Wind Erosion District Activated In County

The Parker County Commissioners Court, in session here Monday, took steps to activate a wind erosion district in this county, by passage of the following resolution:

"The Parker County Wind Erosion District will be activated and it is agreed that a letter be written to the State Soil Conservation Board stating that this wind erosion district is desirous of co-operating with the state Soil Conservation Board appointing five supervisors to be responsible for the administration of the affairs of the district." The resolution was offered by W. H. Flippin and was seconded by W. S. Menefee.

By activating a wind erosion district in this county, Parker County will be entitled to receive state funds in combating wind damages to soil in the county.

The Commissioners also voted to increase the salary of County Agent Lee McElroy from \$1400.00 to \$1725.00 per year. Other actions by the Commissioners during the day included the payment of current bills and approval of sheriff Booth's expense account for the month of December in the amount of \$298.00.

March Of Dimes For Paralysis Relief

County Chairman B. N. Graham today called attention to the importance of the annual March of Dimes campaign being conducted in this county in connection with a nationwide movement to raise funds in the fight against infantile paralysis.

Graham said the campaign officially opened on January 14th and would be continued throughout the remainder of the month. He suggested that contributions be made through the schools, the churches and the Sunday schools of the county, and that the money be forwarded to him as head of the work in Parker. He, in turn, will send it to national headquarters.

Dairy Men Seek To Hike Milk Price

In conjunction with dairymen over most of this area, Parker county farmers who operate dairy herds are making efforts to increase the prices obtained for milk and cream.

The contention, County Agent Lee McElroy said today, is that there is not sufficient margin between the price of feeds (necessary for top production) and the price paid to the farmers for their dairy products.

"And," he said, "they're right . . . but I can't see that we are making any progress so far."

HAS OPERATION

Jarrell, the 13-year-old son of Mr. and Mrs. Lester Norton is recovering satisfactorily from an operation for appendicitis, performed at the Clovis Memorial Hospital Sunday evening. He is expected to be able to return to his home within a few days.

EARL ATCHLEY HOME

Earl Atchley was returned to his home here Saturday from a Clovis hospital, where he received medical treatment for a week.

INSTALL NEW PRESS

The City Cleaners have just completed the installation of a new and modern clothes pressing machine, a Forse Red Head.

With the new equipment, Mr. and Mrs. McDermitt announce that they can now give one-day service to emergency work.

SALE IS POSTPONED

The farm sale of Jonnie Gennings, scheduled to be held on Tuesday, Jan. 15, has been postponed until some future date yet to be announced. The heavy snow forced the postponement of the sale.

There was a "Texas Club" aboard an LST in the bay at Tokyo.

Next Tuesday, Jan. 22, will be the last day on which old clothing being collected locally for impoverished millions in Europe, can be received here, it was announced today by Mrs. W. H. Graham, local director of the drive.

Speeding up the end of the clothing drive, she explained, was necessitated by the fact that arrangements have been made to include the Texico-Farwell collections with the Clovis shipment, and plans to pack the Clovis contributions have been set for Wednesday, Jan. 23.

Soldier personnel from the Clovis Army Air Base have been designated as packers for the collection and one day—Wednesday, Jan. 23—has been set as packing day.

Mrs. Graham urged local residents of the Twin Cities and surrounding communities to respond generously to the call for all kinds of usable clothing, bedding and shoes. Items may be left at the Magness Implement Co. in Farwell or at either of the local schools.

She suggested that the local housewives check their closets, chests and other storage places in search of usable items that might be consigned to the collection.

This deadline, it is understood, does not apply to the county-wide drive that is being conducted during the entire month of January. Contributors in the Bovina area are asked to leave their garments at the C. R. Elliott Company.

Local Sheriff Asks Return To Office

The Tribune is authorized to announce the candidacy of Earl Booth for Sheriff, Assessor and Collector, subject to the will of the voters in the forthcoming primary election.

Mr. Booth wishes to assure the people of Parker County of his appreciation of their support in the past and heartily thanks everyone for their cooperation in the discharge of this office, and will appreciate any consideration shown him in the coming election.

Weather Halts Court Proceedings, Tuesday

The Parker County District Court, which was convened here on Monday by District Judge John Aldridge, has been halted by the snow of Monday night. Judge Aldridge stated today that no progress could be made until road conditions improved and people were able to travel.

District Attorney King Fike organized the grand jury Monday, and instructed the jurors to return Tuesday to begin their deliberations. None of them reported Tuesday, and court officials were not surprised. Some jurors called in to report the reason of their absence—but most of them just left the court to draw their own conclusions.

Funeral Rites For Mrs. Aldridge Held

A crowd that filled the little Methodist church to overflowing gathered at Bovina last Thursday to pay its last respects to one of the county's most distinguished citizens—Mrs. Minnie O. Aldridge.

Rev. Paul H. Tripp of Raton, N. M., former pastor of the Hamlin Memorial Methodist Church at Texico-Farwell, conducted a very impressive service in honor of the departed matron, who saw Parker County develop from the open range to its present state. He was assisted by Rev. Roscoe Trostle, Methodist pastor at Bovina, and Rev. Harvey Carroll, Methodist Pastor at Texico-Farwell.

Active pallbearers were: Bill Shirley, Floyd Schlenker, G. D. Anderson, Claude Rose, Regan Looney and Aubrey Brock. With the Black Funeral Home of Hereford in charge, burial was made in the Bovina Cemetery.

Mrs. Aldridge came to Parker Co. with her family from Aldridge Ill., in 1906, and was one of the county's oldest residents, and most beloved citizens.

Green peppers are a good source of Vitamin C.

The entire Plains region today lies under a heavy coating of snow, which fell throughout West Texas and Eastern New Mexico Monday afternoon, night and some Tuesday morning, to bring the drought-stricken region the first appreciable moisture since early last Fall.

The snow in this immediate section is estimated to range from 8 to 10 inches deep on the level and reports from Hereford claim that the covering there amounted to around 12 inches. A fairly high wind accompanied the snow that fell all night Monday, with the result that many drifts that measure three to five feet are in evidence along highways and in proctored areas. Despite the wind reports say that wheat fields are covered with six to eight inches of wet snow that will insure sufficient moisture to carry the wheat well toward maturity.

Moisture in the form of a fine mist fell most of the day on Monday, turning to snow late in the afternoon. At the outset the snow fell quietly, covering the ground to about three inches, thus furnishing a cleavage covering to the blowing snow of the night.

R. V. Ham, local weather recorder, reports that only 38 of an inch of moisture registered in the local rain gauge, but explained that his instruments were not constructed to properly record a blowing snow. Local speculation is that the snow will afford better than an inch of moisture.

In the early hours of Tuesday, traffic was at a complete standstill, with all bus schedules being cancelled and trains running far behind schedule. County road maintainers were put to work by noon clearing highways and city streets with the result that traffic began to move late in the afternoon. Many cars were marooned along highways, with occupants taking refuge in farm homes along the routes. No less than 20 cars were stalled between here and Hereford during Monday night, and only a few of them had been moved late Tuesday. Two Amherst couples took refuge in the Lester Norton farm home north of here on Highway 60, after fighting the storm for several hours.

Due to the impassable condition of county roads, making it impossible to operate school buses, all schools throughout this section were dismissed on Tuesday. Supt. H. A. Clift of the Farwell school, announced this (Wednesday) morning that classes would not be held today. Speculation is that it will likely be the first of next week before schools in this section will be able to resume regular schedules, due to road conditions.

None of the rural routes, operating out of Texico and Farwell, were in operation Tuesday, and it will likely be several days before normal service can be restored. Carriers say that fairly good progress can be made on north-south roads, but the roads running east-west will be blocked for several days by the heavy drifts of snow.

State Highway 60 between here and Amarillo was opened late Tuesday, with county maintainers doing some road clearing, but one-way traffic prevailed over most of the route. Drifts along the approach to and over the bridge at Catfish Draw, just east of Bovina, were so heavy that the light machinery could not move the snow and a detour route down through the draw had to be opened up, with traffic moving at a snail's pace over the slippery mud.

While the snow is considered a life-saver to wheat men, stockmen expressed some concern for fear that ranges would be covered for a period that might cause losses in livestock. Few stockmen have sufficient protein feed to carry their cattle through many days of feeding, and many bundle wagons were in evidence on Tuesday afternoon, hauling feed to grazing pastures.

"This looks like another 1918," was the remark heard Tuesday, when it was recalled that a heavy snow fell through this section on Nov. 18 and remained on the ground until late next spring, resulting in the loss of hundreds of head of livestock. Others compared Monday's snow to one that fell in the winter of 1926, which reached blizzard proportions, causing the death of many cattle.

Heavy limbs were broken from trees by the weight of the snow, but so far as has been reported here, communication and electric lines have remained intact.

Floyd County Farmer Is Candidate For Representative

Joe W. Jennings today announced his candidacy for the office of representative in the Texas Legislature from the 120th Legislative district. This district comprises Bailey, Briscoe, Castro, Floyd, Hale, Lamb, Parker and Swisher counties.

A Floyd county farmer, Jennings recently moved his family to Plainview, but is continuing to own and operate his farm.

He was a candidate for this office in the 1944 election, running against Tom W. Deen, incumbent representative.

"I believe the people of the district want a change," Jennings said. "In the 1944 campaign, there were 12,379 votes cast Mr. Deen, who was re-elected, received 6,353 votes to 6,026, a majority of only 327 votes. The results would have been reversed by only 165 votes.

"Many citizens have talked to me about again seeking the office and they predict much stronger support for me than in the last election.

"I am deeply grateful for the splendid support accorded me in the 1944 election, my first time to participate in any political campaign, and earnestly solicit that support in the coming Democratic primary as well as the support of every other voter in the district."

"Uncle Ben" Shelby Buried At Bovina

Funeral services for Benjamin Grantz (Uncle Ben) Shelby were held at the Methodist Church at Bovina last Thursday afternoon, with Rev. Roscoe Trostle of that city, conducting the rites.

Uncle Ben died at a hospital in Wichita Falls last week, where he had been receiving treatment since last July. He had been a resident of Parker County for more than 20 years.

Active pallbearers were: Nat Read, Jonnie Glover, Bill Elberting, Clarence Smith, Joe Wilson and Geo. Trimble. Boxwell Bros. of Amarillo had charge of the burial, which was made in the Bovina Cemetery.

A son of General Tom Shelby, he was born in Old Mexico, where his father led the Confederate troops at the close of the Civil War, refusing for a time to surrender to the Union forces.

Bank Stockholders In Annual Meeting

Stockholders of the Security State Bank of this city held their annual meeting on Jan. 8th, in the offices of the local bank.

Only one change was made on the list of directors with Belva P. Anderson being named to succeed David Harrison, who has moved to Quanah.

G. D. Anderson, active vice president of the bank, stated that a dividend of 10 per cent was declared for the year 1945.

Officers of the bank are: J. H. Head, president; G. D. Anderson, cashier. The directors include, G. W. Brumley, Belva P. Anderson, J. A. Pitman, J. H. Head and G. D. Anderson.

Mrs. Harpold To Have Sale On Jan. 22nd

Mrs. Wm. H. Harpold has listed a public sale to be held at her farm, located 5 miles south and 3 1/2 west of Texico on Tuesday, January, 22, starting at 10:30 a. m.

Besides a good collection of livestock, consisting of 10 head of cattle, whole section of land with improvements will go under the hammer. Other items included in the offering will be a good list of farm machinery, household goods, some feed and miscellaneous items.

Col. Dick Doshier of this city, will serve as clerks. The ladies of the Fairfield Club will serve lunch at noon and there will be plenty of free coffee.

Butter made in the summer usually contains more Vitamin A than winter butter.

ADVISORS TO GENERAL MACARTHUR . . . Members of the 10-nation Far Eastern advisory commission, shown as they boarded plane for Japan. At left from top to bottom are: Sir George Sansom, Great Britain; C. A. Berendsen, New Zealand; R. R. Saksena, India; Francis Lacoste, France; and Lt. Gen. Chu Shih-Ming, China. At right: Maj. Gen. Frank R. Moody, U. S. A.; Dr. De Mat Anglino, Netherlands; Col. L. M. Cosgrave, Canada; Maj. J. Plimsoll, Australia, and Nelson T. Johnson, secretary general.

Deadline Nearing On 1945 Tax Payments

Attaches at the Tax Collector's office today called attention to the approaching deadline for the payment of 1945 taxes before additional costs are added to delinquencies on February first.

Current taxes may be paid between now and January 31st without penalty or interest, the announcement said. But all taxes not paid before February first will go on the delinquent roll, which means that a penalty of 1 per cent and interest at the rate of six per cent will be added on that date. Furthermore, it was pointed out, the penalty increases at the rate of 1 per cent per month until July 1st, at which time the penalty will be hiked to 3 per cent.

As an example of the increased amount the taxpayer will be required to pay, a chart on file at the Collector's office reveals that unpaid taxes for the year 1934 have now increased 71 per cent above the original amount.

"January is always our heaviest taxpaying month," it was stated at the Collector's office, with the additional statement that payments up to the present time are "a little ahead of normal years."

The records at the Collector's office also reveal that up to date 1005 poll tax receipts have been issued, which is slightly below the normal figure at this time for election year. Exemption certificates or poll tax receipts must be paid before January 31st to entitle the holder to participate in any elections during the coming year.

Mens' Club To Meet On January 24th

C. M. Henderson, president of the local Mens' Club, today announced that the regular monthly meeting of the group would be held on Thursday evening, January 24, in the basement of the Methodist Church.

"This will be the first meeting of the new year and will be of interest to all," Henderson said in announcing the date.

The National Safety Council has estimated Dallas population 337,200.

TO OUT-OF-TOWN SUBSCRIBERS

Under new policy, a charge of 10c is made for change of address. Please include this when you notify us of such change. Otherwise, The Tribune will not be forwarded to new addresses.

BUYS NEW MEXICO FARM

W. R. Noble, who has been farming up near Friona, was here the latter part of last week, moving the last of his belongings to a full section farm he recently purchased near Floyd, N. M., northwest of Portales. Noble said that last year was not the first time he had failed to make a crop, "but it was the first time I ever failed to even plant one," he added.

Community Hospital Shows Progress

Miss Lora Mae McFarland, secretary of the Parker County Community Hospital, reports the following progress being made on the Community Hospital project:

The membership in the Parker County Community Hospital continues to grow with out any special effort to sell. The members now number 477. Due to the fact that there has been cold weather, and a great deal of sickness, and the men so busy no sales teams have gone out in five or six weeks.

The Directors are giving much thought and time to the problems of the Hospital. Last week they made a trip into Oklahoma to inspect some hospitals, and were accompanied by the architect. He has started some plans for out hospital, much work being necessary before definite decisions can be made concerning the size, type, and etc.

This week the men will attend a meeting at Hale Center to hear discussed the problems of the Community Hospitals. No doubt this will be interesting and very worthwhile as the main speakers are Mr. Eugene Butler and Mr. Frank Boutwell. Both of these men have done a great deal to try to bring about a better health facility in rural areas. It is hoped that a doctor will be on the field soon, a problem that is receiving much attention. The Directors are really doing some fine work, though most of it has results that are invisible thus far. Patience and determination are necessary in the development of such a project. No decisions can be made hastily.

TO VISIT HERE

A. L. Smith and W. N. Williamson, both of the Experimental Station at College Station, will be visitors in this county today (Wednesday), County Agent Lee McElroy reports. McElroy said he had not been informed in advance of the purpose of the visit, "unless it is to check on wheat poisoning reported here."

The State Line Tribune

ISSUED EVERY THURSDAY

Per Year \$1.50

W. H. GRAHAM, Editor and Owner

Entered as a second class mail matter at Farwell, Texas, under the Act of March 3, 1879.

OUR PLEDGE

We pledge allegiance to the Flag of the United States, and to the Republic for which it stands; One Nation, indivisible, with Liberty and Justice for all.

POLITICAL ANNOUNCEMENTS

The State Line Tribune is authorized to make the following political announcements, subject to the action of the Democratic primary election in July:

- For District Attorney: FLOYD H. RICHARDS
- For Sheriff-Assessor-Collector: EARL BOOTH (Re-election)
- County Commissioner, Pct. 4: W. S. MENELEE (Re-election)
- For State Representative: J. W. JENNINGS

High School Press To Meet At Canyon

CANYON — Outstanding high school journalists will direct affairs of the Panhandle High School Press Association this year, according to an announcement made at headquarters of the organization.

Three of the officers are editors of their school papers: Patsia Northcutt of Amarillo, president; Anna Merle Cox of Pampa, vice president; Jo Ella Hussey of White Deer, secretary. The treasurer, Alvin Jennings of Canyon, is an executive of the yearbook at West Texas high school.

These officers were elected by a mail vote, inasmuch as the organization's convention plans in 1945 were canceled by ODT regulations. This year a convention will be held at Canyon in the spring. The association has its permanent headquarters at WT, where Olin E. Hinkle, director of journalism, is the general sponsor. Its history dates back to 1934.

The REA uses about three million line poles every year.

January-March Meat Supply For Civilians

COLLEGE STATION — United States civilians should find more meat in the butcher shops during the first quarter of 1946 than they did in the same three months one year ago, but the supply will not be more plentiful than it was in the closing quarters of 1945.

According to a statement from PMA, received here, allocations of meat for civilians January through March "is virtually the same as that in the final quarter of 1945." But it is 18 pounds greater, measured on an annual per capita basis, than in the first quarter of 1945.

The statement said that 5,003,400,000 pounds, carcass weight, of the estimated 5,970,300,000 pounds allocated for all purposes was designated for civilians. This would provide for consumption at an annual average rate of about 150 lbs. per person. To keep within this poundage, however, it may be necessary that some meat eaters tighten their belts. The report said that in recent weeks civilians have been consuming meat at an average annual per capita rate of about 165 pounds.

The PMA report forecasts that civilians will receive more pork than during the last quarter of 1945 about the same amount of lamb and mutton, but less beef and veal. Although the 1945 spring hog crop now going to market is seven per cent smaller than in the previous spring, peak marketings seem likely to occur in January and the animals will be of heavier weight than a year ago.

An optimistic note may be read into the outlook for meat supplies this year. PMA's statement first points out that the allocation for military and war services for the first quarter of 1946 is only 36 per cent of the amount earmarked for that purpose in the same period one year ago. Secondly, that the total meat production in 1946 is estimated at about 800,000,000 pounds greater than in 1945.

Marketings of beef cattle are expected to continue large, and pork production should be moderately larger than in 1945, the statement said. Output of lamb and mutton, however, will be reduced in accordance with a decline in sheep numbers in the year just ended.

Corn with a kernel moisture content of 25 to 30 per cent is likely to spoil in the crib.

FOR SALE—3 bedroom home, east Farwell. See Marty Ezell, REA office, Muleshoe, Tex. 8-tfc

If interested in a business or business building, come see what I have listed. S. C. Hunter, Texico. 52-tfc

Listings needed. C. L. White and Co., 515 Amarillo Building, Amarillo. C. E. Callahan, Agent, Friona Texas. 10-1tp

New Stadium Planned For Texas Tech

LUBBOCK—Satisfactory progress is being made in the campaign for funds to build a new \$300,000 stadium at Texas Tech, officials in charge have announced.

Spencer Wells, chairman of the Lubbock Chamber of Commerce campaign committee, said solicitation principally has been confined to persons asked to give \$1,000 or more in this phase of the program has already raised over \$46,000. He said further work was expected to swell the total.

Meantime, Jason O. Gordon, president of the Lubbock County Extension association, announced major progress in a drive for funds among alumni and former students. Several checks have been received.

"It is thought every alumni of Texas Tech will want to help in erecting this new stadium and will be happy for the opportunity. The new stadium is badly needed and should go a long way toward bringing greater recognition of rapidly growing Tech," Gordon said.

He asked that anyone wishing to contribute send checks to Texas Technological College Foundation, Box 96, Tech station, Lubbock.

The \$300,000 stadium will be named Clifford and Aubrey Jones Memorial Stadium in honor of Clifford B. Jones, president emeritus, and his wife. Dr. Jones underwrote \$100,000 in bonds for the structure and told directors the principal in that amount eventually would be given Tech. Directors pledged \$50,000 and the drive for funds of the Lubbock Chamber of Commerce and alumni seeks \$150,000 more.

SANTA FE CARLOADINGS

The Santa Fe System carloadings for the week ending January 12, 1946, were 24,560 compared with 24,776 for same week in 1945. Cars received from connections totaled 9,258, compared with 12,429 for same week in 1945. Total cars moved were 33,818 compared with 37,205 for same week in 1945. Santa Fe handled a total of 28,744 cars in the preceding week.

May Win Award

Movie critics are hailing "The Bells of St. Mary's" as a possible Academy award winner for 1945. Above photograph from November Cosmopolitan magazine shows Ingrid Bergman, Bing Crosby and Joan Carroll in one of the scenes from the picture.

Use DDT For Control Of Rats And Fleas

AUSTIN—Rats from the farmers' barn can carry typhus-bearing fleas as can cats and dogs, state health department officials reported recently at a meeting of the Sanitary Engineering and Public Health Council of Texas, in a session at the University of Texas.

Dusting rat-infested buildings with DDT, then using the new 1080 poisoning a week later has proved very effective in programs now being carried on by the state department. Dr. J. V. Irons, sanitary engineer, said.

Fly control by the use of DDT was also discussed at the conference and improved methods of rat-proofing, trapping and using fumigants were discussed as necessary researches.

For a sweet that isn't sugar-sweet, Westinghouse home economists suggests serving halved grapefruit spread lightly with honey and broiled for a minute or two. Top, if desired, with a maraschino cherry.

Machinery Delivered To Texas U.

AUSTIN—The University of Texas was \$500,000 richer in machinery and equipment this week, with the acquisition of government machinery from the Mabry Ordnance Shop in Austin.

Transfer of the equipment culminated negotiations between J. Neils Thompson, University coordinator of surplus property acquisition and Army officials.

The equipment ranges from hammers, chisels and screwdrivers to lathes, drill presses, piston grinding machines, air compressor, and crankshaft grinders. Much of it will be used to replace obsolete machinery in the mechanical engineering department, Thompson said, but many items are also suitable for use in other shops on the campus.

BAKING SODA DOES IT
To remove brown stains from teacups, wipe with a little baking soda on a damp cloth. Wash in soapy water, rinse and dry.

The Yucca

BOVINA HIGH SCHOOL

SENIOR

The class as yet haven't selected their play. A suitable one with the necessary number of characters hasn't been found. Our rings are to be here sometime about the middle of February. We are anxiously awaiting their arrival. The class has turned in their ballot for the school officers.

JUNIOR

The class seems to be slipping—not a party this year—so far. The class is enjoying geometry immensely as the groans from the Math room during the 3rd period can plainly verify.

SOPHOMORE

The class presented the assembly program last Wed. Jan. 9th with the help of Mrs. Sheets, our sponsor. There was a reading by Bobby Kelly, a song—"Sentimental Journey" by Vanita Smith, Rosa Lee Denney, Louise Moody, and Bettie Alverson. The concluding number was a play "Homework" with Billy Hart, Earlene Wilkerson, Robert Hopingardener, Thomas Rhodes, Shelby Jerisig and Bettie Alverson.

FRESHMEN

The class is working up two plays for the assembly program. As yet, a sponsor for this class has not been found. Keep your chin up ole kids—

SCHOOL HAPPENINGS

Mr. Cherry attended a Superintendents Meeting last week at Austin. He reported a very nice trip.

Lots of plans are being made for the coming of the Glee Club recital. This promises to be one of the outstanding programs of the year.

The school seems to be having a siege of the mumps. Quite a few students have been absent due to this.

Miss Donna Brito, graduate of the '44-'45 Senior Class was married last Thursday, January 10, 1946. We wish the couple a very successful and happy marriage.

Mid-term exams are appearing this week around BHS. There will be plenty of headaches for the students as most of the exams last two periods each!

Election for the school officers are being carried out this week. The Yucca Staff and Student Council officers are to be elected.

The Mustangs will play the Friona Chieftains Friday night, January 18. The game will be at the Bovina High school gym.

The Geometry class sure did like the substitute teacher last week while Mr. Cherry was away. Mr. Standerfer did not spend his opinion as to how he liked the class tho'.

The students who didn't pass the typing test last year are gradually winding up the course. At the present time only three students haven't

The FHT girls had a tea for the completed it. Keep tryin' kids—mothers Thursday, January 10.

This was held for the purpose of making plans for a name for the club. Refreshments of gingerbread and spiced tea were served by the Freshmen girls.

The Basketball boys and girls were defeated by the Lazbuddy squads last Tuesday night. The girls score was 9-23. The boys score was 23-28.

The following students entered grade school here within the last two weeks. We are very happy to welcome them to BHS: Danny 4th grade, Owne Burnett, 6th grade, Lavelle Pounds, 7th grade, Jerry Pounds, 8th grade.

Bovina Happenings

W. O. Cherry has returned from a superintendent's meeting in Austin, which he attended this week.

Mr. and Mrs. Odis White were Muleshoe visitors, Tuesday.

Mr. and Mrs. Hurston Battey are moving to their new home in Lubbock this week, where Hurston will enter Tech the next semester.

Mr. and Mrs. T. P. Price and daughter, of Altus, Okla., are visiting his parents, Rev. and Mrs. Price, here this week.

Mr. and Mrs. R. M. Gaines and Charlene King visited relatives in Dallas the past two weeks.

Mr. and Mrs. Chester Vaughn and granddaughter, of Clovis, visited in the Ezra Englant home Thursday.

Rev. Spiegel was in Bovina, last Thursday.

Mrs. Hoffer and children visited relatives in Happy, Tex., over the weekend.

Coxwain Wilfred Quickel, of the Navy, is home on a short furlough.

Mr. and Mrs. C. R. Howard Jr., Jim Bob Smart and niece and Waldon Jefferson were guests in the Hubert Ellison home, Sunday.

Eula Hopingardner of Clovis, spent the weekend with her parents, the T. J. Hopingardners.

Mr. and Mrs. Tom Griffith and Mr. and Mrs. Roy B. Ezell spent Sunday in the Gene Ezell home.

Gene Ezell left Sunday night for Fort Bliss, after spending a week here with his family. He will await his discharge.

Dorothy Blalock was a Friona visitor Friday and Saturday.

Guests in the Elman Stark home Sunday were Mr. and Mrs. L. H. Pesch, Mr. and Mrs. I. W. Quickel,

Mr. and Mrs. Wilfred Quickel and son and Mr. and Mrs. Thornton and Iris, of Farwell; and Aurora and daughter.

Mr. and Mrs. Bill Eberting were visitors in Portales, Sunday.

Jerry Whitehurst is visiting her grandmother in California for a few weeks.

Warrant Officer Lee E. Rhodes visited his mother over the weekend. He is due to be discharged from the Air Force in April.

Clifford Smith is working at the Consumer Station this week in the absence of Mr. Moody.

Mr. and Mrs. Carol Steelman and children visited in Bovina, Sunday. J. W. Ashcraft has returned from Denver, where he has been visiting his brother, Floyd, and wife.

Mr. and Mrs. Nelson Pierce and Billie, from Booker, were visiting friends in Bovina, Saturday night.

Another local boy among the discharges: J. T. Hammonds is home.

Mr. and Mrs. Elmer Venable moved this week to their home, formerly owned by Vernon Estes.

Mrs. L. V. Shroyer left Monday for an extended visit with her children in Phoenix and Avondale, Ariz.

Vadys Carson and Mrs. T. G. Hudson have purchased the cafe formerly owned by Ray Staples.

Mr. Moody is spending several days in Dallas this week, visiting relatives.

Roy Hawkins was taken to the hospital for treatment, but returned home that evening. He is some improved at this time.

Charles W. Robards, recently discharged from the Navy, was a guest of Miss Kathryn Robards, Wednesday.

Mr. and Mrs. C. H. Jefferson were Friona visitors, Sunday.

Mr. and Mrs. Luther Johnson and children spent the weekend in Andarko, Okla., with relatives.

SURPRISE PARTY GIVEN

Miss Gerry Niece was honored with a surprise birthday party, given in the home of Miss Kathryn Robards and Miss Jean Inness, on Monday night, January 7.

Those present included Waldon Queen, Jr., the hostesses, Denzil Eberting and the honoree.

After several games, refreshments of birthday cake and hot chocolate were served.

FHT HELD FRIDAY

On Friday January 11, the FHT girls gave a tea for their mothers, from 2 to 4 o'clock. Plans for the recreation club house were brought before the group for consideration. Gingerbread and spiced tea was served by the freshman girls to a number of mothers.

WEDDING RITES READ FOR BOVINA COUPLE

Miss Donna Brito became the bride of Romelo L. Cervantez, on Thursday morning at 11 o'clock, in a very impressive ceremony, held in the Catholic Church. Vows were spoken by the officiating Father.

The nuptials were performed before an improvised altar made beautiful with an arrangement of chrysanthemums. Behind the altar were glowing tapers in numerous candlelabra. The ring service was used.

The bride was dressed in a beautiful white gown with short train and carried a white corsage. She was given in marriage by her father. Attendants to the bride were dressed in pink and blue.

Immediately after the ceremony a reception was held in the home of

New...Fast Rising!
KEEPS FOR WEEKS!

MAKES DELICIOUS BREAD IN JUST A FEW HOURS!

IF YOU BAKE AT HOME—worry about spoiling dough with weak yeast. New Fast Rising Fleischmann's stays full-strength for weeks on your pantry shelf—as potent . . . as fast-acting as the day you bought it.

Get New Fast Rising Fleischmann's from your grocer. Always keep a supply handy!

And you can bake any time—no more being "caught short" without yeast in the house—no

Just dissolve New Fast Rising Dry Yeast according to directions on the package. It's ready for action in a few minutes.

her parents, attended by a large number of relatives and friends.

MRS. PESCH HOSTESS TO LOCAL WSCS

Ladies of the WSCS of the Methodist Church met in the home of Mrs. Louis Pesch, Wednesday, with a covered dish luncheon being served at noon.

The afternoon's study lesson was on China.

Those attending were Mesdames Frank Wilson, John Wilson, Newberry, Hopingardner, Bridges, Clar-

ence Jones, Quickel, Trostle, Ware, Charles and the hostess.

VISITS FRIENDS HERE

Capt. and Mrs. Jimmie Cobb and son were guests Monday in the home of Mr. and Mrs. Ollie Williams, in Farwell. Capt. Cobb, formerly stationed at Clovis, lived in Farwell before his overseas assignment. He has spent the past several months flying supplies over the Hump, and to American prisoners, being based on Tinian Island in the Pacific. The Cobbs are from Florida, and were

enroute to Roswell, where he has been assigned after re-enlisting.

CARD OF THANKS

We want to thank our friends and neighbors for the many expressions of kindness and sympathy shown us attending the death of our beloved father and grandfather.

The Family of W. W. Caldwell

We've never heard of a woman yet who told a man she loved him, until he squeezed it out of her.

"YES-IT'S EASY AS THAT!"

I thought the old boy was fooling when he told me how easy and simple it was to cook electrically, but I found out! My new electric range is a wonder. It cooks automatically—while I'm away from home—and everything is done to a turn because of the slow, even heat.

It won't be long now until you will be able to buy a new electric range for your home. Ask your dealer how long it will be. Place your order now.

Texas Crop Values Show Decline in '45

COLLEGE STATION—A decline of about 18 per cent in the value of Texas' 1945 farm crops compared with the total for 1944 registered the first check in the successive upswing for the past five years.

The comparative figures, assembled by the BAE, Austin, give the preliminary total for 1945 as \$754,914,000 against the revised estimates of \$916,346,000 for 1944. The BAE cautions, however, that these farm value computations, based upon estimates of production and season average prices, should not be confused with cash income figures that represent returns from only that portion of the crop which is sold.

Broadly, the decline may be attributed largely to the failure of Nature to cooperate as well in 1945 as in preceding years. But the BAE is more literal in ascribing it as "due mainly to smaller production of cotton, sorghum for grain, and wheat". However, excessive rain at planting time in east Texas and drought in the western portion of the state delayed getting seed cotton into the ground or caused abandonment of prospective acreage. After a very promising fall and winter growing season, wheat deteriorated rapidly under dry, hot weather as it approached maturity, while the expected volume of sorghum for grain shrank under similar conditions.

As a consequence, the BAE report said, these major crops valued at about \$366,000,000 compared with \$507,000,000 in 1944, account for a large part of the total decreases in value in all crops. The combined value of cotton lint and cottonseed production in 1945, estimated at \$233,000,000, was about \$87,000,000, or 27 percent less than in 1944. Value of wheat production while dropping from nearly \$100,000,000 for the record 1944 crop to about \$61,000,000 this year, still was much above the level of any

other year since the high-priced crop of 1919. Sorghum for grain was valued at \$72,000,000, compared to the record total of \$87,000,000 for the 1944 crop and \$79,000,000 for 1943. Corn, the fourth major crop, declined \$4,741,000 in value below 1944.

The BAE points out that the price level as a whole was little different in 1945 from the preceding year and price changes of individual commodities mostly were small.

He's a considerable room mate to protect your suit.

Health Notes

By Texas Department of Health

AUSTIN—According to Dr. Geo. W. Cox, State Health Officer, pneumonia caused over 1,934 deaths during the first ten months of the past year in Texas, a reduction over the previous year, but still too high. It is more prevalent during the winter and spring months.

Pneumonia is usually caused by a germ caused the pneumococcus, which many of us have lurking in our throats ready to start trouble when our resistance to it is lowered. We can keep up our resistance by avoiding undue fatigue and unnecessary exposure to extreme weather conditions. When we go out into

the cold, additional wraps should be worn, sufficient to protect us. Keeping the temperature of our homes as low as is consistent with comfort will greatly lessen the difficulties encountered in adjusting ourselves to the cold when we go out.

Another method of prevention in pneumonia is not to neglect a cold, for the common cold often results in pneumonia when neglected. A person with a severe cold should stay at home, and call his physician for advice if temperature persists or the cold lingers on. He should follow his physician's advice until the cold has disappeared.

The successful treatment of a pneumonia case often depends upon starting treatment very early. That is why a physician should be called at once when pneumonia is suspected. A patient may really have beginning pneumonia when he thinks it is only a cold. If the physician's advice is sought, he will have an opportunity to start treatment early if pneumonia occurs in such cases.

TRY THIS ON PACKAGES

Slightly dampen the string before tying up mail-bound packages and there's less chance of it working loose in transit because, as Mrs. Julia Kiene, director of the Westinghouse Home Economics Institute, explains, the string shrinks a little as it dries.

PTA Holds Meeting On Thursday Night

One of the most interesting programs of the year was presented to the Farwell Parent-Teacher Association, last Thursday evening, at the regular meeting.

Mrs. H. A. Clift opened the discussion of the evening by giving her report on the state-wide convention, held shortly before the Christmas holidays. In making her report, Mrs. Clift touched on every highlight of the convention.

Carrying out the theme of the year, "Building for the Future", Rev. Virgil Hunton, of the local Baptist Church, spoke on "Religion and Our Children".

During the business meeting, it was voted to feed the McMurry Chanters at lunch, next Wednesday, as the group appears at the school in special program that morning.

Ways and means of raising money to finance the purchase of playground equipment for the school was taken up. Earlier, it had been thought that the equipment could be paid for via cafeteria funds, but the state department has advised local officials that money received as state aid for the cafeteria can only be used for the lunch room.

Visits Friends Here

Capt. and Mrs. Jimmie Cobb and son were guests Monday in the home of Mr. and Mrs. Ollie Williams, in Farwell. Capt. Cobb, formerly stationed at Clovis, lived in Farwell before his overseas assignment. He has spent the past several months flying supplies over the Hump, and to American prisoners, being based on Tinian Island in the Pacific. The Cobbs are from Florida, and were enroute to Roswell, where he has been assigned after re-enlisting.

Returns Home

Mrs. Anne Overstreet returned to her home here Monday night from South Orange, N. J., where she attended the wedding rites of Lt. Norman D. Glickman to Mrs. Emily Beal. Mrs. Glickman is the former Emely Minter of this city, and has been teaching school in El Paso the past few years.

Miss Dorothy Paul Weds In Florida

Miss Dorothy Paul, daughter of Mr. and Mrs. Rupert Paul of Texico, was quietly married on December 24 to Harry Hallman, of Pierson, Florida.

Mrs. Hallman was a junior at the College of Pharmacy at the University of Colorado in Boulder. She had attended Benson School of Commerce in Clovis, and was employed in the teletype office at the Clovis air base. Previously, she worked here for the Santa Fe railroad.

A veteran, Mr. Hallman has just returned from 27 months of overseas duty. He is the son of Mr. and Mrs. H. V. Hallman of Pierson, Florida.

Mr. and Mrs. Warren Dagler and Mrs. H. A. Pickard, who has been visiting in the S. E. Morris home, plan to depart the latter part of the week for their home in Cheko, Calif. The Daglers have just returned from a visit to relatives in Indiana, while Mrs. Pickard, Mrs. Morris' mother, remained here during their absence.

Mr. and Mrs. S. E. Morris and house guests were visitors in the R. L. Kimbrough home, in the Lazbuddy community, Sunday

Miss Jaquetta Strickland arrived home Sunday for a two weeks visit with her parents, Mr. and Mrs. Ralph Humble. She is taking a training course in nursing at Houston.

Mr. and Mrs. James R. Ford announce the arrival of a son on Tuesday of this week, January 15.

McMurry Chanters To Visit Local School

The McMurry Chanters from McMurry College, Abilene, will be presented in concert at the Farwell school auditorium next Wednesday, January 23rd, at 10 a. m.

This group, a girls' chorus, has been chosen to represent the entire Chanter group for the tour. Many of them have traveled rather extensively with Chanter groups.

The purpose of the tour is one of good will for the college, and for the inspiration of the students.

The Chanters, in years past, have traveled over West Texas and New Mexico, presenting concerts in high schools and churches. They have previously appeared locally, and have been well received by music lovers.

This year, the Chanter groups have already been responsible for about 75 programs, including several weekend trips, a performance of The Messiah at Christmas time, several programs at the meeting of The Northwest Texas Conference, and many local engagements.

Gypsy Ted Sullivan Wylie, head of the fine arts department of McMurry, is director of the group. Louise Speigelmire is the accompanist.

EXPRESSION OF THANKS

We want to express our deepest appreciation to the fine people in and around Bovina, during the long illness and slow recovery of my mother, Mrs. Ella Beal. In each letter she tells me of the kind deeds and loving thoughts which so many have shown her. May we ask that God's eternal love be with the Baptist pastor and family, and each one of you.

Mrs. Onetia Pace and family, Colton, Calif.

Mr. and Mrs. Jess Newton, Francis King, and son Bobby, spent last weekend in Amarillo visiting Mr. and Mrs. Orville London.

Dial 2131 for expert job printing.

KARL'S AUTO CLINIC
Farwell, Texas

Discharges Filed In Clerk's Office

S-Sgt. Parker O. Burford, of the 596th Signal Automatic Weapons Battery, was discharged at Fort Bliss on January 4th, following 9 months in the Pacific. He holds the R-P ribbon with two stars—Southern Philippines and Western Pacific—the American theatre, Philippine liberation, good conduct and victory colors. He spent 37 months in the States.

On December 13, Pvt. Glenn E. Sparkman was released from the 157th Infantry at Camp Chaffee, Ark. Sparkman has the combat infantry badge, and on his EAME ribbon wears campaign stars of Naples-Foggia, Rome-Arno, Southern France, the Rhineland and Central Europe, in addition to a bronze invasion arrowhead. He has the Purple Heart, for wounds received in the European theatre on Sept. 23, 1944; and also holds the good conduct and victory medals. In service 29 months, he spent two years overseas.

Having spent 22 months overseas, T-5th Eugene F. Southall, of the 196th Field Artillery, was discharged at Fort Sam Houston on December 26. He served in the campaigns of Normandy, Northern France, the Ardennes, Rhineland and Central Europe. Colors include the EAME, good conduct and victory ribbons. Southall was in the States eight months before overseas duty.

Pvt. Albert M. Kriegel was relieved from the 1718th Ordnance at McCloskey General Hospital, in Temple, on January 8th, after 23 months overseas and 11 months in the States. He has the EAME ribbon with the Rhineland campaign star, the good conduct and victory medals.

Winding up three years and 11 months in uniform, Col. W. C. Williams was discharged at Randolph Field on January 5th. He is entitled to the American theatre, victory and good conduct ribbons.

On January 7th, Cpl. Herman H. Henson was discharged at Fort Sam Houston. Henson, who spent five months in the States before shipping, holds the Northern Apennines, and Po Valley campaign stars on his EAME ribbon, and also wears the victory medal and good conduct ribbon. He was out of the States for 14 months.

Cpl. Medford W. Stowers, of the 152nd medical dispensary unit, was discharged at Fort Sam Houston on January 8th after spending 23 months overseas. His EAME ribbon bears one bronze campaign star—Rome-Arno; and in addition he has the American theatre, good conduct and victory ribbons. He was in service for a total of 35 months.

Cpl. Clark Walling was released at Randolph Field on December 2, holding the American theatre, good conduct and victory ribbons. He was in uniform 43 months.

Pharmacist Mat 1-c DeVere Knox Roberts, Jr., received his Navy discharge last September 29th, at Shelton, Virginia.

The 1945 cranberry supply was about double that of 1944.

Take First Conference Game Over Adrian

The Farwell Steers went into the winning column in conference cage matches last Friday night, when they took their first conference victory of the year from Adrian. The game, played on the local court, saw a final count of 35-25.

Starting off fairly evenly, Farwell soon leaped out ahead and at one time held a superior 20-point lead. Subs on the Farwell string saw action a good portion of the latter part of the game, keeping just far enough ahead of Adrian to keep the visitors scrambling.

Youngblood, of Adrian, was the star of that team, and the high scoring individual of the evening, taking 12 points in all. His running mate, Morgan, came up with 6.

For Farwell, Williams and Thomas knotted it at 9-all for scoring placements, with Ford hot on the trail, having 8 points.

Losses continue to dog the footsteps of the Farwell girls, who went down to Adrian the same night by 23-33.

The girls hit their speed early in the game and snatched a brief lead, but Hamnawk of Adrian was not to be stopped, and finally clinched the match by scoring 17 points.

Loss of Brown and Meeks from the Farwell lineup, via fouls, did nothing to help the locals in the closing minutes of the game. Ford high-pointed Farwell, with 6.

DORM CAPACITY DOUBLED FOR TECH STUDENTS

LUBBOCK—Dormitory capacity of Texas Technological College will be more than doubled as the result of the most recent action of directors of the college.

The directors unanimously voted at their January meeting to modify a plan adopted in December, so that two new dormitories for men will be erected, along with a double unit for women. The original plan was for one additional men's housing unit and the double unit for women. The action will provide space for 1,380 students, in addition to present facilities for 1,280, to give a total of 2,660.

Financing of the new construction, to cost \$3,124,000, has been perfected, it was said. Directors said they hoped the new buildings would be completed by next fall.

Because of pressure of GI student enrollments, the board of director voted to press its application for use of Lubbock AAF, including its housing facilities, equipment and furniture, to provide living quarters for returned veterans and their families. The field was closed Jan. 1.

Hot Contests Held By Texico Teams

Texico was downed by the Melrose Seniors, last Friday night, but the boys staged a measure of revenge on the following night, when they defeated the strong Grady team. The Texico girls, also meeting Grady, fought it down the line to a tie, in one of the snappiest games of the season.

In the game with the Melrose senior boys, Melrose held a slight edge throughout, although the game could have favored either team. Final tally for the round was 43-36, with Gant, of Melrose, leading the scoring by a total of 17. Johnson, center for Texico, grabbed five field goals in the last half, and added a free pitch to take scoring honors.

The "B" squad went out ahead for Texico and wound up on the long end of a 20-10 count. May had 10 points to lead Texico, while Brady scored 5 for Melrose.

The girls' game was the highlight of the Grady contests, and went almost point-for-point throughout, ending in a 26-26 tie.

Flye, of Texico, was out ahead in the scoring division, having seven field goals and eight free shots to tally 22, while Daniels, of Grady, came in with 18 points. Neither defense was able to halt the scoring attack of these two players.

Scoring in the boys' game was also tight during the four periods. Texico held a 12-11 lead at the end of the third quarter, and showed their hand in the final eight minutes by scoring a point a minute while Grady took three. Final score was 20-14.

Fought, Texico forward, took a quartet of two-pointers, while W. Frasier counted up eight points for Grady with baskets and free tosses.

TAKES OVER DUTIES

DENTON—Dr. Florence I. Scoular, director of home economics and nutrition at North Texas State, took over her new duties as the 1946 chairman of the Texas State Nutrition Council Thursday, at the annual meeting of the group in Fort Worth. Dr. Scoular succeeded Dr. Jet Winters, professor of nutrition at the University of Texas.

The new state chairman, listed in the 1943 edition of Amirecan Men of Science, has been head of the School of Home Economics at North Texas since 1938, coming to the college from Eastern Illinois State Teachers College, where she was professor and director of home economics.

PATTON'S FAITHFUL FRIEND . . . The saddest dog in the entire European theatre of operations is "Willie," the late Gen. George S. Patton's pet bull terrier. "Willie," shown here lying beside his late master's personal belongings, misses the general, whose passing has deeply affected the dog's once active and lively spirit. "Willie" was ever at Patton's side during the 3rd army drive into Germany.

Farwell Meets Stiff Opposition, Tuesday

In two games that are slated to be the roughest of the current season, so far as pre-game dope can be relied upon, the Farwell boys and girls journey to Lazbuddy next Tuesday night, January 22nd.

The Lazbuddy boys, showing improvement with every game this year, racked up two more wins last week, it is reported here, trouncing Bovina and Oklahoma Lane. Both of these teams, it will be remembered, handed Farwell defeats earlier in the season, which puts the locals slightly in the underdog class for the coming fray.

The Lazbuddy and Friona girls, admittedly the two best teams in the county, have fought it out with one each so far this year, and thus the shadow of defeat looms over Farwell girls when they suit out next week.

The local boys have shown some improvement since early games, and are slated to be in fair shape to contact Lazbuddy, but the odds this week favored the host teams of the evening to take both matches.

Elliott Likes Job, But Wants To Come Home

Mr. and Mrs. C. R. Elliott of Bovina, recently received the following letter from their son, Bass, who is now with the U. S. Occupation Forces in Germany:

Outside the wind from the North Sea is making Bremen a very cold city. For the past week I've done nothing but sleep, eat, read and attend to details on getting signed up with Bremen Post Command.

On Jan. 7 Lt. Burke and I will take two empty trains to Flensburg on the German-Denmark border. On the 8th Burke will return to Bremen, and I will come back on the 11th, each of us with a train load of GI's returning from furloughs in Denmark, so half of our time will be spent in Denmark and half in Bremen.

I am told that in Denmark a fellow can get all the fresh eggs, milk, meat, etc., that he wants. A good deal! We ride the trains to see that no unauthorized people ride it and see there are no breeches of discipline.

Some day I hope to get over to Copenhagen, the capital of Denmark. Some officers down at headquarters want us to bring back cheese, rings, glassware, etc. I'm telling you, I

Prairie Dog Menace Growing In County

Hordes of prairie dogs are reported to be damaging wheat fields in many sections of the county—particularly around Rhea—Agent Lee McElroy reported this week, with farmers anxiously seeking means of exterminating the pests.

Poisoning has been found the most successful in trial cases, the agent said, adding that a large amount of poison grain is already on hand at the local courthouse, and may be obtained at a charge of 8c per pound.

Tests have shown, McElroy explained that the most efficient way to use the poison grain is to place "about a tablespoonful within one foot of the dog hole". He immediately added a caution—the grain is both tempting and deadly to livestock, and if animals are grazing in the field where dog towns are slated for poisoning, the grain should be put inside the dog hole. In fields not populated by stock, the grain may be scattered by hand from a pick-up, he added.

Last year, some 1700 pounds of the poison bait was used in the county, McElroy said, with all farmers reporting a good kill. The grain may be obtained at the local courthouse by contacting the agent or seeing Roy B. Ezell, county treasurer.

have one of the best deals in all Europe, and I just hope it lasts until I can get home.

If you ever get to where you can, I want you to come over here. If the Germans had half that block behind our home, it would be producing vegetables, fruit, hay, etc., instead of weeds and sand. I want you to see the German homes—real homes, sturdy, strong, large. You people pay your taxes and be damned glad you live in the U. S. A.

Time fore evening chow, so I'll get ready, go down town to the most beautiful mess hall I was ever in. I'm well, but would rather be home. Love, Bass.

BAKING TEST

Two pies or cakes will bake as quickly as one if both baking pans are the same size. But from Westinghouse Home Economics Institute comes a reminder that if a 9-inch and an 8-inch pan are put in the oven together, the food in the smaller pan will bake more quickly.

Forty-One Students Apply For Degrees

DENTON—Forty-one North Texas State College students have applied for degrees at the mid-term graduation exercises to be held on the campus Jan. 31 at 8 p. m., according to Dr. B. B. Harris, dean of the college.

Figures reveal that the women candidates for degrees outnumber the men and that more students applied for bachelor of science degrees than for the bachelor of arts.

Twenty-one women and 12 men students have applied for degrees, with one in absentia in each sex. Ten candidates are applying for the bachelor of arts and two have applied for the bachelor of music degree. One is listed for the bachelor of science in library service and 23 for the bachelor of science degree in general education.

POPULAR VEGETABLES

COLLEGE STATION—Tomatoes and sweet corn are the two most popular canned vegetables of all the many found on grocery shelves today. The two vegetables together make up three-fourths of the total tonnage grown for canning.

During the war the canning of green beans and snap beans increased greatly because of military needs and a heavier civilian demand. Nevertheless, the regular favorites—tomatoes and corn—continued to hold the lead in production.

While Texas is far down the line in total commercial pack of these two vegetables, J. F. Rosborough, horticulturist of the Extension Service, pointed out that the state leads in commercial canning of many specialty packs, such as sweet potatoes, black eyed peas and cream peas.
