alliance for Environmental Education, a coalition of 27 private organizations whose local units are working throughout the nation to enlist schools, youth groups, civic groups, and others in continuing efforts to understand and properly care for the environment.

A joint resolution in behalf of Earth Week 1974 has been introduced in Congress by 50 senators. The resolution states the purpose of Earth Week 1974 as "a time to continue the nationwide effort of education on environmental problems, to review and assess environmental progress, and to determine what further steps must be taken, and to renew the commitment and dedication of each American to restore and protect the quality of the environment." The alliance is stressing cooperative local action and

learning programs as the most significant elements of Earth Week 1974. Member organizations of the Alliance describe Earth Week as a time to initiate a new thrust in behalf of environmental improvement through all formal and non-formal avenues of education.

A packet of informational materials containing suggested learning activities may be obtained by writing Earth Week 1974, 1201 16th St., N.W., Washington, D.C. 20036. Local units of member organizations of the Alliance will provide various kinds of help to groups requesting assistance for Earth Week projects and programs.

Among the nationwide events scheduled during Earth Week 1974 is Scouting Keep America Beautiful Day, Saturday, April 27. In addition to litter prevention and clean-up projects, Scouts will emphasize collection of materials for recycling, tree planting, urban wildlife habitat improvement, and other environmental improvement activities.

Dedicated to all phases of advancing the science and art of environmental education, the Alliance's primary objective is to improve the extent and effectiveness of environmental education programs.

**REGIONAL ACTION FOR MILE-RELAY TEAM** -- Competing at the Regional Tournament in Lubbock Friday (today) and Saturday will be the Farwell High School Mile relay team. They had a time of 3:32 in the competition at Springlake-Earth and were just out of first place, although they placed high in the meet. Member of the team include from left, Donnie Garner, George Garza, Carl Kirland and Thad Phillips. Gene Christian is alternate starter on the mile relay team.

**CHECKING HIGH SCHOOL FIRE** -- Two fire trucks responded to a report of a fire at Farwell High School around 10:15 p.m. Wednesday night. Smoke poured from the roof of the building, but the only damage sustained was to a heater/air conditioning unit mounted approximately 18 inches above the auditorium. No damage was noted to the building and there was no smoke damage inside the school. Lori Norton, Farwell High School student, was credited with noticing the heavy smoke pouring from the building and notifying the fire department.

## Wednesday Night - -

# School Escapes Fire Damage

An alert high school student, Lori Norton, may have saved Farwell High School from heavy fire damage Wednesday night. Lori, the daughter of Mr. and Mrs. Darrell Norton, was returning to her home at 600 9th Street, near the high school, when she noticed heavy smoke pouring from the roof of the auditorium area of the school.

Lori notified her parents, who checked and called the Farwell Volunteer Fire De-

partment shortly after 10 p.m. Arriving at the school, firemen found the fire contained in a heater/air conditioning unit mounted approximately 18 inches above the roof of the school auditorium.

Although the fire department initially called out two fire trucks as a precautionary measure and thoroughly checked the building, the fire was quickly contained in the heating and air conditioning unit.

Fire Chief Lee Hutchins said Thursday morning that no smoke damage was sustained by the school, and firemen could only detect a very faint odor of smoke inside the high school building. He also said damage was very minimal,

and was confined to the electrical unit atop the auditorium.

Confirming the fire chief's statement, School Superintendent W. M. Roberts said the smoke was not carried through the air conditioning ductwork, and stated that according to the Fire Chief, the fire apparently started in the heat exchanger in the unit.

The school superintendent also said the heat/air conditioning unit was covered by insurance.

Checking by the high school building around 7:30 a.m. Thursday, it was noted that doors were propped open to eliminate what little smoke had escaped to the inside of the building.

## Jury List Released

Seven criminal cases are scheduled for trial in District Court in Parmer County, at Farwell, beginning Tuesday, April 23. Hearing the cases will be District Judge Pat Boone Jr., of Littlefield.

Cases on the docket include William Loyd Green, Lubbock, presently on bond, forgery; Amando Davila, three counts on the indictment, burglary of two school buildings and a co-op store in Bovina; Roy Sisk, of Arkansas, saddle theft, on bond; Carson Long, Texico, on bond, theft; Victor Hernandez, from south of Friona, burglary, on bond; Paul Bidwell, Melrose, on bond, theft; and Aubrey Gibson, malicious mischief, destruction of private property, on bond.

Scheduled to appear for possible jury service at 9:30 a.m. on Tuesday, April 23, include the following 72 persons:

Mrs. J.B. Sudderth, Byron Jones, Jerrell Wright, Mac Glasscock, Richard D. Steelman, Tim Foster, Mrs. L. R. White, Mrs. Frank Cadena, Mrs. George W. Jones, Monte Lee Barnes, Barney Floyd, Mrs. James Singleterry, Patsy Ann Zachary, Mrs. J. W. Gammon, Mrs. Max C. Crim,

**440-RELAY TEAM TO REGIONAL** -- Qualifying for competition in regional action at Lubbock this weekend were these members of the Farwell High School Track team. They comprise the members of the 440-relay team and include from left, George Garza, Jack Foster, Carl Kirland and Mike Woods. They posted a time of 4:40.1 to win their place on the regional roster, following up a first place win for the team at Denver City and posted good individual times in the 100, 220, 440 and 880 at Springlake-Earth.

(Continued on Page 2)

**PURELY  
PERSONAL**  
by John

Help! Help! We have found out where to get a bottle, but cannot remember who wanted the bottle. Some time ago, we were asked where this person, an avid bottle collector, might get a "Seattle Fair" commemorative Beam bottle. Well, we asked a friend of ours, whom we knew to be a bottle collector, about this item, and recently he came up with the answer for us.

Now, the problem is, who asked us about the bottle in the first place? We are worse off than Johnny Carson. We have the answer, but cannot supply the question. Ah me, tempes fugit. In our case, it seems to be just older, not better.

In this day of skyrocketing cost of most everything, we are beginning to take a second look at some of the more radical proposals that have been put before the long suffering American public. In this case, we are referring to the "Woman's Equal Rights" drive.

We see where recently, the more rabid militants have agitated for the admission of a girl to the Boys' Little League Association in New Jersey, also, in Texas, a young lady has asked for membership in the Boy Scouts. These latest outcroppings of feminist zanyism gives rise to the vast panorama of potential savings for all future school buildings, as well as all public buildings and facilities on the drawing boards.

We are in favor of equality of treatment in respect to opportunities in life for all races, colors, creeds and sexes, provided that all participate on an equal basis. With this premise of equal participation in all fields, we suggest that the girls be admitted to the Boys' Little League, the Boy Scouts, and yes, later in life, to the masculine clubs, such as Morey's Princeton.

With this future melding of the sexes, we may as well start at the earliest possible time to prepare our young people for true equality in life. We suggest that this begin in kindergarten, or no later than the first grade, by abolishing separate restroom facilities and begin to adjust future young people to the idea of equal co-existence. By beginning at the tender age of six, we can acclimate them to "La Difference" and by the time they are old enough to appreciate it, they will have become inured to this pleasant biological happenstance, and it will be of little or no consequence to them.

Therefore, the construction of these separate facilities can be phased out of our public life over the years and all the money spent on these frivolities can be saved for the more important things in life like providing food stamps to the starving and disadvantaged masses of our society. This early exposure to communality might also be a tremendous factor in reducing the world-wide birth rate and thereby head off mass starvation on a global basis. A truly magnificent goal.

Yes, the admission of girls to all boys' activities may be the greatest boon to mankind since the invention of the income tax. In the dear days long departed, how did we ever get along without it?

## Absentee Vote Ends April 30

Parmer County Clerk Bonnie Warren reminds all voters that absentee balloting got underway at her office in the courthouse in Farwell Monday for the May 4 Primary.

She said that all voters who plan to vote absentee will need to cast their ballot in her office by 5 p.m. on Tuesday, April 30.

## Texico FFA Banquet Set

Texico Future Farmers of America will host their annual awards banquet Friday, April 19, at 7:30 MDT in the Texico School Cafeteria.

Several awards will be presented, special guests recognized and speaker will be Max Best, State FFA President for New Mexico.

Second-class postage paid at Farwell, Texas 79325. Published every Friday.

SUBSCRIPTION RATES -- Farmer and adjoining counties, \$5.50 per year; elsewhere, \$7.00 per year. Payable in advance.

## COUNTY LINE

We Will Answer Questions Concerning Business - Events - Governmental Units - Persons In Parmer And Curry Counties

Write Your Question, To:  
COUNTY LINE, Box 255, Farwell, Tx. 79325

Q. Why is it necessary that anyone reporting a theft, vandalism or other acts of crime must have their age listed when it is reported in the Clovis News-Journal in the column "Clovis In Brief?" Is this a policy of the news paper or a requirement or rule of the Clovis Police Department?

A. Lt. Ed Rodriguez of the Clovis Police Department said the policy is not a rule of the Clovis Police Department, but is a standard question on an offense report.

According to the lieutenant, the questions are used to start a cross-file reference and to make uniform crime reports to the FBI. "We do have people who are chronic complainants," he added. "And have in a few instances, had have persons who have lost maybe a \$5 item and reported it as being a \$50 item. However, giving an age is not mandatory. We do prefer to have the age as part of our report, but if a person objects, we do not press the matter."

The officer said that the reports are public reports, as are most reports in the office, and using an age in a news story is left up to the discretion of the police reporter.

According to Bill Southard, managing editor of the Clovis News-Journal, they use the age of a person reporting a crime, or directly involved in a crime as a policy in order to fully identify anyone whose name appears in the paper in connection with a crime.

He said, "This way, no mix-up can happen where the same or a similar name appears. Where someone is personally involved, we use their name and age for identification, however, if a person is not directly involved, we seldom use an age."

Southard said he had discussed the point with several persons, and the same question had been asked him before. "I am not sensitive to my age," he added. "And, no personal reflections are intended. But, I feel it is good business on the part of the newspaper to identify the persons involved as fully as possible."

In Newfoundland a sliced baked potato is placed in a stocking which is then tied around the neck to cure sore throat.

BOYS, GIRLS ALL STATERS -- Boy's and Girl's All-Staters were named at the Texico School last week. Chosen were two All-State Boys and One All-State Girl and alternates. Pictured from left are Roy Hagler, alternate; Charlotte Smith, alternate; Sammie West; Elizabeth Pierce and Steve Harrington. Not pictured is alternate Roger Pace.

## Sheriff's Report

It's been a busy weekend for members of the Parmer County Sheriff's office with vandalism, wrecks, and a shooting. Early Sunday morning, Dickie Steelman, who has a farm two and a half miles northeast of Bovina found extensive damage on his farm, done by "joyriders" on a tractor.

Someone damaged a marker on the tractor, broke chains, wrapped about a half mile of fence around the tractor and ran over two standpipes on the farm.

Sheriff Charles Lovelace and Deputies Henry Minter and Billy Morgan are still investigating the incident. Although no charges have been filed, the sheriff said there are three good suspects in the case. He added that they are from a surrounding county.

In another incident Sunday afternoon, Ismael Ortega of Friona is jailed, pending a \$5,000 bond and grand jury action, following a shooting in Friona Sunday afternoon. The shooting was investigated by the Parmer County Sheriff's office.

Shot in the leg was Pedro Dimas, also of Friona. The sheriff said 17-year old Ortega is charged with assault with intent to kill.

At 7:20 Sunday, a wreck at the "Y" intersection of Highways 60-86 in Bovina resulted in driving while intoxicated charges being filed against Randy Melton, 16, of Friona. He collided with a car driven by Lee R. Miller of Portales. A passenger in the car with Melton, Jerry Brantley, 18, of Hub, was charged with intoxicated in a vehicle. On pleas of guilty, both paid fines and were released from the county jail. Investigating officer was Deputy Henry Minter, and the Department of Public Safety.

Appearing before County Judge Archie Tarter Monday morning and entering pleas to separate driving while intoxicated charges were Leslie Curry of Teline and Floyd Henderson of Earth. Curry and Henderson were each assessed fines of \$100, court costs of \$49 and 90 days probation. Henderson was released after payment of his fine and court costs, but Curry was still jailed Monday afternoon.

Minter and Morgan had arrested Henderson in Farwell after he was reported to the Curry County Sheriff's office just as they were leaving for Bovina and Friona.

Deputy Minter also arrested Luis Segovia, 27, in Bovina on a burglary warrant from Clovis.

## Lutheran High School Choir To Present Concert In Clovis

Immanuel Lutheran Church, 11th and Prince in Clovis, will present the Lutheran High School A Cappella Choir of Los Angeles in a concert of sacred music today (Friday) at 9 p.m. CDT. The concert is one of eleven appearances which the choir will be making during the 1974 concert season.

The forty-three voice choir is under the direction of James Schubarth, choral director at Lutheran High School. The school is operated by an association of 29 Lutheran congregations in the greater Los Angeles area.

The music to be performed includes a great variety of styles by a number of different composers. From the standard choral repertoire are such works as Randall Thompson's "Alleluia," "Surely He Hath Borne Our Griefs" by Karl Heinrich Graun, and "Factus est Repente" by Gregor Aichinger. Several choral works from the twentieth century will also be performed, including "The New Is Old" by Lloyd Pfautsch, and "Almighty Father" by Leonard Bernstein.

A portion of the concert is presented by the Melody Makers, a group of fifteen singers selected from the membership of the A Cappella Choir. The Melody Makers perform frequently for various church and community groups, presenting programs of sacred and secular music. Among their selections will be Buryl Red's religious folk song, "In Remembrance," and Schutz's "Cantate Domino."

Lutheran High School's Handbell Choir will also perform a full section of the concert in addition to accompanying the A Cappella Choir. The Handbell Choir has proved to be very popular in its many performances in the Los Angeles area.

In addition to its tour in the Spring, the A Cappella Choir gives concerts in churches of greater Los Angeles and also presents major portions of Lutheran High School's annual Christmas Concert and Spring Concert.

## 1974 Farm Program Signup Ends June 1

According to the Farwell office of the ASCS, farmers may now enroll in the 1974 farm programs. The local ASCS office has the necessary forms prepared for each farm and all that a producer will have to do to have his farm or farms participate in the 1974 programs is to sign up and report the farm's crop acreages.

Producers having a farm or farms with a wheat allotment or feed grain allotment should sign up this spring, emphasizing officials of the ASCS, and sign-up should be done before June 1 and report their acreages of winter crops, including wheat, barley and other crops.

Benefits that can come the way of a producer by signing up in the 1974 farm program include:

1. He is assured that the farm will retain its allotments for future programs.
2. The crops produced on enrolled farms will be eligible for price support loans.
3. Should adverse weather cause a loss of crops or low production, the farm may become eligible for disaster payments.
4. Should prices become disastrously low, although this is not anticipated in 1974, the farm would become eligible for a deficiency payment or payments.

The two most important reasons for signing up in the programs this year are the retention of farm allotments and the disaster payment provisions of the programs.

An example of how the disaster program would work on a given farm was presented by the ASCS official as follows:

Suppose you have a farm with a 24-acre cotton allotment with a 500 pound per acre program yield. The cotton allotment is planted in early May and is completely hailed out on June 20. The farm operator reports the loss to his ASCS office and the farm, in this example, would be eligible for a disaster payment in the amount of \$1,524. This payment is arrived at by multiplying the farm yield by 12.7 cents times the acres allotted to the farm. In this example, 12.7 x 500 x 24 equals \$1,524.

Sign-up is underway and all farm operators, planning to participate are urged to measure their winter crops and then come in to sign up in the programs and report these acreages by June 1.

## Spring Cleaning Home Safety Check

When "spring cleaning," make sure dangerous chemicals are stored safely--or else discard them.

This advice comes from Lillian Cochran, home management specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

"Concentrate this home safety check on three major areas--the medicine cabinet, laundry area and garden supply storage area.

"These places usually contain potentially dangerous items--especially for small, curious children."

The specialist pointed out that medicine cabinets hold prescription medications, cough syrups, aspirin, boric acid, camphorated oil and oil of wintergreen.

"So, keep these and other medicines where small children can't get them.

"Also, discard medicines without labels, and don't reuse a bottle for something other than its original purpose," she advised.

In a home laundry area, several cleaning aids represent potential dangers.

"To keep curious little hands away from these products--bleaches, drain cleaners, dyes, detergents, dry cleaners, floor and rug cleaners and ammonia--store them up high. Never store them under the sink," Miss Cochran emphasized.

Some garden supplies are extremely dangerous, the specialist continued.

"They include toxic chemicals used to control or repel insects, plant diseases, rodents and weeds. Lock such chemicals in a separate storage area.

"Also, rinse and drain all empty pesticide containers with water. Then discard these containers in such a manner that children or animals can't come in contact with them," she concluded.

### HAGELANTZ BIG COUNTRY FORD

"THE DEALER WHO CARES"  
Mabry Drive - Clovis, N.M.

Benjamin Franklin recommended the formation of the first volunteer firemen in the colonies, 1736. George Washington belonged to the "Friendship Company," formed in 1775. He purchased a pumper for the department in Alexandria, Virginia.

### Mrs. Christian Elected Club President

During the election of officers for the coming year during the regular meeting of the Texico Woman's Club Monday night, Marie (Mrs. Bill) Christian was elected president of the organization. Margie Crooks was elected first vice-president; Ann Ledbetter, second vice-president; Teresa Curry, secretary; and Marsha

Reid, treasurer. The new officers will be installed during the May 20 meeting. Following a salad supper hosted by the "A" team of the club, a business session was conducted. It was explained that teams "A" and "B" conducted a membership drive, and the "A" team brought in fewer new members, so hosted

the winning team at the supper. Planned for May 10 is a bean and cornbread supper as a fund-raising project for more improvements to the Texico Community Building. Plans in their entirety will be released as details are finalized. Also planned for April 29 is an Appreciation Get-Together at the Community Building where homemade ice cream will be featured in the Ice Cream Social to show appreciation to everyone who assisted with the renovation of the Community Building.

Also chosen during the meeting was the annual scholarship recipient. The winner's name will be announced at the Texico School Award Assembly on May 14.

Attending the Monday meeting were Vera Walters, Louise Engram, Lois Hudnall, Evelyn Hadley, Ann Ledbetter, Maurine Caywood, Chris Billingsley, Tommie Snodgrass, Audrey Kittrell, Gale Engram, Maurine Baker, Marsha Reid, Marie Christian, Wanda Turnbough, Margie Crooks, Aileen Teel and Marcia Leavell.

**BEGINNING GOLFERS** - Wednesday morning, a group of local ladies began their golfing careers courtesy of the Farwell Country Club Ladies Golf Association. Joe Lamberson, club professional, is in charge of instruction. Pictured on a cool morning are, left to right, Lamberson, Letha Treinen, LaMoin Williams, Alice Vinton, Janice Rucker and June Magness. Lessons are at 10:30 a.m. each Tuesday and Friday, and the association furnishes golf clubs. There is no charge for the lessons, anyone can participate, and it is not necessary to be a member of the Farwell Country Club to take advantage of the free lessons.

### At Home In Parmer County

By Jana Pronger  
County HD Agent

With barbecue season at hand and so many barbecue units on the market today, consumers may have difficulty choosing among them. Basically, they come in two types—portable and permanent.

Families that picnic and camp frequently at parks or lakes—in addition to backyard barbecues—find a portable grill ideal. Lightweight and flexible, it packs easily in a car trunk—and if sudden rain threatens to spoil an outing, just move the grill to a shelter of some kind.

Price ranges on portables vary with quality. Of course, expect to pay more for an extremely sturdy model, which may last 15-20 years.

If all barbecuing takes place in the backyard, permanent equipment is worthwhile. However, permanence limits versatility.

For example, since the unit can't be moved to shelter, a sudden rain may wash out any outdoor cooking plans. In addition, a permanent barbecue pit takes up quite a bit of backyard space.

A little care prolongs the life and beauty of wooden utensils and serving pieces. Clean new woodenware thoroughly. When completely dry, rub several coats of vegetable oil in to the finish. Let dry. Repeat treatment every four to six months. Always clean wooden articles immediately after each use.

Wash each item in soapy water—and don't leave it soaking very long. Some items—such as salad bowls and rolling pins—may crack, swell or warp.

Rinse, wipe immediately, and air-dry completely before

### HOSPITAL NOTES

Mrs. Joe (Dardanella) Helton underwent foot surgery Thursday, April 12, at St. Anthony's Hospital in Amarillo. She was released Tuesday and returned to her home in Texico. She is doing fine after having surgery on both feet, report family members, but she will be inactive for some time.

B. A. Rogers of Texico is hospitalized in Clovis Memorial Hospital for medical treatment. Members of his family said he was taken to the hospital around 2 a.m. Monday and is responding "well" to treatment.

Released from Clovis Memorial Hospital Monday was Mrs. Bill (Kay) Hagler. She had surgery at the hospital last week. Her husband reported that she "is doing just fine."

Members of Melvin Snider Sr.'s family said he is in "fair" condition at Clovis Memorial Hospital. He is in room 217 at the hospital and is receiving treatment for pneumonia.

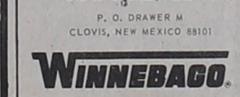

Mrs. Martin Chandler told members of her family Tuesday night that she was "feeling pretty good" when they talked to her on the phone at Clovis Memorial Hospital. Mrs. Chandler was hospitalized Sunday for medical treatment.

### WINNEBAGO'S GRAND GIVEAWAY

Get up to \$1,000 of extras when you buy a new Winnebago motorhome.

You can start outfitting your new Winnebago motorhome the day you buy it. And at no extra cost to you. You get \$1,000 worth of extras on the purchase of any '73 motorhome in stock. ### Demonstrations Given To Oklahoma Lane 4-H

Members of the Oklahoma Lane 4-H Club met April 15 at the Oklahoma Lane Community Center. The meeting was opened with Craig Kaltwasser leading the group in the Pledge of Allegiance and Scotty Gilliam led the 4-H Motto.

It was reported that the Johnson and Gilliam families will visit the rest home in Clovis during the month.

Nine demonstrations and speeches were given during the meeting including "The Difference Between Life and Death" by Cheryl Gohlke and Mary Lou Roberts; "Thank You, Mr. Edison," William Martin and Craig Kaltwasser; "Put Poultry in Your Salad," Linda Gohlke and Jeanette Gilliam; Also, "The Job of a Diarman," Tommy and Ted Mesman; "Sheep, and One Way to Keep Them Healthy," Johanna and Berny Mesman; "The Do's and Don'ts of Raising Rabbits," Scotty Gilliam; "High-

way Safety," Robert Johnson; "What I Want From College," Bruce Kaltwasser; and "Horse Colors and Horsemanship," John Johnson.

Mary Lou Roberts served refreshments to Lucretia Turner, Bruce and Craig Kaltwasser, Ted, Tom, Johanna and Berny Mesman, Rodger, Charles, John and Robert Johnson, Jeanette and Scotty Gilliam, Yalonda and William Martin, and Cheryl and Linda Gohlke.

### What's Cooking At Farwell School

MONDAY - Fish crispies, macaroni and cheese, blackeye peas, lettuce and tomato salad, hot rolls, butter, blue plums and milk.

TUESDAY - Vegetable-beef stew with crackers, pimiento cheese sandwich, oatmeal cookies, pears and milk.

WEDNESDAY - Burritos with chili, grated cheese, lettuce and tomato salad, buttered corn, gelatin cake, bread and milk.

THURSDAY - Hamburgers, lettuce and tomatoes, pickles and onions, sliced cheese, potato chips, pork and beans, banana pudding and milk.

FRIDAY - Hot turkey sandwich on toast with gravy, mashed potatoes, cole slaw, peaches and milk.

### School Luncheon Schedule At Texico

MONDAY - Hot dogs, chili, onions, pickles, buttered corn, orange juice, brownies and milk.

TUESDAY - Meat loaf with catsup, buttered potatoes, gelatin salad, hot rolls, cookies and milk.

WEDNESDAY - Pinto beans, mixed greens, carrot stick, cornbread, cobbler and milk.

THURSDAY - Steak and gravy, creamed potatoes, tossed salad, hot rolls, fruit cup and milk.

FRIDAY - Hamburger casserole, green beans, cornbread, fruit gelatin and chocolate milk.

### Nutrition Notes

Your body is like an automobile - it needs "fuel" to go! Just as your car needs gas to cover the miles, so your body needs calories to give you energy to GO. You won't go far without energy and your car won't go anywhere without its fuel. A car's fuel can be compared to the food you eat or drink - fuel and food are vital to a well-run car (or body!). A car also needs oil and grease to keep it running smoothly and your body needs vitamins and minerals for the same reason. A well-balanced diet will do much to keep your body going. Treat it as well as you do your car: feed it, clean it, keep it in motion, and slow it down when it needs to recuperate.

### Marriage Licenses Issued

Three marriage licenses have been issued recently in the office of Parmer County Clerk Bonnie Warren.

The licenses were issued to Calvin A. Meissner and Gereta Davenport; Tim Edwin Engram and Bessie Louise Bowery; and to David Lee Pearson and Ossie Mae Lee.

Lucille Peugh--

### Texico Resident Tours In South

Lucille Peugh of Texico, and her sister-in-law, Vera Brunk of Amarillo, left Amarillo on March 28 for a ten day tour of several Southern states.

First overnight stop was in Little Rock, Ark. where they visited with Mrs. Pete Maxwell, a sister-in-law, then the following day, they drove on to Nashville, Tenn.

While in Nashville, they toured the area and saw the homes of a number of country and western music stars, including, among others, Johnny Cash, Loretta Lynn, Kitty Wells, Minnie Pearl (who lives next door to the governor of

Tennessee), Hank Williams, Tex Ritter and Bob Luman.

The Hermitage, the home of Andrew Jackson, was another stop on the tour route, and Mrs. Peugh said she and her sister-in-law were much impressed by the stately Southern home.

While in Nashville on Saturday night, they visited Opryland and the new Opry House. She said the new Opry House has seating for 4,400 and no seats were available for the performance. The following night, Sunday, they visited the Gospel Opry and left on Monday morning for the Smo-

key Mountains in North Carolina. Monday night was spent at Cherokee, North Carolina.

Returning through Georgia, the two women spent a night in Gadsden, Ala. with Mrs. Brunk's son, Leon Joplin, and from Alabama, toured Mississippi and Louisiana.

In Dallas, they spent a night in the Joe Love home, and on to Caddo for a night in the Jim Love home, both brothers of Mrs. Peugh. They then visited Mrs. Brunk's daughter, Linda Johnson in Odessa before returning to this area on Saturday.

According to Mrs. Peugh's report, an awesome sight was the Jasper, Ala. tornado, which literally wiped the Alabama town from the map. Mrs. Peugh said they stood on a porch in Gadsden, Ala., several miles away and watched the huge tornado that struck Jasper. She said it was very large, and following the destructive tornado, they saw a lot of damage the next day.

**ENGAGEMENT ANNOUNCED** - Mr. and Mrs. Leamon Stancell of Farwell, announce the engagement and approaching marriage of their daughter, Debi Gay, to George Clyde Hensley, son of Mr. and Mrs. Ernest Hensley of Levelland. The couple plan a June 14 wedding in the Lariat Church of Christ. Debi is a graduate of Farwell High School and attended South Plains College at Levelland for one year. George is a Levelland High School graduate, and attended South Plains College for two years.

**JUNE WEDDING PLANNED** - Mr. and Mrs. Rogie McCullar of Artesia, N.M., announce the engagement and forthcoming wedding of their daughter, Beverly Hamilton, to Randy Lee Walker, son of Mr. and Mrs. E. A. Walker of Farwell. The bride-elect is a graduating senior at Artesia High School and the bridegroom-to-be is in the United States Army. Vows will be exchanged on June 15 in Artesia.

In Japan, next to the emperor, rice is the most scared of all things on earth.

## Portraying Area Homemakers

by Faye Parr

Our area homemaker this week is Mrs. Donald (Dot) Christian of the Oklahoma Lane Community. Dot was raised in Oklahoma Lane, was graduated from Farwell High School, and attended McMurry College in Abilene until she married Donald in June of 1952. Although they had known each other almost all their lives, Dot says they were not childhood sweethearts. They began dating when Dot was in high school and Donald was at Texas Tech in Lubbock.

Donald was in the Air Force when they married. During their tour of duty they lived in Roswell, Ft. Worth, and Limestone, Maine. When he was discharged, they moved back to Oklahoma Lane to farm.

To complete the family there is a daughter, Trumi, who is a senior student at McMurry College, and Charles, who is a sophomore student at Farwell High School.

The family is very active in Hamlin Memorial United Methodist Church, where Dot is Education Chairman for the Sunday School Department, assistant organist, active member of the United Methodist Women, and Donald is Charge Lay Leader.

Both Dot and Donald are choir members and youth counselors at the church, as well as sophomore class par-

ents. Dot is also a member of ESA and the Farmerettes.

Our homemaker enjoys cooking, especially trying out new recipes, and any kind of musicmaking. Both a piano and an organ are in the home, and Donald says they can really make the rafters ring when Trumi is home to play one instrument while Dot plays the other, and the whole family sings.

Although she doesn't especially enjoy it, Dot does a lot of canning and freezing in the summer. Hobbies at which she is especially adept are sewing and knitting. At harvest time she drives a truck, and while waiting for them to load her truck, she sits and knits. Many a garment has been finished in this manner.

Dot has offered to share two of her favorite recipes with us, and she says that although they are long, they are delicious.

### SCALLOPED ONIONS

- 4 medium onions, cut in 1/4 inch pieces
- 2 green peppers, cut in rings
- 1/2 lb. American cheese, cut in 1/2 inch cubes
- 4 slices buttered toast, cut in 1/2 inch cubes
- 1/4 c. butter or margarine
- 1/4 c. flour
- 2 c. milk
- 1 tsp. salt
- 1/2 tsp. black pepper
- Pinch of cayenne pepper
- 2 beaten eggs

Cook onions and peppers in boiling water 10-15 minutes. Drain and place half in a two-quart casserole. Add half of the cheese and toast. Repeat layers of onions, peppers, and cheese (but not bread cubes yet).

Melt butter, blend in flour, stir in milk gradually, and cook, stirring constantly, until thick. Add seasonings.

Add a little of the hot mixture to eggs, and gradually stir into the hot mixture. Pour sauce over layers, and top with remaining toast cubes. Bake at 350 degrees for 30 minutes. Serves 6.

### CHERRY SALAD SUPREME

- 1 3 oz. package raspberry gelatin
- 1 21 oz. can cherry pie filling
- 1 3 oz. package lemon gelatin
- 1 3 oz. package cream cheese
- 1/2 c. mayonnaise
- 1 c. crushed pineapple
- 1 c. miniature marshmallows

Dissolve raspberry gelatin in 1 c. boiling water, stir in pie filling, turn into 9 x 9 x 2 inch dish or pan. Chill until partially set.

Dissolve lemon gelatin in 1 c. boiling water. Beat together cream cheese and mayonnaise, and gradually add lemon gelatin. Stir in undrained pineapple. Whip 1/2 c. whipping cream, and fold into lemon mixture with 1 c. miniature marshmallows. Spread atop cherry layer. Top with 2 T. chopped nuts. Chill until set. Serves 12.

**DISPLAYS HANDICRAFT** - Mrs. Donald (Dot) Christian, of the Oklahoma Lane community, shows one of her knit creations. During the fall, while driving a grain truck, Dot knits in the cab of the truck while waiting for the truck to be loaded or unloaded. She says she especially enjoys knitting and sewing.

## Area Residents At Easter Rodeo

Mrs. Roy Snodgrass of Texico took Vicki, Mike and Susan Snodgrass and Lori Norton of Farwell and Jerry Hodge of Muleshoe to a rodeo at Sweetwater over the Easter weekend.

Taking the only rodeo honors among the local participants was Susan, who won third in pole bending.

## Nephew Visits

Dom Ford, three-year-old son of Mr. and Mrs. Don Ford of Ft. Worth, returned home last week after spending several weeks in the home of Mr. and Mrs. Don Williams while his mother was recuperating from surgery.

## Texico Band At Contest

Members of the Texico Concert Band went to Hobbs Thursday (yesterday) to compete in a concert contest. A school official said 49 persons were making the trip by bus.

## DOES YOUR FERTILIZER CONTAIN SULPHUR?

**Smith  
Douglass  
Pelleform  
does!**

You used to take sulfur for granted. You can't afford to anymore. Environmental controls have reduced the amount of sulfur in the air. You don't get carry-over you once did from sulfur dust insecticides and fungicides.

How can you economically furnish sulfur to your crop? Use Smith-Douglass Pelleform.® It gives you not only nitrogen, phosphorus and potash but sulfur... plus Trel.® Smith-Douglass' exclusive formula of trace elements. And it's all combined in every clean, green pellet. Pelleform's easy handling, even spreading.

Rely on Pelleform Bermuda Booster® to produce high-yielding pasture. The sulfur in Ber-

muda Booster is important to cattle. The Texas Plant Food Institute Newsletter reports that sulfur helps control nitrate accumulation to minimize losses from grass tetany and nitrate poisoning.

Pelleform comes in a special analysis for peanuts. Extra amounts of calcium and potash help produce good yields of firm, heavy, high-quality nuts.

You'll like Pelleform. It's the kind of complete and balanced fertilizer you need to make money from farming today. Talk to your Smith-Douglass man!

**Smith-Douglass makes the growing greater!**

**YOUR SMITH-DOUGLASS MAN IS READY TO HELP YOU.**

## Easter Visits And Visitors

by Faye Parr

Visiting Mrs. C. A. White Sunday were her daughters, Mrs. Marjorie Parker and Mrs. Dealva Wojinski of Roswell. The ladies attended Easter services at Hamlin Memorial United Methodist Church. Joining them for lunch were Mrs. White's grandchildren, Mr. and Mrs. James Wojinski and Stanley Wojinski and two of his friends.

Mrs. Aileen Teel's weekend visitors were Mrs. Bill Glenn, Jeff and Kathleen of McCamey and Mr. and Mrs. Allen Teel, Kyle and Jennifer of Roswell. Saturday this group went to Shallowater to visit with Mr. and Mrs. Gene Usrey, Steve and Mark. Mrs. Teel reports that they all went shopping in Lubbock that afternoon and the wind blew.

Rev. and Mrs. W. T. Perry had as their guests Sunday their daughter and family, Mr. and Mrs. Henry Coldwell, John and Jimmy of Lubbock.

June Magness reports that her brother and family, Mr. and Mrs. M. E. Hensley, Yvonne and Leland of Burlington, were weekend guests in the Ted Magness home, Mr. and Mrs. Clair Lackey, Mark and Craig, and Fred Magness and Brandon of Albuquerque, were the guests of Mr. and Mrs. Joe Magness.

Mrs. Helen Kay Wellman and her mother-in-law, Mrs. Vera Wellman of Schaumburg, Ill., will be visiting this week with Mrs. E. G. Blair, Helen Kay is also spending some time in Portales with her two sons, David, and Mr. and Mrs. Forrest Wellman and baby.

Spending the day with the H. D. Ellisons Sunday were Mr. and Mrs. Melvin Terry, Malcolm and Alison of Lubbock, Mr. and Mrs. Jerry Ellison, Tim and Ginger, and Mr. and Mrs. Troy Christian, Vick, Sharmy and Todd, all of Farwell.

Mrs. B. N. Graham's son and his wife, Mr. and Mrs. Howard Graham of Pampa, were Easter visitors in Farwell.

Visiting with the James Craig family were Lois and Richard Mills of Forsan, and Robin and Mark Palady of Amarillo, daughters and sons-in-law of the Craigs.

Little Margaret Mayes, granddaughter of Mr. and Mrs. Woodrow Lovelace, has been a recent visitor in their home. They took her home to Midland Saturday.

Brett Hargrove was home for the Easter weekend from Texas Tech University, Lubbock, for a visit with his parents, Mr. and Mrs. Elmer Hargrove. Other visitors in the home were Mr. and Mrs. Charles Norton and Amy of Artesia, who also visited with the Lester Nortons while they were in Farwell.

Sunday afternoon Mrs. Carrie Christian returned to Albu-

querque with her sister-in-law, Ann Smith. She plans to spend a few days with the Van Crume family.

Mr. and Mrs. W. N. Foster and Mr. and Mrs. Donald Christian and Charles spent Easter Sunday in Anton visiting with the B. J. Foster family. They attended church services at the First United Methodist church where B. J. is the pastor.

Mrs. Linnie Mae Crook, Jaquetta, Randy, and Darrell, went to Mesquite for the Easter weekend. They visited in the home of Mr. and Mrs. O. D. Jones. Mrs. Jones is the former Eurith Marie Crook.

Guests in the home of Mrs. Onie Bradshaw over the weekend were Lewie Bradshaw of Grapevine, Mr. and Mrs. Jerry Bradshaw and daughter, and Mrs. Jane Ann Williams and daughter, all of Lubbock. Rufus Carter joined the group for Easter Sunday dinner.

Mr. and Mrs. Terry Parr and daughters, Pam, Cathy and Connie, spent a long weekend in Ft. Worth visiting with Mrs. Parr's mother, Mrs. E. L. Jordan, and also her sister and family, the T. C. Stocktons. Mrs. Jordan returned to Farwell with them for a visit.

### Pearces Host Easter Guests

Easter Sunday visitors in the home of Mr. and Mrs. Buddy Pearce of Texico were Mr. and Mrs. Luther Pearce of Clovis, Mrs. Sylva Compton and Ronnie of Clovis, Mr. and Mrs. Kirby and Ronnie and Mr. and Mrs. Roddy Pearce, all of Texico.

Also present was the Peaces' daughter, Jo, a student at Wayland Baptist College in Plainview. Jo arrived home Friday and returned to Plainview Monday.

### Area Couples, Youths To Kansas State College

On Thursday, April 4, four area couples, another local adult and several youths traveled via bus to Manhattan, Kan. to Kansas State College.

Making the trip with several other persons, including some Clovis individuals, were Mr. and Mrs. Gil Patschke and Susan; Mr. and Mrs. Charles Hargrove, Steve, Dave and Charlie; Mr. and Mrs. Ray Castleberry; Mr. and Mrs. James Chadwick; Mrs. Gladys Kaltwasser and Randy Crook. Main coordinator of the

### Children Visit

Mr. and Mrs. Charles Roberts of Fort Stockton were in Farwell during the Easter holidays visiting in the home of his parents, Mr. and Mrs. W. M. Roberts. While here they also visited with Mrs. Roberts' mother, Mrs. Edith Blair. The couple arrived in Farwell Friday and returned to Fort Stockton Tuesday.

MRS. TIM ENGRAM

### Bowery, Engram Vows Exchanged

In a ceremony read before members of their families and a few intimate friends, Bessie L. Bowery of Farwell and Tim Engram of Texico exchanged wedding vows at the Hamlin Memorial United Methodist Church on March 30.

Reading the single ring ceremony was Rev. W. T. Perry, pastor of the church.

Parents of the couple are Janie Bowery of Farwell and J.A. Bowery Jr. of San Benito, Tex., and Louise Engram of Texico and the late Wesley Engram. Serving her sister as matron

of honor was Irene Hammit of Texico and serving as best man for his brother was William Wesley Engram, also of Texico.

The bride was dressed in a pink street length frock and wore an orchid corsage.

Family members and close friends attended a wedding reception which immediately followed the ceremony at 509 Eighth Street, the home of the bride's mother, where traditional wedding cake was served the group.

They are at home at 612 Avenue D in Farwell.

### Reception Honors Newlyweds

Mr. and Mrs. Dusty Leatherwood were honored with a wedding reception in the Roy Snodgrass home in Texico on Wednesday, April 10. Mrs. Leatherwood is the former Tami Christesson of Clovis.

Around 40 relatives and close friends of the family attended the reception where refreshments of wedding cake, punch, mints and nuts were served.

Special guests included Mr. and Mrs. Don Leatherwood of Farwell, parents, of the groom; Mrs. Nina Christesson of Clovis, mother of the bride; Mr. and Mrs. Doyle Christesson of Clovis; and grandparents, Mrs. Addie Leatherwood, Mr. and Mrs. John Burchett and Mr. and Mrs. John Lockett.

Guests were registered by Diane Riley and serving were Vicki Snodgrass and Lori Norton.

Hostesses for the reception were Mrs. Roy Snodgrass and Mrs. William Wesley Engram.

### At Conchas

As a pre-Easter Visit, Mr. and Mrs. Smokey Gast and Mr. and Mrs. Harold Travis spent the weekend preceding Easter at Conchas Lake near Tucumcari.

Mrs. Gast said they stayed home in Farwell during Easter weekend.

PAINTING FOR A GOOD CAUSE - Dardanelle Helton, left, and Patsy Berry, were two of the seven members of the Theta Rho Chapter of Epsilon Sigma Alpha, and Mr. and Mrs. Hubert Ellison, who spent the day at Girlstown in a remodeling and renovating project of two rooms and a bath in a girls dormitory. After filling holes in the walls, they painted the walls a sunny lemon yellow and added bedspreads, carpeting, curtains, study lamps and other new items to brighten up rooms for four girls. Future plans are to remodel other rooms at Girlstown.

### Farwell ESA Remodels Rooms At Girlstown

by Faye Parr

When some of the Farwell Theta Rho Chapter of Epsilon Sigma Alpha girls went to Girlstown in January to deliver some clothes, towels, wash cloths, and cup towels, they came back to Farwell full of ideas and enthusiasm. Mrs. Marshall Cooper, one of the administrators of Girlstown, had shown them around one of the dormitories. They said, "It is just shocking the state of repair some of those rooms are in! There are holes in the walls, tiles missing from the floors, no towel racks! Why, some of the girls just put their towels in the holes in the wall, and that is their towel rack! No wonder some of these girls don't have a very happy outlook on life!"

Their enthusiasm spread quickly through the room where the ESA meeting was being held, and soon all the members were excitedly talking about what could be done to improve the situation.

"I'll bet if people knew of the need, they'd be glad to help us fix up a couple of the rooms," they said. A committee was assigned to look into prices and find out how much money would be needed to start on this project. As the committee talked to various merchants about prices, their enthusiasm was so contagious that many of

the merchants gave them discounts, and some even donated items free of charge for them to use. Some of the donations were new study lamps, clock-radios, new light fixtures for the ceiling, blankets, curtains, and even carpeting. One of the ESA husbands got so tired of hearing his wife haggle with stores on the telephone about bedspread prices that he finally went down and bought the bedspreads himself and donated them.

Soon all the preparations were made. Mrs. Cooper was contacted and asked to choose two rooms that needed the most repair work done. Then one day in March, armed with paint and brushes, those ESA girls who could manage to leave their families for a day drove to Girlstown to do the remodeling. Mr. and Mrs. Hubert Ellison went along in case a man was needed for some of the heavier work. When they arrived in Whiteface, the dormitory occupants greeted them with equal enthusiasm, and were eager to help in any way they could.

Everyone worked feverishly, trying to be sure everything was finished in one day. They painted the dull, drab walls and furniture a cheery lemonade yellow. Green gold drapes were hung at the bedroom windows, and green shag carpet was placed on the

floors. In one bedroom they put green bedspreads, and in the other they used gold. The decorating committee had chosen washable crushed velvet for the bedspreads, as there is no room for chairs in the rooms, and the girls sit on their beds to study and lounge. This is a very serviceable material. Mr. Ellison had made each of the four girls a green cork bulletin board, and these were placed above each bed.

The bathroom curtains and other accessories were orange. One ESA member, who had recently had her own home redecorated, took along some doors that had been removed during this process. They were a perfect fit for the bathroom which connected the two dormitory rooms. There had formerly been no doors at all, and we are told that these were appreciated more than almost anything else.

Everyone was exhausted at the end of the day, but the end result was well worth the effort. There was such a feeling of satisfaction among the workers, knowing that they had brought so much happiness into someone's life. All the girls in the dormitory were so appreciative of everything, whether they lived in the two rooms or not.

When all this was reported at the next ESA meeting, those members who had been unable to go felt that they had really missed something. It was decided to save our money and try to do two more rooms next year. This time only around \$75.00 in cash was needed, due to all the donated items. However, next year we will need much more than that. As one of the members put it, "We couldn't possibly ask all those wonderful merchants to donate any more merchandise!"

And so, dear readers, if you have any money lying around that you would like to use for a worthy cause, please contact an ESA member. You could hardly find a much worthier cause than Girlstown, USA.

Some ding-dongs believed that drinking from a bell would cure stuttering!

READY FOR THE JOURNEY - These nine people say they spent a busy and completely "fulfilling" day at Girlstown USA recently. The group went to Girlstown and spent the day completely remodeling two rooms in a dormitory, as well as a bathroom. The pickup in the background is loaded with paint and "fixins." Pictured are from left, Dardanelle Helton, La-Moin Williams, Martha Peoples, Lillie Christian, Maxine Williams, Nell Walling, Mrs. Hubert Ellison, Patsy Berry and Hubert Ellison.

### TWO MINUTES WITH THE BIBLE

BY CORNELIUS E. STAM PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60635

### GRACE AND DEBT

"Now to him that worketh is the reward not reckoned of grace, but of debt."  
 "But to him that worketh not, but believeth on Him that justifieth the ungodly, his faith is counted for righteousness" (Rom. 4:4,5).

As we look back at all the Old Testament types, the narratives, the sacrifices, the physical types, we exclaim: "The cross was not an accident, nor an afterthought on God's part: He had it in mind all the time." Surely Paul was right when he said of believers that God "hath saved us and called us with a holy calling, not according to our works, but according to His own purpose and grace, which was given us in Christ Jesus before the world began" (11 Tim. 1:9).

It is on the basis of the cross, typified all through the Old Testament, that God now saves us by grace through faith alone, and the types show that this was His eternal purpose. Furthermore salvation should be by grace through faith.

As our text above declares: If man could earn his salvation it would be the payment of a debt, not the bestowal of a gift - and God will never be indebted to anyone. He will never be in a position where He owes us sinners a debt. Nor will He ever allow us to disgrace ourselves and annoy others by our boasting about how we earned eternal life.

But He can, on the basis of the penalty paid at Calvary, bestow salvation as a free gift. This is why we read:

"The wages of sin is death; but THE GIFT OF GOD is eternal life through Jesus Christ our Lord" (Rom. 6:23).

"It is THE GIFT OF GOD, not of works, lest any man should boast" (Eph. 2:8,9).

God owed Abraham nothing, but seeing His faith He said: "This man believes Me; I will account his faith for righteousness" (Gen. 15:6). And this He still does for those who trust Him, only He has now revealed the basis for this action: Christ's payment for sins at Calvary. This is why, in Romans 4:5, He forbids works for salvation and declares that the believer's faith is "counted for righteousness."

## On The Farm In Parmer County

By R. MACK HEALD  
County Agent

Although retail beef prices in February were about 15 per cent higher than in February 1972, no one is making any more profit. Cattle feeders have been losing up to \$200 on every head turned out of the feedlot, and retailers' high prices have been defended as necessary to maintain the consumer's demand for beef.

Some people blame the middleman. He is anyone who handles, sells, buys slaughters, cuts or transports meat. He performs a necessary service to the industry and naturally, does this to make a living. In total his costs are only a fraction of the product's sale price.

For example, while packer profits are up somewhat, they are still exceptionally low. Most of his profits come from by-products and high volume. Statistics show that retail beef margins have improved substantially since last year. Even with the great fluctuation caused by the truck strike, wholesale beef prices in February were about four per cent above last year's level. Probably the biggest villain in the beef price situation is inflation. It has caused higher calf costs, higher feeding costs, greater slaughtering costs and larger retailing costs. The consumer has shown some reluctance to accept these higher costs but is still buying almost as much beef as before and at higher prices.

Carelessness with a power mower can make it a machine for trimming fingers and toes instead of lawns. Lawn mower accidents total more than 80,000 each year in the United States, with most due to carelessness.

Most accidents occur as a result of objects being thrown by the blade. The blade can pick up a rock, bone or piece of wire and launch it at a speed of more than 100 miles per hour.

Here are a few safety precautions before and during the mowing operation.

First, make a walking tour across the lawn to pick up bones or rocks that may have found their way into the yard since the last mowing.

An inspection of the mower before use is also important. Make sure all nuts and bolts are tight.

Any time the hands need to be under the mower, kill the mower engine and disconnect the spark plug wire. If you have an electric mower, pull the power plug before working on it.

If the gas tank runs dry before the job is finished, let the engine cool and then fill it. Never fill a gasoline engine when it's hot or in operation. Keep hands, feet and clothing away from moving parts when the mower is operating.

Insect control is necessary to insure a bountiful crop of garden vegetables. Knowing the kinds of insects and the best way to control them is essential to an overall produce plan. Most insecticides work on the contact action, and without contact control is not effective. Retreatment is often required, but overtreatment can also cause problems. Insecticides can become toxic to

plants. Reading labels before application can solve this problem.

There are several types of soil, sucking and chewing, insects which attack garden plants. Soil insects normally attack the seed at planting or while plants are small and tender. They include wireworms, cutworms, white grubs, mole crickets and various maggots. Sucking insects have mouthparts which pierce and suck the plant's juices.

These include aphids, leafhoppers, stinkbugs, thrips and spider mites. The most damaging of the group is the chewing insect, which feeds on all parts of the plant, including fruits and foliage. Among these are grasshoppers, leaf miners, numerous beetles and weevils, cabbage loopers, armyworms and webworms. Control soil insects by treating soil about four weeks before planting. Chlordane and diazinon are effective insecticides for controlling soil insect pests.

Sucking and chewing insects can be controlled by dusts or sprays. Apply dusts when the wind is calm and force them through foliage to reach both sides of leaves. Dust at the rate of one and one-half ounce per 50 feet of row. Prepare sprays by mixing emulsifiable concentrates or wettable powders with water.

Use a compressed air sprayer, trombone or side sprayer or garden hose attachment. Apply about one quart of spray per 50 feet of row. Among effective insecticides for chewing and sucking insects are carbaryl (Sevin), diazinon, dicofol (Kelthane), melathion, sulfur, methoxychlor and ethion. However, labels should be followed closely for specific recommendations.

Major homeowners' associations agree that most American homeowners should not shovel snow in July.

Any time the hands need to be under the mower, kill the mower engine and disconnect the spark plug wire. If you have an electric mower, pull the power plug before working on it.

If the gas tank runs dry before the job is finished, let the engine cool and then fill it. Never fill a gasoline engine when it's hot or in operation. Keep hands, feet and clothing away from moving parts when the mower is operating.

Most insecticides work on the contact action, and without contact control is not effective. Retreatment is often required, but overtreatment can also cause problems. Insecticides can become toxic to

**SOUTH PLAINS COLLEGE DRAMA STUDENTS PERFORM** - Three South Plains College coeds balance books on their heads in a scene from "Sisters Under the Skin," one of three plays being performed in area towns. From left are Debbie Webber of McCamey as Allie, Lana Fitts of Andrews as Tessie and Debi Stancell of Farwell as Maggie. Debi is the daughter of Mr. and Mrs. Leamon Stancell. The young ladies portray three charwomen who are taking poise lessons in an attempt to become ladies. A fourth charwoman, Susan Luton of Lubbock, playing Katie, is not pictured.

## California Tour - - Area Residents Optimistic For Importation Of Water

Optimism for importation of water to this area was the result of a recent tour of the California State Water Project by a group of area residents. Combining the California tour with the Western States Farm Bureau meeting at Asilomar, Calif., the group spent a full week in the western state.

"The California State Water Project is comparable to the proposed transfer of water from the Mississippi River system to West Texas and Eastern New Mexico," said Eddie Harrington of Texico, president of the Curry County

Farm Bureau. "The tour provided each of us with insight into interbasin transfer of water," he said.

The tour included visits to Oroville Dam, the highest dam in the United States and the highest embankment dam in the world, and to the A.D. Edmonston Pumping Plant near Bakersfield where water is lifted almost 2,000 feet over the Tehachapi Mountains to supply water to Southern California. An integral part of the tour was discussion of the project with California water

leaders and with users of the water.

Harrington has previously made a similar tour of the project with a group of Water, Inc., members. He is director of that organization.

Included on the tour were Mrs. Harrington, and Mr. and Mrs. John Hadley, Mr. and Mrs. Howard Duncan and Mr. and Mrs. Edgar Campbell, all of Texico; Mr. and Mrs. Roy Ingram, Mr. and Mrs. Russell Downey, Mr. and Mrs. Eric Pierce, Richard Miller, Hubert Qualls and V. A. Pierce, all of Clovis; Mr. and Mrs. Donald Christian of Farwell; and Tommy Swann, Water, Inc., staff economist, Lubbock.

### Tailwater Can Be Utilized

It is so dry and the wind is blowing so hard the water will not get to the end of the rows. This is a common complaint right now, but in a few months the problem will be directly opposite-tailwater. Depending on how it is treated, tailwater can be an asset or a liability.

Leo Berend has one tailwater pit and believes it is making him money. Ben Rejino has an excellent return system utilizing grassed waterways, sediment pits, and underground pipe. J. J. McDonald could not

stand to see all of that tailwater on his farm wasted, so he is installing a tailwater return system.

To these men tailwater can never become a liability. They have equipped themselves to handle it and can reuse it far cheaper than their wells can be operated.

Our water will not be here forever, but it will be here a few years longer because men like these care. If you care, but need help, contact the Soil Conservation Service

**YOUR YARD!**  
Major homeowners' associations agree that most American homeowners should not shovel snow in July.

## Kennel Club Sets Obedience Classes

Eastern New Mexico Kennel Club is sponsoring novice obedience classes for eight weeks. The classes were to begin Wednesday, April 17, but latecomers are welcome and urged to sign up. The classes will be at the Curry County Fairgrounds, beginning at 7 p.m.

All dogs six months and over will be eligible to participate and charges for the classes are \$20 per dog.

The club is also sponsoring conformation classes for persons interested in learning how to show dogs. These classes, costing \$15 per dog, will run six weeks beginning at 8 p.m. on Wednesdays, also at the fairgrounds.

Interested persons may call Scott Kirby at 762-3192 or Bonnie Harpold at 763-6129 for further information.

## Drivers' License Laws Changed

According to Carolin Vaughn of the Friona Drivers' License Division of the Texas Department of Public Safety, a new procedure has been enacted by the DPS in regards to advancement in grade to a higher class of drivers' license.

Covered under the new enactment, said Mrs. Vaughn, is the advancement from operator to commercial or operator to chauffeur's license. In the past, added the DL clerk, an applicant was permitted to drive almost any type of vehicle on the road test with the license examiner.

"Now, they are required to take the road test in a commercial vehicle which has a manufacturer's rated carrying capacity exceeding 2,000 pounds or one ton. This excludes all vehicles in the pickup or panel class," she commented.

"The vehicle can be designed to carry either persons or property so long as it meets the size requirement. The examiner prefers an applicant to bring the type vehicle in for the road test which he expects to be driving."

Mrs. Vaughn also said, "A few points of interest for all to know and remember, (1) Any

size truck or bus may be driven with an operator's license so long as that vehicle is unladen; (2) Rental trucks up to a two ton capacity may also be driven up to 10 days with an operator's license to move one's own personal property or office equipment.

The Friona Drivers' License office is open Monday From 1-5 p.m., Tuesday and Wednesday, from 8-12 and 1-5 p.m. The drivers' tests are conducted on Wednesdays only.

## A MESSAGE TO PARMER COUNTY RESIDENTS

From County Judge Archie Tarter

**I am running for a second full term as Parmer County Judge, having previously been elected for the unexpired term of Loyde A. Brewer, now deceased, and for one full term.**

**I promise nothing to each of you except honesty, integrity and proper fulfillment of the duties of this office to the best of my ability and knowledge regardless where you reside in Parmer County. This county as a whole has been, and always will be, considered in any official decision I have to make so long as I serve as your County Judge. I believe in and shall always work for a financially sound county government. I believe at this time our county is on a sound financial basis.**

**A few of the financial changes since I have been serving as your County Judge are as follows:**

**The available county funds have been increased from \$404,764.13 to a present balance of \$584,468.81, being a total net increase of \$179,704.68.**

**The County Judge also serves as Ex-Officio County School Superintendent and administers the Parmer County Permanent School Fund.**

**The Permanent School Fund has been increased from \$576,825.60 to the present balance of \$732,109.63, being a net increase of \$161,284.03.**

**When I went into office as your County Judge, this county was receiving only \$19,000.00 annually from the Permanent School Fund for the schools of our county. The funds were being held on short-term bonds and I cashed the same and placed all of them into long-term Federal bonds. These bonds are increasing in value approximately \$30,000.00 each year since purchase, and should continue to increase accordingly. In addition, these funds are paying interest into the available school fund which is distributed annually to the Parmer County schools on a per-student basis. In 1974 \$30,865.28 will be distributed from this fund to our schools. Law prohibits the Permanent School Fund from being consumed, and it is regulated as to how it can be invested.**

**As each of you know, in the last several years State and Federal funds have been severely limited for construction of farm-to-market roads. Most of the available funds have been spent in metropolitan areas and in areas around larger towns such as Lubbock and Amarillo. However, Parmer County has received some money for farm-to-market road construction and the County itself has spent some money for rights-of-way and easements for such construction during my tenure of office, as follows:**

- [a] **Farm-to-Market Road 1140, consisting of 4 miles, located East of Friona to connect U.S. Highway 60, and Farm-to-Market Road 2397 \$43,133.33 spent for rights-of-way and removal of utilities**
  - [b] **Farm-to-Market 1172, consisting of 11 miles, connecting from State 86 to U.S. 60 NE of Lazbuddie, \$49,732.31 spent for rights-of-way and utility line removal**
  - [c] **Farm-to-Market Road 292, consisting of 1 mile, connecting U.S. 60 to U.S. 70-84 NE corner of Farwell - \$6965.00 spent for rights-of-way and utility line removal**
  - [d] **Farm-to-Market Road 214, approximately 2 miles - Removing utility lines, easements and rights-of-way for construction of a new overpass to be located immediately South of Friona, in the very near future - \$163,548.27 spent by Parmer County**
- I support expenditure of all future money received for farm-to-market road construction wherever the need is greatest in the County.**

**In addition, approximately \$42,000.00 has been spent for repairs, maintenance and upkeep to the Parmer County courthouse building, including installation of central heat and air-conditioning, District Courtroom repairs, installation of modern glass doors at the entrances, and renovation of the hallways.**

**Parmer County is scheduled to receive \$516,000.00 Revenue Share Funds from the Federal Government. Of this amount, approximately \$220,000.00 has been received and the remainder will be received between now and the end of 1976. \$225,000.00 of this amount has been allocated for construction of new jail facilities in compliance with the Federal Court ruling of Judge Sarah Hughes. The remainder will be spent for the best benefit of Parmer County.**

**During the last six years I have disposed of over 680 criminal cases filed in the County Court, as well as handling many civil cases and other court proceedings. As County Judge I have carried out the duties of my office on a full-time basis to the best of my knowledge and ability. Many of you I have come in contact with one way or another while I have served as your County Judge. I would hope to meet and visit with each one of you personally before election day but know this is impossible.**

**I earnestly solicit your vote for re-election as County Judge for Parmer County on May 4, 1974.**

**Archie L. Tarter, County Judge, Parmer County, Texas.**

## If you can't get PIONEER Brand 8311 here are some excellent alternative hybrids for High Plains farmers.

Pioneer Brand 8311, the "Golden Bronze Yield Leader," has been our most popular hybrid this year - so popular, in fact, that it may be in short supply in some areas. One reason is that the demand has been so great downstream where 8311's disease tolerance is so important. Fortunately, there are several other Pioneer Brand hybrids that are proven top performers on the High Plains. If you can't get 8311, ask your dealer about these.

- PIONEER Brand 8417**  
This versatile yellow endosperm sorghum is a champion yielder in the medium-late maturity class, for irrigated or non-irrigated land. It has large open heads, uniform head height, strong stalks for easy threshing, good tolerance to smut and anthracnose.
- PIONEER Brand 820**  
This top-notch full-season hybrid, is a consistently high yielder. Excellent drought resistance and standability plus good roots and stalks make it a good choice for irrigated or non-irrigated farming on the plains.
- PIONEER Brand 828**  
One of the highest yielding sorghums you can plant, this full-season hybrid responds well to good management on good land with plenty of water. Plains growers like it because it holds its quality and threshes well even after an early freeze. It produces sturdy stalks with semi-compact heads of dark red grain.
- PIONEER Brand 846**  
Famous for its versatility and adaptability, this medium maturity hybrid yields along with the full-season varieties. Resistant to smut, rust and MDM, its outstanding hybrid vigor and excellent drought resistance help it turn in consistently high yields even under stress.

**PIONEER BRAND SEEDS**  
PIONEER HI-BRED INTERNATIONAL, INC.

**FIRE DAMAGES HOME** - An unoccupied home in Farwell was heavily damaged by a fire, believed to have started near an electrical plug in the kitchen. The fire was discovered by Smokey Gast and Joe White who were returning from a fire school in Lubbock last Tuesday night. Mrs. Anna Hill, who occupied the home on Second Street in Farwell, recently entered a rest home in Morton and no one was at the home when the fire broke out. Most of the fire damage was in the kitchen, although the rest of the home received smoke and some fire damage.

**In National Day - -  
Texico Minister Urges  
Community Participation**

Rev. John Summers, pastor of the First Baptist Church in Texico, is urging everyone to participate in "A National Day of Humiliation, Fasting and Prayer" on Tuesday, April 30. Congress has passed a resolution proclaiming the National Day and the resolution says, "Whereas, it is the duty of nations, as well as of men to woe their dependence upon the overruling power of God, to confess their sins and transgressions, in humble sorrow, yet with assured hope that genuine repentance will lead to mercy and pardon, and to recognize the sublime truth, announced in the Holy Scriptures and proven by all history, that those nations are blessed whose God is Lord; and

"Whereas, we know that we have been the recipients of the choicest bounties of Heaven, we have been preserved these many years in peace and prosperity; we have grown in numbers, wealth and power as no other nation has ever grown; but we have forgotten God and

"Whereas, we have forgotten the gracious hand which preserved us in peace, and multiplied and enriched us; and we have vainly imagined, in the deceitfulness of our hearts, that all these blessings were produced by some superior wisdom and virtue of our own; and

"Whereas, intoxicated with unbroken success, we have become too self-sufficient to feel the necessity of redeeming and preserving grace, too proud to pray to the God that made us; and

"Whereas, we have made such an idol out of our pursuit of National Security that we have forgotten that only God can be the ultimate guardian of our true livelihood and safety; and

"Whereas, we have failed to respond, personally and col-

lectively, with sacrifice and uncompromised commitment to the unmet needs of our fellowman, both at home and abroad; as a people, we have become so absorbed with the selfish pursuits of pleasure and profit that we have blinded ourselves to God's standard of justice and righteousness for this society; and

"Whereas, it therefore behooves us to humble ourselves before the Almighty God, to confess our national sins, and to pray for clemency and forgiveness; Now therefore be it

"RESOLVED BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES OF AMERICA IN CONGRESS ASSEMBLED, that the Congress hereby proclaims that April 30, 1974, be a National Day of Humiliation, Fasting and Prayer; and calls upon the people of our nation to humble themselves as we see fit, before our Creator to acknowledge our final dependence upon Him and to repent of our national sins."

Rev. Summers commented, "Join with thousands of others who will be praying on April 30 for a moral and spiritual awakening in America." He gave several Biblical quotations concerning prayer, including II Chronicles 1:14; James 1:5; Colossians 1:10; I John 1:9 and I Timothy 1:6. He further urged all Christians, everywhere, to join in the special day.

**Pro-Am Golf Won By  
Kansas, Hereford Men**

Sporting low 62s, Cal Garrett of Hereford and Skinny Carter of Liberal, Kan., sparked their teams to tie for the Farwell Pro-Am team title in action at the Farwell Country Club Monday.

Teaming with Carter were Kay Renner, Larry Sanders and Joy Claborn, all of Friona, while Garrett's teammates were Jay McWhorter and Helen McWhorter of Hereford and Jim Allison of Clovis.

Waltzing home with low-pro honors was Bob Baker of Amarillo, with a four under par 68 and he was teamed with Mike Shadix of Amarillo to win the pro-pro title at 63.

Second in the pro-am was a team of Joe Lamberson, Farwell, and Steve Baker, Mark Vickers, Steve Oplack, all of Clovis; Fred Bond Hobbs, Courtney Horton, Anna Crook, Clark Colson, all of Clovis; Bob Baker, Amarillo, Lewis Norman, Clovis, Jill Lill, Vega, and Alice Vinton of Farwell, all turned up with a 63 in the pro-am.

In the pro-pro division, Bob Baker and Mike Shadix, both of Amarillo won the title, with a 65 was a team of Skinny Carter, Liberal, Kan., and Cal Garrett, Hereford. At 70 were Johnny Goodwin, Amarillo,

and Dave Walters, Lovington, N.M., and at 71 were Joe Lamberson, Farwell, and Bill Curce, Amarillo.

In low-pros Bob Baker, Amarillo, 68; Mike Shadix, Amarillo, 69; Skinny Carter, Liberal, Kan., 71; Joe Lamberson, Farwell, 73; and Cal Garrett, Hereford, 73.

Low amateur was Gross, Al Lorkavic, Clovis, 71; and Net, Dan Luther, Amarillo, 60.

**Bookmobile Schedule**

Wednesday, April 24: Needmore, 9:00-10:00; Segall, 10:30-11:30; Threeway, 12:00-1:00; and Enochs, 1:30-2:30.

Thursday, April 25: Okla. Lane, 9:00-10:00; Rhea Community, 10:45-11:45; Friona #1, 1:00-1:30; and Black, 1:45-2:45.

Friday, April 26: Hub, 8:45-9:45; White's Elevator, 10:00-11:00; Lazbuddie, 12:00-1:00; and Clay's Corner, 1:15-2:15.

Saturday, April 27: Farwell, 8:55-11:50; and Friona #II, 1:00-4:00.

Save those pull tab rings from beverage cans and color them in simmering Rit dye solutions. Linked together, they make colorful chains for room dividers or whatever.
