Bond Set At \$25,000 - - Hereford Woman Slain; Ex-Husband Is Charged

The body of Mrs. Betty Carlisle, 22 of Hereford, was discovered in a parked car Thursday, Aug. 1, at about noon at the northeast corner of Bob's TV Service, 105 Ave. A in Farwell.

An autopsy showed that Mrs. Carlisle had been shot five times from the right side, according to Parmer County Sheriff Charles Lovelace who, along with Deputy Tom Atkins, investigated the incident. Her former husband, David Carlisle, 30 has been charged with the murder. A .38 caliber pistol was recovered near the scene. Carlisle's bill found was also found near the pistol, according to sheriff Lovelace.

Pathologist reports indicate that Mrs. Carlisle was probably shot around 4:30 or 5 a.m. at the site where the body was discovered. The Pontiac Grand Prix, containing Mrs. Carlisle's body, was first noticed around 7 a.m.; however, passersby theorized that the woman might have been sleeping.

Ronny Anson of Farwell checked the car around noon and discovered the body. He

summoned his brother, Bob Anson of Farwell, owner of Bob's TV, and together, they informed Sheriff Lovelace. Bob Anson stated that when the car was first spotted early Thursday morning, all doors were closed. However, when he and his brother checked the car, the passenger-side door was open.

According to Bob Anson, Mrs. Carlisle was sitting up in the car behind the wheel. She was pronounced dead at the scene by Farwell Justice of the Peace R.E. Mears.

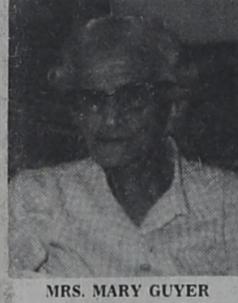

Approximately 30 minutes after the discovery of the body, according to Sheriff Lovelace, David Carlisle, accompanied by his father of Tulsa, voluntarily turned himself in. He was taken before Judge Mears for arraignment on murder charges.

Mears set bond at \$25,000 for Carlisle and ordered him bound over to district court for grand jury action. Carlisle posted bond and was released.

Services for Mrs. Carlisle were held Saturday in the Assembly of God Church in Hereford, with the Rev. T.W. Chap-

man of De Leon officiating. Burial followed in West Park Cemetery. Mrs. Carlisle was born in Oklahoma and came to Hereford in 1968.

Survivors include one son, Jerry Heggstad; her parents, Mr. and Mrs. Elgin Moore of Hereford; grandparents, Mrs. Martha Williams of Ryan, Okla., and C.H. Moore of Petrolia, Tex.; and two brothers, Randy and Ricky Moore, both of Hereford.

Funeral services were conducted Sunday at 4 p.m. in the Congregational Church of Friona with Rev. David R. Plumb, pastor, and Rev. H.L. Thurston of Hereford officiating. Burial followed in the Friona Cemetery, under the direction of Parsons-Ellis Funeral Home of Friona.

Mrs. Guyer was preceded in death by her husband, J.A. Guyer, who died in November 1960. He is also buried in the Friona Cemetery.

Preliminary Cost Studies Are Presented To Farwell Board

Farwell School Board members met Monday at 8 p.m. in the office of Superintendent W.M. Roberts to discuss preliminary cost studies for Farwell school improvements. This study was presented by Herbert Brasher, architect, of Brasher-Goyette-Rapier Architects-Engineers, Lubbock.

Items and costs discussed included construction of a new band hall, \$105,000; re-paving of parking lots and streets adjacent to schools, \$27,000; remodeling of elementary gymnasium building and wood shop including dressing rooms and shower facilities, \$63,000; relocation of bleachers, \$5,000; evaporative cooling in the lunchroom and kitchen, \$6,000; football lighting, \$28,000; and building of a concession stand at the athletic field for an additional \$12,000.

The School Board is in the process of planning a bond issue for late September or early October for an approximate amount of \$250,000. Bob Davis, bond advisor, of Columbian Securities Corp. went over the schedule of bonded indebtedness noting that this proposed program would add about 10 per cent to the present school tax rate.

School board members are still studying the cost presentation and will meet again on Aug. 19 at 8 p.m. in the Superintendent's office for additional discussion.

In other business, the School Board approved the hiring of Tom Adamson of Clovis to teach English and speech, Jack Howard of the Floyd-Portales area to teach math, and Miss Shirley East to instruct

science. All positions are in the high school. One position for the coming school year remains to be filled, a junior high science instructor.

Howard holds both bachelor's and master's degrees from Eastern New Mexico University. He has nine years teaching experience, all but one at the college level. Miss East also holds bachelor's and master's degrees from ENMU. During her three years of teaching, she has held posi-

tions in Causey, Floyd and Lovington. Adamson has both bachelor's and master's degrees and taught for three years in Muleshoe and for nine years in Clovis. He is presently in the insurance business in Clovis.

Board members present for the meeting were W.M. Roberts, Gilbert Kaltwasser, Billy Mayfield, R.J. Garner, Charles Aycock, Wilbert Kalbas and Ted Magness. Member Walter Hughes was absent.

Train-Truck - - Driver Slightly Injured In Wreck

Cecil Defoor of Farwell escaped serious injury shortly after noon Thursday, Aug. 1 when the tractor trailer truck he was driving was hit by a Santa Fe Railway Company train.

The accident occurred at 1:30 p.m. on a private road going to the Loomix Plant, just inside the Texas-New Mexico state line. Defoor was driving an empty Loomix tank truck.

The Santa Fe train, en route to Lubbock, struck the trailer almost in the center. The truck was dragged several hundred feet down the track and came to rest on its side.

Following the accident, Defoor was taken to Dr. Jerry Don Gregory's office in Farwell for examination. He suffered bruises and rib injuries, and was treated and released.

According to Delbert Black, manager of the Loomix Plant, the cab and trailer were a total loss, amounting to between \$35,000 and \$37,000.

TRAIN-TRUCK ACCIDENT -- A Santa Fe Railway train, en route to Lubbock, hit a Loomix tractor trailer truck, driven by Cecil Defoor of Farwell, Thursday, Aug. 1 on a private road going to the Loomix Plant, just inside the Texas-New Mexico state line. Defoor escaped serious injury in the accident. The truck was a total loss, amounting to between \$35,000 and \$37,000, according to Delbert Black, Loomix Plant manager.

Watergate is being touted as a national tragedy because it is resulting in a loss of confidence in our government by the good citizens of this country. Texas too has experienced its "Watergate" in the late but unlamented Constitutional Convention. This tragic exhibition of political futility surely will shake the confidence of the Lone Star State in its elected representatives.

After the expenditure of millions of words and millions of dollars, it produced zilch for submission to the voters. The blame is being passed around and there seems to be enough for everybody to have a helping.

Our view is that Texas is rapidly coming under the shadow of organized labor and that only an alert and politically active citizenry will prevent labor from dominating our State legislature. We too could wind up with a "veto proof" legislature. Then see how high your taxes would go.

Of course this impasse was forecast from the start when the legislature in its "wisdom" decided to sit as the Constitutional Convention. It was obvious to many observers that politicians with aspirations, politicians with grudges, and politicians with special interests would be unable to exercise the calm, cool, deliberate judgment necessary to draft a document which would truly be for the good of the citizenry of the state.

Well, it's possible now that over a period of time and amendment by amendment, the people of the state can accomplish what their representatives could not do - namely to bring the State government in line with the demands of today's reality. Vox Populi.

Elsewhere in this week's issue is a story concerning the efforts of the Farwell School Board to add to and repair and maintain the present school plant. It looks as if a bond issue in the vicinity of \$250,000 will be necessary to accomplish all the goals desired at this time.

We sat in on a meeting the other night and came away convinced that there is very little, if any, fat in the current proposals. Undoubtedly there will be some adjustments in the scope of the proposals when they are submitted to the voters in the school district, but do feel that vital additions and repairs are a savings to the taxpayers in the long run.

As with our recent city paving, whatever is done now will be less costly than that which is done several years hence. Our school board members are men who are close with a nickel, and at this time we support their judgment in this matter of needed facilities for our school system.

Co. Commissioners To Convene Monday

At 2:15 p.m. Commissioners will have a consultation with George C. Wall Jr., district engineer with the Texas Highway Department, about a road near Friona.

It was reported that while at LCC workouts were conducted nine hours a day with the boys serving as members of different groups or teams. Special drills were also conducted to better prepare basketballers for the forthcoming basketball season.

As camp activities progressed, teams were selected and intramural games were played with All-Star teams being named. All-Star teams were then classified and a tournament was held pitting the various classifications with an equal opponent.

Shirts were presented to all attending and trophies went to the winning All-Star teams. Plaques were awarded to the first place drill winners and ribbons were presented to second and third place winners in the drill competitions.

Coach Vernon Scott provided transportation to and from camp for the Farwell boys.

On The Farm In Parmer County

By R. MACK HEALD
County Agent

With mid-summer upon us, everything green seems to be growing by leaps and bounds, especially the weeds. Broad leaf weed control is always a problem and continues to be so this year. Controlling these type weeds with a harmonized herbicide can produce good results, but controlling your neighbor's cotton or vegetable crop may also result. When this happens tempers flare and threats are spoken. Sometimes, fines are imposed upon the guilty party. So, before using such a herbicide a farmer needs to contact a member of the Texas State Department of Agriculture in order to obtain a permit to use such a herbicide. Mr. Newt Goodwin, from the Plainview office, has been working Parmer County for the past few weeks. He is staying at the Budget Motel, next to Clara's Restaurant in Texico. You can contact him there if you need a spraying permit.

The week of July 14-20 most of you heard about the Anthrax outbreak in East Texas. As of this date, the only confirmed diagnoses of Anthrax have occurred in Falls County. According to a report from one of the federal veterinarians working in the area, between 100 and 200 cattle have died, presumably of Anthrax, as of July 18, 1974.

Arly cattle deaths outside the quarantine area are being checked for the possibility of Anthrax. To date these have all been negative. The quarantine area is all of Falls County east of the Brazos River. Historically Anthrax does not spread over a wide area therefore the intent of the quarantine is to minimize the area affected by the Anthrax organisms.

Proper watering, of course, is fundamental. However, a void wetting plant foliage and soil spattering when watering as this leads to fungus diseases.

Insect pests such as aphids and spider mites are common on roses during the summer. An insecticide such as amethion or diazinon provides effective control.

All spraying should be done in early morning or late afternoon when the wind is calm. Continued blooms and plant growth depend on pruning techniques. Young, undeveloped plants can develop size by cutting stems short. Even on established plants, cut stems only as long as needed.

Leatherwoods, Rileys Enter Rodeos

The weekend of July 26 and 27 was busy around the Donald Leatherwood household, according to Mrs. Leatherwood, as Kandi, Mike and Terri Leatherwood and Diane, Danny and Limey Riley participated in various rodeos in Texas, New Mexico and Missouri.

Kandi Leatherwood participated in her first rodeo during the Border Town Days 8th Annual AJRA Rodeo at the local arena in the pole bending competition. She failed to place during this event but traveled to Tucumcari Saturday where she entered the Tucumcari 4-H Rodeo in the Booster Girls or 9 years of age and under division. Kandi captured first place in the first go round of barrel racing, third in the second go and took third place in the average.

Diane and Danny Riley also participated in the Tucumcari rodeo with Danny participating in the ribbon roping. Diane had the fourth place time in the first go of pole bending, third in the second go and placed fourth in the average.

Limey Riley and Mike Leatherwood were in Los Alamos, N.M. the same weekend participating in a rodeo there. Mike took sixth place in team roping and Limey placed fifth in the bull riding competition.

Terri Leatherwood traveled first to Dulce, N.M., during the same time period to garner fourth place in the team roping event. He then journeyed to Kansas City, Mo., where he was awarded third place in the calf roping event.

The state of maturity at which vegetables are harvested varies from crop to crop.

In the immature state, snap beans, cucumbers, okra and peas are at their highest quality. Okra becomes fibrous and inedible if allowed to remain on the stalk.

Vegetables harvested in the ripe or mature state include tomatoes, eggplants, watermelons and cantaloupes.

Some vegetables -- squash, okra, cucumbers, eggplants, peppers, and beans -- will produce more if the fruit are harvested frequently.

In fact, the fruit's size and quality will actually decrease if not harvested frequently.

Other advantages to picking vegetables regularly is that they will be more tender, will retain more flavor and will be easier to prepare.

The vitamin content will be greater when prepared soon after harvest than at any other time.

Care should be taken not to damage the plants during harvesting.

Hold the part of the plant with the fruit in one hand, then snap off the fruit with the other hand. The fruit may also be pinched off with the fingernails or snipped with a knife or scissors.

Harvesting at the peak of quality can also have a great effect on how well fruits and vegetables will can and freeze. Vegetables and fruits should be prepared and processed as quickly as possible. An old 'rule of thumb' which should be practical whenever possible is "1 hour from garden to jar". If this isn't possible do take care of your 'harvest' as quickly as you can to preserve as much quality as possible.

I would like to use this means to thank our Clothing Leaders who helped the 4-H girls through their project this year, and to congratulate the winners of the 1974 County Dress Revue: Senior Division, Susan Mimms, Lazbuddie; Junior division, Linda Gohlke, Oklahoma Lane; Sub-Teen division, Johanna Mesman, Oklahoma Lane. And Alternates: Cheryl Gohlke, Oklahoma Lane, Senior; Evelyn Hart, Friona, Junior; and Lucretia Turner, Oklahoma Lane, Sub-Teen.

Inner fabrics successfully applied to a garment achieve a professional look. But successful application depends on knowing what to use and when

and where to use it.

Understanding the differences among lining, underlining and interfacing can help the homemaker learn which to use.

Underlining is a second layer of fabric, constructed with the fashion fabric. It gives shape to the garment and helps prevent wrinkling.

Interfacing is attached to these two layers of fabric. It prevents stretching and adds strength to areas of stress. Interfacing adds shape to detail areas such as collars, pockets and hemlines.

Lining covers the inside of the garment. The lining is constructed separately and is attached just before the garment is finished.

Lining provides a smooth and comfortable finish. It reinforces the shape of the garment and minimizes clinging.

Any combination of fabric applications -- or all three together -- can be used in constructing a garment.

Wanda Jackson To Present Concert Testimony Services

Wanda Jackson, one of the nation's top country and western recording stars, will appear in a Concert Testimony Service Saturday at 8 p.m. CDT in the Lazbuddie First Baptist Church. Also appearing will be her husband Wendell Goodman. Admission is free and everyone is invited to attend the service.

Wanda, a native of Oklahoma, has been singing and entertaining fans of country music throughout the United States, Canada and around the world since her early teens. Her talents were discovered by another entertainer from the Southwest, Hank Thompson.

Aside from being a great favorite of country music shows, fairs, rodeos and all types of presentations, Wanda is one of the few country music artists who has recorded her songs in native languages in both Germany and Japan. In 1971 and 1972 she was voted "The Favorite Female Country Music Singer" of the Scandinavian countries and just a few years before had received a tremendous reception from country music fans in Japan, the Phil-

ippines, Korea and the Far East.

In 1972 Wanda was chosen as one of the country music stars to make the first U.N./CMA sponsored tour of Australia, New Zealand and Japan. She has been nominated for the Grammy Award for Best Female Performance twice.

In real life, Wanda is a devoted Christian and lives with her husband and manager, Wendell Goodman, and their children in Oklahoma City. In June, 1971, Wanda and her husband became Christians and turned their lives over to serving the Lord full time. This meant sacrificing the night club circuit that Wanda had worked for several years.

Now, instead of filling night clubs with her popularity, Wanda is filling churches and auditoriums with her fans and singing for the Lord. Wanda and Wendell both share in their testimonies how their new

found life in Christ made it easy to turn their backs on the type of glamorous life and big income from night clubs.

Both their children, Gina and Greg, have been saved and go with their parents when possible. They sing a song they have written themselves and share their own testimonies. Wanda still works some secular dates - concerts at auditoriums and fairs - where she shares her Christian witness with thousands.

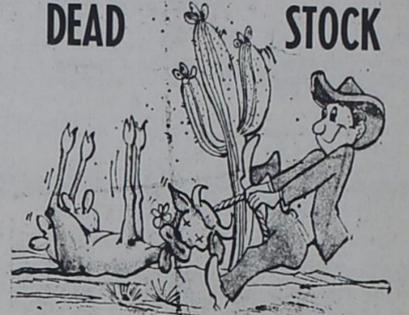

Wanda and her family are active members of the South Lindsay Baptist Church in Oklahoma City.

TWO MINUTES WITH THE BIBLE
BY CORNELIUS R. STAM, PRES.
BEREAN BIBLE SOCIETY
CHICAGO, ILLINOIS 60635

GLORIOUS PROSPECT

To the true Christian, one of the most wonderful passages in the whole Bible is Eph. 2:7 where we read of God's purpose:

"That in the ages to come He might show the exceeding riches of His grace in His kindness toward us through Christ Jesus."

This passage appears the more wonderful when viewed in the light of its context.

Verses 2-6 tell how we were all once the "children of disobedience," and therefore "by nature the children of wrath, even as others." But then we read those wonderful words of hope, "But God,"

"But God, who is RICH IN MERCY, because of His GREAT LOVE wherewith He loved us..." And the next verses tell how He has taken believers in Christ from the lowest position of condemnation and wrath and given them the highest place of favor and blessing in Christ at His own right hand in the heavenlies.

The simplest, humblest believer in Christ as His Savior has been given this position in the heavenlies, for God no longer sees him in himself, but in Christ, who died for his sins. This is why St. Paul so often writes about "those who are in Christ Jesus."

It is for the believer now to occupy this exalted position, to appropriate by faith the "all spiritual blessings" which are his in Christ (See Eph. 1:3). Like Paul, he may be lifted by grace, through faith, above the troubles and sorrows of "this present evil age" and enjoy his position and blessings in the heavenlies in Christ. And even this is not all, for looking far ahead to the future, the apostle, by divine revelation, goes on to say (in Eph. 2:7) that God has done this all for us, "that in the ages to come He might show the exceeding riches of His grace in His kindness toward us through Christ Jesus."

Mr. and Mrs. Charles Hargrove are in Denver this week attending the Bill Gothard Institute of Basic Youth Conflicts. Traveling with them are Mr. and Mrs. G. Hood and family, Victoria, Tex.

Mr. and Mrs. Terry Parr, Pam, Cathy and Connie, went to Ft. Worth this weekend to visit Faye's mother, Mrs. E.L. Jordan, and sister and family, Mr. and Mrs. T.C. Stockton and Sharon. Pam stayed there for a longer visit. It had rained there Friday, and the weather was very pleasant.

Mr. and Mrs. H.D. Ellison attended the annual Ellison family reunion at Nogal, N.M., Aug. 1, 2 and 3. The reunion is held at the mountain cabin of Mr. Ellison's brother every year. They play games and win trophies, even! This was their 13th year to meet. The highlight of the reunion is their church service on Sunday morning in a unique setting under the pine trees. Last year the older folks decided they would turn the church services over to the younger folks, so the 4th Generation (teenage and under) held the services this year, and will in the future. There are several youth workers in the family, and

several different denominations are represented, and they always have a beautiful service. There were 49 attending this year, and three states were represented.

Farwell Reunion - In Retrospect - A Look At '59, '60, '61, '62

(Editor's Note: This article was written by Mrs. Joe (Gwen) Hughes, wife of one of the members of the Farwell High School class of 1960. The first reunion of Farwell classes of 1959, 1960, 1961 and 1962 was held during the annual Border Town Days celebration.)

For the first time since donning cap and gown, the graduating classes of '59, '60, '61, and '62 joined together for a reunion on July 27 at the Farwell High School Cafeteria. Dick Williams of Tucson, Ariz., substituted as master of ceremonies after his father Jack skipped out.

Dick presented Judy Hillock Murry of Hereford with a bottle of glue to help cement her marriage after 15 years, while Dave Berggren of Tucumcari, N.M., chose a rolling pin to rule his marriage of a mere three years.

Ear plugs were given to Doyle Goldsmith of Farwell -- what for? -- five kids of course! What could have been more appropriate than a bristle-less hairbrush for Bennie Stancell, while Dave Lindop of Mesa, Ariz., on the opposite side of the fence, received a pair of dull scissors for his hair. (We all need to keep what we can.)

There was not a beard in the group; therefore, Bob Carthel of Lockney received a razor for his mustache. Social Security at our age? Yes, John Sprowls was considered a professional student after nine years and needed the subsidy.

For traveling the greatest distance, Dick Williams was presented a huge Master Charge card, good only for a return trip to the next reunion. The most enjoyable gag award of the night went to a class parent for 1961. Would you believe Edwina Owen was the grayest?

Our thanks to Jack Williams for his movies of the olden days; a freshman initiation, graduation and an old bi-district game, the year of which was not determined. A few

moans from the wives were heard over the football portion of the films, but the male members were overjoyed.

Most of those in attendance felt it was really a shame that two of the returnees drove over 550 miles, while there were people who could NOT drive five blocks to attend. A great deal of work and planning went into the reunion for such a poor showing from the locals.

Those attending were: Class of '59 -- Betty Dollar Miller, Judy Hillock Murry, Jeannette Lindop Ford, Beverly Hubbell Obenshain, Cyrus Dale, Buster Harriman, Owen Huffaker, Alice Ramm Huggins, Doris Rolland Darby, Patsy Sprowls Owen, Dick Williams, Mike McManigal, JoAnn Schell Mullins, Doyle Goldsmith and Jean Tarr.

Class of '60 -- Katherine Billington Traxson, Ruby Hillock Harper, Larry McDorman, Joan Hubbell Johnson, Janice Hillock Cain, Joe Hughes, Dave Berggren and Barthel Ford. Class sponsors attending were Mr. and Mrs. Uvon Ford and Mr. and Mrs. James McDorman.

Class of '61 -- Carroll Huggins, Darlene Hromas McManigal, Tommy Wurster, Judy Billingsley Jones, Bob Carthel, Bennie Stancell, Jo Potts Carpenter and Linda Birchfield Harriman. Class parents, Mr. and Mrs. Dee Owen, attended.

Class of '62 -- Dickie Gerjes, Jolene Donaldson Decker, Dave Lindop, Zell Billingsley Cain, Gloria Hillock Hutchins, Karen Schell Lovelace, John Sprowls, Robert White, Chris Paine Moore, Carolyn Birchfield McDorman and Rita Turner Tarbet.

From the educational forces were Jack Williams and Mrs. Loretta Pool. There were several letters from other teachers who were unable to attend along with notes from class members from afar.

Our thanks to Mr. Roberts and Mrs. McDorman for their cooperation and help. The chairman of each class and their assistants also deserve a big "thank you."

Claud Heaths Host Reunion

Mr. and Mrs. Claud Heath of Lazbuddie were hosts to a reunion of Mrs. Heath's sisters and brothers and their families during the weekend of August 3 and 4.

Each family attending traveled in their own camper or house trailer, parked them under the trees at the Heath residence and did their own cooking during the weekend event. On Sunday other friends and relatives joined the group for a dinner in the Hub Community building.

Those present were Mr. and Mrs. Haskell McClain of Oklahoma City, Okla., A.C. McClain of Shawnee, Okla., Mr. and Mrs. R. M. McClain of Drumright, Okla., Mr. and Mrs. Spence McClain and their

daughter Dana Metrailer and her children, Amy and Tracy, of Baton Rouge, La.

Also attending were Mr. and Mrs. M.A. Cox of Farmington, N.M., and their son Everett Cox and Vivian of Amarillo. The Heaths' daughter, Rev. and Mrs. Harvey Hudnall of Texico, and their daughter and family, Mr. and Mrs. Robert Harmon and Bob, Brenda and Bryce of Portales, joined the visiting on Sunday.

Special guests were Mr. and Mrs. Russell Harmon of House, N.M., and Mr. and Mrs. Dee Willard and Denna Jo of Friona. Sunday afternoon was spent in visiting, taking pictures and singing.

Son Is Born To Redwines

Mr. and Mrs. Harrol Redwine of Lazbuddie are parents of their second child, a son named Russell Scott, born July 18 at 12:44 a.m. in Parmer County Community Hospital in Friona. He weighed nine

pounds and was 19½ inches long.

The Redwines also have a daughter, Susan, three and one-half years old.

Grandparents are Mr. and Mrs. Jimmie Seaton of Lazbuddie and Mr. and Mrs. J.C. Redwine of Bovina. Great-grandparents are Mrs. Terry Barnes of Lazbuddie, Mrs. Pearl Seaton of Muleshoe and Mrs. Minnie Redwine of Muleshoe.

Texico Visitors

Mrs. Ethel Wadlington of Dallas and Mrs. Oleta Caperton of Cooper, Tex., are visiting with their aunt, Mrs. H. P. Winkles of Texico. They are also visiting other family members during the week-long stay.

They plan to go to Palo Duro Canyon during their visit to view a performance of "Texas."

Visit Grandparents

William and Yalonda Martin of Oklahoma Lane spent last weekend in the home of their grandparents, Mr. and Mrs. R. D. Dale of Muleshoe.

Portraying Area Homemakers

by Faye Parr

Our homemaker this week is sweet, petite Mrs. Don (Kathy) Weems. Her real name is Kathleen, but she says, "Only my mother knows me by that name."

Kathy is a native New Mexican, having been born and reared in Portales. She had six brothers and sisters to grow up with, and her husband had eleven. "I never thought I'd end up with an 'only child', she said. However, the Weemses' only child is nine-year-old Jeanette. Kathy modestly exclaimed, "Jeanette should be the Area Homemaker instead of me! She has all kinds of talents!" But it sounds like mama has a few talents, too.

She loves sports (the whole family does). They jog and ride bicycles as a family (not as much now as in the past). Kathy enjoys tennis, and would love to take a back-packing trip, but hasn't found the time yet. "I just can't think of anything that would be any more fun, or any more relaxing, than to back-pack way up in the mountains somewhere where everything is peaceful and quiet, and nobody has ever been before," she sighed. The family has a camper, and takes lots of camping trips, but they've never back-packed.

Kathy loves music of any kind, and although she doesn't play an instrument, she has sung in lots of choirs through the years. Jeanette takes piano lessons, and she played a tune for this writer on their antique piano that used to belong to Kathy's grandmother. Kathy is an avid reader. She tries to catch up on her reading in the

summertime, when she is not teaching school.

The Weemses were married right after they got out of high school. They lived in California for a brief time, but found that it was not for them. They'd rather live in our good old dry climate. After Jeanette was a year old, Kathy decided to go to college. She got her BS degree from Eastern New Mexico University, and is now working on her masters degree in Elementary Education with emphasis on early childhood education and special education. After "mama" got her degree, "papa" decided to get his. He did, and now they are both teaching school in Farwell. Don teaches social studies and boys P.E. in the elementary school here, and Kathy teaches kindergarten.

Our homemaker loves house plants, and has many beautiful plants in her home and her classroom. The family has a vegetable garden, and Kathy loves to do home canning. "Not that we need lots of food, for just three people," she explained, "but just because I enjoy canning so much. One summer my sister and I were putting up some hot peppers, like you make chiles rellenos out of, and they ate the skin right off our hands! We haven't tried that any more!"

The Weemses are Presbyterians, but since there is no Presbyterian church in Farwell, they attend Hamlin Memorial United Methodist Church. Kathy belongs to ESA and various professional organizations, and she helps with Jeanette's Brownie troop. Don helps with Little Dribblers and

Little League. He plays baseball with the Portales Fast-Pitch Softball League, and likes to follow the tournaments.

They have lots of pets -- a cat named Rascal and a dog named Sonny, to name two. Then Kathy brings home all kinds of animals from school at the end of each year. They've had gerbils, guppies, white rats and birds, among others.

Kathy loves to sew and bake. She says that sometimes she sews far into the night trying to finish up everything. She hates to leave things undone. The family is crazy about Mexican food, and they have it at least twice a week. Here is one of their favorite Mexican food recipes, along with a couple of other family favorites:

Enchilada Casserole
1 can cream of chicken soup
1/2 can water
1 c. grated cheese
1 c. chopped green chiles
1/4 c. chopped onion
Tear up 1 pkg. corn tortillas into bite-sized pieces and add to this. Cook until cheese melts and onions are soft. (About 20 min. on top of stove. This can also be cooked in the oven, but is faster on top of the stove.)

Chinese Chicken
1 chicken, boiled in salted water. Cool and debone into bite-sized pieces
1 c. rice, cooked in chicken broth
Saute in oil:
1/2 c. cubed celery
1/2 lb. fresh sliced mushrooms
1/2 c. chopped onion
1 can water chestnuts, sliced into small pieces
1/2 c. slivered almonds, toasted
Add all the above ingredients to cooked rice. Add poultry seasoning, soy sauce, and pepper to taste. Serves 4-6.

Beef Stroganoff
1 small round steak cubed into bite-sized pieces. Salt, pepper, and roll in flour. Brown with 1/2 c. onion in skillet with small amount of shortening. Drain off excess shortening. Add 1 can Cream of Mushroom soup and 1/2 can water. Turn heat to low, cover, and simmer for 30-45 min., stirring occasionally. Turn off heat and stir in 1 carton sour cream. Serve over hot rice or noodles. Serves 4-6.

GREEN THUMB -- Mrs. Don Weems, holding her prized begonia, displays some items that she has canned. An avid homemaker, she loves house plants and has many in her home and in her Kindergarten classroom. Mrs. Weems also does home canning from her vegetable garden.

Tanya Kay McGough Weds Randy Skaggs

Tanya Kay McGough became the bride of Randy Buel Skaggs in a double ring ceremony conducted Saturday evening, July 20, at the Advent Christian Church of Clovis.

The bride is the daughter of Mr. and Mrs. Robert C. McGough of Clovis. Parents of the bridegroom are Mr. and Mrs. Paul Skaggs of Texico.

Rev. Barry Tate led the couple in the recital of vows before an altar of floral arrangements of red and white mums flanked by spiral candelabra interspersed with greenery. A memory candle arrangement complemented the altar setting.

Musical selections were provided by organist Lanelle Skaggs who accompanied soloist Johnny Dane as he sang "We've Only Just Begun" as the bridal couple lit the memory candle.

The bride, given in marriage by her father, was attired in a formal length gown of white organza fashioned with a scoop neckline edged with scalloped Chantilly lace. Her full-length sheer bishop sleeves were adorned by lace cuffs and the gathered A-line skirt flowed from the natural waistline bodice and extended to a brush train. Large lace appliques accented with seed pearls enhanced the skirt. Her veil of lace bandeau held a lace-edged chapel length train of illusion. Atop a white Bible she carried a cascade bouquet of white orchids surrounded by red sweetheart roses.

Following tradition, the bride wore her grandmother's engagement ring for something old while her bridal ensemble served as something new. For something borrowed she carried a white Bible belonging to Kim Cross and for something blue the bride wore the traditional garter.

Serving her sister as maid of honor was Valinda McGough of Clovis. Bridesmaid was Rhonda Hamilton and bridesmatron was Cindy McGough, sister-in-law of the bride, both of Clovis, with Kim Cross acting as flower girl. Candlelighters were Dianne Henson and Julie Thompson, both of Clovis, and Michael Skaggs of Muleshoe, nephew of the bridegroom, was ring bearer.

The bride's attendants wore floor-length dresses of red dotted swiss featuring empire waists and butterfly sleeves trimmed in white. They each wore a floppy-brimmed hat with red bows and carried a small umbrella with red and white carnations enhanced by streamers attached to the umbrella handles.

Gary Skaggs of Muleshoe acted as best man for his brother with groomsmen being Bobby Dudley of Clovis, cousin of the bridegroom, and Lorin Gibbs of Texico. Ushers were Phil McGough of Dallas, brother of the bride, and Ernest Ray Woods and Max Winkles, both of Texico, cousins of the bridegroom.

For her daughter's wedding, Mrs. McGough selected a floorlength dress of blue double knit. Mrs. Skaggs was attired in a yellow floor-length double knit dress. Each wore a double white gardenia corsage.

Following the ceremony a reception was held in the reception hall of the church. The bride's table was covered with a red and white cloth crocheted by the bridegroom's grandmother, Mrs. H.P. Winkles of Texico. The table was accented by a white three-tiered cake with the tiers separated by Grecian columns. The two tiers of the cake were adorned by red rose buds with each tier enhanced by white doves. The cake was topped by a bride and bridegroom figurine. A four-branch candelabrum accented by greenery with red roses and white mums and the bridal bouquet completed the table decorations.

Hostesses for the reception were Rada Winkles, Jo Cornell, Sondra Neal and Dorothy Dudley.

For traveling the bride selected a blue pantsuit which she had made and she wore a corsage lifted from her bridal bouquet.

The couple is now at home in Texico.

SWCD News
by Herb Evans

It is time to think spring. I received some Christmas advertisements the other day.

Having just received the Christmas suggestions it reminds us that spring '75 can not be far away. The Parmer County SWCD and the SCS in Friona have received the order blanks for trees for the 1975 planting season.

Like so many things these days, trees need to be ordered about six months in advance of planting needs.

The main tree plantings in Parmer County are for wind breaks. The tree that is most popular in Parmer County is the red cedar for windbreaks. When using cedars a double row is best.

Where space will permit a combination of trees such as red cedar, Russian Olive, and wild plum make an excellent windbreak and furnish cover and food for birds.

Special management of these trees is required when they are received.

If you are interested in ordering trees from the Texas Forest Service come by the SCS office in Friona or the County Agent's office in Farwell. Either office will talk over your needs and discuss ordering and handling of the trees.

DOES YOUR FERTILIZER CONTAIN SULPHUR?

You used to take sulfur for granted. You can't afford to anymore. Environmental controls have reduced the amount of sulfur in the air. You don't get carry-over you once did from sulfur dust insecticides and fungicides.

How can you economically furnish sulfur to your crop? Use Smith-Douglass Pelleform. It gives you not only nitrogen, phosphorus and potash but sulfur... plus Trel. Smith-Douglass' exclusive formula of trace elements. And it's all combined in every clean, green pellet. Pelleform's easy handling, even spreading.

Rely on Pelleform Bermuda Booster to produce high-yielding pasture. The sulfur in Bermuda Booster is important to cattle. The Texas Plant Food Institute Newsletter reports that sulfur helps control nitrate accumulation to minimize losses from grass tetany and nitrate poisoning.

Pelleform comes in a special analysis for peanuts. Extra amounts of calcium and potash help produce good yields of firm, heavy, high-quality nuts.

You'll like Pelleform. It's the kind of complete and balanced fertilizer you need to make money from farming today. Talk to your Smith-Douglass man!
